

BILL TO CHECK SOCIAL EVIL IS NOW DISCUSSED

Measure Similar to Iowa Anti-"Red Light" Law Favored By Welfare Workers

Social welfare and charity workers gathered at the Library of Hawaii this afternoon are expected to discuss the passage of a bill by the next legislature providing the "abatement" method of fighting commercial vice in Honolulu.

The proposed bill is similar to the Iowa "red light" injunction bill passed to root out houses of ill fame and in line with a bill passed by Congress for the District of Columbia. A statement made today by a well-known social worker was that if such a bill was passed in Honolulu the segregated district would, after a time, be wiped out as it would give the individual property owner greater power to enter complaints against houses of ill fame.

"It would do away with vice in Hawaii," the worker added, "clandestine vice, at least. The forces of Honolulu which have been working against the segregated district intend to eliminate clandestine vice by further upholding the morals of both men and women. When the commercialized vice is eliminated, you have eliminated white slavery. White slavery exists only where there is a profit in the business."

Dr. John W. Wadman, superintendent of the Anti-Saloon league, who recently urged that steps be taken to protect the influx of notorious women into Honolulu, says that he cannot forecast the results of the passage of an injunction law.

"As it is now, there is no law protecting (vice)," he said. "There is no law authorizing the police to protect it. The local police could break up the place today if they wanted to. So could the federal authorities. The latter claim that they cannot touch it unless they have individual cases. Many individual cases, no doubt, could be secured in the police court. It seems to me that (vice) should not exist as far as segregated vice is concerned in Honolulu. At least that's what I've been told."

"I don't think that such a bill would work in Honolulu. If these women were put out of (vice) they could go to certain camps that I know of and 'open shop' and nobody would complain."

A discussion of prison reform was to have been had at today's conference, the idea being to devise a measure, which, if passed, would set a scale of wages for all prisoners, the money going to the support of their families. The necessity of an eye-car, nose and throat inspection in the public schools was another topic on the program for discussion.

JUDGE WHITNEY TO HEAR MOTION IN SMART CASE

Judge Whitney evidently is still uncertain as to the right of counsel for Henry Galliard Smart, the father, to urge the retention of Judge Perry as guardian or any other person nominated by the father. He decided yesterday afternoon that P. W. Milverton and John W. Cathcart, the latter of whom was introduced yesterday as associate counsel on behalf of the father, should present argument at 2 o'clock tomorrow afternoon to show where they enter into the present matter affecting the child's guardianship. At 2 o'clock Friday Attorney Olson and his associates are to present argument for the motion asking that Perry be removed and Olson appointed in his place.

The motion presented by Attorney C. H. Olson of counsel for Richard Smart, the child, asking that Judge Whitney's order of January 12 appointing Judge Antonio Perry guardian ad litem for the child be set aside and that he, Attorney Olson, be appointed to that office, makes the following argument:

That the interests of the petitioner, Henry Galliard Smart, the father, and Richard Smart, the minor, are adverse and conflicting; that Judge Perry was appointed guardian of the minor upon the nomination of the petitioner and therefore the appointment was "improper, invalid and contrary to law."

After presenting the motion yesterday afternoon and following Judge Perry's strenuous objection to its working on the ground that it tended to reflect on his position in the affair, Attorney Olson amended section 2 of the motion, adding, after the statement above quoted, the following qualification:

"Without in any way, however, questioning the integrity of said Antonio Perry, Esq., and having no knowledge of any interest of the said Antonio Perry, Esq., adverse to the said minor."

Will Called Invalid.

The motion then recites the action of Attorney Olson and his conferees in filing a petition on January 11 asking the appointment of an administrator of the Parker-Smart estate, based on the allegation that the document previously filed by counsel for Henry Galliard Smart and alleged by him to be Mrs. Smart's will is "invalid, null and void, and that the said deceased died intestate, and that the said minor is the sole heir at law of the said deceased." It further avers that Attorney Olson represents no persons in the matter other than the minor, Richard Smart, and that his interests in no way conflict with those of the child whose guardian he desires to become.

The motion also cites that "this movant, said Clarence Olson, has within the seven weeks last past become cognizant of and familiar with a large quantity of material evidence from numerous persons relating to and materially bearing upon the question of the validity of the said purported will and testament of the said deceased, and is therefore especially prepared and qualified to represent the said minor in the above entitled matter."

Olson's affidavit, accompanying his motion, practically reiterates the statements of the motion.

SHIPPING AND WATERFRONT NEWS

ROSERIC MAKES A LONG TRIP WITH LIGHTS OUT

Showing no lights and following an unusual course in steaming from the Panama canal zone to Honolulu, the British freighter Roseric, filled with a valuable cargo of more than 6000 tons destined for Japan and China, is at the port today to receive 400 tons of bunker coal.

Captain Robbins White had much praise for the speed with which the Panama canal officials dispose of the through the waterway. The Roseric made good time in leaving the Atlantic for the Pacific. It steamed from New York for the canal on December 18, reaching San Cristobal on December 29.

The Roseric carries a wireless installation, but the officers believed it best not to use it while a possible menace to British shipping existed in the uncharted German cruiser Dresden.

The Roseric is expected to depart for the Far East this afternoon. The presence of several Japanese cruisers in island waters is believed to serve as a guarantee of safety to the British cargo carrier.

FEDERAL COURT NOTES

A return was filed today in the matter of Lee Long, petitioner for a writ of habeas corpus.

The members of the trial jury have been excused until next Monday morning at 8:30 o'clock.

The present criminal calendar shows that there are but 12 cases now awaiting trial in the federal court.

Frederick Kiel, a native of Kiel, Germany, and a seaman by trade, has filed a declaration of intention to become an American citizen.

Adjudication in bankruptcy was today granted to Joseph Leal by Judge Sanford B. Dole, and the case referred to Referee A. Lindsay, Jr. The petition shows Leal's assets to be \$10 and his liabilities \$2743.

United States District Attorney Jeff McCann went to the assistance of Collector of Customs Malcolm A. Franklin for an hour and a half yesterday to help the collector construe certain proclamations issued by President Wilson.

Judge Dole conferred with Marshal J. J. Smiddy today in the matter of new electric light globes for the court-room. Frosted lamps will be installed instead of the garden variety of clear-glass electric which have been used in the past.

Attorney J. Lightfoot, representing the Yokohama Specie Bank, entered an objection yesterday to the granting of an adjudication in bankruptcy to the Hawaiian-Japanese Daily Chronicle. The petitioner has been given until Friday to amend his petition.

The case of Manuel M. Pavao will be up before Judge Sanford B. Dole at 10 o'clock tomorrow morning to be set for re-trial. The first trial resulted in a disagreement. Pavao is charged with a statutory offense, the complaining witness being a deaf and dumb girl.

Another marriage was performed in the office of the federal authorities yesterday when Miss Kameya Kaitama, the wife of Yotaro Morikawa, in the marshal's office. Morikawa was arrested in Hilo, Saturday, and is charged with a statutory offense. The wedding was conducted by Elder Abraham Fernandez, Deputy Marshal Otto Helme acting as best man and Mrs. Edith Strader as bridesmaid. Deputy Marshal Albert Harris gave the bride away.

May Auction Bungalow Wreck.

Lloyd's agents have recommended to the underwriters in London that the remains of the stranded steamer Bengloe on Moynoe Shoal, Philippine Islands, be sold in open auction to the highest bidder. What action the underwriters will take in this matter is not known at present.

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. - "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." - Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

W. M. C. A. TO HOLD 'FATHER AND SON' BANQUET JAN. 29

Judge W. L. Whitney is going to be the guest of honor at the third annual "Father and Son Banquet" to be held at the Y. M. C. A. Friday, January 29. After the supper and program is Cooke hall the fathers and sons are going to fight it out on the indoor diamond up in the big games hall.

For two years the boys have gloriously licked their dads at baseball and are counting on doing the same again this year. The fathers say that this time they are going to run away from their sons so far that the boys will think they have run up against the All-Nationals. One thing is certain, the fathers vs. sons baseball game is going to be a close and exciting one.

The banquet is for older fellows and their fathers. Cooke hall will seat 80. Fathers and sons are urged to make dates with each other at once and phone the Y. M. C. A. to save a place for them.

What the Filipino Y. M. C. A. is doing and what it can further do was outlined last night by A. E. Larimer, secretary of the men's department of the central association, at a meeting of the Filipinos in their mission in Queen street. The meeting was well attended. Music was furnished by the Filipino orchestra. Another meeting has been called for next Tuesday evening.

What is Best For Your Boy and Girl

Now that the Christmas toys and most of the New Year resolutions have been broken and discarded, it is well worth the while of every parent to consider whether breakable, expensive toys are the best form of Christmas remembrance, or whether it would not be far better for the boy or the girl and the parent that a share or two of gilt-edge investment stock, carrying with it a quarterly dividend of \$1.50 would not be a much more desirable gift than anything else. A single share of the First Preferred Stock of Pacific Gas & Electric Company of California may be bought for \$82.50, par value \$100. JOIN FOR PRESERVATION OF QUEEN EMMA HOME

Plans for repairing and preserving the home of the late Queen Emma in what is known as Queen Emma park in Nuuanu valley are materializing through the efforts of the Daughters of Hawaii. Mayor John C. Lane and the members of the board of supervisors have been interested, the former having gone on record as being opposed to allowing the old home to go to ruin. The Outdoor Circle also has taken up the project and suggests that a monument be set up in the park.

A survey of the residence has been made to show the needed repairs and a result of the survey has been given the mayor. It has been found that the walls need patching, that a new lanai should be built and windows and coral steps repaired. Mrs. C. S. Holloway suggests putting in new rafters and covering the home with an iron roofing. An investigation of the premises recently was made by Mayor Lane and the supervisors, which resulted in a decision that the board would see to the maintenance of the park and the preservation of the home.

The shark hunt Saturday will begin about 8:30 a. m. on one of the Young Bros. launches. The cost will be \$2.50 a person.

The auto-bus for around the island will leave the Promotion Committee rooms at 8 o'clock Sunday morning. The cost, including lunch, will be \$3.50.

The hikers will start Sunday morning at 6:45 from the Promotion Committee rooms and the route will be up Pauoa valley to Mount Olympus and return by Palolo valley to the Kaimuki car line. Each tramp will take his own lunch.

Those wishing to join any of the parties are asked to phone 2345.

GOVERNOR BEGINS WRITING MESSAGE

The governor today began the active preparation of his biennial message to the legislature, which will be presented to the lawmakers when that body convenes on February 17. The territorial executive believes that brevity is the soul of wisdom, as well as wit, and intimates that his opening message to the legislators, while containing suggestions on a large number of subjects of more or less vital importance to Hawaii in general, will be condensed into as few words as possible, approaching as near the tabloid form as he can make it.

He is not ready yet to discuss for publication the various points on which he will dwell. He adheres strictly to the policy that an official communication, no matter to whom addressed, should be read first by the persons for whom it is directly intended. In consequence he may decide to say nothing of the contents of his message until it has been read before the assembled branches of the legislature.

Under a decision of Surrogate Fowler, who holds that Henry Rutherford was a resident of New York, the state will collect a transfer tax of about \$350,000. The estate is valued at \$7,000,000.

Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.—advertisement.

The Western Union Telegraph and Cable Company has decided to abandon its cable station at Manhattan beach and erect a new station at Rockaway beach, seven miles further east on the coast, because of the extensive dredging operation which the government is undertaking at Manhattan beach.
