ELIHU THOMSON NOT SEEN

The Australia sighted the Moana, bound for San Francisco at 1:45 o'clock on the morning of May 5. She was then bound straight for San Francisco. The Australia had been out from that port about twelve hours.

The Moana did not have anything in tow so that it is certain she did not see anything of the disabled Elihu Thomson, although warned by the Senator that she was about five hundred miles from San Francisco and in a certain longitude and latitude.

Evidently the Moana did not go much out of her way for the Thomson, considering her in no immediate danger. If that vessel had remained in about the same position as she was when the Senator found her, the Moana would have picked her up. However, it is pretty certain that the Thomson drifted quite a distance to the southward and out of the way of the Moana.

Of course, the Moana on entering San Francisco would notify the tugboats and they would go out after the Thomson, seeing she was so near the coast at the time of her mishap. Very little anxiety as to her safety is felt here.

Yorktown Men Accounted For.

Washington, May 3.—The following cablegram has been received from Admiral Dewey:

"Manila, May 3.—Secretary of the Navy, Washington: The following are the Yorktown prisoners at the insurgent headquarters at San Isidro: Lieutenant Gillmore, Chief Quartermaster William Walton, Sailmaker's Mate Paul Vandert, Coxswain John Ellsworth, Apprentice (third class) Albert Petersen, Landsman Sylvio Brisolese, Landsman Paul Edwards and Landsman Fred Anderson. Provisions have been sent to them by Otis. Am continuing inquiries as to the fate of the other seven. DEWEY."

IN THE EXECUTIVE COUNCIL

Gear, Lansing & Co., applied to the Government for permission to lay water pipes along the street lines at Kapahulu and Kapiolani Park. The Executive Council has concluded that it is not good public policy to grant privileges to private corporations for laying water mains in public highways. It was understood that the streets in this case are those laid out some years ago by the Lunalilo Estate, which have since, to some extent, been improved by the Government.

Another proposition of Gear, Lansing & Co., which has been rejected, is to exchange a strip of land along the Howland lot, required for the widening of Union street, for a piece of land of 30 acres on the other side of Diamond Head.

A petition for improvement of the trail from Waimano to Waipio, Hamakua, was referred to the local road board.

The Orpheum.

"The Troubles of an Editor" was the leading farce last night. Billy Howard tries to make a financial success of a local morning daily newspaper on an advertising scale of fifty cents an inch and fails. Jim Post happens along from Hilo and buys the outfit, but the legacy of troubles his predecessor has left proves too much, causing James to incontinently flee the scene. The sketch is full of humor. "The Photographic Gallery" is another witty farce, Miss May Ashley showing to great advantage in both pieces.

The Special Treatment.

Mr. and Mrs. Robert Grieve, accompanied by their daughter, Mrs. J. L. McLean, and her children are going away this trip of the Australia to spend a season at the Coast. Mr. McLean goes over with his family but will return in the same steamer. Mr. Grieve goes to obtain special treatment for his eyes.

AN ARMISTICE IN SAMOA.

Although German Consul Again Causes Trouble.

Admiral Kautz Reports Improved Conditions—Stevenson's Old Home Riddled With Bullets—Citizens Not Happy.

Auckland, N. Z., May 4.—Advices received here from Apia, Samoa, to April 25, state that the rebel loss by the shelling of the Mataafan stronghold at Vallima by the warships of Great Britain and the United States was quite heavy. Many of the rebels were wounded. The house in which the late Robert Louis Stevenson lived was riddled with shots.

On April 22 there was a sharp skirmish between the rebels and Lieutenant R. A. Gaunt's brigade near the town of Vallima. In this engagement one Mataafan was killed.

On April 23 there was some bush fighting. Lieutenant Gaunt's brigade numbering 900 men, advanced under a hot fire. The enemy lost several men, the bodies of the dead being dragged away.

The New Zealand Government steamer Tutanekai had arrived at Apia with dispatches announcing the request of the International Commissioners that the inhabitants peacefully await the arrival of Commissioners who are now on their way to the islands from San Francisco. A meeting of the three consuls, in view of this message, was held, but without result, the German consul dissenting from the propositions of the other two consuls.

Admiral Albert Kautz, U. S. N., and Captain Stuart of the British cruiser Tauranga, dispatched a message through a French priest to Mataafa ordering him to withdraw his forces outside of a line ten miles long and six miles broad. Mataafa replied defiantly, refusing to withdraw unless the German consul and the captain of the German cruiser Falke agreed.

Admiral Kautz and Captain Stuart thereupon sent an ultimatum to Mataafa threatening to compel the withdrawal of his forces. In support of this ultimatum a plan of action was decided upon. Lieutenant Gaunt's brigade was strengthened and a heavy gun was landed at Mulinuu and war rockets were got in readiness.

Being informed of these preparations Mataafa made prompt reply, agreeing to withdraw immediately.

On April 25 an important meeting of the king and the chiefs was held. They were informed of the action that had been taken by the British and American naval commanders and gave it general approval.

A majority of the inhabitants are highly dissatisfied with the cessation of hostilities. They say that Mataafa is beaten now and that the trouble would be all ended in a week or ten days were the advantage pushed. The rebels are delighted at the delay, which will give them time to refill cartridge shells and build more forts. It is the general opinion that the islands will be uninhabitable except for Germans and Frenchmen unless Mataafa and the rebel chiefs are severely punished.

It is doubtful if British or American subjects will give much evidence before the International Commission, owing to a fear that to express themselves candidly would interfere with trade relations. For this reason the evidence before the commission is likely to be one-sided.

The statement by the German Minister for Foreign Affairs, Baron Von Buelow, that Mataafa was unanimously elected King, is denounced in Samoa.

Kautz Sends Report.

Washington, May 4.—The following cablegram has been received at the Navy Department from Admiral Kautz:

"Auckland, May 4 (sub-dated Apia, April 27).—Secretary of the Navy, Washington: All is quiet at Apia. Mataafa and his chiefs have agreed to keep outside of the lines prescribed by the British senior officer present, and * * * to * * * until the commission * * * There will be no more fighting. KAUTZ."

The cablegram was mutilated in transmission and in resolving the cipher. Its meaning is plain, however, confirming the press report that a truce has been agreed upon in Samoa and that there will be no more hostilities pending the reaching of a conclusion by the commission now on the way to the islands.

KAMAAINA DEAD.

Horatio Barber died at the Queen's hospital this morning. He was a native of England forty-years of age, and had lived in Honolulu for many years. The cause of death was diabetes. For several years past Mr. Barber had passed most of his time in the hospital, where many old friends of his days of strength paid him kindly attentions.

Mr. Barber was a skilled cook, and filled various positions in the catering line here. Some years ago he started a good class restaurant but did not make it pay. He is well remembered by the veterans of the Honolulu volunteer fire department as a genial and an active comrade. Mr. Barber leaves a native wife and small family.

The funeral takes place at 4 p. m. from the hospital to the Catholic cemetery, Ed. A. Williams being the undertaker.

Hoyt-McKee Company.

The Hoyt-McKee comedy company, that has been expected in Honolulu, arrived in the Australia this morning. The company will play here for two weeks, going to New Zealand, Australia, India and South Africa after that. "A Trip to Chinatown," "A Rag Baby" and "A Stranger in New York" will be given here. The Hoyt-McKee Company consists of the following: Wm. Bernard and wife, Harry Cashman, Harry Connor, Edward G. Cooke, Miss Arlene Crater, Robert Dunbar, Miss Viola F. Gillette, Miss Madelene Lack, Miss Lizzie McCoy, Miss Nellie McCoy, Miss McEvoy, Sam Marion, Miss Helen Merrill, J. B. O'Sullivan, Miss Emma Siegel and Hugh Ward and wife. Edward G. Cooke is the manager of the company, Miss Arlene Carter the leading lady and Harry Connor the comedian.

Atkinson Documents Stopped.

Washington, May 2.—Postmaster General Smith has barred the pamphlets of the Anti Imperialistic League from the mails going to the Philippines. His action was reported to the President and Cabinet at the meeting this morning and was warmly approved. Attorney-General Griggs was of the opinion that Edward Atkinson and his associates were guilty of sedition in distributing screeds calculated to breed mutiny among the American troops and to encourage the Filipinos in their insurrection, but the Cabinet concluded that it would not be good policy to make martyrs of the offenders.

Tournament Has Begun.

The tennis tournament for 1899 has begun. There was a large crowd out to see the initial games at the Pacific Tennis Club courts yesterday afternoon. Beginning at 4:15 o'clock this afternoon, the following games will be played on the P. T. C. courts:

Miss Hoffman and C H W Norton vs. Miss Hart and Charles Elston.

Mrs Gunn and D Howard Hitchcock vs. Miss Dillingham and George Fuller.

As will be seen by the above Miss Hoffmann and C H W Norton and Mrs Gunn and D Howard Hitchcock came off winners in yesterday's contests. The play throughout was enthusiaftic and very good, the ladies ably seconding the efforts of the men.

Mr. Primrose, a cousin of Lord Roseberry, is a through passenger in the Miowera for Vancouver.

NO PEACE FOR FILIPINOS

They Refused Otis' Terms and the Fighting Continues.

General Luna's Forces Routed Again—American Advance Continues Unchecked Although Filipinos Fight Fiercely.

Washington, May 4.—The War Department received the following dispatches today:

Manila, May 4.—Adjutant-General, Washington: Summers, with six battalions of Oregon, Dakota and Third Infantry and a piece of the Utah Light Artillery of Lawton's division, proceeded north this morning to Maasand, crossed the river and charged the enemy in strong entrenchments, driving him northward and inflicting considerable loss. Summer's casualties were two wounded. Both Wheaton and Hale of MacArthur's division found the enemy in force strongly entrenched and commanded by Commander-in-Chief Luna, about four miles south of San Fernando. Hale, on the right, dislodged the enemy, and Wheaton, on the left, leading in person, made a brilliant charge, scattering his forces and inflicting great punishment. Several officers and enlisted men were seriously wounded.

"MacArthur proceeds to San Fernando in the morning. He was delayed by the partial destruction of a bridge across the river. It is not believed the enemy will make another determined stand until he effects a retreat to Mount Aryas, a short distance from San Isidro.

"OTIS."

"Manila, May 4. — Adjutant-General, Washington: Situation as follows: Lawton holds Baliug, captured on the second inst., after a rapid movement from Angat, where he was supplied with a wagon train, pack animals and rations. He has scattered the strongly entrenched enemy to the north and northwestward, capturing large amounts of food supplies, and has his detachments out to the north and eastward. His successful movement was attended with great difficulty, because of the character of the country, rain and heat. He now covers our railway communication and will be supplied from Malolos.

"MacArthur's column concentrated and took up the advance on San Fernando at 6:30 this morning. I do not apprehend sharp resistance on the part of the enemy, who will probably leave the railroad and retire northeasterly, direct to the north of Lawton. The destruction of the railroad near Calumpia necessitates dependence on wagon transportation. The enemy to the south and east of Manila is 9000 strong, opposed by a sufficient force under Ovenshine and Hall. His demonstrations thus far have been properly met by these officers with slight losses.

"Many requests are received from outlying cities for protection against insurgent troops.

OTIS."

Manila, May 4.—5:50 p. m.—It is reported that, impressed by recent events, the Filipinos are wavering in their allegiance to the insurrection and are likely to assume a neutral attitude.

It seems as though General Antonio Luna's forces are destined to destruction within a few days, unless they surrender or scatter. The American army has been skillfully posted at points of immense strategic advantages. The insurgents expected them to advance on Balinag by way of Quingua, and had furrowed the entire country beyond Quingua with the strongest sort of entrenchments.

The Australia brought the news that the Centennial had arrived in San Francisco, thirty-five days from Manila. The Centennial left one of the crew in Nagasaki. He showed signs of having contracted smallpox.

Lutheran Mission Here.

St. Louis, May 4.—The German Evangelical Lutheran synod has accepted the report of the committee on foreign missions and the board of foreign missions was empowered to send two missionaries to India to assist the four already there. Action was taken instructing the California and Oregon districts to investigate the condition of the Germans on the Sandwich Islands, with a view to establishing a mission among them.

Spain Gets $20,000,000.

Washington, May 1—The last move in the negotiations terminating the war with Spain occurred today, when Secretary Hay paid to the French Embassador, M. Cambon, the $20,000,000 provided by the treaty of peace for the cession of the Philippines. The payment was made in four Treasury warrants of $5,000,000 each and was receipted for by M. Cambon as completely liquidating the obligation of the United States in this connection.

General Eagan is Coming.

San Francisco, May 4.—Charles P. Eagan, Commissary-General of the Army during the war with Spain, and who was convicted by a court martial and retired by President McKinley as a result of the "embalmed beef" is at the Palace, en route to Honolulu to join his wife and son. He refused to be interviewed last night, but said that San Francisco would profit more than other city in the country by the policy of expansion.

BRITISH PACIFIC CABLE.

London, May 4.—The report of the Pacific Cable Committee which was issued today shows that the committee has recommended that the proposed cable be opened and operated by the the government interested and that the general direction should be in the hands of a manager in London, under control of a small board upon which the associated governments should be represented.

Gilmore's Party Prisoners.

Washington, May 1.—The following cablegram has been received from Admiral Dewey:

"Manila, April 30.—Secretary of the Navy, Washington: Apparently reliable information, ten of the Yorktown boat crew, including Gilmore, are prisoners at insurgent headquarters. Am continuing investigation. DEWEY."

San Francisco Sugar Stocks.

San Francisco, May 4. — Sugar shares met with a good inquiry, but sales were moderate. Hawaiian Commercial was a fraction easier, and at the close $127.50 was a full figure. Hutchinson closed at $35.25, and a new Stock, Kilauea, was active. Oceanic was firmly held, and at the close $85 was readily obtainable.

THE BREW OF OLYMPUS.

THE "HOFFMAN," corner of Hotel and Nuuanu streets, claims to be the "Banner" resort for gentlemen and holds the flag. L. H. Dee, the proprietor, has attained success in his line, by specially supervising everything connected with his establishment. He now introduces to his patrons "Olympia Beer." This brew is from the "Capital Brewing Co." of Olympia, the capital of the State of Washington, and was received by the "Garonne." Mr. Schmidt, the leading spirit of this corporation is a practical Chemist and Brewer, and after years of search and investigation located his plant at Olympia, on account of the peculiar virtues of the water of the Tum Falls, a stream that is noted for its distinctive qualities of clearness, coldness and lack of mineral and decaying vegetable impurities. Pure beer can only be made with pure water, and Tum water is traditional in Washington with the Indians and original white settlers. The "Olympia Draught" is under the special control and agency of Mr. Dee and he invites his patrons and friends to a personal test and is willing to abide by their judgment on the merits of his latest venture.

Real Merit

Is the characteristic of Hood's Sarsaparilla, and it is manifested every day in the remarkable cures this medicine accomplishes. Druggists say: When we sell a bottle of Hood's Sarsaparilla to a new customer we are sure to see him back in a few weeks after more—proving that the good results from a trial bottle warrant continuing its use. This positive merit

Hood's Sarsaparilla

possesses by virtue of the Peculiar Combination, Proportion and Process used in its preparation, and by which all the remedial value of the ingredients used is retained. Hood's Sarsaparilla is thus Peculiar to Itself and absolutely unequalled in its powers as a blood purifier, and as a tonic for building up the weak and weary, and giving strength to the nerves. Be sure to get

RUSSIA AND GREAT BRITAIN AGREE

St. Petersburg, May 1. — The Anglo-Russian agreement with reference to spheres of influence in China, is not in the form of convention, but it is set forth in a note, duplicates of which have been exchanged between the Russian Foreign Minister, Count Muravieff and the British Embassador to Russia, Right Hon. Sir Charles Scott. The preamble states that both countries agree to uphold the integrity and independence of the Chinese empire.

London, May 1. — The Marquis of Salisbury, Prime Minister and Minister of Foreign Affairs, and A. J. Balfour, First Lord of the Treasury, announced today in the House of Lords and in the House of Commons respectively the general drift of the Anglo-Russian agreement regarding the spheres of influence of the governments of Great Britain and Russia in China.

Lord Salisbury said he hoped Russia will consent to the publication of the text of the agreement when it arrived in a few days.

His lordship emphasized his anxiety not to appear to attach exaggerated importance to the specific stipulations of the agreement, adding: "But, of course, I attach very great importance to the signing of this agreement because it is a sign of the good feeling so desirable between the governments of Russia and England."

His lordship also expressed the hope that the good feeling would extend to the peoples of the two nations. This agreement, he said, was valuable as preventing the possibility of a collision between the two governments in China, and "therefore," he said, "a guarantee for their future agreement for a long time to come. I trust that it will lead to future agreements on other matters.

Door Open to America.

Washington, May 1.—Lord Salisbury's speech last evening in reference to the agreement reached by Great Britain and Russia in regard to China was read here with pleasure. The prevailing sentiment is that this agreement has removed an element that threatened to involve in hostilities two great nations, with which the United States is on friendly terms

It must be stated that the officials here do not accept the view set out in some of the British newspapers that the United States has lost its chance in China, that the door is to be shut against us, and that we have preserved this exclusion by failing substantially to assist England in securing the open door policy as to all China. It is said that, so far as the English sphere in China is concerned the United States will have free entry commercially, while assurances have been secured from Russia that the United States commerce will be treated on terms of equality with Russian commerce in any portion of China that may come under her influence.

JURY EMPANELED.

Trial of Five Japanese for Murder at Kahuku Begins.

At 4:40 yesterday afternoon the counsel for the five Japanese awaiting trial for murder announced that the twelve men in the box were satisfactory, and they were sworn to the case. The names are: J W Tregloan, W R Sims, Theo Wolff, John Effinger, Henry Roth, T E Krouse, J J Sullivan, A W Howe, Fred W McChesney, C B Huston, Charles H Atherton and E W Jordan.

It was decided to go on with the trial at 7:30 last night. The first witness was one of the Chinese who suffered in the riot when his three countrymen were killed.

The jury are quartered at Snow cottage, Hawaiian hotel, between sittings of the court. There is no doubt about the trial lasting many days.

"I would not be without Chamberlian's Cough Remedy for its weight in gold," writes D. J. Jones, of Holland, Va. "My wife was troubled with a cough for nearly two years. I tried various patent remedies, besides numerous prescriptions from physicians, all of which did no good. I was at last persuaded to try a bottle of Chamberlian's Cough Remedy, which promptly relieved the cough. The second bottle effected a complete cure." 50 cent bottles are for sale by all dealers. QUERIES.

Query—Why should the September elections in Hawaii be allowed to take place?

Query — Will the Hawaiian Government give any good reason why, in view of the probable enactment in December of a territorial law demanding a new Legislature, the people of Hawaii should be called upon to elect a Legislature in September which will never be called in session?

Query—Has the government of Hawaii sought any opinion from Washington on this point, and if so what was the reply?

Query—If the Hawaiian Government has not sought this information, what reason has it to give for failure to do so?

These are questions for which the people of Hawaii have a right to demand an answer. The taxpayers have a right to demand that their money shall not be spent for an election that amounts to nothing. They have a right to know whether the Hawaiian government has made any effort to prevent, by communication with authorities in Washington, a needless expenditure of Hawaii's public money in needless elections.

A room furnishing only a space of 63 square feet for a family is declared even the cities to be insufficient, unsanitary and a disgrace to a community which permits it.—Advertiser.

Thus does the official organ rant in its attempt to condemn Ministers King and Damon and shield the head of the Hawaiian government. The organ is very wise indeed, but it has failed to note how numerous is the "family" placed in a room 63 feet square. Furthermore how long has it been since the capacity of rooms was reckoned in square feet. Suppose these 63 feet square rooms are 15 feet high and have plenty of ventilation, what then?

HORSES FOR THE PHILIPPINES.

Animals of the Sixth Cavalry to Follow the Men.

San Francisco, May 1.—It has been definitely decided that the horses belonging to the six troops of the Fourth Cavalry, lately ordered to Manila, 650 in all, will follow the men. They will be shipped on the transports Leelanaw, Connemaugh and Tacoma, the last two of which will return in June. The animals will be taken ashore at Honolulu for a rest.

Pursuant to telegraphic instructions from the War Department, dated March 16, 1899, designating the third battalion, Second United States Volunteer Engineers, now at the Presidio, for muster out in accordance with general orders, Captain Sedgwick Pratt, Third Artillery, will discharge this duty. In connection with the mustering out of the battalion, Captain Pratt will perform the duties of acting assistant quartermaster, acting commissary and acting ordnance officer, and will communicate direct with the respective chiefs of bureau for special instructions.

A general court-martial is appointed to meet at Honolulu, H. I., at 11 o'clock May 15th, for the trial of prisoners who may be brought before it. Detailed for service on this court are Major M. W. WATER FILTRATION.

Geo. W. Smith, in the absence of Attorney General Cooper, presided at the Board of Health meeting yesterday. Others present were Dr. Emerson, Dr. Day, L. D. Keliipio, Secretary C. Wilcox and Executive Officer C. B. Reynolds.

Rudolph Hering gave another talk on water filtration. He was on motion requested to furnish estimates of cost of a slow filtration system for Nuuanu valley, capable of filtering 1,000,000 gallons; also an estimate on the cost of both a mechanical and slow system for the Makiki supply.

Mr. Reynolds was authorized to establish a branch store at Kalawao.

J. M. Sims was appointed a milk inspector under Food Inspector Shorey.

Executive Building Refused.

An application of the Victoria ball committee for the use of the Executive building was refused this morning. It was considered that it would be bad policy because the building is for the public, where all the legislative and executive business is done, and for public social functions. Yesterday President Dole and the Cabinet were disposed to grant the request, but on further consideration came to the decision here stated.

Y. M. C. A. Delegates.

For Transfer of Mails.

J. M. Johnson, chief clerk of the railway mail service at Los Angeles, has been detailed to go to Honolulu to take charge of the transfer of mails at that port for the Philippines, Australia, New Zealand and the Orient. By this arrangement the dispatch mail matter from this city will be expedited by three days.—S. F., May 4.

Collier Sails for Samoa.

Washington, April 29.—The collier Aberenda started today from Fort Monroe for Samoa by way of the Straits of Magellan. The Vixen is detained for a few days, but will soon leave by the eastern route for the same islands.

Out Door—"As You Like It."

The management of the big out door performance to be given on the grounds of Oahu College next Monday night for the benefit of four charitable organizations, announces that the reserved seats will be limited to 300, and that there will be ample seats provided for those who do not wish to reserve their seats, there will be a large space reserved for those who wish to see the performance from carriages. As the tickets are going off very fast and everybody seems interested in the event there will certainly be a large crowd to witness Miss Waldorf and her clever company give Shakespeare's beautiful pastoral play in such an ideal spot as the College grounds.

Students of the High School and College can secure tickets at a reduction.

Opportunity Made Kihei.

To obtain wealth needs, simply, the ability to recognize opportunities and take advantage of them. Opportunities exist everywhere, but the number of really great opportunities is always proportionately small and these are always taken up by the men who have not only brains but who act quickly and have courage. Pretty much all of the wealthy people of this country were once poor and they have prospered by taking advantage of opportunities. In Honolulu today, are all the evidences of advanced American rustling and energy. To be much account in the procession a man has to keep pretty close to the band wagon, Now-a-days a bicycle is much like a revolver was, in the "wild and wooly west," when wanted it was wanted—very badly. You may have opportunity to ride to wealth. The Pacific Cycle & Mfg. Co. in the Ehler's block on Fort Street have very trusty and inexpensive steeds in the Crescent or Remington bicycles. Provide yourself now as they must close out their present stock at the lowest of prices to make necessary room for a car-load of Sterling's now in transit. When Kihei sugar stock was floated, brains and quickness seized the opportunity—their bicycles were handy, were used, and they succeeded in getting in on the ground floor. If you want, not a cheap bicycle, but a high grade bicycle cheap call upon them.

The Art Exhibits.

Receiving day for the Kilohana Art League exhibition resulted in a splendid collection as to quality, but the quantity does not appear great for the large wall space of the new hall in Model block. Probably more works are yet to come, but the catalogue is expected out on Monday. As the collection stands, however, it will furnish material for pleasant contemplation all the time of the exhibition.

KAUTZ HAS FREE REIN.

Official Denial That the Admiral Is Under Undue Restraint.

Washington, May 2. — It is denied officially here that any undue restraint has been imposed upon Admiral Kautz, which should encourage the insurgents in Samoa. On the contrary, Admiral Kautz has been advised that the President supports him in all that he has done; that he is entirely satisfied with his conduct, and that any injunction laid upon the Admiral has been to avoid unnecessary slaughter and bloodshed. This injunction is not understood to restrain the officer in any way from such military and naval operations as in his opinion are necessary to protect fully the interests of the United States, British and German residents in Samoa, for it is expressly understood that Admiral Kautz is present simply for the purpose of carrying out the treaty obligations as to the interests of the citizens of the tripartite agreement and not a representative of any one power.

GEN. MILES IS CRITICISED

Washington, April 29.—The Wade Court of Inquiry today concluded its work in connection with the allegations of General Miles concerning the beef supplied to the Army during the war with Spain. The text has not been made public. The verdict, however, is known to be that the charges which General Miles made before the War Investigating Committee are not sustained in reference to the refrigerated beef, although his contention that the canned roast beef was not a suitable continuous ration is admitted. There is direct criticism of General Miles for failing promptly to bring to the attention of the War Department the reports made to him concerning bad beef, and "several individuals" are censured for failing to observe the proprieties of their positions as commanding officers in this and other respects.

The Court takes the position that the testimony is conclusive that both the refrigerated beef and canned beef were in good condition when delivered to the Government and continued so until issued to the troops, except in special instances, when the deterioration was due to accidental conditions in the transportation or to the influences of the tropical climate. The report admits the liability of refrigerated beef to taint quickly after removal from the ice-chests. The court finds the charges of "embalming" the fresh beef to have been unsubstantiated by testimony and says no chemicals were used to preserve it. The finding is also adverse to the assertion on the part of General Miles that the use of the beef was an experiment.

Much attention is given to the charges concerning the canned roast beef, and it is stated that the testimony proves it to have been wholesome and nutritious when used in moderation and under favorable circumstances. The position is taken that too much of this article of food was supplied to the men, and that under the circumstances it was unpalatable and found undesirable as a continuous ration. The fact is set forth that the canned roast beef had not been used to any appreciable extent before the beginning of this war, and it is therefore regarded as practically an untried ration.

In view of this fact the Commissary-General of Subsistence is roundly criticized for the purchase of the meat in such extensive quantities. As to the character of the meat for wholesomeness and nutrition the reports of Professor Atwater and Chittenden are quoted at length, sustaining the claims in his respect.

Jockey Club Meets.

At the annual meeting of the Hawaiian Jockey club held at the Pacific Club last evening the following officers were elected to serve during the ensuing year:

W. G. Irwin, president.
J. G. Spencer, vice-president.
G. P. Wilder, treasurer.
J. S. Walker, secretary.

W. Wolters, W. H. Hoogs and S. I. Shaw were elected to compose the Executive Committee. As the 11th of June falls on a Sunday, the Jockey Club has decided to set the races for the day decided on by the Government for the celebration of Kamehameha Day. It is probable that there will be racing on both Saturday and Monday as there are a large number of entries this year.

The arrangement of the program has been left with the Executive Committee. When it is completed a meeting of the club will be held to discuss it and make further arrangements.

Mr. John Peterson, of Patoutville, La., was very agreeably surprised not long ago. For eighteen months he had been troubled with dysentery and had tried three of the best doctors in New Orleans, besides half a dozen or more patent medicines, but received very little relief. Chamberlian's Colic, Cholera and Diarrhoea Remedy, having been recommended to him, he gave it a trial and to his great surprise, three doses of that remedy effected a permanent cure. Mr. Wm. McNamara, a well known merchant of the same place, is well acquainted with Mr. Peterson and attests to the truth of this statement. This remedy is for sale by all dealers. HOPES THE WAR IS OVER.

Washington, May 2.—President McKinley talked with his official callers before the Cabinet meeting today about the prospects of peace in the Philippines. It is believed some advices from General Otis have been received, enlarging upon the propositions which were submitted by the Filipino delegation, which have not yet been made public and which give the officials additional information concerning the situation. The President expressed the opinion that the end was in sight and said he believed that the Filipinos will not hold out much longer. He regards the conditions as most hopeful. The fact that negotiations for peace are in progress has stopped all talk of calling out the 35,000 additional volunteers.

First Foreign Vessel to Molokai.

The American barkentine Klikitat, Cutler master, arrived in port this morning, a day and a half from Kaunakakai, Molokai, where she went from Port Gamble to discharge 157 feet of rough lumber, 30,000 feet of dressed lumber and 140 piles for the plantation at that place. The Klikitat is the first vessel from the Coast that has ever called at Kaunakakai with a cargo of any kind. She sailed from that place on the 9th inst. and made for Honolulu. Her cargo for this port consists of 300,000 feet of lumber consigned to Wilder & Co. Captain Cutler is accompanied by his wife and child on this trip.

Miowera in Port.

The C A S S Miowera, Hemming commander, arrived in port this morning on her way to Vancouver and Victoria. Purser Humphris reports as follows: "The R M S Miowera left Sydney at 1:30 p m on the 25th ult, rounded Cape Morton at 1:10 a m on the 27th and arrived at Brisbane at 5:45 a m same morning. Left Brisbane Roads at 2:30 a m on the 28th ult, and passed Walpole Isl and at 3:50 a m on the 1st inst. TO LOSE A POPULAR PURSER.

The purser of the R. M. S. Miowera, Mr. C. H. Humphris, retires from the service on the arrival of that vessel in Vancouver and Mr. Young, formerly of the Warrimoo and later of the Aorangi, will take his place. Mr. Humphris has for twenty-two years been associated with Australian shipping, fourteen years of which were under the flag of the Union Steamship Company of New Zealand and when he quitted that company he was the commodore purser. Ever since the Miowera began her trips to this port some six years ago, Mr. Humphris has been the purser. It has been very difficult sometimes for him to attend to his duties on account of illness but he has remained faithfully at his post through it all. Now that he is in perfect health again, he is going back to his home in England there to remain for about six months.

Mr. Humphris has made many warm friends in Honolulu, among these being business and newspaper men. He has always shown himself to be more courteous to all who had any dealings with him and in the discharge of his duties he has always been most prompt and obliging. Particularly will he be missed by the newspaper men who look upon him as one of the best men in his capacity that comes into the port of Honolulu. Favors asked have always been granted with the utmost willingness and with a lack of that patronizing demeanor that characterizes some of the pursers who come to this port. The newspaper men certainly wish Mr. Humphris an aloha nui accompanied with the best wishes for success in whatever he may undertake.
