DR. COFER, THE MAN

Dr. L. Cofer Appointed Pres. Board of Health

Dr. L. E. Cofer has been appointed President of the Board of Health. A. J. Campbell is reappointed as Treasurer.

James F. Morgan has been appointed as a member of the Board of Health in the place of W. B. Baldwin, resigned.

There are the appointments given out by Governor Peary this morning. Dr. Cofer has made this place his home for the last five years, and the Governor, "He is very anxious to have all of his interests connected here. He is a very capable man for the position."

Mr. Pinkham deserves a great deal of credit for what he has done as President of the Board of Health, said the Governor this morning. "He has performed his duties conscientiously, put his heart into the work, and has made many sacrifices both in the way of personal service and pecuniarily. For these reasons it has been deemed best to make a change, but there were many things to be considered. Mr. Pinkham has accepted the change very gracefully, and indeed, he informed me when I first came into office that he wished me to understand that a change would be perfectly satisfactory to him whenever I saw best to make it. I regret that attacks have been made against him, though these have

probably served to bring out endorsements which might otherwise not have had occasion to appear. I am glad that so many have expressed appreciation of what he has done."

"At Cofer's own suggestion he will not have any salary from the Territory." On account of the fact that some credit had been expressed as to whether Dr. Cofer could hold his present position as head of the local U. S. Marine Hospital Service and also be President of the Board of Health Governor Peary sent the following message to Surgeon General Wyman at Washington with regard to the matter:

Means Federal Control

"I am entitled to death," said E. D. Tenney this noon in speaking of Dr. Cofer's appointment to the presidency of the Board of Health.

"It is a reason a condition similar, I understand, to that which exists in the Philippines, Porto Rico and Cuba. It means that this town and the Territory will be closed up of its quarantable diseases and there won't be any quibbling about it."

"It means finally Federal control of our sanitary conditions here and I for one will be mighty glad to see it."

"I don't imagine that the Governor is in the slightest sympathy with the attacks that have been made on Mr. Pinkham."

"While I regret that Mr. Pinkham was not re-appointed," said President E. W. Smith of the Merchants' Association. (Continued on Page 5)

Robertson, Robinson, Knudsen, Kuhio, Lane And Walker Will Go

- Delegate Kalaniana'ole at Large
- A. G. M. Robertson at Large
- John C. Lane from Oahu
- W. G. Walker from Hawaii
- W. T. Robinson from Maui
- E. A. Knudsen from Kauai

This will be the list of delegates chosen by the Territorial Convention at its meeting this evening. The only name about which there is now any uncertainty is that of Lane as Oahu's delegate, as J. M. Dowsett may give him a hard run for the honor, but as Lane is on his way to the mainland, and as Lane has strong influence with the delegations from the other islands, especially Hawaii, he will probably land the plum.

There is no doubt about Walker's being sent as Hawaii's delegate, he having been chosen by the caucus. His alternate will be Chas. Wetherbee, the bookkeeper of the Olan plantation, who is at present on the main land.

Robinson of Maui has been selected by the caucus of the delegates from his island. He will meet with no opposition, as H. P. Baldwin will not seek the honor.

Knudsen of Kauai is also the chosen man of his island, Rice stating that he was not in the running.

Geo. R. Carter stated this morning that he was not a candidate for delegate, though he would accept the honor, were it offered to him, under certain conditions. Atkinson, who has also been spoken of as a possible candidate, said today that he was not.

Clerk Savidge read the official call for the convention which had been issued by the National Committee, as well as the reply which had been sent thereto by Robertson.

"I wish to make a statement in regard to the number of delegates which Hawaii is to send to the National Convention," said Robertson. "Four years ago the official call allotted to Hawaii six delegates and the corresponding number of alternates. When the convention convened the Committee on Rules in its report made the rule allowing Hawaii only two delegates, but left the other Territories unchanged. In the convention this rule was amended to allow the six delegates to vote, but the amendment was worded so as to apply only to that convention. In the call this year Hawaii is allowed only two delegates, but some months ago the Delegate wrote me that the Territories of New Mexico, Arizona and Alaska would object six delegates in the hope of getting them seated. I wrote to the National Committee of these three, and received replies from all of them informing me that they had decided to elect six delegates and expected to have them seated, and it has been suggested

BANGALORE ON OVERDUE LIST. The ship Bangalore, out 171 days from Norfolk for Honolulu, has been put on the overdue list, with rain surance at ten per cent. CAPTAIN SELF of the steamer Iwaland brought his ship in the harbor yesterday morning at 5:50 o'clock from Molokai, having aboard her seven cabin and ten deck passengers. Her freight consisted of a bull, a dump cart, a bundle of hides, a crate of pigs, a crank shaft, two bundles of hides, two bags tar, three bundles luhala, four packages coin, eight bags coconuts, 10 boxes chickens, 11 bags corn, 16 boxes eggs, 20 head cattle, 25 dressed sheep, 37 pigs, a lot of firewood, 1075 bags sugar and 35 packages sundries. The sugar was shipped by Olowalu plantation to W. G. Irwin & Co.; the cattle were from the Molokai Ranch and for the Metropolitan Meat Co., as were also the dressed sheep. THE SPLENDID MATSON bark Andrew Welch, Captain E. W. Kelly, surprised the waterfront people yesterday morning when she arrived in ten days, seventeen hours and forty-five minutes from San Francisco to Diamond Head. She docked at the Bishop wharf at 10:30 o'clock. Captain Kelly kept the Andrew Welch just about on the regular steamer line—182 miles off port and she was off Diamond Head yesterday at breakfast time. The passengers were Mr. and Mrs. Lewis and their son and daughter. She brought 1400 tons of cargo for this port. AT 6:05 O'CLOCK yesterday morning, the steamer Nihau, Capt. Oness, came into port with 6430 bags of sugar, 25 head of cattle and 20 calves. Both on her outward and inward trips she encountered heavy seas. FROM KAUI the steamer W. G. Hall, Capt. Thompson, arrived at 4:37 o'clock yesterday forenoon. She had

cabins and 24 deck passengers, 5000 lbs of sugar, 11 bags of coconuts, 8 bundles of hides and 20 packages of sundries. Jursor Grabo reports the steamer Mikahaia loading sugar at Soloa. She will take 4400 bags of K. S. and 400 bags of V. K. sugar. He further reports the following sugar awaiting shipment on Kauai: L. P. 8868 bags; H. M., 14,454; K. P., 11,600; M. B., 24,724; Mak., 23,683; G. & R., 6374; K. S. M., 3190; M. S. Co., 1,300; K. S. Co., 1285; G. F., 1696; V. K., 400. THE STEAMER HELENE, Capt. R. Nelson, which arrived yesterday from Panalua, brought 1200 bags of sugar for C. Brewer & Co., and 75 head of cattle from Kawalaha for the Metropolitan Meat Co. THE UNITED STATES army transport Sherman is expected to come into port late this afternoon. Up to 2:15 o'clock, she was not reported. THE SCHOONER ADA, which left here last week, has reached Lahaina in a leaking condition. Pursor Kellott of the Iwaland reports that the cargo for the Lahaina store was damaged.

THE MASCOT The cast for the opera "Mascot" has been completed and the rehearsals have been progressing without interruption. The opera is being presented under the able direction of Hugo Herzer and will be presented on the nights of the 23d and 25th of this month. The principal role is assumed by Mrs. L. R. Crook, whose voice is said to be admirably adapted to the "catchy" music. The character of Lorenzo will be impersonated by M. H. Webb, while Mrs. Hugo Herzer will be Flametta, his daughter. "Sonny" Cunha will be heard and seen to great advantage as Rocco. "Sonny" is always original and the audience will not be disappointed in his witty lines. James D. Dougherty is too well known to need any special mention. "Jimmy" is often spoken of as the "Chumple" Oloet of Hawaii, and a special feature will be his singing of the Mrs. Carrie Jacobs-Bond's "Longing." Hugo Herzer, upon whom the strain of the production has rested, will, besides directing and staging the opera, play the part of Pippo. Mr. Herzer has not been heard in public for the past two years and his many admirers will be pleased to hear of his reappearance. The "Mascot" is an opera that one can see two or three times with undiminished enjoyment, for it is picturesque and clever, and will be admirably acted and sung. One fortunate circumstance has been in securing a splendid chorus. More depends on chorus work than one may think, and the Kumulus has succeeded in assembling an aggregation of singers that will contribute largely to the successful rendition of the production. So far the rehearsals have been unusually well attended and the choruses are already letter-perfect. The catchy music makes the rehearsals a joy instead of otherwise. Great interest is centered upon this opera. A woman, masquerading as the Countess Montell, has been arrested in France on a charge of robbing guests of fashionable hotels.

Chelsea's Terrible Fire BOSTON, Mass., April 12.—The manufacturing district, the tenement section and the retail section of the city of Chelsea, near here, were wiped out today by fire. A square mile of the city was included in the destroyed area, and the property loss will amount to ten million dollars. There are ten thousand people homeless as a result of the conflagration, four persons are known to have lost their lives, and the number of injured amounts to at least fifty. At the time the fire broke out a gale was blowing, and the flames swept rapidly across the city. Thirteen churches, two hospitals, the public library, the city hall, five schools, and five hundred private dwellings and other public buildings are destroyed. The militia has been called out to guard property and prevent looting. Chelsea is a city of forty thousand inhabitants, and is practically a suburb of Boston. NEW BRITISH CABINET LONDON, England, April 12.—The personnel of the new Cabinet, chosen by Premier Asquith, has been announced. Asquith will hold the portfolio of First Lord of the Treasury himself, as did Campbell-Bannerman. David Lloyd George is raised from President of the Board of Trade to be Chancellor of the Exchequer, Winston Churchill being taken into the Cabinet as President of the Board of Trade in his place. The other new member of the Cabinet will be Walter Runciman, who is slated as President of the Board of Education. The announcement of the formation of the new Cabinet and the changes made are received with favor. MILITIA CALLED TO QUELL STRIKERS JACKSONVILLE, Fla., April 12.—The militia has been ordered out in Pensacola to prevent a clash arising out of the street-car strike now on in that city. When the company attempts to resume its service tomorrow morning it is feared the strikers will cause trouble. ASSASSINATION IN GALICIA LEMBERG, Galicia, April 12.—The Governor of the province of Galicia was assassinated today by a student. EVANS CAN'T JOIN FLEET PASO ROBLES, Cal., April 11.—Rear Admiral Evans will be unable to meet the Fleet at Los Angeles. MADAME GOULD AND DE SAGAN NEW YORK, N. ROBERTSON

(Continued from Page 1) that Hawaii also send six delegates and endeavor to have them seated. This will be a matter for the convention to take up.

Robertson announced that the election of a temporary chairman was in order, and Ely Crawford nominated C. A. Rice. Willie Crawford moved that nominations close. This carried and Rice was declared elected. He was escorted to the chair by a committee, consisting of Silva and Lindsey, appointed for the purpose.

Rice called for nominations for a temporary secretary, Bernard Keleloho nominated Wm. Savidge, but that gentleman stated that he was not a delegate, and was therefore ineligible. Kaleloho nominated Ely Crawford, but found no second. Holstein nominated A. D. Castro, and Keleloho moved that nominations close, which was carried, and Castro was declared elected. Kaulukou nominated Ely Crawford as interpreter, and he was elected.

Atkinson moved that the Chair be authorized to appoint a committee on rules, credential and permanent organization and on resolutions. Keleloho seconded.

Lane moved to amend so that a delegate from each district and one at large be appointed on each committee. Holstein seconded the amendment, and it was accepted by Atkinson, who stated, however, that he had meant that there should be only one committee.

Holstein offered an amendment that there should be three separate committees. This was accepted also.

Chairman Rice then appointed the committees as follows: Committee on Credentials—A. L. C. Atkinson, S. Kalama, A. S. Kaleloho, Dan Kellina, A. F. Knudsen, A. M. Cabrinha, C. Wolters.

Committee on Rules and Permanent Organization—H. L. Holstein, S. L. Desha, C. Hansen, W. F. Drake, A. Cox, F. Waldron, B. D. Baldwin.

Committee on Resolutions—W. O. Smith, E. E. Richards, H. P. Baldwin, C. K. Cooke, Sol. Mahelona, J. K. Kula, J. K. Lelepa.

Kaleloho moved that the convention adjourn until 7:30 o'clock this evening, and this carried. The committees will meet in the meantime and will submit their reports tonight.

Some of the delegates had in mind a proposition to have the convention pass a resolution in favor of the re-appointment of Pinkham as president of the Board of Health, but the appointment of Dr. Cofer by the Governor will, of course, do away with any such plan.

Atlas Has Big Cargo

(Special to the Bulletin) Waikuku, Maui, April 10.—The American four masted ship Atlas was towed out to sea from Kahului breakwater by the steamer Claudine last Wednesday evening with the largest cargo of sugar that ever left Kahului harbor, about 5600 tons. The biggest sugar cargo heretofore that was shipped out of Kahului was 5100 tons by the Erskine M. Phelps, which is now on the way to Delaware Breakwater. That record was broken by the Atlas, which left Wednesday and drawing 23 feet of water.

When almost abreast the outer end of the breakwater, Captain Bonnell of the Claudine, finding himself in a somewhat dangerous position, ordered the seven-inch hawser cut. The Atlas dropped both her anchors. The Lead Baldwin went out to tender aid. At about 6 o'clock the Claudine got hold of the Atlas hawser again and the latter was towed safely into deep water.

Islands Endorse Pinkham

Two wireless messages were received this morning by Governor Frear endorsing heartily Pinkham for re-appointment as President of the Board of Health. One of them came from the leper settlement on Molo-kai, purporting to be the expression of all the people at the settlement. It reads as follows:

Kalaupapa, April 13.—To Governor Frear:—People at settlement un-animously and earnestly pray Gov. Frear to reappoint Mr. Pinkham, the best president we ever had. Signed Executive Committee on Petition.

The second message came from Lahaina and is as follows: Lahaina, April 13.—To Governor Frear:—Lahaina Improvement Association unanimously endorses Pinkham.

DR. L. E. COFER APPOINTED

(Continued from Page 1) this time of making most desirable appointment thereto necessitates my requesting the services of your Doctor Cofer as President Health Board; this arrangement to continue for indefinite period unless term stated by you. This duty in addition to his other duties as quarantine officer. This appointment will carry no salary, but a nominal allowance for extra expenses. He will have our co-operation in administration of health board matters so that said duties will not hamper his regular work, but will, by harmonious conduct of internal sanitary affairs and quarantine, tend to best interests of both Hawaii and your corps.

WALTER F. FREAR, Governor of Hawaii.

The Governor received the following answer:

April 13th, 1908.

Governor Frear, Honolulu, Hawaii: Have wired Cofer authorizing him to accept position as President Health Board in addition to his other duties.

Like a queen ordering her subjects and having them entirely at her beck and call, Mrs. Mary Atcherley this morning led a small army of Hawaiians to the Capitol grounds, and shortly after 9 o'clock this morning, after assembling them before the steps of the building and haranguing them as to their duties, led them up-stairs to the Executive chambers and presented them to the Governor.

First in the line was the committee appointed lately with a petition asking that Mr. Pinkham be not re-appointed. Two copies of this petition were presented to the Governor, one the original in Hawaiian and the other a translation. After these came the rank and file of Mary Atcherley's army. It was indeed an imposing sight.

Each soldier of the army marched in through the outside office to the Governor's room and was greeted by the genial Chief Executive with a hearty shake of the hand and a word of welcome, after which the petitioner continued the march to the outer room again. This continued for considerable time, in fact so long that someone audibly wondered if the men were completing a circle and visiting the Governor twice. Finally, however, there were no more to see the Governor, and the army formed two by two and beat step down the stairs, where they were met in state by Mrs. Atcherley, who expressed her gratification at what had been done by also grasping the hand of each of the men and speaking some word to them in Hawaiian.

When they had all reached the shade of the trees outside again, Mrs. Atcherley called them together and made a speech of several minutes duration.

And then the army was dispersed. Mr. Pinkham was in consultation with the Governor this morning but had nothing to say when he returned from the conference.

George Ade, at a college fraternity dinner in New York, said that out in Indiana, where he owns a farm, he is known as a playwright, and in New York, where he writes plays, he is known as a farmer.

The first stone in the highest dam in the world is being laid with appropriate exercises on the Shoshone river in Wyoming. It will conserve the waters of the river for the irrigation of a vast territory.

Andrew Carnegie, addressing New York students, said more failures were caused by drink than anything else. He said he didn't smoke because he could not afford to.

THE APPOINTMENT.

The appointment of Dr. L. E. Cofer as the executive head of the Board of Health undoubtedly marks the first step toward the Federal control of sanitary conditions in the Territory of Hawaii.

This is the significance of the appointment.

There is no able man in this Territory, and might be few in the United States, Dr. Cofer's administration of the quarantine service of this port has been of a character to inspire the confidence of all people who understand the difficulties and the importance of his office. His constructive work at the United States Quarantine Station has proved his ability to do a great deal with limited funds.

Those who believe that the sanitary administration of the Islands should be under the direction of the Federal Government and eventually carried on at its expense, will be pleased with the Governor's action. Those who view with alarm the Federal encroachment of authority will be displeased.

So far as the Bulletin is concerned, Federal administration accompanied by the acceptance of Federal financial responsibility will do Hawaii a world of good.

So far as the Republican party is concerned, the move made by the Governor violates the spirit of its early declarations made during the time when ex-Governor Carter was in the ranks of the political leaders, and therefore the party is put in the position of either changing front or straddling.

Mr. Pinkham will withdraw from his position with a record for work well done that has not been duplicated by any predecessor, and his successors will have great difficulty in equalling it. He has been more widely and vigorously endorsed than any man who has ever been proposed for an office in this Territory. He has the outspoken respect of the respectable and honest element of the community.

Governor Frear will undoubtedly state, if asked, that he has no sympathy with the malicious campaign that has been made against Mr. Pinkham. He cannot escape the fact, however, that his action has given moral support to that campaign. The issue has been so clear-cut that it could not be otherwise, and he has not raised his voice to protest or offered an objection to such methods.

That is the practical result, and it will not be changed though it is argued and hammered on with as much excitement, as long, and as bitterly as the preliminary Pinkham furore.

There is no doubt that Dr. Cofer will have the hearty support of the business men of the Territory, and Cofer is, after all, the man who has the principal cause for personal worry, since he occupies a dual position and is striking out on a new program for dealing with old problems that have been a constant source of friction.

WALLACH RESULTS.

While Wallach was in the glory of heroic fight, the Bulletin suggested that the time might come when he could plume himself with the honor of having brought about Federal control of the sanitary affairs of the Territory of Hawaii.

From the vantage-ground of the House of Silence, the "healer" may now contemplate a first step toward the result.

THE CONVENTION.

The Republican convention assembled this morning bids fair to be thoroughly peaceful and expressive of a united party. Let the good work go on. There is no occasion for contests. Pass those up to the National convention.

HOW ROOSEVELT SUCCEEDS

The American Magazine for April publishes as its leading article for the month a character-sketch of President Roosevelt that is one of the best thus far given the public. The name of the author is not divulged, but there is little doubt that he knows Roosevelt.

According to this writer President Roosevelt has achieved greatness by his constant "energizing" along the lines of the commonplace. Given a handful of aged maxims, like "Honesty is the best policy" and "Be good and you will be happy," he so sings the changes on them that they become watchwords of a political revolution. He is a manifestation of the homely virtues of the people themselves. "His versatility amazes one; his energy is appalling; and yet it is only commonness energized to the 14th degree."

Roosevelt has not thought, this writer insists; he has read and he has acted—acted immediately, continually, tremendously. He has persisted in all undertakings and by sheer force has achieved respectable results in all directions. "George Washington was a distant aristocrat, Lincoln a man of lonely divinity," but Roosevelt "whoops gloriously with the whole crowd." This writer declares further: "He is just like us. As a people we act swiftly and continuously and do our thinking—afterward." The natural conclusion, therefore, is that "Roosevelt has represented us—the mass of Americans."

The reforms he has advocated are really our reforms, not his. He has voiced them valiantly and fearlessly. It is his supreme service that he has articulated our desires.

This is so true that the public generally must recognize its truth. But the writer proceeds: "Roosevelt never leads; he always follows. He acts, but he acts only when he thinks the crowd is behind him. His understanding of us leads him rarely astray; and when he does go astray he instantly acts in the opposite manner—and gets in again with the crowd." In short, Roosevelt has succeeded because he forged the commonplace virtues of the American people into thunderbolts. When he hurled them and the stricken wrongdoers bellowed with pain and rage he was absolutely secure from their counter attacks. Having done the obvious thing with a sort of old-fashioned directness, the people understood and appreciated his motives and sustained him unwaveringly. It was what they themselves would have liked to do.

President Roosevelt has given a marvelous demonstration of ability to read the popular mind and interpret it by his actions. The public has watched him as one watches one's self in a mirror. It has felt that it was doing all those things which he did. When a roar of execration burst from any corner the public listened with the same sort of disfavor with which one listens to abuse of one's self. Thus opposition to the President's policies has been wholly ineffective.

SUPPRESS KNOCKERS AND HOWLERS

[San Francisco Trade Journal]

California has an army of long-bearded soothsayers who profess to be in touch with the secrets of commercial destiny.

These noisy devils pretend to be ladies-in-waiting to the Goddess of Prosperity, and one would think the law against sacrilege would prevent them from pretending that Providence is a member of their chattering league.

There are editors in this noisy band, and street-corner orators now and then harangue the multitude, and wear out such expressions as "rights of the people," "wrongs of vested interests," "stealing of franchise," and "pollution of the law by courts."

In season and out of season the ranters rant and the canters cant, stirring up village rows, dividing communities into warring factions, and making neighbor suspect neighbor, friend distrust friend.

There can be no progress where such a spirit is encouraged.

One of the most successful business men in San Francisco, who has never had a partner or affiliated with a corporation, once told the writer that it was his policy to discharge at once any employee, however skillful or honest he might be, if caught meddling, gossiping, or stirring up strife in office or factory.

EHLERS

Every community in California should heed the lesson of this man's example. Here in this city and country, as well as in this part of the State, we need harmony. We should encourage business men to come and dwell with us, to invest their capital here, and to help to make this community a model of commercial prosperity and brotherly association.

Nature has done so much for us that men should be ashamed to quarrel, to PULL DOWN when there is every incentive to agree, TO BUILD UP. Let us meet the invitation to be men at all times—nice never.

Editor Evening Bulletin: It is our most earnest belief that (the late President) Mr. Pinkham has done many and oft ("oft" is poetical) kind and helpful deeds; and, also, that he is a well-educated and gifted officer, as well as an industrious; he has not at all the look of one indolent or somnolent.

We would like to have him, (at all-rates) we would bring forward no objections) canonized, not incinerated (sinners, rated) and enrolled on the calendar of saints and martyrs. Were it not just as present, rather hard times, on account, principally, that the Lilliputians have so recently robbed us of all of our small change, we might entrust (trust?) Osborne to look about for a statue.

MORE RESULTS OF THWING AGITATION

Vice Is Spreading And Is Now All Over City

"The closing of Iwilei has not caused any of the prostitutes from that place to go out of business. On the contrary their number has been increased, so that there are now more Japanese women in that business than there were before. The old inmates of Iwilei are now distributed in bath houses, hotels, barber shops and in back rooms of stores, and they have persuaded, and are persuading a number of women, who heretofore were kept out of the business because of the publicity which staying in Iwilei involved, to join them."

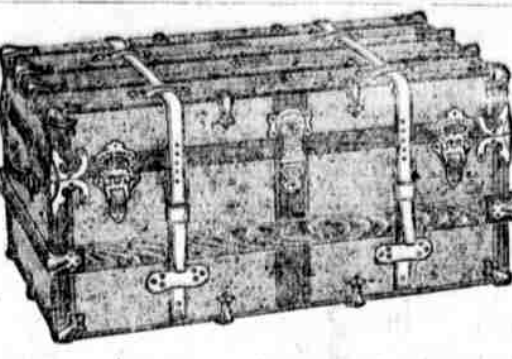

The above statement was made this morning by an officer of the police department who has made an investigation of the matter and is well qualified to speak. He states that he is sure of his ground.

Even if this statement should leave any doubt in the minds of Thwing and his followers as to the efficacy of their remedy, the calendar of the Police Court this morning should dispel it. Two of the Porto Rican women who formerly were confined to Iwilei, were before the court on charges of immorality, together with two men who have, according to the police, been staying with them for some time.

The arrest was made by Detective Leal, who found them in a house on Beretania street, between Nuuanu and Fort, not more than a stone-throw from Pauahi street, against the existence of vice in which Theo. Richards and his followers some years ago made strenuous protests on account of its proximity to the business center of the city. The fact that these very men have driven vice out of the city and then driven it back again is being much commented on.

The following women and their consorts were this morning sent to jail for sixty days each by Judge Anderson: F. Marrener, Carmella Roman, Adella, J. J. Moreh, Roman

Kapaa Land Report

The Kapaa appraisers, consisting of W. L. Hopper, George F. Renton, and J. H. Marague, have handed in their report to Governor Frear.

It is a lengthy and carefully prepared report, but as yet the Governor has not had time to go into it. It has to do with the distribution of the lands at Kapaa, and will probably cover the ground in the matter. The apportionment of these lands has been a source of worry not only to the Administration but also to the preceding one. The report may clear up the matter considerably.

The Federal Grand Jury for the April term met this morning and several of the jurors were questioned, but they were dismissed until 2 o'clock this afternoon, when they will be sworn. The following will probably be numbered on the Grand Jury:

Samuel Mahelona, John Andrecht, Henry Renton, A. C. Betts, St. Clair Holbrook, Geo. C. Putter, Hugh McCormick, Oscar White, H. M. Whitney, Peter Higgins, Geo. P. Tulloch, Geo. H. Fairchild, L. E. Nevin, Fred Angus, H. R. Grant, C. G. Bartlett, Felix R. Tranquada. The following were excused: Jacob Cooper, James S. Emerson, Ed. Worthington, Kaihua.

Bench warrants were issued at the instance of District Attorney Buchanan for six people who were subpoenaed for the jury but who did not appear this morning.

In the Supreme Court this morning a large number of cases were disposed of for the time being. The case of the United States vs. George Kekoa, which came up for sentence, was continued until April 14. Three Chinese, Koung Chi Soon, Chu Hong Yang, and Kim Hong Chuen, had their cases continued until the next term of the Grand Jury. Two former two are held under six indictments each.

A day will be fixed for the trial of the case of the U. S. vs. Moses Koli. He will be tried for connection with the Waimea postoffice robbery. John Kanae's case was postponed until next Monday. The case of Lloyd Smith and Raebal Wagner was continued until tomorrow morning. The cases of the U. S. against Ah Won, Ah Hoy, Kohala, and Lam Yip and Lam Shee, were all continued until tomorrow.

CAMPAIGN ISSUES AND GARDEN ISLAND

Liquor Problem Uppermost But Present Law Is Quite Satisfactory To Other Islands.

The Garden Island in an editorial discussion of campaign issues says: The issues that will be prominent in the coming campaign are slow in being brought to the front; in fact, the liquor question is so far the only thing that has been mentioned as a platform timber.

The question, like taxes and death, will always be with us, even if the liquor shouldn't happen to be with us. There will always be those who want it and those who don't want others to have it, and it is but natural for the latter to try a new plan when one fails to give perfect satisfaction.

The present law seems on the whole to give a fair deal to all. There is always room for improvement, of course, but it has been in force for such a short time that it seems but fair rather to amend it a little than to try something entirely new, which in the long run will probably not average higher in results.

The present law practically eliminates outside influence on the liquor policy of the County without subjecting it to the danger that local option would threaten this country with. We have a population with all kinds of mixtures in it, and a great part of this population has a weakness for the more fiery liquors. The fact that this weakness has been used for political purposes in the past indicates what would happen in the future if all our issues were to turn on liquor. It is not so that it would be the liquor men themselves who would be the corrupting element. On the contrary, it would be the interested politicians without conscience that would use the local option law as a lever with which to hoist friends into office and create some more Ruef-Schultz combinations.

To abolish the liquor question we would need a revolution more radical than the flood, for, as will be remembered, one of the first things Noah did when the trouble was over was to plant vines. As long as we cannot eliminate it, let us at the least try to limit it. The more cooks the worse the broth holds good in this as in many other questions.

SMALL FARMERS

(Special to the Bulletin)
Wailuku, Maui, April 10.—Parties who petitioned the Government some time ago about the opening up of the 1900 or more acres of the Piholo lands, Makawao, for homestead purposes, are anxious to find out what the Government intends to do in the matter, more especially the size of the lots to be divided. There are a number of Wailuku prominent citizens who are desirous of giving an able present position in order to go into farming on a limited scale, enjoy the fruits of their labors, and thus end their days in the peaceful enjoyment of all their faculties, free from the turmoil of a strenuous town life and at peace with God and man.

MRS. RICE INJURED.

Lihue, Kauai, April 11.—Mrs. C. A. Rice suffered a painful accident last Sunday when going to church. At the foot of the hill leading down to the mill the horse suddenly swerved to the right, evidently with the intention of taking the Isenberg road. Just at this place there is quite an incline from the macadam to the side road and by the sudden, unexpected turn the horse upset the buggy, throwing Mrs. Rice heavily to the ground. She suffered a severe sprain of the wrist and arm and several painful bruises. Her little daughter, who was in the buggy with her, escaped with a few scratches. The carriage got both the wheels smashed. Judge Hardy, who happened along soon after the accident took place picked up the sufferers.

ATCHERLEY CROWD ROASTS PINKHAM

Disappointed Wallachers Make Their Last Stand

A mass meeting of Hawaiians was held at Ala Park last Saturday evening with Fred K. Beckley as chairman. Seated on the band stand were Mrs. Mary Atcherley, Sam Kalou, John Sheldon and Kewalo. There was no music, but there were musical instruments lying on the floor. The audience was not very large, there being only about three hundred people present.

Beckley in his speech predicted the downfall of President Pinkham of the Board of Health. He said that Pinkham was not working for the betterment of the people at Kalaupapa, that he had spent the money of the people carelessly and refused to carry out the intention of the Legislature when it appropriated funds for the home for non-leprosy male children of leper parents. According to Act 135 of the Session Laws of 1907, an appropriation of \$15,000 was set apart for that purpose, but Pinkham had not carried out the intent of the law-makers. He criticized Pinkham for causing to be erected a building at a cost of \$3000 at the Kalaui receiving station with a view to allowing Wallach to use it in his treatment of the lepers from Molokai.

"Pinkham knew very well," said Beckley, "that he did not want Wallach to effect his cure on the lepers; but fearing the so-called leaders of the Hawaiians, he erected this building to cool them down. Pinkham, as President of the Board of Health, had not tried or caused to be tried, the treatment of the lepers in the settlement. His administration has been a total failure."

Sam Kalou said that Pinkham was an earnest worker when it came to spending money for the planters and business men. In the matter of killing rats, Pinkham was very active, spending money toward purchasing necessary drugs and traps to catch the rats. But when it came to a most important question, that of the health of human beings, Pinkham was stubborn and would not listen to suggestions. The lepers at the settlement had been there for many years and no effort has been made to cure them.

"Pinkham should not remain there," said Kalou. "Put another man in his place so that some good may be accomplished towards relieving the sorrow of those poor people in the settlement."

Mrs. Mary Atcherley was the last speaker. Fred Beckley read the resolution which was adopted by the meeting. The substance of the resolution is a violent attack on Pinkham, condemning him as a political trickster and as too unreliable a man to be President of the Board of Health because of his failure to provide a home for the sons of leprosy patients. It stated that he deceived the Hawaiian people in the Wallach matter, that he had gone back on his promises to the representatives of the people in the last Legislature, and lastly that his actions as the President of the Board of Health have been suspicious and unreliable.

DEATH OF MRS. ALULI

(Special to The Bulletin)
Wailuku, Maui, April 10.—Mrs. Sarah K. Aluli, widow of the late John T. Aluli, and only sister of Circuit Judge A. N. Kepoikali of the Second Circuit Court, died of apoplexy at her home in Wailuku at 8:19 o'clock Thursday morning. She had been ailing for a month or more. She was the eldest daughter of Mr. and Mrs. Non Kepoikali, and was born in Wailuku May, 1859. Her husband some five years ago. She leaves three children, all boys, the eldest of whom is Deputy County Attorney Noa W. Aluli of Hilo, Hawaii County. The Kepoikalas belong to the line of Kalemakali of Kipahulu, and therefore belong to the upper caste of Hawaiians of the feudal system, and Hawaiians who are conversant with ancient customs and usages always look up to them as a class intermediary between plebeians and chiefs. Mrs. Aluli leaves considerable real estate on Market street, Wailuku. Plans were placed at half-mast all day yesterday out of respect to her memory. The funeral exercises took place at 4:30 o'clock yesterday afternoon. Rev. J. Nua conducted services at the house and the Catholic priest said services of that faith both at the church and Catholic cemetery. A quartet led by Moses Kauhimahu sang several gospel hymns both at the home and at the grave. The funeral procession was one of the longest seen in Wailuku for many a day. Japanese and Chinese friends of the deceased joining in the last sad procession to the grave as a token of the high esteem in which she was held by them.

KEANAE LANDS OPENED SOON

Four Hundred Acres Will Be Returned By Baldwin

Surveyor Sam Kanakaniul has returned from Keanae, where he has been re-surveying the old kuleanas which have been under dispute there for some time. According to the old plats, of one piece of ground which is claimed by the natives under their grants, there should be a ditch for one line and a gulch for one of the others, as identifying marks. These never have been there, according to Kanakaniul, at least, not for the last fifty years, and it is his opinion that there is no kuleana there, but that it is located on the other side of Naeole.

There is a 2 1/2-acre tract at Naeole which has also been under dispute. Bobby Boyd recently was supposed to have surveyed this, but Kanakaniul claims that his lines were most grossly incorrect.

H. P. Baldwin has signified his intention of returning about 400 acres of Government land which he has had under lease, and this will be surveyed and opened to homesteaders. The land, it is claimed, is not good for much other than the rubber industry. Each homesteader will be allowed 10 or 15 acres.

Sam Kanakaniul, as well as several other of the Government surveying force here, is not a bit bashful about expressing his opinion about the work done by Boyd at Keanae.

BANDIT-HUNTER SHIPS AS SAILOR ON SEWALL

Ramon Concello, the bandit-hunter who went down Wailuku way to look for Lopez and who then proceeded to get exceedingly drunk and attempt to shoot up the town in good old-fashioned border style, has shipped as a sailor on board the Edward Sewall, and therefore cannot be brought to trial, according to Special Police Officer Harry Lake. The man was sent for the other day, and Lake finally discovered that he had been heard of on the waterfront.

He consulted with Shipping Commissioner Almy and found that a man answering Concello's description had shipped before the mast on the Sewall. He reported the fact at headquarters this morning.

SURVEY COMPLETED FOR PAUMALU HOMESTEAD ROAD

Superintendent of Public Works Marston Campbell this morning stated that arrangements had been completed whereby the streets between Beretania and Bingham streets will be considerably widened. He is also ready to macadamize the Alawa road, over which traffic has been running for some time past.

The survey for the Paumalu homestead road has been completed and work will commence on this in the near future. This highway will be built at a cost of between \$6000 and \$8000.

The sensation on the stock exchange this forenoon was a further drop of brewery stock, this time to \$18 a share. Two hundred shares were sold at this price to F. A. Wickert, who feels assured that he got a bargain. Another bunch of twenty-five shares was exchanged for Oahu stock at a similar valuation. This is the first time that brewery has sold below par, and it has been as high as \$25. Many of those who are selling are people who, under the present agitation against liquor, do not wish to have their names on the stock books of the brewery.

BARRY HOSPITAL CORPS

(Special to The Bulletin)
Wailuku, Maui, April 10.— Sergeant Barry of the Hospital Corps has done considerable good to the Wailuku Hospital Corps attached to Company I, First Infantry of Hawaii. The Corps, in command of First Lieutenant Dr. R. H. Dinegar, spent two nights camping on the reserve grounds, Iao, Sunday and Monday nights. Tents were pitched to accommodate the officers and fifteen members. The Corps was joined by Captain W. E. Bal's command on Monday evening, and the boys had real camp life. Among those who called at Camp Barry on Monday night were Hon. and Mrs. A. G. M. Robertson, Mr. and Mrs. W. T. Robinson, Mrs. R. H. Dinegar, Mrs. and Miss Hal, Mrs. E. H. Hart, and others. The visitors were taken around the various quarters, especially the commissary department, in charge of Sergeant E. H. Hart.

Private Becker was incapacitated for a while and the men had practical lessons in attending to the sick and wounded.

THE HANDBALL TOURNEY

Webster, the expected-to-be champion in the Y. M. C. A. handball contest, has been relegated to second place, the "unexpected" happening, as usual, and the "dark horse," in the person of J. Baptist, coming to the front and taking away from Webster his prestige as leader. This happened when Baptist, who has come up the line seemingly unnoticed, beat Webster out in their last meet in a very well-contested game. The standing of players up to date is as follows:

Austin White Wins The White Rock Cup

The 27th successive contest in the golf tourney for the White Rock cup took place on Sunday, the 12th, at the Moanalua grounds. Beautiful weather prevailed and considerable enthusiasm was evinced by the many onlookers during the progress of the contest. The result was that this 27th contest was the closing one for the possession of the cup, Austin White (scratch) being a third-time winner, and, instead a stein, the White Rock cup will be hereafter an ornament to the family sideboard. White made his first win at Moanalua, scoring 81 net, with a handicap of 4; the second win was at Haleiwa, score 77 from scratch. W. Simpson had a two-time winner's hold, but did not keep his grip. J. C. Evans took a case of White Rock as second prize. Following are the scores:

Table with columns: Name, 1st Round, 2nd Round, Gross, Handicap, Net Score. Includes names like Campbell, E. M., Evans, J. C., Edmunds, C. E., Fiddes, J., etc.

BASEBALL AT AALA PARK

Baseball, as usual, held the attention of quite a large gathering at this Riverside Park yesterday afternoon and the interest in contests was added to by the music of the band, which played from 1:30 o'clock until the last ball was pitched over the plate.

The contestants in the games were: First, Sweet Violets and Orientals, and in a poorly-played game the Sweet Violets won out by a score of 19 to 6.

The second game of the day, with the band still playing, was between the Japanese Anahis and the Chinese Alohas Jr.; won by the latter by the score of 15 to 6.

Company F of the National Guard defeated a team from the 20th Infantry, U. S. A., by a score of 8 to 6. On Saturday next the final game between these teams will take place, and if Company F holds its own it will be the cup-winner.

AMONG THE FACHTSMEN

Yesterday was an ideal day for the yachting fraternity, a wet sheet and a flowing sea being guaranteed by the prevailing strong northerly wind which lasted all day. Only a few of the yachts are in commission, however, and little advantage could be taken of the auspicious weather.

The Kamehameha made a long run outside yesterday but under a reefed mainsail. Those on board reported having had a highly interesting time by reason of the strong winds. Coming to her anchorage the "Kam" was laid alongside in a yachtmanlike manner. "Wouldn't crush an egg-shell, sir!" being the comment of onlookers.

The Ring Dove, the Newport-rigged catboat owned by Oculist Sanford, did not leave her moorings yesterday, although the wind and weather gave grand opportunity for a try-out. The boat looks as though she is overmasted.

The Pakaona, Lloyd Conkling's lively yacht, ran out as usual during the high winds of yesterday. At went well until by an error of the crew the centerboard pin came out and then something dropped. The yacht was then in the channel and drifting seaward, but Lloyd displayed the P. D. Q. signal and Young brothers' launch went to his aid.

The Hawaii (old) made a run to Pearl Harbor yesterday. The new Hawaii is still on the marine railway, as is also the Gemini.

FOOTBALL FOR JULY 4TH

Honolulu, March 29, 1908. J. T. Mohr, Esq., Chairman, July 4th Committee, Hilo, Hawaii.

Dear Sir:—Upon a former Fourth of July an association football team from Honolulu visited Hilo to play a game against the local team there. If your committee is desirous of arranging such another event I should be glad to bring against you on July Fourth next either a representative Honolulu XI, or if you think that would be too strong for you, a combination calculated to give a good even game. In this latter case I would endeavor to bring the Y. M. C. A. association team, of which I am captain.

I shall in either case be glad to know whether your committee will defray the expenses of the visiting team. Yours truly, L. G. BLACKMAN.

June 14—Sweet Violets vs. Star-Line; Pacific vs. Star-Line.

THE WRESTLERS

"Hans" is resting; or, at least, was enjoying an enforced rest yesterday by the advice of his trainer, Prof. Pete Barron. He goes to work today, however.

Pete Barron, the trainer and instructor of both big Hans and little Roberts, was off his feed himself yesterday, so both of the mat artists had a rest.

Roberts feels very confident of being able to down his man in short order. But then Kauahi thinks that he himself will be the winner, and there you are.

The backer of Roberts has not shown up for the last few days and the editor naturally wonders whether his manager is sick.

This coming wrestling event, if carried out clean and squarely, will tend to bring mat artists into prominence here. There are several good local wrestlers in town.

Pete Barron is a pretty handler of the 190-pound bar dumbbell and so is Roberts, Pete, however, can handle the bell with either or both hands, while Roberts uses his right only. Hans doesn't monkey much with the bell.

Mitsuka and Roberts are looked forward to as very liable to meet in a mat encounter after the coming contest is over.

Will Prestidge is doing good work with Kanne, and the big Hawaiian appreciates it. He is a good and willing worker and Prestidge has his work cut out.

TOURISTS COMING

The Atchison, Topeka & Santa Fe R. R. Co. writes the Promotion Committee, stating that inquiries regarding Honolulu have been coming in from its Eastern agents, and they have booked quite a number of people for steamers leaving during the next few months. He states further that it is a hard matter to get accommodations, even now, on the steamers leaving two months hence.
