By Authority

Sale of Government Lot at Kulaokaha, Honolulu.

On THURSDAY, August 7, 1890, at 12 o'clock noon, at the front entrance of Aliolani Hall, will be sold at Public Auction, one Lot on the block bounded by Beretania, Young and Keamoku streets, Kulaokaha, subject to 10 feet being taken off for widening of Beretania street.

Upset price \$400. The terms and conditions of sale will be cash, or, at the option of the purchaser, one-fourth cash, and the remainder in equal installments payable in one, two and three years, with interest payable semi-annually at the rate of seven per cent. per annum. Other conditions can be ascertained at the Land Office.

C. N. SPENCER, Minister of the Interior. Interior Office, July 3, 1890. 4-3 1330-21

THE DAILY

Pacific Commercial Advertiser.

Be just and fear not: Let all the ends thou aim'st at be Thy Country's, thy God's, and Truth's.

THURSDAY, JULY 17, 1890.

The House seems to be getting down to work in earnest. Political excitement is steadily on the wane, and the prospect of accomplishing something this session begins to improve. The new resolution has already been applied, and its moral effect will perhaps amount to some thing.

A SENSIBLE RESOLUTION.

The resolution introduced by Rep. Rickard limiting the time which may be occupied by any one member of the House is a laudable one, and might profitably have been introduced before. Wasting time in useless talk is the chronic disease of parliamentary government, varying in acuteness according to conditions, but bad enough in its mild forms to make all legislative bodies in all countries a by-word. Our Legislature sins not so much in doing less business in proportion to the time spent than is done elsewhere, for the reverse is rather the case—but in the extraordinary puerility of the discussions with which the progress of business is interfered with. It is a tax to the nerves and the patience of the most insensible to listen to the long debates about nothing which constitute the staple of legislative talk in this country. Nothing is more frequent after a long and wearisome debate which has exhausted the whole House, to find a motion or resolution opposed by no one except the half a dozen speakers who have kept the floor for an hour.

The resolution of Rep. Rickard would certainly be found stringent in other countries, but in this it is certainly absolutely necessary. The temptation to talk every day to the whole country, is one which the average Hawaiian legislative virtue is by no means of a sufficiently Spartan quality to resist, and one which can only be dealt with by preventive remedies, firmly applied. This resolution, if strictly carried out, will keep the weak brothers of the back rows out of temptation.

SUPREME COURT.—JULY TERM.

BEFORE JUSTICE DOLE PRESIDING.

TUESDAY, JUNE 15.

The King vs. Sophie Esser. Larceny. Appeal from the Police Court, Honolulu. Tried before a foreign jury who return a verdict of not guilty. A. Rosa for defendant.

WEDNESDAY, July 16.

The King vs. Ah Chun. Unlawful possession of opium. Appeal from Police Court, Honolulu. Tried before a foreign jury. J. M. Davidson for defendant. The jury could not agree and were discharged.

THIS PAPER IS KEPT ON FILE at E. C. DAKES' ADVERTISING AGENCY, 64 & 65 Merchant's Exchange, San Francisco, Cal., where contracts for advertising can be made for it.

THE LEGISLATIVE ASSEMBLY.

Thirty-Second Day.

WEDNESDAY, July 16.

The House met at 10 A. M. Prayer by the Chaplain. Minutes read and approved.

Rep. Kalua, on suspension of the rules, presented a petition from the Board of Genealogy of Hawaiian Chiefs, asking for \$1,296.66 due them for four months' services prior to repeal of the Act. Referred to Finance Committee.

Noble Crabbe presented petition that road from Iwilei to Puuhale be finished, petitioners offering 10 feet of land on each side. Referred to Finance Committee.

Rep. Cummings, petition for \$10,000 for opening a road from Liliha street to Nuuanu, and from Nuuanu street to Waiohimo. Referred to Public Lands Committee. Also, a petition for \$10,000 for opening a road from Liliha street to Palekai bridge, thence to Fort Street. Also, a petition for \$7,000 for extending Kukui street to Liliha street. Public Lands Committee.

Rep. Bush presented petition from Koolapoko, for appropriations for roads, namely: Pali road, \$35,000; Uwapo to Kanesole, \$3,000; Palekai to Waiehe, \$1,000; Kaalana, \$1,000; Pakole, \$800; Waikane, \$800; Uwapo, \$2,000. Referred to Public Lands Committee.

President Walker asked the Secretary to read the reply of Hon. C. R. Bishop, President of the Board of Education, to questions submitted by resolution of Rep. Kahookano. Enclosed were a list of teachers employed by the Board, a list of teachers imported from abroad with respective lengths of service, and a list of dwelling houses provided for teachers. In answer to the question as to reason for importing teachers from abroad, the reply stated that it was because the home supply was inadequate. The reply was ordered to be printed.

Rep. Cummings moved that Jas. Auld, watchman at Aliolani Hale, be paid \$250 for the two years ending March 31, 1890. Referred to Minister of the Interior.

Rep. Bush moved that, whereas statements have been made in this House that certain persons holding offices in the Interior Department had engaged in conspiracies against His Majesty and the Government, His Excellency the Minister of Interior be requested to state whether it is the intention of the Government to retain these persons in office.

Rep. Nawahi moved that the Education Committee request the President of the Board of Education to lay before the House a copy of the instructions issued to school agents relative to payment of expenses of teachers attending the convention in Honolulu.

Minister Peterson gave notice of a bill to enable trials to be held in the Supreme Court in addition to those in term; also, a bill to provide for inspection of medical establishments of the kingdom; also, a bill to amend the Act to mitigate, etc.

Rep. Waipulani gave notice of a bill to provide accommodation for prostitutes in Honolulu.

The special order of the day was taken up. Consideration of the Appropriation Bill in committee of the whole, Rep. Nawahi in the chair.

Compiling statistics of the kingdom, \$2,400. Minister Spencer said the item was for the purpose of paying the expense of compiling statistics of the different departments. This meant a statistical book, but should be left to private enterprise. He moved it be struck out. Carried.

Messengers, \$2,400. Passed. Bureau of Survey—Salary of Surveyor-General, \$7,000. Passed. Expenses, Bureau of Survey, \$56,900.

Minister Spencer, by request, gave a detailed statement of the expenses making up the item. Noble Widemann, referring to a stated item of \$5,000 for survey of Molokai, said he thought there was an appropriation for this purpose last session. Molokai seemed to be costing a good deal for survey. The House should know more about the expenditures of this bureau, and he moved the item be referred to a select committee.

Noble Burchardt remarked on \$10,000 for surveying homesteads, which seemed a large amount for that purpose. Rep. Wilcox spoke of the bureau as a "family compact" that excluded young Hawaiians who had learned surveying in the schools. The report mentioned the illness of one of the staff as a reason for delay in the work. They should not vote a salary to a man too sick to work; he ought to be pensioned.

Minister Brown, replying to Noble Widemann, said one benefit of the Surveyor's work was the recovery of Government lands held in private hands. Rep. Bush said that the bureau did things without authority of the Legislature. The item should be investigated by a committee.

Noble Widemann criticised the increase of \$15,000 over the appropriation of last session. Noble Kaulhane spoke of the great benefits of this bureau. Before its establishment lands were sold without the respect for the great Reform movement. The Government Survey had cleared up titles and established boundaries.

Rep. Kanealii regarded the money expended on this survey as anything but wasted. Rep. Baker told of employees of the bureau killing time around Hilo hunting turtles on the beach. One of them was nearly killed chasing bullocks in the woods. The motion to refer to a select committee carried.

Registry of Conveyances—Salary of Registrar, \$6,000. Noble Widemann said a great boast was made by the great Reform Government last session over the advantage that was to be had from a change in the system of the office. He thought he told them at the time that it would be seen in the next Appropriation bill, and there it was—"Re-inducing old records, \$3,300." They had better go back to the old system.

Noble von Tempky—to the Gibson system? Noble Widemann—No; nor to the Reform Ministry. I would rather go back to the Gibson system than to the Thurston system. You can bet your bottom dollar on that. Mr. Gibson always acted like a gentleman, which Mr. Thurston never did. Noble Baldwin said Noble Widemann was indulging in personalities and ought to be called to order. Noble Widemann said he had great respect for the honorable Noble in springing to the defense of his friends.

Rep. Brown moved that the committee rise and report the whole Appropriation bill to a select committee. Then that select committee could go to the Government and say, "we will run the whole Government." He would like to know what a committee of the whole was for if it was not for discussing and passing on those items. He wondered whether the honorable Noble had a protegee he wanted to put in that office and pay out of his own pocket. It looked that way.

Noble Widemann disclaimed all personal interest in the matter. Minister Brown saw no reason for sending the items to a committee. Noble Muller would vote the Registrar's salary with the condition that he devote his whole time to the office and do no other business.

Rep. Wilcox was of the same opinion. The Registrar was to be seen wandering round like the ghost of the Reform Party. Passed as in the bill. Deputy Registrar, \$4,000. Passed. Pay of clerks, \$5,500.

Rep. R. W. Wilcox objected to this as another lump sum. Minister Spencer moved the item pass as in the bill, and the great statement of the pay of clerks, ranging from \$75 to \$30 a month, with \$100 for extra hire. Passed.

Incidentals, \$950. Passed. Re-indexing old records, \$3,300. Rep. Bush asked for an explanation, and was referred by Minister Brown to the page in the Interior report where the information was to be found. Noble Widemann moved that the item be struck out, as the late Government promised the Legislature that this work would be done by the staff in regular working hours. Lost.

Passed as in bill. Copying records land commission, \$3,150. Committee took recess from 12 to 1:30.

Afternoon Session. Committee of the whole resumed at 1:35. Bureau of Immigration—Salary of Inspector-General, \$4,800. Passed. Japanese Inspector and Interpreter, \$6,000.

Noble Crabbe wanted to know why the Japanese Inspector got more than the Inspector-General. Minister Brown explained. Under a convention this Government engaged with that of Japan to employ a certain number of these inspectors and the chief clerks. While the Minister of Foreign Affairs this agreement was modified so as to require only one man. The present incumbent, Mr. Nacayama, was very efficient, as his colleague, the former Inspector-General, could testify.

Rep. Kanealii moved \$4,800. Passed as in bill. Incidentals, \$1,600. Passed. Minister Spencer moved to insert, Maintenance of New Hebrides depot, \$3,000. Carried.

Postal Bureau—Salary of Postmaster-General, \$7,000. Rep. Marques moved \$6,000. After the salaries of Chief Clerk of Supreme Court and Chief Clerk of Interior Department had been reduced to \$6,000, he saw no reason why the salary of the Postmaster-General should not be reduced to the same figure. There was only considerable work in the office once in a while on the arrival of mails, the Postmaster-General being able to attend to matters outside the rest of the time, as they had seen.

Rep. Brown moved it pass as in the bill. A difference should be made between the head of a bureau and the chief clerk of department. He did not know whether the honorable member had a banking after the office. It was a mistake to say that there was nothing to do except as a month.

Rep. R. W. Wilcox was in favor of the item as in the bill, until the honorable member compared the office with that of the Surveyor-General. Then he became in favor of reducing the salary. The Surveyor-General required to be a man of scientific attainments, and it would be hard to get one to take the place of the present incumbent; whereas the Postal Bureau could be conducted by a man without any technical ability.

Minister Brown hoped the item would pass as in the bill. The Postmaster-General in the past period had handled over a million dollars of the people's money, and the position was therefore a very important one. In most other countries the Postmaster-General was a member of the Cabinet.

Noble Baldwin said that previous to the past period the salaries of heads of bureaus were \$8,000. If that were a proper salary then, the proposed item should be increased rather than reduced. Noble Widemann said that the salaries of all these bureaus had greatly increased.

Noble Widemann was opposed to reduction. The Postmaster-General had as much work as any official. Besides the work of the Savings Bank branch gets a charge, a large amount, passed through his hands monthly in the money order system.

Passed as in the bill. Pay of clerks, \$33,000. Noble Crabbe asked details. Minister Spencer gave the following list: Bookkeeper, \$150 a month; 1st delivery clerk, \$150; 2d delivery clerk, \$75; 1st registry and parcels clerk, \$125; 2d ditto, \$100; 1st sorting clerk, \$100; 2d ditto, \$75; 3d ditto, \$50; Post-Saving Bank, first clerk, \$200; 2d ditto, \$100; Money Order Branch, first clerk, \$150; 2d ditto, \$75.

Rep. Paeahole wanted to know if the same number of clerks were to be employed in the current as in the past period. Minister Spencer was unable to answer that question offhandedly. Noble Phillips asked why the first clerk of the Savings Bank branch gets \$200 a month, and the bookkeeper and another first clerk only \$150 each. The bonds of both clerks are exactly the same.

Minister Spencer supposed they were paid according to their work and responsibility. Noble Widemann thought the reason was that the bookkeeping was divided between different men in the various branches.

Noble Phillips said everything except the savings passed through the hands of the regular bookkeeper. Rep. Marques moved to refer the item to a select committee. He wanted to know if clerks in all branches were paid on a uniform basis. He had heard of changes in the office, in which clerks were paid less than those preceding them, and where a reduction was made in one case in order to permit of an increase in another.

Minister Spencer said nothing of the kind had been done since he became Minister. Noble Macfarlane did not believe the House or a committee should meddle with arrangements of salaries by heads of bureaus. Such a course would destroy discipline in the services. Still, as the Minister had not been long enough in office to become fully acquainted with the details of bureaus, he thought these items might properly be referred to a select committee.

Rep. Paeahole was in favor of reference. While it would not be right to meddle with the details of management, a committee of the House was entitled to make any inquiries about salaries or anything else of the kind. Rep. Rickard was of the same mind as Rep. Brown in the forenoon, about referring items to committees. Heads of bureaus were responsible to the Ministry, and the Ministry to the House. Anything else was from month to month. If such was the case, the clerks must have a monkey and parrot time of it. The clerks if capable should receive pay at uniform rates. Minister Brown said the last appropriation was \$26,000. The increase of \$7,000 for this period was caused by two new clerks being required for the postal savings bank work, on account of legislation proposed to be passed this session. With respect to the declaration of the rights of the Legislature, in the veto controversy in the session of 1888, the House had the right to refuse supplies to His Majesty, but it might not always be wise to exercise that right. Instead of referring this item to a committee, let the Minister be given time to produce the information. It argued a lack of confidence in the Ministry to be referring these details to committees for investigation, as it was the duty of a Minister to disburse any head of a bureau who conducted his office improperly. Another objectionable feature of the discussion of supplies was the vilification of officials, which to him was a constant source of annoyance and anxiety. Let the House deal with the Ministers who represented every branch of the administration. The House represented the people and held the Ministry to account, and they should stamp down these improprieties. (Applause.) Noble Widemann related to know if the previous speaker said that anything had been heard about refusing the King's salary at last session. He was in the House and never heard such a thing mentioned. Rep. Rosa explained that he had simply spoken of the right of the House by way of illustration. As a matter of fact, the right to refuse supplies to His Majesty was declared on the floor of this House.

Minister Brown moved that the committee rise and report the whole Appropriation bill to a select committee. Then that select committee could go to the Government and say, "we will run the whole Government." He would like to know what a committee of the whole was for if it was not for discussing and passing on those items. He wondered whether the honorable Noble had a protegee he wanted to put in that office and pay out of his own pocket. It looked that way.

Noble Widemann disclaimed all personal interest in the matter. Minister Brown saw no reason for sending the items to a committee. Noble Muller would vote the Registrar's salary with the condition that he devote his whole time to the office and do no other business.

Rep. Wilcox was of the same opinion. The Registrar was to be seen wandering round like the ghost of the Reform Party. Passed as in the bill. Deputy Registrar, \$4,000. Passed. Pay of clerks, \$5,500.

By order of the President. W. G. ASHLEY, Secretary. 151-td

Excursion to Pearl Harbor. On Tuesday morning the yacht Helene in command of Commodore Fred. Whitney, left her dock for Pearl Harbor with the following ladies and gentlemen on board: Colonel and Mrs. Claus Spreckels, Admiral Brown, Major J. H. and Mrs. Wodehouse, Hon. Wm. G. and Mrs. Irwin, Hon. S. and Mrs. Parker, Capt. Remy, Dr. Geo. W. Woods, Capt. W. S. Muse, Lieut. G. L. Dyer and Cadet Cole. Hon. W. H. Cornwell and Mr. Paul R. Isenberg joined the party at Pearl Harbor. The sail down was much enjoyed. The Helene went through the loch leading to Honolulu and coming to anchor, lunch was had on board. It passed off in a very pleasant manner. The vessel then directed her course up to Ford's island and going to Aki's place the party landed. They took a special train over the Oahu Railway arriving in Honolulu about 5:30 o'clock after having had a jolly outing. The Helene after landing the party started for home, struck a leading breeze and came on one tack almost getting to town as soon as the train.

Invitations were issued yesterday for the state ball at Iolani Palace, Friday evening.

LEONHARD & ROSS,

ELLENSBURGH, WASHINGTON.

GIVE NOTICE:

THAT ORDERS FOR "SUNNYSIDE" PROPERTY AT PRESENT MARKET prices must be sent not later than by the "Alameda" leaving Honolulu on the 31st of May, 1890.

One-fourth of the purchase money is sufficient to secure a contract. Price of Inside Lots \$150 00 each. Price of Corner Lots 175 00 each.

The above notice does not apply in those cases where the propositions are already in course of negotiation.

INVESTORS WILL PLEASE STATE:

1st—If they are American citizens. 2d—If not themselves American citizens, but married to the daughter of an American citizen give wife's full name.

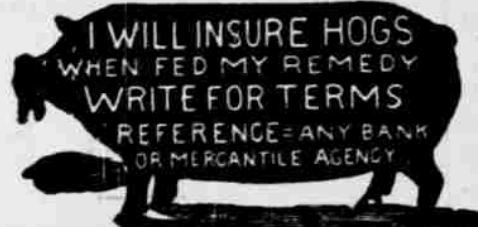

LEONHARD & ROSS, Honolulu Block, Ellensburg, Wash.

DR. JOSEPH HASS'

Hog and Poultry Remedy

A Certain Cure for the Diseases of

HOGS AND POULTRY

1st. It puts your pigs in first-class condition. 2d. It stops cough, and regulates the bowels. 3d. It will keep sows healthy during pregnancy, and superinduce a sound progeny. 4th. It will arrest disease in every instance, if administered before the vital parts are beyond the reach of aid. 5th. It destroys worms and hastens maturity. 6th. It is a thorough preventive. Feeders who use it all the year round have no disease among their swine. 7th. It will repay its cost many times over in the extra pounds of pork it will make without extra feed. Hogs treated with it will gain two or more pounds, while others are gaining one. The reason is it regulates the digestive functions and enables the animal to convert every particle of food eaten into pork, involving no waste. Hundreds of testimonials from breeders in England, Germany, Scotland, Ireland, the United States, New Zealand, and Australia.

TESTIMONIALS:

"Dr. Hass' Hog Remedy is a certain preventive of disease, making pigs thrive well and gain flesh fast. (Ed.) J. N. WALTON, Birmingham, Eng. (Purveyor to H. M. the Queen and H. R. H. the Prince of Wales.) "Our experience has shown that Hass' Remedy will prevent disease in hogs and that the increase in flesh by its use more than covers the cost. "GILLILAND, HACKWORTH & BUCKLES, "Coffeyville, Kansas. "A good investment as a pork producer, to say nothing of its preventing disease. "L. R. WOODS, Keene, Kentucky. "I do not think it safe to be without Hass' Remedy to prevent disease. After a thorough test I am sure it is a valuable medicine as well as a pork producer. "B. F. DORSEY, Breeder Perry, Illinois.

GEO. W. LINCOLN,

THE WELL-KNOWN BUILDER, IS STILL IN THE FIELD AS A CONTRACTOR, and is now better prepared to do any and all kinds of work appertaining to contracting or any other class of work belonging to his trade, in the same good and workmanlike manner as heretofore; having curtailed my shop expenses and still retain plenty of room to do any and all kinds of work appertaining to the building trade that may be entrusted to my care. I am enabled to do the same at very low rates, to suit the extremely dull times, and at the same time bearing in mind that what is worth doing at all is worth doing well.

Thanking the public for past favors, I remain respectfully yours,

GEO. W. LINCOLN.
