## TEN MORE MEN TO BE SUMMONED

## Panel of Federal Grand Jury Proves Lacking.

## SUIT AGAINST BRITISH CONSUL SET FOR TRIAL

## CASES AGAINST HACKFELD CORPORATION FOR VIOLATION OF IMMIGRATION LAWS OVER ONE WEEK.

Owing to deficiency in number of available Grand Jurors, Judge M. M. Estee did not deliver his charge to the Grand Jury in the United States District Court at the opening of the October term this morning.

Two of those summoned had died since the list was drawn. Two or three were not citizens of the United States. One was reported by Marshal Hendry as upon the high seas and Judge Estee feared an attachment might not be served upon him in time.

An attachment was ordered to issue for Willow Baldwin, who failed to answer when called. Another attachment was ordered, but revoked when the juror entered a few minutes late.

Bruce Cartwright was excused as a foreign consul. N. E. Gedge was let off on his plea of business pressure as treasurer of the Inter-Island Steam Navigation Company. J. A. Low was excused on his physician's recommendation to make a trip to the Mainland. A. K. Eldredge said he was not a scholar in English and Judge Estee, though excusing him, told him it was the duty of an American citizen to strive after proficiency in the language of the nation. W. R. Aylett was excused as a member of the Legislature.

John S. Ellis pleaded engagements as a professional musician, but the court informed him the United States Government would pay him \$3 a day, cash, and his duties as Grand Juror would probably be ended by Saturday. "If we left off everybody who is engaged we would lose every good man, for every good man has something to do," the court observed.

The name of Antone Fernandez was dropped on not being answered. Marshal Hendry stating that the summons had not been taken out of the postoffice and there were three of the same name in the directory.

The number unexcused having come down to fifteen, Judge Estee made an order to the Marshal for a special venire of ten men, saying that as some parts of the district were two hundred miles from Honolulu, and there were at least one case for the Grand Jury, the additional men should be summoned from the body of people within the bounds of this island. The Grand Jury was then excused until 2 p. m. to-day.

Fong Sing's appeal from Commissioner E. S. Gill's order of deportation was continued until next Monday, as were the three criminal informations against H. Hackfeld & Co., Ltd., for refusing, as agent of steamships, to return rejected immigrants to the country whence they came.

The Ah Tin bankruptcy hearing was continued till Friday. M. Rosenberg's suit to recover from British Consul W. R. Hoare the value of supplies furnished to a shipwrecked crew was set for trial at 2 o'clock to-morrow. It is not a jury case.

# AUSTIN DEMANDS IT

Herbert C. Austin will institute a suit in the Circuit Court for a writ of mandamus against Attorney General E. P. Dole, High Sheriff A. M. Brown and Deputy Auditor Henry C. Meyers, commanding them to admit him to the office of the Auditor of the Territory, with the custody and control of and over its records and equipments, and to cease their acts forcibly excluding him from such office. The declaration of the complaint to be filed today or tomorrow are to the following effect:

1. That at all times mentioned therein the plaintiff was and is now Auditor of the Territory of Hawaii, to which office he was nominated and commissioned by the Governor in the year 1900 and confirmed in said position by the Senate of the Territory in 1901.

2. That the office of Auditor was created by Act of the Congress of the United States and that the nomination, commissioning and confirmation of plaintiff to and in said office were respectively made and done by virtue of such Act, entitled, "An Act to provide a government for the Territory of Hawaii"; that plaintiff's tenure of office as such Auditor is fixed by said Act, and that he is removable therefrom only by the Governor of said Territory, acting by and with the consent of the Senate of the Territory.

3. That at all times mentioned since his appointment the plaintiff held and discharged the duties of Auditor, and had the custody and control of the rooms and offices wherein the duties of said office are usually performed, to wit, in the Executive building in the city of Honolulu, and had the case, custody and control of the books, records and other equipment of said office, except that and until, to wit, the 27th day of September, 1902.

4. That on said last mentioned date the said defendants, Dole, Brown and Meyers, held the offices respectively of Attorney General, High Sheriff, and Deputy Auditor.

5. That on said 27th day of September said defendants unlawfully concerted and confederated, each with the others, to the end and for the purpose that they would unlawfully and with violence and force of arms exclude said plaintiff from the rooms and premises pertaining to the plaintiff's said office of Auditor, and thereby unlawfully, violently and by force of arms prevent said plaintiff's entry into said rooms and office, and prevent his access to and his custody and control of and over the books, records and other equipments of his said office, and thereby also by force and violence prevent and exclude plaintiff from the enjoyment of the privileges and emol-

ments, and from the exercise of the duties and functions of his office as said Auditor, and that said Meyers should and would thereupon take and hold possession, custody and control of said rooms, and of the books, records and equipments of said office of Auditor, and that said defendant Meyers should and would thereupon and thereafter, acting in concert with his said confederates, continue to exclude plaintiff from said office, and from the enjoyment of the privileges and emol-ments and from the exercise and discharge of the duties thereof; and to the further end and for the further purpose that he, said defendant Meyers, should and would thereupon and thereafter, usurp and take possession of the said rooms, books, records and equipment, and thereupon and thereafter exercise and perform the duties and functions of said office of Auditor of said Territory.

6. That thereafter, in pursuance of the intent and purpose of their said unlawful concerting and confederating together, said defendant Brown, acting therein as such High Sheriff, and under and in discharge of instructions to that effect from said defendant Dole, and the said Dole, acting therein in his office and pretended authority as Attorney General of said Territory, did place certain police officers at and

outside of the doors whence alone plaintiff could gain admission and entry to the said rooms of the said office, and access to the books, records and equipment thereof, and opportunity to perform and discharge the duties of his said office of Auditor, and being so placed, said officers did then and there, at the instruction and instigation of said defendants, unlawfully done and given by them in the premises, forcibly and against the will of this plaintiff, exclude plaintiff from said rooms, and from each of them, and from the possession, custody and control of the books, records and equipment of plaintiff's said office as such Auditor, as aforesaid; and from all opportunity to perform or discharge the duties and functions of said office of Auditor, or any of said duties and functions.

7. That in further pursuance of said unlawful confederation so entered into by said defendants, said defendant Meyers usurped and took possession of the said rooms, books, records and equipment pertaining to plaintiff's said office of Auditor; and that thence to the present time said Meyers has continued, and he now continues, to hold possession of said rooms, books, records and equipment, to the entire exclusion of this plaintiff therefrom; and that said Meyers has, ever since

the acts hereinabove first recited and complained of, assumed and he now does assume to act as Auditor of said Territory, and to perform and discharge the duties and functions of said office of Auditor, and that said defendants Dole and Brown, further acting in unlawful concert and confederation with defendant Meyers in the premises, have, ever since the acts herein first recited and complained of, maintained, and they do still maintain, and without the entrance to said rooms a guard of police officers for the purpose of excluding this plaintiff from said rooms, etc.; and they have during last named period, by force, prevented, and they now by force prevent this plaintiff from exercising or discharging his duties and functions, or any of his duties or functions, as such Auditor of said Territory.

8. That in all the acts and doings of said defendants as herein recited and complained of, they assume and pretend to have acted and be acting under instructions from the Governor of said Territory, and they claim that said Governor, on or about the 25th day of September, 1902, suspended this plaintiff from his said office of Auditor of said Territory, and that, because of such pretended suspension,

## REPUBLICANS ARE OUT FOR BLOOD

## Big Meeting Arranged For Pearl City Tonight.

## SOMETHING OF PRINCE'S WORK ON GARDEN ISLE

## WHAT WILCOX IS DOING ON ISLAND OF HAWAII—PRINCE CURIOUS TO MAUI TOMORROW.

Prince Jonah Kalaiananoʻole, Republican candidate for Delegate to Washington, accompanied by Rev. Stephen L. Desha of Hilo and Representative R. H. Makekahu, returned from Kauai in the W. G. Hall Sunday morning after a very successful tour of the Garden Isle in the interests of the Republican party. All three of the politicians report that from what they saw and heard during their trip, they feel sure that Kauai will go Republican. This is strengthened by letters received from residents of the Garden Isle who are working hard for the success of the Republican party at the polls on November 4.

Hanalei Meeting.  
The Prince and his party landed at Nawiliwili on Sunday morning of last week and went over to Hanalei in carriages. A big meeting was held during the day on Monday. It is estimated that there were in the neighborhood of four hundred people present at this meeting. In the evening, there was another meeting in the church and at this there were not less than two hundred present. The Prince was most enthusiastically received. It was at Hanalei that he called upon all those who intended to vote the Republican ticket to stand up and that the whole audience arose.

Around to Waimea.  
On Tuesday night, a meeting was held in Kealia that was also well attended. This completed, the party left at once for Lihue and then went around to Waimea where the smallest meeting of the trip was held. This is a Home Rule stronghold and the speakers of the Republican party were surprised to see even as large a number as the one that did turn out.

On Thursday, there was a rousing meeting at Koloa and the successful trip was ended at Lihue with a big meeting on Friday night. On Saturday there was speckmaking at the landing for both the Hanamaulu and Nawiliwili people and in the afternoon, the party took the steamer for Honolulu.

The universal verdict seems to be that all of the island with the exception of Waimea will go Republican. Waimea stands as firm as a rock for the Home Rule delegate.

To Maui Tomorrow.  
The Prince will go to Maui on tomorrow's steamer and will land at Lahaina. Once on Maui, the Prince will put himself in the hands of the Republican leaders of that place who will arrange his itinerary for him. The Prince will have from the 14th to the 25th on Maui. He will get back here on Saturday.

## COMPROMISE IN SIGHT

## SUMNER CASE OVER FOR ANOTHER DAY

## JUDGMENTS IN DIVORCE AND DEBT CASES—SUPREME COURT BUSINESS—SIX DEMURRERS.

At the opening of the Circuit Court at chambers before Judge De Bolt this morning, J. Alfred Magoon for the petitioner asked for a further continuance of Maria S. Davis vs. John K. Sumner, petition of next friend to have defendant placed under guardianship as incompetent. He stated that Mr. Sumner and his sister, Mrs. Davis, had resumed their former cordial relations with a probability that the controversy would be amicably settled.

Judge De Bolt presumed that if the petition were dismissed at the request of the plaintiff, the sanity of the respondent would thereby be legally established.

As the petition was brought for the avowed purpose of having the guardian sought to be appointed resist the injunction suit of the Oahu Railway & Land Company to compel the Bishop of Panopolis, trustee for Sumner, to specifically perform a contract of sale of Honolulu harbor property for \$100,000. It remains to be seen whether the compromise of the guardianship matter will be followed by resistance on the part of Sumner in his own person to that consummation.

Albert K. Nawahi vs. Hakalau Plantation Co. was on hearing before the Supreme Court this morning. Magoon & Peters, J. Lightfoot, C. W. Ashford and T. I. Dillon represent the plaintiff, and B. L. Marx of Hatch & Silliman appears for defendant.

Judge Robinson gave judgment of \$36.25 in favor of W. W. Wright against Henry Bryant.

Mary H. Bailey was granted a divorce against George H. Bailey by Judge Gear.

Each of the six defendants in the equity suit of C. A. Brown vs. Alfred W. Carter and others has filed a demurrer by Robertson & Wilder, attorneys for defendants.

Vote for Camara, Independent candidates for the Fourth District.

## POLICE AND CHE FA

In the Police Court this morning Ah Choy, Au Chee and Kuratu, charged with having chee fa tickets in their possession, had their cases discharged.

Attorney Brooks appeared for the two Chinese defendants, while Attorney Chillingworth appeared for the Japanese. The section of the Penal Laws, under which the defendants were arrested, states that it must be proved that the tickets are "depending upon the event of a lottery" and it was upon the prosecution's being unable to prove this that the defendants were dismissed.

The police are at present entirely at sea with regard to che fa on account of this phrase in the section. While they may catch men with tickets, which can be proved to be che fa tickets, it is impossible to prove that they depend upon the event of a lottery, so that the defendants can always manage to get out of it.

The police are aware that the che fa is at present rife all over the city, but on account of this peculiar phrase in the section, they are powerless, as any man arrested in the possession of che fa tickets can always wriggle clear of the charge in the manner of the defendants this morning.

It is therefore the hope of the police that the coming Legislature will amend this section of the law in such

## LOUIS CARRIED RAZOR TO TAKE POSSESSION

Louis, a gentleman from sunny Mexico, was sent to jail for two months by Judge Wilcox this morning for carrying a razor.

Last Saturday night a policeman had arrested a couple of men near the Au Leong block in Kakaako and taken them away. A short time later, Louis appeared on the scene and on learning what had taken place, began instructing some natives in the crowd with an edifying lecture as to what he would do to any policeman who tried to arrest him. He illustrated his lecture by slashing the air with a razor to show just the best way of slicing a policeman.

A couple of the natives put Patrolman Pearson onto the performance and Pearson gave Louis a chance to show what he could do. Louis, however, failed to connect and was landed in the lock-up without much trouble.

The wireless telegraph service is now open for business to Mahukona and all points on Hawaii and Maui. Telegrams will be received at the Inter-Island Telegraph Company's office, 14 Kaahumanu street.

A VERY ROUGH TRIP

NOEAU HAS A BAD TIME AT HAMAKUA

HEAVY SEAS AT KUKUIHAELE SEVEN-TON ROLLERS THROWN FROM THEIR POSITION AND WEDGED IN.

The steamer Noeau had an exceedingly rough time on her last trip up to the Hamakua coast. She arrived off Kukuihaele early Friday morning with ninety Japanese laborers for Kukuihaele plantation. The sea, however, was so rough that landing them would not be thought of although there was only a light trade wind blowing the swell which rolled in in enormous waves, was heavier than has been seen in even that vicinity for a long time. As a consequence the steamer had to put back to Waipio gulch and lie there until the sea moderated. An illustration of how large the waves were can be had when it is known that while the steamer was lying off Waipio, the waves at times were so high that the donkey engine house on the bluff at the Kukuihaele landing was hidden from the steamer people's view.

The storm did not pass without doing damage. Four seven-ton rollers had been piled on the rocks by the landing ready for shipment. Despite their enormous weight the heavy pieces were thrown from their position by the waves and wedged so tightly among the rocks below that it will require considerable labor to get them free again.

Besides this four two-ton pieces were carried by the waves clear into the ocean so that they are lost beyond recovery.

On Saturday morning the swell moderated considerably and the steamer was able to land the Japanese.

Y. W. C. A. WORK.

The gymnasium class of the Y. W. C. A. will meet promptly at 7:30 o'clock this evening. Miss Bacon, the gymnasium instructor, requests that members come early so that they may be dressed and on the floor at the hour designated.

After the gymnasium class, D. L. Van Dine of the U. S. Experiment Station, will lecture on the blights and pests of Hawaii. Men as well as ladies are invited to this lecture.

At 2:30 o'clock tomorrow (Tuesday) afternoon, Mrs. T. H. Gibson's embroidery class will meet in the Y. W. C. A. rooms and at 5 o'clock Mrs. Joseph Richards will conduct the Bible class that was recently organized. All members of the association as well as outsiders are invited to attend this meeting.

TENNIS SEMI-FINALS.

The semi-finals in the singles tournament of the Beretania Tennis Club will be played this afternoon, beginning at 4 o'clock. The first match will be between F. H. Atherton and L. King at 4 o'clock and the second between S. H. Derby and A. R. Cunha at 4:30. The odds are that Atherton and Cunha will be the winners and will therefore have to meet each other in the finals. In the matches of Saturday afternoon there was one draw and two very good exhibitions. Derby beat Thompson, 6-0, 6-0. The splendid driving of Derby was the feature of this match. In the second match, L. King beat C. Carter, 6-2, 6-1. Atherton qualified for the finals by a default from Babbitt.

PRINCE OF AGE.

John F. Colburn comes out with the following information regarding the age of Prince Jonah Kalaniano'ole, which certain political opponents have been announcing around on the street corners as being 28 and no more: For the information of inquiring voters you can say in your columns that the Bible record of the late Queen Dowager Kapiolani states that Jonah Kulu Kalaniano'ole was born March 26, 871. Consequently he is eligible as a candidate for election as our Delegate.

Yours truly, JOHN F. COLBURN.

SATURDAY'S HORSE RACE.

In the match race at Kapiolani park Saturday afternoon between Hollinger's Racery and H. A. Jaeger's Racine Murphy, the former horse won in 49 1/2 seconds. The horses were sent away by C. B. Wilson and Jack Gibson. Murphy had a shade the best of it in the beginning of the half-mile race but at the seven-eighths Racery passed the other horse and finished about a length ahead. There was but little betting on the event and only a small crowd went out to witness the event.

### WILCOX'S FOUR HUNDRED

Editor Evening Bulletin:—After so much has been said about the \$400 which is to be paid to me because Dr. Sloggett is unable to prevent it, I feel that perhaps a fair minded public would like to hear my side of the story—even if it is somewhat of a long, dry story.

When the cholera epidemic broke out here in Honolulu the latter half of 1895, I was then secretary of the Board of Health. For over two months I worked night and day with others of the Health Office force doing such work as was required in suppressing the epidemic. During the height of the epidemic I slept in the office rarely going home to bed, working sixteen hours a day, week days, Sundays and holidays, and doing the necessary clerical work, except letter writing, with but one poorly paid assistant. Nobody received extra pay and everybody was satisfied. After the epidemic the chief went on a vacation to recuperate, but poor Philgarie only got lots of experience, no vacation, and perhaps the gratitude of some of our citizens who have died since then.

Two years later Mr. R. W. Meyers, superintendent of the leper settlement, died; government wanted to economize and would not appoint another superintendent. It was found that all the work incident to the management of the leper settlement and feeding its 1100 unfortunate could be economically directed from the Health office. Part of this work fell to the executive officer and incidentally \$50 a month was added to his salary. Part of it—the entire clerical work—fell on me, and compelled me to work on Sundays, to eschew church going for the examination of dry leprosy accounts, and this burden was not softened by receipt of additional pay. A suggestion that extra pay would be welcome met with but indifferent interest, and a statement that it required an act of the Legislature to increase the emoluments of the secretary of the Board of Health.

Fortified with this information I presented my bill to the last Legislature under the Republic and it failed to pass, on the ground, I was told, that to pass the same would be establishing a bad precedent, although the same Legislature with admirable inconsistency voted extra pay to a clerk in the Finance Office for "night work." Perhaps they refused mine because they did not want to encourage "Sunday work." Yet in trying to faithfully perform the duties of the office I had to work regularly Sundays from June, 1897 to April, 1900—without extra remuneration—when the office of superintendent of the leper settlement was again restored.

Dec. 12, 1899, bubonic plague broke out in Honolulu, and any man who had anything to do at the Health office in those exciting days can bear witness to the fact that from 8 a. m. to 10 or 12 p. m. week days, Sundays, holidays, for four long, weary months until the quarantine was raised, April 15, 1900, I was to be found at work in the office of the Board of Health, performing the duties required of the office I then filled. If those duties were not faithfully performed it is up to Dr. Sloggett to make the charge and specification or shut up. In view of these facts and of the additional fact that other regular officers of the Board were allowed extra pay for doing extra work does Dr. Cooper still consider it remarkable that a "Home Rule Legislature" should honor any claim for extra compensation?

Now, this same Legislature declined to confirm the Board of Health then in office and singled out Dr. Cooper as a man of some particular influence over them by doing him the special favor of confirming him after turning down all the others. This act is certainly more remarkable than passing a mere claim for compensation, and in publishing uncalled for expressions of contempt for the law making body the doctor has simply shown himself to be an ingrate.

Thanking you, Mr. Editor, for your valuable space, I remain,  
 Yours truly,  
 CHAS. WILCOX.  
 Honolulu, Oct. 12, 1902.

**PRACTICE MUST CEASE.**  
 Honolulu, Oct. 9.—Judge Little has decided that the old right of a defendant in a criminal case to appeal to the Circuit Court in mitigation of sentence has no authority in law. For many years it has been the practice for offenders to take an appeal from the District Court to the Circuit Court for a reduction of the sentence. For this proceeding there has not been any provision of law, but it has existed as a matter of custom.—Herald.

Ex-Speaker Thomas B. Reed has a notable collection of cartoons of which he was the butt. He is particularly fond of one which hangs conspicuously in his library—the first in which his face and figure were portrayed. It appeared in Harper's Weekly in the '70s. "When I saw that cartoon," he says, "I felt that I had 'arrived'—not at the summit of political success, of course, but that I had at least reached the top of a foothill."

### GERMANS ENTERTAINED

The Honolulu Symphony Society entertained right royally the officers of the German corvette Cormoran at their club rooms, corner of Hackfeld and Prospect streets, Saturday night. Besides the officers of the German man-of-war, there were present a large number of the prominent men of the city, among them being consuls of various countries.

The club rooms were very tastefully decorated for the occasion. Flags of all nations formed one of the principal features of the decorations. Pictures of German rulers and the foremost musicians of the country were artistically displayed on the walls. In the assembly room there was a large table laden with everything that brings gladness to the heart of the smoker. There were also a great supply of steins which were kept busy during the evening.

When the principal numbers of the concert had been rendered, President Kopke of the society arose and, with stein in hand, welcomed the visitors on behalf of the German colony of the city. He spoke very feelingly of the flag of the Vaterland and the love felt for it by those whose homes were so far away from the mother country.

Oberleutenant von Musch responded for himself and his comrades. He spoke of the pleasure it had been to everybody aboard the ship to stop here and the joy that the officers felt in being so kindly treated by the representative men of the German colony. At the end of his speech he called for three "hochs" for the Germans of Honolulu. At this, all the visitors arose and sent three resounding cheers up the slopes of Punchbowl.

The vocal numbers on the program of the evening were given by a double quartet. After the regular program, a string quartet played a selection from Kuttner. The program included the following: "Bridal Procession" (R. Wagner); "Das Deutsche Lied" (Kalliwoda); "Symphony in G Minor" (Mozart); "Storm Conjunction" (Durrner); "Intermezzo Sinfonico" (Mascagni); Waltz—"The First Invitation" (Voelcker). At the conclusion of the festivities the whole company stood and sang "Die Wacht am Rhein," after which came the "Star Spangled Banner."

### TAXES ON CATTLE BY HAWAII BOARD

Hilo, Oct. 10.—Tax Assessor N. C. Willifong, H. L. Ross, T. C. Ridgway and M. M. Springer returned by the Claudine from a trip to Kohala, where they attended the Tax Appeal Court adjusting some fifteen cases. The court was made up of Messrs. Tulloch, Augnat and Adkins. Mr. Ridgway went as counsel for the Assessor, Mr. Ross represented the Waihoiua Agriculture and Grazing Company, appellants, and Mr. Springer served as stenographer for the court.

The only case tried was the one above mentioned, the others being compromised on the basis of the verdict in the one case. All the appeals were from assessments made on herd cattle, which, upon instructions from Honolulu, were arbitrarily fixed at \$15 per head. The verdict of the court was a reduction from this flat rate to \$12 and \$10.50 per head. The various other appellants were settled with upon the same basis.

These are the first cattle assessment cases to be adjusted and there are many others pending which may be influenced by this decision. Assessor Willifong has lost in the appeals, but it figured that if the Board at Honolulu had not fixed an arbitrary rate for the taxation of all cattle, the Territory would have received more money in taxes and had fewer appeals. There is a vast difference in the value of steers as any one knows who has walked through a cow pasture. Mr. Willifong knows the values of Hawaiian cattle, and if free to fix these values himself, would doubtless come close to the proper line and avoid expensive adjustments in court.—Tribune.

**MRS. M'BRYDE'S FUNERAL.**  
 The funeral of Mrs. Douglas McBryde took place in Kohala, the birthplace of the deceased, on Wednesday, October 8. The services were held at 4 o'clock in the afternoon in the church of St. Augustine, the Rev. Canon Kitchin officiating. Long before the time set for the services, the church was filled with the relatives and friends of the deceased and her family. As the body was being laid away in its last resting place the hymn "Peace, Peace, Peace" was sung.

Dr. Ah Sam, a Chinese physician of Leavenworth, Kan., has announced that he will be a candidate for coroner on the Democratic ticket, and he is likely to be. He is 42 years old. He was born in Southern China, and he came to this country when he was 21 years old.

San Francisco, Sept. 25th, 1902.

To the Hawaiian Electric Co., Ltd., Honolulu, T. H.

Gentlemen:—We have almost completed our contract for fire-proofing the Young Building in Honolulu, Hawaii, on which building we have used Westinghouse motors, furnished and erected by you for all of our hoisting purposes, also for machinery for mixing concrete and the same have given perfect satisfaction in every respect. In fact, we find that the electric power and appliances have been much cheaper for us than either steam or gasoline. This is proven to us by the fact that we have used both steam and gasoline on different buildings on the Coast and other places, with greater cost for doing the same class of work. We have used your motors for over seven months and were only delayed once for about twenty minutes, which delay was caused by lightning entering your station and shutting down all machinery.

We deem it a great pleasure to recommend your electric power and apparatus to any one doing similar work and believe that it would give satisfaction in any other class of work where either steam or gasoline power could be used.

Thanking you for the courteous treatment we have received from you during all our business transactions, we remain, yours very truly,

### NOT AN INFORMER

Editor Evening Bulletin:—In your issue of the 9th inst., you unwittingly do me an injustice and place me in a very bad light before the public. I do not care to pose as an informer. Your reporter has evidently been misinformed. I never did inform on the lady mentioned or on any other person and I refer you to the High Sheriff or any other official of the police force for confirmation of my statements. Neither have I a beer license, nor do I live at Ewa. If, as you say, I fell into a pit, it was not of my digging. By inserting the above article you will oblige, yours truly,

### A CONSTITUTIONAL POINT.

Hilo, Oct. 9.—By the decision of Judge Little in the case of Central Meat Market vs. Frank Winter, Act 44 of the Laws of 1898 is declared unconstitutional and void. The plaintiff obtained judgment for ninety-one dollars in the District Court and Ridgway & Ridgway, for the defendant, took advantage of Act 44 of the Laws of 1898 and appealed to the Circuit Judge at Chambers. Smith & Parsons, for the plaintiff, moved that the act in question brought the case to a court in which there is no provision for a jury trial. Judge Little dismissed the defendant's appeal and remanded the case back to the District Court. The decision is based upon Amendment VII of the Constitution of the United States, which provides that the right of trial by jury shall not be denied in any case where the amount in controversy is more than twenty dollars. Under this section of the Constitution no person can be deprived of the right to a jury trial in civil cases where the amount in question is more than twenty dollars.

The dismissal of the defendant's appeal permits the judgment for plaintiff to stand. The defendant has allowed the time for appeal to the next term of court to pass and so cannot have the case re-tried.—Herald.

MONDAY, OCTOBER 13, 1902.

Prince Cupid is of age and has registered. Are there any more campaign canards the opposition parties want refuted?

Kansas army maneuvers that got stuck in the mud have furnished realistic examples of actual warfare which show war games to be something more important than play.

The complaint of the Chicago coffee dealers that they do not get what they pay for when handling South American products could easily be obviated if they would do business with Hawaiian coffee growers.

It is within the range of possibilities that amendments to the Organic Act will be under discussion in Washington during the time the local courts are making an interpretation as a result of the Austin suit.

President Roosevelt's failure to accomplish anything in the settlement of the great coal strike causes many to wonder whether Mark Hanna who did so much for McKinley in this line, is taking a vacation.

The prominence given Pearl City as a political rallying point is a forerunner of its future greatness when Pearl Harbor business opens up under the impetus of a million or two of dollars appropriated for Federal work.

Don't get it into your head that just because you have registered there is nothing more for you to do but vote on election day. Every citizen should constitute himself a committee of one to help the cause along during the campaign.

The pleasant social events in connection with the visit of the German corvette Cormoran furnishes sort of a Hawaiian echo of Prince Henry's visit to the Mainland. Our little Territory is somewhat late in the day, but has done its best to make up for lost time.

The ablest financiers of the Territory express the opinion that the full measure of benefit from improved sugar prices will not be felt in Hawaii till our next sugar crop is marketed. Meanwhile, however, the people can obtain no small amount of enjoyment in watching the steady return of confidence which foreshadows the good times coming.

The fusion forces are saying Prince Cupid's meetings on Hawaii were not as large or enthusiastic as represented. As "large" and "enthusiastic" are elastic terms there is no need to waste time fighting over the exactness with which they are used, since Cupid's meetings were large enough and sufficiently enthusiastic to assure him a good majority of the votes on the Big Island.

The Chicago Federation of Labor taking up the position labor should take in politics has framed a tentative platform of which the following are the most striking planks: "The nomination of candidates for office by petition; the initiative and referendum; a combined state and national control of trusts; providing for surrender of charters upon proved failure to comply with terms of franchise; the formation of vigilance committees to see that laws are impartially administered; the abolition of contract labor in penal institutions; the limitation of the power of injunction; majority verdicts by juries in civil suits; the restriction of the capital stock of corporations to the actual value of property owned by such

concerns; the recall of any legislative representative, state or national, who fails to carry out the wishes of his constituents, and municipal ownership of public utilities." One of the most remarkable features of the program laid out by the Federation is the tendency toward a class of citizens which is considered and is indeed one of the chief exponents and defenders of individual independence.

PUBLICITY'S AID TO JUSTICE.

It is safe to say that in no city in the United States do the officials more frequently withhold information "that justice may not be defeated" than in Honolulu. "Publicity will defeat justice" has come to be the stereotyped phrase of some of the local departments when dealing with measures instituted to apprehend criminals. Officials appear to forget that criminals are always on their guard, and while secrecy may add to the glory of detectives if the criminal is brought to book and not detract from it in the public mind if he escapes, publicity to a great extent adds to the numerical force which officers of the law have at their command for bringing wrongdoers to account.

A writer for the Washington Times presents a plea in favor of publicity in dealing with crime which is a very sensible and practical view. He says: "Every reader has read the expression that in order that the ends of justice may not be interfered with, the facts in a given case are withheld from publication. The day was when police officers everywhere tried to keep the crimes committed in their jurisdiction out of the press on the ground that publicity would ruin the chances of catching the criminal. They held that the criminal read the papers, and that they kept in touch with the efforts that were being laid for his capture; that when he saw the trap he would take care not to step into it. But that view of it is rapidly changing.

"The triumph of the press in bringing men to justice, even in many cases, after the efforts of the officers of the law had proved futile, after these officers had found themselves at their wit's end, have served to show that the press, as a helpmeet to the officers of the law in bringing criminals to justice, is a force that is not to be treated slightly. It has brought about an era in which it is recognized as a great aid in the detection of crime, and save in exceptional cases, the officers of the law find it wise to take the newspapers into their confidence and make them an ally in the process of bringing criminals to justice.

"Publicity makes every reader of the press a sort of detective. A great crime is committed. The papers herald the fact to every nook and cranny of the country. They publish the circumstances in such a way that everyone at once becomes interested in the affair. If the perpetrator of the crime is known, descriptions of him and pictures are strewn broadcast, through the press, and unconsciously the people begin to play the role of private detective, making it impossible for the offender to hide.

"I recall a case in point. A woman from my town went to Richmond to seek treatment in a hospital. She disappeared on her arrival there, and though her husband employed the best detective skill in the country, nothing would avail to discover her whereabouts. The husband then hit upon the expedient of publishing her photograph in the newspapers. One morning a copy of a Philadelphia newspaper found its way into a small home in a Pennsylvania mining town, bearing the likeness of the missing woman. In that home was a servant girl who had found employment and shelter under that roof a few days before. The likeness between her and the picture was indisputable. It was the means of restoring her to her husband, whom she had, in a fit of mental aberration, deserted several months before.

"Again, if a criminal be not known, the publication of the evidence so far as it is in the hands of the officials tends to bring in the missing links from the public, if there be such. In this way many a criminal is brought to justice who would have never felt the toils of the law tighten around him had it not been for the press, and the publicity it gives. In this way the press serves the people, as well as in a thousand and one other ways, which make it one of the strongest forces of modern civilization."

PURE FOOD LAW NEEDED.

[Galveston News.] Here are a few of the things found on our tables and sideboards every day that cities that support a chemist have condemned upon analysis as especially harmful: Butter sweetened or kept sweetened by boracic acid and chemically colored; jam, jelly and preserves not even distantly acquainted with fruit, made up wholly of gelatine, glucose and chemical coloring and flavoring; tea made by mixing magnetic oxide of iron with tea dust and rolled by means of starch into pellets resembling genuine tea; chemical vinegar, catsup and table sauces containing no vegetable matter whatever; pickles made green by a preparation of copper; wines sweetened with glucose; beers rank with salicylic acid, whiskeys diluted with proof spirits and artificially beaded with sulphuric acid and smoothed with olive oil. Is it not about time for the passage of a first-class pure food law?

Charles T. Yerkes is credited with saying that men are in their apprenticeship until they reach the age of forty and that a business man is not ripe until he is ten years older than that.

VESTED RIGHT OR NOT

POINT UPON WHICH FISHERY CASES TURN

BRIEF BY COUNSEL FOR TERRITORY TO CONTOVERT THREE GROUNDS ADDUCED BY CLAIMANTS.

Robertson & Wilder, attorneys for the Territory of Hawaii, defendant, have filed a brief of 19 typewritten pages in the suits to establish fishery rights of the B. P. Bishop Estate and S. M. Damon.

Section 95 of the Organic Act provides as follows: "That all laws of the Republic of Hawaii which confer exclusive fishing rights upon any person or persons are hereby repealed, and all fisheries in the sea waters of the Territory of Hawaii not included in any fish pond or artificial enclosure shall be free to all citizens of the United States, subject, however, to vested rights, but no such vested right shall be valid after three years from the taking effect of this Act unless established as hereinafter provided."

Section 96 provides for the bringing of suits in the Territorial courts to establish such vested rights where they may exist. The fishery right law as it existed at the time of the passage of the Organic Act is embraced in Chapter 84 of the Penal Laws. Section 1452 provides that the fishing grounds out to the reefs or one mile from the beach shall be considered the private property of the konoihiki, subject to certain reservations. Section 1453 provides that the konoihiki shall hold the fisheries for the equal use of themselves and their tenants subject to restrictions imposed by law. Sections 1454 and 1455 provide that the konoihiki may take certain fish for their exclusive use. Penalties are provided for the violation of rights of konoihiki and tenants.

The controversy in the cases at bar turns upon the question whether the right set up by the plaintiffs is a vested right within the meaning of the Organic Act. "It seems to be clear," say the attorneys for defendant, "that the question for defendant, 'that the question whether the plaintiffs have a vested right depends upon whether the statute amounts to an executed contract, or grant, for if the statute merely conferred a privilege or license that privilege or license would terminate with the repeal of the statute and there could be no vested right."

The argument of the brief is to show that the enactments relating to fisheries cannot be construed as a grant or as creating any contractual relation. The absence of specific description or bounds, the mention of no grantee and the lack of specification of the nature of the estate are related to show that the Hawaiian exclusive fishery laws, carrying out a declaration of Kamehameha III, in 1839, do not create vested property.

There is argument intended to controvert the claim of plaintiffs that they have vested rights upon either of these grounds, viz: as an appearance to their land, by prescription and through custom.

this plaintiff is not now, and was not, at the time of the doing of any of the acts herein complained of, entitled to have access to said rooms, books, records and equipment, or to exercise or discharge the duties or functions of said office of Auditor.

9. But plaintiff alleges that said Governor has no authority in law to suspend the Auditor of the Territory from the exercise and enjoyment of his official duties, privileges and emoluments, and that said pretended suspension of plaintiff from said office was ultra vires and void.

10. And plaintiff alleges that, in law, such power of suspension of said Auditor, rests in said Governor. It can be exercised only for some one or more of the causes set forth in section 8 of Act 39 of the Session Laws of 1898 of the Republic of Hawaii; and that such Auditor, before such suspension can be legally made, is entitled to receive notice of the charges. CHILDREN'S ENDOWMENT INSURANCE

Mutual Reserve Life Company's Plan Third Largest Mutual Legal Reserve Insurance Company in the State of New York.

ENDOWMENT Insurance for young children is not a novelty in life insurance, but the MUTUAL RESERVE LIFE has adopted three plans to meet this demand. Under all forms the age is limited to children of from two to eleven years of age and the policy is payable at the age of 21. The cheapest form of policy has an annual premium varying according to age from \$1.00 to \$25.00 with no return of premiums if the child dies before the policy matures at the age of 21. The second form, with an annual premium ranging from \$2.00 to \$30.00, stipulates that in case the child dies before the policy matures the full premiums with 3 per cent interest are to be returned.

which, if true, would constitute one or more of the causes for which alone he may be so suspended, with an opportunity to be heard his defence against such charges, and that after such hearing, such Auditor may not be legally suspended until he shall have been found guilty of some one or more of the offences mentioned in said last recited section, and which alone constitute a cause or authority for his suspension.

11. And plaintiff avers that, prior to the said pretended suspension of this plaintiff from his said office, no charges had been preferred against plaintiff of any offence committed by him in his said office; nor had plaintiff received notice of, nor had opportunity to meet or make defence against any charge of any official offence or delinquency mentioned in said section, or any other official offence; nor had any person, tribunal or officer of the Government of said Territory or of any other government, placed plaintiff upon trial or hearing for, or adjudged plaintiff guilty of any official offence or delinquency whatsoever.

Prayer of Petition. Following these declarations the plaintiff makes the following prayers: That defendants be commanded by peremptory writ of mandamus to forthwith admit plaintiff to full and free access to the office, books, records, etc., of said office of Auditor, and to the full and free discharge of his duties as such Auditor.

And for an alternative writ, pending the general hearing, commanding defendants to either admit plaintiff to his office, as above, or show cause why they have not done so, at a date to be named in the writ.

REPUBLICANS ARE OUT FOR BLOOD

(Continued from Page 1.)

night and will then make a tour of this island, spending most of his time in the Fifth District where the work is greatly needed. On the next Saturday, after a big meeting in the city, the Prince will go to Molokai and will spend Sunday at the leper settlement, arriving back in the city on Monday in time to be present at the torch-light procession in the city.

Prince Doing Good Work. The Prince is doing great work for the Republican party. He has shown himself an indefatigable worker and he seems to be tireless. The Maul trip will be a hard one on him particularly after his hard time on Hawaii and

Kauai, yet he seems as fresh as when he started out and is most anxious to get away. The meeting down the road tonight will be one of the most important rallies of the campaign and it is expected that the work done at that time will result in many doubtful votes being cast on the Republican side.

Meeting Down the Road. The train from Honolulu will leave the depot at 7 o'clock and from information gleaned at Republican headquarters today, only two hundred people will be allowed to go from the city. A certain amount of space will be reserved on the train for people along the line. The Waianae train will leave that place in time to reach Waianae at 7:30 o'clock, the time set off by the meeting.

The speechmaking will be from a specially constructed platform at the depot and the speakers will consist of the following: Prince Jonah Kalaniana'ole, Rev. Stephen L. Desha, Representative R. H. Makekua, the candidates for Senators from this island and the candidates for representatives from the Fifth District. The Prince will speak for only ten minutes. Rev. S. L. Desha will be given fifteen minutes and Makekua will have ten for what he has to say. The candidates will have five minutes each. The speechmaking will take about two hours, immediately after the completion of the meeting, the train will return to the city and to Waianae.

The project of taking along a band of twelve pieces has been given up on account of expense and a quintet club of native singers will go along instead. This is a much better plan as the natives, for whom the meeting is especially planned, are more fond of the soft music of the guitar than they are of the more pretentious music of brass instruments.

Next Week's Meetings. Senator W. C. Achi, chairman of the Fifth District Committee of the Republican party, has arranged for the following meetings this week: Tuesday night, at the home of W. J. Hakuloi in Kunaui; Wednesday night, at Kalaako, with the Fourth District speakers and then at Kalihi; Thursday, at Kalihi camp; Friday at Iwilei; and Saturday at the end of the Tramway stables in Kalihi. The Fourth District will also have meetings in various precincts.

According to a letter from a prominent Republican on Hawaii, who is keeping his eye on the movements of Wilcox, the Delegate arrived at Kawaiaho on the 10th inst., and was in Laupahoehoe the same day. It was his intention to go around to Hilo, there to be met by Palmer P. Woods and others and then to stump it through Kau and Kona together.

PORTUGUESE VICTORS

BRUNSWICKS SHOWED SAD LACK OF INTEREST

HAD CHANCE TO WIN BUT DID NOT FOLLOW IT UP—BLUE UNIFORMS DID GOOD WORK.

The baseball game of the Winter League on the Makiki grounds Saturday afternoon between the Portuguese team and the Brunswicks, resulted in a victory for the former, the score being 10 to 6 in their favor. At the start-off, it looked very much as if the Brunswicks would win out. They were at one time as much as three runs ahead. However, the boys let down all of a sudden and the Portuguese taking advantage of the opening, soon batted the ball all over the field, bolster for the Brunswicks being unable to fool the wearers of the bright blue uniforms.

The game was one marked by a lot of wrangling which came for the greater part from the Brunswicks. Welch, who was chosen captain of this team in place of Jackson, did not seem able to control his men. When they found that they were losing they seemed to take no further interest in the game and just fell down as rapidly as they could. The Portuguese, on the other hand, played ball for all there was in it and to this may be attributed the fact that they now stand at the head of the league with three games won and not a single one lost. There is no question whatever that they are the best players of the league of three teams.

At the end of the second inning, the Portuguese led by one run, the score being 2 to 1. In the third inning, it was a different story for the Brunswicks piled up four runs and the Tramar drivers standing along the side lines began to look very solemn.

In this third inning, Anderson, formerly of the Custom House team, singled out into left and Manago. First and then scored on a wild throw by A. Marcellino at short. Kiwa hit to short and Marcellino again distinguished himself by throwing wild to the plate for Anderson, the result being that the latter made a run. Just here the Portuguese tried a trick which failed to work. The ball was thrown to second with the intention of having it returned. The ball went past second and Mana got home. By a succession of errors, the Brunswicks piled up four runs. The Portuguese made two in this inning.

Nothing was made by either side in the fourth inning but in the fifth, the Portuguese made four to one by their opponents. In the sixth came nothing for either side again and in the seventh the Portuguese piled up two more runs. In the eighth there was nothing again and in the ninth the Brunswicks failed to score, so the game ended.

Games in the box for the Portuguese, did some good work and he was well caught by Wilcox, whose real name is Sebastian, a brother to the young man who held down third base so creditably. A. Marcellino, formerly of the Punahou team, was very wild at short in the beginning of the game but he soon quieted down to steady play and took everything that came his way. J. Marcellino played for about one-half of the game and then his place in the field was taken by another player. Peter Correa in left field did some of the best field work of the day. Fernandez at second was not a very great success but Kani, one of the oldest players of the league and the man who two years ago, held the record for the best pitching in the league, held down first in excellent shape.

Bolster for the Brunswicks did fairly good work in the beginning of the game but he soon tired out and his place was taken by Kalolo who will some day make a good ball player. Mana behind the bat, did not seem to be able to hold anything. However, there was some excuse for him for he was taken from the field and put behind the bat to replace Macfarlane who was given the position at short. Kanoel held down second and Welch was at first. Kiwa made a fairly good third. Of the fielders, Anderson did the worst work. He simply could not get anything and he allowed ball after ball to get past him when they were going along at a very slow rate of speed.

Hert Bowers umpired the first part of the game and then his place was taken by Private Smith of Camp McKinley, who was the best all-around player in the Artillery team of the season that was just closed.

Judge Robinson has rendered a decision in the case of Chas. R. Hemenway trustee of K. Taketa, a bankrupt, vs. N. Taketa. It orders a decree that a transfer of property by the bankrupt to the respondent is fraudulent against the creditors of the estate, but the respondent convey the property to the complainant, with an accounting, and pay over to the complainant any other money or property received by him constituting an illegal preference over the other creditors of the bankrupt.

SAILOR'S CLOSE CALL.

John Lindholm and Axel Holstein, two sailors of a vessel at present in port, came pretty near getting into trouble by trying to renew old associations of a previous stay here.

On Saturday night these two men went into the yard of Truant Officer George Shaw, where one of them said he had known a lady when he was last here four years ago.

They failed to find the lady in question and tried to form the acquaintance of Mrs. Shaw instead. Shaw appeared on the scene and ordered them out and, as they failed to pay any attention to his orders, had them arrested. They appeared in court this morning on a charge of vagrancy.

As there is no fine for vagrancy but only imprisonment, the Deputy Sheriff argued it was better to have the defendants leave in their ship than to keep them here in jail, so the two sailormen got off with a reprimand.

GERMAN PICNIC AT PEARL CITY

The German picnic at the Peninsula Saturday afternoon and a part of the evening was a success in every way, thanks to the efforts of the committee from the house of H. Hackfeld & Co., Ltd., which was composed of the following: F. W. Klebahn, Geo. Rodiek, H. C. Pfleger, Captain Dabel and Emil Berndt. The train conveying the picnickers to the place of B. F. Dillingham at the Peninsula arrived on the scene at about 2:15 o'clock. Seventy-six sailors and petty officers of the Cormoran under command of Oberlieutenant Albrecht, alighted from the train and formed in line, the brass band leading. The Honolulu Germans formed behind the ship's company and then the whole party of picnickers marched over to the Dillingham place. At the tail end of the procession was a wagon weighted down with the favorite beverage of the Germans. A big sail cloth had been stretched between trees on the lawn and when these people arrived at the picnic grounds, they found all manner of good things spread out on tables under this sail covering. The kegs of beer were rolled to their places and the pans of thirst were soon relieved. While the festivities were in progress, the band played German and American airs much to the delight of every one present. There were calls for a march and the accommodating band struck up a pretty piece. Mrs. Isenberg, wife of the German Vice Consul, who saw that it needed someone to start up the dancing went up to Wachtmeister-smart Zimmerman and, taking him by the hand, ran out upon the lawn and took her place at the head of a line of couples which soon formed behind. The dance went merrily on, closing with a polka. Before breaking up, those who had taken part in the dance were photographed by Mrs. Isenberg. After the first dance, there were many interesting features for the entertainment of the Germans from the Cormoran. German games were played and the band filled in the intervals.

**KOHALA COURT TERM**

Hilo, Oct. 10.—Sheriff Andrews returned Wednesday from Kohala, where he attended the October term of the Third Circuit Court; Judge Edings presided. Owing to the fact that no funds are on hand to pay jurors, both the Grand and Trial jurors were excused from attendance. Nearly all of the civil cases were continued. There were eight criminal cases on the docket. Of these, three were continued. One defendant plead guilty, one withdrew appeal and the other cases were stricken from the docket. —Tribune.

## MAUI ATHLETICS

[Maui News.]

Waikuku, Oct. 11.—The regular meeting of the Maui Athletic Association was held at the courthouse last Monday evening, at which a large amount of miscellaneous business was transacted.

The committee on constitution and by-laws submitted a draft of by-laws which was read, and laid over till the next meeting, for final action.

Messrs. Church and Cottrell tendered their resignations as directors but the sense of the meeting was that the two directors should withdraw their resignations, and no final action was taken in the matter.

J. R. Crook on behalf of the polo contingent reported that harmonious action between the M. A. A. and Makawao polo clubs had been taken with reference to arranging for a team to play in the inter-island match at Honolulu.

The protest of the last league game was formally withdrawn, and the championship league cup was presented to the Morning Star team, who were present in full force to receive it. President Baldwin made the presentation, which was gracefully replied to by Secretary Garcia on behalf of the Morning Stars.

The Lathaina married men have challenged the Waikuku benedicts for a return game, which will be played at Wells Park October 19, a week from tomorrow, and the association donated the use of the grounds and paraphernalia for the occasion.

The question of a winter league of baseball was brought up, but the sense of the association seemed to be that the boys, as well as the ball loving public needed a rest for a while.

## POLITICS ON MAUI

[Maui News.]

Waikuku, Oct. 11.—On Thursday evening, there was a large and enthusiastic Republican meeting held at the skating rink in Waikuku, at which many Home Rulers were present, and gave an attentive hearing to the speakers.

A program has now been arranged for next week's meetings, but that will depend somewhat on the length of Prince Kuhio's stay on the islands, he being expected at Lahaina by next Tuesday's steamer. His program for next week, so far as arranged, is as follows:

Tuesday evening, Oct. 14, will reach Lahaina and be entertained as the guest of the Lahaina Club.

Wednesday, Oct. 15; speaks at Kaunapali and Honokawili; spends the night at R. C. Seaver's residence, Honokawili.

Thursday, Oct. 16; speaks at Honokahua and Kahakuloa, reaching Waikuku same day as guest of Waikuku and neighboring clubs.

Friday, Oct. 17; Makawao, and Hamakua; speaking at Hamakua; in the evening where he spends the night as the guest of the Hamakua Club.

## HORRIBLE ASSAULT.

Hilo, Oct. 10.—A Porto Rican girl between the ages of nine and ten years was brutally assaulted, ravished and left in an unconscious state in an unoccupied shanty at Keaua, Oahu, last Monday night. Her assailant is unknown.

Captain Lake, who was on watch at the station Tuesday morning, was notified of the affair and he went at once to Keaua. He found the little girl still unconscious. Her eye was blackened and the back of her head showed that a blow had been received there. Captain Lake improvised a stretcher and had the girl carried to the train and brought to the Hilo hospital. Dr. Reid found the girl in a high state of fever and still unconscious, with little probability of recovery. Sheriff Andrews and Deputy Sheriff Overend went to work on the case at once to ferret out the guilty man.

The victim died at the hospital yesterday morning without regaining consciousness. The Sheriff kept a Porto Rican at the bedside constantly, hoping with the return of consciousness that some description of the assailant might be procured. Four arrests have been made on suspicion.—Tribune.

**CITIZENS DO THE WORK.**

Hilo, Oct. 10.—Mr. Wright of the Volcano Station has received an order from a committee of citizens to put teams to work hauling gravel to repair the chukholes on Front street. One team began hauling yesterday and today three or four more will be added. Work was commenced near the junction of Ponoehaui where the street is in an abominable condition. The street throughout its whole length has been in need of attention for several months. Now it is next to impossible to drive a light rig in a fast trot and remain in the buggy. The numerous holes make heavy draying a very troublesome business and the patience of the public has reached the breaking point. When Front street has been repaired at private expense, it is the intention of the Citizens Improvement League to continue the good work in Punoehaui. The fact that this necessary work must be done by private subscription is sufficient commentary on the energy and wisdom of the Hilo road board.—Tribune.

Rear Admiral Louis Kempff, after two years' service on the Asiatic station, has reported to the Navy Department.

## DOINGS AT PUUNENE

### FUNERAL OF LATE MISS MARY E. GREEN

MARRIAGE AND SPORTING NOTES

MRS. WEAVER OF HONOLULU A VISITOR IN SMALL TOWN.

Puunene, Maui, Oct. 11.—The present week has been one of real hot weather, so much so, that even persons working indoors have felt the depressing effects.

The funeral services of Miss Mary E. Green were conducted by the Rev. E. C. Beckwith, at the Makawao Foreign cemetery, Wednesday, October 5, a large number of friends being in attendance. The girls of the Maunaloa Elementary furnished appropriate music. The following gentlemen acted as pallbearers: Judge Kaku, Judge Kopolaka, Judge Copp Messrs. H. P. Baldwin, C. H. Dickey and Kapiti.

In the death of Miss Green the people have lost an ardent Christian worker. In the busy walks of life such a character receives small consideration, nevertheless the results are far reaching and will even for years to come brighten and give hope to generations yet unborn. A life spent in bringing blessings to other lives is one of God's rarest gifts to mankind.

Mrs. E. C. Weaver of the Lunallilo Home, Honolulu, is spending her vacation on Maui, and is at present the guest of Mrs. H. P. Baldwin. Miss N. J. Malone of the Settlement school at Waikuku came over Thursday to visit Mrs. Weaver.

The Puunene club house is growing more and more popular by reason of the increase of new members and its facilities for comfort and amusement. Besides having spacious reading and billiard rooms, it has added another attraction—a fine upright piano. We are informed that in the near future the club will give a musicale and literary entertainment.

The Morning Star Club has issued invitations to a musicale to take place at the K. of P. hall, Waikuku, on this date, Oct. 11. Trains will be run from Pala, Spreckelsville and Puunene for the accommodation of those who attend.

D. B. Baldwin and family have returned to Puunene after spending several weeks in Honolulu.

Mr. and Mrs. E. C. Threlfall who were married in Honolulu October 1, came up Wednesday morning. Mrs. Threlfall was formerly Miss May H. Lowrie. Mr. Threlfall has been with the H. C. & S. Co. for more than a year, during which time he has won many friends, all of whom extend to him congratulations and wish for him and Mrs. Threlfall a long and happy life. He is a man of sterling qualities and has a bright future before him.

Dr. R. H. Dingear has been quite busy during the present week making his inspection tour of the government schools in the districts of Kihel and Kula. The doctor reports the health of the pupils as being very satisfactory throughout these districts.

A. K. Stender opened a wine and beer saloon at Kahului September 29. M. L. Decker is in charge.

Antone Dorigo is the proprietor of the new Puunene stables at Kahului. He gave a luan on Saturday, Oct. 4, which was enjoyed by his many friends.

The family of H. Anderson left for Honolulu last week. The boys will attend school there.

The ship Falls of Clyde arrived in Hilo October 11 with a cargo of assorted merchandise, valued at \$38,170.

Uncle George—Harry, I suppose you keep a cash account?

Harry—No, Uncle George, I haven't got so far as that; but I keep an expense account.—Boston Transcript.

## DREYFUS WON'T ATTEND

Paris, Oct. 3.—The funeral of Emile Zola, Sunday, promises to be of the most imposing character. A majority of the Socialist and labor groups and several student associations have decided to send delegations. The Prefect of Police is organizing extensive measures to preserve order. The procession, which will probably be longer than the entire length of the route, which is only half a mile, will pass between a double row of police. No emblems or flags will be allowed.

The Municipal Council of Denham has resolved to send three delegates to be chosen from the trades which inspired Zola in writing "Germinal," "Le Travail" and "La Terre," a miner, a blacksmith and a farmer, all dressed in their respective costumes.

Contrary to previous announcements, Dreyfus will not attend the funeral. This decision was taken as the result of an interview with Mme. Zola, whom he visited today. Mme. Zola pleaded with Dreyfus not to participate in the ceremonies because his presence might lead to disorders.

Dreyfus was anxious to attend the funeral, considering it a duty which he owed to the memory of Zola, but the widow expressed to him her apprehensions that unseemly demonstrations might occur if he attended, both at the ceremony and at the cemetery and afterward.

## HILO TEACHERS' CIRCLE.

Hilo, Oct. 10.—The meeting of the Teachers' Reading Circle at the union school Tuesday night was one of the most interesting sessions in the history of the organization. The attendance was good with several outside visitors.

The treatment of the current events of the world was divided between Miss Potter, Miss Lyman and Judge Lyman. Miss Potter gave a breezy account of international affairs in Europe and Asia. Judge Lyman gave a brief lecture on Finland and the loss of its constitution by the encroachment of Russia. Miss Lyman told of late local affairs.

The treat of the evening was a lecture on Hawaiian birds by Prof. Henshaw. He exhibited some mounted specimens of extinct and almost extinct Hawaiian beauties. He told of the first coming of birds to these islands by migrations from Australia. He explained the changes in form and habits of the different species and told how the making of one feather led to the making of 1,000 birds probably hastened the extinction of the Oo by fifty years.

The study in literature was Emerson. Rev. Baptiste read a paper on the life and works of Emerson, which was supplemented by reading by Miss Yoder and Mrs. Lyman.

The treatment of these subjects exhausted the evening and the Roman history lesson was passed. The next meeting of the circle will be Tuesday, October 21st.—Tribune.

## OCTOBER EVERYBODY'S.

Infinite variety characterizes the contents of the October Everybody's. The number is full of spirited tales and entertaining articles. Rudyard Kipling's last story, "The Comprehension of Private Copper," follows a picturesque account of "Old Steamboat Days on the Mississippi," by G. W. Ogden; in "Monastery, Soldier of Fortune," H. S. Canfield tells of a Chicago fencing master whose career was as adventurous as D'Artagnan. "What is Luck?" by Paul Lutzke, attributes fortune's favors to character rather than chance.

"A Croesus of South Africa," by Chalmers Roberts, records the personality of the immensely wealthy Alfred Beit, who was Cecil Rhodes' partner. E. A. Hamilton sums up the careers of "The Big Bonanza Four," who made so many millions out of the Comstock. Miss Marie Van Vorst in "The Woman That Toils," describes her experiences as a working girl in a shoe factory at Lynn. C. Bryson Taylor writes of "Vassil Verestehagin," "A Woman's Victor for Schools," tells of Miss Margaret Hale's successful fight to make the corporations of Chicago pay their taxes in order to furnish money for school teachers' salaries.

FAILURE OF CONFERENCE MAKES SETTLEMENT HOPELESS

REFUTES CHARGES MADE BY OPERATORS—HAS SUPPORT OF ALL WORKINGMEN—TALK ON SITUATION.

Washington, Oct. 4.—It is not yet known whether President Roosevelt will issue a statement commenting upon the result of yesterday's coal conference. Some of the Cabinet members will advise against such a course. There is disappointment that the effort of the President met with no better success but it seems to be the opinion of those who are cognizant of the situation that the Administration can do no more. The good offices of the President to settle the strike was the limit of his power.

Late last evening the operators who were in the conference called upon Secretary Root but the position they had assumed made it impossible to carry the negotiations further, although various phases of the situation were briefly discussed.

President Mitchell and the other members of the anthracite miners committee who attended yesterday's conference left Washington at 10:15 today over the Baltimore & Ohio Railroad for their headquarters at Wilkesbarre. Before boarding the train, Mr. Mitchell said that probably soon after his arrival in Wilkesbarre he would issue directions to the miners as to how to proceed. Asked what directions if any he would issue, he replied that any directions issued would only be for the continuance of the strike.

"Do you feel," he was asked, "that public sentiment will sustain you in continuing the strike?" "It certainly must do so, after the result of yesterday's conference," he replied. "We are confident that we have the sympathy of every workingman in the country and we believe that we will have the financial support of most of them."

"Is the outside contribution sufficient to relieve present demands?" "I can't state the exact amount but so far we have been able to relieve all cases of absolute want and we expect the contributions to increase in volume. We feel quite confident in being able to continue the strike through the winter, but we shall regret very much to have to do so, not only on our own account but on account of the public. Indeed, if only the interests of the miners and the operators were concerned, the strike would be of comparatively little importance."

Mr. Mitchell referred to the charge of lawlessness made by the operators yesterday, saying: "Several of them made the statement that there had been twenty murders by the strikers since the beginning of the strike. We challenged the statement on the spot and volunteered to tender our resignation then and there if it could be proven that there had been twenty deaths all told from violence since the inception of the strike. The proposition was not accepted. The truth is that there have been just seven deaths and three of those were caused by the coal and iron police employed by the mine operators. The trouble is that these men go to the mines and they accept without question all the representations made to them."

Philadelphia, Oct. 4.—President Baer of the Philadelphia & Reading Railway Company returned from Washington to his office this morning. He stated that he had nothing to say for publication beyond the statement published this morning.

GOVERNMENT FINANCE

Washington, Oct. 1.—The monthly comparative statement of Government receipts and expenditures show that for the month of September, 1902, the total receipts were \$45,580,381, an increase of over \$4,000,000 as compared with September, 1901. The expenditure leaving a surplus for the month of \$11,000,000.

The receipts from the several sources of revenue are given as follows: Customs, \$26,225,777; increase, \$7,000,000. Internal revenue, \$19,789,708; decrease, \$2,700,000. Miscellaneous, \$2,564,895; decrease, \$250,000.

The expenditures on account of the War Department were about \$250,000 in excess of those for September, 1901, and on account of the Navy there was an increase of about \$1,500,000.

Circulation Statement. The monthly circulation statement shows that at the close of business September 30, 1902, the total circulation of national bank notes was \$366,993,598, an increase for the year of \$8,163,500 and an increase for the month of \$5,570,997. The circulation based on United States bonds was \$23,843,144, a decrease for the year of \$5,091,923, and an increase for the month of \$4,435,557. The circulation secured by lawful money amounted to \$43,150,454, an increase for the year of \$13,164,973, and an increase for the month of \$1,275,350. The amount of United States registered bonds on deposit to secure circulating notes was \$23,052,770, and to cover public deposits, \$136,625,170.

MAUI NEWS NOTES

[Maui News] Waikuku, Oct. 11.—Co. I. N. G. H., held an encampment drill and luncheon in the valley last Sunday. Kahului harbor is bare of vessels this week, and everything is quiet and lonely at our seaport town.

The big mill at Paunene is still running, and the indications are that it will not have a holiday this year. Football season has arrived, and some practice work with the sphere has been done at Wells Park this week. Rapid progress is being made in the completion of the Lahaina Water Works, and water will soon be ready for distribution to consumers.

Willie Searle has accepted a position in the sheriff's office at Waikuku, and the Waikuku baseball team feels very happy in consequence. Embert M. Brown, traveling for the Bulletin, spent the whole of this week on Maui, and has largely increased the subscription list of the Bulletin.

Peter Hale of Waialeale, who attempted suicide at Waialeale last Friday night by shooting himself in the throat, is at the hospital, and will probably recover. Mrs. C. C. Perkins came over from Honolulu by Tuesday night's steamer to join her husband, who is engaged in supplying oil for coal at the Kihui pumps.

Canon Kiteat, of Honolulu, who has been visiting Kohala, reached Waikuku this morning, and will preach in the Episcopal church, Waikuku tomorrow morning at 11. Princess Kuhio, who is visiting Maui, was entertained by Hon. A. N. Kepoikali at a luncheon given at the Kahului hotel, at which many prominent Hawaiians were present as invited guests.

A piece of cane raised on the new land at Paunene, and which measured ten inches in circumference, was left at this office yesterday. Some of the stalks of this piece of ground measured twenty-two feet in height. Hon. C. H. Dickey was in Waikuku this week, and reports that so far as he is able to observe, the chances of the whole Republican ticket on Maui are bright this fall, the indication now being that the ticket will practically make a clean sweep.

**What Wilcox is Doing.**  
According to another letter, Wilcox was in Waipio, the Home Rule stronghold of Hawaii, on Wednesday, the 8th inst. It is stated that he has with him a petition with reference to the control of the leper settlement by the Federal Government which he is trying to get people to sign. It is further stated that Wilcox is running down the "missionaries" and the "haoles" in general. At one of the meetings he made the statement that the Legislature had appropriated \$100,000 for the uses of the Board of Health and that only half of that amount had been spent. He wanted to know where the rest of it had gone and intimated that it had very probably been made away with by the Board.  
Political opponents of Prince Cupid, finding that they were unable to do any damage by the circulation of reports about the non-eligibility of the Prince to run for the delegateship, have now got hold of something new which they hope will succeed in causing Republicans or persons doubtful of how they will vote to vote some other ticket. The report that the Prince has not registered is being persistently circulated on the streets.  
On the records of the Board of Registration is the following entry: No. 2541—Kalaniana'ole, J., Waikiki, First Precinct, Fourth District. The Prince registered just the day before leaving for Hawaii.

No one has amassed millions so rapidly as Alfred Bell, the South African millionaire, who is reputed to be the wealthiest man in the world. His fortune is said to exceed \$1,000,000,000, and he has an income sufficient to make ten millionaires every year. The whole of this colossal fortune was made within a period of twenty-five

**SUNDAY COLLISION.**

Alex. Harris, the horse trainer, appeared in the Police Court this morning charged with heedless driving. Harris had a collision with a hack on King street yesterday, both vehicles being damaged to some extent. The Court asked Harris if he knew anything about horses. Harris modestly admitted that he knew "a little" about them.  
"What is your business?" asked the Court.  
"I've been a horse trainer for forty years or so," replied Harris.  
As it seemed that the hackman had been really more to blame than Harris, the latter was discharged.
