INVITING MURDER

The "Higher Wage" agitators have advertised another mass meeting, and have published a "Higher Wage Song" which, according to a translation furnished The Star practically calls for "hunters" to gather and slay "the dog Sheba." The following is the translation of this latest journalistic mud:

HIGHER WAGE SONG.
How about the Higher Wage question so widely talked about,
It should be carried into effect by all means.
We can not open negotiation again, (with the planters)
Yet it is a grave question worth for all to work together.
All men of the plantation! Have one heart.
And put your efforts forth for the Higher Wage Association.
Think carefully why our object is not carried out,
It is because there are odious dogs and pigs.
Even though natural to all brutes, these dogs and pigs,
They exceed the limit in wagging their tails.
Should they cease to wag their tail to the Red hairs, who are unjust keto,
And come to us, the Higher Wage Association will feed them.
Though they wag their tails and show their tameness,
Before long the mountain pig and Sheba dog will be killed by some hunters.
In all plantations of all Hawaii, there is none who does not hate the dog and pig.
For they obstruct the way for higher wages.
We can not leave them alone, these dogs and pigs.
For we don't know when they will bite others.
For the last, now, gather a few hunters,
And slay the dog and pig right way.

Merchants In Session

Several very important matters were acted upon by the directors of the Merchants' Association at a meeting held at 3 o'clock yesterday afternoon. Present at the meeting were: F. L. Waldron, C. C. von Hamm, Gavin F. Bush, W. F. Dillingham and E. A. Berndt.

The first matter taken up was the report of the public affairs committee on National Guard armory. In connection with it a letter was read from Rev. E. T. Simpson, chaplain of the First regiment, National Guard, urging support of the project. The committee reported that the matter had already received consideration and endorsement. It was suggested, however, that as the armory had been recommended by the Governor in his message to the Legislature, the endorsement of the Association be sent to the President of the Senate and Speaker of the House.

President Waldron reported that he had submitted the following request for information to the Territorial treasurer:

Honolulu, February 8, 1909.
Hon. A. J. Campbell,
Treasurer, Territory of Hawaii,
City.

Dear Sir:—Will you kindly inform me the names of individuals and Firms who have so far paid the Bro-

Declare For Roosevelt And Japan's Aloha

Representative E. A. Douthitt introduced this afternoon and the House adopted, the following concurrent resolution congratulating President Roosevelt on his attitude and action opposed to the anti-Japanese feeling in certain sections of the mainland:

"Whereas, this Territory has a large population of Japanese living here in friendly association with the citizens of the Territory, and forming a valuable element in the industrial prosperity of the islands, and;

"Whereas, the cordiality of relations between the Japanese and American peoples has been endangered by the attempts of certain legislative agitators to force enactment of laws prejudicial to the rights of Japanese in some sections of the country;

"Now therefore, be it resolved by the Legislature of the Territory of Hawaii, that we express our approval of the fair and patriotic attitude of President Roosevelt in using his strong influence to prevent such legislation and, by continuing fair and friendly treatment, to preserve the amicable relations so long existing between Japan and the United States, and we congratulate the legislatures of neighboring states for having, by substantial majorities, defeated all laws of the undesirable character above referred to.

"Resolved Further that a copy of this resolution be forwarded by the Secretary of the Territory to the President of the United States;

"And be it further resolved that a copy of this Resolution be forwarded to His Imperial Japanese Majesty's to His Imperial Japanese Majesty's

KOREA HAS A ROUGH VOYAGE

The P. M. S. S. Korea docked at the Hackfeld wharf about 11 o'clock this morning from Yokohama and Hongkong, almost a whole day ahead of her schedule. She has a considerable cargo of light, Oriental merchandise for this port, which is being discharged this afternoon. Her voyage to San Francisco will be resumed at 9 o'clock tomorrow morning.

Somewhat strangely, the Korea had very bad weather for four or five days before reaching the islands, seeming to indicate that the local storm of a week ago drifted over in that direction as well as toward the Coast.

Purser W. A. Allen describes the storm as extremely disagreeable, and says the passengers were especially delighted to find such delightful weather at Honolulu.

Probably the most prominent passenger aboard the Korea is Colonel G. R. Colton, collector of customs at the port of Manila. He is going to Washington to work in the interest of free trade or modified tariff between the States and the Philippines. Colonel Colton is enthusiastic in the work of his mission, and feels that Hawaii, which is in out of the cold, should sympathize with and aid the Philippines in their struggle for what he conceives to be their rights.

Cecil Brown returned from a tour of the Orient. He was accompanied by Miss Irene Dickson. Other passengers for Honolulu were: G. H. Moore and wife, Miss Ada T. Rhodes, Mrs. A. H. Smith and F. W. Terry, the latter assistant entomologist at the sugar planters' experiment station. The following are through passengers for San Francisco:

Capt. R. Albertson, C. E. Alison, Mrs. C. E. Alison, A. C. Bowen, Mrs. A. C. Bowen and 2 children, Thos. H. Bucker, S. Casady, Chin Jue, Mrs. Chin Jue, Col. G. R. Colton, Miss M. Colton, G. H. Corse, F. G. Curtis, J. V. Daniels, J. H. Evans, H. B. Foster, Dr. P. A. Fox, J. S. H. Frank, H. E. Hanna, Mrs. H. E. Hanna and 2 children, Theo. Hasche, E. A. Jackson, Mrs. E. A. Jackson, Dr. S. T. Kong, C. H. Loeber, Miss S. Manus, E. Morgan, Miss E. Russell, P. C. Scheuer, S. Sittenfeld, J. Stomann, Miss L. Spaulding, H. B. Wallace, A. W. Walter, Dr. W. S. Washburn, W. H. Watson, Mrs. W. H. Watson, E. W. Whitehead, Mrs. E. W. Whitehead, Miss Mary S. Williamson, Mrs. R. A. Wilson and infant, E. Zach.

Carriage—Mr. J. B. Bryan, Rochester, N. Y.; Mrs. J. S. Rear, Vancouver; and Mrs. C. E. Fergusin, New York City.

Floats—Mr. J. W. Smith, Fargo, N. D.; Mrs. R. L. Morse, Seattle; and Mrs. George W. Kinney, Chicago.

Bicycles, Fire Department, Each—Mr. R. L. Morse, Seattle; Mrs. H. St. Goar, San Francisco and Miss Georgina Joiner, Chicago.

Pa-u Riders—Mrs. J. M. Monairat, Mrs. E. P. Low, and Mr. Harry von Holt.

Mrs. Kinney and Miss Joiner are at the present time visiting the Volcano, but will return tomorrow morning. Director Petrie got in touch with them and secured their consent by wireless.

The plans of the various sub-committees are all working out smoothly and the success of the parade is assured. The only disappointment is that the automobiles have failed to enter in the number hoped for, although there are already more formally entered than there were in last year's parade. Owing to there being about one hundred more machines in the city than there were last year, (about 300 all together) it was thought that there should be at least seventy-five enter, whereas there will be about half that number.

EDUCATIONAL RELIEF BILL INTRODUCED IN HOUSE — BILL FOR COUNTY CLERKS TO REGISTER ELECTORS — LAHAINA WANTS SEWER SYSTEM—BENEFITS FOR KALAUAPAPA—\$35,000 FOR WALLUKU WATERWORKS—\$10,000 TO KILL HILO RATS.

Eighty-five minutes succeeded the House this morning to complete its business, not that there was such little business, but that what was done was done quickly and without unnecessary talk. Let the public forget and rest some philanthropist lose an opportunity to present the Speaker with what he most needs, at the same time paying a pretty compliment to the House, it may be mentioned that Speaker Holstein has been using a muilage bottle for a gavel, and such is not good, for the muilage one of these days is likely to spatter in a message from the Governor or some other weighty screech. The House is without a gavel and the Speaker is that much handicapped.

There were numerous bill and resolutions introduced this morning, of interest and importance. There is now a bill in to relieve the overcrowded condition of the Territorial schools, to change the age limits, from 6 to 14, to 8 to 14, which will mean that several thousand children, otherwise attending, will be kept at home.

A bill for the registration of voters, has been introduced, providing that county clerks may register at all times in business hours and leaving matters of appeal on registration to Registration Boards.

Fifteen thousand dollars is asked for a sewer system for Lahaina.

Ten thousand dollars is asked to kill Hilo rats.

Thirty-five thousand dollars is asked for the Walluku-Kahului water works. It is sought to increase the supply of poi for settlement folk and to allow their freight to pass to and from Kalauapapa without cost to them.

Another public laborer pay bill is in, this one for two dollars per day minimum wage.

One measure seeks to prohibit "the sale of fish and meat openly in the

SENATE DOWNS EFFORT TO LOCALIZE SCHOOLS

Senator Coelho presented two sensational entries upon the upper house bill of fare this morning. One was a fierce resolution in denunciation of Governor Frear's bill in Congress to amend the Organic Act, with an order to the clerical officers of both local houses to cable immediately a halt on the progress of the bill. A division was deferred through a motion by Senator McCarthy to hold the resolution back until printed copies of the Governor's and Delegate Kalaniana'ole's bills were laid before the Senate.

Coelho's other diversion was an attack by resolution and voice on Land Commissioner Pratt, charging him with ignoring applications of outside citizens for land in favor of residents of Oahu. The resolution calls for all of the correspondence of the Land office relative to applications for four years past. To comply with this request would keep the Land office staff busy day and night probably until the next Legislature.

For avoiding the imposition of such a tremendous contract upon the Land Commissioner a suggestion by President Smith that the resolution be referred to the Public Lands Committee was adopted, but only by the deciding vote of the chair in the first division of the session. Coelho voted with the Democrats and Home Rulers.

THIRD DAY.
All the Senators were present for the opening prayer of Chaplain Kalino this morning. He is a model chaplain, by the way, for a busy assembly, as he does not take more than a minute to ask a blessing on the deliberations, which is all the office calls for. There have been legislative chaplains in Honolulu who seemed to think their petitions to heaven should be measured by the scale of a minute a cent on the salary.

House bill No. 1, which had passed third reading in the other chamber, came in by message and passed first reading. It is for legislative expenses.

An invitation from the Hawaii Promotion Committee to the Senators for a moving picture exhibition of Hawaiian scenes was placed on file.

An invitation from the College Club to the members to attend the F. R. Day memorial meeting on tuberculosis tonight was received and filed.

President Smith first made remarks on the subject, urging the Senators

WILL HAVE A MODERN FRONT

The hitherto plain and unattractive front of the Catholic Cathedral on Fort street is to be modernized, making the entrance to the building far more inviting and convenient of arrangement. At present the front is flat, and entry is made directly from the grounds into the nave of the building. This will all be changed; and in place of it there will be a handsome vestibule, seven feet deep and extending the entire length of the house front. In appearance the front will then be something similar to that of Central Union church at Bereania and Richards streets.
The Cathedral was built many years ago and throughout it is a type of the architecture of those times. The aim in planning was in the direction of comfort rather than appearance; and the attractive interior of the church was never heralded or suggested by anything of a striking character in the exterior arrangement.
Architect H. L. Kerr has prepared plans of the vestibule for Father Valentin and the officials of the cathedral, and work upon it will begin in a very short time.

For San Francisco per M. S. S. Hilonian, sailing next Tuesday morning: Mrs. Peters, Mrs. J. A. Gorman, Miss M. Gorman, Mrs. W. P. Buller, E. R. Shaw, Miss H. B. Bourman, Mr. Forrest, Mrs. Meek, R. M. Overend, Mrs. D. T. Thrum and child, George M. Robertson, C. S. Desky and Col. John Baker.

THE LOG-BOOK

On the boards to sail at 5 o'clock this afternoon is the Claudine for Maui ports and Hilo.

Due early tomorrow are the Mauna Kea from Maui and Hawaii ports and the Kinau from Kauai.

The next regular mail from the coast will be by the Mongolia, due to arrive next Monday afternoon.

The little Japanese tramp steamer Kitsagata Maru will likely get away in ballast tomorrow afternoon for Yokohama.

The P. M. S. S. Korea, from Yokohama for Honolulu and San Francisco, was sighted off Barber's Point shortly after 8 o'clock this morning.

The transport Logan, which has been extensively altered and repaired at San Francisco, will go back into commission and sail for Honolulu and Manila on March 5, arriving here about the 12th.

The cable yesterday afternoon reported the departure of the transport Dix from Seattle for Honolulu and Manila. She carries supplies and probably horses. Given good weather she will arrive here about next Thursday.

An arrival this morning was the steamer Helene from Hawaii ports. She brought for Theo. H. Davies & Co., 5,460 bags Honokaa and 6,300 Hamakua sugar, a total of 11,760 bags. In addition she had 77 head of cattle and one sprocket. The sugar will be taken by the American-Hawaiian boats.

An arrival yesterday afternoon was the steamer Maui, which had been on the Hawaii coast since February 9. She brought 6400 bags sugar from Oo-kala, and 4500 bags of Davies and "N", a total of 10,900 bags. In addition she brought 59 bags of coffee, 75 head of cattle and 11 packages sundries. The Maui reported very rough weather on Hawaii.

Most of the army transports running between here and Manila were formerly British cattle ships used in the Atlantic trade. A reminder of the Logan's foreign origin came to light yesterday when employees of the Risdon Iron works chipped the paint off the troopship's bows and on the bare metal burned in, uncovered the name Mantoba in letters a foot long.—Chronicle, Feb. 9.

Captain McLean has been detached from the Pacific Mail liner City of Sydney and Chief Officer Fisher has been appointed master of the Panama liner. Captain Fisher has made a good record as mate on the China run, to which he was transferred because he earned the promotion by being a good mate on the Panama run. He kept on being good and now gets his reward in the shape Panama run. Second Officer Pillsbury has been transferred from the Mongolia to the City of Sydney, where he will be Captain Fisher's chief officer. Chief Officer Martin has been transferred from the Sydney to the Mongolia as chief officer. Captain McLean, formerly of the Sydney is on waiting orders.—Chronicle, Feb. 9.

THE AFTERNOON SESSIONS

THE HOUSE

SECOND DAY

Afternoon Session.

At 2 o'clock the Speaker ordered up the order of the day, Concurrent Resolution No. 2. It was in the keeping of the Sergeant-at-arms who at the moment was elsewhere engaged.

J. Nakaleka introduced a bill to regulate the pay of laborers on government work, amending existing law. Passed by title on first reading.

Sheldon understood there was an identical bill and did not see necessity of translating that just introduced by Nakaleka.

He moved if there was such an identical bill the printing committee refrain from having both translated. Carried.

Kaniho introduced the following bills: To amend the vaccination law; to amend the election laws; to provide that license fees in counties go to the treasuries of those counties for the use of police expense accounts of those counties; to amend merchandise license law.

Long put in a bill amending inheritance laws.

Waiwaiole gave notice of a bill amending the taxation law, educational and judicial districts.

Makekau would amend Section 75, Act 39, S. L., 1905.

H. L. Kawewehi introduced a bill to amend Section 1419 G, R. L., Act 96, S. L., 1907.

Back to the order of the day, Concurrent Resolution No. 2, the clerk read the resolution which recommends favorable action in Congress on Kuhio's bill to give the Territorial Legislature power to amend or repeal local land laws, which resolution was introduced yesterday by G. F. Affonso of Hawaii.

Kaleiopi thought there was a question of law involved and moved to refer the resolution to the Judiciary committee. Affonso believed it just to him to be informed wherein lay the legal points. The Speaker remarked that the question was now on the motion to refer. Sheldon saw no necessity of reference to the Judiciary committee for the bill involved had already been introduced in Congress by Kuhio. Kaleiopi thought it still up to the Judiciary committee and renewed his motion saying it was a vital matter, a matter between this House and the executive.

The motion to refer to the Judiciary Committee was lost.

Kaleiopi moved deferring the resolution till tomorrow but this was lost and the resolution was adopted.

The Speaker suggested that the rules committee frame up some duties for the miscellaneous committee, the rules at present not specifying any duties for the latter committee. This will come up later.

Kaleiopi put in a resolution requiring the Board of Health to report a list of names of all registrars of death and birth. Adopted.

Long's estate measure provides that the estate of a deceased illegitimate person, intestate, goes to the relatives instead of to the government.

Coney has a bill relating to the Honolulu sewer system, amending the law relating thereto, forcing water users to pay sewer rates, by refusing to supply water.

Kaniho put in a resolution to have the acts of this session printed in Hawaiian in book form to be distributed after the session. This was referred

THE SENATE

SECOND DAY

Afternoon Session.

Knudsen introduced bills:
1. To amend the divorce law.
2. Relating to terms of the Circuit Court.

3. To make certified copies of public archives receivable as evidence.

4. To amend Section 1634 of the Revised Laws relating to substitute Justices of the Supreme Court.

Fairchild introduced a bill: To repeal Section 1318 Revised Laws, relating to circulation of commercial paper.

Moore introduced a bill: To encourage diversified industries.

Chillingworth introduced a bill: Relating to the purposes for which private property may be taken for public uses.

DIVISION OF HAWAII.

While bills previously introduced were being advanced to committees the one to divide the County of Hawaii into two counties came up.

Kalama did not think it concerned the members from other districts and suggested that the bill be referred to the members from Hawaii.

Woods moved accordingly and the bill was referred to Woods, Brown, Makekau and Baker.

PRINT FEDERAL BILLS.

McCarthy moved a resolution that the Printing Committee be authorized to have printed Governor Frear's bill to amend the Organic Act introduced in Congress, for the information of the members of the Senate.

Brown gave notice of motion to amend rule 7 of the Senate.

President Smith urged the importance of members attending the meetings of their respective committees.

At 2:25 adjourned till 10 a. m. Friday.

Mrs. Charles Kukea, wife of the road supervisor of Wailua died yesterday at the Palama General Hospital after an operation performed by Dr. O'Day.

CAN'T HELP ITSELF

to the committee on accounts after Rice had so moved.

Nakaleka's bill regulating pay of laborers provides that government workers shall not receive less than \$1.50 per day.

Kaniho introduced bills to transfer incomes from any water system in the respective counties for the purpose of repairing and improving such systems in said respective counties and to amend Act 122 of the Session Laws of 1907.

Makekau put in a bill providing that Deputy Sheriffs in districts shall appoint police officers with the approval of the County Sheriff or, in case of disagreement between the deputy sheriff and the county sheriff, the Board of Supervisors shall have the power to approve the appointment of such police officers.

OAHU COLLEGE PLAY

Many people are looking forward to the plays to be given by the Puanou Dramatic Club tomorrow evening at Charles R. Bishop Hall. The plays are to be "Miss Civilization" by Richard Harding Davis, and the "Roman-cers" by Edmond Rosland. Both plays

are exceptionally good, and will give the audience a treat which is well double the money. The cast of both plays have appeared before the public in former Puanou plays and have made their reputations so that the people will also have the benefit of good acting as well as good plays.

A STRAIGHT TIP

The MAYFLOWER is a real gold mine, it's not a prospect, not a guess and not a gamble. It is in the winner ranks already, having produced to date nearly ONE MILLION DOLLARS. Our confidence in the property is unbounded and we see no reason why it should not, in time, become the brightest star in the constellation of spectacular mines which surround Nevada City, California.

"MAYFLOWER" is in the center of a glittering circle of famous gold mines, the hub of the yellow-yielding cluster.

Without question, it has a royal future of production ahead of it and you can participate, if you will, in its coming tremendous profits, by subscribing for its shares today at ONE QUARTER PER. On March first the Stock takes its first march forward—to 35 Cents. We expect it to wander to ONE DOLLAR before the year is out, and on its merits as an investment security. Get in line for handsome profits. Get wise to this supreme OPPORTUNITY. Load up to the guards with this stock, which is dead safe and sure and as solid as "Oahu." BUY MAYFLOWER STOCK! BUY IT NOW! Many of the greatest fortunes of the world have come out of the ground and kings and paupers have been enriched by the golden harvest from MOTHER EARTH.

Get into the mining game, and start right, in the right way, at the right time by getting into a real genuine gold mine which has back of it all the basic prerequisites for success.

The MAYFLOWER is situated in the heart of the richest district of California, and is surrounded with properties that are producing millions annually; it owns one of the finest reduction mills in the West; its property covers 160 acres held under U. S. PATENT; it has all the timber it will ever need for its own use, and controls its own water power for operating its entire plant; it is in a section where labor troubles are unknown and weather conditions permit continuous mining all the year round; it has eight gold quartz veins traversing its property and an auriferous gravel channel of great richness which facts are vouched for by your UNCLE SAM; and in conclusion it is in the hands of practical and capable mining men who know their business from A to Z. Acquire an interest. Buy today. Buy at once. The more you take, the more you make and the bigger the dividend that's coming to you. If you buy enough, the rest of your life will be a laugh for you.

A MOST OUTRAGEOUS PUBLICATION.

The latest outbreak of the wage agitators in the columns of the Nippu Jiji is certainly most outrageous. If there is no law to prevent, and to punish, publication of stuff like this, there ought to be. That a newspaper should publish a song asking "hunters" to gather and "slay" an opponent, who happens in this case to be a rival editor, is beyond toleration. It seems that some of these Japanese think they can teach Americans what liberty of the press is. What they need is a good lesson as to what it is not. The journal which permits use of its columns for this sort of stuff is a disgrace to the newspaper profession, and a great discredit to the Japanese. There need be no objection to fell and free discussion of the wage question in all its phases, but the epithets of "dog" and "pig" and advice inciting violence and murder are atrocious,—and they are not arguments.

ENCOURAGING THE ROOT OF MISRULE.

"The root of civil misrule is in party politics."—Advertiser.
 "Its purpose (the primary law) is not to do away with party spirit or party organization, but to give greater effect to the loyal party spirit of the many and less to the selfish motives of the few. It is, rather, an incentive to party activity of the right kind, for it tends to remove objections, which many would otherwise have, to participate in politics."—Governor Frear to the Legislature.

MORE FOOLISH THAN CALIFORNIA OR NEVADA'S WORST.

If there is anything that could bring Washington authorities to favor wiping the Legislature of Hawaii out altogether and establishing a government directly under Washington control, it would be to find the local legislature supporting such anti-Japanese folly as that of Senator Coelho yesterday. The situation of California is very different from ours. That sovereign state has a legislature independent of Washington; we have a legislature whose continued existence depends upon Washington,—it may be abolished at any time Congress chooses to do so. President Roosevelt would hesitate not at all about suppressing Hawaii if she threatened to embarrass the administration in foreign affairs. He cannot coerce a State, but a Territory would receive scant consideration from Washington in such a matter. Coelho is aiding the cause of government by commission.

A NAVY BILL WAR SCARE.

The subsidence of the Japanese war scare just after Congress passed big Naval Appropriations tends to bear out the statements of some of the Congressmen who opposed such appropriations, that the scare is largely a scheme to boost the appropriations. "I am aware," said Congressman Padgett in a long talk against larger naval appropriations, "of the publication in the press of the Japanese threatened peril. This we have each year. Of course it is mere coincidence that every year just immediately preceding the consideration of the naval appropriation bill these publications of the Japanese danger and peril make their appearance and as regularly disappear as soon as the naval bill is disposed of. Summer follows winter and harvest follows seeding time, but not with more unfailling regularity and precision than the Japanese scare attends the consideration of the naval appropriation bill. To be sure, it is a mere coincidence. But the regularity and precision of the coincidence awakens our admiration. I remember a few years ago these coincidences, precisely of the same nature and character and threatened danger and peril were with Germany. But after being used for several years and the country becoming thoroughly conversant with them, so as to unerringly expect their coming at the time of the consideration of the naval bill and their unfailling disappearance without harm or disaster after the passage of the naval bill, these German coincidences failed longer to serve any useful purpose and were abandoned and were succeeded by the Japanese coincidences. I may be pardoned for suggesting that the country and the Congress are no longer frightened by them and fully realize that the coincidences of foreign peril, danger, and disaster always attending the consideration of the naval bill are manufactured for a purpose."

ALL MUST HAVE WIRELESS.

It looks as if the bill to compel passenger steamers to have wireless apparatus was going to pass very quickly. The measure seems a most reasonable one,—just as reasonable as the laws which provide that there shall be lifeboats, fire apparatus, etc., on such vessels. The plan is likely soon to become international, so that no steamers under any flag will be without wireless. The author of the bill in Washington, Representative Burke of Pennsylvania, discussing his measure, is quoted as follows:

"Some one has denied our right to carry such a law as proposed into effect without international agreement. No such agreement is necessary. We have the same right to require wireless instruments as to require life preservers on ships. The right to enter our ports is one that we can deny or make conditional. The French assembly has followed our example and yesterday began consideration of a measure similar to mine. No nation will resent, but all will welcome, the passage of this bill by Congress.

"Nor does the bill work any hardships. It does not impose an unjust burden. The wireless equipment is a splendid form of insurance of ships and cargoes aside from the protection to life. There can be no extortion because there are now several competing companies engaged in the wireless business.

"Even in the face of the wonderful demonstration of the value of the wireless in the saving of over a thousand lives, many steamship owners will be slow to take advantage of the

advice because of its slight cost, and legislation is necessary to compel such to act.

"There can be no possible objection to my bill, as it affects vessels carrying at least fifty passenger and whose outgoing journey is at least 5 miles. It might even be applied to other vessels on shorter trips, possibly on the lakes and in the coast-wise trade, but all those will follow later."

A lie well stuck to is as good as the truth—sometimes. But who does the Star think will believe its reiterated story that the Civic Federation ever availed itself of the political services of Achi and Knox? Why not add Birbe, Willie Crawford and Cathcart to the list? It would be quite as easy.—Advertiser.

The Advertiser's own reports of the Civic Federation meetings of the campaign under discussion showed Achi as a prominent speaker for the Civics. Knox haunted the Civics' political headquarters with the most patriotic constancy. And, by the way, is not Achi still a member of the Civic Federation? If not, when did he retire? Finally, did not a prominent representative of the Civic Federation last September offer to turn over its support, Achi and all, to Trent if the latter would run for mayor?

market of the Territory," a most mysterious measure.

House Bill No. 1, sessional expense, passed unanimously on final reading and Douthitt's joint resolution for fruit and truck farm investigation passed third reading.

THIRD DAY.

Morning Session.

Following prayer and minutes, the Speaker notified the House that the Governor's bi-ennial message would be referred, according to resolution adopted, to the various standing committees each to consider and report on the matters appropriate to their respective committees and contained in the message, as follows: Visits of Congressmen and the Alaska-Yukon Exposition, promotion committee; elections, judiciary committee; finances, revenues, division of revenues between Territory and counties, estimates to end of current period, estimates of receipts for ensuing period, estimates of expenditures, form of appropriation bill, bonds, loan fund, special funds, official bonds, etc., all to finance committee; general health, financial matters of health, cooperation with Federal officials, leprosy and tuberculosis, all referred to the health committee; and so on, the following work to go with the governor's message: committees on education, public lands and internal improvements, agriculture and forestry and promotion and immigration, and military.

MANY ROAD PAY BILLS.

A bill to regulate the pay of road and other public laborers at \$2 per day.

Rice, remarked that this was the third bill of the kind and suggested that the printing committee have but one of these bills printed.

Kalelopu thought the rules did not give the printing committee power, but the chair remarked that a certain discretion reposed in that committee.

FIRST FREAK BILL.

Ruel Kinney put in a resolution that a bill be drafted by the Judiciary committee to prohibit the "selling of fish and meat openly in the fishmarket of the Territory," though what it means did not appear clear to anybody, except perhaps to the introducer. Afterward it was suggested that this was the first freak bill of the session.

MORE POI FOR LEPERS.

J. Nakaleka resolved that the poi allowance of the lepers on Molokai be increased to 25 pounds and the Board of Health be ordered to act accordingly as soon as the appropriation is available.

FREE FREIGHT IDEA.

Nakaleka also had a resolution for an appropriation item for \$500 for the free transportation of the freight of lepers to Kalaupapa and from Kalaupapa.

WAILUKU WATERWORKS.

R. J. Nawahine put in a resolution for an appropriation item of \$3,500 for improvement of the Wailuku-alulu waterworks at Wailuku, Maui.

HILO RAT CAMPAIGN.

Affonso entered a resolution for an appropriation bill item: Rat campaign, Hilo, \$10,000.

Kalelopu moved to refer to the military committee.

Affonso rose to remark that Hilo would not have to call out the militia to kill the rats.

"You might want to shoot them," said Kalelopu.

Referred to health committee.

MORE AFFONSO BILLS.

Affonso had another appropriation bill item resolution for \$7,000 for improvements Board of Health, Hilo, Hawaii.

And another for \$7,000, salaries, Board of Health, Hilo.

Affonso, again with a resolution: Judiciary department—salaries of bailiff, messenger, Portuguese and Spanish interpreter and librarian, circuit court Hilo.

DON'T WANT TO DIG.

Kalelopu created a laugh by inquiring if the Bonine moving picture show to which the legislators were invited, was free. He said in a former case the legislators had been obliged to go down into their pockets to pay to get in on baseball grounds. The Hawaii Promotion Committee had sent in an invitation for the Bonine pictures, on the Young hotel roof, February 25, at

to attend the meeting. It was a very serious matter, affecting men, women and children. There was not any one disease that killed more people than consumption.

An invitation to Senators with ladies to review the Floral Parade on Washington's Birthday, seats to be provided for them was received from the Floral Parade Committee, and accepted with appreciation of the courtesy.

PEITIONS.

Secretary Savidge was reading a petition signed by Noah W. Alull, for the payment of a long list of claims of officers of the County of Hawaii.

Coelho interrupted to suggest that as it was an old matter only the con-

clusion need be read. In reply to the chair's suggestion that the petition should go to the Judiciary instead of the Public Expenditures, the Senator said the legality of the claims had been decided already but the Attorney General discriminated against certain officers.

Referred to Public Expenditures Committee.

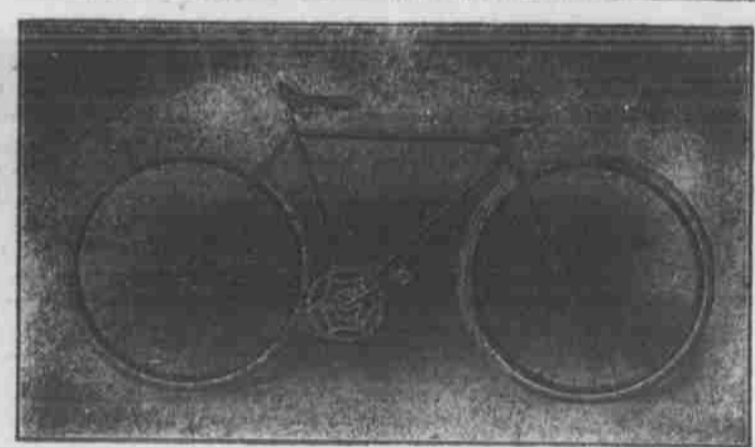

REPORTS OF COMMITTEES.

Robinson presented a unanimous report of the Education Committee on Baker's resolution to place the schools under control of the counties. While it was desirable, the committee thought, that the Territory should be relieved of some of its burdens, still they considered that the matter of education should remain with the Territory for the present. Therefore they recommended that the resolution be laid on the table. Adopted.

Chillingworth reported for the Public Expenditures Committee on Kalam's resolution to enable the Territory to acquire title to property used by the counties and pass it on to

BENSON. SMITH & CO., LTD

Fort and Hotel.

Rev. Mr. Ebersole, of the Central Union church, is preparing to build a handsome bungalow for a residence in the choicest section of Manoa valley.

FORMATION OF THE GREAT PARADE

The prizes to be awarded in the Floral Parade next Monday have been placed on exhibition in the window of the store room lately occupied by Arleigh & Company, corner of Fort and Hotel streets, where they are attracting much attention. They were all designed and made by Tom Sharp, and are exceedingly handsome. Much care and careful work have been put on all of the trophies, and should be prized very highly by those fortunate enough to secure them. Besides the skill and artistic value which they represent, the intrinsic value of all of them is considerable, since the very best of silk and other material entered into their manufacture.

For the automobile section, four prizes have been prepared. The autos are to be divided into three classes, runabouts, light touring cars, and large touring cars, the division being made on size of wheel base. Each class gets a prize, while a handsome silver cup forms a special prize for the best decorated and most original machine.

The carriage section will be divided into two classes, viz.: single and double team, and there will be a prize for the best decorated in each class. There has also been provided a special prize for this section.

The decorated floats will comprise both automobiles and animal drawn, and for each class there will be a special prize for the best decorated. There has also been offered an additional special prize of \$50 for the most attractive and original float, either automobile or animal-drawn.

The pa-u riders will be remembered by two prizes in the form of large ribbon sashes, gold embroidered, one each for the best dressed and best rider.

Each of the Hawaiian Princesses will be presented with a solid silver souvenir badge of a very pretty design. There is one for each of the eight islands.

For the fire engines, there has been provided a prize for the best decorated, and for the bicycles, three cash prizes of \$20, \$10 and \$5. These latter prizes are intended to apply to the bicycle designs. It is understood there will be quite a number of entries in this class, which will provide quite a novel feature in the parade.

LINE OF MARCH.

The route of the parade, as previously announced, will be from the starting point at the Capital Grounds, along King street to Bishop street, up Bishop street to Hotel street, thence along Hotel street to Richard street, up Richard street to Beretania, and along Beretania to Thomas Square, down Kapiolani to King, thence along King to Victoria, where the automobile section will separate from the rest of the parade and proceed up Victoria to Beretania, out Beretania and down Keaunokou to Kalakaua Avenue. The carriage and horse sections of the parade will continue out King street from Thomas Square, and on out to the Park. This is thought advisable, on account of the machines not being able to go at as slow a pace as the balance of the parade for so great a distance. As the automobile section will arrive at the Park some time in advance of the balance

of the parade, there will be opportunity then to have them grouped for a panoramic picture.

Upon the arrival of the whole parade at the Park it will pass in review before the judges, who will occupy a special stand erected for them on the old racetrack, and after passing in review, the whole line will form in group formation for a large picture which will be taken by Mr. Bonine. In this connection, it might also be stated that the parade will be reviewed by the judges from Palace Square as it starts from the Capitol Grounds.

The formation of the procession as at present planned, will be about as follows:

- Fifth Cavalry Band.
- Four Troops Fifth Cavalry Band.
- Hawaiian Band.
- Pa-u Riders.
- Bicycle Riders, (Hawaiian Princes)
- St. Louis College Band.
- Automobile Section.
- Boys' Industrial School Band.
- Inter-Island Princesses.
- Decorated Carriages.
- Decorated Floats.
- Fire Department.
- The Malihini Judges.

The names of the visitors in the city who have consented to act as judges of the various sections, were announced yesterday by Director Petrie, with the exception of two, who are yet to be secured. They are as follows:

- Mr. and Mrs. J. R. Rear, of Vancouver; Mr. and Mrs. J. B. Bryan, of Rochester, N. Y.; Mrs. H. St. Goar, of San Francisco; Mrs. C. E. Ferguson, of New York; and Mr. and Mrs. R. C. Morse, of Seattle.

It was thought best by the committee to have the Pa-u Riders judged by local persons, and the following have consented to act in that capacity: Mrs. J. M. Dowsett, Mrs. Eben Low, and Mr. Harry von Holt.

Mrs. Walter F. Frear, wife of the Governor, has kindly consented to distribute the prizes to the successful contestants, after the judges have made the awards at the reviewing grounds.

MANY PA-U RIDERS.

Senator Charlie Chillingworth has been assured of plenty of horses for his pa-u rider section, through the assistance of Harry von Holt, and will have at least sixty in the parade. His chief difficulty now is to procure saddles enough, and if these are forthcoming there may be seventy-five or more. The Pa-u riders are to be divided into three sections, each section having its own color of riding habit. This promises to be one of the most effective features of the parade.

"FRAUDS UPON THE PUBLIC."

It is what some physicians have called patent medicines, and it is undeniably true that some are frauds and some are even worse, because they are injurious. On the other hand, there are many patent medicines such as Lydia E. Pinkham's Vegetable Compound, and others, which are of real worth and are recommended by physicians of recognized standing.

Knudsen reported from the Judiciary Committee on Baker's resolution for a joint committee of the Legislature to consider the advisability of passing a law to create separate registries of conveyances in the different counties. They recommended that it be laid on the table. Adopted.

RESOLUTIONS.

Coelho presented this resolution: "Resolved, that the Commissioner of Public Lands be and he is hereby requested to forthwith send to the Senate a full list of all applications filed in his office within the past four years whether the same were made by individuals or corporations, stating those granted and those not granted, and giving reasons for not granting the same, relative to public lands; and "Further resolved, that he submit with said list copies of all correspondence relative to them, together with the Governor's instructions concerning the same."

Moving to adopt the resolution its author charged the Land Commissioner with ignoring the applications of American citizens elsewhere for lands in favor of residents of this island. "My duty is to the people," he declared. "Instead of to the person holding an office."

President Smith said that while the purpose was proper the resolution took a broad scope. It should be referred to the Public Lands Committee. The mass of correspondence, for four years must be very voluminous.

Quinn's motion for reference according was carried, but not until two standing votes were disputed and the ayes and noes called. This was the first division of the session and resulted thus:

- Ayes—Baker, Chillingworth, Fairchild, Kalama, Knudsen, Robinson, Smith, Quinn.
- Noes—Brown, Coelho, Harvey, Makakau, McCarthy, Moore, Woods—7.

Coelho presented the following concurrent resolution: "Whereas, there is now pending in and before the House of Representatives of the United States, in the expectation of its being enacted into law by the Federal Congress, a bill to amend, in many important particulars, the Organic Act, creating and providing a government for this Territory, and

"Whereas said bill as so prepared and introduced in said House of Representatives proposes many changes in our scheme of Territorial Government that would be, if enacted into law, distasteful to the people of this Territory and subversive of the principle of popular government and municipal to the best interests of our Territory, especially as regards the administration and disposition of the public lands thereof, in regard to which, in particular, the amendments proposed by said bill are designated to withdraw from the courts their present salutary jurisdiction over controversies pertaining to said public lands, and to vest an unusual and arbitrary authority respecting the same in the Governor of this Territory and the Commissioner of Public Lands, neither of whom are responsible to, or subject to control by the people or the Legislature of the Territory; and

"Whereas it is desirable that any change in the public land laws should involve the principle of a greater degree of control thereof by the people through the Legislature of this Territory;

"Therefore be it resolved by the Senate of the Territory of Hawaii (the House of Representatives concurring) that the clerk of the Senate and the Clerk of the House of Representatives of the Territory of Hawaii be and they are hereby instructed to immediately telegraph to the President of the Senate and the Speaker of the House of Representatives of the United States, and to the Delegate of this Territory in Congress, a request that said bill be not further acted upon until certified copies of this resolution can be delivered to them respectively in Washington; and that said secretary of the Senate and clerk of the House of Representatives of this Territory be and they are hereby further instructed to forward by mail to each of them, the said President of the Senate, Speaker of the House of Representatives and Delegate in the Congress of the United States a certified copy of this resolution and of the preamble thereto."

On motion of McCarthy the resolution was laid on the table until the Printing Committee handed in printed copies of the Governor's and the Delegate's bills in Congress as ordered.

Baker presented a resolution to appropriate \$8000 for a concrete school-house of four rooms at Napoosoo, South Kona. Laid on the table, on motion by Knudsen, to be considered with the Appropriation Bill.

BILLS REFERRED.

Under order of the day a large number of bills were referred to appropriate committees. President Smith more than once advised members introducing bills referring to laws already in existence to place in the title some indication of the subjects.

Bills were advanced on second reading as follows:

- Senate expenses. Passed unanimously.
- Hospital at Lahaina. Health.
- For biennial reports from counties. Judiciary.
- Relating to salaries of government officers. Select committee representing all islands, after considerable discussion, 8 to 2 on motion of McCarthy.
- Bonds of administrators, etc. Judiciary.
- Primary law. Judiciary.
- County realizations. Ways and Means.
- County Act amendments. Judiciary.
- Salaries of Judiciary.
- Amending 28 and 39 of County Act. Ways and Means.
- Restricting inshore fisheries to citizens. Judiciary.
- Relating to persons employed by Territory or subdivisions thereof. Judiciary.
- Repealing the vaccination law. Health.
- Amending law relating to leper settlement. Health.
- Merchandise licenses. Judiciary.
- Manufacture of pol. Health. Coelho observed that this bill was to repeal a law never enforced.
- Substitute justices in Supreme Court. Judiciary.
- To make certified copies of archives receivable as evidence. Judiciary.
- Repealing law relating to registration of commercial paper. W. Means.
- To encourage diversified industries, exempting cotton growing from taxation. Ways and Means.
- Merchandise licenses. Ways and Means.
- Recess at 11:10 to 2 p. m.

Mr. Robert W. Shingle and Miss Muriel Campbell were married by Bishop Restarick at St. Andrew's cathedral yesterday afternoon.

A LIVELY NUMBER

Don't miss the Pacific Weekly tomorrow. It will be better than ever. Articles on "Moonlight Fishing" and "Marathon Training" will be read with interest by sportsmen and athletes. The persiflage column will be particularly good.

"Shots at the Solons" will be found timely and pungent and the automobile interest will be fully catered for. The editorials will treat of such pertinent topics as "The Foreshore Question," "Why Not Pretty Let Girls?" "Real Flowers for the Parade," and "Local Editorial Amenities."

If you don't see a newsboy you can obtain the Pacific Weekly at Arleigh's, Thrum's or, Oat & Mossman's stores, also at the depot and Pawa junction newsstands.

POPULAR DEMONSTRATION.

There is going to be a rally of athletes at Haleiwa when the Marathon walkers reach there. The rally means more than giving the public an opportunity to see an assembly of young men of endurance, it means a demonstration in favor of keeping island roads up to a standard of that between Honolulu. The walk, or race, over the line should be taken as evidence that if the road is good enough to race over it is good enough for automobile riding. Persons desiring accommodations should communicate with St. Clair Bidgood, manager.

HIKE TO HALEIWA IS CREATING INTEREST

George Lowe of the Marathon race committee stated this morning that there would be at least eight entries for the bicycle race which will precede the foot affair. He also stated that the bicyclists want to start from the Opera House at any time which may be appointed by the committee.

Arrangements are rapidly taking shape and the race promises to be the biggest athletic event ever brought off in Honolulu. The judges at the finish will be A. R. Mahanui, J. S. Orme and C. F. Chillingworth.

Entries close next Saturday night at 9 o'clock to either the Advertiser, Star or A. K. Vierra of Wall, Nichols Co. An entrance fee of fifty cents is required which will be returned when the contestant appears at the starting point to take part in the race.

Refreshment stations will be arranged for at Honolulu sugar mill, Kalaheo on the Lulehau slope, opposite the cavalry camp and along the route at the last stage of the journey, between the dam and Haleiwa.

The race will start from the depot at 7:20 on March 14. A number of road judges will be appointed and the commanding officer at Lulehau will be asked to detail men to act for this purpose. By this means anyone taking a short cut will be detected, for the competitors will be checked for number by judges stationed at various points of the course.

Arrangements are under way to have a special train run which will take the public to Haleiwa and back at a round trip rate of \$1.50. This train will start after the Haleiwa special and will return about 7 p. m.

Manager Hildgood has announced his

intention of doing everything in his power to make the race a success and will look after the comfort of contestants and sight-seers as he alone knows how to.

Owners of automobiles who are willing to follow the race either taking an interest in one man or for general emergency purposes are requested to notify either the Star, Advertiser or members of the Marathon committee.

The local merchants will shortly be called on to contribute prizes and it is thought that there will be no difficulty in obtaining a splendid list of awards for such a good cause.

Mr. Joseph Schwartz has stated that the committee may call on him for anything in the prize line which they may think fit. In this matter a volunteer is worth two pressed men and it offers of prizes are well in for publication in the local papers it will allow the members of the committee as much time to work up the details of the race.

The Advertiser has generously offered to donate the numbers and the necessary printing. Full information may be obtained from the Sporting Editors of the Advertiser or Star or from A. K. Vierra of Wall, Nichols Co.

The chairman of the committee is Professor Blanchard of the high school. He has called a meeting of all interested for next Tuesday evening in the maska pavilion of the Young Hotel roof garden. It is hoped that everyone interested in the race will make a point of being present.

The committee consists of Messrs. Blanchard, Arnold, Chas. F. Chillingworth, Vierra, Lowe, Deansham and H. M. Ayres.

KAUAI MAY HAVE A STERLING RACE HORSE

There is more than a probability that Honolulu will be represented when the field goes to the post for the Merchants Stakes to be run in the month of July.

There is in the U. S. corral at Iwilei as nice a specimen of a two-year-old thoroughbred as anyone could wish to see.

The colt is the property of Captain Fells, the depot quartermaster and was purchased in Sacramento and shipped here several months ago.

In color he is a bay with white blaze and three white feet. His size is Altamax and his dam Dovey Montrose. Altamax was a stake horse owned by Burns and Waterhouse when that powerful stable was at the zenith of its success.

Altamax was by the famous Maxim, sire of Fleur de Lys, the Burns Handicap winner and other good ones. The colt is a full brother to Dorvalta which won a good race at the Emeryville track recently, running six furlongs in 1:12. Although the colt won't be three years old till June he is already a big rangy animal and will be a giant before he has stopped growing. It looks count for anything he will certainly win races for his appearance is good enough for anything.

The Sporting Editor of The Star was accorded the privilege of looking the colt over yesterday and found him in a specious box stall looking as fine as

stik. Jerry Broderick, the veteran horseman is looking after the colt and is enthusiastic in his praise.

Mr. Broderick had the colt saddled and ridden round the yard for the benefit of the newspaperman. He stood up like a racehorse and picked his dainty way proudly about the yard as though aware that he was out on dress parade. His withers are well high perfect and his neck as handsome as has ever been set on a horse's shoulders.

The colt will shortly be sent to Lulehau and will be worked on the mile track which is being made there. He was tracked in California and is said to have shown a promising turn of speed.

When he is ready he will be raced and an effort will be made to get him in shape for the big meeting to be held in Hilo in July. Captain Fells is a keen lover of a good horse and certainly displayed excellent judgment in purchasing the colt. With Jerry Broderick as trainer the best that may be in the colt will be brought out for there isn't a cleverer or more astute horseman in the Territory today than that same Jerry.

Local horsemen will watch the career of the Altamax colt with great interest and will unite in hoping that he will prove worthy to uphold the honor of Oahu at the Hilo meeting next July.

TO PLAY FOR QUON'S CUP

There will be a game of baseball at Aiea Park on Washington's Birthday at 2 p. m. when the Chinese Athletic Club will stack up against the Students Alliance. Both teams are confident of winning. The winners of this game will gain possession of the beautiful silver cup, presented by Mr. Hong Quon and which is now at the Aiea Co.'s window.

Ed. Fernandez has consented to umpire the game and the players and fans may feel assured of fair decisions with Eddie handling the indicator. After the game both teams will be guests at a Chinese dinner given by some Chinese baseball fans at the new restaurant on Maunakea street.

NOVELTY GOLF NEXT MONDAY

There will be a novelty golf tournament at the Country Club on Monday afternoon. Entries close at 2 p. m. This will give all the golfers a chance

to see the parade in the morning. At the meeting of the tournament committee held yesterday it was decided to make it a one club bogey and one stroke will be added to the bogey score of each hole, making the Colone's score 49 for this tournament.

A table d'hote lunch will be served at noon and to doubt many of the decorated vehicles will make the Country Club the objective point after the parade is over.

Y. M. C. A. MEET DECLARED OFF

The Y. M. C. A. track team at a meeting last night decided to abandon their annual field day which was to have been held a week from next Saturday, owing to the difficulty in obtaining a suitable ground.

Instead of the field and track meet a Marathon race will be held on June 11, the anniversary of Kamehameha's birthday.

James Nott, John D. Cockburn and C. H. Ingalls were appointed a committee on a course and will report at the next general meeting.

The course will probably start at Kapiolani Park with the first mile leading round the track, eighteen or twenty

PRO FORMA DECISION

BY MUTUAL CONSENT THE MUNICIPAL CASE GOES TO THE SUPREME COURT.

Judge Robinson yesterday afternoon gave a pro forma decision ordering the writ of mandamus to issue as prayed for by Charles Carter against City and County Treasurer R. H. Trent.

When W. A. Kinney had tested the case for the respondent, a discussion ensued between himself, City Attorneys Cathcart and Milverton and the court as to further procedure.

Mr. Kinney was willing to submit the case without argument and, if the court had formed a conviction, he would like it to render a decision on the merits. If the court was not prepared to give a deliberated decision he would accept a pro forma decision without prejudice on which an appeal might forthwith be taken to the Supreme Court.

It seemed to be agreed that the reversing of questions to the Supreme Court was impracticable owing to the disputed facts.

Judge Robinson was not prepared to render a decision offhand. He had given much latitude at the hearing and there were many points raised which he had not had time to consider. It was important, on account of the great interest of the community involved, that the controversy should be determined as soon as possible by the court of last resort in the Territory. Finally, he made the order as stated.

Mayor Fern was the last witness, but very few questions were allowed him to answer. Mr. Kinney framed questions at great length from the pleadings, only to have objections to them offered by Mr. Milverton sustained.

When he concluded his examination Mr. Kinney forgot to release the witness, so that Mayor Fern remained sitting aloft in state until the court rose.

ly miles over the roads and the final few miles round the track again.

A series of paper chases and cross country runs will be arranged in the near future for members of the Y. M. C. A. in order to give intending Marathon contestants a chance to get thoroughly fit.

SPORTORIFT

C. O. Bartlett, a Marathon enthusiast has kindly consented to take a member of the Marathon committee over the course in an automobile during the next few days. During the trip arrangements will be made for road judges and refreshment stations.

There will be soccer this afternoon at Alliolani College between the second teams of Punahou and Alliolani. The latter team is not altogether a second team as it includes some of the first eleven men who play owing to difficulty in getting together a full junior eleven.

The postponed St. Anzle Inter-class baseball game which was to have been played on Maunakea's Birthday will be played this afternoon at Aiea Park, commencing 1:30.

The yacht Hawaii, Kamehameha and Gladys leave tomorrow for a two days' fishing cruise off Lanai and Molokai.

George Crozier will launch his new sloop on Monday morning at high tide. The craft is 42 feet overall, and she has a twenty-eight foot waterline.

MERRY MIXUP
ON HILONIAN
There came within an inch of being
an explosion on the waterfront yester-
day afternoon that might have
proved interesting in several ways. It
involved the law fixing the duties and
rights of seamen. The principals in
the affair were Captain Johnson, of

the steamship Hilonian, four men of
the Hilonian, who are union men;
Captain Rasmussen, the new head of
the Sailor's Union here, and the po-
lice. When the dust had cleared, the
situation was exactly the same as it
was before it had happened.

In brief, the racket started, pro-
gressed and ended in this wise: Yester-
day morning Captain Johnson or-
dered four men of the Hilonian to pro-
ceed to the bark Mohican, which be-
longs to the same company, and as-
sist in discharging the big shear-legs
to be used in landing the heavy guns
for Pearl Harbor. The men were to
start in at 1 p. m., and actually made
the start.

At this juncture, however, Captain
Rasmussen appeared on the scene
with blood in his eye. The men were
sternly commanded not to work on
the Mohican, as they had signed for
the Hilonian only. They were not
clear as to the law and referred their
union chief to Captain Johnson.

Rasmussen then boarded the Hilo-
nian with his protest and demand.
Captain Johnson did not regard either
kindly, and ordered the union lead-
er off the ship. He refused to go and
Johnson telephoned for the police.
Upon the arrival of a police sergeant
and his men, Rasmussen withdrew
quietly. But a short time later the
sailors were withdrawn from the
work on the Mohican. The sun then
came out again.

OLD AGE PENSIONS
FOR EMPLOYEES
The word "pension" in the United
States ordinarily suggests the soldier.
The first budget of the nation under
the constitution contained provision
for soldiers of the revolutionary war.
The fiscal year closing last June saw
\$113,000,000 spent for pensions on ac-
count of service in the wars of the re-
public. From first to last the outlay
for this purpose has been approxi-
mately \$1,000,000,000. So far as the
soldiers are concerned, they have re-
ceived generous treatment from an ap-
preciative government.

Very respectfully yours,
FRED L. WALDRON,
President.

Now and then a firm has distributed
a percentage of profits at the Christ-
mas season. Occasionally an employ-
er, in his will, has made provision
for those who have served him with
fidelity for years. With increasing
frequency corporations and firms are
providing pension plans which involve
the payment by employees of a small
amount at regular periods. Pensions
for policemen, firemen, teachers, are
not uncommon.

Other large industrial and mercan-
tile houses in Chicago have put in
operation or have under consideration
pension projects, as the McCormick
harvester and Morris packing com-
panies. It is a hopeful sign. Many a
worker looks forward with unhappy
thoughts to the day of retirement
when earning power is 'gone. The
firm that keeps this in mind is not
likely to lose in the long run. It will
develop among its employes a spirit of
contentment that will bring financial
returns through larger effectiveness.
It will help greatly toward the remov-
al of one of the greatest causes of un-
rest. It is a matter for congratulation
that leading Chicago firms are taking
up this important work.—Chicago Trib-
une.

Recently announced plan of But-
ler Brothers company seems a step
still further in advance. More than
4,000 employes of this mercantile
house in Chicago and other cities are
to have the benefit of a pension sys-
tem which recognizes years of service
without any cash tax upon the pay
envelopes. The amount of the pen-
sion is to be 1 per cent of the salary
for each year of actual service. The
average salary for ten years will fur-
nish the basis of computation. The
minimum pension will be \$300. An
age limit of 60 has been set, and there
is a requirement of twenty years of
connection with the company as a pre-
liminary.

No, it is not made of rubber, made of clay. But it admits of extension,
and is, therefore, humorously speaking, elastic.
You can buy a few articles today and add a few more to the collection
tomorrow—or a month from now. First thing you know you have a service
for a large gathering, game decoration. Is not that elasticity? We control
for this vicinity the choicest elastic dinner patterns made.
All prices. Take a look at them.
