## The Dragon Throne Endangered

A Mandarin of high rank temporarily residing in Shanghai has received the following communication from a friend in Peking:—It is believed by a large majority of people connected with the various Boards here that the Emperor's opponents are again trying to revive the question of the deposition of His Majesty from the Dragon Throne, the Emperor's principal enemies being the Grand Secretary Yung Lu and the notorious favorite eunuch of the Empress Dowager, Li Lien-ying. Since Yung Lu's added eclat obtained by the betrothal of his daughter to Prince Chun, the Emperor's younger brother, and that of his (Yung Lu's) niece to Prince P'u Lun, 4th Order ("Lun Pei-tze" as he is generally styled), who is the legal Heir to the Throne by right of juniority of descent, that Grand Secretary is more than ever anxious to put some one near him in place of Kuang Hsu on the Imperial Throne of China. But Yung Lu is fearful of stirring up a hornet's nest if he does so and therefore looks about him for strong supporters, who when the crisis comes to pass, will be able to overawe not only the nobles but also officials and the masses into submission. He has the Empress Dowager to keep the prince and nobles in subjection; he himself and the infamous eunuch, Li Lien-ying—who alone can count hundreds of officials of all ranks throughout the country who look up to him as their sponsor and protector—hope to keep mandarindom in order; but the last and by no means the least measure, namely, the subjection of the army and the masses to his deposition scheme, it is generally believed in Peking has been attained by the arrival at a secret understanding with China's dominant neighbor on the Northern frontiers. It is this last which, according to the Peking communication in question, is greatly disturbing the minds of all thoughtful men. For the powerful assistance which will be required to protect the Grand Secretary and his friends those who are loyal to the Emperor, the powers that be have consented to place Tibet under the "protection" of Russia, which is another way of saying that Russia will in the future be looked upon as the Protector of Lama Buddhism. Finally, it is further stated in Peking that should the Empress Dowager and Yung Lu's second-coup d'etat pass off without a hitch and they manage by means of the powerful protection at hand to keep their seats, they are credited with having given the promise as a quid pro quo, to place all Mongolia and Chinese Turkestan on the same basis as Manchuria, namely, place those two territories at the sole pleasure of Russia to exploit at will.—N. C. D. News.

The First Local Mint.

One of the institutions here which has the special attention of tourists as well as the local people is the Mint, which is established on Nuuanu street, opposite Queen Emma Hall. It is interesting to enter the large main working room where general manager McDonough and his corps of assistants are at work. The cool and large lanai is a proper resting place and the vaults, where the "bars" to be minted and beer are kept present a very tasty spectacle. The Mint is open from 5:30 a. m. to 11:30 p. m. and during those hours the work never ceases. Visitors after looking over the place will find first class refreshments and the purest of liquors.

Kentucky's famous Jesse Moore Whiskey, unequalled for its purity and excellence. On sale at any of the saloons and at Lovejoy & Co distributing agents for the Hawaiian Islands.

## LOOK OUT NOW!

Fusion being the argument raised by The Independent for the strengthening of the Democratic party in this campaign, it is pleasing to note that the same has come about between the Democratic and Home Rule parties without any very great effort. The proposition was eagerly sought for and urgently insisted upon from the Home Rule side and the Democrats saw their chance and took in the situation in order to strengthen themselves for the future, in the hope that the Hawaiian party will ultimately become the leading party in the Territory under the Democratic banner as being the national party of the Hawaiian people.

It is a pleasure to note that fusion has been accomplished and become an actual fact without much straining at a gnat in order to swallow a camel. As is already well known, this proposition has been advocated and strenuously insisted upon by The Independent. Nothing further need be said other than to carry out the matters agreed upon on the lines laid down and planned in the fusion compact.

But the Star, in its last Saturday's issue, seems to be very sore on the accomplishment of this proposition, knowing that the results to be thereby gained will be to the best advantage of both parties in the compact which has been "signed, sealed and delivered." It says that "the example of prominent men is very apt to be followed, and there will be a land-slide (in its mind's eyes) of the Democracy into apathy or into active participation against the unholy scheme brought about by Colonel McCarthy and Major Cornwell." Pela paha, for it remains to be seen.

What does the Star mean by terming the fusion proposition as an "unholy scheme"? Sure, it is a means

whereby it has been brought about so as to more closely cement the ties of friendship and fellowship between the two parties and to later become as one national party. But what have the two men named got to do with it than to see the matter ultimately accomplished and finally settled for the present. Both the Colonels are not responsible for any "unholy scheme," for they have done what was required of both of them and rightly too. They have done their duty well, and it is known and acknowledged to have been well done.

We will now undertake to state that the Democrats, as a political factor and as a party, made no advances to either the Home Rule or Republicans, nor to the Kuokoas. Prince Cupid's lean following. All the advances has been from the others while the Democrats held back on a waiting game, and the game worked—so well that it will have a chance to make some showing during the campaign now on and which cannot be denied nor overlooked.

In so far as Prince Cupid is concerned, the conferences held with him were in deference to the wishes previously given out by him. No negotiation was ever undertaken on the basis of his acceptance, on the cry of "anything to beat Wilcox," but rather to find out what he would do. The result was that they found nothing from him, he not knowing what to say nor what to do, for he was seeking his own preferment, and then they quickly left him alone for something more tangible, advantageous and to the point.

As to the alleged alliance with the Republicans to defeat Wilcox, the proposition came to the Democrats. They had nothing tangible to give and therefore, there was nothing to accept. Fusion on Republican lines could never have been accomplished, they nominate and the others endorse. Such a proposition could never have been considered elsewhere. In such a case, they ignominiously failed.

But as to the coming impending cloud, it forbodes Democratic and Home Rule success, all else to the contrary notwithstanding. When the breaking cloud comes and clears away it will be seen and noticed that it will be like an avalanche that'll bury the Republicans way down deep in the cold snow. Look out, now!

## COLD COMFORT.

We understand that one of the conditions for Prince Cupid's acceptance of the Republican nomination that it was conceded to him that he should have the right to name two persons from his following on the party's nominees on this island, one each on the Senatorial and Representative tickets. And we further understand that the Prince did name two, one was ex-Senator Kanuha for the upper branch and Carlos A. Long for the lower, and these were brought out at the meeting of the Kuokoas a week ago last night. And even if such had been the case, what has been the outcome?

The first named has been coolly turned down and ignored, as there has been no notice paid to him nor has there been any notice taken of him. We think that this is a direct insult and a slap in the face of the leading candidate of the party. Poor David! He has made many somersaults within the past two years, and also during the last Legislature, and he has been

found wanting, although recommended by his leader. Auwe ka make e!

This same ex-Senator is a stickler after principle, when he does not for a moment know what principle is nor what it is to stay by a party in all its doings. It was the best thing that happened to the Home Rule party when he defected and bolted with the reformers; and that party can well afford to loose him, for he was rather a weakening wedge than a tower of strength, who has been carried away by his own importance. Poor, misguided fellow!

But the second named has been accepted. We understand that he as well nearly got turned off had it not been for the persistent energy shown and the threatening attitude made by one of the leading Hawaiians of the district. Had not the Hawaiians stood by him, he would as well have been read out and cast aside by the party managers.

In both these instances it clearly shows what sort of a dependence they have placed in the choice of their delegate to be. We deem such treatment poor comfort. But what of the rest? They are left to hustle for themselves as best they may. Poor sorry lot. Auwe ke aloha e!

## TOPICS OF THE DAY.

Now, oh Star, you say that "the Democratic party draws the color line," and that "the Republican party draws no color line." How so? Is it possible? Do give something easier!

The gentlemen of the Senatorial Commission are beginning to hear politics and business together, and if they remain here long enough, they will hear enough and more too about everybody's business and politics. But we warn them to beware of the fate of Commissioner Blount.

That's a good plan for the government to adopt in regard to its employees similar to the one now proposed for the employees of the Customs service. We believe it would make good men of them instead of some of them trying to balk and defraud their creditors. Since they cannot be garnished, they should be made to pay up their debts or else lose their jobs in the bargain.

Say, who are the hangers on to the coat tails of the Senatorial Commission? We understand that there are some at the Hawaiian Hotel that does not give anybody else a chance to see, to talk or to consult with any of the Senators. Was it this what the Advertiser trundled out on Monday last about "concerted attempts to deceive?" Those always seen on hand are William Haywood, Lorrin A. Thurston, B. F. Dillingham and a few other parasites of that ilk. Hilahila ole!

And now a certain L. E. Pinkham has advised and suggested to the Senatorial Commission the enlargement of the veto power of the Governor. This is an unheard of proposition coming as it is supposed to come from the business interests. But why this fear and apprehension? It shows that their strength is weakening. We think that Mr. Pinkham has the check and gall to propose such a proposition (three-fourths veto power) in order to intimidate the people to their way of thinking and to gain the point they want of

keeping our people in subjection. But we give him credit for being outspoken in this hidden purpose of theirs, he bearing the onus for others in the background.

## CONTRA NOTICE.

This is to give notice, that T. R. Mossman having never at any time held any power or powers of attorney, either written or otherwise from E. E. Mossman, nor either any intimation of any, as purported by notice from him in this morning's issue of the "Pacific Commercial Advertiser," has never at any time acted, attempted, nor does he propose to act for said E. E. Mossman in any capacity whatever. Any such notice on his part is obviously a deliberate attempt to deceive some one or other.

**NEAR UNTO DEATH.**

President Roosevelt Narrowly Escapes with His Life.

PITTSFIELD, Mass., September 3—President Roosevelt escaped a tragic death by only a few feet in a collision between his carriage and an electric street car in this city today, while one of his most trusted guards, Secret Service Agent William Craig, was instantly killed and David J. Pratt of Dalton, who was guiding the horses attached to the vehicle, was seriously injured. President Roosevelt himself was badly shaken up, but received only a slight facial bruise.

THE INDEPENDENT 50 cents per month.

**A Good Mother Dead.**

About 10:30 o'clock yesterday forenoon Mrs. J. A. Cummi died at the residence of her daughter, Mrs. Chas. A. Kibling, after an illness of only a few days. The immediate cause of death was heart failure.

The late Mrs. Cummins, familiarly known among her people as Kahalewai, was about 72 years of age at her death, and was born in Kona, Hawaii. She was well known to former monarchs and chiefs, as well as to the several royal families from girlhood to womanhood, and was beloved and respected by all.

Many called at the house yesterday and last night, amongst them being Queen Liliuokalani, Princes David and Cupid. A regular stream of relatives and friends called, but the attendance in the evening was quite numerous. She leaves, besides her husband, four children surviving, three daughters and one son. They are Mrs T B Walker, Mrs Jas K Mersberg, Mrs C A Kibling and Thos P Cummins. Many grandchildren also survive her.

The funeral services will be held this afternoon at the residence of Mr. and Mrs. Kibling on Young street, between Artesian and Punahou streets, at 3 o'clock, the Rev. H. H. Parker officiating. The pallbearers will be Prince David Kawanskoa, Prince Jonah Kalani'ano'ole, Hon. Sam Parker, J. O. Carter, Captain Tripp and Charles Hopkins. Interment will be at Nuuanu cemetery.

**Filed Another Divorce Suit.**

Lillian Shrewsbury Mesick yesterday filed suit for divorce against Everett Hall Mesick, alleging desertion as the grounds. She states they were married in Honolulu in 1885 and have three children. They have not lived together for three months. She says that although he is of sufficient ability to do so, her husband has neglected and refused to provide suitable maintenance for her and she has been compelled to live on the bounty of friends. She says he is employed on the Evening Bulletin as foreman of the mechanical department and receives a salary of \$30 a week.

This is her second suit. The first one was amicably settled, the parties becoming reconciled, and now they are to have another try at living "separate and apart."

**An Editor Shot.**

SAN FRANCISCO, Sept. 4—Frederick Marriott, editor and proprietor of the News Letter, was called to the door of his residence, 1018 Green street, at 9 o'clock last night, and shot three times by Thomas H. Williams Jr, and Truxton Beale, after they had given him a severe beating. Although badly injured he will recover, his physicians think, and on this account the authorities, to whom Williams and Beale surrendered, admitted them to bail in \$10,000 bonds each.

**Income Tax Appeal.**

J. J. Dunne yesterday afternoon filed an appeal to the Ninth Circuit Court of Appeals, San Francisco, against the decree of Judge Morris M. Estee, dismissing the injunction suit of W. C. Peacock & Co., Ltd., and others against J. W. Pratt, Assessor, otherwise known as the Income Tax Act case.

**A Quiet Wedding.**

Miss Virginia A. Patton of Butte, Mont., and Mr. Charles F. Clemens of Honolulu, were married last evening at the residence of Mr. and Mrs. C. R. Hemenway, College Hills, the Rev. Canon Alex Mackintosh, of St. Andrew's Cathedral, officiating. The bride only arrived yesterday morning as a passenger in the steamship Sonoma. The groom is a Yale man who has been in Honolulu about a year, and is associated in the practice of law with Judge W. Austin Whiting. The wedding was a very quiet one, only the immediate friends of the bride and groom being present. Mr. and Mrs. Clemens will spend their honeymoon at the Moana hotel, Waikiki.

**Must Pay Their Bills.**

Employees of the local customs service must pay their bills. Today Collector Sackable had a notice posted about the Custom House, calling the attention of the various employees to certain rules drafted by Secretary of the Treasury Lyman J. Gage five years ago. The rules hold that if a clerk receives a stated salary and neglects to pay his just debts contracted for the support of himself and family, the Department will consider him an improper person to remain in the service. Whenever charges of such a nature are made and sustained, action will be taken looking to the removal of the offending person.

**Beer Brewing in Japan.**

Remarkable progress has been made with beer brewing in Japan of recent years, so much so that the import of foreign beer has been very heavily affected. Recently, even, Japanese beer has been shipped to different places, though not yet on an extensive scale. Among others the Nippon, Osaka and Sapporo Breweries are those which have succeeded most highly. The net profits realized by the Nippon (Ebisu Beer) and the Osaka (Asahi Beer) Breweries during the past six months were Yen 299,176 and Yen 58,206 respectively, and the rates of their dividends were 25% and 20% respectively.

## Second Volcanic Eruption:

Mont Pelee's Wrath Causes the  
Loss of Thousand Lives.

CASTRIES, (Island of St. Lucia, British West Indies), September 1.—The British steamer Korona arrived here yesterday evening from Fort de France, Island of Martinique. She reports that a terrible eruption of Mont Pelee occurred at 9 o'clock Saturday night, and people who arrived at Fort de France from the northern part of the island report that the village of Morne Rouge near the district previously devastated, had been entirely destroyed, and that La Carbet, a village on the coast, which was destroyed at the time of the great eruption had been swept by a tidal wave. About 200 persons lost their lives.

PARIS, Sept. 2.—The Havas agency has received an undated dispatch from Fort de France, Island of Martinique, announcing that about 1000 persons were killed as a result of a violent eruption of Mont Pelee on Saturday, August 30, which destroyed Morne Rouge and Ajoupa Bouillon, two villages near Mont Pelee. The dispatch confirms the report that the village of Le Carbet was damaged by a tidal wave, which was also felt at Fort de France, where the people were panic stricken.

The French cruiser Suchet and Tage are embarking people in the northern part of Martinique.

The Minister of Marine, M. Pellatin, in view of the further eruptions of Mont Pelee, has ordered the commander of the French Antilles squadron to send warships immediately to Basse Terre, Island of Guadeloupe, there to await further orders.

The Ministry of the Colonies received today a dispatch from the Governor of Martinique reporting that a slight earthquake shock moved from north to south of the island August 25, and adding that the same night and next morning violent eruptions of Mont Pelee occurred, accompanied by electrical discharges, burst of flame and incandescent matter and covered a radius of about 220 yards in the direction of Morne Rouge. This activity continued until August 28, when the volcano seemed to have calmed down. The dispatch does not mention any loss of life.
