REPUBLICAN CANDIDATES

NEW DISTRICT COMMITTEES TO MEET FOR ORGANIZATION TOMORROW EVENING—NUMEROUS CANDIDATES FOR THE LEGISLATURE IN THE FIFTH DISTRICT—PRESENT MEMBERS OF THE HOUSE FROM THE FOURTH WANT RENOMINATIONS.

The new Republican district committees or conventions meet tomorrow evening for organization. In both districts plans are already shaping themselves quite definitely and the work of the Territorial convention is also being considerably foreshadowed, as far as Oahu is concerned, in preliminary discussions. Yesterday A. G. M. Robertson, who has delayed stating his position as to the chairmanship of the Territorial central committee, stated definitely that he would be a candidate for the position. There was considerable talk of Representative W. W. Harris for chairman, but he will not be a candidate, it is stated, against Robertson, who is almost assured of election.

The Fourth District committee is to meet at 7:30 p. m. in Waverley hall. W. W. Harris or Attorney General Lorrin Andrews is likely to be chosen for chairman. Andrews is understood to be a candidate and Harris has been discussed and approached on the subject, with the result that he will probably be up for the chairmanship. Attorney Frank E. Thompson has also been mentioned, as well as Samuel Johnson, and there may be several men to vote for.

The Fourth District is going for Cupid without any practical opposition, though there are some kickers against the programme. In the matter of the legislative nominations, most of the members of the last legislature appear to want renominations. Senator Cecil Brown is expected to run again, but Crabbe will retire. The nomination will very likely be offered to Mark P. Robinson if he agrees to run. Representatives Chillingworth and Harris are also talked of for the upper house.

Andrade, Harris, Aylett, Long and Chillingworth, if he does not go after a senatorship, are all understood to desire re-election as members of the House. Bipikane also wants to run for the House, and will be out for a nomination.

In the Fifth District there is considerable talk of Judge Kaulukou for chairman of the district committee, though a meeting in the Seventh last night unanimously endorsed H. C. Vida. Vida is believed to have much strength among the delegates. In this district there are legislative candi-

Port Arthur Situation Is Desperate

(Associated Press Cable to The Star.)

CHEFOO, August 11.—The Russian battleships Pobieda and Retvizan have re-entered Port Arthur after the engagement with the Japanese fleet. The sally of the Russian fleet means that the situation at Port Arthur is desperate. It is supposed that the sally of the Vladivostok fleet was for the purpose of seeking the Port Arthur fleet and combining forces.

TOKIO, August 11.—It is reported that Admiral Togo's fleet frustrated the Russian attempt to escape from Port Arthur. The fighting between the Japanese and Russian fleets continued until sunset on Wednesday.

The Japanese torpedo flotilla attacked the Russian fleet during the night

OFFICIAL REPORT FROM PORT ARTHUR

Washington, August 11, 1904.
Received at 8:40 a. m.

To Japanese Consul, Honolulu:

Various reports from Tallienwan show that the Russian Port Arthur squadron emerged from the port on the morning of August 10th and a severe naval battle ensued till sunset. During the night of the same day our destroyer flotilla seemed to have attacked the enemy squadron. At dawn of August 11th the Retvizan and another battleship of the Pobieda type appeared to be taking flight towards Port Arthur. TAKAHIRA.

TO ENTERTAIN THE SENATOR

CHAMBER OF COMMERCE TRUSTEES DISCUSS APPROACHING VISIT OF SENATOR FORAKER.

The annual meeting of the Chamber of Commerce will be held next Wednesday morning at ten o'clock. At a meeting of the trustees held yesterday the reports of officers were discussed and the work is now progressing on such reports. They will be presented at the annual meeting.

The trustees at their meeting yesterday decided to co-operate with the Merchants' Association in the entertainment of Senator Foraker, chairman of the Senate Committee on Pacific Islands, and Porto Rico, who is coming here on a visit to investigate Hawaiian affairs. It is presumed that he will want information from both bodies, and the Chamber of Commerce will make arrangements to be able to supply him. A committee will be appointed to co-operate with the Merchants' Association committee. As the entertainments committee, as well as the other standing committees, are likely to be changed in the annual meeting, no committee was appointed yesterday. Officers and Trustees will be elected at the annual meeting.

Another matter discussed at yesterday's meeting was the securing of new quarters. Rooms in the Stangenwald building were favorably discussed, but no action was taken. As this was the last meeting of the year, the matter will be left to the new board of trustees.

TO REOPEN MARKET SATURDAY.

The Japanese Fishing Association will open business at the old government fish market on Alakea street Saturday. About 120 fishing boats are in this combination. The fishermen will do business direct with the purchaser.

YACHTS WILL MAKE VERY SLOW TIME

HAD WIND AGAINST THEM YESTERDAY—LURLINE WAS DISTANCED BOUNDING THE HEAD.

No word of the result of the three-cornered yacht race had been received up to noon today. There was a very light wind prevailing when the boats started yesterday afternoon and as the wind was from the south and almost dead against the boats, it is probable that they will make slow time to Lahaina.

Yesterday afternoon the boats did not round Diamond Head until nearly 6 o'clock. The Gladys went around first. She stood some distance out to sea as did the Lurline, while the La Paloma hugged the reef. Passing Waikiki the La Paloma gained a large amount on the Gladys, but not enough to overhaul her before Diamond Head had been passed. The Lurline stood about two miles off the reef and lost a great deal of time making this tack. She did not get around Diamond Head until after dark.

It is expected that the result of the race will be announced by wireless. Unfortunately the air is so murky today that the wireless is working with difficulty, so there may be a delay in getting the news of the result even after the message will have been filed at the telegraph office on Maui.

ALAMEDA AND CHINA DUE. The S. S. Alameda is due tomorrow morning from San Francisco and in the afternoon the S. S. China is likely to arrive from the same place, en route to the Orient. Governor George R. Carter will be aboard the China.

SPEAKS FOR STANDARD OIL

Wm. ROCKEFELLER.

If Judge Parker does not win election day it will not be for lack of money. The Democratic campaign fund will exceed \$4,000,000, not counting any contributions from the multi-millionaire vice-presidential candidate, who denies that he is to give a million and says his contribution will be "not a cent." William Rockefeller of the Standard Oil Co. will wield the mighty influence of that corporation in aid of Parker and Davis.

CANNOT SALUTE THE GOVERNOR

Those who visited the capitol this afternoon could not have failed to be struck with the nervousness displayed in every branch of the government service. Hands that can generally be trusted to the production of faultless text trembled as they made their entries in the ponderous tomes of Hawaii and faces ordinarily brown with the kisses of an ardent sun were absolutely blanched.

Honolulu is face to face with a crisis and news of this had spread through the building, for it is more than probable that Governor Carter will be received without any salute when he arrives on the China tomorrow. There is not enough powder in Honolulu for a salute and reverberations of welcome which Acting Governor Atkinson had hoped to have set rolling from Punch-bowl to Diamond Head will find no record in history.

"But what about the regulars?" was asked. "Why don't they fire a salute?" And thereby hangs a tale.

Application was made to Admiral Terry for a salute, but it seems that cold-hearted regulations decree that Governor Carter has been saluted sufficiently. Personally Admiral Terry would be delighted to fire a salute to the governor twice or three times a day, but the regulations provide that he shall only have government powder burned for him once a year, and he has already had this honor once.

"Oh, very well," said the Acting Governor. "Summon the commander of me forces."

There was a clatter of spurs and swords and things in the outer hall and Colonel Jones dashed in.

The colonel turned pale when he was told what was required of him. "Nothing doing in the salute line," he said. "The dove hunters have used up all the powder in town."

"Get the guns out along the wharf and then set of sticks of dynamite," said a tactician. "Governor Carter will hear the noise and he'll see the guns. He'll never know the difference."

At a late hour this afternoon the town was being scoured for dynamite.

SAFETY IN THE SURF

HOW TO AVOID DANGER WHILE BATHING—AN EXPERT LIFE-SAVER AND SWIMMER SAYS THAT LOSING THE NERVE IN THE WATER IS ONE OF THE GREAT CAUSES OF DROWNING—SWIMMING VERY HARD EXERCISE.

"Now that the swimming season is fairly under way," said Capt. "Tom" Riley, the veteran Coney Island life-saver, "it may not be a bad idea to give a few pointers to the average bather, that may come in useful to him some time or other.

"The first piece of advice I would give is: Don't go far from shore. Swimming is one of the hardest exercises in the world, and a man must be well used to it. No matter whether he is as fit as a fiddle to run a five-mile race in record time, let him be careful how far he tries to swim.

"Every muscle is used when a man is swimming, many of them that are never brought into play in any other way. This is the main reason why so many fellows get into trouble every year.

"They feel good and strong, and when they get into the water they swim and swim until they get tired. Then when they try to swim back again their strength plays out, and if help isn't near by they get rattled. The next day the newspapers have another account of 'An expert swimmer drowned.'

"Getting rattled is another thing to guard against. Nine times out of ten this has more to do with people getting into trouble than anything else. Whatever you do or wherever you are, keep cool—keep your nerve. A man can stay afloat a long time if he won't get rattled, no matter what's the trouble with him.

"There's a spot just off Norton's Point where you can't make headway in one direction or the other. If you are caught in there with a boat you can't pull out, so you can have an idea of what kind of work a swimmer has cut out of him. There is only one thing to do, and that is to keep cool and quiet, and after a while the current will carry you out, but you can't get out by swimming. That is what we call a 'sea puss.'

"In a race I had once some years ago from the Battery to Coney Island I got caught in this place. I knew it the minute I reached it, so I didn't try to swim, but turned over on my back and floated. In the course of a few minutes I was whirled out, and went on and won my race. Now, an inexperienced swimmer would have got rattled, made big efforts to get out, and finally have tired himself out and sunk.

"Don't be afraid of cramps is another thing that all swimmers should remember. There has been so much said and written about cramps that people are scared to death when they feel a little cramp coming on in a toe or hand. Then they lose their nerve altogether and give up, where by being cool they could have made their way to shore in safety. Lots of the pleasure of bathers is taken away by this fear. I won't say that cramps are not slightly dangerous, but they are never so bad that a swimmer can't take care of himself. Swimmers with any kind of ability ought to be able to swim any reasonable distance with any kind of a cramp. The ones who are not good swimmers should always hug the shore and never take chances.

"Cramps are brought on by swimming. So when you feel one coming on stop using the leg or arm where it is located. If you turn over on your back and float a while that will give the cramp a chance to go away, but even if it doesn't it won't prevent you from swimming slowly and getting to shore.

"Most people think a cramp spreads gradually until it goes all over the body from a little cramp in the toe. This isn't so. It is always confined to the leg or arm, where it starts. This is proved by the fact that it goes away when you quit using the leg or arm. I have never yet been in a swimming race for a long distance that I haven't had a cramp in a leg or arm. I got one in my right leg one time so bad that the leg locked at the knee joint every time that I made a kick. Yet I not only finished the race, but won it.

"Whenever you hear cramp stories some one is sure to mention stomach cramps. They are supposed to be the most dangerous kind. You hear where people are doubled up like a jackknife and then sink like a stone. Now, as a matter of fact, in all my experience I never had a stomach cramp or saw a person with one. If they ever happen they have kept out of my sight. And I don't believe there is such a thing. This is another fairy story that has been told until everybody believes it. So that when a fellow in swimming gets a little pain in the stomach he at once imagines he has stomach cramps, and that he's a goner, and will at once yell for help or do something foolish.

"It's nearly always the poor swimmer who gets in trouble, for he is the one to take the greatest chances. Good swimmers always travel in pairs, so they can aid one another in case of trouble. You often see the head of one of these poor swimmers bobbing about away off shore, although we try our best to keep them in, and when one of them gets into trouble he is usually so far out that he is gone before we can get at him."—New York Times.

ROOSEVELT CONFIDENT

THE PRESIDENT SANGUINE OF HIS ELECTION AND THINKS THAT IF THE RIGHT MAN IS NAMED FOR GOVERNOR OF NEW YORK THE ENTIRE REPUBLICAN STATE TICKET WILL BE CARRIED IN THE COMING ELECTION.

WASHINGTON, D. C., July 20.—President Roosevelt is exceedingly sanguine of his election in November, according to friends who have talked with him in the last few days. The President is confident that the country does not desire a change in the parties in power at this time, and he sees nothing to make him believe that the voters manifest any particular dislike for him. The President's long experience in New York politics has made him acquainted with the varying possibilities there, but it is declared that if a suitable man is nominated by the Republicans for Governor the President feels that the entire Republican ticket will be carried through in November.

Newspaper stories represent the President as earnestly desiring the nomination of ex-Secretary Elihu Root as the Republican candidate for governor, and some of these stories go so far as to think that the President is looking forward to four years from now for Root, believing that if the ex-Secretary of War is elected governor this year he will be the logical candidate of the Republicans for President in 1908.

This, however, is probably speculative, as the President would not offend various Republican leaders who are looking forward to 1904 by apparently working plans so that Mr. Root would succeed him as President. There are many big men among the Republican leaders who are looking toward the nomination four years from now, and all of them are personal friends of the President. Secretary Taft, Senator Knox of Pennsylvania, Speaker Cannon, Secretary Shaw, who will have the backing of Iowa; Senator Sponer of Wisconsin, Senator Lodge of Massachusetts and others are in the ambitious list. Anything that would look like favoritism for Mr. Root might make some of these men feel unkindly.

The President, realizing the prospects, is most likely to keep his hands off in the struggle that will precede his retirement from the presidency.

The President's confidence as to his election in November is based upon information reaching him through the party leaders in all the states. He has had a number of conferences with most prominent Republicans in the last few weeks, and all of them think the election is assured to the Republicans without question.

Judge Parker has received a telegram from Muscogee, announcing that "the Indian Territory is on fire with an unconquerable Democratic zeal." He should promptly tell them not to try to put out the fire, but allow it to spread to some region that is represented in the electoral college.—Washington Post.

A True Mark For Assassins

The conspirators who hurled a bomb at Minister Von Plehve selected a natural mark for their deadly missile. Later reports from St. Petersburg say that the minister himself felt that assassination was likely to be his end. For years he had been the greatest foe in Russia of all but the old absolutism, the enemy of progress and the persecutor of suspected nihilists, as well as of the Germans and Jews within the empire.

It was in prosecuting the conspirators who assassinated Alexander III that Von Plehve first came into prominence. He was public prosecutor of Warsaw in the seventies, and showed so much ability that he was sent up to St. Petersburg. He soon became a power in the secret police, and after Alexander's assassination he devoted himself to stamping out nihilism. He made the most perfect organization for the detection and punishment of crime that Russia has ever known.

It was during this campaign that he formed his close association with M. Pobedonosteff, Procurator of the Holy Synod, the Czar's personal representative in matters of religion and the government of the Russian church. These two men laid their reactionary campaign together. They plied their trade as extirpaters of everything liberal and enlightening with the abilities of trained statesmen and the devotion of fanatics.

Then, assisted by M. Pobedonosteff, he began the series of prosecutions against the Jews that ended in the recent massacres. When about three years ago he was appointed Minister for Finland, a cry went up in the land. On April 18, 1902, Von Plehve was appointed Minister of the Interior, succeeding the late M. Sipiaguine, who was assassinated April 15th.

The appointment of Von Plehve was regarded as a sign of the continuance of the reactionary policy. Von Plehve was charged with the responsibility of the Kishineff massacres. He denied the attack, but his tools allowed it to go too far.

Health Fads Multiply

Every now and again one runs across in some of the public prints so called "rules for health" in which some addleheaded person undertakes to teach everybody just how they should live in order to attain ripe old age and be happy all the time. Some people probably read these instructions and may possibly try to live up to them, but the main thing wrong is that they consist of hard and fast rules which most people could not begin to live up to for any length of time.

But the worst of these unauthorized advisers are those who lay down a time for every particular thing that unfortunate readers must do. In all of these cases the advisor seems to have based views on his or her own case and to have remained blissfully unconscious of the fact that there are others. What is the use of telling people who have to rush away to work at an early hour that they must not hurry over their meals or in advising the hard-worked head of an interesting but expensive family that "worry" is the cause of unhappiness?

It seems unfortunate, but the fact remains, that there are just as many unhappy people in the world as there were before the Sunday papers started to print rules for happiness, and there were just as many pretty girls before the same papers began to give instructions on how to iron out wrinkles. Perhaps there were more.

Hawaii And Alaska Compared

Alaska thinks she is not being given her share of attention from the federal government and some comparisons with Hawaii are being made. A Washington correspondent puts the case as follows: "Hawaii is an organized territory of the United States, and its interests have been carefully looked after by the home government, while Alaska is governed principally by local judges and has, until lately, been almost altogether neglected by congress. The popular idea and the notion of national legislators seems to be that the Hawaiian commerce is a

wonderful prize, and that Alaska is an icy waste. Yet, here is the commercial record for Alaska and Hawaii during the first eleven months of the fiscal year just closed: Goods shipped between Hawaii and the United States and between Hawaii and foreign countries, \$32,594,559; ditto for Alaska, \$35,162,234. Of the latter, however, \$8,555,600 represents Canadian goods shipped through Alaska to the United States, leaving the actual amount of Alaska commerce \$26,606,634.

Two-thirds of the total Hawaiian commerce, in both directions, is sugar. Take that out of the account, and take canned salmon out of the Alaska account, and the result is as follows: Value of the Hawaiian trade in the first eleven months of the fiscal year 1904, \$11,870,330; value of the Alaska trade in the same period, \$18,058,086. Hawaii's foreign trade in these eleven months was \$38,717; Alaska's was \$2,004,276. In Hawaii industrial conditions are almost stagnant; in Alaska they are booming all the time.

Just why two-thirds of Hawaii's commerce should be "taken out" of the reckoning does not appear. Even though it is sugar it is commerce. The fact remains that the federal government paid a big price for Alaska and has got nothing out of it for years, while Hawaii was acquired without the expenditure of anything and kept up the immense commerce she had had for years before the acquisition. No nation ever made a better bargain than the United States by annexation of Hawaii, considering the matter from a financial point of view. A comparison of the revenue per capita which Hawaii pays into the national treasury with that of Alaska places Alaska, as it places every other part of the country, far behind Hawaii.

Heat is doing its deadly work in the East. Here is the way the Chicago News opens its account of a day's sufferings: "Twelve persons are dead as a result of three days' torturing heat. Four have succumbed within twenty-four hours. Many persons were stricken today and some will die. Maddened by the heat, Simon Kalween, an inmate of the poorhouse at Dunning, leaped from a third-story window at midnight and was dashed to death."

The period during which The Hague conference agreed against the use of aerial machines for dropping torpedoes or dynamite on to an enemy expired on July 29. Both the Russians and Japanese are supplied with observation balloons which might easily be used for

dropping explosives, but none have been heard from so far. Such methods would certainly make matters more than interesting for the victims of such attacks, and if they are adopted someone will have to try to find something stronger than Sherman's saying "war is hell."

The conditions in Colorado continue to be most extraordinary. Here is a happening of July 29: "Cripple Creek, Colo., July 29.—Patrick McCarvel, one of the men who were deported to Kansas by the military early in June, returned to Victoria, where he owns property, including a large hall and business block valued at \$25,000. When McCarvel disembarked from the train he was taken in charge by Major H. A. Naylor, acting city marshal. McCarvel was allowed to attend to some business affairs and was then placed on board the first outgoing train, with an order that in future police protection would not be afforded him should he again return. McCarvel was originally deported for openly expressing sympathy with the miners' union and denouncing acts of Governor Peabody and his military subordinates." This seems more like Russia than the United States. It is to be presumed that such measures are a necessity to restore order in the strike region. But it is no wonder that Governor Peabody, who is responsible for the drastic scheme, is the center of a hot controversy.

Enlargement Of Mills Institute

SITE SECURED BY FRANK DAMON IN PALOLO VALLEY NEAR THE TERMINUS OF THE RAPID TRANSIT'S KAIMUKI EXTENSION—THREE NEW TEACHERS HAVE BEEN ENGAGED AND WILL BE HERE NEXT MONTH.

SAN FRANCISCO, July 30.—Frank Damon, the founder and head of Mills Institute in Honolulu, is very much improved in health, but does not expect to return to Honolulu for some time. Meanwhile he is planning a very great enlargement both of the scope and the material plant of the Institute. This enlargement is nothing less than a boarding school, coeducational in the same way that Kamehameha is, for the instruction of Japanese, Koreans and any other Asiatics for whom such advantages may be required.

Land has already been secured for the location of this school in Palolo Valley just mauka of the Waiialea Road and not far from the terminus of the Kaimuki extension of the Rapid Transit road. Some of the funds necessary for the buildings to be erected have already been secured, and Mr. Damon is very hopeful of securing all that may be needed.

Three new teachers for Mills Institute have been engaged by Mr. Damon and they will arrive in Honolulu early in September.

Mr. Damon has two other projects on hand to which he is giving considerable time, and of which he has very high hopes. One of these is the establishment in or near San Francisco of a school similar in purpose to Mills Institute. He says that in the matter of this sort of education for the Asiatics Hawaii is far ahead of California. But the increasing number of California-born Chinese and Japanese and of those who come here as children, has made such an institution, Christian but not denominational, almost an imperative want here.

Another educational effort in which Mr. Damon is taking an active interest, is the movement to secure for Mills College an endowment of a million dollars. Mills College is said to be the only Woman's college west of the Rocky Mountains. It now has property valued at half a million though much of this is unproductive. The present movement is to add a million dollars to the Endowment Fund and put it in a position where it may take rank with Vassar, Wellesley, Bryn Mawr and Mt. Holyoke.

A Heavy Mist Saved Korea From Capture

NEWS OF NARROW ESCAPE OF MAGNIFICENT LINER FROM BEING TAKEN BY RUSSIAN VLADIVOSTOK FLEET OFF TOKIO BAY REPORTED BY OFFICERS OF HER SISTERSHIP, THE SIBERIA, ARRIVING TODAY.

Only a heavy mist saved the magnificent S. S. Korea being taken as a prize by the Russian Vladivostok fleet. The splendid vessel of the Pacific Mail Steamship Company had a most narrow escape from capture by the Vladivostok fleet, and passed within a few miles of the Russian warships that were lying outside of Tokio Bay waiting for her. News of the narrow escape of the Korea was brought today by the S. S. Siberia, her sister ship, which arrived from the Orient en route to San Francisco.

According to the statements of the officers of the Siberia the Russian fleet had stationed itself close to the entrance of Tokio Bay by the Sakami Sea. The Korea picked up the light at Cape King and passed through into Yokohama harbor. Shortly after when the fog lifted, the Russian fleet, 15 miles away, could be seen by the lighthouse observers. Captain Seabury had been in complete ignorance of the danger.

The Siberia was held two days at Kobe. Her cargo was taken out and then reloaded. She was detained until after the danger of being seized by the Russian fleet had passed. The fleet had left for Vladivostok when the Siberia sailed.

The Siberia left Yokohama August 2. She experienced pleasant weather. Nothing was sighted of the Gaelic, but the America Maru was passed two days ago. The Siberia brought 1,536 tons of freight for Honolulu. A number of passengers arrived for this place, among them being Godfrey Brown. The vessel has a large crowd of through passengers. Among the San Francisco-bound people is E. H. Clough, who has been acting as Examiner correspondent in the Far East.

The Siberia will sail at noon tomorrow for San Francisco from the Hackfeld wharf. A large crowd will depart on her from Honolulu.

dates "to burn," and in the preliminary discussions and caucusing before the Territorial convention there is likely to be some lively work done.

The meeting last night was a joint meeting of members of the District and Territorial conventions from the Fifth District. It was held in Aheong's gymnasium at his residence. Every member was present, except William Henry and Henry Cockett. The meeting was unanimous upon all matters, the District committee members passing upon matters within their jurisdiction after general discussion, and the Territorial convention delegates doing likewise as to their matters.

J. A. Aheong called the meeting to order, and Henry C. Vida was chosen chairman, and Solomon Mahelona, secretary. Isaac Cockett was chosen chairman of the District committee delegation, and Eli J. Crawford chairman of the Territorial convention delegation. The following names were placed before the meeting to be considered at the next conference as candidates for the legislature: Senate—D. Kanuha, William Mutch, John C. Lane, S. E. Damon, T. McCants Stewart, H. E. Cooper, Joseph Fern, K. R. G. Wallace, Sam Dwight. House of Representatives—Eli J. Crawford, K. R. G. Wallace, William Olepau, John Pualo, S. A. Macy, D. Kanuha, L. Kamealoha, Solomon Mahelona, Edward Kealoha, Henry C. Vida.

The sentiment was that the outside districts should have two and the inside districts four members of the House.

A question was raised as to whether Lane wants to run for the Senate or the House, and a committee was appointed to interview him, consisting of Sherwood, Wallace and Crawford. H. C. Vida was endorsed for chairman of the District committee of the Fifth District, and Wallace temporary chairman. Prince Cupid was indorsed as Delegate to Congress. A. G. M. Robertson was indorsed as chairman of the new Territorial central committee, and it was resolved to present the name of W. R. Sims as secretary of the Territorial convention.

An interesting discussion took place over the party platform and what it should contain. George Barker advocated a plank in favor of a law making the employment of citizen labor on public works compulsory. Wallace favored a plank against the employment by local capitalists of lobbyists at Washington and in favor of working through the delegate. B. P. Zablan said the Territorial administration should be indorsed; and Isaac Cockett suggested that the first plank would be a ringing ratification of the national ticket. Stewart said that there should be a plank on county government.

The following were present: District Committee delegates: H. C. Vida, K. R. G. Wallace, Isaac Cockett, George Barker, B. P. Zablan, L. Kamealoha, J. J. Kahalekaula, Henry Huka, Joseph Fern, William K. Kauwai. Territorial Convention delegates: T. McCants Stewart, Eli J. Crawford, I. H. Sherwood, George Lucas, J. A. Aheong, Solomon Mahelona.

WHEN IS A PLOW NOT A PLOW?

AND THE ANSWER MAY POSSIBLY BE GIVEN BY THE U. S. DISTRICT COURT NEXT TERM.

When steam plows are shipped from England to the United States "knocked down" that is separated into their different parts and packed separately so, are they "plows" or are they "plow parts"? That is a question which has to be settled by the United States District Court at the coming October term although it has been hanging fire for upwards of three years.

The case is an appeal by Macfarlane & Co., Ltd., from the decision of the Board of General Appraisers in New York imposing certain duties on certain invoices. C. W. Ashford as attorney for Macfarlane & Co., today filed in the District Court application for an order on the New York Board to send the record of the case here so that it may be tried next term.

In 1901 Macfarlane & Co., imported from England a number of steam plows. They were sent to New Orleans, thence by rail to San Francisco whence they were brought here. Upon their arrival the question of classification came, for the duty on plows and on plow parts varies from about 45 per cent to 20 per cent. The matter was submitted to the Board of General Appraisers in New York who decreed that the higher duty must be paid and appeal was entered. Then came the question as to where the appeal should properly be heard, here, where the duty was paid or at New Orleans, the port of original entry. This was decided in favor of Honolulu and the trial will accordingly go on. The amount involved in the difference in rates of duty is about \$1,500.

AORANGI'S STOP AT MIDWAY

THE BRITISH VESSEL FROM VANCOUVER ALSO UNDER INSTRUCTIONS TO CALL FOR CABLES.

SAN FRANCISCO, July 31.—With the safe arrival of the steamer Aorangi at Honolulu from Vancouver, with a cargo that would be construed according to the steamer Gaelic which has been anchored at Midway since the 26th instant will proceed tomorrow for China and Japan as it is believed the Russian fleet has become short of coal and has returned to their station. The Muscovite custom, as contraband of war, there is considerable speculation today as to the future movements of that vessel towards the Orient. A private dispatch from the North this morning stated that the Aorangi would be sent right on as far as Midway and from there she would receive orders when to proceed onward.

There was no little jollity on board the Mongolia yesterday when the officers and crew discussed the idea of their being captured and the vessel seized on account of carrying contraband. The prospects of a lay-off at Midway, where extensive fishing might be indulged in, was looked upon with considerable favor by most of those on board. The American Maru has just about finished taking on cargo and unless something out of the ordinary happens the vessel will proceed as per her schedule.

THE MARSTON IN SEVERE GALE

SAN FRANCISCO, August 31.—The schooner W. H. Marston of the Honolulu sugar fleet arrived from the islands at 10 o'clock last night after a voyage of thirty-seven days. Ordinarily the run from Honolulu is made in about a third of that time. Captain Curtis reports that he encountered one severe storm and several calms, which accounted for his slow trip.

As it was the schooner was towed in by the steamer Acme, which picked her up off Duixbury reef at 4 o'clock in the afternoon.

After having been becalmed about three weeks, last Thursday at 6 o'clock the Marston ran into a heavy north-west gale, which carried away her main mizen and foretopmast sails. The gale raised through the night but quieted down at about 4 o'clock in the morning. The captain reports that although the voyage was a very long one the schooner carried plenty of water and provisions and could have remained out for several weeks longer without any danger that the crew would suffer.

SPREAD OF THE STRIKE

AN ORDER THAT WOULD HAVE INVOLVED ALL THE CHICAGO RAILROADS IS ISSUED AND WITHDRAWN AFTER RECONSIDERATION—IT WILL BE ISSUED AND ENFORCED IF THE BUTCHERS' UNION ASKS FOR IT.

CHICAGO, July 28.—After issuing a general order that would have involved all the Chicago railroads in the stock yards strike, Lawrence J. Curran, president of the Freight Handlers' Union, tonight reconsidered his action and is now holding his order in abeyance pending a conference tomorrow morning with the leaders of the allied trades unions whose members are on strike.

It is said, however, that if President Donnelly, of the butchers' union desires to have the order enforced it will be put into effect at once. The executive committee of the freight handlers was in session until late to night, and it is said that preparations have been made to put the strike order in force if it is deemed necessary.

President Curran's order if lived up to by the freight handlers, would work a severe hardship on the packers, as it explicitly directs that unless men shall handle no freight for the big packing companies, either outgoing or incoming. President Curran's order to the men follows:

"At a meeting with the business agents of the local freight handlers' unions today it was decided that all men under the jurisdiction of our organization in the various railroads in Chicago be ordered not to receive or deliver any freight of the packers, whether this freight is delivered at the freight houses by teams or in cars."

The order, which was signed by President Curran and all the business agents was posted in all the railroad freight houses tonight. At the same time that this step was taken by the freight handlers' resident another effort to bring about a conference between the packers and the strikers was made. Henry C. Wallace, a writer and lecturer on agricultural topics of Des Moines, Iowa, and A. L. Ames, of Buckingham, Iowa, president of the Corn Belt Meat Producers' Association are the sponsors for the new movement for peace.

Mr. Wallace and Mr. Ames came to Chicago today and immediately went into conference with the strike leaders. Mr. Donnelly and his associates were told by Mr. Wallace of the hardships the strike was imposing on the live stock raisers and they were asked if some concessions besides those offered at the last conference between the packers and the strike leaders could not be suggested in order to bring the present conflict to an end. Mr. Donnelly, who was made spokesman for the labor leaders, said he would welcome another conference with the employers. He also informed Mr. Wallace that the strikers were willing now to concede

the time limit in which the men should be reinstated. At the last conference with the packers Mr. Donnelly insisted that the men be reinstated within ten days. The packers refused to agree to this limitation, holding to the original agreement which allowed forty-five days for reinstatement. Mr. Wallace said tonight that he and Mr. Ames would call on the packers' representatives tomorrow and endeavor to bring about the desired conference.

Tonight both sides to the dispute at the stock yards were claiming victory. According to the packers, all the plants in Chicago are running at nearly their regular capacity. On the other hand, the labor leaders declare the packing industry in Chicago is demoralized, and that business is almost at a standstill. That the statements of the labor leaders are not altogether true is evidenced by the fact that the packers are slaughtering thousands of animals every day.

There were several descriptions from the ranks of the strikers today, but this loss was partly offset by the quitting of a number of strike breakers. The packers today won an incidental victory in the big stockyards strike, the first emphatic gain of the kind that has been made since the general walkout was declared in effect. Eight hundred livestock handlers threw aside their allegiance to the allied trades and this afternoon began to handle shipments indiscriminately both for the packers in the combine and for the independent companies.

This afternoon 132 men, all members of the union, deserted the strikers and returned to work at Armour's plant. Twenty-eight men are now employed in the cattle, hog and sheep departments. Every man was put at work at once.

"We have won the strike war right now," declared Superintendent Cotway of Armour & Co. Intense excitement was aroused in the crowded exchange building in the Stock Yards today by an attempt to kill G. T. Ward, member of a commission firm. Ward's appearance running through the building pursued by a man flourishing a big knife, caused a general exodus before the assailant could accomplish any harm however. The man proved to be a Lithuanian. He gave the name of Anton Doreklotz.

While thousands of stock yards workers were going home this evening Grant Taylor a negro janitor at Smith's plant was set upon near the yards by a mob, and was beaten nearly to death before the police with drawn clubs, dispersed the assailants.

BIG LAW SUITS ARE PENDING

ATTORNEY GENERAL'S DEPARTMENT HAS PLANS TO BRING MANY FIRMS INTO TAX LISTS.

The Attorney General is determined to test to the limit the rights of the Territory to bring foreign corporations, doing business in Hawaii, under the jurisdiction of the Territory and pay taxes accordingly. The attempt to enjoin the Pacific Hardware & Steel company from doing business here proved abortive, Judge Gear denying the injunction, but the Attorney General's department will now proceed to sue for the amount due the treasury in its view.

But this is not all. Similar actions for taxes alleged to be due are pending against Castle & Cooke, Limited and C. Brewer & Co., Ltd., as agents for the Standard Oil Company. Other corporations who will be looked after are the Union Oil Company, Pacific Oil and Transportation Co., Dearborn Drug & Chemical Works and the Risdon Iron Works.

The Territory's law experts have not yet lost faith in injunction proceedings and suits will be commenced praying for injunctions against the following firms which have agencies here: Schweitzer & Co., representing Murphy Grant & Co. W. C. Gregg Co., (plantation machinery.) Seattle Brewing & Malting Co. Germania Savings & Loan Society. Singer Manufacturing Co., and Wheeler & Wilson Co. (sewing machines.) Pacific Import Co., (dry goods.) Union Trust Co.

WAR OUTBREAK IN ALASKA GIVE THE JAPS "NO QUARTER"

RUSSIANS AND JAPANESE HAVE FIERCE ROUGH AND TUMBLE FIGHT AS RESULT OF WAR FEELING.

VANCOUVER, B. C., July 28.—(Special.)—The fiercest kind of a free fight with several broken heads as a result, took place Saturday night at Douglas City, Alaska, between Japanese and Russian miners resident there.

The Japs accused the Russian of speaking disrespectfully of Japan, and half an hour later the whole foreign population of the place was mixed up in the riot.

First they threw stones at each other but this was long range firing and neither did much damage.

Staves and clubs and holl-headed boots were used to effect and several of the foreigners are still in the hospital.

A message was sent to Marshal Johnson, at Skagway, but by the time he had arrived early on Sunday quiet was restored.

MOSCOW, July 26.—The Moscow Gazette declares that generals should slaughter all taking no prisoners.

"Our great general Suvaroff" says the Gazette, "when he fought against the civilized French often gave the order to give no quarter to his troops. This which is not cruelty or barbarism was a necessity, and now necessity forces us in this war with a half-savage barbarous nation, to adhere to Suvaroff's rule."

"In our war with Japan we are like a man attacked by a viper. It is not enough to frighten it and then leave it to hide in the bush. It must be destroyed, and we must do this in the present instance, without considering whether England and a cosmopolitan plutocracy object. We cannot burden ourselves with thousands of Japanese prisoners, who will spread dysentery, typhus and cholera among the Russian people."

"Perhaps, according to humanitarian principles, it would be very unwise to give no quarter, but nevertheless 'No quarter and no prisoners' should be our motto."

AGRICULTURE AT WORLD'S FAIR

AN IMPOSING DISPLAY SHOWN IN EVERY DEPARTMENT—GREAT BUILDING CROWDED.

Not alone in art, architecture, sculpture and manufactures is the St. Louis World's Fair Supreme; its exhibits of Agricultural products are without doubt the finest ever brought together.

One may not only visit the Palace of Agriculture, with its hundreds of interesting exhibits, but even the state buildings have devoted more or less space to the products of the soil.

For the most part, however, these are limited to the various exhibits in the Agricultural Palace. Here are to be found many features of great interest to the visitor.

An interesting fact in connection with this field is that the grain was raised on the irrigated land of Colorado, and superior color, weight and other characteristics is claimed for it.

It will thus be seen how exhaustive in detail and how interesting in its exhibits the exposition is proving.

Of course, those who visit St. Louis enjoy all these sights in the extreme, but those who can't get to the Fair will find a welcome substitute in the superb Forest City World's Fair.

Although the regular price of the portfolio is 25 cents, the cost to our readers is merely nominal; only ten cents, to cover expense of handling, wrapping, addressing and mailing.

Bring or send the little coupon printed from time to time in our announcements, with ten cents, as mentioned above, and any part issued will be furnished promptly.

Our readers are fortunate to be able to secure such a possession on terms so easy and convenient and this paper is fortunate in being able to make so rare an offering.

SITUATION AT MUKDEN. Associated Press. Morning Service. MUKDEN, August 11.—Strong reinforcements have arrived here from the north. The Japanese are in some strength twenty-five miles south of here, also another army is five miles east of Liaoyang.

WASHINGTON, D. C., July 27.—The Star says: A cablegram from London last night says: The British government is taking energetic action in the case of the sinking of the British steamer Knight Commander by the Vladivostok squadron.

Information received by the government tends to establish in the official mind a belief that an outrage has been committed for which no excuse exists in international law. Those aware of the feelings of the ministry said tonight that all the members of the cabinet are in accord regarding the principle of the inviolability of innocent neutral shipping as well as upon the principle that a neutral ship cannot be destroyed even if carrying contraband of war.

The demands which will be made upon the Russian government will include compensation to the owners of the ship and to the owners of the goods on board the Knight Commander, an apology for the action of the Russian cruisers, and agreement that instructions be given to prevent a repetition of such action.

British ship owners are up in arms over the dangers which shipping is now running, and are bombarding the government with representations looking to the thorough protection of their interests.

Arthur Cohen, one of the counsel for the British government in the Alabama claims arbitration case now judge of the Cinque ports and standing counsel for the University of Cambridge, said to the Associated Press tonight: "It is scandalous this reckless seizure and destruction of neutral shipping by Russian vessels. The sinking of the Knight Commander was totally illegal."

"Wheaton, in his work on international law, states explicitly that if the prize is a neutral ship no circumstances will justify her destruction before condemnation, that if the vessel is destroyed full compensation must be given to her owner, but that owners of contraband of war on board the ship, if any, have not substantial ground for complaint, because the destruction of the vessel does not injure them. Had the Knight Commander been condemned as a good prize, the owners of the contraband cargo would consequently suffer no loss by the sinking of the ship. Owners of neutral goods on ships are entitled to compensation, as are the owners of the vessels.

"Russia may advance the contention that the Knight Commander was carrying contraband of the character of which her owner was aware and that he therefore, was guilty of an offense against international law. This would not justify the sinking of the Knight Commander nor would the unwillingness of the Russian commander to reduce the complement of his squadron in order to furnish a prize crew be an excuse for such action. That was the misfortune of the Russians. It seems to me to be the time for the United States and Great Britain to say that they will not allow this extension of the rules relating to contraband or this extraordinary interference with neutral commerce.

BY AUTHORITY

SHERIFF'S SALE NOTICE.

Under and by virtue of a certain Alias Execution issued by Lyle A. Dickey, District Magistrate of Honolulu, Island of Oahu, Territory of Hawaii, on the 30th day of June, A. D. 1904, in the matter of James W. Pratt, Assessor and Collector of Taxes, First Division, Plaintiff, vs. H. L. Kerr, Defendant, I have, in said Honolulu, on this 29th day of July, A. D. 1904, levied upon, and shall offer and expose for sale and sell at public auction, to the highest bidder, at the Police Station, Kalaikua Hale, in said Honolulu, at 12 o'clock noon of Monday, the 29th day of August, A. D. 1904, all the right, title and interest of the said H. L. Kerr, Defendant, in and to the following described real property, unless the sum of One Hundred and Nine and 25-100 dollars, that being the amount for which said Alias Execution issued, together with interest, costs and my fee and expenses are previously paid:

Lot No. 29 of Pacific Heights, Honolulu, Oahu, containing 21,990 square feet, being a portion of L. C. A. 274, R. P. 302, and conveyed to H. L. Kerr and M. S. Smith by deed of C. W. Booth and wife, as of record in the Registry Office, in said Honolulu, in Liber 222, page 217.

And by deed of M. S. Smith and wife to H. L. Kerr, of an undivided interest in and to above premises, as of record in said Registry Office in Liber 222, page 220.

A cash payment of one-half of the amount of the successful bid in United States Gold Coin will be required at time of sale, the balance to be paid in United States Gold Coin upon the delivery of the deed.

Deed at expense of purchaser. Dated at said Honolulu, this 29th day of July, A. D. 1904. A. M. BROWN, High Sheriff, Territory of Hawaii.

The bridegroom is a member of the firm of Halstead & Co., the prominent local brokers, and is well and favorably known to the business community.

RICHEST CARGO - YET RECORDED

ALASKAN DUE AT DELAWARE BREAKWATER WITH ALMOST MILLION DOLLAR LOAD.

More than usual interest is being taken in the present trip of the S. S. Alaskan from Hawaiian ports to Delaware Breakwater. The vessel is now out 68 days from Hilo, and ought to be reported at any time. She has a cargo of 11,200 tons of sugar.

This cargo will be the first large cargo to strike the quotation above 4 cents. At the present quotation of 28 1/2 a ton which was reported yesterday had prevailed, the value of the cargo will be \$32,000. This will be the richest cargo of sugar that has ever been in since annexation.

The S. S. Arizonan with another 11,000 tons cargo of sugar is out 28 days from Hilo for the Breakwater, and the S. S. Nebraskan with about 4,500 tons is out the same time from Kaaunapali. The S. S. American with about 8,000 tons of sugar left Hilo July 30.

SOLDIER WILL NOT BE PROSECUTED

IF HE SAILED ON LOGAN—MILITARY AUTHORITIES WILL DEAL WITH STABBING AFFRAY.

Unless Harry Bagley, one of the recruits who came here on the transport Logan was left behind in Honolulu, the police will not prosecute him on the charge of assault with a weapon. Bagley is alleged to have gotten into an altercation with Alfonso Lammolina, another recruit man from the vessel. A fight ensued from which the latter emerged with several knife wounds. Bagley escaped capture. The injured man was sent to the Queen's Hospital for treatment.

High Sheriff Brown stated this morning that the injured man was not seriously injured, so the matter of prosecuting the affair would probably be left to the military officials aboard the transport. They will take up the matter and try Bagley on a charge of cutting the other man. If Bagley failed to go aboard the transport, however, and was left in Honolulu, he will, if caught by the police, probably be prosecuted.

There were very few stragglers from the Logan during her visit in port. The men did not appear to have had any money, for many of them were selling their clothes for the purpose of getting money with which to enjoy themselves while in the city. Only two men were rounded up by the police. The vessel got away about noon today for Guam and Manila.

DESPONDENT JAP TOOK HIS LIFE

JAPANESE SHOT HIMSELF IN THROAT WITH REVOLVER AT EARLY HOUR THIS MORNING.

Despondent through sickness, K. Mizuta committed suicide at an early hour this morning in a room in a Japanese lodging house at the corner of Berea and River streets.

According to the statements of other Japanese, the man came from the hospital about four days ago. He was still in ill health and was very despondent. He evidently had been deliberately contemplating suicide for he seems to have purchased a new revolver yesterday or within a day or so. He placed one cartridge in the pistol and holding the weapon in his left hand near his throat he fired the fatal bullet. The revolver, a new one of 35 caliber, was found on the floor within eight inches of his right hand, where the weapon had apparently fallen.

There were powder marks about the left hand. This fact indicates that he held the weapon with that hand. It is possible that the man may have been shot by some one else and that he clutched the weapon with his left hand and received the powder marks when the assailant discharged the weapon. The general circumstances go to indicate suicide however and the police are now satisfied that such was the manner of his death.

ADOPTS CHILD OF MURDERED MAN

JOSEPH T. HOLLOWAY FILES A PETITION TO LEGALLY ADOPT THE CHILD OF DEPUTY SHERIFF STOLZ WHO WAS KILLED IN THE PERFORMANCE OF HIS DUTY ON KAUAI SOME YEARS AGO.

In the office of the Circuit court today there were commenced adoption proceedings which form a curious aftermath to a murder which shocked the whole community several years ago. Joseph Tobey Holloway, well known as foreman of the Oahu Railway yard and as a man of considerable means, applied for the guardianship of a little girl of thirteen named Flora Kaumakalani Stolz, the application being endorsed by the girl's mother, Mrs. Miriam Kaupaeokul. The papers were filed by Judge Humphreys.

The murder referred to was that of Deputy Sheriff William Stolz. In the pursuit of his duty he was ordered to arrest a leper on the island of Kauai. The unfortunate leper objected to being

SILLIMAN IN THE SUTRO CASE

SAN FRANCISCO, July 30.—R. D. Silliman, formerly circuit judge in Honolulu, now practicing law in San Francisco with an office in the Crocker Building, has been retained in one of the most important pieces of litigation now or soon to be before the California Courts.

This is the litigation over the charitable bequest provisions of the will of Adolf Sutro who built the Sutro Tunnel and was afterwards Mayor of San Francisco. By his will he left property now amounting to a million or more to maintain art and recreation institutions for the city of San Francisco. All the heirs but one have united to contest this provision of the will on the ground that it does not come within the California statute relating to charitable bequests. Judge Silliman has been retained by Dr. Merrit, daughter of Sutro to defend the validity of the provision of the will, she being the only one of the heirs not joining in the contest of the will.

On the other side are Garrett McKinney and Charles S. Wheeler, two of the leaders of the San Francisco bar, CHARLES L. RHODES.

STILL DYING BY THOUSANDS.
The death rate among the roaches reached the highest point last week. The newly discovered poison—Roach-Go—is accountable for the good work of extermination. Sold by Hobron Drug Co.

Another prominent Japanese to arrive is J. Ashijii, who is to take a position with the Yokohama Specie bank in the city.
