## ARE THE COURTS SEWED UP IN A BAG?

JUDGE ROBINSON SAYS THAT UNDER THE NEW JURY COMMISSIONER ACT JUST PASSED BY THE LEGISLATURE THERE CANNOT BE A JURY DRAWN UNTIL 1905—A SERIOUS SITUATION CONFRONTS THE COURT.

Has the legislature tied up all the circuit courts of the islands until 1905, as far as jury trials are concerned? Judge Robinson says that it has and others who have read the new jury law have reached the same conclusion. The result will have to be an extra session, unless the law can be declared unconstitutional. "I do not see how we can draw another jury until the year 1905," said Judge Robinson this morning, "under the provisions of this act, and of course we can't wait till then for jury trials. We couldn't hold the defendants who would accumulate on our hands and if we could there are not jails enough for them, while the civil calendar would pile up so that three judges would never get it in shape again."

The sections of the law which cause the trouble are those dealing with the jury commissioners. They provide that the judges shall appoint, before the first of each December, jury commissioners "for the next calendar year." That carries the appointment to January 1, 1904. Then the act provides that the commissioners select a list of jurors, on or before the fifteenth of December, for the "ensuing" year, which is taken to mean the year after the commissioners become jury commissioners. This makes it impossible to get a set of jurors until the beginning of 1905, it is claimed.

The following are the two sections: "Section 5. The Judge or Judges of each Circuit Court shall, prior to the first day of December of each calendar year, appoint for the next calendar year two persons as Jury Commissioners, who shall be voters of the Circuit, well known to be of opposite politics and of good reputation for intelligence, morality and integrity. Should a vacancy occur in the office of a Jury Commissioner at any time, the Circuit Judge or Judges shall appoint a person to fill the vacancy. For the time actually and necessarily employed in the performance of his duties, each Jury Commissioner shall be allowed by the Court or Judge five dollars per day, to be paid in the same manner as fees of jurors.

Section 7. The Jury Commissioners of each Circuit shall, before the fifteenth day of December in each year, or at any subsequent time, if omitted or neglected before such day, make a list of persons to serve as jurors in the Circuit Court of the Circuit for the ensuing year. Even if it should be held that the commissioners who take office next January can, under the law, draw jurors for the same year, there can be no jurors drawn until next January, in any circuit in the islands, it is claimed. The circuit judges in Honolulu will have a consultation on the matter at once.

## NIPPON BRINGS RUSSIAN EXILE

WAS ONE OF THREE WHO SURVIVED ILL TREATMENT IN SIBERIA. ESCAPED TO JAPAN AND FINALLY MADE HIS WAY TO THIS PORT—STOWED AWAY ON NIPPON MARU—PASSENGERS RAISED FUNDS TO HELP HIM ALONG.

An escaped Russian exile arrived in Honolulu yesterday by the Nippon Maru. His name is Ladislaus von Biberstein-Tridentinski. He is a young man 28 years of age and it was on account of student rioting that he fell into the disfavor of the Russian government. Young as is the man, he has had a very exciting career. He is a native of Warsaw, Poland, where his father has several large manufacturing establishments. Young Ladislaus went to St. Petersburg as a student. About two years ago, Pobedonovoff the Russian minister of education, caused to be issued, an edict prohibiting youths from any but the higher classes entering the schools. The other regulations were promulgated. The regulations aroused the students to a pitch of unusual frenzy. Rioting occurred in which the Minister of Education was assassinated. Ladislaus was among the rioters. He was not the man who shot the minister, but the Russian government is no respecter of persons nor indeed do the police waste much time in trying to find the guilty perpetrator of any offense. It is a case of Caesar's wife with them and if a man or a woman for that matter, is not above their suspicion the suspected culprit is likely on general principles to be put into jail and often sent to Siberia.

This is exactly what happened to young Ladislaus. He was arrested with about 4,000 other students. The entire crowd were sent to various places in Siberia. He was sentenced

## ITS LAST DAYS

The "Executive Council" is probably in its last days. This morning Governor Dole, Secretary Carter and the heads of departments began the organization of the Territorial Board of Public Institutions, provided for by the act which carries the board into effect. It is probable that the board will probably take the place of the Executive Council. Its membership is very much the same. A meeting of the new board will be held next Monday, at which rules and a regular organization will probably be affected, and arrangements begun for the board to enter upon its duties. At the executive council meeting this morning Superintendent of Public Works Henry E. Cooper called attention to some features of the county bill which he regarded as in conflict with the Organic act. These relate to the control of roads, bridges, etc. which the county bill attempts to change.

At that time it was not known whether the Fullerton had reached San Francisco.

## NEW GOODS AT SACHS.

The newest dress materials for stylish wear are on display this week as well as tuckings, French reverses, all overs, etc. Crisp new handkerchiefs for ladies just opened.

If you are going away and wish your property taken care of.

## HIS LIFE WORK.

"I suppose that work in 60 volumes is an encyclopedia?" "No, it is called 'The Love-Letters of a Mormon Elder.'"—Exchange.

Diarrhoea is more to be dreaded than diphtheria. It attacks all ages and is equally fatal to young and old. The great mortality resulting from diarrhoea is due to the lack of proper treatment at the first stages of the disease. Chamberlain's Colic, Cholera and Diarrhoea Remedy is a reliable and effective medicine, and if given in time will prevent serious consequences. This remedy never fails and is pleasant to take. Every household should have a bottle at hand. Get it today. It may save a life. For sale by all dealers. Benson Smith & Co., general agents.

## RUSSIA'S POSITION

SECRETARY OF STATE HAYS'S CORRESPONDENCE PLACES THE CZAR'S GOVERNMENT ON RECORD PERMANENTLY—HAY SENDS A NOTE OF THANKS TO THE RUSSIAN GOVERNMENT.

Associated Press Cable to the Star.  
WASHINGTON, D. C., May 1.—Secretary of State Hays in a note addressed to Russia thanks the Czar's Government for the recent declarations of its principles in the Manchurian matter. Incidentally the correspondence is of the highest importance in that it makes a definite permanent record of Russia's position, and fastens her to principles to which she has given pledged herself.

## IROQUOIS TO MIDWAY

NAVY DEPARTMENT ORDERS THE TUG TO GO THERE ON ACCOUNT OF THE LANDING OF THE CABLE TO LOOK AFTER THE ERECTION OF A LIGHTHOUSE ON THE ISLAND.

Associated Press Cable to the Star.  
WASHINGTON, D. C., May 1.—The tug Iroquois, which has long been stationed at Honolulu, has been ordered by the Navy Department to proceed to Midway Island on account of the landing of the cable there, to work on the establishment of a lighthouse on the island.

## YOUNG KAULUKOU WINS PRIZE

HAWAIIAN STUDENT, AT ST. MARY'S COLLEGE GIVEN THE COTTLE MEDAL FOR ELOCUTION—IS THE CHOICE OF HAWAIIAN ALUMNI OF YALE TO GO TO THAT UNIVERSITY.

Associated Press Cable to the Star.  
OAKLAND, May 1.—Lot Kaulukou of Honolulu has been awarded the Cottle elocution medal in the competition at St. Mary's College. The young man has been given a Yale scholarship by the Yale alumni society of Honolulu.

## FILIPINO REBEL CAUGHT.

Associated Press Cable to the Star.  
MANILA, May 1.—Rios, the fanatical rebel leader, has been captured. Luzon and Mindanao rebels are surrendering in large numbers and greatly improved conditions are in sight.

## SALONICA BESIEGED.

Associated Press Cable to the Star.  
CONSTANTINOPLE, May 1.—Salonica is now in a state of siege. Extraordinary military precautions are being taken everywhere throughout the empire and grave developments are feared.

## OIL VESSELS SAIL FOR HAWAII.

Associated Press Cable to the Star.  
SAN FRANCISCO, May 1.—The oil tank steamer Whittier, belonging to the Union Oil Company, sailed for Honolulu today towing the barkentine Fullerton. The vessels have a joint capacity of 25,000 barrels of fuel oil. The Fullerton arrived several days ago from Honolulu and was promptly loaded, the Whittier having been waiting for her arrival to start for the Hawaiian Islands. The Whittier is making her initial trip as she was launched on April 14 from the Union Iron Works for the Pacific Oil Company.

Both vessels are going to Honolulu. Much interest is attached to the trip as it is the first time that a sailing vessel has been towed to the Hawaiian Islands from this port.

Full details of the pending departure of the two vessels were given in the Star yesterday afternoon. At that time it was not known whether the Fullerton had reached San Francisco.

## MANY BRITISH SAILORS KILLED.

Associated Press Cable to the Star.  
HALIFAX, May 1.—Fatal rioting occurred at Port of Spain. Fifteen sailors and marines from the British cruiser Pallas were killed.

## OBSERVERS WILL CHANGE

LONGITUDE OF HONOLULU WILL SOON BE SETTLED BY OBSERVATIONS.

Five good nights for observations have occurred since the Coast and Geodetic Survey department began the work of determining the correct longitude of Honolulu. Edwin Smith who has been in charge of this work at this place, has completed this portion of his work and will sail for San Francisco on the Siberia, May 9. Mr. Morse who has been conducting the observations at San Francisco will sail today on the Alameda for Honolulu. The idea of the observers changing positions is to eliminate all possibility of the personal equation figuring in the observations. When the two observers change positions, the final tests will be made.

VARIOUS ATTRACTIONS. Children will find attractions of various kinds at the Gleaners' Lawn Party tomorrow afternoon.

## WIRELESS TO FANNING

BRITISH CABLE BOARD REPORTED TO BE NEGOTIATING WITH MARCONI TO CONDUCT EXPERIMENTS WITH WIRELESS TELEGRAPH BETWEEN HONOLULU AND FANNING WITH A VIEW TO ESTABLISHING HONOLULU BRANCH.

It is understood that Sir Spencer Walpole of the Pacific Cable Board is negotiating with Mr. Marconi with a view to the conduct of a series of experiments with wireless telegraphy between Fanning Island and Honolulu.

This information arrived today by the Nippon Maru. It would certainly be an event, should Marconi decide to come to this place in response to the offers of the Pacific Cable Board, to conduct the experiments between Honolulu and Fanning Island. It is more than probable that such experiments will be attempted this year.

When the Canadian-Australian cable line was completed, Mr. Lucas the cable engineer stated that the company would, in all probability, extend a branch line from Fanning Island to Honolulu. It was not stated when this branch would be established however.

That the Cable Board has not forgotten Honolulu, is indicated by the report which was brought by the Nippon Maru's officers. Evidently the Cable Board has decided to give Marconi a chance to make a practical demonstration of his claims of being able to send messages a great distance.

## WARSHIPS FROWN IN THE ORIENT

OFFICERS OF THE NIPPON MARU REPORT THAT THE ASIATIC WATERS ARE ALIVE WITH WARSHIPS OF ALL NATIONS, GATHERED IN ANTICIPATION OF THREATENED CONFLICT OVER MANCHURIAN TROUBLE.

There is something big doing in the Orient. Officers of the Nippon Maru brought some decidedly startling news from the Orient regarding the movement of the various fleets in Asiatic waters.

In answer to cable orders from the Navy Department, Admiral Robley D. Evans the commander in chief of the Asiatic station, has begun concentrating the American fleet at Yokohama. A brief notice of this fact was received several days ago by cable.

The Nippon Maru left Yokohama April 21. On the previous day, Admiral Evans had arrived at Yokohama on board the cruiser New Orleans, accompanied by the battleships Kentucky and Oregon. The monitors were expected to arrive at any time, as orders had been sent to them to report with all possible dispatch.

The United States Asiatic station fleet is made up of the following vessels: Kentucky, (Flagship of Commander-in-chief), Captain Charles H. Stockton. Captain Robert M. Berry ordered to command. At Yokohama. Rainbow, Commander G. L. Dyer. (Flagship of Admiral Cooper.) At Cavite. Oregon, Captain William T. Burwell. At Yokohama. Annapolis, Commander E. M. Hughes. At Cavite.

Celtic, Lieutenant Commander William A. Gill. At Cavite. Don Juan De Austria, Commander Daniel D. V. Stuart. At Cavite. Frolic, Lieutenant Commander H. O. Dunn. At Cavite. General Alava, Lieutenant Harry A. Field. At Subig. Glacier, Commander Arthur B. Speyers. At Cavite. Helena, Commander Sydney A. Stanton. At Hong Kong.

In addition to these vessels, six gunboats are on patrol duty about the Philippines. It is not probable that any of the latter vessels will be concentrated at Yokohama, nor is it probable that all of the American fleet will be gathered at the Japanese port. While the cablegram did not give the number of name of the American vessels that had reached Yokohama, it is evident from what Captain Greene of the Nippon says that the United States proposes to gather practically all of its fighting strength at Yokohama. The monitors Monterey, Monadnock and Monocacy are powerful fighting machines and will strengthen most materially the American fleet.

(Continued on page five.)

## MOTHERS AND TEACHERS.

There will be a meeting of the Mothers' and Teachers' Club at 2:30 this afternoon, at the Y. W. C. A. hall. Several interesting addresses have been arranged for.

## MONEY TO LOAN.

A stockholder in the Pioneer Building & Loan Association having stock valued at say \$300.00 can borrow \$200.00 by putting his stock up as security to the Association. In this way when he gets into a pinch for money and does not want to withdraw stock that is paying him from 10 to 12% he can retain his stock and still receive his temporary embarrassment. The payments for one share are \$1.00 per month and a person is entitled to subscribe for any number of shares up to 50. Pioneer Building & Loan Association, Judd Building, Merchant Street.

Twenty-five cents pays for a Want ad in the Star. A bargain.

REORGANIZING THE MILITIA

NATIONAL GUARD OF HAWAII NOW ADOPTS UNITED STATES ARMY RULES.

Col. J. W. Jones of the National Guard is preparing to carry out the purposes of the bill just enacted to reorganize the militia. Copies of the law are being printed for the benefit of officers and soldiers and an appropriation will be asked to compensate the men for the cost of the annual camps.

The new law is to make the regulations of the local soldiery conform to those of the United States. These provide among other things that the soldiers shall go into camp for at least five days once every year remaining in camp as soldiers on regular duty. For this purpose the federal government allows compensation, at the regular rate of United States army pay. The other states and Territories have all made appropriations to add to the allowance by the federal government, so that the pay of the soldiers while on camp duty shall be from \$1.50 to \$2.50 per day.

"A large number of the soldiers are laborers who can ill afford to lose their regular wages for five or six days," said Colonel Jones, "and I think that the territory ought to appropriate enough to make up a proper compensation. This has been done by every state and territory of the Mainland and it is only fair to the men who enlist."

Another change in the regulation here will be to make the terms of enlistment three years a sin the United States army. There will also be some changes in the drills, the work provided for by the United States being of greater variety than has been had here.

ALL WELL BUT THE TREASURY

HONOLULU KINDERGARTEN ASSOCIATION HOLDS ITS REGULAR MONTHLY MEETING.

The monthly meeting of the Honolulu Kindergarten Association was held this morning in the Y. W. C. A. building. Mrs. W. F. Allen presiding. Mrs. A. B. Wood read the minutes of the last meeting and they were approved. The report of Miss Lawrence showing the work of the month was read. A vote of thanks was tendered to Misses Ritchie and Duff for the typewriting they have done for the association free

The Hawaiian Realty and Maturity Co L. K. KENTWELL, General Manager

of charge. Dr. Hoffman was also given a vote of thanks for doing the vaccination work free. The association recently offered to pay the doctor, but he wrote stating that he was glad to give what help he could by doing the work gratis.

The work of the association was generally reported to be progressing favorably and matters are in good shape except that funds are needed, and the ladies who are giving their time to the work hope for more liberal contributions. A donation of \$115 was received from Mrs. T. H. Davies.

Mrs. Thompson reported that the epidemic of pink-eye recently reported is much abated. Her month's work showed much done to help the many children being looked after by the association, the total number of dressings for all sorts of complaints being 172 during the month.

The funds of the association are very low, and contributions are asked for.

MERRY MAY DAY EXERCISES

ABOUT 1500 KINDERGARTENS AND PRIMARY CHILDREN GATHER AT CAPITOL GROUNDS TODAY.

Something like fifteen hundred little tots, and larger ones, made a very pretty May Day picture on the capitol grounds this morning.

This is the third year that May Day has been celebrated in Honolulu with a gathering of the little ones, of all races, from all the schools, at the capitol grounds. The plans for today were not as comprehensive, nor as ambitious as those for the first May Day celebration two years ago. There was no attempt to get as many of the children together as there was then. But nevertheless, it was a very pretty sight all forenoon today, to see the children playing and taking on the great parade, while Berger's band played and sang for them and seemed to enjoy it as much as the children themselves.

The gathering this morning was nominally restricted to the children of the kindergartens and the primary grades. They rendezvoused at their several schools, and then with brave rosettes of colored paper fastened on each little breast, they came, under charge of their teachers, by electric cars to the capitol grounds. The arrangements for the cars made by the Rapid Transit Company were very carefully planned and carried out. Cars were scheduled due at the nearest point to each school from which children were to come at a certain time, and a car to take them back was scheduled for another certain time. In this way the children were all promptly taken to and from the May Day grounds without crowding or jostling, and without disorganizing the general service of the road.

HAWAIIAN ARRIVES.

The S. S. Hawaiian arrived yesterday morning from Tacoma and Seattle in 9 days 16 hours and 13 minutes. She experienced good weather during the trip. Wednesday she passed the S. S. Sonoma. The Hawaiian brought about 1,000 tons of general cargo for this port. She will sail for Kahului tomorrow and remain there about five or six days, loading sugar, and will go to Hilo and remain about three days, and finally sail for Delaware Breakwater with a complete cargo of sugar.

HAS APPLIED A NEW LAW

JUDGE WILCOX PUT LARCENY STATUTE INTO EFFECT AND SENTENCED THREE OFFENDERS

Judge Wilcox today applied the new statute which places petty larceny cases under the jurisdiction of the district magistrates. Three defendants were before the court this morning to answer to charges of larceny in the second degree.

One of these was August Santos the Portuguese who was caught in the lantana thickets in the Kaimuki district some nights ago by Detective Renear and Porto Rico Joe, the special officer. Santos's place was found to be stocked with a variety of household implements. The evidence went to show that they had been stolen. The court in pronouncing Santos guilty of larceny said that it was the duty of the court not only to punish Santos but to make his sentence serve as a warning to others. The defendant was sentenced to serve six months at hard labor.

At Lin was convicted of stealing some fish from a Chinese. The court sent Ah Lin over for one month. David Joshua fared better. He was convicted of stealing coal on the water front. The court gave him a sentence of 10 days.

The police officers were especially well pleased with this new law. Instead of the defendants being committed to the circuit court for trial which would involve a great deal of trouble and expense, the cases were all disposed of promptly by the district magistrate.

NEW ISLANDS FOUND.

Secretary Moody Will At Once Have Them Chartered.

WASHINGTON, April 22—Official advice received at the Navy Department from the Philippines record the discovery of a number of valuable islands in the southern part of the archipelago which are not on any of the charts in the possession of the Government.

So far as known no foreign government as yet has laid claim to this territory and to preclude the presentation of such claims Secretary Moody has taken steps to have the islands properly charted as the property of the United States, after first having every effort made to learn if any government has ground for claim to the new islands.
