## KILAUEA GOING INTO ATHLETICS

Company D, of the first battalion, N. G. H. is growing great enthusiasm and has made considerable progress in athletic activities. A first class athletic field will soon be available to the company at Kilauea, Manager Myers having set apart and directed the leveling of suitable ground.

The company has a complete and efficient soccer team, with which rumor has it, the winners of the present battalion series are to be challenged to a tussle. Being a team belonging entirely to Co. D, it is not included in the regular series, but Captain Hadfield will probably challenge the winning team after the present series is played off.

The members of this company take great interest in training for the events planned for the 4th. of July, having already a number of the more common pieces of gymnasium apparatus installed.

Boxing has been started, two wielders of the mit of uncommon ability having been discovered. One is a light-weight and the other classed as a feather-weight, both of whom are planning to challenge the best boxers of their class any other company may have to offer.

### Mr. Smith Selected

Cyril O. Smith, principal of the Royal School in Honolulu and a member of the Kauai Chamber of Commerce, has been definitely selected to succeed D. P. R. Isenberg as Kauai's representative in the Hawaii Promotion Committee. The nomination was formally presented to the Governor on Saturday, who expressed personal satisfaction with the selection.

### Lihue's New Judge

John L. Hjorth, bookkeeper of the Nawiliwili Garage and a lieutenant in the National Guard, will almost without doubt be appointed first district magistrate of Lihue, to succeed Chas. S. Dole, commission expired.

Arthur H. Rice and Dr. E. C. Waterhouse, of Honolulu, were visitors to Kauai at the week-end.

## PROGRESS OF THE SOCCER SERIES

The battalion soccer series is now half completed, unless a third Sunday should be taken up by a game between the winners of the regular series and Company D team.

The hospital corps and 1st. Battalion met at Lihue on April 9th, when the latter were beaten by a score of 3-0. Lieut. Avery refereed. On the same date the 3rd. Battalion defeated the 2nd. Battalion at Elelee, scoring 3-0. Captain Crowell refereed.

Last Sunday saw the 1st. Battalion defeated by the 3rd. to the tune of 4-1, on the Lihue field. Through apparent lack of esprit-de-corps on the part of some of the members of the home team, their non-appearance on the field not only delayed the game considerably, but prevented the team from doing itself full justice.

The 2nd. Battalion lost to the Hospital Corps last Sunday at Elelee field; score 4-0. Refereed by J. Fernandes.

Next Sunday the schedule will be as follows:

Third Battalion vs Hospital Corps, at Elelee.

1st. Batt. vs 2nd Batt. at Lihue.

Standing of teams.		
	Won	Lost
1st Batt.	0	2
2nd "	0	2
3rd "	2	0
Hosp. Corps	2	0

### A New Bookkeeper

E. S. Swan has arrived here to take the place of R. W. T. Purvis, resigned, as kookkeeper for Grove Farm, Lihue.

Mr. and Mrs. J. L. Robertson have returned from Maui to Lihue and will now take a turn of three years or more on Kauai. They are being welcomed back by old friends.

Dr. and Mrs. Putman entertained at dinner Saturday evening after which the entire party took in the military entertainment at Lihue Social hall.

Mrs. C. H. Dickey, of Honolulu, arrived at Lihue last Wednesday to spend a couple of weeks with her son, Judge L. A. Dickey. She is at Hotel Lihue.

## FINE PROGRAM BY FIRST BATTALION

The concert and entertainment given last Saturday by the First Battalion at Lihue Social Hall was voted a complete success in every respect.

The first part of the evening was devoted to a concert program, each item of which was very pleasingly rendered.

Mrs. Mary A. Rice sang "The Four Leaved Clover" very charmingly and Miss Waterhouse rendered "My Laddie" most pleasingly. Mrs. H. T. Sheldon, Miss Poepe and Miss Jacobson sang two very sweet Hawaiian songs "Maluhia" and "Kuu Lei Mokihana."

The "Austrian Imperial Hymn," rendered as a violin solo by Captain Carden, brought forth much applause, while Lieut. Horner's clever work at the piano was equally appreciated. A ladies' quartet and the Nawiliwili string band rounded out a very pleasing program; at the close of which the audience was invited to take seats outside where motion films were shown on an outdoor screen by Mr. W. Fernandez. While these progressed, the hall was cleared for dancing, the regimental band, under the able direction of Bandmaster Souza, and the Nawiliwili quartet, furnishing delightful music until the hour of midnight.

Approximately \$300.00 were realized through ticket sales and other sources.

The officers of the First Battalion wish to express their sincere thanks to all who so willingly participated in making the affair successful in every way.

## GOVERNOR ENDS INVESTIGATIONS

Governor Pinkham and Mr. Larison quietly departed Saturday afternoon for Honolulu, after having spent a little more than a week on the island.

The sum total of the Governor's accomplishments here seems to have been the signing of six cane crop agreements between homesteaders and the Lihue Plantation Co. and seventy-four between homesteaders and the Makee Sugar Company. These are all for five years each, and will be approved in due course by the executive.

The water matter and franchise questions were left over, the Governor stating that the former would have to await the development of a general policy to apply to the entire Territory, and the latter would have to be taken up by the Attorney-General.

The Governor seemed to be quite well satisfied with the results of his mission, stating before he left that the visit had probably resulted in a better understanding all around.

### Garden Island's Car

On account of difficulties encountered in the effort to secure a regular wireless and paper delivery on the route between Lihue and Kekaha, THE GARDEN ISLAND has purchased and put its own car on that run. The car is number 204, and will leave the office in Lihue not later than 12 o'clock noon each day, going straight through to Kekaha, with stops at various towns only long enough to leave the papers. This is a very expensive undertaking, but is in fulfillment of the promise to deliver the daily and weekly regularly and promptly.

## BIG PROMOTERS HERE TOMORROW

All of the members of the Hawaii Promotion Committee and a few assistants will arrive on Kauai tomorrow morning to make a tour of this island.

The committee has asked for a session with the Chamber of Commerce, and it has been decided to turn the regular meeting of the Chamber, in the county building at Lihue Thursday afternoon, over to that purpose. It is expected that this meeting will be very largely attended, as the session with the Promotion Committee is sure to prove interesting and valuable.

The committee is visiting the outer islands under its new plan of studying each island on the ground. Hawaii and Maui have already been visited, toured thoroughly and interesting sessions held with the commercial bodies of those islands. The same program is planned for Kauai.

While nothing definite has come to that effect, it is assumed that Cyril O. Smith, the new Kauai member of the committee, will accompany the party. E. A. Berndt is the chairman. The presumption is that the members of the committee from Hawaii and Maui will also be along, although nothing definite has been stated in regard to this.

Regarding the tour the secretary of the committee, in a letter received from Honolulu this morning, has the following to say:

"The Hawaii Promotion Committee, at its meeting yesterday, decided upon Tuesday, April 18th, as the date of its departure for Kauai Island, landing at Nawiliwili Wednesday morning, April 19th, and returning say Friday evening April 21st. This will give us Wednesday, Thursday and Friday to acquaint ourselves with Kauai's tourist attractions, its roads and transportation, and to officially meet with the Chamber of Commerce and possibly the Board of Supervisors, both of which have an interest in the appointment of the Kauai member on the Promotion Committee.

"We have not ourselves mapped out and particular itinerary, but we will leave it to you to select a time when we shall be able to meet with the Kauai Chamber of Commerce add discuss with them official promotion matters as they affect Kauai and to receive suggestions from the Kauai Chamber of Commerce which may result in a larger tourist travel to the Garden Island.

"I presume the committee will want to go to Waimea and see the points of interest along that route as well as to enter the big canyon there at least part way, and possibly go up towards Hanalei. This is the first visit of the promotion committee as a body to the Garden Island and will complete our business visits to the outer islands as required by the Chamber of Commerce of Honolulu by-laws."

### An Accident Case

The Kauai Industrial Accident Board held a two-hour session in the county building last night to hear the case of one Okumura, a sub-contractor getting out rock for the county at Kealia. In connection with the matter letters from the Japanese consul were read. After due hearing the case was thrown out of court for want of jurisdiction, the man proving not to be a laborer within the meaning of the law. It is understood that the county will make some provision for the man.

## TODAY'S AND LATEST NEWS BY WIRELESS

Sugar, 5,967.  
Honolulu—The Chamber of Commerce will vote tomorrow on the proposition of preventing price cutting. Chilton, Wright, Enright and Huihui, police officers, will go on the grill for alleged perjury.

### More Big Guns

Oahu will have a central battery of big guns for protection. Six 12-inch rifles will be included in it, so placed as to defend the shoreline.

### Deadlocked On Sugar

Washington—The conference committee of the Senate and House appears unable to agree on the free sugar clause, and a deadlock has been on all day, with apparently little chance of reaching a compromise. Senator Simmons predicted that the result of the conference would probably be a report that the conferees could not agree.

### Yuan Tries For Peace

Tokio—Yuan is making a last attempt to avert final overthrow. He is organizing a new cabinet in the hope of winning peace from the revolutionists. Former Minister Ling Tung Yu may be a cabinet member.

Chinese in the United States are striving hard to balk the efforts of Yuan to negotiate a big loan.

### Tentons Attack Again

London—The Tentons launch another attack against Verdun and are stopped. Terrific infantry assaults between the Meuse and Douaumont are checked, except at one point in a neighboring wood where a ain was made.

### Artillery is Attacking French Positions.

### Russians Defeat Drive

The great offensive of the Austro Germans against Dvina and Ikskull has been defeated by Russians. The Slavs have approached nearer to Trepizond.

### Aviation Service Shaken Up

Washington—The aviation service gets a shaking up. Lieut. Col. Reber is relieved from command of signals on account of incompetency.

### The Case Of Villa

The death of Villa has not yet been confirmed in Washington. The nearest approach to a corroboration of the story that the body of the bandit had been exhumed comes from Major Hawes, U. S. A., who states that the outlaw had been seen in the neighborhood of the reputed grave.

An official announcement by Carranza that Villa is dead will be accepted by this government, and will be followed by the withdrawal of American troops from Mexico.

### Sussex Raider Captured

London—The raider which sunk the Sussex has been captured. The French government says the capture was made by a French warship.

### Recruiting In England

Recruiting is once more acute throughout England. Newspapers are demanding the enlistment of married as well as single men.

### Last German Note

Washington—The President's late note to Germany has been finally completed. The contents are said to be the most emphatic ever written by Mr. Wilson.

### Another Army Bill Killed

Washington—The amended army bill has been defeated in the Senate. Three of these bills have so far been beaten and more are to be considered.

### Von Pappen Again

New York—Captain von Pappen, former attache of the German government at Washington, has been indicted here on a charge of being concerned in a plot to blow up or damage the Panama Canal.

### Monday Afternoon

Washington—The report that General Villa is dead as the result of wounds received in battle is still unconfirmed. In official circles there is an open disbelief of the rumors. Hours pass without confirmation of the story and without any reports from United States official sources to lend color to the rumor.

Washington grows more anxious and doubtful of the authenticity of the report. Consul Letcher, who is at Chihuahua, forwarded no rumor here, indicating that he places no reliance in the report.

San Antonio—No report to General Funston from General Pershing regarding the rumor that General Villa's body had been located. (Continued on page 8)

## AMENDMENTS TO ELECTRIC BILL

(Special Washington correspondence of THE GARDEN ISLAND.)

Washington D. C. March 26.—

The House Committee on Territories has reported favorably upon the bill authorizing the establishment of an electric light and power plant within the Lihue and Koloa districts, Kauai. The committee suggests some minor amendments to the bill and in its report says:

This is a bill to authorize a company to supply and distribute electric light and power in two districts on the island of Kauai, Territory of Hawaii.

The entire population in these two districts, including orientals, is less than 10,000 people, and there is no prospect of any considerable increase

Your committee have, however, had amendments made and offered to the original franchise act passed by the Hawaiian Legislature in 1913, embodying the same safeguards to the public that have been attached to the more valuable franchise of a similar character in Honolulu.

The bill reported herewith is a committee substitute for H. R. 69, which embodied verbatim the franchise bill passed by the Hawaiian Legislature. Under the amended provisions the rates to be charged are regulated by the public utilities commission of Hawaii, and after the lapse of 20 years the plant may be purchased by either the Territory of Hawaii or the county of Kauai.

As an electric-light service would be a desirable and proper convenience for this small community, your committee recommends that the bill do pass as amended.

## BOOSTING FOR THE BIG CONVENTION

"Over on the Big Island everybody seems to be talking of the Fifth Civic Convention and the Second Hawaii County Fair," said a well known traveling man the other day when passing through Lihue. "Why, judging from the way Dr. Elliot, the chairman of the county fair committee talks, the only place where the big show can be held with advantage is the new Kuhio Bay Wharf. Anyone who has seen that wharf must realize the splendid opportunity it would afford for the proper display of the exhibits. The Hilo Armory is not nearly large enough and could be filled with the poultry and vegetable exhibits alone."

"While I was in Hilo last week, a suggestion was made that Shipman street, the thoroughfare that the Armory is built on, should be closed during fair time and that a couple of empty store buildings that also front on the street, be utilized for exhibits. That shows how the county fair proposition is growing on the Big Island."

"I hear that entries are piling in for the fair and that the prize lists are to be announced for the different exhibits and sections next week. There will probably be over nine hundred sections of all kinds of agricultural, mechanical, school, home industries and live stock exhibits to be judged, so some idea of the size of the fair can be gained by those figures."

"Then there is the Fifth Civic Convention, which is to be held at the same time as the fair. Chairman McKay told me last week that the invitations to the convention had been already sent out and that acceptances are coming back by every mail. The number of delegates from any civic convention, see the fair and have a good time, should certainly go to Hilo next September."

Reports from other sources confirm the story of the visitor to Kauai and it is evident that Hilo and the whole Island of Hawaii mean business of the biggest kind next September. The Kauai Chamber of Commerce and the Kauai Board of Supervisors have received invitations to the convention, and it is very probable that there will be a big delegation from this island to Hilo. The Hiloites intend to show their visitors everything and to send them back to their own islands satisfied that the Crescent Bay City has developed wonderfully during the past few years.

## MERCHANTS KICK ON R. R. CHARGES

The Honolulu Advertiser is responsible for the following:

Kapaa storekeepers through T. H. Davies & Co. have asked the commission to look into the rates charged them by the Makee Sugar Company for hauling freight by rail from Kealia to Kapaa. The rates have been raised by the plantation management more than the merchants think is just. Sixteen storekeepers signed the petition to the commission.

They state that the new rates are "for hauling \$5 per week for the first ton and fifty cents a ton for each additional ton. These charges must be paid weekly. Last year the plantation charged \$12.50 for twelve tons a quarter, \$5 for the first additional ton and fifty cents a ton for all additional after this first additional ton."

The commissioners referred the letters to their attorney for investigation as to their power to regulate or inquire into the matter and on his report their action will be guided.

It was the opinion of the board that it had no jurisdiction over the railroad but it also was thought that it was a matter in which they might suggest more equitable rates if the charges are found to be unusual.

## SUGAR QUESTION IN UPPER HOUSE

(Special Washington correspondence of THE GARDEN ISLAND.)

Washington, D. C., March 31.—It is regarded as reasonably certain that the present duty of one cent a pound will be continued upon imports of sugar for four years in accordance with the bill agreed upon by the Democratic caucus of the Senate and reported to the Senate by the Senate Committee on Finance. The bill reported is a substitute for the bill passed by the House continuing the present sugar tariff rate definitely. The change in the Democratic program is said to have been made upon suggestions from the Treasury Department which holds out the hope that in four years the revenues of the Government will be sufficient to meet its expenditures and that sugar at that time may safely go upon the free list.

Representatives here of producers of sugar-cane and beet are inclined to make no serious opposition to the four-year proposal, with the exception of the Louisiana Senators and Representatives, who want the qualification eliminated and the sugar tariff retained indefinitely. Some of the friends of the sugar producers say that if the Republicans come into power within the four years the four-year limit will be removed and possibly the tariff rate restored to one and a-half cents per pound, and, if they should not be returned to power the need for revenue under a Democratic regime will be so great as to make it necessary to retain the sugar duty.

(Wireless news since the above was written shows that the situation has changed somewhat.—Ed. Gard. Isl.)

**Kukuiolono Park Road**

EDITOR GARDEN ISLAND:—

With pained amazement I read in your recent number of the decision of the Board of Supervisors, not to macadamize the road leading to Kukuiolono Park, owing to a petition before that honorable body. I also read your editorial on the subject and heartily commend the stand you have taken.

As a citizen and a taxpayer, and a lover of beauty, and in the name of fair play, may I be allowed the indulgence of a few words in your columns on this subject?

Kukuiolono Park is the private property of Walter McBryde, purchased some nine years ago at public auction from the government. It is situated a few yards from the government road at Kalaheo, its "public entrance" (so called) being less than a mile from the Homestead store.

It was originally a bald, wind-swept, barren hill, affording grazing to a few head of cattle. One of the conditions of the purchase was the planting of trees, which growing up formed a good wind-break, in the shelter of which, in the beginning, a few ornamental shrubs and flowers were planted. This formed the nucleus of a park which growing slowly but surely, now rivals in attraction, or as many say supersedes, the Moanalu park of Mr. Damon on the outskirts of Honolulu. Any one who motors thru its winding avenues, gazes at the vista spread before him from "Restawhile," homesteads in the foreground, the green cane fields of the McBryde Plantation just beyond, Makaweli's mill, fertile fields and Kekaha to the right, and Koloa and Haupu to the left, and the deep blue Pacific straight before him with Nihaui in the far distance, can not but feel a thrill of gratitude to the public spirited gentleman who has made these roads, and built the little Japanese tea house called "Restawhile." Here one may spend an hour or a day and not be weary. Everything is provided—chairs, table tea, set, even to fresh cut flowers every day of the week. From here one motors thru ornamental grounds laid out in a variety of effects, to the flower gardens, tea gardens and ferneries. Here and there cozy corners and rustic seats invite the wayfarer to remain and rest.

And if they do not speak loud enough of themselves, there is printed in good plain English, "walk in," as there is also a sign on the gate which reads, "Kukuiolono Park, leave gate open till you come out."

This is the work of one man, and out of his own private purse, the roads, the gardens, the rest houses, the water supply that has made these things possible—everything but the view and that is outside the park. And then he threw it open to the public, at any season, at any time, day or night, and only expostulated when vandals ran automobiles over the spacious lawns after a rain and cut them up. Was there a funeral—phone Walter McBryde for flowers—a wedding, who else could supply the decorations? Come and help yourself.

Every Sunday a constant stream of autos goes to this park as it is half way from Waimea to Lihue, easily accessible to all, and making a delightful break in an across the island trip, or a pleasant end to an afternoon drive.

Furthermore it has been boosted as one of Kauai's attractions to the prospective tourist and is in all respects, except private ownership, a public institution, available to all without money and without price.

And if as often if not usually, the Barking Sands do not bark, or the Spouting Horn does not spout, Kukuiolono is always on the job.

Cognizant of these facts, a member of the Board of Supervisors to the great surprise of Mr. McBryde, at the March meeting, proposed to lay a light coat of macadam, 10 ft. wide only as far as the gate, real-

izing it would be a great benefit to the public and not thinking to stir up any side road controversy.

For this is one road that is truly of value to the whole island, as e. g. people even come all the way from Hanalei to picnic there. The road would cost less than \$2,000.00. In addition this road serves the needs of a large number of homesteaders who have no other way of reaching the main road in good or bad weather with their produce. Furthermore it is the artery of travel for some 500 laborers in the different camps of the McBryde Plantation makai. These two sets of people are greatly in need of this road, and I question very much if Mr. McBryde did not err greatly in regard to the people of his district when in his honest indignation, at the recent petition, he asked the other Supervisors to rescind the ordinance that had been passed appropriating the money. The road was not for him—he goes in at another gate anyway—but was primarily intended as a benefit to the whole island of Kauai, only incidentally helping out those who daily used it.

I do not think that Mr. McBryde should have taken this attitude but should have opposed this petition in his usual broad-minded way for the sake of the whole island. It is understood that this petition was instigated and pushed by parties in the Waimea district, who wish the belt road completed to the Barking Sands, ostensibly for tourist traffic. This would only cost \$40,000.00 on the present grade which would be washed out or covered with mud at the first freshet. A road further mauka would cost much more, over twice as much. This can not be done possibly for a couple of years, but his little road to Kukuiolono could be done at once and the County not one whit the poorer. It is maintained by those in a position to know, that the proposition of travel to Kukuiolono Park and that to the Barking Sands is as thirty to one and to macadamize that road first, at a cost of \$40,000.00 at least, for a few tourists, when so much pleasure can be given to its side of the island, as well as Waimea and the intermediate districts, seems to a disinterested, no I mean an interested observer, to be farsical in the extreme.

In conclusion, I wish to say that I believe the belt road should be finished, in the main, before the side roads. They benefit the whole island, both for business and pleasure—so does this. I do not think the Mana extension can be considered a part of the belt road but is in itself a side road. Those side roads which do not constantly benefit the whole island traffic should not be touched till after the completion of the belt road but this one is in a different category, so let us have it.

Pro Bono Publico.

Waimea Sugar Company Ltd, John Doe, Mary Doe, and Richard Roe, unknown owners and claimants.

Defendants and Respondents. Alias Term Summons.

THE TERRITORY OF HAWAII:

To the high Sheriff of the Territory of Hawaii, or his Deputy; the Sheriff of the County of Kauai, or his Deputy:

You are commanded to summon Annie S. Knudsen, Augustus F. Knudsen, Maud K. Garstin, John Doe, Mary Doe and Richard Roe, defendants, in case they shall file written answer within twenty days after service hereof, to be and appear before the said Circuit Court at the July 1916 Term thereof, to be holden at Lihue, County of Kauai, on Wednesday the 5th day of July next, at 10 o'clock A. M. to show cause why the claim of The Territory of Hawaii, plaintiff, should not be awarded to plaintiff pursuant to the tenor of its complaint.

And have you then and there this writ with full return of your proceedings thereon.

Witness the Honorable Lyle A. Dickey, Judge of the Circuit Court of the Fifth Circuit, at Lihue, this 17th day of January, 1916.

Seal (Signed) D. WM. DEAN, Clerk.

TERRITORY OF HAWAII, } ss. COUNTY OF KAUI.

I, D. W. Dean, Clerk of the Circuit Court of the Fifth Judicial Circuit, Territory of Hawaii, do hereby certify that the foregoing is a full, true and correct copy of the alias summons in the case of The Territory of Hawaii vs. Annie Knudsen, et al., as the same appears of record and on file in the office of the Clerk of said Court.

I further certify that the petition prays the condemnation for use as a wharf site, of the following described land and its appurtenances, situate at Waimea, Island and County of Kauai, Territory of Hawaii, to-wit:

Beginning at a point on the sea shore at high water mark, from which point of beginning the true azimuth and distance to a nail set in the outer end of the wharf is 129° 22' 46" 378.5 feet; the true azimuths and distances from said nail to Government Trig. Station "Puu Lani" is 272° 45', 28,469.80 feet and to Government Trig Station "Puu O Papa" is 292° 51', 21,271.23 feet running by true azimuths as follows:—  
1. 185° 52' 258.0 feet; 2. 95° 52' 62.0 feet; 3. 50° 52' 258.0 feet; 4. Thence along high water mark to point of beginning, the true azimuth and distance being 275° 52', 62.0 feet. Containing an area of 15,996 square feet (more or less.)

All persons having any interest in, or claim to, the land and its appurtenances sought to be condemned, are hereby warned that unless they file answer at said Circuit Court, on or before May 8, 1916, they will be forever barred from contesting said petition or any judgment entered thereon.

In witness whereof I have hereunto set my hand and affixed the seal of the said Circuit Court this 17th day of January, 1916.

Seal (Signed) D. WM. DEAN, Clerk.

**That Kukuiohono Park Road**

Some of the persons who signed the petition against macadamizing the road to Kukuiohono park now state that they were not aware of the exact meaning of the paper when they affixed their signatures to it and, moreover, that their ideas about the matter are entirely different. Inquiry leads us to suspect that were the thing done over again not one tenth as many names would appear on the paper, and, on the other hand, a large majority of them would sign a petition in favor of the park road.

It seems to have been the old story again of obliging neighbors being willing to sign anything that comes along, trusting to the friends bringing it that it may be all right.

Unquestionably a mistake was made, and those responsible for it should either rectify it or come into the open and let the public know who they are and just what they are driving at. A very important piece of public work [something in which not only this island but the entire Territory is interested] is held up, and it is impossible to see how any other road or public project will be thereby benefitted or any other good come of it. The net result for anybody, as we size up the matter, is the gratification of spite of some sort—and that shows a pretty sorry public spirit, indeed.

We had thought of publishing the list of names affixed to the document in this issue, but on account of some coming forward and stating that they did not realize what they were signing, have withheld the names for the present.

A counter petition, this time in favor of the Kukuiohono park road, and headed by the signers of the contrary petition who are dissatisfied with what they did—is now in order and would go far toward setting aside the mischief which has been started.

**A Water Commission**

Enough water runs to waste in the sea from the strip of country between Koloa and Kilauea to keep irrigated every acre of land on the island of Kauai.

The hydrographic bureau is familiar with the fact, the government is in possession of the information and the public knows it in a general way.

What is required is that this surplus water be conserved and distributed—be kept from wasting itself into the sea and be turned upon the lands requiring it.

How may this be done? It will call for brains and capital.

Ahead of that, however, must come a regard for the interests of the public at large, as against individual interests. [We assume that it will be admitted, even in this community, that the public have some rights—occasionally.]

Referring the matter to a disinterested commission has been suggested. By all means. It would probably be a hard matter to find a body of competent citizens on the island who would be disinterested in such a project, but it is possible. If it can be done, an ideal system might easily be created—a system that would put an end to the water troubles of the east end and probably all over the island.

If Governor Pinkham is unable to see his way clear under the law to create such a commission now, he should defer action on any further large water propositions on this island until the legislature may authorize such a body and clothe it with the necessary authority. Action on any large water matters will not be called for under eighteen months, while in a year from this date the legislature may provide all the law required.

We would like to see the Governor ginger up on this proposition, for the suggestion is well worth while; and to our mind it is entirely feasible.

**Latest Labor Agitation**

The Japanese at Honolulu have started another movement, the object of which is to secure larger wages from the plantations for work in the cane fields and around the sugar mills. In a short time the agitation will doubtless spread to the outer islands.

In considering the matter of equitable recompense for plantation labor in the country districts, persons unfamiliar with the facts are apt to lose sight of the deplorable inefficiency of that labor. Outside of the sturdier Portuguese and a Porto Rican or Spaniard here and there, plantation labor today does not make good. It is not worth anything like the price paid for it, based upon American standards with a little added on account of tropical conditions. In fact it is doubtful that Japanese labor is today more than 50 per cent efficient, although it is admittedly better than it was some years ago.

Labor in the country districts is lazy, works mechanically in a very indifferent manner and has a way of keeping sick a good part of the time. Few Asiatic laborers understand any of the English language and make no effort to learn it, adding to the difficulties and expense of teaching and directing them.

Before talking about an increase in the schedule of wages paid to Japanese in the cane fields it would be advisable for the Honolulu agitators to get Asiatic labor here out of its trance, instruct it in efficiency and try to put it upon such a plane that it can deliver a man's work for a man's pay.

**The United States And Mexico**

The spectacle of Carranza coming to the assistance of the bandit, Villa, in Mexico to the extent of requesting that United States troops abandon the chase of the murderer cuts the last thread that bound anything whatever in the southern republic to honesty of purpose or decency. It discloses the fact, in other words, that Carranza is at heart as much of a cut-throat as Villa, but is lacking in the nerve to carry through the same acts of outlawry. The attitude of Carranza, moreover, shows [as has often been shown before, however] that absolutely no one there is to be trusted. If reports which have been leaking its outlandishness are to be relied upon, even the so-called Americans in Mexico are among the shrewdest of cut throats and outlaws down there, and are leading the Mexicans in the present opposition to the American punitive expedition.

It is a disgusting situation—repugnant in the extreme to the nostrils of respectable nations; and we do not know but the best thing that could happen would be an actual war between the two countries—a war to last until Mexico is thoroughly "cleaned up."

Inasmuch as the indications are of a very serious crisis growing out of the killing of about twenty-five Americans on the British steamer Sussex, the reasons for these people being on a belligerent ship, subject to attack, forms a matter of particular interest. It has been definitely ascertained that five of them belonged to the Red Cross and two to the Blue Cross (the latter an organization which cares for animals in war) and were on errands of mercy. It is claimed for them that there was no other way to reach the scene of their labors than by British steamer across the English channel. Undoubtedly the stronger case against the attacking party will be made out on account of these nurses. We would like some light on the business of the nineteen other Americans aboard the Sussex.

THE FIRST BATTALION did itself proud in the entertainment given in Lihue Social hall Saturday evening. It is a mistake, however, to refer to such an affair as a "benefit," unless it is explained at the same time that the public comes in for much of the benefit.

THE TOUR of Kauai by the Hawaii Promotion Committee, beginning tomorrow, will be a section of a program which forms an interesting and promising departure for that body. Hawaii and Maui, we believe, have already been visited and the results have been quite satisfactory all around. On Kauai the Committee will find many interesting sights, but the footsteps of tourists will appear few and far between. The visit of the Committee will, we hope, serve to better acquaint it with our attractions and, withal, stimulate interest locally in the work of the Committee.

THE REPORT of the death of Villa two weeks ago in the mountains of Chihuahua is probably either another canard set going by the wily, bandit chief to throw his pursuers off their guard, or a hoax of the Carranza crowd, framed up to make the American troops satisfied with the situation and induce their withdrawal from Mexico. Of course the report may be true enough, but on almost any proposition emanating from Mexico, or Mexicans—either Villaistas or Carranzistas—it is a ninety-nine to one shot that it is a lie.

MACADAMIZE that road to Kukuiohono Park!

BOARD OF COMMISSIONERS OF  
AGRICULTURE AND FORESTRY  
RULE II.  
DIVISION OF FORESTRY**

The Board of Commissioners of Agriculture and Forestry hereby makes the following rule and regulation for the preservation and administration of forest reserves:

Section 1. The following acts are hereby forbidden on government lands in forest reserves of the Territory of Hawaii and declared to constitute trespass punishable by fine:

(a) The cutting, killing, destroying, girdling, chopping, injuring or otherwise damaging, or the removal, of any timber, young tree growth, or any other material, except as authorized by permit from the Superintendent of Forestry.

(b) The grazing of any livestock, except as authorized by permit from the Superintendent of Forestry.

(c) The hunting of any wild animals, except as authorized by permit from the Superintendent of Forestry.

(d) Having or leaving in an exposed or insanitary condition camp refuse or debris of any description, or depositing or being or going thereon and depositing in the streams or other waters within or bordering upon government lands in the forest reserves any substance or substances which pollute or are liable to cause pollution of the said streams or waters.

(e) The going on or being upon government lands within a forest reserve with intent to destroy, molest, disturb, or injure property belonging to the Territory of Hawaii, or used by the Territory of Hawaii in the administration of the forest reserves.

(f) The wilful tearing down, defacing, or disturbing of any public notice or survey monument posted within a forest reserve.

(g) Squatting upon government land in a forest reserve, or constructing or maintaining any kind of works, structure, fence, inclosure, road or trail, without a permit, except as otherwise allowed by law.

(h) The tearing down, breaking down or through, or molesting in any manner of a forest reserve boundary fence or gate or a fence or gate on government land within a forest reserve.

Section 2. Any person violating the above rule shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine not to exceed five hundred dollars [\$500.00], as provided by Section 259, Revised Laws of Hawaii.

Section 3. This rule shall take effect upon its approval by the Governor.

The demand of the Kauai Railway Co. dated March 31 last for \$75.00 for 3 tons of coal; and the demand of the Makee Sugar Co., dated March 25th last for \$159.37 for two wheelbarrows, etc., were ordered returned to the claimants for explanations.

The Board by a unanimous vote ordered the opening of a new account to be known as "Lighting Public Grounds & Parks."

A bid (P 1296) from the Honolulu Iron Works Co. to furnish 6200 feet of 2" galvanized pipe at a price of 27.75 per 100 feet, f. o. b. Port Allen, weight of which will be 3.678 lbs. per foot and shipment of the entire quantity to be made immediately upon receipt of order was received and referred until after consultation with Mr. McBryde, upon the recommendation of Mr. Moragne.

The Financial reports Nos. 181, 181a, 181aa and 181b for the month of March last were referred to Mr. Brandt for report.

The report (P 1297) of the poundmaster of Lihue for the quarter ending March 31st last were referred to Mr. Menefoglio for report.

The following school requisitions were referred to Mr. Moragne for necessary action, viz: Eleele (P 1298) for supplies; Huleia (P 1298-1) and Hanalei (1278-3) each for supplies and repairs; and Hailua (P 1298-) for supplies and for labor.

A requisition (1298-4) for a small verandah to be erected at the rear of the Koloa teachers' cottage to shield the cook house, after careful consideration, was denied.

Reports [1299] on school buildings, etc., for March last were received from Anahola, Eleele, Hanamaulu, Kalahao, Kapaa, Kapahi, Kauai High and Grammar, Kekaha, Kilauea, Koloa, Koolau, Lihue, Makaweli, Wailua and Waimea [15] and were placed on file.

An extension of lease dated July 22nd, 1906 [recorded in Liber -pages-] between the Lihue Plantation Co., Ltd., and the County of Kauai for a further term of ten years from July 1st., 1916, under the same terms, rents, covenants and privileges, being lease of the premises known as the County Stables at Lihue, were approved by the Board.

A second request from K. C. Ahana [attached to P 1300] for increase of pay as assistant to the County Clerk and to the County Auditor was referred to a committee of three consisting of Messrs

McBryde, Brandt and Menefoglio, for report and advice.

A proposition [P 1301] from the Spalding Construction Co., of Honolulu for replacing the roof on the County Building and making a thorough workmanlike job of it for \$100.00 plus the actual cost, etc., was received and the same was accepted, the chairman, however, to see that the work is pushed ahead.

An invitation [P 1302] to the members of the Board from the Hilo Board of trade to be present and take part in the proceedings of the Fifth Annual Civic Convention which will be held in Hilo, Hawaii, from September 21 to September 25 next, was received and placed on file.

An application [P 1303] from Mr. Moragne for increase of salary and travelling expenses was received and later by a vote and with the consent of the applicant, action on the matter was deferred until the next meeting.

The report [P 1304] of the County road supervisor for the month of March last was received and placed on file. The report is substantially as follows:

"The roads were oiled in Waimea and Hanapepe and vicinity. Some work was done on the valley roads up Waimea river. Mr. Robinson allowed the County to set back the fence 6 feet across Kukupua Valley from bridge to bridge on the mauka side of the road where it is intended to excavate a good big drainage of fresh water ditch which is designed to lead the water to the bridges and prevent such frequent overflowing of the road.

In Koloa District the small macadamizing outfit has nearly completed resurfacing the Wahiawa grade where about 2 1/2 inches of new crushed rock is being applied with a binding of grade C asphalt. At Koloa the roadbed is being widened where the McBryde Sugar Co's portable track is to be laid; a tunnel is being dug through the point to take care of the water that has heretofore passed through the big ditch at the edge of the macadam around the point and from the mauka end of the tunnel a ditch is being dug just inside of the field extending to the derrick at the foot of the grade. The Koloa Plantation and the owners of the land both gave permission to set the fence back in order that the road might be sufficiently widened. The McBryde Plantation extended their culverts at each of the three ditch crossings and are doing some of the ditching and grading, such as has been requested of them and if their portable track is laid as intended it will not interfere with the road."

In Lihue district, the road leading up the south side of the valley at Nawiliwili has been regraded in most parts and concrete grain pipe put in where needed where this road passes around the rock bluff the road is being widened by means of putting 24" concrete pipe in the ditch and filling over in order to get the additional width. Work of rounding up and draining the Huleia school road has been started. The heavy rains early in the month washed nearly all of the sand off of the road since which time the road has been dressed with dirt alone.

In Kawaihau, the homestead roads received attention and are now nearly all in good shape. At the Thronas bridge one of the concrete abutments was completed and the foundation for the other one put in.

Macadamizing at Moloaa was resumed and has been extended to the stream to date and will be continued toward Lihue as far as the rock on hand holds out. Stone breaking on the Moloaa Hui land was continued. The macadamizing outfit will finish work at Pila-Moloaa next week and move to Kalihui where the grading of the first two miles from Kalihui toward Hanalei will be ready for macadam on time. A great deal of work was done on the grade out of Kalihui and considerably more remains to be done. Stone breaking for the Kalihui section of macadam was finished and the men started to breaking at Kawa

for the connecting section. Sluicing on the Kalihui section of the new grade was finished, and is now resumed at Kawa. If all goes well the macadamizing in Hanalei District will be finished about Aug. 1st and at that time there will remain about 11 miles of the belt road to the macadamized in Kawaihau District which will complete the macadam from Waiawa to Haena. On the 11 mile stretch between Moloaa and Waipouli—particularly between Moloaa and Anahola—there is not enough rock in one place, conveniently located, to do the macadamizing economically with the large outfit. There is plenty of good rock near the road here and there in small quantities which could be economically worked with a smaller and more portable outfit and in view of the fact that such an outfit will be needed for rebuilding macadamized roads through the country, now later than next year, it appears to me that it would be economy to purchase the outfit now and first use it on the main road in Kawaihau. Such an outfit would cost about \$3,000.00 and would consist of crusher, elevator, screens and engine. One of the two steam rollers that are now with the big outfit could be used with the new outfit. If there is likely to be money enough to keep the two outfits going in Kawaihau to the end of the year and also to do the necessary grading, I would recommend that a suitable outfit be purchased and set to work as soon as possible. By working both outfits to the end of this year the 11 miles remaining should be completed.

Schools:—The teachers cottage at Waimea contracted to Harry Hoe is finished and I recommend acceptance and payment. Needed repairing at Makaweli school was done also at Koloa. At Makaweli the old shingle roof of the principal's cottage was repaired and given a coat of hot asphalt and sand as an experiment.

Water Works:—After doing some cleaning of the landing main at Koloa the flow was somewhat improved and it is not necessary to renew any of the pipe at present.

A communication [P 1305] from the Kauai Chamber of Commerce through its secretary which informed the Board of the appointment by that body of Col. E. H. W.

Broadbent, E. A. Knudsen, and J. K. Farley, as a committee to confer with a like committee of the Board on the subject of a successor to Hon. D. P. R. Isenberg, resigned, as Kauai's representative in the Hawaii Promotion Committee was received and action on the matter by unanimous consent was deferred until this afternoon.

A petition (P 1306) from Waimea for the improvement of the road between Waiawa and Mana was received and action thereon was deferred until this afternoon.

At 12:15 P. M. a recess was taken to meet again at 1:30 P. M.

AFTERNOON SESSION

Upon motion of Mr. Brandt seconded by Mr. Rodrigues the sum of Five Thousand, Two Hundred, Eighty-one and 64/100 Dollars (\$5,281.64) was appropriated in addition to the moneys already set apart for the uses and purposes named below the same to be paid out of all moneys available in the County Treasury, namely:

District Courts & Jails	
Kawaihau	\$ 15.00
District Pounds: Hanalei	56.65
Lighting Public Grounds & Parks	300.00
Repair school houses & tchrs cottages	910.00
Roads and Bridges Koloa	4,000.00

In the matter of a successor to D. P. R. Isenberg, resigned, (P 1307) as Kauai's representative in the Hawaii Promotion Committee, by a vote the Board concurred in the choice of the Kauai Chamber of Commerce that C. O. Smith, of Honolulu, and formerly of Kapaa, Kauai, to be the nominee to fill the vacancy.

The petition (P 1306) for the improvement of the road between Waiawa and Mana, after due consideration by the Board, was ordered placed on file.

Mr. Brandt moved that the chair have full authority to approve bills for allowance to the hospitals at Waimea, Eleele, and at Koloa upon presentation of the same in due form, and being seconded by Mr. Rodrigues the same was carried.

Upon the request of Sheriff Rice he was authorized by unanimous vote of the Board to build a dining-room kitchen for the jailor at Lihue.

At 3 o'clock P. M. the meeting was adjourned subject to the call of the chair.

## CRISCO

For Fryng-For Shortening  
--For Cake Making

**Fryng**

There is no smoke nor odor. Fried foods are free from the taste of grease. They now are tasty and crisp. They are made more digestible, for Crisco is all vegetable. The same Crisco can be used to fry fish, onions, doughnuts, etc., merely by straining out the food particles after each fryng.

**Shortening**

Crisco gives pastry a new flakiness and digestibility. Crisco always is of the same freshness and consistency. It's uniform quality makes for uniform results.

**Cake Making**

Crisco gives richness at smaller cost. It brings cake-making back to popularity. Butter bills are reduced and cakes stay fresh and moist longer.

## LATEST WIRELESS NEWS

(Continued from page 1)  
President's Latest Note

Washington—President Wilson completed his latest communication today to Germany on the subject of the submarine issue. Conference is being held tonight between the President and Chairman Stone of the Senate Committee on foreign affairs.

### The Chinese Rebellion

Amoy—Foreign office reports that at Chang Chow Fu 32 soldiers and 42 civilians have been killed by mobs. That the rule of Yuan is near an end seems now certain.

Kiang Su province has joined the rebellious faction.

### The Verdun Conflict

London—The gigantic Verdun conflict enters upon its ninth week.

Paris—Heavy bombardment is taking place today on a part of the Meuse front, Germans using their artillery against French positions at Avocourt and on front extending from Dead Man's Hill to Cumies. No infantry attacks by Germans today. Artillery fire is brisk at Haudremont.

### Democrats May Contest

Honolulu—There will be a contest over the Democratic delegates to the St. Louis convention, the fight not being ended with the party election Saturday night.

McCandless faction is jubilant over the outcome, claiming virtually a clean sweep. Opponents prepare to protest count.

The Hawaii national park bill passed in the House today.

### Monday, April 17

### Sugar, 5.967.

Honolulu—Survey of local business situation bring out indications of great difficulties in the coming season for clothing dealers. Prices go higher in retail trades. Heavy factory increases call for this, if standards are to be maintained. Shortage of materials and dyes force up prices. Honolulu dealers seem satisfied, however, that their customers will continue high grades.

### Moana Hotel Enlargement

Work on the improvements to the Moana hotel in Waikiki will begin this week. The new structure will be six stories.

### Bandit Villa Is Dead

City of Mexico—The body of General Villa, the bandit chief, has been exhumed after being two weeks in the grave. Colonel Carlos, a Carranza officer, recovering the body. This is the statement of the de facto government of Mexico to the U. S. war department. The despatch adds that the Carranza colonel is taking the body to Chihuahua by special train.

After being shot in a running fight shortly after the chase by the American troops began, following the raid at Columbus, Villa died in the Chihuahua hills of blood poisoning.

The Villaistas are amazed at the fall of their chief.

### Washington Hears Of It

Washington—Villa, the Mexican bandit chief, is dead. The body when found showed gangrenous condition in right leg. Carranza officials received definite report yesterday afternoon of the recovery of the body of the much-wanted man. Wild dismay shown by Villaistas in Chihuahua and a riot-broke out which threatened Carranzaists. Villaistas declare that any attempt to exhibit the body will bring more trouble.

No official confirmation of the report of the death of Villa has been received in Washington, and in some quarters is the apprehension that the Carranzaists may have been tricked by Villa in the whole matter. The most definite confirmation comes from the consul at El Paso.

Carranza says nothing could please him better than the death of Villa.

### Americans Killed At Parral

Two Americans were killed and six wounded in the fight at Parral. Among the latter was Major Thompkins. Many Carranzaists were wounded and slain.

### Allies Win In Battles

London—The Allies in the east and west win from the foe. The French have taken the offensive between Douaumont and Daux and are reported to have taken Teuton trenches and prisoners. In battle in Mesopotamia the British have again beaten the Turks. The Russians under Grand Duke Nicholas met the Turkish army fifteen miles east of Terpizond and the latter were routed.

### "Peck's Bad Boy" Dead

Milwaukee—Former Governor George W. Peck, author of the famous "Peck's Bad Boy" of some years ago, is dead, after a protracted illness.

### Turkey Admits An Outrage

Berlin—The Turkish government in formal statement acknowledges sinking the Russian hospital ship Portugal in the Black Sea. It is insisted, however, that the vessel carried no outward mark to indicate that she was a hospital ship.

### The Last Submarine Note

Washington—The last submarine note is ready to forward to Germany.

The note is in the most emphatic language and is insistent that it will be the last word in American presentation over the controversy in the submarine embargo.

### Sunday, April 16

### Sugar, 5.967.

Honolulu—The Washington correspondent of a local paper says that S. G. Huber, the new Territorial district attorney, is a choice specimen of carpet-bagger.

Owing to objection from Foster, of Illinois, the Kilauea park bill has been held up.

### McCandless Beats Governor

Link McCandless wins hands down in the vote on Oahu, Pinkham being snowed under. McCandless wing is overjoyed at vote polled. John H. Wilson has defeated William Jarret for National Committeeman.

### Duke Kahanamoku Beaten

Detroit—Perry McGillivray proves too speedy for Duke Kahanamoku, who was defeated in the two-twenty in slower time than the eastern man usually makes.

### Russians Claim Advance

London—The Slavs claim advance at Dvinsk, the Germans being repulsed, leaving the ground covered with their dead. Made two determined advances in counter attack.

Austrians attempted a surrender ruse but it failed.

The Italian front is blazing again.

Verdun news is conflicting. Germans and French both report successes.

### Panama Canal Reopened

Panama—The Panama canal was reopened yesterday and sixteen steamers went through from ocean to ocean.

### Mexico To Have Own Way

Washington—The Cabinet is willing to give Mexico her own way. Carranza will be notified that American troops will stay on Mexican soil a reasonable time only and will put limit on all future operations. Cabinet members believe this to be a wise move. It is wished that Carranza make good with his people, thus making it easier for him to get their cooperation in restoring and maintaining order.

There is more or less uneasiness at Funston's headquarters on account of unconfirmed reports of another fight at Parral.

### A Million Killed

Amsterdam—A million killed is the report from Armenia. Roman Catholics and other Christians are among the massacred.

### Crew Of Chiyo Home

Tokio—The crew of the Chiyo Maru arrived in Nogi last night. Captain Bennett stayed in Hongkong and hopes to salvage big liner.

### Sugar In Deadlock

Washington—The sugar bills are deadlocked in the conference. House Democrats efforts at compromise seem to have accomplished nothing. Kitchin and Rainey have argued on flat repeal of free sugar clause without conditions. Committee to meet again Monday.

### British Against Compulsion

London—It is understood that the British government is virtually decided against compulsion. Majority of ministers are against conscription for married men.

### Volunteers For Army

Washington—The war department announced last night that as the result of the government's call for 30,000 recruits, the total enlistment in thirty days amounted to 16,817 men.

### Pershing's Account Of Fight

General Pershing sends his account of the fight in Parral streets. He confirms previous reports that the attack was unprovoked and was made on unarmed men.

He sends more men to scene of trouble. Soldiers at Douglas get orders to move and machine guns are ordered to Calxico.

### Saturday Afternoon

London—German high officials are seriously concerned over the evident determination of the United States not to accept Germany's denial of responsibility in the sinking of the Sussex.

A despatch from The Hague today which throws light on the state of Teuton sentiment is to that effect. The despatch says that the German foreign office is perturbed on account of the dissatisfaction in the United States over the status of the Sussex controversy.

### Germans Hear Of Fighting

Berlin—The German war office today says that successive waves of French infantry assaulted the German positions at Dead Man's Hill in the Verdun district. Report says that the charges were broken down by German fire, with heavy losses on the attacking side. French who succeeded in reaching the German trenches were killed in hand to hand fighting.

[No mention of this battle is made in the French official communique today.]

### Italians And Austrians

London—Back and forth battling is taking place today on the Isonzo front between the Austrians and Italian forces. Repeated attacks made for the past few days. Austrians captured a position near Mirzliveh.

### Fighting Around Verdun

Paris—There have been brisk artillery exchanges between French and German positions in the Verdun sector today, but the Germans did not attempt any infantry charges.

### Yuan Comes Up Smiling

Peking—President Yuan is confident peace is near and he will remain in power. The astute president says even the rebel factions want him to remain after harmony is restored. He denies that the provinces have revolted.

### More Trouble At Parral

Washington—The second fight at Parral is reported but not certain. General Funston has not heard from General Pershing for three days. Anxiously is keen for Major Thompkins, who is in a hostile district with a small force.

### Wife Wants Divorce

Honolulu—Mrs. Bartlett, wife of the former manager of the Honolulu brewery, has entered suit against her refugee husband for divorce. She states in her complaint that she does not know the whereabouts of her husband.

### Saturday, April 15

### Sugar, 5.967.

Honolulu—The threatened move of Japanese laborers for higher wages in the cane fields is creating some uneasiness. Planters will consider better system of arriving at fair wages than one used if it be suggested.

General Wisser is given leave of absence from the Islands and will retire from active service in June. His successor not yet known.

### From All Battle Fronts

London—Russians hurl new columns at the Turks. The Grand Duke beats back assaults south of Erzerum and drives the Ottoman armies in retreat before Cossack cavalry. It is thought that the Czar is gathering vast forces for another attack.

German thrusts in Lake region were repulsed and positions on the Stripa river captured.

### Italians Also Successful

Italians also report successes in Lodria Alta. Despatches from Norway and Sweden say that the Germans are busily laying mines.

### On The West Front

Paris reports Teutons lively near the Meuse, particularly with artillery fire.

### Yuan In Grave Straits

Tokio—Shanghai secedes from the Yuan government. Yuan faints when told the news and seeks protection from the British. He is making plans to escape to Japan, while southern provinces form a confederation.

Late night fighting took place between government troops and revolutionists at Canton. Thirty casualties occurred.

### Troops Reach Amoy

Amoy—Four gunboats and two transports arrived here today. The troops are being sent into the interior.

### Russian Business Increases

Petrograd—The wealth of Russia grows despite the war. Tremendous financial impetus gained as the result of the abolition of liquor from the country. Savings bank balances make big increase.

### Diplomatic Break Certain

Washington—President Wilson plans to give Germany the opportunity to avoid an open rupture on account of the sacrifice of American lives on the Sussex. No ultimatum will be contained in the note to be submitted on the subject, but Congress will be advised that a diplomatic break with Germany is certain.

Cabinet officials refuse either to confirm or deny this widespread report.

### Mexico Limits Expedition

City of Mexico—Mexico limits the strength of the punitive force of the United States to one thousand men, infantry and artillery being barred. The Parral affair is given as the reason.

### To Make Nitrates

Washington—It was decided yesterday in the Senate to adopt the Chamberlain bill regarding nitrates. Plans are to be made to build hydronitrate plants to be used in the manufacture of war munitions.

### Panama Canal Reopened

The Panama canal will be thrown open to business today after having been closed for nearly six months.

### The Trouble At Parral

Unconfirmed reports of the trouble at Parral say that Mexican citizens sniped American soldiers from windows with fatal results. Surviving cavalry men are driven from the city.

Pershing continues south in chase after Villa and when last reported the main body of the expedition was near Satevo.

Despatches from El Paso state that army officers are mystified with the various contradictory reports of the trouble at Parral.

### Friday Afternoon

Washington—United States is to demand that Germany make good on her assurances. A note based on evidence in the Sussex and other cases is to be sent to Berlin in 48 hours.

Reason for delay in despatch of this missive is that affidavits have just arrived at New York from Europe. These are considered an essential part of the evidence that merchant vessels were unlawfully sunk; and State Department advisors believe that the case would be incomplete without them. No time limit is attached and nothing in the nature of an ultimatum is contemplated.

### U. S. Attorney Guilty Contempt

House Judiciary Committee today reported that United States Attorney Marshall, of New York, is guilty of contempt in declining to make public certain information connected with the prosecution of Congressman Buchanan and others on the charge of being connected with labors of national peace council organization.

Amended sugar bill goes to the conference committee, the Senate naming as its conferees. Chairman Kitchin, of the ways and means committee, and Congressman J. W. Fordney, of Michigan, Republican.

Meetings are to be set for an early date. Hard fight is expected, each side wishing to get its foremost bill through.

### Seven Provinces Declare Independence

Shanghai—Kiang-Se has joined sides against Yuan. The seventh province has now declared its independence and two others may follow suit.

### Mexican Situation Unchanged

Washington—After the cabinet meeting today Secretary of War Baker said that the Mexican situation is unchanged. In the war department anxiety is felt for the whereabouts of Major Frank Thompkins, of the 13 Cavalry, who with a small force is operating in a district teeming with anti-American guerillas and hostile citizens.

### Villistas Encountered

Headquarters U. S. Expedition—Forty mounted men believed to be Villistas attacked a U. S. automobile supply train on Tuesday night. One Villista was killed. The fight took place in the rear of Gen. Pershing's force where an escort was guarding the moving camp.

Honolulu—Governor will be made a warm issue in Bourbon fight. McCandless wing members concentrate attacks on Mr. Pinkham. Primary election to decide it tomorrow. Both sides predict victory for their slates for various party offices.

### Friday, April 14

### Sugar, 5.972.

Honolulu—The torpedoing of the Sussex has a local angle. W. A. Beers, living in Honolulu, received word that his mother and father were on board at the time and were saved.

### Laborers Becoming Restless

Japanese papers here are reviving the question of higher wages. Oriental plantation hands are urged to demand more money from the planters, the chief ground being that the Americanization of the Islands has made the cost of living greater. The editors claim that the larger sugar profits due to the war should mean better pay.

### Shoes May Now Go Up

Dealers in Honolulu are expecting another advance in shoe prices. Tanneries run short of leather, making plain shoes high, and scarcity of dyes since the war makes that part expensive.

### Sussex Crisis Serious

Washington—The case of the Sussex develops a serious crisis. The reply to the note from Berlin disclaiming all responsibility for crippling the Sussex is a sharp one. Washington demands quick reparation, and insists that Germany must admit vessel was destroyed by raider. Evidence that a torpedo caused the death of Americans leads the American government to insist upon redress from Berlin. The evidence given on this point by American passengers is conclusive.

The President has called a special session of the Cabinet for this morning to finally consider the matter, and will put the quest up to the people. He will ask them if they are willing to go the limit if the last great sacrifice is asked of them, and if they are likewise willing to withdraw when the service to humanity is completed.

### The Mexican Situation

The chase of Villa is dwarfed by the demands of Carranza. The request by the de facto president that American troops be withdrawn from Mexico is believed to carry some veiled threat. Throughout the invaded district the Mexicans seem to be harboring trouble.

Tokio—The Russo-Japanese treaty alarms all north China. Reports that Japan has been given control in the Far East stir up the Peking press.

### Russo-Jap Treaty Alarms

Tokio believes that Yuan is near the end of his rope as an official. The idea of intervention is scouted by well informed people in Tokio.

### Storm Stops The Battle

London—Rain halts the fighting on the Verdun front, even the artillery opposing forces being hampered by the heavy gales. Infantry is also doing little.

### Want A Bigger Navy

Washington—Senators Borah and Stone are urging a bigger U. S. navy. They would build up fleets at the expense of the army. They advocate the creation of a reasonable standing army, but urge the immediate construction of a big navy.

### Britain Pays The Bill

London—Britain has agreed to pay American packers for meats seized in detained vessels some months ago.

### Portuguese Revolt Reported

Berlin—It is reported here that several Portuguese provinces have revolted against the republican government.

### Revolutionists At Shanghai

Tokio—The revolutionists bombarded and captured the citadel of Shanghai yesterday.
