

## The Strike Commission Reports

### MINERS GET CONCESSIONS

**Increased Pay—Decreased Hours—Minimum Rate of Wages—Sliding Scale—Arbitration of Future Difficulties—The Award to Remain in Force Until 1906.**

WASHINGTON, D. C., March 21.—The report of the Anthracite Coal Strike Commission was presented to President Roosevelt this morning as was indicated in a dispatch to the Star some days ago would be the case, and was immediately made public.

The findings of the commission are thus summarized as to their principal features.

Wages of miners are increased ten per cent. There is a reduction in the hours of labor of the operatives. The commission fixes a minimum rate of wages.

On the basis of this minimum rate, there is to be a sliding scale as the price of coal goes up or down.

Future differences between the men and the mine owners are to be adjusted by arbitration.

On the question of the recognition of the miners' union by the mine owners, there is no decision.

Neither the Miners' Union nor the mine owners are to discriminate against men on account of their affiliation or non-affiliation with the union.

The award of the commission is to remain in force until 1906.

The most important strike of 1902 was that of the anthracite coal miners of Pennsylvania and West Virginia. It began May 12, when President John Mitchell of the United Mine Workers of America issued an order for a temporary cessation of work. This order was obeyed by about 147,500 men. Four days later at a convention of miners at Hazleton, Pa., it was decided by a vote of 4614 to 3491 to continue the strike. June 2 most of the engineers, pumpmen and firemen went out. Efforts to settle the strike by arbitration failed.

The cause of the strike was the refusal of the presidents and directors of the coal-operating railroads to comply with these demands of the miners:

1. That there should be an increase of 20 per cent to miners paid by the ton—that is, for men performing contract work. These men included about 40 per cent of all the miners.

2. That there should be a reduction of 20 per cent in the time of per diem employes. This demand, if granted, would result in reducing the day to eight hours (20 per cent), as prior to the strike the mines were operated about 200 days in the year, ten hours per day, and under the new plan the mines would be operated 240 days at about the same pay. This would be equivalent to 20 per cent increase in the earnings of the men, no increase in the rates of per diem employes being demanded.

3. That 2,240 pounds should constitute the ton on which payment is based for all coal mined where the miners are paid by weight. This would apply in any district where weighing coal would be practicable, and to those miners who were paid by the quantity and not to those paid by the day.

The mine operators maintained that the wages paid were fair and just, that they could not be increased without raising the price of anthracite coal, thus driving the public to the use of bituminous coal and leading to a restricted market, curtailing production and depriving the anthracite coal miners of regular employment; that they would not permit miners, and especially outside miners, to interfere unreasonably with the discipline and the ordinary management of the business, and, finally, that the various conditions at the different mines in the anthracite field made a uniform scale impossible.

In June President Roosevelt instructed Carroll D. Wright, the

(Continued on page five).

### SUGAR AFLOAT

There has been considerable sugar gotten under way from the islands within a space of a few days. The schooner James Rolph sailed Thursday from Honoipu with a full cargo of sugar for San Francisco.

The schooner Alice McDonald is to sail today from Kaanapali with 1,300 tons of sugar for San Francisco. The bark C. D. Eryant sailed early this week for San Francisco with a full load of sugar.

The ship Kenilworth sails today for Delaware Breakwater with 3,000 tons of sugar.

The schooner Robert Lewers got under way yesterday for the Coast with a full load of sugar.

The S. S. Arizonan will sail tomorrow from this port for Kahului with 7,500 tons of sugar. She loads about 2,000 more at Kahului and will take about 1,500 tons of sugar at Hil.o She goes to Delaware Breakwater.

The S. S. Nevada arrived this morning from San Francisco with a general cargo of freight for this port and Kahului. She will discharge her cargo for this port as soon as possible and begin loading sugar for San Francisco.

The schooner Mahukona got away Thursday night for Eleele to load sugar for San Francisco.

## Castro Resigns

Associated Press Cable to the Star.

CARACAS, Venezuela, March 21.—President Castro has resigned the presidency of Venezuela.

The resignation of Castro is a matter of general surprise. According to the latest reports the government forces were coping quite successfully with the revolutionists and conditions appeared to be highly auspicious for Castro, overcoming the internal opposition that has been stirred against him.

It is likely that his resignation was due to some outward influence. He was regarded by the Allies as the principal influence in Venezuela which resisted their demands and his resignation may have been forced through their influence.

Castro did not have the hearty support of his Congress however, and for a time during certain stage of the diplomatic negotiations looking to arbitration, he had hard work in holding his Congress in check. That his Congress had some influence upon his late retirement from the head of affairs in Venezuela seems certain. He rose from a common mule driver to be head of the little republic. He is beyond doubt a man of capacity.

### DISTURBANCES IN JOLO

Associated Press Cable to the Star.

MANILA, P. I., March 21.—Serious disturbances are reported in Jolo. A naval and army demonstration is possible.

### THE MISSISSIPPI FLOODS

Associated Press Cable to the Star.

MEMPHIS, March 21.—The Mississippi is falling, but additional breaks have occurred in the levees. Government aid is asked for in behalf of the sufferers by the floods.

### TREATY STILL NOT SAFE

Associated Press Cable to the Star.

WASHINGTON, D. C., March 21.—Conflicting amendments in clauses of the Cuban treaty make it possible that it will not be ratified in Cuba. It is necessary that both countries should ratify. The President is reported anxious about the fate of the treaty.

### BEFORE THE HAGUE

Associated Press Cable to the Star.

LONDON, March 21.—There is no hitch in the negotiations to present the claims of the various Allies and independent nations in the Venezuelan matter before The Hague Tribunal. The matter will be considered in all likelihood in September.

### MAIL CARRIERS LOST.

LAHAINA, Maui, March 20.—No word has yet been received of the missing mail boat and crew. Their fate is probably sealed.

About 11 o'clock last Sunday morning the Lanai mail boat set sail from this place for Lanai. On this trip there were only two men on board. Up to date, nothing has been heard from the little craft. Consequently it is feared that the crew, the boat, and the mail are lost. A squall came up when the two men were about half way across the channel. Other boats sought shelter, but nothing was seen of the mail boat after the squall.

### MURRAY APPOINTED.

Harry Murray, a son of the late Timothy Murray, and a very capable young man, has been appointed to the position made vacant by the enforced resignation of Charles Wilcox.

Murray was a volunteer soldier in the Spanish war, and saw hard fighting in the Philippines.

## DARK LANTERN PUBLIC LAND DEALS

THE GOVERNMENT WITHOUT ANY PUBLICITY PARTS WITH FOUR ESPLANADE LOTS WHICH WITHIN A WEEK ARE SOLD FOR \$3,400 MORE THAN THE GOVERNMENT GOT FOR THEM.

The government's period of hard luck in Public Works Department land deals does not appear to have ended with the retirement of James H. Boyd, judging by the results of deals closed only this month, by which the Territory appears to have come out about \$8,000 to the bad. Some time ago The Star published a protest against the dark lantern methods of the department in making such transactions and pointed out that in many cases disadvantageous deals were closed before the public had any knowledge of them. Deeds just placed of record in the office of Registrar Thrum show a case in which four government lots suddenly jumped in actual sale value from \$21,600 to \$30,000, as soon as they left the control of the Public Works Department. The following shows the various deeds and their significance:

September 2, 1902, assignment of lease, Club Stables to J. A. McCandless, portion of Kuleana 734, Apana 3, \$15,000.

February 26, 1903, assignment of lease, Nettie P. Fisher to J. A. McCandless, 319 square feet at Union and Hotel streets, \$1000.

February 27, 1903, deed Excelsior Lodge to J. A. McCandless, 390 square feet on Fort street, \$5,516.

March 2, 1903, exchange, four esplanade lots deeded to McCandless by the Territory in exchange for the property described and bought by him, as above, for \$21,516.

March 9, 1903, one week later, same four lots sold by McCandless to the Hawaiian Electric Company for \$30,000.

The difference between what McCandless, as a business man, was able to get for the lots and what the government got, aside from some waiving of betterment, was \$8,484, and it only took one week, even during hard times, for the property to make this jump in price after it became private and not government property.

The lands bought by McCandless originally were needed for the widening of Fort and other streets. The four lots worth \$30,000 were simply deeded over to McCandless in exchange for what he had only just bought for \$21,516. It was a good stroke of business for McCandless, who enjoys every citizen's privilege of driving a good bargain, but if the public had been allowed to have a chance at the deal, instead of being kept in ignorance while the Superintendent of Public Works presented the matter to the Executive Council, to be talked over in secret and given out when finally settled and not before, the government might have received as much for its land as McCandless received for the same land.

## FANNING ISLAND NOT SOLD

James Bicknell is still sovereign of half of Fanning Island. He returned by the Sonoma from San Francisco whither he went last December to confer with representatives of the British Pacific Cable Board who had asked him to come there as the Board desired to buy his interest in the island, a cable station being located there.

The negotiations however have not led to any conclusion. Bicknell says the representatives of the Board did not seem to know whether they were authorized to purchase or not, and failed in many ways to keep promises they made.

The present situation is that the cable board has simply taken what land they needed at Fanning Island for their station without seeking to compensate the owners, apparently not being much interested in knowing who the owners were. No question of Greig and Bicknell's title has been raised, the cable board simply failing to negotiate for or acquire title.

### A GOOD BOOK.

"The Honolulu Ad," a publication devoted to advertising and the general welfare of the country, has been issued under the direction of Charles R. Frazier. Daniel Logan is the literary editor and is responsible for much of the valuable and interesting matter appearing in its columns. The publication is one that all business men will read. There is not a dull line in the little book and its editors hope to make "The Honolulu Ad" a welcome visitor at home and abroad.

### MONEY SAVED IS MONEY EARNED

Yes, remarked one of Honolulu's old residents I never have saved a cent out of my salary until I joined the Pioneer Building & Loan Association and now this comfortable home you see is the result of money earned by Pioneer Building and Loan savings. The interest earned for 1902 was 11 1/2 per cent. Pioneer Building & Loan Association, Judd Building, Merchant Street. J. L. McLean, President; A. V. Gear, Secretary.

Want ads in Star cost but 25 cents.

## ROYAL Baking Powder

Makes the bread more healthful.

Safeguards the food against alum.

Alum baking powders are the greatest menaces to health of the present day.

Advertise your wants in the Star.

## KUPIHEA'S VIEW ON COUNTY BILL

SAYS CITY AND COUNTY LEGISLATION MUST ALL GO TOGETHER OR NOT AT ALL.

Representative Kupihea attempted to introduce in the County yesterday what he called a minority report of the county bill committee, recommending that the bill be indefinitely postponed. It was ruled out of order as there is no majority report as yet.

Kupihea thought the bill would encounter a snag in the Organic Act, and he proceeded to introduce a resolution calling on the attorney general for an opinion, as to whether the legislature had power to enact a county act alone. The representative had a written argument which he proceeded to read, keeping his finger on the place when he was interrupted with points of order, which was quite often. The result was a remarkable speech, the end of which was the Speaker ordering him to sit down. Kupihea's contention appeared to be that the Legislature must enact city and county laws all at once, or let the matter alone.

There was no opposition to the resolution calling upon the attorney general for an opinion and it was adopted, just before the House adjourned for the day.

## No "Breakbone"

IN Pawaa

But pure air, pure water and vigorous health. These desirable qualifications have made this locality so popular that 6 more lots have been secured, in order to supply the demand for homes.

Dated at Honolulu, this 18th day of March, 1903.

W. J. ROBINSON,  
Third Judge, First Circuit Court.

# Important Reasons

## Why Herring-Hall-Marvin Safe Co.'s Safes and Locks are the Best?

The concrete filling makes these safes absolutely Fire-Proof and positive Damp-Proof. The solid angle corners add greatly to their security in time of fire, and form the only solid corners made. The patent Bolt Work is superior to any in use and does not require the constant oiling, cleaning, and repairs that is acknowledged in other makes of safes. That although 800,000 of these safes are now in use and many thousands have been tested by some of the most disastrous conflagrations in the United States, THERE IS NOT A SINGLE INSTANCE ON RECORD WHEREIN ONE OF THEM EVER FAILED TO PRESERVE ITS CONTENTS PERFECTLY. They make safes for county treasurers, county recorders, county clerks, jewelers, Hotels, residences, churches and corporations. We have a large assortment of safes on hand and will be pleased to show same.

# Miles of Telephone Tunnel

A NEW SYSTEM OF TELEPHONES BEING INAUGURATED IN CHICAGO—MAIN LINES OF WIRE ARE IN TUNNELS UNDER THE STREETS—10,000 INSTRUMENTS TO BE INSTALLED IN 3 MONTHS.

CHICAGO, March 11.—Within three months the Illinois Telephone and Telegraph Company will have in operation in the downtown district 10,000 of its new "secret service" phones.

As a result of the passage of the ordinance by the city council granting the company the power to connect its cables in the conduits with the various office buildings by means of underground passages orders went out yesterday from headquarters to begin work immediately, and a large force of linemen and electrical workers will be put to work in a very few days.

The company has 16 miles of tunnels under the streets of Chicago which were made for the sole purpose of running its lines and cables. These tunnels are 12 by 14 feet in dimensions and are so placed that if ever a subway system of street transportation is adopted there will be room above this tunnel and below the surface for a subway like those of London or New York. The ordinance just passed permits the company to make connection between its wires and cables in its tunnels and the buildings along the streets tunneled.

All of the equipment necessary to install the complete system in the downtown district is already on hand. Thousands of telephones are stored in the factory of the Automatic Electric Company at Van Buren and Morgan streets, and large coils of cable and material for wiring the buildings are awaiting immediate use. According to Albert G. Wheeler, the president of the company, the work has been held back for months awaiting the action of the city council, and now that it has passed the necessary ordinance there is nothing whatever to interfere with its progress.

At first the automatic telephones are to be installed only in the area bounded by Michigan avenue, the river and Twelfth street, but gradually the scope of the project will be extended to include the entire city. The plant is being started on a basis of 100,000 telephones, but this number it is expected will ultimately be doubled. As soon as the entire downtown section is wired the company will extend its service northward, then probably branch out in a westerly direction, and finally build south.

The charge then will be 5 cents for each call, but nothing for incoming calls. In places of business this charge cannot exceed \$85 a year and in residences \$54. There will be no minimum charge whatever.

The entire service is to be automatic. The subscriber instantaneously connects with the person he wishes to call, and the apparatus is so constructed that it is an impossibility for another person to "cut in" and in any way interfere with the line in use.

Mayor Harrison has the right to veto the order allowing underground connections from the tunnels of the Illinois Telephone Company to buildings in the business district, but he is not likely to exercise it.

"I do not see anything wrong with the order," said the mayor. "The company came here in the first instance to put in telephones cheaper than the Chicago Telephone Company, and under the franchise granted the latter there is nothing else to do but to allow the putting in of connections. If I issue any permits I shall make ironclad conditions, so that the subways plans will not be interfered with and that the city shall be protected in every particular. I have seen the plans and know that they will not interfere with subways of street railway purposes. The franchise of the Illinois Telephone Company allows it to string overhead wires in the downtown district. I am opposed to this. The city must allow an underground method of carrying telephone wires if there are to be no overhead wires. It seems to me that the Chicago Telephone Company fears a rival in the field and that some one is trying to block the game on this account."

## SENATE PROCEEDINGS

Several Bills Taken Up in the Afternoon Session. The Senate yesterday afternoon decided to refer the report of Expert L. C. Ables on Public Works shortages to the Attorney General, for such action as he might deem advisable.

Senate Bill No. 74, the Atkinson gas franchise bill, was laid on the table. Number 101, to prevent the bringing of actions against officers or others for acts done in the suppression of rebellion, passed third reading by a vote of 6 to 3. Bill No. 37, relating to the Board of Health was referred back to the Judiciary Committee. Dickey offered an amendment to have the board consist of four laymen, two physicians and the attorney general, remarking that when there were three doctors in the board they always stuck together. Others proposed having only one doctor. Achi wanted a provision that the president of the Board be chosen with the approval of the Governor and Senate.

Senate Bill No. 45, an act to give E. C. Winston and associates the right to construct a railroad on Oahu, was taken up on second reading, but an adjournment was taken before it was disposed of.

## CHARLES WILCOX IS ARRESTED

Three Warrants Charging Embezzlement Sworn To by Lorrin Andrews.

Charles Wilcox was arrested yesterday afternoon by High Sheriff Brown on three warrants for embezzlement of public money, sworn to by Attorney General Andrews. The three sums he is alleged fraudulently converted to his own use are \$1,079, \$834.75 and \$424.10, making a total of \$2,337.85.

Wilcox was at the police station early in the day, having heard that he was about to be arrested, and he waited for some time for the warrants, leaving when they failed to show up at about two o'clock. Later they were served on him by the sheriff, and Wilcox put up bonds in the sum of \$4,500 with James Boyd and Humphreys as securities.

A NEW REAR ADMIRAL.  
Associated Press Cable, Morning Service.

WASHINGTON, March 20.—Captain F. A. Cook, U. S. N., has been promoted to the rank of Rear Admiral. Captain Cook is a Massachusetts man and has been in the navy since 1860, when he entered the Academy at Annapolis. He was an ensign in the west gulf block-ading squadron during the last two years of the Civil War, and was commissioned a Lieutenant in 1867. Since that time he has lived the life of change and transfer common with most naval officers. In 1868 he was promoted a Lieutenant Commander, was made a Commander in 1881 and a Captain in 1886. Later he was given command of the cruiser Brooklyn, and remained in that post until and during the war with Spain. The Brooklyn subsequently became the flagship of the famous flying squadron, and Captain Cook acted as Commodore Schley's chief of staff.

KLEPTOMANIA AND DISEASE

Kleptomania is said to be so prevalent in Paris that a celebrated physician has been making a study of the habit on behalf of the large stores of the French metropolis.

Scientifically this conclusion may be warranted but it is certainly not corroborated by general circumstances. For instance Los Angeles is noted as a health resort, that is to say, a place where sick people resort to gain health.

Will Superintendent Cooper allow Charles Dwight to leave the service of his department without a letter expressing the Superintendent's confidence in him?

Perhaps the best thing for the government to do is count the cash actually on hand, in good legal tender coin, strike a balance and begin a new set of books.

Senator McCandless' resolution was the undoing of Charles Dwight, road supervisor. Now let the watchful senator resolve to discover how many government employees are feeding horses at the expense of the taxpayers.

There may be better measures than Senator Achi's bill to repeal the income tax but it is doubtful if there will be any more popular measure presented in the legislature this session.

The Senate's Judiciary Committee strongly recommended that the bill repealing the fisheries measure be tabled. This was a wise recommendation as the issue is still in the courts.

In the current issue of Willett & Gray's Sugar Journal there is a good deal of information relating to the development of by-products in the beet sugar industry. In California at several places very satisfactory experiments have been made with feeding beet pulp to cattle.

MR. DOOLEY ON DENGUE FEVER.

"What's th' dingy fever?" asked Hennessey. "'Tis an ill," said Mr. Dooley, "that bones is heir to, a sort iv cramp iv th' marrow."

"Ye'll know it's come, Hinnissey, whin ye wake some warm mornin' an' th' ice man is playin' th' drippings fr'm his cart on ye're back, an' front."

"But ye don't die, Hinnissey. It ta-akes a lot to kill a man. Whin ye get out, thinkin' ye're started on the final decline at last, ye're surprised to find th' insurance solicitor tellin' ye, ye're a good risk, an' can sign at th' office."

"What's to be done about it?" asked Hennessey. "Nothin'," said Mr. Dooley, "tis wan iv th' evils we mus' bear with fortichood."

Tired Nurses Say Our Rubber Tired Baby Carriages Are Very Restful

The Von Hamm-Young Co., Ltd.

NEW YOUNG BUILDING, KING STREET.

A NEW SHORTHAND CHARACTER.

The invention of the method of writing by signs, called shorthand, has served the grand and useful purpose for which it was intended. The stamper made by business men to crowd the greatest amount of work into the smallest space of time, thereby realizing greater attainments, has given birth to time-saving devices of many kinds, but not the least of these is the shorthand alphabet. There are many different systems but even those which were supposed to have been perfect a few years ago are being improved and characters are changed to include more in their meaning. The letter D has been adopted recently by many stenographers to signify anything perfect. It has been found that the letter D stands for Douglas—the inventor of the Douglas Patent Clasp, guaranteed against leakage and the annoyance of running water. Bath, the plumber, installs the Douglas.

### AN EXPERT'S OPINION.

In his report to the Senate committee, L. C. Ables, the expert, says regarding Charles Wilcox's claim that he paid the \$2,337.85 to Wright, "protecting himself" by taking Wright's I. O. U.:

"As to the statement of Mr. Wilcox I refer you to his typewritten statement with other matters touching on the matter which I have seen copies of and which Mr. C. M. White, Chief Clerk of the Office of Public Works, informs me he has furnished your committee, briefly calling to your attention the I. O. U. held by Mr. Wilcox which he claims is for these amounts, all of which have been paid months after the date of the I. O. U. and for an entirely different and less amount.

Coy of the I. O. U.:

"March 25, 1902.

I. O. U. . . . . \$3,960.25

"B. H. WRIGHT."

You will note that there is no amount written in the I. O. U. and that the same is in lead pencil not even the precaution being used to place the \$ mark. One or more figures placed to the left would easily raise the same to most any amount required.

## STRIKE COMMISSION REPORTS

(Continued from page 1.)

commissioner of labor, to investigate the strike and make a report. The latter did so and in the latter part of the same month reported the causes of the controversy to be substantially as given above. In July rioting of a more or less serious character took place in the mining regions of Pennsylvania and state troops under Gen. Gobin were sent to Shenandoah and other places.

As the strike was prolonged throughout the summer and early fall without a settlement the country was brought face to face with the prospect of a serious fuel famine. In some places \$25 a ton was asked for hard coal and but little could be had even at that price. The press, the pulpit, mayors of cities and political conventions took the matter up and proposed various plans for ending the strike, but nothing was accomplished until President Roosevelt on the 1st of October asked John Mitchell and the representatives of the coal-operating railroads to meet him for a conference at the executive office in Washington. This conference, the first of the kind ever requested by a president of the United States, took place Friday, Oct. 3. The mine operators were represented by George F. Baer, president of the Reading railway system; W. H. Truesdale, president of the Delaware, Lackawanna & Western railroad; E. B. Thomas, chairman of the board, Erie railroad; Thomas P. Fowler, president New York, Ontario & Western road; R. M. Olyphant, president of the Delaware & Hudson road, and John Markle of New York. President Mitchell, representing the strikers, agreed to accept arbitration by a committee to be named by President Roosevelt, but the proposition was rejected by the operators, who declined to arbitrate except with the miners individually and demanded that troops be furnished to permit them to reopen the mines. The conference thus ended in failure.

On the 6th of October the entire national guard of Pennsylvania was ordered to the coal fields. Oct. 7 President Roosevelt asked the coal miners to resume work on promise of investigation and congressional action. The request was declined. Oct. 9 at a conference of Mayors in Detroit resolutions were passed urging the state of Pennsylvania to seize the coal mines and coal roads by condemnation and operate them for the benefit of the public and asking that the attorney general bring proceedings against the coal roads for violating the Sherman antitrust act. In the meantime the President continued his efforts to bring about a settlement, and finally after repeated conferences, in which Mr. Mitchell, Secretary Root, Commissioner Carroll D. Wright, Commissioner Sargent and Messrs. George W. Perkins and Robert S. Bacon of the firm of J. P. Morgan & Co. of New York took part, the parties to the controversy agreed to accept as arbitrators these men: Gen. John M. Wilson, Bishop John L. Spalding, Judge George Gray, Edgar E. Clark, Edward Wheeler Parker, Thomas H. Watkins and Carroll D. Wright. This agreement was reached early on the morning of Oct. 14.

President Mitchell called a delegate convention of the miners Wilkesbarre, Pa., and at this convention it was unanimously voted, Oct. 21, to accept arbitration and to resume work in the mines Oct. 23.

Various estimates of the total loss caused by this strike were made, but most of them were obviously much too high, some making it nearly \$200,000,000. The following figures, though necessarily based on conjecture, like the others, probably come nearer the truth:

Loss to railroad companies in freight	\$14,000,000
Loss to anthracite operators from unusual sales of bituminous coal	6,000,000
Cost of coal and iron police force	1,000,000
Loss to miners in wages	4,410,000
Damage to mines	800,000
<b>Total</b>	<b>\$26,000,000</b>

## Goodbye to Passes

WHAT THE ELKINS AMENDMENT TO THE INTER-STATE COMMERCE BILL DOES TO POLITICIANS, ARMY OFFICERS AND OTHERS WHO HAVE BEEN IN THE HABIT OF GETTING REDUCED RATES.

Half fare on the railroads probably will no longer be permitted to ministers' families, to the United States Army officers and their families, to United States Navy officers and their families, to United States Revenue Cutter officers and their families, to British Army or Navy officers and their families, to Wells-Fargo employees, to Pullman employees, or to Sisters of Charity, and nuns. The Elkins act, very recently passed by Congress, to enforce the interstate commerce act of April 5, 1897, does away with all these special privileges that the transportation companies have been granting under an elastic interpretation of the interstate law.

The Elkins act not only draws the line sharply for passengers, but it makes the rule extremely plain in regard to freight shipments and against special privileges and rebates to certain shippers. Under the interstate commerce act there was scarcely any basis for a trial, because no one railroad official would go into court and personally imperil the liberty of a similar official in a rival railway company. The old law made the official liable to imprisonment in the penitentiary. And under the old law a very elaborate prosecution had to be prepared by the complaining witness. By the Elkins act, prosecution is simplified. The official who made the special rate is no longer liable, but he must come into court when summoned and tell the whole transaction. Then the favored individual shipper or passenger and the railroad corporation are held equally blamable. The railway company may be fined not less than \$1000 nor more than \$20,000 for each violation of the law. And the shipper who receives or solicits a rebate or special rates may be likewise fined.

### BIG SECTIONS INUNDATED.

Associated Press Cable, Morning Service.

MEMPHIS, Tenn., March 20.—The levees have broken and the river is inundating vast tracts of country. Many refugees are arriving in boats and others have taken refuge in the upper stories of buildings in the flooded districts. Owing to past experiences, most farmers and villagers are provided with rafts or boats and have stores of provisions out of harm's way. The War Department has sent tents and rations to this city for the homeless.

### LAHAINA WEATHER.

LAHAINA, March 20.—The weather continues unusually cool, for this season of the year. There has been an abundance of rain, with March winds and threatening skies.

## ANDREWS MAKES A QUICK REPLY

KELIHOI'S LEGAL PUZZLE SPEEDILY DISPOSED OF BY THE ATTORNEY GENERAL.

The House this morning received a reply from Attorney General Andrews to the request of yesterday for an opinion as to whether the legislature may enact separately city and county government acts. Kelihoi having introduced a resolution asking for such an opinion. The attorney general says:

"In answer to House resolution 208 wherein I was requested to render a legal opinion for you as to the authority of this Legislature relative to the creation of Counties, Towns and City municipalities, as to whether they could be created separately or jointly under a general act, I would reply that under Section 56 of the Organic Act, the power is vested in the Legislature to pass either separate or joint bills. Under the working of that act the Legislature 'may create counties,' it 'may create towns,' and it 'may create city municipalities' therefore a bill to provide for all or either of such forms of government would be perfectly legal and proper.

"Hoping this answers the query in the resolution, which is a little vague, I remain, very respectfully,  
"LORRIN ANDREWS,  
"Attorney General."

Speaker Beckley called attention to the fact that the time for the Rapid Transit committee's investigation had passed and chairman Kelihoi reported that the committee had been investigating its powers with regard to examination of the company's books and had obtained an opinion from the attorney general. As a layman, Kelihoi said, he hadn't yet been able to understand the opinion, but he was wrestling with it and had made an appointment with President Thurston of the company for next Monday. The committee was given further time.

The printing committee reported fourteen house bills and seven senate bills printed also the governor's Chinese fund message.

The Agricultural committee reported favorably the Knudsen bill to encourage diversified industries. The act to exempt from taxation property used in production of coffee was reported unfavorably, the committee stating that existing laws provided for enough exemption.

The Judiciary committee reported favorably Andrews' bill amending the laws relating to divorce suits.

### DEPARTING.

Thursday, March 19. Am. schr. Mahukoma, Silveson, for Eleels at 5:30 p. m.

### WHOSE FAULT IS IT?

The world is full of disease and pain. Whose fault is it? Every body's; therefore often the fault of the sufferers themselves. But the pressing question is,—what to do, how to relieve, how to cure. What would become of us if means were not found to destroy disease? Why, then, of course, disease would destroy us and the world would be depopulated. Until we learn how to prevent disease, we must be thankful for the means of abating and curing it after it has seized upon us, and stands, like a savage with uplifted axe, ready to take our lives. Especially do we need some sure and speedy form of treatment for those complaints which are universal,—which arise in every country and climate. We allude to such ailments as Nervous and General Debility, Hysteria, Scrofula, Chronic Diarrhoea, Asthma, Throat and Lung Complaints, Blood Impurities, and the ills of women and children. For these WAMPOLE'S PREPARATION comes as near to being an actual specific as any medicine yet discovered. It is palatable as honey and contains the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. You may almost say that it is life itself embodied in a single article made by human hands. Dr. J. L. Currick says: "I have had remarkable success with it in the treatment of Consumption, Chronic Bronchitis, Catarrh and Scrofulous Affections. It is of special value in nervous prostration and depraved nutrition. It stimulates the appetite and the digestion, promotes assimilation, and enters directly into the circulation with the food. I consider it a marvelous success in medicine." Every dose effective. "It cannot disappoint." Sold by all chemists.

### FUN AT THE ORPHEUM.

Tonight the Waldorf Company will be seen again in Burmand's sparkling comedy "The Lady of Ostend," when played before this diverting sketch went with shrieks of laughter provoked by the extremely ludicrous situations in which the leading characters find themselves. On Monday evening "A Royal Divorce" will be repeated. Seats are on sale daily at the Orpheum Theatre.

**THE COLLAR CITY.**  
Troy, N. Y., is the "collar city" of the world! It has an annual output of about 3,000 collars, cuffs and shirts.

**No Strength**  
Are you easily tired? Is your work a burden? Do you often feel weak and faint? Is your appetite poor? Are you easily discouraged? Then your nerves are weak and your blood impure. Sickness is not far away.  
  
Mr. Frederick DeWitt, of Claremont, Cape Cod, sends his photograph and this story:  
"My blood often becomes impure, causing eruptions on the skin, and my general system goes all to pieces, causing indigestion and great distress. But I take Ayer's Sarsaparilla, which quickly brings me out of my troubles. For all those who are debilitated and weakened by the long, hot summers of our country, there is no remedy equal to this grand family medicine."

**AYER'S Sarsaparilla**  
There are many imitations "Sarsaparillas." Be sure you get Ayer's.  
Always keep your bowels in good condition with Ayer's Pills. They are purely vegetable, action on the liver, and cure constipation, biliousness, sick headache, and all liver troubles.  
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

**CORPORATION NOTICES.**  
**SPECIAL MEETING.**

**SERENE OLD AGE.**  
Rachel Martense, who was the belle of Flatbush in the early part of the last century, and was sought after socially and even in marriage half that century ago, has just celebrated her 103rd anniversary being still Miss Martense. She was born on the farm of her ancestors, long since built over by the former city and present borough of Brooklyn, and until 12 years ago, when she injured a knee in a fall, she was active, and took her daily walks. Since that accident she has stayed at home, but has been busy with kindly charities and happy in reading books, to do which she has not yet needed the aid of glasses. Miss Martense has exceeded by 12 years the lives of her father and a sister, who both lived to the age of 90. What a wonderful thing—to live beyond a century and still be happy, and look back on a happy life!

**WINDMILL WAGON POWER.**  
A novel portable source of power is the windmill mounted on a wagon. The pulley on the shaft driven by the mill can be belted to machinery.

**LOAN ESTIMATES**  
GOVERNOR DOLE SUBMITS ESTIMATES OF PUBLIC IMPROVEMENTS TO BE PAID FOR OUT OF LOAN FUNDS—THE AGGREGATE IS OVER TWO AND A HALF MILLION DOLLARS—THE DETAILS.

Governor Dole yesterday sent a special message to the Senate giving estimates for new public improvements to be made out of the loan fund. These estimates he says are made on the basis of the present Territorial government system. If that system is changed, he says, these estimates as well as those for current expenses will have to be revised, and provision made for such county or city loans as will be required.

The aggregate of the Governors' estimates are \$2,615,570, of which \$501,550 are for new roads and bridges, and \$2,054,020 is for other new public works.

The following are the items and estimates. For Public Works. Reorganization of Wharf system, Honolulu (completion of plans to require \$350,000 more) \$400,000; Wharf and Shed, McGregor's Landing, Maui, \$6,000; Dredging Honolulu Harbor, \$50,000; Reconstruction and Repairs, Judiciary building, \$45,000; New Court House and Jail, Wailuku, \$20,000; Court House and Jail, East Kau, \$2,500; Court House, Jail, Jailor's House and Water Tanks at Hookena and Keauhouku, \$4,000; New Penitentiary, Oahu (Partial Completion); Completion of plans to cost \$150,000 more) \$100,000; Repairs and Reconstruction, Oahu Jail, \$20,000; New Jail, Hilo, \$16,000; New Insane Asylum, Oahu, \$75,000; New Dispensary, Honolulu, \$8,000; Garbage Crematory, Honolulu, \$10,000; Sewerage, Honolulu, \$83,820; Outfall Sewer, Honolulu, \$20,000; Storm Sewers and Drains, Honolulu, \$20,000; Sewerage System, Hilo, \$15,000; Sewerage System, Lahaina, \$10,000; New Government Laundries, Honolulu, \$30,000; New Building, Fire Station, vicinity Nuuanu and Judd streets, \$3,000; New Building, Fire Station, Waikiki, \$3,000; New Building, Fire Station, Kalihi, \$3,000; Extension of Fire Alarm System, Honolulu, \$10,000; New Hydrants, Honolulu, \$9,000; New Kerosene Warehouse, Honolulu, \$8,000; Nuuanu Reservoir No. 4, \$150,000; Filtration Plant, Nuuanu Valley, \$60,000; Reservoir at Kalihi, \$50,000; Reservoir at Diamond Head, 8,000; Building for High Lift Pump, Bereania street, \$28,000; High Lift Pump, Honolulu Iron Works, Contract June 15, 1900, \$17,000 High Lift Reservoir and Pump, \$25,000; Purchase of \$60,000 feet of 8-inch cast iron pipe and 40,000 feet of 6-inch cast iron pipe, \$175,000; Water Development, Lualualei, Oahu, \$20,000; Water Supply to Waimea Village, Hawaii, \$10,000; Electric Light Plant, Honolulu, \$50,000; Underground Conduits, City of Honolulu for Electric Light, Telephone and Telegraph Wires, \$150,000; Purchase of Lot, Electric Light Station, Nuuanu Valley, \$6,000; School House and Teachers' Cottages, Island of Oahu, \$134,700; School Houses and Teachers' Cottages, Island of Hawaii, \$333,800; School Houses and Teachers' Cottages, Island of Maui, Molokai and Lanai, \$53,700; School Houses and Teachers' Cottages, Island of Kauai, \$27,000; Fire Proof Laboratory, Library and Office Building for Federal Experiment Station, \$3,000; Residence of Chemist, Federal Experiment Station, \$1,500; Fire Proof Vaults and Files for Survey Office, \$15,000; Armory, \$30,000; New Stables, Road Department, Honolulu, \$15,000; Retaining Wall and Repairs to Pauoa Stream from Pauoa Bridge to Nuuanu Stream, \$5,000; Relating Wall and Repairs to Makiki Stream from Makiki Reservoir to Waikiki Road, \$5,000; Total, \$2,054,020.

## You will Probably Want new Paper this Spring.

Better come here for it.  
For sanitary reason it is ad-  
visable to have the wall re-  
papered at frequent intervals  
even if the paper is not no-  
ticeably soiled.

We will estimate for you  
and have competent men to  
do the work.

PROF. EDWARD E. PHELPS, M. D., LL. D.

### Greatest of All Physicians.

### Eminent Discoverer of PAINE'S CELERY COMPOUND

Prof. Edward E. Phelps, M. D., LL. D.,  
was born in Connecticut and graduated at  
Yale.

His unusual talent soon brought him reputation  
and prominence. First he was elected to the  
profession of anatomy and surgery in the  
Vermont University. Next he was ap-  
pointed lecturer in Dartmouth College. The  
following year he was chosen to the most  
important professorship in the country, a  
place that he occupied when he made his  
world-famed discovery of Paine's Celery Com-  
pound.

This infallible cure for those fearful fits that  
result from an impaired nervous system and  
impure blood, has endeared the great doctor to  
the world.

### DIAMOND DYES

COLORED ANYTHING ANY COLOR.  
Dresses, cloaks, suits, ribbons, coats,  
feathers, stockings—everything wearable,  
Diamond Dyes make to look like new.

answer free any questions about dyeing. Send  
sample of goods when possible.  
Direction book and 45 dyed samples free.  
DIAMOND DYES, Burlington, Vt.

### IN THE CITY'S CHURCHES

FOURTH SUNDAY IN LENT.  
Collect for the Day.  
Grant, we beseech thee, Almighty  
God, that we, who for our evil deeds do  
worthily deserve to be punished, by the  
comfort of thy grace may mercifully be  
relieved; through our Lord and Savi-  
ous Jesus Christ, Amen.

tiary, 12:30; Sunday school, 3; open air  
services corner Fort and Hotel streets,  
7:30.

### CANADIAN CANAL CLAIMS.

Associated Press Cable, Morning Service.  
MONTREAL, March 20.—A discovery of old maps supports  
the claim of Canada to the ownership of Lynn Canal.  
If the Canadians are able to prove that the maps are genuine  
they may secure the strip of Alaskan land that they have been  
contending for. If Lynn Canal were proven to be the boundary  
the important cities of Skagway and Juneau would become British.  
The American contention is that the American boundary  
starts at the entrance to Portland channel, near Port Simpson, the  
terminus of the new trans-Canadian railway and takes in all of the  
coast line and islands as far north as Lake Bennett, including the  
cities above referred to and the Lynn Canal.

### SAN FRANCISCO STRIKE AVERTED.

Associated Press Cable, Morning Service.  
SAN FRANCISCO, March 20.—Concessions by the employ-  
ers have temporarily averted a strike on the local street car lines.

## Sterling The Painter

HAS ADDED TO HIS  
PAINT SHOP A  
LARGE STOCK OF

# Wall Paper

Also an experienced Paper Hanger  
as salesman who will be pleased to  
give information about paper hanging  
and decorating. Competent Paper  
Hangers employed and always on hand.

REASONABLE PRICES.  
Same Old Stand Union Street

7 p. m.; Salvation meeting, 8 p. m.; Bi-  
ble class, 4 p. m.  
SLOAN MISSION of the Christian  
Church, Kawaiahao street and Ward  
avenue. A. O. Hushaw, superintendent.

Fort street, near Kukui. Unsectarian  
services for the people. Meetings at 7:30  
every evening except Wednesday.  
Holiness meeting Sunday morning at  
11 o'clock.

Better than a plaster. A piece of  
flannel dampened with Chamberlain's  
Pain Balm and bound to the affected  
parts is superior to any plaster. When  
troubled with lame back, or pains in  
the side or chest, give it a trial and  
you are certain to be more than pleas-  
ed with the prompt relief which it af-  
fords. All Dealers, Benson, Smith &  
Company, general agents, sell it.

The Tonic  
Par Excellence.

## QUINA-LAROCHE

is highly recommended as a preventive of  
Colds and Influenza  
and as a specific remedy for  
Typhoid  
and Malarial Fevers.

NEWS IN A NUISHELL

Paragraphs That Give Condensed News of the Day.

A bankruptcy notice appears in this issue. Special sale of ribbons at E. W. Jordan & Co.

Wildor & Co. have just received a lot of fancy screen doors.

The list of officers of Wildor & Co., Ltd., appears in this issue.

The Kinohiwa was sighted 25 miles east at 9:40 o'clock this morning.

E. O. Hall & Son's special puncture proof tires are guaranteed for six months against any defect whatever.

Rev. W. H. Fenton-Smith, the new Rector of St. Augustine's church Kohala, will preach at the 11 o'clock service at St. Clement's church tomorrow morning.

Continuing his Lenten lectures tomorrow evening, Bishop Restarick at St. Andrew's Cathedral will preach upon the subject "Confirmation—What it is. What it is not."

The choir of Central Union church will begin work on the Easter music this Saturday evening at eight o'clock.

A full attendance is earnestly desired by the conductor.

The grippe and prudent people keep a great many people are down with Anti-Grippe Tablets on hand to nip the grippe at the start.

They are sold by Hobron Drug Co.

A beautiful line of new goods is being shown at Sachs. These goods came on the Sonoma and consist of the latest novelties in dress goods, silks, printed muslins, white goods and the very newest millinery creations.

Mr. and Mrs. Henry Waterhouse gave a reception last evening at their new residence in honor of Dr. Daniels of the American Board of Missions, and Mrs. Daniels. A large number of guests greeted the strangers.

The rooms were prettily decorated.

F. W. Werry of the Chief Astronomer's office of the department of the Interior, Dominion of Canada, passed through here on the Sonoma to complete the determination of longitude and latitude at the cable stations of the British Pacific Cable.

He has the most finely constructed instruments for this purpose ever constructed.

His undertaking will occupy him for about a year.

FIRE IMPERILED SIX LIVES

SMALL COTTAGE ON FORT STREET DESTROYED BY FIRE—OCCUPANTS NARROWLY ESCAPE.

Six lives were imperiled in a fire this morning on Fort street just opposite the New Era Boarding House. Every one saved, however, but the building was completely gutted, some of the occupants escaping in only their night garments.

The fire occurred in a small cottage owned by Wing Mow Chan and rented by E. Lafferty a butcher at the corner of the street. The cottage was completely gutted, some of the occupants escaping in only their night garments.

The fire occurred in a small cottage owned by Wing Mow Chan and rented by E. Lafferty a butcher at the corner of the street. The cottage was completely gutted, some of the occupants escaping in only their night garments.

The fire occurred in a small cottage owned by Wing Mow Chan and rented by E. Lafferty a butcher at the corner of the street. The cottage was completely gutted, some of the occupants escaping in only their night garments.

Small cottage occupied by J. Gillis and family. On the main side was the Globe Bakery and in the rear were several small cottages. Had the fire department not handled the fire in an efficient manner the blaze would undoubtedly have spread to the adjoining places and an extensive fire resulted.

As it was the main wall of the bakery was partially burned by the flames from the other house.

The cottage where the fire started was practically destroyed. The loss was practically destroyed. The loss was about \$700 on which there was \$400 insurance.

Collins lost all of his personal effects and Asselen lost most of his things except his trunk and its contents. The losses of these lodgers will be several hundred dollars.

Quite an amusing incident occurred during the progress of the engine to the fire. The men on the chemical engine saw the police patrol wagon coming up and called derisively to them to "hurry up."

Then ensued a race. There was a brief brush between the teams but Charles Galt the driver of the police patrol "brushed" past the engine crew and reached the scene of the fire first.

MUST BUILD THE RAILROAD

SENATE AMENDS WINSTON RAILROAD BILL COMPELLING COMPANY TO BUILD FIVE MILES.

There was quite a discussion in the Senate this morning at the second reading of the Winston Railroad bill.

Senator Aebi had the bill so amended that the company could use any sort of power except steam locomotive.

Senator Baldwin and Dickey declared that if the company was to be exempted from the payment of taxes that there must be some assurance that it would build more than three miles of the line.

It might simply build up Kulihi valley and then stop. The bill was finally amended so that the company will be required to build 10 miles within five years time.

The company is also to be required to pay 1-2 per cent of the gross receipts to the government after the first fifteen years of operation.

The rates were fixed at 6 cents a mile for first class tickets and 4 cents per mile for second class. The bill occupied much of the session today. It will come up for third reading Tuesday.

KUHIO'S SECRETARY.

Several conferences have been held during the week in regard to a secretary for Congressman Kuhio. No decision has been reached. J. G. Pratt, now at Washington, is a prominent applicant for the place.

FIRE PROTECTION.

LAHAINA, March 20.—Inspector King has recently paid an official visit to the Lahaina schools.

DENGUE AT LAHAINA.

LAHAINA, March 20.—A number of Japanese and Hawaiian, are still suffering from the dengue fever.

MANY PUBLIC TEAMS IDLE

COOPER REPORTS TO SENATE ON MATTER—NUMEROUS PRIVATE TEAMS EMPLOYED.

Reports on the number of private teams that had been employed in the Public Works Department during a portion of this month while government teams were idle was received from Superintendent Cooper this morning by the Senate.

This information related to the fight which was made against Ex-Road Supervisor Charles B. Dwight and resulted in his retiring from the road department.

Secretary Cooper reported that the government teams idle during the following period were March 9, 54; March 10, 51; March 11, 51; March 12, 51; March 13, 56; March 14, 36; March 15, 48; March 17, 45.

The private teams hired during this period all being dump carts, were March 9, 6; March 10, 9; March 11, 9; March 12, 5; March 13, 10; March 14, 25; March 15, 12; March 17, 4 for half a day.

These teams were hired by the former road supervisor. None were hired by Captain S. H. Johnson in the excavator department.

The communications from Superintendent Cooper were referred to the special committee having this matter under investigation.

Make No Guam Soundings

Captain Rodman, the commander of the U. S. Iroquois, has as yet received no orders from the Navy Department regarding his vessel being sent to Midway Island, or to act in conjunction with the Commercial Cable Company.

In answer to a telegram, Vice President and General Manager Ward of the cable company sent word to Captain Rodman day before yesterday that the Iroquois would not be asked to make any soundings in the neighborhood of the island of Guam.

Evidently the cable company has all of the soundings that are desired in that section of the Pacific. The Iroquois will be asked to go to Midway Island and probably assist the cable laying steamer.

Some buoys may be laid by the Iroquois and she may be asked to otherwise aid the cable ship.

Captain Rodman will in all probability depart within six weeks for Midway Island to meet the cable ship at that place.

Evidently the cable people have solved the difficulty of the deeps in their neighborhood of the Island of Guam and propose to proceed without delay to the laying of the cable from this place to Manila.

THE MONKEY DRILL.

The famous "Monkey Drill" of the police department will occur at Kapiolani Park this afternoon. The members of the legislature, various government officials and others have been invited by High Sheriff Brown to attend. The drill will start about 2:30 p. m. The admission will be free. A large crowd is anticipated.

IN GOOD COMPANY

Many dollars are turned away annually by The Star in rejecting offensive and improper advertisements offered for insertion in its columns.

This is a cogent reason why The Star's advertising columns are so generally used and so widely read. Want ads in Star cost but 25 cents.

OPPOSE FUND FOR LOUISON

HOUSE COMMITTEE ADVERSE TO SENDING HIM TO WASHINGTON AS A COFFEE MAN.

The House Agricultural committee this morning presented a report against the Wright resolution for an appropriation of \$5,000 to send A. L. Louison to Washington to exert his efforts in behalf of the coffee bounty proposition.

Wright moved that the report be considered in committee of the whole and made an address in favor of his resolution. He said the islands might have an income of a million a year from coffee and that the appropriation should be made for the encouragement of the coffee industry.

F. E. Greenwell spoke in support of Wright. He referred to the "small farmer" talk and said that if the legislature could send a man to Washington who would help the coffee industry it would be easily worth \$10,000.

Speaker Beckley stated that the matter was one for careful consideration as the matter of encouraging diversified industries was very important.

Harris said that he was willing to vote for \$5,000 to encourage the coffee industry, but didn't approve of a \$5,000 appropriation for any one individual to go to Washington. The proper person to look after the Territory's interests in the matter was the delegate to Congress, said Harris.

The report was tabled to be considered with the appropriation bill, on motion of Harris.
