ANNUAL MEETING  
OF SAILORS' HOME

Report of Superintendent  
Bray for the  
Year.

IMPROVEMENTS WILL BE  
MADE IN THE PREMISES

Trustees Are Re-elected--Resignation  
of T. R. Walker Accepted and  
Vote of Thanks Extended  
to Him.

The adjourned annual meeting of the Honolulu Sailors' Home Society was held today at 10 a. m. The report of the superintendent, Captain Isalah Bray for the period commencing on the 15th of April, ending on the 31st December, 1900, was read by the secretary as follows:

Superintendent M. P. Bluxome vacated, and Captain Isalah Bray assumed the superintendency April 15, 1900. Notice was immediately given to all permanent lodgers, who vacated within a month. If by chance beds are sometimes vacant, they are let to transients only. Time, labor, and all the income, have been expended to clean, renew, and put in order the entire premises and outfit, but the needs have only been touched as yet.

Unpaid bills of long standing are a source of annoyance. No debts have been contracted since April 15 that have not been met by the income.

The Hawaiian Electric Company on November 17, 1900, struck a bountiful flow of artesian water, from a 1400-foot well sunk on our grounds, which, according to contract, will save to the Home the present water rates of \$25 a year.

There is an increasing demand for rooms by seamen. The dormitories are greatly disliked. Not only is the demand from sailors but by many deck hands, firemen, cooks, etc., constantly coming and going in the U. S. Army transports. Men-o-war men are often turned away for lack of beds, for a night, when they are on shore liberty. Officers of ships in port occupy reasonable rented rooms, when vacant, to avoid mosquitoes, and have a change. The Home hasn't half beds enough to meet the present needs, and accept the offering income. Upon the present basis of accommodations, the property once more put in order, with judicious management, about maintain everything in good condition but leave no profit. Twenty-five additional rooms 10x10, with single beds, will give a fairly paying business.

A runner has been employed; a boat purchased; incoming vessels visited; Sailor Home cards presented to captains and crew, and a regular shipping business conducted. This, in itself is remunerative, and captain and sailors do not feel that the old idea of a sailors' home is met otherwise. At the same time it is the most disagreeable part of the work: A record is kept of all inmates of the Home, with their nationality, last ship, capacity, ship joined, where bound and date of sailing.

Mr. A. F. Cooke has assisted financially; T. R. Walker paid water rates; Mr. Schultz, German reading matter; Mrs. Hyde, story books; Miss Mary Parker, new Gospel Hymn books, and Miss Bray, with acrobat organ.

Sabbath evenings the sailors thoroughly enjoy a rousing sing. The Y. M. C. A. have arranged an informal meeting for that time. Seamen of the Home were invited to and enjoyed a Thanksgiving lunch provided by Mrs. and Miss Bray.

Five,000 worth of these choice home sites have been bought since the auction sale of March 23rd. You will have a better selection for yourself if you let us show you the ground this week.

MCCLELLAN POND & CO.  
OF Castle & Lansdale

The billiard table is again in order, and newly covered. This, with other games, is greatly enjoyed. No rules and regulations are held before the inmates, but they have come to understand that they can freely enjoy themselves while keeping within the bounds of sailor propriety.

Number of seafaring inmates since April 15 are as follows:  
Captains, 2; mates, 21; second mates, 14; boatswains, 3; able seamen, 247; ordinary seamen, 9; cooks, 12; ship carpenters, 11; sailmakers, 4; cabin boys, 6; apprentices, 2; quartermasters, 7; engineers, 1; firemen, 27; coal passers, 5. Total, 371. Total number boarders (including transients), 413; defaulting boarders, 64; amount of defaultation, \$235.10; number of men shipped from the Home, 242; amount expended for repairs, \$261.46; amount expended for renewals, \$385.90; gross receipts, \$2,897.36; gross expenditures, \$2,684.66; balance, \$212.70.  
Respectfully submitted,  
ISALAH BRAY,  
Superintendent.

The treasurer submitted his annual report and a financial statement up to date, showing the amount of \$766.57 in his hands.

Liberal subscriptions have placed the Sailors' Home on a better financial footing but various expenditures are in view which will more than absorb the above balance in hands of the treasurer.

The following trustees were reelected for the term ending December 31, 1903: E. P. Bishop, J. B. Atherton, John Ena, F. W. Damon, Capt. A. Fuller and Henry Waterhouse.

The resignation of T. R. Walker was accepted and a vote of thanks unanimously passed for the efficient service he has rendered the institution for a long number of years. Mr. Walker's resignation was handed in because of his contemplated departure at an early date for Europe. F. M. Swany was elected to fill the vacancy.

After adjournment of the Society, an adjourned meeting of the trustees was held. The officers elected are: W. F. Allen, president; John Ena, vice president; F. A. Schaeffer, secretary; E. F. Bishop, treasurer.

The general affairs of the institution and questions of improvement and enlargement were discussed. The executive committee, consisting of C. L. Wight, F. W. Damon and W. W. Hall was instructed to investigate and report upon improvements which in their judgment should be made.

OLD FASHIONED RIDING PARTY

Arrangements are being made for an old style riding party a week from Saturday, under the direction of Her Majesty Liliuokalani. A number of the queen's ladies will be in the party which will be composed of about twenty young people. The party will start from Her Majesty's residence in Beretania street. A rented cottage near Diamond Head will be the destination, where refreshments and music will await the company.

FOR GOOD ROADS.

A petition praying the members of the Legislature to improve the now neglected roads in the Kewalo district has been in circulation for signatures during the past five days and if there is any influence in names the prayer of the petitioners will be heard and the roads improved. Frank Godfrey, who has charge of the petition, shows a long list of names, and which include the leading firms, all of whom express by their signatures their desire that good roads be supplied in the district of Kewalo.

Courts Yesterday Afternoon

A decree was signed by Judge Humphreys yesterday afternoon confirming the position of the estate of the late James L. Dowsett, made by C. P. Grimwood, commissioner.

In the case of Geo. U. Hind et al. vs. Wilder's Steamship Co., bond has been filed in the sum of \$110,000 on an order of the Supreme Court staying execution against defendants in the bark Carson matter. The bond is conditional on the payment of the judgment of \$54,630.75, with interest from May 1, 1900, and \$623.60 providing the staying order is vacated. The principal is Wilder's Steamship Co., with S. G. Wilder and Wm. G. Brash as sureties.

VIRGIE A-AGGRAVATION.

Aggravation and Virgie A meet today for the fourth time and things begin to look as if at last, the black mare would come out the wrong end of the horn.

Aggravation is doing better than ever before and will put up a fine race. Virgie A is also in fine trim and is galloping along easily. She is favorite, 10 to 50, in the town today. Nichols will be on the mare, while Thomas will pilot Aggravation.

David Lawrence & Co., 315 Fort street, near Murchison, will continue the free distribution of the famous Keweenaw cigar today. Drop in and get it, unquestionably the best value purchasable. For sale elsewhere.

HOUSE RESOLUTION  
IS TURNED DOWN

Senate Turns Its Back  
On Proposed Joint  
Rules.

ANOTHER RESOLUTION TO  
JUDICIARY COMMITTEE

Baldwin Reports Favorably for Special  
Committee on Franchise Bill--  
Carter Also Presents  
Reports.

The Senate at its morning session, turned down the House Concurrent Resolution relating to the matter of joint rules. When the communication was first read, there were conflicting elements, a part of the Senate expressing itself in favor of submitting the matter to the Committee on Rules and another part calling for immediate suppression of the whole thing. However, when the proposed joint rules were waded through, there seemed to be a change of mind and there was but little opposition to laying on the table.

When the Senate met this forenoon, the clerk read several House communications submitting various bills that had passed third reading in the lower branch. Another communication announced the adoption of Beckley's concurrent resolution dealing with the public lands of Hawaii. The resolution was referred to the Judiciary Committee although there were some of the Senators who were in favor of laying it on the table.

Still another communication from the House announced the adoption of House Concurrent Resolution 3. The resolution was laid on the table. Mr. Baldwin reported for the committee on Public Expenditures to whom was referred the Governor's message, dated April 9th, 1901, relative to additional estimates for the Appropriation bill. The committee recommends the sum of \$11,661.91. On the remainder of the message, the committee reports as follows:

The following items are doubtful about putting into the Appropriation bill:  
Clerical assistance to Adjutant General ..... \$1,200 00  
Printing, advertising and incidentals, Adjutant General... 300 00  
Additional inspectors and emergency requirements Board of Health ..... 10,000 00  
Total ..... \$11,500 00  
The report was laid on the table to be considered with the Appropriation bill.

A communication from Secretary Cooper announced that the Governor had signed Senate bill 2, "An Act to prohibit the unlawful wearing of the G. A. R. badge."

Mr. Carter presented two reports for the majority of the Ways and Means Committee--one on Senate bill 95 and another on Senate bill 96--recommending the passage of both. The reports were laid on the table with the understanding that the minority reports be presented on Tuesday. The first of these bills relates to the licensing of shoemakers while the second relates to the licensing of persons buying and selling live animals.

Mr. Carter next presented a unanimous report on the part of the same committee recommending the passage of Senate bill 93, relating to providing that certain corporations, under restrictions, may act as administrators, trustees, etc. The report was adopted. Mr. Paris reported favorably for the Public Lands Committee on Senate bill 97, relating to vehicles, their tires and wheels. The report, signed by all the members of the committee says, in closing, "We find that in many districts on Maui and Hawaii the roads are not macadamized and the use of the present tires does not materially injure the roads and the law would work a hardship on owners of vehicles."

The report was adopted and the bill set for third reading on Tuesday. Mr. Baldwin then reported for the special committee to whom were referred the three franchise bills 92, 94 and 95. The committee recommends that all three pass with minor amendments and the reports together with the bills were made the special order of the day for Monday.

The first of these bills is an "Act granting a franchise to construct, maintain and operate an electric railway in the District of Hilo, Island of Hawaii, Territory of Hawaii," while the second is an act of the same nature with reference to Kona. At 12:05 o'clock, the Senate took a recess until 2 o'clock.

NEAR  
CLEAN  
SWEEP

It comes from an authentic source that the Independents have decided to recommend a clean sweep of the Governor's appointments so far as the heads of departments are concerned, with the exception of E. P. Dole, Attorney General and Wray Taylor, Commissioner of Agriculture. This comes from a source that is beyond question and has been given the Bulletin by way of contradicting the false rumors that have been published during several days in both the Advertiser and Star--rumors that have not even possessed the virtue of having been talked about by the parties who are concerned in the recommendation of changes.

It is understood that the Independent leaders have had a meeting with Governor Dole and there was a warm five minutes' talk. The Governor, it is understood, told the Independents that the legislative branch of the government had no right to interfere with the business of the Executive.

It was then that one of the leaders jumped up and said that the Senate intended to teach the Governor a lesson.

The Independents as a whole are very sore over the action of the Senate in postponing the consideration of the Governor's appointments until Tuesday. They put the whole thing down as a deliberate attempt to stop any action by the Independents with reference to the appointees in the face of the fact that the people from Hawaii to Kauai are clamoring for the heads of some of the officials.

REPLIES TO "CITIZEN"

MCCANDLESS NOT IN ON  
RAPID TRANSIT STOCK

That Company Has Fulfilled Its Franchise Obligations--Tracks Laid According to Grades Given.

"I see 'Citizen' wants to know about my holdings in the Rapid Transit Company," remarked Superintendent of Public Works McCandless to a Bulletin reporter yesterday afternoon.

"You tell 'Citizen' that neither J. A. McCandless nor the firm of McCandless Bros. own a dollar in the Rapid Transit Company."

"As to the condition of the streets the Rapid Transit Company has complied with the requirements of its charter, on every street where a track has been laid, Liliha street is in bad shape now but the company has done its part. When the company called for a grade it was given the proper line by the grade commission. The old street was all right for general business but a good deal of leveling had to be done to make the grade proper for running a railway on. With the present shortage of money, the department is now unable to keep up with repairs needed."

"The South street grade has not been changed. The rails are on the proper grade and the trouble there is that the street is flat and repairs must be made to put it in shape. On Hotel street back of the Capitol grounds the same thing holds good. The railway track is on the proper grade and the rest of the street is not."

"On nearly all these streets the government has got to come along and put the street in shape on the new grade line. But we are blocked for money. We can't run but one rock crushing plant and can't go on with the work as we should. If the Legislature will give us the money we'll soon have the streets in shape."

VALUE OF PROPERTY

A deed recently placed on file from E. C. Winton to Lincoln McCandless shows that a lot on the corner of South and Pauahi streets in this city, containing 629 square feet sold for \$3,700.

At this rate an acre of land in Honolulu would be worth \$261,000.

FORTUNE TELLER DEAD.

Filomena Jacinto, a Portuguese woman to whom many society ladies have flocked for years past to have the future foretold, died at her home on Punchbowl slopes yesterday, after an illness of only three days.

This Portuguese woman is supposed to have been possessed of remarkable powers of second sight as will be testified to by a lady of the city who was recently divorced. The fortune teller described months beforehand just what would happen.

WAILUKU WANTS  
COUNTY SEAT

Central and East Maui  
Arrayed Against  
Lahaina.

PUBLIC MEETING HELD  
AND PETITIONS SIGNED

Committee Sent to Legislature to Labor  
With Law Makers--Resolutions  
Set Forth Wailuku  
Advantages.

Wailuku, April 19.--A number of the public spirited citizens of Wailuku met in the Wailuku court house last Monday afternoon to discuss the County bill now pending before the House of Representatives.

Judge McKay was called to the chair while Geo. Hons explained the object of the meeting which was to obtain the consensus of opinion of those present with regard to the efforts of some of the members of the Legislature to pass the County bill making Lahaina instead of Wailuku the county seat of Liliuokalani county comprising the islands of Maui, Molokai, Lanai and Kaoolawe.

Messrs. Geo. Hons, G. B. Robertson and Jas. N. K. Keola were appointed a committee of three to draft a petition to be circulated around central and east Maui urging the retaining of the county seat at Wailuku in case the bill passes both houses. Deputy Sheriff A. N. Hayselden was appointed treasurer and also financial agent to collect money for defraying the expenses for printing posters and petitions. The meeting then adjourned until Thursday evening.

On Thursday evening, April 18, a very large number of the leading citizens of Wailuku, Waikapu and Waiehu were present. C. L. Kookoo, local president of the Wailuku Independent party, was called to the chair while G. B. Schraeder was elected secretary. Mr. Keola acted as interpreter.

The chair appointed Messrs. Geo. Hons, L. M. Baldwin and John Kim a committee of three to draft resolutions to be forwarded to both houses of the Territorial Legislature urging in unmistakable terms the superiority of Wailuku over Lahaina for a county seat.

The committee, after an absence of about thirty minutes, presented the resolution which was unanimously adopted, and Messrs. C. L. Kookoo and S. E. Kaleikau were elected a committee of two to carry the resolution to Honolulu and present the same to the House of Representatives and Senate respectively. The meeting also empowered Treasurer Hayselden to employ men to circulate the petition, to obtain as many names as possible of the citizens of Wailuku and Makawao districts.

The committee leave tonight per Kilauea for Honolulu with the resolution while the petitions will be forwarded by the Claudine on Sunday morning. The citizens of Wailuku and Makawao and perhaps Hana are worked up over the proposed move as Wailuku by reason of its location and numerous natural advantages is better fitted for a county seat than ever Lahaina will be.

It was the unanimous opinion of those present that Lahaina is only a second rate town and it was impolitic as well as a great injustice to Wailuku, that the proposed move should ever be consummated, and that it was even rank folly that the move was ever proposed. Central and east Maui comprise the greater portion of the second senatorial district. It contains the majority of the voting population besides the wealth of Maui are centered in central and east Maui.

The committee hearing the resolution passed at the mass meeting will use their best endeavors to convince the legislators of the undoubted claims of Wailuku for a county seat and will likewise show to them the great disadvantage that will be imposed upon the larger portion of the people of Maui by creating Lahaina the county seat, at the same time they are fully aware of the efforts that will be made in behalf of Lahaina.

Anniversary 32  
Y.M.C.A. Founding

The thirty-second anniversary of the founding of the Y. M. C. A. at Honolulu will be celebrated at the Association building Tuesday night. Remarks will be heard from the different departments. T. Rein Walker will make an address upon Association work.

Mr. Walker will soon leave for Europe and his speech upon this occasion will be in the nature of a farewell to his friends and associates in Honolulu. The musical features of the evening will be of the best. Mr. Elston and Mrs. Tenny-Peck have consented to take part.

The general public is cordially invited to be present.

TO EXTEND ELECTRIC  
LINE TO WAILALAE

Agreement has been reached between Gear, Lansing & Co. and the Rapid Transit & Land Company by which the latter company is to extend their electric street railway from Wilder avenue on Beretania or K'g streets this side of Punahou.

The track will terminate at the cemetery site of 50 acres, which has been approved by the Board of Health.

LARGE SUM OF MONEY  
STOLEN FROM TRUNK

Last evening between 11 and 12 o'clock a trunk belonging to Private O'Donnell of Camp McKinley and containing \$200 in gold coin was stolen from the mess room.

O'Donnell put the money in his trunk yesterday and several of his companions knew of it. When he went on guard last night the trunk and its contents were intact. When he returned he found the trunk gone. Search was made and the trunk was found about a quarter of a mile from the barracks. It had been broken open and rifled of its contents.

A soldier named Cook was arrested on suspicion of knowing something of the robbery and is in the guard house at Camp McKinley awaiting investigation. The matter is now in the hands of the local police.

LIGHT DAY IN COURT.

A short session of court was held by Judge Gear this morning.

In the case of A. S. Cleghorn, administrator for the estate of Antonio Phillips vs. W. R. Castle, the court gives the defendant ten days within which to convey the title to land in controversy or to pay the sum of \$1900.

In the suit of the Kot On Fui Kon Society vs. Gnan Chong, demurrer was argued this morning by F. E. Thompson for defendant and S. M. Ballou for plaintiff. The subject was taken under consideration by Judge Gear.

Cases set for hearing at chambers before Judge Humphreys Monday are: Estate of Molly H. Kapu, petition of administrator for discharge; petition for appointment of trustee in the estate of A. Jaeger; master's report on guardian's accounts in re the Richardson minors; petition for administrator in the estate of George Melms; report on final accounts in the estate of Ou Kee.

KONA COURT TERM

Hilo, April 19.--The April term of the Third Circuit Court was held at Kailua from the third to the tenth days of the present month. Owing to the special term of the First Circuit Court Carl S. Smith was commissioned to prosecute the criminal cases instead of Mr. Cathcart. Only one criminal case reached the jury, the five other cases on the calendar believing that a plea of guilty would be attended with fewer years at hard labor.

The jury found Kahoalii, a Mormon elder of Kau, guilty of the crime of incest. He will devote six years to government work. Two native boys of Waimea pleaded guilty to the charge of robbery and got two years imprisonment. A native from South Kona pleaded guilty to rape and was sentenced to three years. Another native pleaded guilty to an indictment for malicious injury and was fined \$5. A Portuguese boy admitted stealing nine pieces of tongue and groove from M. F. Scott and for the offense donates \$10 toward paying the next appropriation bill.

Most of the civil cases were for the recovery of land and were either continued for the term or transferred to the First Circuit. The case of Scott vs. Sakala was in evidence as usual. This action has now become famous in our judicial history. The miscarriage of the defendant occurred in 1892 and in one term or another the matter has been in the District Circuit, or Supreme Court twenty times.--Tribune.

COUNTY BILL  
THIRD READING

House Loses Valuable  
Time in Fixing  
Minutes.

HOOGS WOULD MOVE  
KAUAI TOWN SITES

Senator Crabbe's G. A. R. Bill Signed  
by the Governor--Members Will  
Work This Afternoon to  
Finish Bill.

The House was an hour late in convening this morning, owing to the journal being locked up in Stenographer Avery's office.

The minutes were objected to, because they stated that the proposed amendment to the County bill, changing the county seat of Kauai from Lihue to Waimea was carried, while the vote of the House was to the contrary. No proof was found for this, even after examining the stenographer's notes, so that the vote was reconsidered and resulted as follows: Lihue 13, Waimea 15.

Considerable discussion was brought forth, so that to expedite matters, Hoogs moved to move Waimea over to Lihue. The minutes were thus approved.

A message was then received from the Secretary of the Territory, stating that the Governor had signed Act 4, prohibiting the illegal wearing of G. A. R. buttons.

On motion of Beckley the order of the day was then taken up, and the County bill came up for third reading. After getting about a third of the way through the bill, Makekua moved to take a recess until 1:30 o'clock. Carried.

BASEBALL TO BEGIN.

The first baseball game of the season has been practically arranged for next Saturday afternoon between the Y. M. C. A. baseball faction and the Oahu College ball tossers. Final arrangements have not been made as yet, but the game is as good as decided upon.

The College aggregation has been shaken up considerably. A Marcellino is holding down the first bag, while Meyers has been moved in on the receiving end of the battery. Perry and Castle are doing the twirling. Hapal has been transferred to the left suburb and the team changed around generally.

BOYS' BRIGADE PATRONESSES.

The committee which has undertaken the job of choosing the lady patronesses for the Boys' Brigade entertainment at the drill shed May 25, are having a hard time. They have too much talent from which to make selections. The patronesses so far picked out have gladly consented to serve and will take hold of the proposition with enthusiasm.

The Quintet Club plays at the Hawaiian hotel dinner tonight. There will be dancing during the evening.

Seven room mosquito proof house with stables, \$25 per month. See To Let column.

 William C. Cummings petitions the Circuit Court to be appointed guardian of Esther, Parker, Jonah B., Edward and Ernest Cummings, minors.  
 Petition for allowance of accounts, final distribution and discharge has been filed by J. M. Monsarrat, administrator in the estate of Kipi (w).  
 The Literary Circle of the Kiloohana Art League will give an At Home next Saturday afternoon. Edgar Newcomb will act as lecturer and will deal with Gauguain's work.  
 Art in job printing is required nowadays by every up to date business house. The work turned out by the Bulletin Publishing Co. is preeminently artistic and up to date.  
 The HONOLULU PHOTO SUPPLY CO. are offering free instruction in photography to their patrons. This enterprising firm well deserve the success with which their efforts have been rewarded.  
 The usual band concert will take place in Emma Square this afternoon. Sunday afternoon's concert will be on the Capitol grounds. Excellent programs for both occasions have been arranged.  
 Those wishing reliable horses, experienced drivers, new rigs, fair prices and courteous treatment should call at the Territory Stables. Their telephone number is Main 35. They deliver and call for rigs free of charge.  
 People who have called at the Post Office recently after extra box keys have found that there were none there. It seems that the department has been expecting keys from Washington for weeks past but none have turned up so far.  
 Rev. W. M. Kincaid will occupy the Central Union church pulpit at the morning service. His subject will be "Charity of Judgment." Rev. W. H. Rice will preach in the evening on "Some Lessons from the Garden of Eden."  
 Lovers of stylish and up-to-date vehicles should call and see the new shipment of basket seat buggies. Mr. G. Schuman has added to his large variety. They are on display at his repository on Merchant street, between Fort and Alakea.  
 The whiskey of the White Horse Cellar is the same old blend of the coaching days and is made from the recipe of 1746. It has won its way to the top by honest value and great age. Hoffschlager Co., Ltd., are the sole importers of this celebrated brand.  
 The R. P. Rithet, Helene and Planter all left San Francisco on the same day for this port. The Planter arrived Thursday, making the run in twelve days. The Helene and Rithet arrived within a few hours of each other yesterday, the Helene getting into the harbor first.  
 Mrs. Lesh Dallinger, by her attorney W. W. Thayer, has filed a motion in the Circuit Court asking that J. A. Magoon, administrator of the estate of B. E. Steigmann be ordered to show cause why he should not pay the plaintiff as guardian of the Steigmann children such sum as the Court may approve, for the support of the children.  
 There was a very pleasant social by the Y. P. S. C. E. in the parlors of Central Union church last evening. A well carried out musical and literary program was given. Great credit is due Miss Forbes for her good work as chairman of the committee on arrangements.  
 Those who look part in the program were as follows: Miss Iola E. Barber, violin; Mr. and Miss Frazier, mandolins; Miss Rice, Miss Halstead and Mr. Dougherty, vocalists; The Kamehameha Glee Club sang a couple of songs. Miss M. Huff was the eloquent hostess of the evening. At the conclusion of the service, a light lunch was served.

**White Makes Report**  
 At Friday morning's session of the Senate, the following important report by Mr. White for the majority of the Judiciary Committee on "An Act to provide for filing, foreclosing, limitation and priority of chattel mortgages," was presented:  
 Your committee believes that all questions of credit and security are delicate matters and should be treated with great care. With that belief, the bill under consideration has been treated. Your committee finds; that there is now no law upon the Statute books of Hawaii covering the subject of this bill by which the honest creditor and the honest debtor are alike protected in pledging personal property as security for the payment of a debt, thereby allowing shylock creditors to defraud and rob helpless debtors by taking the law for rather want of law into their hands.  
 This bill, if enacted, will allow the creditor to take what legally belongs to him, principal, interest and costs, but will allow him to take no more. If the debtor is so unfortunate as to be in default of payment this law would protect him to the extent that the property mortgaged should be sold at public auction after due notice and if such resulted in a greater sum than enough to pay the debt, he would be entitled to receive the surplus. This is true as to real estate mortgages. Why should it not be true as to personal property mortgages.  
 Section 1 provides, and the courts generally hold, that a chattel mortgage, although duly executed and delivered, admits of the presumption that it is fraudulent unless it is either, followed by an actual and continued change of possession or that it is filed and indexed upon the public records as notice to subsequent mortgages, purchasers and other creditors. Without this provision, a chattel mortgage can be made a cloak for fraud and conspiracy. With this provision it serves all honest purposes and prevents bogus mortgages being held to cover personal property in fraud of subsequent creditors in good faith.  
 Section 2 proceeds upon the presumption that county government will soon be an accomplished fact. If this Territory is really a part of the United States, no other presumption is admissible; but should county government fail to materialize at this session, it would only render this law imperative until such time as counties shall be duly organized when it would go into force and effect.  
 Section 3 properly makes the life of the mortgage two years with the privilege of one year's extension upon cause shown by affidavit of the mortgagee. The nature of personal property is such that a mortgage thereon for a long or unreasonable period is presumptive of fraud and collusion as against subsequent purchasers or creditors.  
 All the other sections have been carefully considered and throughout your committee finds that the bill has been carefully drawn to protect the honest creditor and honest debtor alike in all honest transactions, and that the doors have been as carefully closed against fraud and collusion. By thus protecting both debtor and creditor in lawful transactions it enhances the value of personal property as security (which is generally the only class of security the poor man has to offer) without fear of extortion and confiscation, which now prevails.  
 This bill also protects the mortgagee from fraud upon the part of the mortgagor. Section 4 provides a punishment by fine or imprisonment or both in case the mortgagor seeks to defraud the mortgagee.  
 In view of the great necessity of such a law, your committee recommends the passage of the bill.

**OUR HOBBY Good Dressmaking**

Some women cannot understand why a dress "gets old" so quickly—looks pretty in the store and at first or second wearing "then it's a rag." That comes of poor making. If the shape and charm of a costume are produced by proper lines in cutting and proper sewing (we call it tailoring, all through), it will hold its good looks. But even a poorly cut and made dress can be ironed into shape. Trouble is, the shape does not stay—and the dress soon "looks old."

Many Dressmaking Establishments make many dresses and wraps, but a very few monopolize the trade of careful work—and one must lead them all. Which? Measured by business—**SACHS' DRY GOODS CO.**

History has shown that J. A. McCandless in the Legislature is the leader of all attacks on the proved incompetence of W. E. Rowell.

Larry Thurston's hog bladder wicker continues to hang on the flag end like the clown of the circus. Its last effort at apologizing for endeavoring to keep Hawaiian-Americans out of the Republican party is futile indeed.

Now it is said that John E. Bush is slated for Superintendent of Public Works. As between McCandless and Bush, it is six of one and half a dozen of the other. Jim Boyd does all the work and at the head of the department looks wise.

Honolulu Elks have made a splendid start in upholding the national reputation of their order as one of the leading social and benevolent organizations. This latest addition to the fraternal orders of the city enters the field with brightest prospects.

The Advertiser always did have a particular interest in the free lunch counter. The pap fed to it by Chief Justice Frear before he called for bids on the Supreme Court printing contract, is merely one of a host of instances where government funds have been devoured with bestial avarice.

Reposing peacefully in some Senatorial pigeon hole is a bill introduced by Senator Cecil Brown providing for a Territorial bond issue not to exceed \$1,948,000. If this Legislature intends to do anything to carry on the public work of the Territory, it will have to exert more energy to bring this measure to the front than has thus far been displayed.

Tom Johnson's aspirations for Democratic leadership in 1901 on his single tax and three-cent fare platform shows which way the tide is turning. It was not so very long ago that even the aspiration would serve as nothing more than a laughing stock. Now Johnson is able to smash a Republican majority of Cleveland, O., into smithereens, and when he sets his mark for Presidential honors the people take him seriously.

Legislators of the old Puritanical State of Massachusetts are endeavoring to pass a law providing that citizens may hereafter on the Sabbath day indulge in "such quiet and harmless games and recreation not otherwise forbidden by law, as do not infringe on the public rights or disturb the public peace or worship." This new proposal is unquestionably in keeping with the actual observance of the present law, but the appearance of the words "games" and "recreation" in the statutes is sufficient to cause the old fathers of the hamlet to turn in their graves.

The slide play on the confirmation of the Governor's appointments is becoming one of the most interesting features in the closing days of the legislative session. What the majority party expects to gain by continued delay will be known only when final action is taken and the balance sheet gone over. It seems impossible that the independent leaders seriously anticipate that any sweeping slate made by them will be accepted by the Governor. The appointments should be dealt with on the broad ground of the proved competence or incompetence of the officers whom the Governor has called to positions of trust. Incompetence should not be upheld even at the price of an extension of the legislative session. Competent men ought not to be turned down to satisfy the demand for slaughter always existing between opposing political parties.

Minister Conger's turning aside from a discussion of the serious diplomatic affairs in the Orient to talk about some of his old friends in the cross roads towns of Iowa is highly characteristic of American political and official life. One can hardly imagine a diplomatic representative of a European country interspersing his conversation with inquiries for Bill Smith or Tom Jones. Conger, like all leading Americans, is a hard headed, hard working honest man of the people, with little regard for the hummeries of official station or social life. He is at home among the plain people and their interests are his. Yet this man has been the leading factor in the peaceful settlement of Ohio's affairs, standing on an equality and at times head and shoulders above the trained diplomatic schemes of Roosevelt. It is honest common sense that carries the day and this is a product which the country towns of the United States are turning out in quantity sufficient to keep all Europe guessing.

UNDERGROUND WIRES AND THE STREETS.

Whether Representative Hoops' great and good friend McCandless opposes his underground electric wire bill or not, this measure ought never to be allowed to become a law.

Honolulu has had sufficient experience in having its streets ripped up to warrant legislation that will call a halt rather than add to the miserable conditions now existing. Between the sewer connections and the Rapid Transit operations the decent streets of the city have been reduced to a minimum. Carriage repairers may view the situation complacently. No one else can.

The sewer contract demanded that where excavations were made, the road bed should be returned in its original condition. When this is not done, the citizens are told by the experts of the Public Works department that it is impossible to overcome the damage done by the lateral trenches without complete reconstruction of the whole street. And the street remains a cesspool noted for its lateral gulches.

The Rapid Transit franchise requires that the company shall keep the street for a specified distance on either side of its tracks in proper repair. New street grades have been established and Rapid Transit tracks laid. In many places these tracks loom up above the actual street level, like a mountain ridge in a rocky plain. Doubtless the Transit people have followed orders. The results, for which the Public Works department must stand sponsor, are streets all but impassible.

Now comes the underground electric wire bill authorizing any company, with a specified electrical equipment, to drive their plows through the streets, rip up the pavement or whatever apology for a pavement may exist. In order to construct underground wire conduits, the bill is an infamous one in that it favors large corporations and shuts out any small concerns. But from the street standpoint alone it ought to be killed.

There are now two companies that could take advantage of the privileges intended to grant—the Automobile company and the Hawaiian Electric company. It is not likely these companies will take the same time for laying their underground conduits. Between these two concerns the street railway companies and the proved incompetence of the Public Works department, our streets will be nothing more than rock piles during the life of the present generation.

The construction of an underground conduit for all wires is a most commendable public work, but it should be carried on and controlled by the government, giving all electrical or telephone companies a fair field and no favor and allowing the streets a fair chance for decent existence.

This business of turning the streets over to contending corporations has gone altogether too far. To make the Hoops bill a law merely adds insult to present injury that will cost the city thousands of dollars to repair.

The value of life insurance was brought out in marked prominence when the estate of the late Elijah Kellogg came before the courts. Kellogg was known throughout the United States as author of a series of most popular boys' books and the prevaunt opinion was that he had secured an ample financial return. Yet the balance sheet of his estate shows that his life insurance policy paid him better than his whole life work as an author. The Mutual Company was organized in 1842. In 1844 Mr. Kellogg took out a \$500 policy. For years the earnings of the policy more than paid the premiums and on Mr. Kellogg's death his heirs received \$1800 on this investment. It isn't often that the most enthusiastic agents can point to such evidences of life insurance values. It is also stated that Kellogg's policy is one of the oldest on record.

SEARCH FOR A SPONSOR.

Governor Nash of Ohio is experiencing some difficulty in getting a god-mother for the battleship Ohio. Some time ago he proffered the honor of breaking the bottle of champagne over the bow of the ship to Miss Ruth Hanna, but Senator Hanna positively declined to allow her to accept. Miss Mary Barber and Miss Grace McKinley were both considered, but it was intimated to the Governor that the President, for obvious reasons, did not wish any member of his family to be selected. The daughters of Senator Foraker were then suggested, but the Forakers refused to accept an honor which had been declined by so many previously. Up to the present no one of sufficient political or social prominence has been found willing to stand sponsor for the Ohio, and the question is becoming almost as embarrassing to Governor Nash, through lack of material, as it was to Governor Bradley of Kentucky through a surplus.

Merchants' Association Matters.

At the meeting of the Merchants' Association yesterday afternoon, the proposition of Fred Terrill to advertise Hawaii on the Mainland was laid on the table. There was a feeling among the merchants that other more important matters demanded their attention. The license tax bill pending in the Senate was discussed. A committee with power to employ legal counsel will keep track of the license measure. Several of the business men spoke in opposition to that method of raising revenue.

Messrs. Auerbach, White and Diamond were appointed a committee of three to revise the charter and complete it according to legal requirements.

TOM JOHNSON AND HIS SINGLE TAX PLAN

Cleveland, O., April 2.—The most remarkable majority fight ever waged in Cleveland has resulted in the election of Former Congressman Tom L. Johnson on a platform of 3-cent fare and single tax. The campaign was one of the greatest bitterness, during which Johnson showed himself to be an ideal campaigner, and at the climax of which he caused the arrest of the president, editor-in-chief and city editor of the Cleveland Leader on a charge of criminal libel, based on the publication of an affidavit of a man who said Johnson had given him \$500.

Johnson overcame a normal Republican majority of 8,000 and 160 precincts out of the 182 in the city indicate at midnight a majority of 5,200, the greatest ever given a Democratic majority candidate. Aside from this the Republican ticket is elected.

Three-cent fare won for Johnson, and this indicates that future elections in other cities will be fought on the street railway question. In the closing days of the campaign Tom's brother, Al Johnson of New York, came here and took the stump, and his speeches added to Johnson's strength. He said that 3 cents was enough for a street car fare. Johnson's victory is of national importance, for it is known that he intends to follow it with a fight for the governorship of the State with the seat of Senator Foraker as the next thing. He is also credited with an ambition to run for President of the United States on a single tax platform.

His present great wealth, he says, is all that he wants from the world in the way of money, and he has avowed in his speeches that he intended to devote the remainder of his life to the uplifting and bettering of humanity with 3-cent fares and single tax.

"Does you want to see de president of de road?" queried the colored man who sat in a chair at the head of the stairs.

"Yes; he's the man I want to see," replied the caller.

"'Bout a pass or sumthin'?" "About buying on the road for \$50,000,000. Can you attend to the business for me?"

"I spects I could sah, but dis bein' my second day yere an' 'bels' I ain't feelin' powerful well, perhaps you'd better see de president hisself—right down de hall an' second doah to de left sah."—Chicago News.

She—Don't let people know we are on our honeymoon, dearest. He—Very well. You carry the portmanteau.—Tit-Bits.
