Dynamite Explodes At Kahului

Pilot Bob English Dies From Injuries

[By Wireless Telegraph.]
PAIA, Maui, June 15.—An explosion of giant powder in Kahului Bay at 8 o'clock this morning seriously injured Pilot Bob English and gave other occupants of the boat a very narrow escape.
The boat in which the explosion occurred carried Bob English, Superintendent Filler, Kruger and Uai Napoleon. The cause of the explosion is not known. English was severely injured about the face and body. Kruger was injured about the legs. Filler and Napoleon, the other occupants of the boat, escaped unhurt.
The explosion attracted attention from the shore and assistance was promptly rendered. Bob English was taken to the hospital, where his wounds were dressed. He is resting as easily as could be expected.
LATER.—Bob English died of his injuries shortly after noon today.

How Lawmakers Will Line Up On Friday Next

The Senate and House baseball game for Friday afternoon is creating all manner of excitement up at the Capitol building and at other places about town. The men in charge of the affair are expecting to take in at least \$300 for the poor unfortunates at the leper settlement.
Treasurer Kepoikal was to have been the keeper of the gate but he is leaving in the Claudine for Maui this afternoon and there is a movement on hand to have him pay a fine for deserting his post at this critical stage.
There is a kick against the make-up of the Senate team. The House insists that every position should be filled by a Senator. As it is, the Senate has four of its officers scheduled for position. The House could very easily select Yates, its messenger, to fill short, a position which he recently held on a Maui team, but the manager, Mr. Knudsen, has decided to put a Representative in every position.
The teams as agreed on are as follows:
Senate—Prince Jonah Kaimanawa, c; Senator Palmer P. Woods, p; President C. L. Crabbe, 1b; Senator L. L. McCandless, 2b; E. Crawford (interpreter), 3b; Senator Achi, ss; Holl Thornton (sergeant-at-arms), rf; Wm. Savidge (clerk), cf; D. Kama (messenger), lf; Senators Dickey and Cecil Brown, substitutes.
House—Frank Andrade, cf; D. Damien, lf; Carlos Long, c; S. E. Kalama, rf; S. Kellinoh, p; E. A. Knud-

ARE ELLIS WIVES PARTIES TO CASE?

Mr. Sumner's Imprisoned Cash Argued Over Once Again.

BISHOP ELECT OF ZEUGMA HAS NO FURTHER CLAIM

SUPREME COURT LISTENS TO ATTORNEYS HUMPHREYS, DAVIS AND MAGOON ALL THE MORNING.

The tied-up financial affairs of John K. Sumner, whose case in court is gradually obtaining universal fame, were once more brought up for ventilation this morning, this time before the Supreme Court for further argument as to whether the wives and children of the Ellises, and St. Louis College, are necessary parties to the case.
John K. Sumner was not in court. "Now comes the Rt. Rev. Albert, Vicar Apostolic and Lord Bishop-elect of Zeugma and head of the Roman Catholic Church in Hawaii, and head of the St. Louis College in Honolulu, and submits the interests of said church and said college to the determination of this court in the above entitled matter."
"And in consideration of the payment of ten thousand dollars heretofore made, to the said Robert by said Sumner, does hereby release unto John K. Sumner all right of the said church and said college in and to the trust fund and property described in deed of trust in the above matter, made by John K. Sumner, and in and to the will made by said Sumner."
"his morning attorneys Geo. A. Davis and J. A. Magoon, representing John K. Sumner, filed the above submission and release in the Supreme Court. Attorney Magoon read the submission, finding it difficult to pronounce the word "Zeugma."
While Attorney Humphreys made no objection to the filing of the submission, he drew the attention of the court to certain technical grounds for objection, one of which was that a purported release by the Bishop-elect was not as good as it might be. The Bishop had not yet been consecrated and there was a question of agency involved.
Attorney Davis started to answer Humphreys' objection that was not an objection, when the Court reminded him that since Humphreys had made no objection the submission would be received for what it was worth.
Davis said Humphreys had raised a technical point and he wanted to answer it.
Humphreys declared his remarks were but "Words, words, idle words!" Davis sat down remarking that he sometimes liked to indulge in that pastime, too.
Attorney Humphreys then began his argument with a dozen or so law books handy for reference. Numerous attorneys, other than those engaged in the case, were present to

Lihue Wins In Baseball Games

Purser Friel of the steamer Mikahala brings the report of the outcome of the polo and baseball games which were played at Kapaa, Kauai, during the 11th of June celebration there. Both games were played on the Kapaa race track. In both, the Lihue teams wrested the victory from their opponents, the Kealia teams.
In the polo game the line-up of the teams was as follows:
Kealia—R. Spalding, 1; K. Lovell, 2; J. Kawai, 3; J. Spaulding, 4.
Lihue—P. Malino, 1; J. Malino, 2; Chas. Rice, 3; A. Rice, 4.
The principal feature of this game is said to have been the excellent playing of the Rice boys, who showed themselves as past masters in horsemanship as well as in knowledge of the game.
The Lihue team won the game by a score of 6 against the Kealia team's 4.
In the baseball game the Lihue team defeated the Kealia team by a score of 33 to 9.

E. C. Winston Said To Have Committee Support

E. C. Winston is said to have the almost unanimous endorsement of the Republican Executive Committee for appointment to the position of Superintendent of Public Works. This statement was made on the street this morning though the session of the committee was supposed to be secret.
There is said to be an element working against Winston in the committee and out of it on the basis that his supporters are from the old so-called Boyd ring. This opposition element is for Eben Low or E. R. Adams. It is understood that Senator Crabbe is an enthusiastic supporter of Winston and is using every endeavor to make his appointment certain. Present indications point to a possibility that Winston may be the only man who can be confirmed by the Senate. It is also said that some members of the Republican committee are working to influence superintendent Cooper to reconsider his resignation.
The case of Ulysses Harris, charged with cruelty to animals, came up in the Police Court this morning but was continued until tomorrow. It is alleged that Harris some time ago drove to death a valuable horse belonging to the Club stables.

A CLOSE VOTE IN THE HOUSE TODAY

On Motion to Adopt Report of East Hawaii.

CHAIRMAN ANDRADE CAST DECIDING VOTE

LOAN BILL TOOK UP TIME OF FORENOON SESSION—COMMITTEE TAKES RECESS UNTIL 2.
HOUSE.
Extra Session.
Thirty-ninth Day.
After the reading of the minutes, the House went into Committee of the Whole for the consideration of the Loan Bill. Mr. Lewis presented the report of the East Hawaii delegation, submitting the various items agreed upon. The total amount was \$223,000 and the pro rata, \$223,293.12, so that there is \$203.12 remaining. The various items going to make up the total given above have already been printed in this paper.
The Maui men were most anxious that their report should be adopted and they made a good fight for it, as will be seen by the result of the vote which is given later. Messrs. Beckley, Kalama and Kellinoh took the lead in working for the adoption of the report of the East Hawaii men in order that they might expect these to vote in favor of their own report. Had they secured one more vote, they could have been safe, but the Oahu men voted almost solidly against adoption and a number of the Hawaii men did the same.
Quick Change of Seats.
Mr. Andrade called Mr. Pall to the chair because he had something to say on the fight Maui was making to get the report of East Hawaii adopted in order to open the door for the adoption of the Maui report. Mr. Pall had somewhat to say himself and he called Mr. Harris to the chair. Mr. Harris, in his turn, began to get uneasy and called Mr. Kealawa to the chair in order that he might have a chance to make a plea.
Unfair to Oahu.
Mr. Harris contended that the reports should not be adopted at once, since it would be unfair to Oahu. The Territorial items should be decided on first in order that the amount left over could be properly apportioned. If the Maui and Hawaii reports were adopted and the Territorial items ran higher than in the original bill, where would Oahu get off?

RESOLVE BODIES FROM THE HEPPNER WRECK

[Associated Press Special Cable.]
HEPPNER, Ore., June 16.—Survivors and volunteers from adjoining towns have been at work night and day in the midst of the ruin wrought in Heppner by yesterday's cloudburst. Houses and business buildings in the path of the flood were so completely wrecked that the rescue of bodies is necessarily slow. Thus far forty bodies have been buried. As complete a census of the town as possible has been made. This shows that fully 150 persons are missing.

SALARIES DISCUSSED

SUPERINTENDENT McVEIGH IS HIGHLY COMPLIMENTED

NO ASSISTANT PHYSICIAN AT MOLOKAI SETTLEMENT—GOVERNMENT DOCTORS NOW UP.

HOUSE.

Extra Session.

Thirty-seventh Day.

Afternoon Session.

The six months' salaries bill was taken up by the House at the afternoon session yesterday. School salaries were the first considered. Committee reported that school teachers are paid according to schedule based on character of certificate and length of service. In this way all were on an equal footing. Confusion would result if the money was divided between counties on islands. Committee recommended that the item pass at \$162,500, as in the bill.

Representatives Nakaleka, Kou and Kealawa favorably reported at \$5000, as in the bill, from the committee on assistants in the new Agriculture Bureau; Representatives Kellinoli and Knudsen wanted the amount increased to \$6000. Beckley thought \$6000 was needed and would be well used. He amended, allowing for a ranger for Molokai at \$450, the original schedule, only providing Forester and Assistant, \$900; ranger Oahu, \$450; two rangers Hawaii, \$900; ranger Kauai, \$450; ranger Maui, \$450; nurseryman and gardener, \$510; ten laborers, \$1200; wagon driver, \$132.

The item was passed at \$6000. A report favoring increase to \$32,580 was made by the salaries for Fire Department Committee, apportionment as follows: Chief Engineer, \$1200; assistant chief, \$750; relief driver, \$480; hydrant man, \$480; secretary, \$150; seven foremen, \$3570; thirteen drivers, \$6240; four stokers, \$1560; twenty-eight hosemen, \$10,920; pipemen, \$780; five watchboys, \$900; five truckmen, \$1800; five engineers, \$3750.

New Engine Company No. 4 and the Hook and Ladder Company necessitated the increase of \$1179. The report was adopted.

Item for Sanitary Inspectors, Honolulu, \$7200, was taken up and passed at that figure. This was recommended by the Chamber of Commerce. Hala was not ready to report on Fish Inspection. Pay of inspectors outside of Honolulu, \$14440, passed as in the bill.

Items recommended by the committee for pay of police, Hawaii, for the six months, were as follows: South Hilo—2 captains, \$1200; 2 lieutenants, \$720; 8 police, \$2400; 2 police Oahu, \$600; 1 Portuguese, Chinese, Japanese and Porto Rican officer, \$300 each; 2 Station Clerks, \$720; 2 mounted police, \$1080; total \$7920. North Hilo—Captains, \$300, 3 police, \$720. Hamakua—Captains, \$360; 4 police, \$1980. North Kohala—Captains, \$360; 4 police, \$960; 2 police, \$360. South Kohala—2 police, \$720. North Kona—Captains, \$360; 5 police, \$1800. South Kona—Captains, \$360, 4 police, \$960. Kau—Captains, \$360; 4 police, \$960. Puna—Captains, \$300; 4 police, \$960.

It was recommended by the committee that \$2400 be inserted among inci-

dentals—telephones, \$1140 and transportation of prisoners, \$1260. This report was adopted.

The Oahu police report, read in morning session, was called up by Vida and adopted. Increase from \$51,000 to \$60,000 was due to the eight hour law, making more men necessary. Vida moved to insert \$4,500 for ten lunas. This was adopted unanimously.

Superintendent McVeigh of the leper settlement was highly complimented by the committee on segregation of lepers, pay roll, \$15,870, which reported in favor of increasing to \$16,280. Committee said McVeigh's salary should be raised to \$250 per month and that an experienced butcher at \$60 be engaged. Salary schedule was as follows: Superintendent, \$225; resident physician, \$250; assistant physician, \$150; 4 Sisters, \$80; 4 Brothers, \$80; keeper receiving station, \$50; officer for lepers, \$80; pay roll, \$1700.

Kaniho objected to an assistant physician, saying he only treated minor cases and left leprosy alone. Beckley also opposed, objecting to a student just out of college experimenting on lepers. After a long discussion the minority report was adopted, dropping assistant physician and decreasing the total to \$15,480.

Government physicians' Committee submitted their report, majority favoring the list as at present under the Board of Health's payroll. The Kona doctor called for much discussion. Wright thought the South Kona doctor should have \$100 and the North Kona physician \$60, instead of two salaries of \$60 each as at present, one man drawing both. Hala wanted salary of Hana doctor increased to \$125, from \$90. Beckley wanted the Molokai physician to get \$125.

Here the committee rose and reported progress and the House adjourned until this morning.

DROPSY

Do Your Ankles or Limbs Swell? Are Your Eyes Puffy? We are the Sole Agents for the Only Thing Known That Cures the Kidney Diseases That Cause Dropsy, viz.: Fulton Compounds.

It is now well known that dropsy is not in itself a disease, but is merely always a symptom of kidney disease that accompanies the chronic stages heretofore incurable. Hence, up to the discovery of the Fulton Compounds, dropsy was incurable. It is now, however, curable in nearly nine-tenths of all cases. Here is an interesting recovery, to which we refer by permission.

Mrs. Peter Goyhenix of 908 Filmore street, San Francisco, became alarmingly dropsical. Her physician had finally to tap her every few days. She was tapped nearly forty times and grew worse from day to day. The physician finally said her husband that she had Bright's Disease of the Kidneys, that it was in an advanced chronic state and beyond medical aid. Her husband always had the usual trouble and she was in such a serious condition the relative were sent for. They put her on Fulton's Compound. It stayed on the stomach, the first thing that had done so for a week. The second week the dropsy declined a little and the improvement was then gradual till her recovery was complete. This case was examined into by representatives of the San Francisco Star and the Overseas Monthly, and the genuineness of the case and the recovery were fully attested in their columns.

Mrs. Thomas Christ of 408 Twenty-seventh street, San Francisco, was also swollen with dropsy, as the result of chronic kidney disease, so more than seventy-five pounds beyond her normal weight, and had to be moved in sheets and was close to death's door although she had four physicians. She was put on the Fulton Compounds. Three weeks showed improvement and in six months she was well, and permits this reference.

If you have dropsy don't temporize. There is only one thing known that will cure the chronic kidney disease that is behind it and that is Fulton's Compound. The Royal Compound for Bright's and Kidney Diseases, \$1. for libarettes, \$1.50. John J. Fulton, Co., 49 Washington street, San Francisco, sole compounders for pamphlet. We are the sole agents for this city.

Dr. Shoop's RHEUMATIC CURE COST NOTHING IF IT FAILS.

Any honest person who suffers from Rheumatism is welcome to this offer. I am a specialist in Rheumatism, and have treated more cases than any other physician, I think. For 15 years I made 2,000 experiments with different drugs, testing all known remedies while searching the world for something better. Nine years ago I found a costly chemical in Germany which with my previous discoveries, gives me a certain cure.

I don't mean that it can turn bony joints into flesh again; but it can cure the disease at any stage, completely and forever. I have done it fully 100,000 times.

I know this so well that I will furnish my remedy on trial. Simply write me a postal for my book on Rheumatism, and I will mail you an order on your druggist for six bottles Dr. Shoop's Rheumatic Cure. Take it for a month at my risk. If it succeeds, the cost is only \$5.50. If it fails, I will pay the druggist myself—and your mere word shall decide it.

I mean that exactly. If you say the results are not what I claim, I don't expect a penny from you.

I have no samples. Any mere sample that can affect chronic Rheumatism must be drugged to the verge of danger. I use no such drugs, and it is folly to take them. You must get the disease out of the blood.

My remedy does that even in the most difficult, obstinate cases. It has cured the oldest cases that I ever met. And in all my experience—in all my 2,000 tests—I never found another remedy that would cure one chronic case in ten.

Write me and I will send you the order. Try my remedy for a month, as it can't harm you, anyway. It falls if it is free.

Address Dr. Shoop, Box 331, Racine, Wis.

Mild cases, not chronic, are often cured by one or two bottles. At all druggists.

Pass the Conference

Much work was accomplished by the Conference Committee on the House six months' appropriation bill at its first meeting last evening in the Senate chamber. The Senate amendments carried for the most part, notwithstanding disputes on some items. Senator Achi was chairman.

On the item of \$10,000 for reimbursement of the Merchants' Association for J. G. Pratt's expenses and the Hawaiian Fertilizer Co. license refund there was considerable discussion and action was postponed. Item of \$15,000 for advertising the Islands passed as in Senate bill. The House fixed it at \$10,000. The Paradise of the Pacific \$1,250 subsidy, as inserted by Senate, was stricken out. Item of \$30,000 for the St. Louis Fair was agreed to with the amendment of the Senate, striking out "and building." Senate amendments for \$50,000 for repairs to wharves and \$50,000 for dredging Honolulu harbor were finally agreed to. Senate item of \$5,000 for electric lights Punalu was stricken out. Two or three more nights of hard work will probably be necessary to the completion of the bill.

Bartley spoke on the handling of fuel oil and the discussion that followed lasted so long that Mr. Kopke's paper on "Sugar" was postponed until the next meeting.

Mr. Kietz explained the theory of the polariscope. G. H. Gere and C. H. Smith were elected members and J. H. Templeton an associate member.

Herring-Hall-Marvin Safe Co., New York.
Gentlemen:—We thank you very kindly for your prompt attention in sending one of your men to open our safe this morning. We also wish to congratulate you upon the quality of your burglar-proof safe, as the burglars who entered our place must have worked all night and could not open the doors, and left without accomplishing their purpose. When the detectives arrived this morning to inspect the work they claimed it was done by professional crackmen and told us that if it had been a safe of any other make the burglars would have got in by the way they worked on our safe. We thought we would write you this good news, as we consider ourselves fortunate. We will send the door to your factory this afternoon, and kindly see that it is repaired and returned to us as speedily as possible. We remain,
Yours truly,

TUESDAY JUNE 16, 1903.

King Peter the First is not hastening to Belgrade with the speed that suggests hilarious joy at making his home in the house of cutthroats.

The cloud burst had working its way west at a rate that might cause Hawaii's weather man to estimate when it is due to arrive in this section.

Some of our local critics are hard to follow. One day Speaker Beckley, an acknowledged Home Ruler, is spoken of as the best Republican in the House and the next he is condemned to eternal damnation as a Royalist leader.

Among numerous other expectations the new Superintendent of Public Works should not forget that he is expected to continue the good work of Superintendent Cooper in bringing Thomas Square up to the standard of an attractive, well-kept park.

According to the reliable information furnished by the Bulletin correspondent, last week's Home Rule issue at Wailuku was productive of political cement rather than candidates. It furnishes a reminder that it is about time for the Republicans to begin mixing a little mortar on their own account.

Diplomacy is a wonderful carrier for outward courtesies that express anything and everything but true national thought. Diplomacy enables Japan to wine and dine the Russian Minister of war when everybody knows that Japan's greatest pleasure would be found in a declaration that would send Gen. Kuropatkin home to marshal his forces for war.

Opposition to Mr. Winston's candidacy is taking a very remarkable personal turn. Winston is generally recognized in this community as a hard worker and a reliable business man. The fact that he is a candidate for office does not relegate him to the category of hoodlums in the esteem of fair minded citizens. The Bulletin is not offering candidates for Governor Dole's favor, but it is of the opinion that the list presented for the Governor's consideration must be a mighty weak combination if it is found that mudslinging must be adopted to defeat the man endorsed by Republican leaders.

THE LAND PROBLEM.

Opponents of the Federal control of Hawaii's public lands are rapidly arguing themselves into the conviction that the best solution of Hawaii's land problem is administration by Federal authority.

Proof of the pudding is the eating and gauged by this common standard Hawaii's land policy has proved anything but a success. Those most aggressive in their opposition to the Federal land administration are coming a long front with critical recognition of the local failures. The burden of responsibility is placed first on the Commissioner of Public Lands and second on the Legislature. These critics base all around Robin Hood's barn to invent a reason why this land system that has been lauded to the skies does not meet the new demands of the situation.

The fact is that our present land law has been tested and found wanting in those essentials which will attract the purchasers and settlers particularly required for a new line of development or in other words, development on traditional American lines. This is the lesson of experience dating back to the period when Hawaii was administered by what has been termed the "best government on earth." The public land office has been in the hands of another commissioner than the one now criticized. The laws have been open to revision by legislators who come within the limitations of what the present critics call intelligent. Still the land administration of Hawaii is without desired results.

On the other hand this Territory may have at its disposal a Federal land administration that has built up the great western States and created the conditions of land ownership and citizenship which Hawaii needs. Here is a land system that has proved a success. Why search further and fare worse?

The Bulletin is aware that much of the opposition to the Federal land control is due to a fear that lands now occupied by vested interests will be ruthlessly cut up and given to small holders, thus working serious injury to vested capital. This paper does not believe that there is a single in-

stance where the United States government has promoted a policy of destruction. There is absolutely no reason why such a policy should be expected or feared in Federal dealings with this Territory. Federal control of the lands is a practical solution that would advance every interest of the Territory. Inspire greater confidence among the new settlers wanted and place the land question in Hawaii beyond the pale of political manipulation or favoritism. It will protect present industry and create new. That is the sort of policy required to develop the Territory.

THE GOVERNOR'S CHANCE

(Communicated.)

His Excellency Sanford B. Dole, Governor of the Territory of Hawaii, has an excellent opportunity either to strengthen the Republican party or to create a split in its ranks that will leave a handful of Thurston guards in charge of the reles.

By all party rules and precedents the recommendation of the majority of the Republican leaders, in filling the office of Superintendent of Public Works, should be endorsed. Such is the course adopted by the President of the United States and by the Governor of States and Territories. The majority rules. The majority though defeated, and possibly disgruntled, goes away back and sits down.

Among the various candidates for the position to be vacated by Mr. Cooper at the end of this month, there is but one man who has taken any active part in Republican leadership. He represents the Fifth District in Oahu and, during the campaign of last Fall, worked unceasingly and untrudgingly by day and by night whenever called upon. He aided in no small degree in securing the Republican victory of last Fall by many careful and cautious suggestions that brought together all classes of Hawaiian voters, that elected three Republican Senators on this island, that helped to swell the majority for Prince Cupid, and that afforded Governor Dole the opportunity to write to Washington, in a congratulatory vein, that Hawaii was solidly Republican.

Other candidates for the position of Superintendent of Public Works may all be competent and qualified men. But there is nothing on record to show that any one of the three ever lifted a finger to secure one vote for the Republican party. What is needed now, more than at any other time, is added strength and unity, which cannot be secured by the recognition of non-workers and the extirpation of the workers. It is rumored, and indications certainly point to some foundation for the rumor, that an effort is being made to create a secession among the present Republican leaders with a view to the readmission into power of an element that was formerly in control and which has, for some time past, had the itch to once more manipulate the public political pulse, forgetful of that defeat at the primaries which most men would have deemed strong and vigorous enough to have meant permanent political burial.

With at least one man among the present Republican leadership, credited as the manipulator and wire-puller of the old faction—that always has and still does oppose everything tending to party harmony and the progress of the Hawaiians in favor of oligarchical control and manipulation—Governor Dole should be extremely careful in the matter which he now has under consideration. Upon him depends Republican advancement or Republican overthrow. He can build or break.

HOW LAWMAKERS WILL LINE UP

(Continued from Page 1.)

sen. 2b; Jonah Kumalae, as; J. D. Lewis, 1b; Henry Vicks, 3b. Mr. Keelinol expects to go to Maui Friday morning, so that the team will have to be changed about again.

Senator Crabbe is managing the Senate's end and Representative Knudsen is attending to the affairs of the House team.

Several of the Government officials have been asked to officiate as umpire, but they absolutely refuse on the ground that their salaries are now under discussion.

Senator Achi was asked this morning if he had ever handled a ball before and he replied that he had not. "But," said Mr. Achi, "I know what I do. I simply watch a ball and wait till it stops. Then I jump on it, pick it up and roll it where the captain tells me to."

The bats, balls, etc., court plaster, bandages, liniment, etc., will all be donated by firms in town. The balls and bats were promised this morning by various sporting goods houses.

Mr. Woods may be disqualified since he played ball at as late a date as fifteen years ago.

There is a sentiment about the halls of the Capitol building that room should be made for Senator Isenberg somewhere on the Senate team.

There will be no dead-heads. Every man, woman and child must pay. The bets so far are 2 to 1 on the House team.

CARPENTERS' STRIKE

THREE SETS OF MEN HAVE LEFT PETER HIGH

WILL NOT WORK NINE HOURS A DAY — CARPENTERS' UNION LAW STRICT ON THE SUBJECT.

This morning, John Enos, a carpenter, and a member of the Carpenters' Union, gave the history of a little difference which is in existence between Peter High and the Union carpenters here. Up until this morning High had one Union carpenter and several non-Union men employed on a certain piece of work. The men were working nine hours a day.

At the meeting of the Carpenters' Union last night this question was brought up and placed as a charge against the Union carpenter in question. The by-laws of the Carpenters' Union state that no member shall work more than eight hours a day. A breach of this rule is punishable by a fine of \$5 and expulsion from the Union.

The carpenter in question stated, however, in his defense, that Mr. High's foreman had said that during this present week work would only last eight hours a day. The Union therefore decided to suspend action until it was found out whether this promise would be kept or not.

This morning, the Union carpenter went to work. He asked the foreman if work would last only eight hours and was answered that it would last nine hours a day. The foreman further stated that he had never promised it should only last eight. The Union man thereupon promptly picked up his tools and quit. With him his fellow laborers, who were non-Union men, also left their work. Not only these, but also two other gangs of carpenters who were working for Mr. High at two other places quit work as soon as they heard of the affair.

In the Police Court this morning Antonio, alias J. Fernandez, was sentenced to one week's imprisonment for assault and battery. Hallama was sent to prison for one month for larceny in the second degree. Chas. Clemmons, a negro, was fined \$10 and costs for assault and battery on Winnie Parkerson, a colored woman. Ramona Rodriguez was sent to the Reform School for five years on the charge of vagrancy.

Two elderly ladies were sitting in the House gallery in Washington carefully scanning the various members of that body on the floor below. One of them turned to a man next her and inquired: "Could you tell me the name of that patriarchal gentleman there?" "That is General Grosvenor," was the reply. "Grosvenor? Grovener?" the lady exclaimed. "I wonder if it is possible for a man to be as wise as he looks?"

Wiggles—"I don't see where these politicians have any kick coming on this cartoon business." Waggles—"Why?" Wiggles—"Well, I should think that most of them would rather be cartooned than have their undiluted faces printed in the papers.

MILES' LITTLE VISIT. [Manila American.] General Miles paid a visit to the Philippines. He remained a little over a month. It was the first time he had an opportunity of getting any information about the islands for his "interview fund." From recent dispatches he seems to have seen many things which needed fixing. That is what we expected. In 1898, Miles was wanted so badly in Washington that we had to take Manila without him; in 1899, he failed to make the islands in time to prevent the insurrection and all through the years 1900 and 1901 when the insurrection kept us busy here, Miles was obliged to bear his high military honors and worry himself to death over the great disadvantage the army labored under in their quarrel with the Filipinos, because he was not on the ground to direct. But in the latter part of 1902 he found that the Empress Dowager was back in Peking and remembered that he owed her a call. Then there was his old friend, King Edward, whom he had not seen since the Prince paid the Western hemisphere a visit. So he packs his grip and starts out for Peking. Incidentally he drops off to call on his friends in the Philippines and see how badly the job was done without him. Somehow there was not the enthusiasm he expected. No one came round and said "Miles, we're glad to see you. We have been longing for you ever since we ate raw bacon at Cavite." The job's been botched without you. If you'd been here it would have been different and you know it. But not—Every American he met gave him the glad hand but there was no knocking of the Army. He was taken out to the spot where Lawton fell and to other battle grounds of interest and he heard praise for the officers and men of the army in the Philippines. Their achievements, their sacrifices, their gallantry, their generosity were dinned into his ears. And it seemed to him that it must be impossible that all he heard was true, when really, don't you know, the lieutenant general had not even been consulted in the winning of all this glory.

Amounting to \$12,500," are two new bills introduced in the Senate this morning by Senator Cecil Brown.

HOUSE.

(Continued from Page 1.) Report is Tabled. The motion to table was carried by a vote of 14 to 14. Mr. Andrade voted in favor of tabling. The ayes and noes were as follows: Ayes—Messrs. Chillingworth, Damien, Gandall, Greenwell, Harris, Kahi, Kou, Knudsen, Kumalea, Kuphea, Long, Paole, Vida and Wright—14. Noes—Messrs. Fernandez, Hala, Kalama, Kaniho, Kealawa, Kellinohi, Lewis, Nakaleka, Oili, Pali, Pulaa, Purdy and Mr. Speaker—14. Mr. Greenwell reported for the West Hawaii delegation, the total being \$87,294.88, which tallies exactly with the pro rata. Report tabled until the other reports come in. A Long Recess. At this point, the committee took a recess to await the return of Vice Speaker Knudsen, who was expected to hand in the report of the Kauai delegation. The wait was longer than anticipated and at 11:45 o'clock Mr. Knudsen not yet having put in an appearance, Mr. Andrade declared a recess until 2 o'clock. Both Kauai and Oahu will report this afternoon and then will come a tussle over the Territorial items.

VAN GIESEN FUNERAL.

The funeral of J. H. Van Giesen, who for the past ten years has been in the employ of the Police Department, took place yesterday afternoon. Van Giesen died early Sunday morning. The funeral took place at 2 p. m. from the parlors of H. H. Williams. The remains were interred in the Kailua-waena Catholic cemetery. A large number of employees of the Police Department attended. The pallbearers were High Sheriff A. M. Brown, Deputy Sheriff A. McGurn, Chief Clerk H. M. Dow and License Inspector J. Batchelor. The deceased leaves three sons and seven daughters.

HILO COMPANY WENT BY.

The Hilo Company of the N. G. If. marched past the Capitol grounds on their way to the steamer Kinau shortly after 11 o'clock today, headed by the Territorial band and Company "F." The men made a fine appearance and were heartily cheered as they went by the capitol gate. The House of Representatives was in the midst of a recess at the time and nearly all the members and officers ran out to see the boys go by. Over a hundred people collected at the gate from the Capitol and Judiciary buildings.

Hartwell's Brief

IN THE KOREAN

Immigrant Cases

Judge Hartwell, during yesterday afternoon's proceedings in the Korean immigrant case, Berger vs. Bishop, before Judge Estee in the Federal Court, filed his plea in bar, from which the following are extracts:

The replication admits that "a Board purporting to be a Board of Special Inquiry was convened to consider the case of the immigration and importation to the United States . . . of the person mentioned as an alien in the plaintiff's complaint, and that said Board decided that said alien should be allowed to land."

This admission of a decision in favor of the alien by a de facto Board of Special Inquiry is enough to preclude collateral attack upon the legality of the Board.

"The authority of a Judge de facto cannot be called in question collaterally. His title to the office can be considered and determined only in some proceeding instituted for that purpose. Hence the judgment of a de facto court or judge must be respected as valid in all collateral proceedings, though the official term of the person acting as judge had not yet begun, or had terminated, or the statute authorizing him to act or providing the mode of his appointment is unconstitutional, or he is acting under an appointment by officers having no power to make such appointment, or as the officer of a sovereign whose authority over the territory had ceased." 1 Freeman on Jurisprudence, Sec. 148. But, without waiving the claim, the defendant submits that the evidence shows a legally constituted Board of Special Inquiry to consider and decide upon the alien's right to land, under the provisions of the Act of March 3, 1903, and of Rules of the Commissioner General of Immigration made by authority of that Act.

The Commissioner General made no change on the subject of Boards of Inquiry when he was here shortly after the decision of the Special Board of Inquiry in this case. On the contrary, he approved of the constitution of that Board and ratified it, as well as its decision in this matter. Nothing could show more plainly the intention that until otherwise directed the members designated by him under the earlier Act should continue to be qualified for Boards of Inquiry until further direction.

Under statutes making decisions of the officers final when adverse to the alien, courts uniformly decline to review such decisions, on the ground that the jurisdiction of the executive tribunal is exclusive. (Eight Federal cases are here cited.)

There is no limitation on the finality of the decision of the Special Board of Inquiry under the Act of March 3, 1903. An appeal may be taken either by a member of the Board or by the alien. If not taken, the decision "shall be final."

The same Act gives a private person as well as the United States a right not before granted, to sue in his own name and for his own benefit; provided, however, that he shall bring suit first. The former statute required the proceeds of the suit to be paid into the United States Treasury, and the United States District Attorney conducted the suit. Rosenberg vs. Union Iron Works, 109 Fed. 844.

This change in the law makes it all the clearer that "a final decision" by the United States official Board shall not only end the controversy, as far as the United States is concerned, but shall also bar private suits.

In closing his argument in the matter, Attorney Matthewman said that if the plaintiff should prevail, he wanted to know what kind of an order the Court would make.

Judge Estee said the Court would find some way of making an order, never giving a judgment yet without being able to make an order.

Molokai Police Methods Are Scored By Wailuku Grand Jury

Wailuku, Maui, June 15, 1903.—The Circuit Court house at Wailuku is still crowded every day during the week. The Grand Jurors finished their arduous labors last Saturday and presented their most exhaustive report.

During their nine working days since the 3rd inst., the Grand Jury, with the assistance of the Deputy Attorney General, Wm. T. Rawlins, have made thorough investigations of the various charges contained in the charge of the court. Judge Mahoe and six other policemen were summoned from Molokai and all of them gave evidence as to what they personally know of the alleged irregularities of the police on the island of Molokai. The police and their superiors have received the most severe reprimand and censure from the Grand Jurors.

The jurors have thoroughly investigated the case of Policeman Kahaneli, who lives at Puuohoku, J. P. Brown's ranch at Molokai above Halawa, and who receives \$10 per month for attending to the needs of the ranch, while the other Molokai police, who do work for the government sometimes, have been paid about \$25 per month. Kahaneli lives at Puuohoku, the high lands above Halawa Valley, and the only time that he goes down to the valley below is when he attends church, and he should be complimented rather than censured for that.

During the past ten years or more he has enjoyed this most lucrative salary from the public funds for doing nothing more than seeing that none of the sheep of the Brown ranch are stolen, and he should be commended for that too, for there are no better behaved and cultivated natives than are found in Halawa valley. The services of a policeman there are superfluous. This is the home of Haa, Joel Nakajeka, who can corroborate the fact that the best cultured Hawaiian musicians and singers throughout the Territory are located in this most lovely valley, a fact which they demonstrated one year ago at the Sunday school exhibition at Lahaina, where they met the best singers from all parts of this Territory. This place of hardy toilers of taro patches and faithful Christians does not need the services of a policeman who lives fully three miles away, and whose services for a decade past have never been needed, as may be proved by the fact that he never made an arrest.

The Jury recommended that this policeman be discharged for committing the great and unpardonable sin of receiving a good salary from superior officers of the government for doing private work, and in this way the said superior officers of the government have been complimented for bringing to light an Hawaiian who is willing to accept pay from the government for doing private work.

The case of Harry Hartelle, for alleged rape on a Japanese woman at Kihel some five months ago occupied the attention of the Court during last Friday. Attorney J. L. Coke assisted the prosecution while Judge Stanley ably defended Harry Bartelle. All morning was occupied in getting a jury. In the afternoon the main witness for the prosecution was placed on the stand and there witnessed the hall of questions propounded to her by Judge Stanley. The Court sat again that evening and at 10 o'clock that night, on motion the Court instructed the jury to render a verdict for the

defendant for failure of the prosecution to bring corroborating witnesses to the evidence of the complainant witness. There were also other grounds for the motion but the Court allowed the motion on this ground more than the others.

The trial jury is sitting today hearing cases indicted by the Grand Jury. Judge Kalua goes this evening to Honolulu and will return on Wednesday morning.

Following is the report of the Grand Jury:

Hon. J. W. Kalua, Judge Second Circuit Court, Wailuku, Maui.

Sir:—We, the Grand Jurors of the said Circuit Court, would make the following report: We have examined twenty-four cases, of which we return to this Court true bills, viz:

Territory of Hawaii v. Ah Fat, larceny second degree.

Territory of Hawaii v. Kane, larceny second degree.

Territory of Hawaii v. Chas Munena, larceny second degree.

Territory of Hawaii v. Harry Bartelle, rape.

Territory of Hawaii v. Manuel Sylva, larceny second degree.

Territory of Hawaii v. Roke Pasane, larceny second degree.

Territory of Hawaii v. Chibo, assault with a weapon.

Territory of Hawaii v. Wong Lock, larceny second degree.

Territory of Hawaii v. Taki, assault with a weapon.

Territory of Hawaii v. Jule Rodrigues, assault with a weapon; (two other indictments).

Territory of Hawaii v. Jose Gomes, larceny second degree.

Territory of Hawaii v. Jose Rodrigues, polygamy.

Territory of Hawaii v. John K. Keann, burglary 1st degree.

Territory of Hawaii v. Suyanaga, burglary 2nd degree; (two other indictments).

Territory of Hawaii v. Allama, assault with intent to commit rape.

Territory of Hawaii v. Okano, bribery.

Territory of Hawaii v. S. Ah Mi, bribery.

Territory of Hawaii v. William Punal, perjury.

Territory of Hawaii v. Iona Kaal, larceny second degree.

Territory of Hawaii v. Kawano, assault with a weapon, no bill.

During our session we have investigated the Police Department of Maui, Molokai, and Lanai, as well as the alleged irregularities of the Road Board of Wailuku, Maui.

Under the former, we are convinced that the police force of Molokai is in wretched condition and has laid itself open to severe censure. We find that at least two of the commissioned officers are in the employ of private parties; that the larger proportion of their time is spent in the services of said private parties; that the larger proportion of their time is spent in the service of said private parties, and that the larger proportion of their salaries is paid by the government. This custom of police officers being employed by private parties to look after their private affairs, we consider should be stopped.

We would mention one especially, Kahaneli, who draws the largest salary paid to any constable on the island of Molokai, who lives upon the Brown Ranch at Puuohoku, and who spends at

least five days out of seven looking after said ranch. We find that this officer was incapacitated for several months, that no one was appointed to perform his duties and that the public did not suffer during his indisposition; that he now seldom performs any government service, and that his nearest neighbors are at Halawa at some distance from his present home. We heartily disapprove of any member of the Police Department being used in the private interests of his superior officers either directly or indirectly.

We would recommend that this officer be removed and if an officer is necessary in that district, that one be commissioned who resides in or near some settlement where he may be reached easily and quickly by any one in need of his services.

We further consider that the officers who were present at the time of the accident to Mrs. Nakuna at Kaunakakai showed gross neglect in the performance of their duty, and that they should be severely reprimanded for such neglect. Rather than let such disgraceful acts go unpunished, a clean sweep should be made and a force of officers appointed who will see that law is enforced and order maintained.

It has further come to our notice that one H. R. Meyer, a commissioned officer of Molokai, is mail carrier, and has some business interest in a saloon at Kaunakakai. It is the opinion of this Jury that no one interested in maintaining a saloon should be allowed on the police force.

We are further of the opinion that a District Magistrate in Honouliuli, a part of the Wailuku District, is superfluous, and that the policeman for said district should live in and near the center of the district he serves.

In the case of the prosecution of a Chinese in Wailuku said to be out of private malice, the Jury, after thoroughly investigating, has failed to find a reason for censuring the Wailuku police.

We consider that the members of the Wailuku Road Board should have regular stated monthly meetings at which all members should be present and at which the public could have a chance to make complaint. We further consider that the box taking the water under South Market street is inadequate and should be changed at once.

We find that the crossing of the Wailuku Sugar Co.'s track near the Catholic Church on Mill street is dangerous to life, and that the Wailuku Sugar Company should be compelled to have either an automatic signal when trains approach or should station a man there to make such signals.

We would recommend that the Road Board take some action to relieve the people living along the Mormon Church road below William Kukona's place from damage done by water that comes from the Wailuku Sugar Co.'s flume.

We finally recommend that our secretary, David Morton, be recompensed for his valuable services during our sessions at the rate of \$3 per day. We wish to express our high appreciation to W. T. Rawlins, Deputy Attorney General, for his assistance during our investigations.

Signed this 13th day of June, 1903.

SOUSA'S BAND.

A most enjoyable evening was indulged in not long ago by a party of Theseplains who had met for the purpose of "killing a rabbit," after which readings were in order.

The works of famous humorists were rendered to rounds of applause, while the lines of pathos touched the chords of sympathy and the appreciative silence following paid the highest compliment to the artist's conception.

The two "star" readings were "Susie's Band," given by Harold Ashford and an original composition by the same artist which gave him great opportunity to display his ability in a character bit. Mr. Ashford's original piece was called "The Douglas Patent Closet Beats the Cars." Bath the Plumber.

Auspicious Closing of Maunaolu Seminary, Maui

Wailuku, Maui, June 13.—The closing exercises of Maunaolu Seminary, otherwise known as East Maui Seminary, commenced with a concert by the pupils last Tuesday evening, June 9th. The concert hall of the seminary was well filled with visitors and parents of the pupils. There were even some who came from Wailuku and Punene as free trains ran that night for the accommodation of the general public who wished to take advantage of this opportunity to see the concert by the girls.

The solo by Julia Toomey, a Hawaiian-American lassie of but twelve summers, was well rendered, and there is an excellent opportunity for this young lady to become a star some day. Her singing was beautiful for so young a girl. The song and salute to the American flag by the girls of the primary class was greeted by the audience especially when the youthful performers turned towards the flag and recited in unison: "One Country, One Language, and One Flag."

The following was the program and was well executed:

Two rios in Canon Martini Chorus.
Heliotrope Lichner Emma Peplowski.
Swing Song Lohr Misses Nakaahiki and Hanuna.
Sion Rodney Chorus in Unison.
Waltz and Mazurka Orth Louisa Pratt.
Little Boy Blue Perkins Glee Club.
My Lady's Bower Temple Reba Hanamakai.
Song and Salute to the Flag—"One Country, One Language and One Flag" Primary School.
I'm Ashamed to Look My Dolly in the Eyes Knauer Julia Toomey.
The Clock Behr Louise Robinson.
Morn Rise Cibulka Misses Forbes, Kallino and Kalec.
(a) We'll Row Thee Mebul
(b) Fairy Revel Rossini Chorus.
(a) Rosetta Bachman
(b) Air de Ballet Saloman Emma Forbes.
Sognal Schira Miss Coolidge.
Norwegian March Soderman Glee Club.

The exercises closed about 10 o'clock, and everybody was pleased with what they had seen and heard.

On the following morning—Wednesday, June 10th—the real closing exercises of the school under the guidance of the new principal, Miss Clara M. Snow, took place in the recitation hall. Among those present were: Rev. E. G. Beckwith, Mr. and Mrs. F. W. Hardy, C. D. Lindsay, Robt. McKibbin, Mrs. Dowsett, Rev. E. M. Hanuna, Prof. Chas. E. King, Inspector of Schools, Mr. Dowdle and many others, including parents of the pupils, and some of them came from very long distances to be present at the examination day of their children.

Mr. Hanuna and others, including Mr. and Mrs. C. E. King, had just arrived from Hana, via Koanoe, the day before and had experienced hardships and subsequent vicissitudes of such a trip.

The water was so high at Kailua gulch that one of the horses of the party was carried away but no more serious accident than that happened. Mr. and Mrs. King and Mr. Hanuna had just crossed the stream when the water suddenly arose and carried the horse off his feet, burying him in a raging whirlpool a few yards below. These parents had come all the way from Hana in order to be present at the closing exercises of the school, which proves the great interest they have for the institution besides the undying parental love and affection for

OUR RED SISTER'S EDUCATION.

Major Pratt, the United States army officer who is in charge of the Carlisle Indian school, admits that many of his graduates who return to tribal life fall into Indian ways again.

He tells of an incident he saw at a Western Indian agency. A squaw entered a trader's store, wrapped in a blanket, pointed at a straw hat, and asked: "How muchee?"

"Fifty cents," said the merchant. "How muchee?" she asked again, pointing to another article. The prize was quoted, and was followed by another query of "How muchee?"

Then she suddenly gazed blandly at the merchant and asked, mildly: "Do you not regard such prices as extortionate for articles of such paltry and unmistakably inferior quality? Do you not really believe that a reduction in your charges would materially enhance your pecuniary profits, as well as be ethically proper? I beg you to consider my suggestion."

She was a graduate of the Carlisle Indian school.

JUDGMENT FOR AUSTIN

FORECLOSURE DECREED IN SMITH VS. SCHMIDT

PETITIONS BEFORE JUDGE ROB-INSON TOMORROW-MR. KAWI GRANTED A DIVORCE DEPOSITIONS.

Judgment for plaintiff was given by Judge Robinson in William Lono Austin vs. R. W. Holt, bill to declare a trust and to enforce a charge on real estate, just before noon today.

In the matter of the estate of Catherine E. Batchelor, late of Honolulu, deceased intestate, hearing on master's report before Judge De Bolt this morning, the Court orders first and final account of administratrix Emma S. Douglas approved and confirms report of F. D. Kellett, Jr., master, in all respects except so far as to the question of the discharge of the administratrix, and the administratrix is discharged upon filing receipts of the heirs for the property.

In W. O. Smith et al., trustees, vs. H. W. Schmidt, motion for decree of foreclosure, Judge De Bolt grants the prayer. Property was mortgaged for \$35,000. Interest amounts to \$3722.34.

In Kawi (k) vs. Halli (w), libel for divorce, Judge De Bolt grants divorce on ground of desertion.

Before Judge Robinson tomorrow morning Attorneys Smith & Lewis and L. J. Warren, representing Wm. O. Smith, trustee for Anton Lidgate, will present for hearing petition for leave to join receiver in suit for foreclosure of mortgage in Carolina Silva vs. Manuel G. Silva, showing that on July 19, 1901, Manuel Silva gave to petitioner as trustee, his promissory note for \$6000, executing a security indenture of mortgage on lots corner of Wilder avenue and Makiki street; and Kua-kini street, between Liliha and Nuuanu; that mortgagor has made default wherefore petitioner desires judgment and execution.

In another petition by W. O. Smith and Mary S. Parker, trustees under the will of W. L. Lunallo, for leave to join receiver in suit for foreclosure of mortgage, it is represented that Manuel Silva on September 11, 1900, gave his note for \$1000, mortgaging as security a lot at Kapaeha; that Silva broke conditions, wherefore foreclosure is desired.

The Henry Waterhouse Trust Co., Ltd., was appointed receiver for Manuel Silva on February 6, 1903. The trust company has all Silva's property in its possession, under this order of the court. It is therefore asked that the trust company may be joined as party defendant in foreclosure proceedings.

Notices of claim have been filed against F. H. Redward and F. M. Swany by Emmeluth & Co., for \$279.78; J. Rosenstein, for \$70; and B. S. Gregory, for \$562.74; materialman's liens. During last October and November Redward sold and delivered to Lience F. H. Redward, contractor, certain goods used in the construction of a house on Manoa road on land conveyed to Lience F. M. Swany by deed of E. C. Judd et al and C. H. Judd and wife.

Depositions in the matter of the estate of James J. Stewart, sealed, addressed and transmitted by J. A. Ivers, commissioner, taken in McConsville, Ohio, were filed this morning.

The BUSINESS MAN'S HANDY INDEX, published in the Saturday Bulletin and the Weekly Edition, gives a concise and complete resume of all legal notices, calls for tenders, judgments, building permits and real estate transactions. Evening Bulletin, 75 cents per month. Weekly Bulletin, \$1 per year.

The steamer W. G. Hall arrived from Kau, Kona and Maui ports at 5:30 o'clock this morning with 5,000 bags H. sugar, 27 head cattle, 165 bundles bananas, 205 bags taro, 95 cases honey, 38 bags awa, 34 head hogs, 40 kegs butter, 35 cases fruit, 30 bags coffee, 23 bundles hides, 18 bundles pearls, 14 bags ginger, 10 cases cabbage, 1 cow and 300 packages sundries.

The following sugar is reported left at Hawaii ports ready for shipment: Punaluu warehouse clean out, 5,000 bags at mill; Honouapo, 6,459 bags; Honokaa, 1,000 bags; Kukuhaele, no report.

The purser reports as follows: "The steamer Nihaun arrived at Punaluu Sunday morning. When we left Kailua, she had 1,577 bags sugar on board and was waiting for sugar from Pahala. The weather had been fine at Punaluu. At Honouapo the weather was very calm during our stay. Saturday and Sunday the volcano was seen to send forth dense clouds of white smoke. Along the Kona coast showers have prevailed during the week. At Hamakua and Kau, the weather has been dry. Rain is needed in Hamakua. Crossing the channels on homeward trip we experienced moderate sea and northeast trades. On outward trip head sea and wind.

GIRDLER PLACE ROBBED

Chas. Girdler's place of business, at the corner of Fort and Queen street, above Kerr's store, was broken into and robbed last night. The intruder, who seems to have obtained entrance by means of a skeleton key, broke open a roll top desk and a traveller's trunk. He carried away a lot of ladies' underwear and dress skirts. All over the premises were marks of bare feet and in one unused room papers had been spread on the floor indicating that the burglar had taken a nap there.

This is the third time Mr. Girdler's place has been broken into during the past three weeks. Mr. Girdler estimates that he has been damaged to the extent of about \$500, this being partly the value of the articles stolen and partly the damage done by the thief to the trunks, etc., which he ruined in his search for booty.

ARE ELLIS WIVES PARTIES

(Continued from Page 1)

listen to the argument. Wallie Davis was conspicuous among the spectators. When Humphreys had championed the cause of the Ellises for about an hour, holding that their wives and children, and St. Louis College, were necessary parties, Davis occupied the rest of the morning arguing that the wives had parted with all interest in the balance of the fund, signing the deed, claiming they were not necessary or proper parties to the case. He referred to a stack of typewritten evidence in the matter, quoting John K. Sumner's testimony on the stand. Argument continues this afternoon.

Argument was warm but technical. A few side compliments were passed between attorneys, but these only served to relieve the tedium of technicalities. There were those present who rather anticipated the coming of the report of the Attorney General on the matter of charges exchanged between counsel in the matter during its stormy progress, but the interesting document was not forthcoming. Its arrival is awaited with much curiosity by all.
