TWO CHURCHES, ONE MINISTER, IS SUGGESTED

Plan is to Have Rev. Augustine Jones Fill Pulpits of Both Makawao and Wailuku Union Churches.

Plans for the consolidation of two Maui churches under one ministerial head are being formed. The proposal is satisfactory to Wailuku Union Church and is to be submitted to the governing body of Makawao Union Church and if accepted by the latter organization an offer will be made to Rev. Augustine Jones.

Occasion for the proposed change results from the resignation of Rev. W. C. Crider of the Wailuku Church. Mr. Jones has made a profound impression on the members of the Wailuku congregation who have heard him and the suggestion of having him preach in both churches developed. A meeting of the trustees of the Wailuku church was held Tuesday evening and the project endorsed and a committee named to take up the subject with the Makawao church.

According to the plans thus far outlined Mr. Jones would preach at Makawao on Sunday mornings and in Wailuku Sunday evenings. It would not be expected that he would take full charge of Sunday school work in Wailuku as well as at Makawao and for the former the services of a competent person to manage such affairs would be required.

Full details of plans for church work have not been worked out but the outstanding feature is to have the one minister fill the pulpits of the two churches.

Wailuku School Pupils Busy and Happy During The Last Week of Term

Pupils of the Wailuku Public School have had a busy week, from the smallest to the largest, and the last week of school has been a happy time with something in the way of fun and entertainment every day and closing today with an entertainment by the school for the graduating class. Wednesday
 A picnic to Iao Valley for grades I-A and II-B.

A picnic to Waihee Beach for grades II-A and III-B. These picnics were made possible through the kindness of Wailuku plantation. Mr. Conradt, Mr. Ting, Mr. Chock Chong and Mr. Uchida in lending us machines and trucks.

The Fifth Grades enjoyed a picnic at Maalea Bay through the kindness of Mrs. Deinet in lending her beach home and of the Wailuku plantation's truck.

The members of the Seventh Grade gave a farewell party to the graduating class at the Plantation Beach House, at Waihee.

Through the kindness of Mr. G. N. Weight of the Wailuku Sugar Co., they were able to have the use of the Plantation Beach House. Chairman Kalama also, kindly let them have a county truck.

Fifty children were therefore made happy swimming and chasing around on the beach.

Mrs. Wilmington chaperoned the party.

Grade IV-B enjoyed a picnic at the Kahului Beach.

Thursday
 Grades III-B, IV-A, and I-C enjoyed a picnic at Waihee Beach.

Talented Singer From Mainland in Wailuku

Coming to take up her residence in Wailuku, Mrs. Mae Drew Clark, possessor of a remarkably beautiful voice and a pianist and organist of such talent is now a guest at the Wailuku Hotel with her husband who is the representative of Th. H. Davies & Co., on this island.

Mrs. Clark has been a pupil of Oscar Saenger, has been heard in concerts in practically all of the larger mainland cities and most recently was soprano soloist and associate organist in Grace Protestant Cathedral, San

Two Parties Will Climb To Crater

Fifty Trail and Mountain Club Hikers Will Be Followed by Excursionists for Dedication of National Park.

Maui will have an influx of visitors next month, sight-seers who are to climb Haleakala and enjoy the beauties and wonders of the greatest extinct crater in the world. Fifty of the visitors come from Honolulu and ten members of the Brooklyn Eagle's Park Dedication Excursion party will follow close afterwards.

Manager Field of the Maui Hotel Company has made the arrangements for the Honolulu party, 50 members of the Trail and Mountain Club who will arrive on the Kilauea on the night of July 1. On Saturday they will proceed by motor to Olinda and thence will make the ascent on foot, taking the necessary pack horses and three saddle animals for use in case any of the hikers should break down, which is not expected. They will return Sunday and on Monday will take in the races at Kahului, polo at the Polo Grounds and there will be a dinner dance at the Grand Hotel. While in Wailuku the party will room at the Maui Hotel and take meals at the Grand. They will depart for home midnight Monday.

Mainlanders Coming
 The Brooklyn Eagle party dwindled from the nearly 150 expected to 28. In part it was because of industrial depressions in the East and in part because of the accident to the steamer on which the party was to have sailed from Baltimore. They are now on their way across the continent and ten of them, more than a third of the party, will come to Maui, arriving July 6. This is a far larger proportion than was expected and original plans, where the party was to have its own steamer, passed up Maui and Haleakala completely. Relative to plans of that party the Honolulu Advertiser says:

"Excursionists of the Brooklyn Eagle's party which will come here to dedicate Hawaii National Park, are already on their way, according to L. W. de Vis-Norton, local representative of the Hawaii Publicity Commission, 28 of the party having left New York by train for San Francisco where they will embark on the Pacific Mail ship Ecuador, due at Honolulu July 1. On July 6, de Vis-Norton says, a number of the visitors will leave for Lahaina where they will visit Haleakala, being joined by the remainder of the party July 9. The excursionists will then sail for Hilo, arriving July 10, the day before the dedication. The day following the dedication of the park they will return to Honolulu by inter-island boat, sailing for the mainland on the Sonoma the same day."

Howell Is Selected President of Company

New directors and officers have been elected by the Hawaiian Mutual Agencies, Ltd., and the office of the company in Honolulu has been removed from the Pantheon Building to the Alexander Young Building, according to notices received early this week. The action was taken at the stockholders meeting held June 7. Hugh Howell now heads the company as president. At the stockholders' meeting he, H. W. Cheesbrough and H. C. Noonan were elected directors which followed Howell was named president, Cheesbrough, vice-president and Noonan secretary-treasurer.

The new offices of the company are in suite 34, Alexander Young Building.

County Library Board Forms Organization; Ready To Get To Work

Maui is now marking time waiting for the appropriation for its county library to be declared available. The managing board of the library composed of Mrs. S. A. Baldwin, Mrs. F. F. Baldwin, Mrs. D. H. Case, Charles Wilcox and Joseph H. Gray met and organized Tuesday afternoon with Mr. Gray as chairman and Mrs. Case as secretary. Only preliminary arrangements could be taken up because the board has not yet been notified that funds are at its disposal.

One of the subjects taken up at the meeting was the question of librarian. A letter had been received by Mrs. Case from Miss Robinson of the Library of Hawaii in which the latter suggested three persons one of whom might be secured and two others have been heard of. The secretary will take the subject up with each of them ascertain their willingness to come and salary required. Nothing in the way of purchase of new books or equipping the library building will be done until the librarian has been secured and is here.

One of the problems considered by the board of managers of the county library was the keeping open of the present library until such librarian is secured. The old library trustees purpose turning over their books to the county. Maui Aid discontinued payment of a salary to a librarian after July 1 and Mrs. Whitehead has resigned to become probation officer, Alexander House Settlement, however, is willing to permit use of the present library rooms pending removal of books to the new library building. But with no librarian and no funds at hand for the payment of one it may be that the library will have to close for a short time.

When the books of the present library are turned over to the county and the board of managers is informed that the appropriation is at its disposal it should be possible to engage the services of a custodian to reopen and keep open the present library until the librarian arrives. Efforts are being made to have the closed period as short as possible.

Woman's Club Will Be Busy in Summer

The \$100 toward a scholarship, in the College of Hawaii has been awarded to Ume Yanagi, who has spent four years in the Maui High School, completing her 8th grade work in Wailuku.

Meetings of the Humane Department will be continued during the summer, as there seems need of continuing the work without interruption. The vice-chairmen for the different districts remain practically the same as last year.

The Civic Department will also have vice-chairmen in the various districts, as this seems the best way to get results. The work has fallen pretty heavily on the chairman of the department during the past year.

The new president, Mrs. W. A. Baldwin, has made announcement of committees and departments members and chairmen as follows:
 Membership: Chairman, Mrs. J. J. Walsh, Kahului; Mesdames F. B. Cameron, D. C. Lindsay, J. P. Foster, and Miss Lucy Richardson.
 Press: Chairman, Mrs. David Wadsworth, Wailuku; Mesdames Eugene Murphy and J. T. Mofr.
 Program: Mrs. W. O. Aiken, chairman, Makawao; Mesdames E. A. Baldwin, S. A. Baldwin, A. Jones and Frank Hoogs.

Historical: Mrs. Jas. T. Fantom, chairman, Spreckelsville; Mesdames Lillian B. Atwater, H. P. Baldwin, Misses Charlotte L. Turner and Nancy Cummings.
 Legislative: Mrs. H. W. Rice, chairman, Paia; Mesdames Lorrin Smith, Dora von Tempky, R. Kepoi-kai and H. A. Baldwin.
 Entertainment: Mrs. Ed. Walsh, chairman, Paunene; Mesdames E. F. Deinet, R. O. Humphrey, J. S. B. McKenzie and J. H. Kuewa.
 Hospital: Mrs. Chas. Savage, chairman, Wailuku; Mrs. H. Bohr and Mrs. W. B. Weddick.
 Civic Department: Mrs. W. B. Weddick, chairman, Wailuku.
 Educational Department: Mrs. T. B. Linton, chairman, Wailuku.
 Household Economics Department: Mrs. Wm. Lougher, chairman, Paunene.
 House Department: Mrs. W. F. J. Dale, chairman, Kahului.
 Music Department: Mrs. H. A. Baldwin, chairman, Makawao.
 Study: Mrs. Frank Hoogs, chairman, Waikapu.
 Humane Department: Mrs. Ben Williams, chairman, Paunene.

Dividends Discontinued—Directors of Pioneer Mill Company at a meeting held in Honolulu, voted to discontinue payment of dividends. After the May directors meeting it was said that unless there came an improvement in sugar prices dividends would have to be discontinued and no improvement came.

Six Students Will Be Graduated From Maui High School Tonight

Commencement exercises of Maui High School will be held in Paia Community House this evening and a class of six will receive their diplomas. In the class there is but one girl, Ume Edith Yanagi but she wins worthwhile honors in that she has been awarded and will receive the

MISS UME EDITH YANAGI AWARDED WOMAN'S CLUB SCHOLARSHIP

VISITOR DIES

After being missing for two days for the greater part of which parties were searching for him, the body of W. T. Pierce was found in a cane field Wednesday. Funeral services were held yesterday.

Mr. Pierce was here from the mainland and had been visiting George Turner at Paia. He was to leave for Honolulu Wednesday. Monday he left the house and did not return. Late alarm was felt and searches started. Mr. Pierce died of heart trouble. A son on the mainland was notified.

TWO YEARS OLD

Maui Drug Company will celebrate its second birthday anniversary next month and is making plans for the in which the public will be interested. The firm has grown and progressed in its business life and is making plans for continued growth and expansion. At present preparations are going forward for a branch in Lahaina conducted along the same lines as the Wailuku store.

Announcement of the birthday observance will be made in this paper during the course of the next two or three weeks.

MAUI BOY WINS

In a recent contest in the delivery of original orations at the Park College Preparatory Department, Parkville, Missouri, the first prize was awarded to a Maui boy, Shuichi Hasegawa of Paunene. Hasegawa graduated from Lahainaluna School in June, 1917 after spending two years at Maui High School, he went to Park College, where he has just completed the high school course and will next fall enter the college proper. Hasegawa chose as the subject for his oration, "America's Duty to the Foreign Student."

"BUMPS" OPENS SHOP

A "Bumps" Pomba, formerly connected with the Royal Hawaiian Sales Company, has opened an automobile and repair shop on Wells street, below the Armory, and is no longer connected with the Royal Hawaiian. "Bumps" is so well known to auto owners on Maui that he needs no re-introduction on re-entering business for himself.

Celebration of Fourth Planned

Committees Have Program Lined Up; Entertainment And Dance, Horse Races And Polo Match.

Fourth of July celebration plans are moving forward steadily and may be said to be complete unless it shall finally be decided to have a baseball team brought over from Honolulu. (Dance, horse races and polo go to make up the program that will be offered by the Maui County Fair and Racing Association.)

Saturday evening the festivities will start at the Territorial Building with a Fourth of July and Membership Drive Dance arranged by the entertainment committee of the association, of which Joseph Meinecke is the head. The committee has arranged for a number of entertainment features which will be interspersed through the dance numbers and has a number of surprises for the public in the program that has been arranged. The dance is for the public as well as for the members of the association. Admission is one dollar for gentlemen, ladies free.

Luncheon will be sold by a committee headed by Lady Macfarlane, the proceeds to go to a dental clinic fund for the sanitarium. Special boxes will be put up for those ordering ahead. Soft drinks and light refreshments are to be sold for the benefit of the Children's Home fund.

Polo Match

It is not often that Mauiites have the opportunity to see a polo match even though the champion team of the Islands is the Maui team. Usually the matches, and always the championships are played off in Honolulu. But a polo match between Maui and Oahu will be played Monday afternoon at the polo grounds, starting at four o'clock and the races ending in time to let the spectators make the trip up country to the field. Oahu has been practicing hard against second and against an army team, while Maui has been practicing steadily and the members are fit to fight for their laurels and expect to earn a victory.

Foresters Will Sail For Hana Tomorrow

Foresters to the number of 30 or more will board the Makaiwa at Kahului and sail for Hana at 8 o'clock. They are journeying over the bounding billows to put on an initiation ceremony and to induct into the mysteries of Forestry some 45 candidates Saturday evening.

There are good times in store for the visitors according to word which has come of plans for their entertainment. They will not put on all of the entertainment features themselves at the expense of the novitiates. The initiation ceremonies are scheduled for Saturday evening and a minstrel show will be staged later in the evening. Sunday there is to be a party busy through the day until it is time to board the staunch sampan for home, being due back in Kahului Sunday night.

MAUI BOY DIES

Maui Boy Dies—Giichi Iida, a 17 years old youth who was born at Paunene died last week in Honolulu.

ELECTRIC CO. LOWERS RATES FOR LIGHTING

Reduction of Fifteen Percent Is Ordered by Directors to Be Effective July 1, Keeping Promise.

Electric lighting rates will be reduced from 20 to 17 cents effective July 1, a cut of 15 percent in the charges. Thus the Maui Electric Co., keeps the promise made at the first meeting of its directors about two months ago that some reduction would be made by July 1. No cut in rates for power is made at this time.

Directors of the Maui Electric Company met yesterday afternoon for the purpose of deciding upon a reduction in rates. Reports of the operations of the company for the past three months showed unusual expenditures had to be met during the period of organization and six months' tax-earnings had to be paid out of two months' earnings instead of six. In spite of those facts the directors saw their way clear to make a reduction as promised. No dividend disbursement was ordered, that being deferred until September when a dividend for a six months period can be declared, the company now having been in actual operations only two months under its new organization.

From the reports presented to the directors it would appear that Maui Electric Company will be in a position to pay a fair return to stock holders in dividends and at the same time to make further reductions in rates at a later date. At that time the subject of power rates will have consideration, but at present the directors considered that reduction in lighting rates was more necessary, those for power being proportionately lower.

S. P. R. Members Have Fine Demonstration Of Hypnotic Powers

Members of the society of psychical research society were given a demonstration of hypnotism following an important business meeting Wednesday evening which held them intensely interested and gave them food for thought to keep them busy for many days to come. Such demonstration was one of the features which will be a part of the members meetings except when Dr. James H. Le-Apaley is present to lecture.

Organization of the society was completed by the adoption of a constitution and the election of two additional members of a directing committee under the constitution's term. The directing committee which will conduct the business affairs of the society until next November is composed of J. H. Gray, President, Mrs. M. Weddick, vice-president, Dr. J. Y. Ting, secretary treasurer, Grant Bailey and W. F. Crockett Sr. The next meeting will be held Wednesday evening July 6 with Dr. Le-Apaley present.

There appears to exist some confusion as to what psychical research means. It is frequently asked if it is not a spiritualistic society. Nothing of the kind. It investigates phenomena often attributed to spirits but members do not necessarily accept any such theory as to cause. The majority perhaps attribute table tilting and rappings, for instance, to forces operated by living human beings. Thought transmission, mind reading, hypnotism, clairvoyance, clairaudience, automatic writings, alleged materializations, all come for investigation in an effort to determine underlying causes. Members do recognize that there is a something which is not physical that exists with the living human being. Such research conflicts in no way with any religious belief. Psychology is a science as is physics and psychic phenomena are governed by law just as are physical phenomena. The research work is done in an effort to learn the laws just as physics determines the laws of gravity, magnetism, light, sound etc.

At the meeting Wednesday evening Mr. Ludin demonstrated three stages or states of hypnotism and feats were performed with every element of conscious or unconscious fraud eliminated.

FREELAND IS NAMED

George Freeland was named this week as district magistrate of Lahaina by Chief Justice Coke. He has been admitted to practice in the lower courts by a committee of the Maui Bar. The appointment of the kamaaina of Lahaina is eminently satisfactory and Judge Freeland will without doubt prove a highly efficient official.

Miss Mildred L. Sproul has arrived on Maui to take the position as nurse which has been held by Miss Anna Simons. Miss Sproul has been engaged in nursing on the other Islands, most recently on Oahu and will have her office adjacent to the Alexander House Settlement business office.

Mr. and Mrs. E. E. Boyum will have for their guests Miss Emma Hoag, sister of Mrs. Boyum, Miss Ivy Ritchie, a niece of Mr. Boyum and Mrs. George B. Zigler, sister of Mr. Boyum, who will arrive from the mainland on the Manoa and come to the Boyum's Hamakua home. The visitors are coming over to attend the wedding of Miss Boyum.

A FISH STORY

Ten and a half fish were brought home Sunday by a fishing party composed of Judge L. L. Burr, Louis Distell and J. H. Gray. Nine and a half were caught with rod and reel and one jumped aboard while the party was homeward bound. The party went to Molokini and thence to Puu-o-lai where the half fish was caught by Judge Burr.

The explanation of the half fish is that off Puu-o-lai or Miller's point Judge Burr hooked an Onomalani and was reeling it in when a huge Ono leaped far out of the water with a fish in its mouth. The fish was the one on the Judge's line and the Ono took half of it, the fisherman reeling in the head and about a foot of the body of the smaller fish.

Boarding a sampan at Maalaea Bay at 8 o'clock Sunday morning the party headed for Molokini. There they captured six Onos ranging in size from three and a half to four and a half feet in length and lost two feather lures and two spoons. All of the Onos landed were caught on spoons and all the anglers used rods and reels the size of the lines varying from 15 to 24 strands.

Leaving Molokini the sampan proceeded back to Maui and at Miller's point or Puu-o-lai there were caught two Ulus and one Olomalani besides the one of which Judge Burr lost half. Wind and sea rising the sampan headed homeward and it was on the return journey that a Nakuhapu about a foot in length was washed or jumped aboard.

Six Companies Announce Cut in Prices of Cars

Probably the feature of the week's news along automobile row and the topic of greatest discussion is the slashing in prices just announced for six automobiles reports the Honolulu Advertiser. News of the reductions has just reached here from the factories. Luckily none of the local dealers had many of the cars affected on hand.

The reductions average about \$200 and affect the moderate priced cars. The six are Chevrolet, Overland, Willys-Knight, Hupmobile, Maxwell and Oakland. The Chevrolet and the Hupmobile are represented here by the Royal Hawaiian Sales Co., while the Overland and Willys-Knight are represented by the von Hamm-Young Company. The Maxwell has been handled by Pond Company and the

Oakland by the Schuman Carriage Company.
The reduction on Chevrolet models averages about \$175. The reduction on the Overlands is about \$200 and on the Willys-Knight about \$300. The Hupmobile cut runs about \$250, the Oakland about \$200 and the Maxwell about \$150.

The general trend of opinion along the row is that this marks the end of price reductions. It is noticeable that no price reductions have been made in high priced cars and that in some cases of high priced cars the price has moved up a little.

There are also no reductions in the extremely low priced cars and the Ford plant is coming up close to capacity production. Ford sales are running about 3000 cars a day the world over, is the report from Detroit.

Fish and Game Warden—W. J. "Bob" Lillis, one time a Maulite and now examiner of chauffeurs at Honolulu has accepted the position of territorial fish and game warden and will assume his duties on July 1. Lillis has been an especially efficient examiner of chauffeurs.

A Free Man's Privilege

MUCH GOOD red blood has been spilled in the name of freedom. It is the one thing on which an American especially prides himself. We have almost forgotten that there was a time when only members of the nobility, so-called, were permitted to own property and will its disposition after death.

Now, in America, this privilege is enjoyed by every citizen. It is of course your duty to your family or friends to make a will, but most of all it is your privilege.

You must name an executor in your will. It is unwise to trust this work to an inexperienced individual. Name a trust company as executor, and be safe.

Islands Commander Of Salvation Army Is Coming to Maui

Brigadier C. Wilfred Bourne, who is at present in command of Salvation Army activities in the Hawaiian Islands is coming to Maui and will be on the island from July 15 to 27.

Brigadier Bourne has been an officer in the Salvation Army for more than 30 years having joined the Salvation Army in California in 1889 at which time he saw and experienced the persecution and difficulty that the

Army was then going through. He has had varied appointments and experiences since then and has been in charge of some of the Salvation Army's big colonization schemes and also inaugurated and was manager of the Salvation Army's largest children's home located in California. For two and a half years the Brigadier was in France and Germany where for the latter part of his stay he was in charge of the Salvation Army work over seas and for which work he carries several highly complimentary letters of appreciation and indorsement from the different staff officers.

Mrs. Bourne is also a Salvation Army officer of long standing. Before her marriage as Captain Alice Smith, she was the officer in charge of the large hall attached to the headquarters in San Francisco. Mrs. Bourne has also taken a prominent and responsible share in all the Brigadier's appointments and her presence with the brigadier in Honolulu will be a great strength and help, especially to the Salvation Army activities amongst women and children.

It is largely on account of their varied experience that these officers were appointed to take charge of the army work in these islands as the Salvation Army here has varied philanthropic enterprises which are being extended and increased to meet the present demands.

To Visit Hawaii—Edwin Denby, secretary of the navy; Albert B. Fall, secretary of the interior, and Admiral Robert E. Coontz next month will begin a tour of the Pacific coast states, Alaska and Hawaii, has been announced from Washington.

Guard Organization—Col. W. D. Potter and Col. E. J. Nowlen have returned to Honolulu from Kauai where steps were taken to organize two militia companies and one machine gun company for the national guard.

THEATERS

"Last of the Mohicans"
Early American history is graphically represented on the screen in Maurice Tourneur's new special film, "The Last of the Mohicans."

This film of Cooper's famous Leather Stocking tale brings out some thrilling episodes that will make every red blooded American grip the arms of his seat in the theater. From the very start of the story, Tourneur with his artistry, carries his audience back to the day when America was young. Indian's crafty deceit starts cold chills running up and down the spine.

The attack on the fort, the massacre the blowing up of the powder magazines—everything—combines to make this feature one of the notable ones in the career of Maurice Tourneur. The gentle love of Uncas for the paleface maiden, and her regard for him, and the way the story turns out, causes one to stop and think.

Wm. S. Hart

Those who have not seen a real rodeo or congress of wild riders and ropers of the west, have the opportunity of doing so in "O'Malley of the Mounted," William S. Hart's latest Paramount production.

Disguised as a cowboy, seeking a man killer, he crosses the border into the United States, and because he knows that the man who did the deed is a wonderful rider, looks for him at the rodeo which is being held in the cow town surrounded by craggy steeps.

He finds him and follows him into the outlaw's camp—the rest must be left to thrill the spectators. The rodeo is a big feature. There are seen thousands of people gathered in a great grandstand around the arena

where riders tame bucking bronchos, ride wild steers, rope and play the wild games of the cattle lands.

It is an inspiring picture that sets the blood tingling. Eva Novak is leading woman and there is a fine cast of players.

Nazimova

Nazimova at her greatest: That is "Madame Peacock."

She came before the audience first as a brilliant stage celebrity, Jane Goring, a woman of fascinating, gorgeous personality, a woman who had sacrificed the love of a man to her irresistible ambition. Then suddenly there appeared a young girl, eager and aspiring and ingenuous; and had it not been for the explanatory subtitle, doubt would have remained in the minds of those who witnessed the shadow performance as to whether so utterly different a person could be portrayed by the same actress.

Will Rogers

Will Rogers in his latest Goldwyn photoplay, "Jubilo." You find him irresistible. He plays the part of a dyed-in-the-wool hobo—a member of the ancient and honored Society of Worknobs—whom love transforms into a prince in patches.

It's funny what strange things a man will do under the spell of a pair of bewitchingly blue feminine eyes. Jubilo had been a wandering Nabob from Nowhere—in other words, a hobo. Dodging work was his religion—and a fine art in which he had no superior. Then he met Rose Hardy, a rustic beauty—and then the miracle of miracles. Jubilo actually went to work—washed his face—and combed his hair! And he might have won Rose if it hadn't been for a big train holdup to which he pleaded guilty.

Madlaine Travers

"The Tattler" is the story of a mother's love and gossip's power—a story told with great dramatic effect.

Bess Rutherford, played by Miss Travers, is forced to divorce her husband because of his cruelty and intemperance. She promises to marry a man who takes her to a beautiful apartment he has prepared for his bride's reception; but he makes excuses and postpones the marriage. Complications arise and Jack Rutherford demands to know the truth regarding his mother's income and luxurious home. He meets his mother's false fiance. A tragedy follow that exacts, as a penalty for error, two lives.—Adv.

FOUR CENT SUGAR.

Continued declines in the price of raw sugar present to citizens of Hawaii a situation the seriousness of which is not to be minimized and which should be the signal for strict economy in business and personal affairs. At the same time it does not give reason for pessimism nor for discouragement, rather it must be the signal for persistence, determination and vigorous action.

Coming after years when plantation wages were high and after one season when they reached figures beyond reason, costs of the present crop are abnormally large. Combining high cost of production with low prices for the output it is evident that the sugar companies of the Islands generally will operate at a loss this year. This is most unfortunate not only for the stockholders of the companies and their employes but for every citizen and resident of the Islands. To the stockholders it means absence of dividends, to the employes it means smaller revenues from the lack of large bonuses, to the government it will mean decreased revenue and to the individual taxpayer it will mean increased tax burdens. Here on Maui it means even more sacrifices than elsewhere for the Maui plantations have been generous in sharing their prosperity in the past. There are many things that the plantation managers and owners have been doing which they would like to continue, but they cannot when deficits appear in place of earnings, when there are no profits to be shared with the public and for the public weal.

Admitting all this to be true, it is not a time for extreme pessimism as was remarked. The situation, serious as it is, might be worse. Had this very lean year followed a series of unprofitable seasons there would indeed be ground for discouragement. But, on the contrary, it comes suddenly and unexpectedly on the heels of several highly prosperous seasons. It is as if a strong and healthy man met with illness or accident. His chances of recovery are the best while if already run down and debilitated his hopes of life would be slim.

Cheer up. It's no time to be disheartened. For the population generally there is no cause for discouragement. The individual business man has had a period of good business. The worker has had his times of high pay. They, like the plantations, are in a healthy condition to meet the illness that has overtaken business. Conditions are not desirable, admitted, but it will suffice nothing to bemoan. It is time to adjust one's business and life to conditions as they are, for economy, but economy is not to be confused with parsimony.

Four cent sugar is not here to stay. This is not the first time it has touched that price. In the past it has rebounded from the low level and so it will again. Prosperity will come again in due season.

Looking on the brighter side, the price of pineapples is admittedly good, that is, a fair profit will be realized by the grower, and that will tend to alleviate the unsatisfactory conditions created by four cent sugar. Costs of production of sugar next season will be affected by the lower wages of this year and with a fair price then profits will appear once more. Many things that Maui folk have planned will have to bide a bit, but it is postponement merely, not abandonment.

In considering business generally it is not fair to compare that of today with that of last year and the years of the world war, which were abnormally good. Comparison should be made with pre-war days. It will then appear that industry is far from being at low ebb.

It is the sugar companies of the Islands that are hardest hit and they are taking their losses philosophically, an example for the industries which merely face a smaller profit, not an actual loss.

Maui's course and the course for her industries is a plain one, to go on as near to the normal as possible but without extravagance. To halt or turn back is cowardly. Maui will continue to move forward though not so swiftly as was expected a short year ago.

TOURISTS FOR MAUI.

Early next month two parties of tourists will be on Maui, half a hundred hikers of the Trail and Mountain Club from Honolulu will be here over the Fourth and more than a third of the Brooklyn Eagle's park dedication excursion party will stop on Maui. This is encouraging, the fruits of publicity sown are coming up from the seeds. Maui has never had a tithe of the publicity that Honolulu and Hawaii have had, but there is no reason why it should not seek and get more. The more publicity, the more tourists, and elsewhere the tourist business is a valuable and valued asset.

True, the Brooklyn Eagle party, because of hard times on the mainland and other obstacles, has dwindled down to 28, but ten of the 28 elected to visit Maui and Haleakala, more than it was intended should come to this Island under the first arrangement, when the steamer was to anchor off the crater of Haleakala. At least it is encouraging that so large a proportion of the party should have heard of the beauties and wonders of the Valley Isle.

A few years ago fishing about Maui was featured. It might well be featured still and many sportsmen brought to enjoy it. Fish are plentiful in the waters about Maui for those who know how to go after them in spite of the appearance to the contrary in the fishmarkets and in the prices charged for sea food. In going out after tourist visitors recently Maui has lagged behind all of her sisters except Kauai. The activities of the civic department of the Maui Woman's Club show the desire to beautify the roads of the Island for tourists as well as for home folk and is a good sign.

In October there will come the opportunity to give Maui advertising such as it has never before enjoyed on the occasion of the World's Press Congress to be held in Honolulu. The largest possible number of such visitors must be brought hither, whether or no a large steamer can be secured. The visitors must be entertained, made welcome, shown about. It will cost something but the returns from such an investment will be many fold. It is the payment of hospitality and a small monetary cost therefore that will bring returns which no money could buy. In the average mind the map of Hawaii consists of Honolulu and Kilauea. The time has come to add Maui and Haleakala to such mental maps.

The Optimistic Pessimist

Woman has a sad lot in this world. A few years ago she was condemned by physicians and laughed at by laymen for binding her body up in corsets. Now she is called vulgar, immodest and immoral because she has discarded them. But woman is growing in wisdom, strength and integrity despite all carping criticism.

Go slow and one wears physically more rapidly than he who speeds up. The hard worker who gets out of himself and gives to the world the most lives longer than the easy going, lazy chap who thinks he is over-worked after watching the clock for eight hours.

Recently a woman columnist condemned aspiration to ascend to heights impossible of scaling. Inordinate ambition is truly a fault but high aspirations are to be commended rather than condemned. Every goal is impossible of attainment until it is sought.

This is a pretty good old world after all and it's growing better. The passing generation ever inclines to carp and criticize at the new and deplore the fact that times and customs change. When one fails to keep up with the vanguard he will complain of the morale of the army that is leaving him in its wake.

The market is full of recipes for reducing flesh but the best one yet found is each day's work well done and each night's sleep enjoyed.

It seems almost impossible for editors and umbrella owners to save anything for a rainy day.

Life for some is a fat grunt and for others a lean squeal. The streak of lean and streak of fat come afterward.

Tolerance is something one expects of others but forgets to exercise for himself.

No better way has been found to bring up boys to honesty, integrity and fairness than through clean sports. Hard knocks and a few defeats develop the come back sprit and make the good loser who is always the best winner.

HAWAIIANS AS TEACHERS.

Out of the Wood controversy has arisen debate as to the fitness of Hawaiians and part Hawaiians for teaching in the public schools with general agreement as to their being eminently fitted for the work. And it has appeared that there are not enough teachers of those two classifications to supply the demand for them.

The Advertiser recently remarked that something must be done for encouraging them to enter the profession. It is a little late to do anything in that line this year. A Maui representative introduced a bill for just the purpose suggested. During the legislative session it received little public attention, the press of the Islands did not flock to its support and it died in committee. Another session it can be revived.

Meantime it is suggested to the department of public instruction that a campaign of publicity to secure Hawaiians and part Hawaiians for prospective teachers be undertaken. Let a general propaganda for those classifications be undertaken. In the past three or four years Kamehameha School has been immensely popularized by such propaganda as is suggested. Let young Hawaiians from other Islands than Oahu as well as from Oahu be encouraged to enter the Normal school, assisted where necessary. Let it be known they are wanted. The way to get what is wanted is to go out after it, not to sit at home and wait. The store that wants business advertises for it. Advertising has many forms and some of them will fit the needs of the Normal school and the educational system of the Islands.

This month it was announced that the combined pineapple industry of these Islands will spend \$180,000 in advertising canned pineapples on the mainland. It is not so large a sum as it sounds but it is a good start. Besides it is a recognition of the old, long proved fact that the time to advertise hardest and strongest is when business is poor, rather than when it is rushing. It's a lesson to the small business houses in the territory.

But to secure a larger attendance in the Normal School the system that is working well for Kamehameha school has much to recommend it. Work the propaganda among the Hawaiians themselves not among the other races and good results will be secured in proportion to the energy expended. Let the word go forth widely, "Hawaiians wanted for teachers."

WORKING FOR MAUI.

It would be hard to find anywhere an organization which is doing so much for the community in which it exists as is the Maui County Fair and Racing Association on this Island. Organized for an unselfish purpose, conducted along the broadest lines of community spirit it reaches out kindly hands in all directions and it is hard to see why any citizen of ordinary means and a whit of public spirit is not a member.

This remark is stimulated by questions recently voiced from various mouths. "Why should I join it? What do its members get that I do not? I can go any where they can. They've nothing on me," are remarks that have been heard.

That is not the Maui spirit. That is not the spirit of the association. It is the spirit of selfishness and graft that incites such words. The Maui spirit and the spirit of the Fair and Racing Association is do it for Maui and for the benefit and enjoyment of all of us Maui folk. Were it not for the Association there would be no fair, no races on the Fourth of July, there could have been no such carnival on Kamehameha Day, No All-Maui swimming meet, no dance a week from tomorrow night and no territorial building to hold the dance, no clean baseball, soccer and other sports.

The answer is that giving and sharing is far more pleasant and enjoyable than getting and keeping. Members of the association are members of the "Maui Family" while the non-members who do not see what members get that they do not are as alien strangers within the gates, imposing on the hospitality of their hosts.

It is said that there exists a misunderstanding as to the polo match on July 4. It will be played on the polo grounds, not in the Fair grounds. The dance Saturday night, the horse races Monday will be in the fair grounds, but the polo will be on the up-country grounds.

It is possible that the library may have to close for a time early next month. The librarian has resigned, Maui Aid has discontinued its appropriation for a librarian's salary and the fund for the county library has not yet been made available. Efforts are being made to present closing and if that effort fail, for a speedy re-opening.

Miss Sadie Carey's Recital Next Wednesday to be Feature of Season

Immediate interest has been aroused by the announcement that Miss Sadie Carey with Mrs. Ralph Fishbourne as pianiste and Miss Dorothy Pasmore as cellist will render a recital at the Territorial Building in Kahului next Wednesday evening and the musical world of Maui is on the qui vive for the treat which is forthcoming. A typographical error in the advertisement omitted the name of Miss Pasmore as cellist and immediately there appeared an anxious inquiry as to whether the talented performer would not be heard here. The answer was prompt in the affirmative, Miss Dorothy Pasmore will come to Maui and will appear with Miss Carey.

Without doubt the fact that Miss Carey is a former Maui girl adds greatly to interest in the recital of next Wednesday. The young lady has many friends here who are anxious to welcome her home and to wish her the highest success in the career which she is undertaking and in the pursuit of which she is soon to leave for Europe to study with some of the great masters there. Interest has been further augmented by the reports from Honolulu of the talents which Miss Carey has displayed and the success of her debut at the recital at the Elks' Home. She has a charming personality as well as a voice of coloratura quality and with a depth of volume and range which are exceptional in so youthful a performer. Mrs. Fishbourne is a pianiste who has won a high degree of popularity in Honolulu where she has proved a most welcome and valued member of musical circles and Miss Pasmore, of

Two Maui Girls Show Progressive Spirit For Educational Work

Miss Mabel K. Wilcox and Miss Phoebe Wilcox, daughters of County Auditor Charles Wilcox left Saturday night and are aboard the *Wilhelmina* on their way to New York where they will complete their studies in Columbia University preparatory for further educational work at home. Miss Mabel Wilcox is seeking an M. A. degree. She has a Mills college diploma and has been teaching in Wailuku school for two years. Miss Phoebe Wilcox has a normal school diploma and taught this year at Puunene.

On the eve of their departure, last Friday evening, the Misses Wilcox were tendered a surprise in the town hall building by the Maui Hawaiian Women's Club, about 40 members of the club and friends of the departing girls being present. Progressive refreshments were played, there was dancing, refreshments of ice cream and delicious home made cake were served.

In the course of the evening came the greatest surprise of all when Miss Rebecca R. Akana on behalf of the club and friends of the two young ladies presented them with a purse

containing a handsome sum of money accompanying the gift by telling them that they were the first women of Hawaii to embark upon such an undertaking on their own resources for the betterment and the upbuilding of Hawaiian womanhood. She congratulated them upon their decision and said it was a pleasure to present the gift which she handed to them from the club and friends which she was certain they would find useful.

Can Your Car Stop?

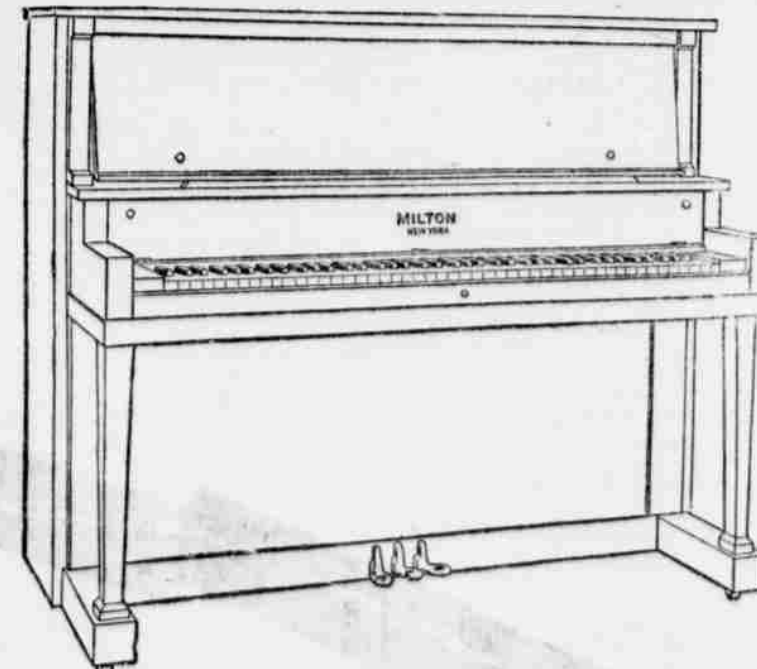

ANY automobile is able to stop, but this fact doesn't mean that all automobiles are in a safe condition.

If your brakes are severely worn they will not hold your car for an emergency stop as they should. And emergencies are the only times when your brakes really count.

Because John-Manville Non-Burn Asbestos brake lining is made of carefully selected material it will stop your car properly and maintain its efficiency long after ordinary lining has worn to a dangerous condition.

Slogan Contest Closes Next Thursday Noon

CHANCES to make \$50 by thinking up a few words—the fewer the better—are not offered every day. Chances to win another \$25 by writing a short letter are not so plentiful either.

Both are offered by the Home Insurance Company of Hawaii, Ltd., who offer to pay \$50 for the best slogan submitted, and \$25 for the best letter telling why people who live in Hawaii should insure with a company having its home office in Hawaii.

The contest closes next Thursday at noon, so if you want to try for the fifty, or twenty-five dollars or both, you had better begin scratching your head and taking your pen in hand.

Send your contribution to C. D. Lufkin, Bank of Maui, agent of the Home Insurance Company of Hawaii.

With the Alert Boy Scouts of Maui

Have you been watching the records of tests passed by the Lahaina bunch. Some hustlers, what? Again we have to take our hat off to Scoutmaster Brown of Spreckelsville. He is the biggest scout in his troop. It has to be some stormy and also a great hit doing that will stop him from taking his outings regularly with his lively bunch. No wonder his boys are making good at scouting. Go to it Brown, more power to ye.

Headquarters Chats

June closes the first six months of the scout work on Maui, and the Commissioner is at work on the report that will show just what has been accomplished during the period.

It has been hard up hill work especially getting to Kula, Makawao and Puukohli but every one has been very enthusiastic, as well as helpful in giving all the assistance possible to the work.

The greatest draw back has been the securing of just the right men as scoutmasters. Many, yes hundreds of boys want to join the movement, but it is impossible to organize troops that will be successful, unless the man who will be a sticker, can be obtained as a leader of the troop.

Great and almost irreparable damage has been done by starting troops and then having the leader drop out, or disappoint the scouts by not being regular in his attendance. This has happened on the island of Maui, and as far as the commissioner is concerned it will not happen again.

Seven troops are now registered at New York Headquarters, with memberships running from 16 to 44 in each troop. One troop has asked a special dispensation so that it may increase its membership 62 scouts. This troop will have three assistant scoutmasters.

There are a number of other groups that are holding meetings but are not yet as recognized as scout troops. At Kula, Puukohli, Hana and Waihee these meetings are being conducted, and as soon as the leaders have the groups well in hand then will they be registered. Some of the former groups have gone on for two or three months before registering, and are now good strong husky units as can be seen from the reports in the scout news column.

Vacation

Last week's scout notes mention as made that it was up to the scoutmaster of each troop to see to it that the work was not allowed to die down during the school vacation. Some of the members of the troop will stay in town during the vacation, or will work on the plantations, in this case it is up to the S. M., to see to it that these boys are allowed the privilege of passing tests and having outings, instruction etc., during this period. It will be their working hours lighter and give them something to look forward to.

Plans are being laid so that any of the scouts who are working on the plantations or elsewhere will be able to pass tests during the vacation.

When all plans have been completed notice will be sent to the S. M.'s and also published in the Maui News.

Troop 6, Makawao is now making arrangements for a wonderful trip over and through the crater and on around over the Ditch Trail. They will give demonstrations along the road and awaken interest in scouting among our friends at Hana and Kipahulu. More of this later.

Once again, and with emphasis: Why do you not send in your scout doings to the Maui News? For some time we have missed your usual snappy items. See to it at once. Hello Kipahulu. * * * No scout news as yet. Come across.

WHO HAS YOURS?

Troop VII—Spreckelsville

Yes, we did camp in famous Iao Valley, and the time we had was just grand and one that will never be forgotten. With Mr. Field's permission we camped at his Iao home. There were nineteen of us the first day and on the next day our Assistant Scoutmaster joined us. Second class scout Alfred Kaumehiwa was with us right through the three days camp and helped us a great deal.

The first lot of us reached Kapanui at 3:30, the second lot at 4:30 and the last lot at 6 last Friday afternoon. Gosh! we felt the new atmosphere. Cool, fresh, lovely. We started a fire, cooked and ate. Then we got our places to sleep ready. After looking around for more wood, we started a real camp fire. We placed ourselves around the fire and began singing the song "Keep the Home Fires Burning."

Since our scoutmaster joined our troop he never heard any real singing from his boys, but on that Friday night he was so happy that he offered prizes to the best singers. First prize, one loaf of bread and second prize, half loaf of bread. Prize winners: Solo, Tai Hee Hong, first; Harold Brown, 2nd. Duet, Kumaichi—Taka, 1st; Tashio—Bonkabe, 2nd. Then for boxing the "Australian cat," Earl bested "Cockeye" Alfred on the 4th round. Indian and hula dance came next. Lei—Lulu—Kumachi 1st, and Minnehaha—Alfred 2nd. Fun? Hurrah! We had fun up to nine when we drank cocoa. Oh! it was getting colder at ten most of us rolled in our blankets while our scoutmaster told us old Hawaiian stories. One was about the famous battle fought between the king of Maui and King Kamehameha. At twelve we went to the grave where King Kamehameha hid some of his best warriors. Their remains are there to this day. My, weren't we brave!

We returned to our camp and in a little while a light shower sprinkled over our faces but the bright moon drove away the rain.

After breakfast the next morning we hiked up the tableland. Eight boys took the test on tracking. Scout Kaumehiwa assisted our scoutmaster in taking the test. Those who passed tracking were Sulich, Yamamoto, Kaieli, Yamamoto, Kaji, Tomita, Samuel Brown and our scoutmaster, John M. Wong.

We saw the giant Needle and the dwarf needles. We found wild roses, known as Roseani, Maui's famous flower. Three were lehuas, gingers, ferns of many sorts. Oh! it was just lovely to be among these flowers and ferns. Give us the best valley on Maui. It's Iao Valley.

On our way back we met Carnation troop, some teachers and their pupils. Some of the could not get up the table land on account of the bad trail. Maui Fathers, let us bring back old Iao. The table land is just the place to go and to get real recreation. Our wish is to see the table land of Kanahele turned into a beautiful park. Then a few buildings here and there in among the trees. Maui Boy Scouts and Girl Scouts are encouraging everybody to get up and make Iao Valley a home for all. Hurrah!

After the whole day hiking, we turned in early. Then early the next morning we had breakfast, broke down camp, gathered some guavas, mangoes, etc., and made fern and flower leis. At 9:30 we bid Iao Valley goodbye, then took the H. C. & S. Co. truck and headed for home.

We wish to thank scout Kaumehiwa for his kind attention, Mr. Field for the use of his home and the H. C. & S. Co. for sending us a truck to take us back to our dear Spreckelsville.

Troop 2, Puunene

We, the scouts of Puunene held our meeting as usual at the armory last Friday evening at 7:30 p. m. The roll was called by the scribe and found out that he marked "P" after all the names. Then, Mr. Kan the scoutmaster announced to the troop that he was going to leave Puunene. He urged the boys to continue scouting with more force. The feature of the night was "seven watermelons" which the boys brought for the last meeting with their scoutmaster.

In order to eat more watermelons the boys had games and exercises for 15 minutes. Then we began our watermelon feast. We ate so much that we could hardly walk.

The meeting was closed by pledging allegiance to our flag and with three cheers for our troop.

Roseiani Troop Dance

I will relate the result of the dancing party that was given by the Roseiani Troop last Saturday night. Before that date, we girl scouts were busy selling tickets to the people.

On Saturday night, the music boys came about 8:45 and as soon as the music started the dance began. Two girl scouts were in charge of the front door selling tickets.

Friday afternoon some of the girls made bouquet of roses, punch and crepe paper caps, and sold them as follows: A bouquet of roses ten cents, a cup of punch five cents and a crepe paper cap twenty-five cents. We tried to make money out of everything. We gained about \$65.00 that night and deposited in the bank to credit of Roseiani Troop.

We thank Mrs. DeKay heartily for helping us that night.

E. M. YAMAMOTO, Sec'y., Roseiani Troop.

Sweet Pea Troop

"First batter up! Step quickly! We're ready to put you out." This is the line of talk one hears in Makawao. They say practice makes perfect and that is what these girls are aiming for. They look so trim in their new black satin bloomers made since last meeting.

At the business meeting each girl was given her crest and they'll soon be proudly wearing them. There was some talk of a peanut sale before school closes. So you'll soon of a little more money in their treasury.

The girls are all busily thinking up new schemes of interesting more girls in joining scouts. Next weeks will tell us what success they have in this line.

Bougainvillea

The girls all love to have visitors so that Friday's surprise was indeed welcome when Miss Haylar came and talked to the girls for a few minutes on bandaging in first aid cases. In all the excitement of closing school this troop like the others has not taken up much new work. Most of the girls have finished their crests and they certainly look fine.

You ought to see the girls do folk dancing. It would make any one want to get up and try too. At the end of the meeting every one grouped around the piano singing a troop song arranged to the tune of Boola Boola.

Calla Lily Troop

Mrs. Taylor and Miss Rosecrans were invited to attend the picnic held at Makena on the 11th of June and since they could not go the girls all wrote wonderful letters telling of their lovely day. Two of them have been chosen so that the rest of you may see how Calla Lily girls enjoy a good time.

This last week they sent in the registration of sixteen names as having passed the tenderfoot test. Hurrah for the Kula girls.

Spreckelsville Profits

Just to tell you about our entertainment on last Thursday evening. We had to do something to help buy our uniforms. So we began the show with the scout promise. Scouts laws and yells. Then Mrs. Deinert of Puunene gave the girls of our troop cash a tenderfoot pin. She also gave us a nice talk about the value of scouting. Mrs. F. F. Baldwin and Mrs. Fantom gave us candy, peanuts and nicanas. We put them in bags and sold before the show began. Then we had moving pictures. The show house was so full that many had to stand. We girls had no troubles in selling the tickets. After paying for the show-house we had about \$60.00 for our uniforms. Don't you think that is pretty good?

Yours with Aloha, CARNATION TROOP.

Swimming Party

I can hardly wait to tell you about our picnic down Makena. Twenty-one Girl Scouts with our captain, Miss Ah Sam and Mrs. Kapohakimewa went down. When we reached Makena we went to Mrs. Kapohakimewa's house and changed our clothes and then we went in swimming. Those who knew how to swim went out to swim and those who didn't know how stayed along the seashore and played. Oh we had the time of our lives.

After swimming and playing for quite a long time our captain told us to gather sticks and we built a campfire. Our truck driver helped us. Some were cold and had blue lips but they soon got warm sitting by the fire. We danced the Virginia Reel and learned a new song. We had brought some ears of corn so we roasted them in the fire.

Our captain taught us another scout song while we waited for the corn to get cooked. To make the corn cook faster we danced the Virginia Reel. By that time all the corn was cooked. We sang "Praise God from Whom all Blessings Flow" and then we began the feast. There was so much to eat, soda water, watermelon, cakes, salad, cookies, were passed around to all the girls. After lunch we went in swimming again.

Miss Ah Sam wanted us to play some games but we simply could not leave the water. At last we came out got our clothes on and then hiked down to visit Makena school and went on down to the beach following the shore line on our way back. It was time to come back so we jumped on the truck and came home singing all the way. Our captain got so noisy from singing but we all had a wonderful time.

Your little Scout, ELSIE TONG, "Calla Lily Troop."

Narcissus Troop

This troop had another 100 percent meeting this week, with all of its 14 members present, to say nothing of a

number of visitors of all ages. Pictures taken on the hike up Waihee valley Saturday afternoon were produced and provided considerable excitement, as did also the news that the Violet troop of Keolu had been invited to come down to Kahului and visit at the next meeting. The hike on Saturday was a great success. The only disappointment was that we found so few guavas when we had fondly hoped for so many, but the girls didn't seem to mind at all and decided that it was a good excuse for ripe.

The Sweet Pea troop are to sell peanuts this week and we hope to sell our supply as soon as possible.

We are to sew our crests at home and we know they will be dandies. Hello Sisters! Hurry up and make a baseball team. We're still waiting for a team to go against on Scout day. We hope to hear from you soon.

Makawao

You may have seen a bunch of roughnecks but the Sweet Pea Troop is that kind, they have divided their troop into two teams, one called the Makawao's and the other the Haleakala's. Tuesday of last week they spent but a short time talking over business and went out to play ball which seemed a very exciting game. Miss York was the umpire and the score was 7 to 15, the Haleakala's winning the game.

Marie Marciel made two good catches and first base one after another, with her hand bandaged up. Wilhelmina Onellos gave them dust and it'll tell the world that Lucille Souza hardly ever misses a ball behind the bat, Lucille is a sister of the famous John Souza and that's how she gets it.

The players were all starving when they got home but there wasn't one girl who went away without rosy cheeks.

The Makawao team had on their side Dorothy Cup Choy, Violet Tam Wong, Rosa Amaral, Christine Gomes and Elia Souza and the Haleakala's are Lucille Souza, Mariel Marciel, Malenda Pacheco, Wilhelmina Onellos and Rebecca Tam.

W. D. Tilden won the hard court world's tennis championship at St. Cloud, France.

Two Swatfests on Wailuku Grounds

Wacs and Puunenes take their Games From Paia and Lahaina; Scores Make a Noise Like Cricket Games.

 Puunene vs Paia at Wailuku

Pitchers had a hard time of it last Sunday and batters fattened up their averages. The games staged developed into slugging matches a total of 58 runs and 42 hits being rolled up during the course of a long afternoon. The tripple tie was broken and the Wacs and Puunene are this week wearing the procession, shoulder to shoulder.

To report games such as those played last Sunday in detail, inning by inning, or even to tell how the runs were put across would require more space than is afforded by the sports page of Maui News even to the exclusion of other sports. The box scores and score by innings tells the story in the smallest amount of space.

Where the hitting was so hard anything like clean fielding was not to be expected and 14 errors by Lahaina contributed largely to the team's defeat. Haake of Puunene and Tsuda of Lahaina led in the stick work with four hits each.

It was four o'clock when the second game was started with Paia getting off like a winner and holding the lead to the fifth when the Wacs piled up five runs and were never thereafter headed. The sensational feature of the game was the base running of Curtis who stole second, third and home. Wells Cummings and Tim Cockett led in stick work.

The box scores and scores by innings follow:

Charlie Paddock, trying out at Pasadena for the A. A. U. national championships meet, broke five track records, the 90, 110, 130, 150 and 220-yard marks. The new times were respectively 8 4/5, 10 1/5, 12 2/5, 14 1/5, and 19 seconds.

New Bowling Records Are Hung Up By Moura

Manuel Moura is record holder on the Wailuku alleys, a double record holder since he has hung up figures for a single game and for the best two games in an evening. His scores were run up in competition with three other alley hounds recently and set a mark far above all former niches in the hall of bowling fame.

With his bowling eye true and his bowling arm strong Moura set the pins shoving as if he had 'em trained. He hit the pins for a strike, made a spare, three more strikes, another spare and wound up with five strikes and 5 pins on the last frame, 263 which tied Correa's record.

Continuing his phenomenal work he piled up seven straight strikes, made 9 on the first and a spare for the eighth frame, strikes in the ninth and tenth and 9 and a spare for the final two balls rolled, 268 pins and 15 above best previous records, 251 or an average of 260 1/2 for the two games.

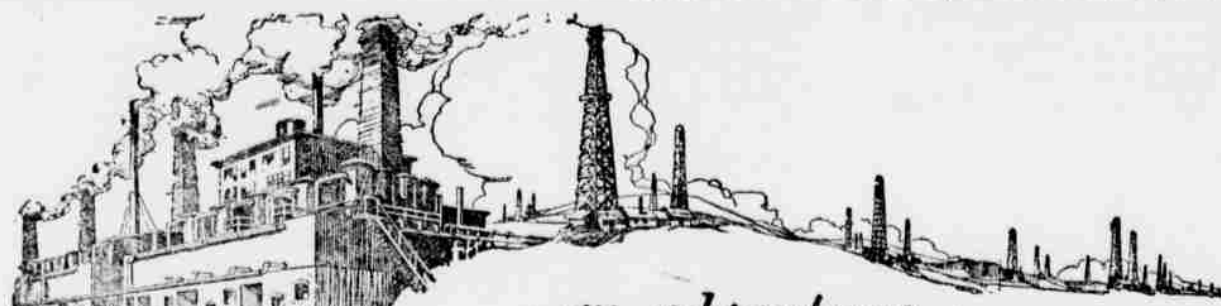

SPORTS BREVITIES

Strangler Lewis has secured a return match with Zbyszko.

Paris has been selected for the next Olympic meet.

Oahu's polo team was defeated by an army quartet in a closely contested game at Kapiolani Park last Saturday by a score of 7 to 5.

"Doc" Hess, matchmaker and boxing instructor at Pearl Harbor, leaves on the transport Buford to take an advanced course in aviation mechanics at the Great Lakes naval training station. His many friends hope that he will be able to fulfill his wish and return here at the expiration of the course, in some 18 months.
