OUR SAN FRANCISCO LETTER.
 San Francisco, October 25th, per Bark-
 entine "Planter."
 (From our Special Correspondent.)
Foreign Affairs.
 There were 400 passengers on the train
 which was crushed by the landslide in
 Italy. One hundred and fifty dead and
 wounded have been identified. Many of
 the victims are unknown. Scores con-
 tinue to be unearthed. The work is im-
 peded by the cold and snow. Several
 headless and armless corpses have been
 found in a neighboring river. A young
 priest was buried for two hours, by mis-
 take, and when extricated it was found
 his hair had turned white.
 An attempt has been made by incen-
 daries to destroy the Fontainebleau
 forest. Fires were started in five places
 and were extinguished with difficulty.
 The loss is 250,000 francs. Two men
 were arrested on suspicion of starting
 them.
 At a meeting at Lyons De Lesseps de-
 clared the Panama canal would be
 opened for traffic in July, 1890. He said
 he wished to correct the report that the
 opening would be delayed until 1891.
 The Hamburg-Pacific Steamship line
 has been merged in a new company with
 increased capital. New vessels have
 been ordered to enable the company to
 establish a fortnightly service.
A Couple of Embezzlers.
 James E. Bedell, who embezzled \$250,-
 000 by forged mortgages, has pleaded
 guilty and informed against his accom-
 plices. Thomas Axworthy, City Treas-
 urer of Cleveland, Ohio, has been miss-
 ing since September 29th. He was a re-
 markably prosperous business man own-
 ing vessels, real estate, coal mines, iron
 ranges and other investments. His
 bondsmen, Senator H. B. Payne and J.
 H. Wade, Jr., who are pledged for \$500,-
 000, have attached the whole of his
 property. The National Bank of Com-
 merce has also begun suit to recover
 the \$25,000 on a promissory note. The city
 of Cleveland will lose \$500,000 and is
 bankrupt. On September 28th Ax-
 worthy negotiated \$175,000 worth of city
 bonds with Blake Bros. & Co., of New
 York. The bonds were not hypothecated
 and the city will be the loser.
 There is only \$3,000 in the city treasury,
 all its money in various banks having
 been attached by the bondsmen. Ax-
 worthy arrived at Montreal on Septem-
 ber 30th, leaving again on October 2d by
 a Canadian west-bound train. White at
 Montreal he consulted Geoffron, Q. C.,
 who informed him that his offense was
 extraditable. He was laboring under
 great mental agony and drinking hard.
Mails and Trains.
 The jury that investigated the Mud Run
 disaster on the Lehigh Valley road, found
 the engineers guilty of criminal
 negligence in failing to see the danger
 signal. The lookout men were found
 guilty of gross negligence, as also the
 rear brakeman and conductors. War-
 rants have been issued for the arrest of
 the parties.
 Another bad accident has occurred on
 the Erie road near Otisville, New York.
 Two west-bound trains collided, one run-
 ning into the rear of the other, and at
 the same moment an east-bound expres-
 ran into the wreck. Two locomotives
 and twelve cars were smashed, but
 fortunately nobody was killed though there
 were over half a dozen serious injuries.
 At Port Costa, Cal., the Central over-
 land train jumped the track yesterday
 as it was leaving the boat that transfers
 the trains across the straits. Three
 ladies were seriously injured, one of
 them internally.
 The Canadians are complaining of the
 mail service between Victoria and San
 Francisco. The mail that arrived there
 by the S. S. Mexico this week was kept
 on the wharf for over six hours before
 being sent for by the San Francisco Post
 office authorities, who had been notified
 of its arrival.
 Democratic postmasters have been
 caught tampering with the mails, substi-
 tuting Democratic literature for that sent
 out by Republican senators in Congres-
 sional envelopes. Senator Stewart has
 exposed the fraud.
The Baseball Tour.
 Gorgeously colored posters, telling of
 the coming of the Spalding-Ward base-
 ball party, on the way to Australia, have
 been received here. They plan to reach
 Sacramento November 3d, and this city
 the following day. After remaining here
 a week, and showing local athletes how
 to play the national game, they will go
 to Los Angeles. On November 17th
 they are booked to sail for Australia on
 the Alameda. They expect to have time
 enough for match games at Honolulu
 and Auckland. According to the pro-
 gramme, they are due in Sydney on
 December 12th, and they plan to return
 the latter part of February.

THE DAILY

Pacific Commercial Advertiser.

Be just and fear not: Let all the ends thou aim'st at be Thy Country's, thy God's, and Truth's.

TUESDAY, NOVEMBER 13, 1888.

Through the courtesy of the officials of the Bureau of Public Works, we have been shown the plans for the proposed additions and alterations at the prison. At the present time there is a large jog in one side of the prison yard. This will be done away with by pulling down part of the wall, and re-erecting it in such a way as to complete the quadrangle. By this change an additional area of nearly five thousand square feet will be gained, and space provided for some much needed improvements. The present kitchen, water-closets, and sheds will all be demolished, and replaced by new structures at the extreme rear of the yard, close to the new line of wall. The new closets, eight in number, will be arranged for the dry earth system, which has the highest endorsement from the best sanitary engineers. The sheds, with benches under them, will be for the accommodation of prisoners when confined on the premises on Sundays, holidays, or through the stress of weather. The hospital, which is a frame building, and can easily be moved, will also go back on the same general line as the structures above named, thus utilizing a space which is now vacant, and entirely useless. At the present time the hospital accommodations for all purposes are comprised in one common ward. At the suggestion of the prison physician, a small room will be added to the present building. This will be used as a dispensary and storage place for medical supplies. It will also afford that privacy for examinations, operations and so on, which is frequently desirable, even in a prison. The old portion of the prison proper will remain as at present, but a new two-story wing, con-

taining twenty cells, will be added on the southerly or seaward side of the present yard. A drain about one hundred feet long will lead from the kitchen, hospital, etc., into the sea. The amount appropriated by the Legislature for the above described improvements was \$4,680. This appropriation was based upon estimates prepared for the purpose by the Public Works Department. We consider it a matter of regret that the Ministry did not see their way to ask for a larger amount, with a view to increasing still further the cell accommodation. Even with the proposed addition, it will still be necessary to lodge a considerable portion of the prisoners two in a cell, an arrangement which is considered objectionable by most authorities on prison management. However, with the kind of material of which most of our prison population is composed, this, probably, is not a matter of as much consequence as where they have to deal with felons of a more desperate class. "Professional" criminals of the more dangerous kinds are very scarce in this country.

CORRESPONDENCE.

We do not hold ourselves responsible for the statements made, or opinions expressed by our correspondents.

That Prisoner's Death at Hanalei.

MR. EDITOR: In your issue of November 6th a correspondent signing himself "Hanalei," tries to make the public believe that a prisoner named Mahoe died in the Hanalei lockup, and that previous to his death said prisoner was allowed to roam around the country so as to allow him to obtain opium.

Now the truth of the whole matter is that no prisoner has died in the Hanalei lockup, or in Hanalei district, or on the island of Kauai for a year or more. The man Mahoe that your correspondent mentions was not a prisoner at the time of his death, nor had been for over twenty-four hours previous to his death. He was found dead in a house more than half a mile from any lockup.

S. W. WILCOX, Sheriff of Kauai. Lihue, Nov. 10, 1888.

Reply to Mechanic.

MR. EDITOR: In your late issue we noticed a communication from Lahaina signed "Mechanic," which refers to schoolhouse, stone walls and roads. If we knew the writer, would send a doctor to visit him at once; for having studied and worried so hard in his mountain home, over private and public business, may entangle his brain and bring on a disease some call "money mania."

We feel to sympathize with our unknown friend, and are willing to assist him to find out the cost of building the stone fence referred to, and who paid for it. We have recently built about one and a half miles of fence, 600 yards of stone wall, the balance made of posts and boards; including 200 or 300 acres of land; and have paid out for this work \$1,510. The public road that passed over this land, which is low and marshy, was impassable part of the time.

The road now made to run along the fence referred to, is on good solid ground. I am unable to give our unknown friend the exact amount of money paid out by the road board for making this road, but think about \$300. To have made the old road passable at all times, after being fenced up, would have cost nearly \$600. We would here add that we have a road board that has frequent public meetings, which all citizens can attend to make suggestions and get all the information about cost of roads, etc., they desire.

W. Y. HORNBER, Lahaina, Nov. 10, 1888.

Reply to Spectator.

MR. EDITOR: In your issue of November 6th I notice a letter from Hilo signed "Spectator." At the session of the Appeal Board referred to there were no spectators. The planters were not there in that capacity, it was business with them. The only one whose course needed vindicating was the late assessor's, and I think I am safe in stating that he and "Spectator" are one. He did not need to start off with a fling at J. A. M., when he is so far from the truth himself. As no other plantation about Hilo buys cane from Portuguese or petty planters, I am the manager spoken of.

He says I objected to an assessment of \$100 per acre on four-ton cane, but would buy from others at the rate of from \$140 to \$190 per acre. "Spectator's" memory is as treacherous as his truth is defective. I did not object to \$100 on four-ton cane, but to \$100 an acre. If I got four tons I would be willing to pay for it, but when I only get three tons, and that was last year's returns at the mill, I did and do object most strongly. He goes on to say that during a cross-examination conducted by himself, I admitted buying cane from Portuguese at from \$140 to \$190 per acre. There he is far off from the truth. I never have and never said I bought by the acre. I buy cane by the pound. But suppose I did buy at \$140 per acre, it is bought when we are grinding and may be worth it. That is quite different from assessing growing cane in July, when there is little or no sugar in it, as all men familiar with canes well know.

Why should Hilo district be assessed on plant cane \$100 per acre, where the average is about three tons, and in the adjoining district where the average is about five tons the assessment is only \$60 per acre. Can "Spectator" prove that they are paying one-half their proportion toward the support of the Government? C. C. KENNEDY, Waiakeia Mill, Nov. 9, 1888.

Hall McAllister's mind has entirely given way. A prominent resident of San Francisco, who has talked with him in New York, says his memory has entirely failed, and that there is no hope of his recovery. The most strenuous efforts have been made to keep the nature of his illness a secret, but it is unquestionably paralysis of the brain, and his medical advisers say that his death may ensue at any moment. He is staying at the Newlands residence in Grammercy Park, and has just returned from a trip to Europe.

THE JAPANESE MISSION.

Admission of Converts to the Christian Church.

There was a very interesting service at the Lyceum Sunday morning. During the last few weeks there has been an increasing religious interest among the Japanese residents in the city, who have formerly been indifferent or opposed to Christianity. Those connected with the Japanese store on King street were the first to break away from their former religious connections, and avow themselves believers in Christ. Others followed, till twelve and more had come out and taken their stand as witnesses of Christ's saving power. After due examination, it was decided that twelve, two of them women, should be baptized. A congregation of nearly a hundred Japanese, and half as many others, members of the Central Union Church, gathered at the Lyceum Sunday morning. After a brief address from Rev. K. Miyama, and short testimonials from the candidates and others, these twelve were baptized. The Sacrament of the Lord's Supper was then administered to the company of Christian believers present, of differing nationalities and various church connections. In administering the Sacrament Rev. Mr. Miyama was assisted by Rev. Dr. Hyde, and the interesting services closed with a brief address and prayer from Rev. S. E. Bishop.

The Japanese Y. M. C. A. held its regular meeting last Saturday evening. The various committees reported the work done during the past month, 150 letters sent to various plantations on Hawaii, the evening school well sustained in Queen Emma Hall, a lecture on Jerusalem from Mr. F. W. Damon, highly appreciated for its graphic descriptions of his personal observations in the Holy City. It was voted to send 2,000 letters (lithographed) to all the plantations, to interest the Japanese in Y. M. C. A. work; and to observe this week as a season of special prayer. Mr. Y. M. C. A. at the Christmas exercises to be held during Christmas week.

Police Court.

MONDAY, NOV. 12.

There were six fines and forfeitures for drunkenness.

Frank Jolva, pleading guilty to selling goods without license, was fined \$43, or in default 40 days at hard labor. Appeal noted.

Waahila (w.), disturbing quiet of the night, forfeited \$10.

Maaele (w.), released without trial from charge of selling liquor without license. A. F. de Mato, released after hearing from same charge.

John Brown, pleading guilty to furious and heedless driving, \$21.

Thomas King, same charge as last, discharged, as not fully identified. Justice Dayton remarked, in reference to the latter two cases, that it would be a benefit to the public if the proper authority refused to renew the licenses of drivers proved guilty of fast driving. He also observed that he should regard the driving round a corner faster than a walk as "heedless and furious driving" within the meaning of the statute.

Ah Fook, common nuisance by leaving his vehicle unattended, \$3.

Supreme Court—At Chambers.

MONDAY, NOV. 12.

Probate Division. Before Mr. Justice Preston. Estate Alexander McDuff. W. O. Smith for petitioners. Ordered that the accounts of Henry Waterhouse and John T. Waterhouse, Jr., as executors and guardians under the will, be approved and that they be discharged from both trusts. The balance of \$81 23 in the hands of trustees at discharge is handed over to the sole heir, Sarah McDuff Mutch, wife of Wm. Mutch.

Estate Manuel Vincent, Jr., administration. Carter for petitioner. Ordered that letters of administration issue to John F. Hackfeld under \$8,000 bond.

Law Division. Before Mr. Justice Dole. The mandamus case of Chilton vs. Minister of the Interior is continued till to-morrow by agreement.

The sale of Government land in Puna is postponed from to-morrow until ma-hope.

Messrs. Theo. H. Davies & Co. are to the front with an announcement of choice Christmas goods.

Mr. Daniel C. Bigelow, who was American Consul and lived at Lahaina several years, is dead.

A dinner party will be given on board the British flagship Swiftsure to-day, and a dancing party to-morrow.

It is reported that another series of robberies has lately occurred at Makawao, Maui, or in that vicinity.

Fresh Ahuimani roll butter, also great variety of provisions and fruits exported per Australia, at Messrs. H. May & Co.'s.

Tickets are out for Engine Company No. 1's ball on the evening of the 16th. They are to be had from members or at the bookstores.

His Majesty boarded the Swiftsure at 1 o'clock on Tuesday, being the guest of Admiral Heneage at luncheon. A royal salute was fired in his honor.

The steamer Lehua will take a number of Sisters of Mercy to Molokai to-night. A large list of lepers, probably forty to fifty, will also be sent over.

A large audience assembled at, and a highly pleased one dispersed from, the first band concert of the present moonlight series at Emma Square last night.

By the Australia will arrive something more substantial than election news—two large refrigerators packed with fruits and vegetables for the California Fruit Market.

Capt. Robertson, of the Consuelo, has the thanks of the ADVERTISER for a file of late San Francisco papers, the latest date being Nov. 1. He has made a flying trip this time.

A number of persons who went to the steamer Likelike to see a circus of departing mules were probably disappointed that the frisky creatures did not kick the shed into the bay.

A drunken man-of-war's man, whose yells when locked up could be heard blocks from the Station, and a woman charged with deserting her husband, were the only arrests of yesterday evening.

The milk shake has struck Hilo. Its inhabitants will regard earthquakes with less terror henceforth. No less than six of the machines are bespoken already for the town. There is plenty of rain there, guaranteeing ample supplies of the raw material.

Engine No. 5 was kept at work pumping out the Kalakana until 7 a. m. Tuesday. Since then the ship's pump has been turning out a river incessantly. It is thought that there must be a hole in the bark's bottom, as she was tight before leaving for Tahiti.

Capt. Robertson, of the Consuelo, says that when he left San Francisco, there had been no change announced in the date of the steamer Australia's departure. He thinks she will be in to-day. If she is not signalled by 12 m., it will be pretty certain that she was detained.

More milk shake machines in a double sense are befailing the community. Some more of the foreign make are coming by the steamer Australia, and R. More & Co. are turning out numbers of them in good style. One goes to Kohala by the Kinau from their machine shop on King street.

The Maui Evangelical Association held its semi-annual meeting at Wailuku last week. There was a good attendance, and the usual routine of business transacted. It was voted to ordain J. P. Inaina, as pastor at Huelo; and A. S. Kaholokai, at Hanuula. L. P. Kamealii received a preacher's license for one year.

The meeting at the Y. M. C. A. parlors yesterday noon was well attended and interesting. Services will be held at the same place to-day at 12:25 p. m. and 7:30 in the evening. The latter service will be conducted by Rev. W. B. Oleson. Young men of every age and creed are earnestly invited to attend.

Among the passengers by the barkentine Planter from San Francisco were Captains A. A. Tuttle and Geo. Wise. Captain Tuttle was formerly in the whaling service, and later in the war, serving one year in the 26th Connecticut Infantry and three years in the blockading squadron, off Charleston. These gentlemen propose to buy a small farm and locate somewhere on this island.

Accidents. Rev. Alex. Mackintosh is unfortunately confined to his house by a kick from his horse.

Captain Kibling of the schooner Haleakala had his right leg broken at Pepee-keo with a blow from a bale of hay while discharging freight. Dr. Mouritz was at the landing and set the fracture, and the Captain was brought home to town by the schooner. Dr. McGrew is caring for his injury.

A Swiftsure sailor was run into by a hack on Saturday evening, the shaft inflicting an ugly wound under his eye. The driver of the hack drove out of the way and his identity has not been established.

While Capt. Larsen of the police was pursuing two "furious and heedless" hack drivers on Sunday evening, his brake knocked down a native man and hurt him somewhat.

NEWS BY THE CONSUELO.

Lord Sackville's Recall—Whalers Hemmed Up in the Arctic.

There are only one or two items of very great interest in the latest dates brought by the Consuelo.

It appears that Lord Sackville, British Minister to Washington, has been recalled on account of unpleasantness with President Cleveland and Secretary Bayard, over the Minister's letter advising a naturalized Berlin in Los Angeles to vote for the Democrats.

The English press generally talk of an affront to the Minister by the Secretary of State, but the London Daily News lectures Lord Sackville upon the impropriety of his course. The British National Zeitung reviewing the affair comments on the frivolity with which international difficulties are provoked by political factions in America. The papers to hand not being connected in dates, we cannot give just exactly what the nature of the semi-international quarrel is.

Thirteen whalers with 490 men are hemmed in by the ice in the Arctic Ocean, beyond Point Barrow. An expedition of rescue was being earnestly discussed in San Francisco. It was thought the Thetis was the only vessel that could be sent north, and she would have to come to San Francisco to fit out.

Two Honolulu boys, Eddie Bruns and Benny Whitney, are on the Lagoda. Without a list of the embargoed whalers, it cannot be said whether the Lagoda is among them.

The whaler Cape Horn Pigeon arrived at San Francisco October 31st, thirty-six days from the Okhotsk Sea, with 875 barrels of oil and 9,700 pounds of bone, as the result of the season's catch. The whalers in the Okhotsk Sea met with the same poor luck as those in the Arctic, the catch being very small.

Following is the report of the fleet as given by Captain Layton: Josephine, eight whales; Charles W. Morgan, four; John Whitroop, two; E. F. Herriman, one; Lydia, five; Stamboul, three; Coral, six.

The Manitoba railroad war continues. The Canadian Pacific Railway Company is put to a fearful expense, in providing large forces to watch the opposition at four distinct points.

The Chronicle's religious news column has the following item: The teacher of Catholic missions in Hawaii proposes to bring from there a colony of Catholic Portuguese, several hundred of whom desire to settle in Southern California. He says they are a laborious, saving and orderly people, and, having laid up a little money, desire to establish themselves on their own land. This they find difficult to do in Hawaii, for the reason that nearly all the land is in the hands of the "missionary party," who refuse to sell to Catholics.

MAUI'S HEALTH. The Tour of the President of the Board of Health.

Dr. Emerson, President of the Board of Health, returned on Sunday last from an official tour on Maui. He went first to Kahului, thence to the Makawao hospital. Then on to Kipahulu and Hana. He found the public health very good at those places, and was the guest of Mr. Unna at Hana. Looking in at Hamoa, he made a visit to the Reciprocity plantation, also to the Hana plantation adjacent. Going back to Kahului the Doctor took horse from thence with Dr. Crane to Paia. He found the general health very good along the route, there being very little sickness.

The Manhattan Life Insurance Company
of New York.

Assets over \$11,000,000. Net Surplus over \$2,000,000.

POSITIVE RESULTS

Of a Policy in the Manhattan Life on the New Plan.

Age, 30; amount of Policy, \$10,000; term, 20 years.

The Annual Premium will be \$ 301 80

The 20 payments will amount to 6,036 00

At the end of that time the Company will return to the holder in cash 5,700 00

Thus the \$10,000 Insurance will have been secured at the net cost for 20 years of only 336 00

or \$1.68 for \$1,000 Insurance per year.

or if the Cash be not drawn the Policy will become paid up for 10,050 00

These results are not estimated, but are fixed in a Positive Contract, the full face of the Policy meanwhile being payable in the event of the death of the assured. There is no forfeiture of payments on discontinuance of policy after three years, a

Cash or Paid up Value being Guaranteed by the Terms of the New York Law.

For examples at other ages, and also on the 10 and 15 years' plans, write or apply at the Office of the Agent.

NOTE.—The Manhattan's is the simplest form of policy in existence, and Incontestable after 5 years, this feature having been originated and adopted by this Company over 20 years ago.
