## DIE WACHT AM RHEIN.

Yesterday was the great day with the Germans. It was the twenty-ninth anniversary of Seden, the great and decisive battle of the Franco-Prussian war. All Germans in the city "celebrated" in one way and another. On account of the date falling on Sunday, Consul Hackfeld held no reception. Withal, the subjects of Emperor William made the most of the day, and many a bumper was turned in honor of Bismack Von Moltke and William I.

"Hoch fur das Vaterland"
"Lang soll es Leben."

### GAS CANE CARS.

HILO, September 1.—Waiakea has ordered three cane cars, to be operated by gas engines, the machinery of which is designed to gather up and place in the cars the cane alongside the track. A great saving in labor is expected from this.—Hilo Tribune.

### REV. G. L. PEARSON.

HILO, September 1.—Rev G. L. Pearson of the Honolulu Methodist church has been the guest of Mr. and Mrs. McTaggart during the past week. He will conduct the services at the Foreign church tomorrow.

### FURNITURE NOT HERE.

On account of a failure of the furniture to arrive in time Hart & Company will not be able to get into the Elite building until some time in October. Forty tons of furnishings were on the wharf at San Francisco when the Australia was there. That vessel took twenty tons and left the balance over. No other vessel has consented to take the freight and the remainder will have to stay until the return trip of the Australia.

## FORMER QUEEN SERENADED

IN HONOR OF HER SIXTY-SECOND BIRTHDAY.

Hawaiian Band Remembers the Writer of Much Native Music—A Hundred Callers—The National Anthem.

The Government band serenaded former Queen Liliuokalani between the hours of 8 and 9 yesterday morning. During the time over a hundred natives called and paid their respects to their alii. The function was in honor of the 62d anniversary of the Queen.

The concert was not an official affair, but was arranged and carried out by the band. Queen Liliuokalani has written considerable Hawaiian music, and it was on that account that the band boys remembered her.

A feature of the concert was that Liliuokalani arose when Star Spangled Banner was being played but kept her seat during the playing of the Hawaiian anthem. The natives were greatly surprised at this. It was intended to show them that the former and not the latter is now the national hymn, and indications were that the desired effect was attained.

The vocalists of the band were present and two songs written by Liliuokalani were sung by them. Before the serenaders dispersed the Queen took occasion to thank the singers for this additional compliment.

The concert was given on the grounds in front of the house at Washington place. Liliuokalani sat on the large front lanai and there received her callers. When the Music was over the house was closed and the Queen prepared for church.

### DIED OF INJURIES.

The Japanese injured at Waialua in a blasting accident Friday and brought to Honolulu died at the Queen's hospital Saturday of his injuries.

### DAMAGED BY STORMS.

HILO, September 1.—The Volcano road is being damaged by the continued heavy rainstorms.

### IT IS COLONEL McCREA.

The men of the Sixth Artillery at Camp McKinley have received word that Lieutenant Colonel McCrea, of the Fifth Artillery, has been promoted to be colonel of their regiment. They are disappointed that Lieutenant Colonel Mills, who was here and is well known to all Honolulu people, did not receive the appointment although the new colonel is a most competent man. Colonel McCrea has taken command of a portion of the Sixth in China.

## SUNDAY LAWS VIOLATED

VERY STRICT RULES IN THE STATUTES.

High Sheriff Brown Will Issue Twenty or More Penal Summons— Closed Town Provided For.

Sunday ought to be a very quiet day in Honolulu if all the laws are enforced, and High Sheriff Brown says that he is going to enforce them. Twenty or more penal summons will be issued today or tomorrow for people who have been doing Sunday work that is not allowed by the penal statutes of Hawaii.

According to the law not much can be done in Honolulu on Sunday, and the sheriff will not have to go far to find many violations of the statute. If the law is bad, the best way is to have it repealed is what the high sheriff seems to think, for he has not a very high opinion of some of the provisions of the penal code.

The rights of citizens to Sabbath "quiet and repose" are so well protected by Hawaiian law that even restaurants are not allowed to do business after seven o'clock in the evening.

There are complete rules for barbers and other people, so that the latter may do enough business to accommodate citizens who need them, if the citizens will get up early enough, but the general rule that "all labor on Sunday is forbidden" is on the books in plain language, and any restaurant man who is serving meals after seven in the evening or any ordinary store-keeper who keeps open at all on Sunday, is liable to a fine.

"No keeper of a victualing house, restaurant or coffee shop shall keep his house, restaurant or coffee shop open after 7 o'clock on Sabbath afternoon," says the penal code. The penalty for violation of this law is a fine of not less than $20 and not more than $100.

Certain local restaurant men who are supplying the wants of their patrons at later Sabbath hours than seven are likely to appear before Judge Wilcox on penal summonses next week, to show cause, if they can, why they should not enrich the treasury by payment of a fine for interfering with the rights of citizens to Sunday "quiet and repose," by working cooks and waiters after Sunday evening church hours.

Until nine o'clock on Sunday morning barbers may shave and dealers in fresh meats and fish may serve their customers, but if they keep on after nine, the code provides that they may be sent to jail for 30 days, or fined $50. Cow's milk may be served until nine in the morning and after three in the evening, but there must be no milkman in the business between those hours, or else Judge Wilcox may put him on the reef.

The law goes into many details as to what may and may not be done on Sunday. There is no objection to the carrying of baggage from arriving vessels, and public hacks and street cars are expressly given the right to carry passengers.

Whatever work is done "shall be conducted as far as possible so as not to interfere with the right of the community and of each individual to quiet and repose."

All these provisions are in the book of laws and the police and Judge Wilcox are supposed to enforce them. An interesting time is expected when the high sheriff brings into court some of the people who have failed to observe the Sabbath as religiously as the law commands.

## HILO MILITARY COMPANY

MUSTERED IN BY MAJOR PRATT THURSDAY.

Fifty-Two Men—Will Fetter Captain—Hilo Will Have a Battalion—Military Spirit Rampant.

Hilo now has a fully fledged and organized military company, and may have two others before long. Major Pratt, of the Governor's staff, returned by the Kinau Saturday afternoon from the rainy burg whither he went a week ago to administer the martial "swear" to the embryo heroes. He found the condition of the military there all that had been said of it. There was a full company of men, and they were good men. Most of them were old soldiers, in one way and another That is, some had had experience in Hawaii and some elsewhere. Fifty-two men were sworn in by Major Pratt.

Thursday evening the election for commissioned officers took place. Major Pratt conducted the election, and the following were chosen. For captain, William A. Fetter; first lieutenant, H. Ludloff; second lieutenant, L. Zeers. These names will tomorrow be submitted by Major Pratt to Governor Dole for approval. There is no doubt but that all will be accepted. Captain Fetter was captain of Company A, here, when he left for Hilo about a year ago. Ludloff had five years service here and is a good man. Zeers is a Hilo man but is said to be a good tactician. The Hilo company is Company D, and is attached to the First regiment.

Hilo and vicinity will organize two or three companies and will form a battalion with a major in command. This comes from a high authority. The military spirit has struck the community, and the material is at hand there. In fact, there is already in sight enough young men, enthusiastic on the subject, to form another company, and a start on a third company in the suburbs has been made. When the three companies have been organized they will be mustered in as a battalion and a major will be elected by the officers of the regiment. This will give a substantial military force to the big island.

## IS THE HULA ALL RIGHT?

ORPHEUM SHOW BOTHERS THE POLICE.

High Sheriff Brown Consults Citizens About the Propriety of Having Hula in Public.

Is the hula an indecent dance? This is the question the police have been considering for the past few days, and the managers and performers of the Orpheum theatre have been trembling in their shoes while the question was at issue.

The Orpheum put on a hula last week, and officer Hanrahan was there to see it, as well as to observe the performances of "officer Ran-with-the-Ham." Quite a number of prominent citizens also had seats, and they have most of them been invited to tell High Sheriff Brown whether the show was indecent or not.

The police took no action in the matter, but the performance was a good deal modified after the first night. None of the prominent citizens were ready to testify that the show was one for which the participants should be prosecuted.

Deputy Sheriff Chillingworth went to the theatre to see how wicked the show was, but he didn't feel called upon to interfere, for the reason, it is stated, that the managers had got wind of the fact that the hula had begun to bother the police, and had toned it down.

"It's a hula, and that's all there is to be said," was the reply of one citizen to police questions about the alleged indecency of the show. "If the hula is an indecent dance, then the show is an indecent one."

This about represents the average opinion that was given to the police, and it gave little opportunity for any interference. Officer Hanrahan found one man who had suddenly left in the middle of the hula and he pounced upon him as a sure witness. It was thought that he must have become shocked and gone away to hide his blushes, but when he was asked what his testimony about the show would be he said that it was allright if hulas "went"; he had only left to catch a car.

Everyone who has lived in Hawaii long knows what the hula is. There are said to be sundry hulas every night in certain precincts, but they are held in private. High Sheriff Brown has not yet decided whether a public hula is an improper show or not and he doesn't need to, for the Orpheum has cut out and toned down the portion of the play to which objection was made.

### WORK DAY AND NIGHT.

Quite a number of people went to the Pacific Mail wharf yesterday to look at the big Pacific Mail steamer Algoa, which is discharging 2,000 tons of oriental freight there. In order to get the vessel to San Francisco as quickly as possible, as she has been chartered as a transport, work is continued day and night.

There were over a hundred natives at work on the vessel yesterday. The steamer docked on Saturday afternoon and work was kept up all Saturday night, Sunday and Sunday night. It is expected that the big vessel will be ready to leave on Tuesday morning.

The Algoa has a Chinese crew now. On her last trip here she had a force of Lascans, but their time expired during her stay in the Orient and they were left at Hong Kong.

The Algoa has about 6,000 tons of freight for San Francisco. She is a slow traveler and will probably take eight or nine days to reach the coast. Big as she is the steamer is said to be a high roller. She is 58 feet wide and has a flat bottom, and when there is reason for rolling at all she does it to the limit. The owners propose to put a bilge keel on her as soon as they have an opportunity, and this will put an end to her rolling.

## CONVENTION AT HONOLULU

HILO WILL NOT CAPTURE THE COMING COUNCIL.

Official Letter Does Not Show That Money for Expenses is Guaranteed—Judge Little's Say.

The coming Republican convention will be held in Honolulu.

Though a vote of the central committee is still necessary to bring this about the matter may be regarded as settled.

By the Kinau Saturday afternoon Secretary Hendry, of the committee, received a letter from W. H. Smith, editor of the Tribune, stating that he has no doubt but that $1000 can be raised to defray the expense of the delegates. This is entirely unsatisfactory to the committee, as a positive guarantee was required. It is now too late to receive such a guarantee from Hilo and leave time to notify the Kauai and other delegations.

"The convention will be held in Honolulu," said Chairman George W. Smith, of the central committee, yesterday, "if I have anything to do with it. It is now too late altogether to do anything else, and the only thing remaining for the committee to do is to meet and order the convention for this city. I believe this will be done early this week, perhaps Tuesday."

Colonel Little, who came down on the Kinau from Hilo, says: "Why, I am surprised to hear that everything in regard to the convention has not been arranged. I got it second handed, but on good authority, that the $1000 required for expenses had been subscribed and put up in Hilo before I left. While I don't profess to know anything official about it, it is my impression that the money is up and that Hilo expects to get the convention. It occurs to me that W. H. Smith's letter must have been written before the money was raised. I heard that $600 was raised at the very start and that within fifteen minutes after the canvass had begun the full sum of $1000 was in hand. I fell sure Hilo will be disappointed to lose the convention, for I am sure there was much enthusiasm on the subject."

## HISTORY OF ENDEAVORERS

WARNING SOUNDED AGAINST FALSE FRIENDSHIP.

Rev. Cruzan Declares True Friendship Cannot Exist Among Bad People—Other Sermons Yesterday.

There was a good sized attendance at the Kawaiahao church last night. It was the inauguration of the exercises which will preceed the celebration of the seventy-fifth anniversary of the foundation of the church. Under the direction of Rev. Westerfelt the associate pastor, the young people have begun to deliver addresses in the English language.

Jonah Kumulae spoke last night, taking for his subject the history of the Christian Endeavor society. He also spoke of the work done by young people in religious affairs but his remarks were confined principally to an account of the Endeavor society. He traced its organization from the little band years ago to the present membership of 3,000,000. The speaker will tell at a subsequent meeting the history of the young people's work in the Kawaiahao church. The society in this church is the largest in the islands. The usual excellent musical program was rendered. Simeon Nawaa who is the son of a Hawaiian missionary of the Marshall Islands will speak next Sunday night on the foreign missionary work of the Hawaiians.

Rev. J. A. Cruzan pastor of the Foreign Church at Hilo occupied the pulpit of the First Methodist church at both morning and evening services yesterday. His subject at the evening service was "Friendship." Rev. Cruzan quoted many famous authors to show what a noble and grand sentiment friendship is. There can not be, he insisted, any true or lasting friendship between men who are not good and noble. The speaker advised his hearers to beware of persons who drank, swore, were tricky, lascivious, foul minded or guilty of ignoble or unprincipled acts.

The pulpit of Central Union church was occupied at the morning and evening sessions by Rev. J. P. Erdman, the assistant pastor. "The Chief Aim of Life" was the subject of the morning discourse, taken from the Matthew 6:33. Mrs. G. M. Whitney sang the offertory, "Fear not Ye, Oh Isreal." The male quartette sang the anthem. In the evening Rev. Erdman took for his subject "The Danger of Evil," the text being from I Corinthian 5:6. The anthem "Father I Know Their Ways are Just" was sung with great feeling by Miss L. M. Winne and the choir. Mr. Prouty sang the offertory "Trusting In Thee". The other music was also good.

Rev. Thwing preached in Chinese to a large congregation last night at the Chinese church. He spoke from the 20th chapter of Matthew. J. Leadingham preached in the morning.

### DON'T LIKE GUAM.

Governor Schroeder, of Guam, has written a friend here that he is completely disgusted with Uncle Sam's lonely island in the far east. He says there are few Americans there and little American spirit in the country. Much hard work is ahead.

## SLAUGHTER AT TIEN-TSIN

STORY OF THE AMERICAN WHO COMMANDED.

Colonel Meade Tells of Terrible Scenes After the Battle—High Praise for the Japanese Troops.

"I have been in the war business for 35 years and went through the American civil war," said Colonel Meade yesterday on board the transport Solace, in speaking of the battle of Tien Tsin, at which he commanded all the American forces, "and I never before saw such slaughter as was inflicted at Tien Tsin on the 13th and 14th of July.

"When we finally entered the walled city there were dead and mangled bodies every few feet, it seemed. They lay all over the streets. Fire had rained into the city from British and Japanese batteries placed on an elevation so that the fire went right over the heads of us Americans, who were assaulting at closer quarters, and the number of Chinese killed was awful.

"There was no special attempt made to get the figures of the enemy's loss. The dead were simply buried as quickly as possible and the Chinese started along the Peking road with what wounded they could look after. There were about 2,000 of these."

Colonel Meade has in his stateroom a carefully drawn map of the battle plan, showing how the engagement was fought out. It illustrates with great clearness how the allied forces made their advance through swamps and from several directions, upon the walled city of Tien Tsin.

The battle began at daylight on the 13th, raged all day and night and on the following morning the end came with the blowing up by the Japanese of one of the gates, through which the allies entered the city. The scene of slaughter they saw on entering, says Colonel Meade, was worse than anything he saw during all the civil war.

The Japanese troops are most enthusiastically praised by Colonel Meade. He says that their behavior was simply splendid. They showed themselves as brave as any of the forces engaged and their discipline and intelligence were up to the highest standard.

"They would go anywhere," said Colonel Meade, "and for hard, intelligent fighting they had no superiors. I never saw anything better than their conduct. Japan, with an army of such unsurpassed fighters as these, is certainly a country to be reckoned with in the Far East."

The Chinese are also credited by Colonel Meade with having done some good hard fighting. They killed and wounded 750 of the allies.

## WANT BETTER STATISTICS

COLLECTORS AT HONOLULU AND SAN FRANCISCO.

Both Find Figures Lacking Under Annexation Rules and a Special Order From Washington is Asked For.

Collector Stackable of Honolulu and Collector Jackson of San Francisco have both encountered the same trouble, as one of the results of annexation, and both are awaiting an order from Washington to help them out. It is in the matter of ships' papers. Complete manifests are no longer filed by shippers, and this results in the custom house securing only very incomplete statistics of exports and imports.

San Francisco people regard the matter as one of great importance there, as the lack of complete statistics will make their port appear to be a much less important one than it has appeared in the past, but the matter, it is thought, is even more important to Honolulu.

Unless Washington makes a special order there is no way for the collector here to obtain statistics of imports from the United States. "There is no doubt," said Collector Stackable yesterday, "that Hawaii's treatment at Washington as regards appropriations, will depend in a measure upon her showing as a buyer of American goods. The territory ought to be and is a large importer from the States, and it is certainly important to us that we should be able to show it."

At San Francisco the complaint is that the new order will cut down the city's commercial showing by 25 per cent or more. At least 25 per cent of that city's export business is with Hawaii, and it is all left out of the customs returns now. Merchants decline to provide Collector Jackson with manifests, taking the position that as Hawaiian trade is only "coasting" it is none of the collector's business.

The matter has been appealed to Washington, both on the part of San Francisco and Hawaii, and it is thought that an order will be made declaring an exception to the ordinary coasting rules in the case of Hawaii, with a view to getting more complete statistics of her imports. Such an order will make a vast difference in the commercial rating of both Honolulu and San Francisco.

### Primary That Failed.

Waimanalo which is the Seventh precinct of the Fourth district may not be represented in the convention and if the delegates from that section hope to participate in the deliberations of the party it will be through only the good humor of the convention, owing to a combination of circumstances no election was held there Saturday and now the good Republicans of the precinct are trying to figure out where they stand with G. O. P.

Everything had been prepared for the election. The school house was secured and John Cook, Kililie and Kanaoopea the judges had assembled around the box in readiness to receive the ballots. Not the slightest hitch was anticipted. Arthur Irvine, George Chalmers and George Gibbs had been named for delegates. Each of the trio got a hair cut and a shampoo to make room for the laurel which was to crown his brow after the election. But events so shaped themselves that the election had had to be called off.

There appeared a "wise man" from Honolulu who opened the eyes of the voters. It is claimed that he warned the white men that they were not entitled to vote. They had not been naturalized so it is alleged he said, and their ballots would, in consequence, be void. This announcement caused things to look unpleasant but the party did not propose to let a few dark clouds dampen their spirits. There was the native vote yet which would roll up strong in bunches of five or more. So when a big crowd of natives was seen approaching the polls the judges shook hands all around for they felt that their time had not been wasted. Their joy was short lived though for instead of voting the natives served notice upon the judges that they proposed to take no part in the proceedings.

"It is something new to us" declared one of them, "and we are not going to be dragged into anything that we know nothing about. We have got to have some more time to think this thing over. It's so sudden."

Coy as the native element was the judges realized that it was too late to try and battle against the inevitable. Those who wanted to vote could not while those who could vote would not. It was impossible to register the whites. The time was likewise too short to cajole the natives into voting. The judges sagely adopted the only course left. They called the election off although the polls were kept open until half an hour after the regular closing time.

## DEMOCRATS WAKE UP.

Democratic leaders held an important meeting at Democratic headquarters in the Model block at 10 o'clock yesterday morning. Present were all the Oahu members of the central committee, one from Maui, one from Kauai and National Committeeman Cornwell. Reports were received from delegates sent to Hawaii, Maui and Kauai. All made it appear that the party is gaining strength and that complete organization is a thing of the immediate future. The report of John Wise of the situation on Hawaii was particularly encouraging.

Primaries and a Territorial convention will be held soon. Rules with regard to both will be adopted and published. It was practically decided that the convention would be held in Honolulu sometime during October.

### LIVELY SALVATION MEETING.

There was a lively time at the Salvation Army meeting on Saturday night. About fifteen drunks were there at once and they made things interesting for those who were trying to conduct the services. Officer Kawaiuhau tackled the noisiest one of the lot and had an exciting struggle before he landed the prisoner. The latter showed fight, and after a brief wrestling match officer and prisoner rolled down stairs together. The policeman held on to his charge, however, and he got him at the foot of the stairway taking him to the station on a charge of being drunk.

The appearance of the officer and the fight seemed to sober up the rest of those present and there was no trouble.

Neither the Circuit nor the United States District Courts will sit today.

MEMORANDA.

The ship Challenger, which arrived from New York on Saturday, is one of the Hinds & Rolph vessels. She is to be taken by Captain Piltz, who was the master of the unfortunate barkentine William Carson.

The steamer Upolu sighted a schooner supposed to be the Bertie Minor, off Kohala.

The brig Consuelo is reported still anchored off Mahukona. She has been there about a week, waiting for a chance to discharge, other vessels being ahead of her.

Labor Day is not a custom house holiday and the men of the custom service will be on deck as usual today.

THE FEARLESS' TOW.

Captain Brokow of the tug Fearless was up against it yesterday. The captain is always on the lookout for arriving vessels, so that he may go out and tow them in, and in the morning a schooner was reported off port. She was a long distance out and the Fearless started after her. When he got near captain Brokow found that she was the Inter-Island schooner Fannie Adele, on her way from Kauai. Captain Brokow accepted the situation gracefully, and towed the schooner in.

# Alsen Portland Cement

WE HAVE JUST RECEIVED a large shipment of this celebrated Cement, which is the STONGEST AND MOST SERVICEABLE CEMENT MADE, and will permit the admixture of a larger amount of sand or gravel, with less loss of strength, than ony other brand; it is therefore the most economical.

ALSEN has no equal in color, fineness and sand carrying capacity. It weighs less per bushel, measuring about 10 per cent more cement to a barrel than other brands, which very materially reduces its cost as compared with other cements is therefore an economical cement to use, and specially adapted for fine concrete work.

The following tests, made in actual work by Col. D. C. Houston, Corps of Engineers, U. S. A., at the seawall around Governor's Island, New York Harbor, has never been equally by any other ement. It is as follows: Tensile strength per square inch—One day, 384 pounds; seven days, 600 pounds; thirty days, 818 pounds.

For sidewalks it gives the best color and the most endurable wearing surface.

A few of the large contracts in which Alsen Cement was used: Cable R. R., Baltimore, 35,000 barrels; Quebec Harbor Improvement, 20,000 barrels; Northern Pacific R. R. bridges, 20,000 barrels.

# THEY CAPTURE THE TOWN

LABORING MEN HAVE THEIR WAY TODAY.

Grand Parade This Morning, Followed By Speechmaking—Sports at the Park and Dance Tonight.

The weather Bureau promises "fair weather with probably occasional valley showers" for Labor Day.

This will be most elaborate observance of Labor Day the Hawaiian Islands has ever seen. In fact, Honolulu will perhaps break the record and show more deference to the day than any city in the world has ever done or ever will do until Markham's "Man With the Hoe" gets his hoe in the money barrels of the rich. Government offices will close; banks will not open; stores will take a rest; The Star will not be published this afternoon.

The first thing this morning will be the parade. This will be formed at the drill shed and will start at 9 o'clock sharp. All floats and persons taking part in it are requested to be on hand at 8:45 sharp. This request comes from the committee and from Mr. Wolf, who will arrange the line. The procession will proceed as follows:

From the drill shed to Hotel street, to Richards, to King, to Fort to Vineyard, to Emma, to Beretania, to Alapai, back to King, and along King to the capitol grounds where it will disband. capitol grounds where it will disband. When the procession reaches the capitol grounds the verandas and nalls of the capitol building will be open to the public.

Immediately thereafter the speechmaking will take place from the band stand on the capitol grounds. District Attorney John C. Baird will deliver the address of the day. The other speakers will be George A. Davis and Lorrin A. Andrews. All will have topics concerning labor and the significance of the day itself.

At 1 o'clock in the afternoon the sports at Kapiolani park will begin. The program of these has been published several times before. Interspersed with the field sports will be the horse races. There will be prizes for all of the events. The grounds will be open to the public during the afternoon.

The event of the evening, and one of the leading features of the day, will be the ball in the drill shed. For this purpose the armory has been most tastefully decorated with national flags, bunting and potted plants. Above are streamers of bunting to a central star. On every side are pretty designs in bunting and on the stage is an attractive arrangement of palms and ferns, all the pots of which are decorated with patriotic bunting. In the front of the hall is an improvised railing, also attractively decorated with the national colors.

The grand march of the ball will start at 9 o'clock sharp. An orchestra from the Hawaiian band will supply the music. In the wee sma' hours of tomorrow morning the last dance will be finished and the first Labor Day in Hawaii will be over.

### SOCIALIST SHUNK AGAIN.

A Street Orater Interrupted by the Police.

M. Shunk, street lecturer, had another little interview with the police on Saturday night. Shunk declared that he has a right to air his views on the public streets and a short time ago he was fined in the police court for obstructing the sidewalk and as he left the courtroom declared that he would do it again.

On Saturday night Shunk started another meeting, at the corner of Nuuanu and Hotel streets. He was discussing labor questions and telling his auditors what they ought to do to bring about the millenium, when the police came along and broke up the meeting.

Shunk's crowd is said to have been obstructing the sidewalk, so the officers made the people disperse and put an end to his eloquence. The orater is a socialist, who talks on labor questions. He claims that his rights of "free speech" are interfered with, and declares that he has a right to air his views as he was doing when stopped.

### NEW MATRON.

KOHALA, August 31.—Kohala is glad to welcome Miss Emily Montague who will take up the duties of matron in the seminary.

### MR. SMITH WITHDRAWS.

George W. Smith has withdrawn from the Honolulu Republican, a morning paper of this city. He was an officer, a director, of the company and a stockholder. His reason for withdrawing his support from the paper he says was its policy, which has changed from that originally mapped out. The paper had an auspicious start, but drifted into a rut that has been objectionable to Mr. Smith.

### A WONDERFUL CURE OF DIARRHOEA.

A Prominent Virginia Editor Had Almost Given Up, but Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

READ HIS EDITORIAL.
(From the Times, Hillstille, Va.)

I suffered with diarrhoea for a long time and I thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. R. Moore. Sold by all dealers and druggists. Benson, Smith & Co., general agents, Hawaiian Islands.

### CHINESE SITUATION.

The conditions in Peking, as shown by the latest telegrams are not satisfactory. Indeed though Peking has fallen there is no nearer approach to a solution than there was before the ambassadors were rescued. The Empress is no one knows where; the Chinese Emperor has disappeared, and in point of fact there is no Chinese government. As far as assisting in the rescue of the embassies the vanished government did nothing but oppose the entry of the foreign troops to the utmost.

Li Hung Chang, that astute statesman is cabling for peace to every government in America and Europe, but all turn a deaf ear because they claim that Li has no authority, while the Russian General claims that his country is at war with China and is not disposed to enter into negotiations for peace. Meanwhile there are incendiary fires in Peking and street fighting is being carried on. It is hard to make out from the telegrams whether the Imperial Domains have been occupied by troops or whether they have not. Some telegrams state the Japanese have possession, others that the Russians have. It will be a grievous mistake if the Forbidden City is not occupied, for nothing will have a greater effect upon the Chinese mind than the capture of this, to the Chinese, sacred enclosure.

But one can see rifts within the lute. The generals of the powers are evidently not in full accord. They, themselves, do not know exactly what to do, and are waiting for orders from their various governments. Now the governments are not agreed also. So we may expect that there will be a halt at Peking, though it is quite on the cards that the Russians and the Japanese will push on independently.

Apparently the campaign is being carried on by a council, but councils composed of various nationalties are kittle cattle to deal with, and remind one of the councils of the crusades, where there was endless dickering and withdrawal. If the German commander in chief arrives in time he may bring unity for a time, though even his presence will not assure unity. Of course this attack on Pekin had to be a united effort, but once the pressure which required united effort is withdrawn, the component parts are liable to disintegrate.

In considering the Chinese question and the manner in which the country should be treated, it must be remembered that there is a long list, a very heavy list of outrage in China even in the last ten years. While it may be argued that the Chinese Government cannot be expected always to hold its turbulent population in check, yet it can be fairly shown that outrages upon Europeans and Americans have been almost continuous for the past ten years, and culminated in the attempted massacre of the ambassadors and the actual destruction of some of the legation buildings.

The fact is that the various powers have exercised remarkable leniency in their dealings with China, and have allowed outrages of a most serious character to go unavenged or to be paid for by an indemnity and the execution of some two or three supposed participators in the outrage, who in nine cases out of ten had nothing at all to do with the crime, and the execution had no possible deterrent effect.

After the British minister, Sir Harry Parkes and his colleagues were seized as prisoners when negotiating with the Chinese, and exhibited about Peking and the surrounding country in cages, all that there was in the way of a reprisal was the burning of the summer palace, and some indemnity. The fate of the palace is represented by Chinese writers as having been bought about by fire which the Chinese Emperor called down from heaven to scare away the barbarians, and in point of fact they soon after retired and negotiated.

After the terrible massacre of the French priests and nuns in 1871, when after unnamed brutalities there were flung into the river and floated past the passive shipping at its mouth, no reprisals were made and only a money indemnity was called for.

Of later outrages the following is a tabulated list:

February 4, 1889—Riots at Chin Kaing; British Consulate and foreigners' houses burned.

September 9, 1889—Insurrection in the province of Fukien.

December, 1899—Insurrection in the Amoor district of Manchuria; rebels seize town of Ian ei Tuan and defeat the imperial troops.

December, 1889—Massacre of native Christians at Jong Tuy Tsin, and other places.

May 12, 1891—Anti-European riots at Wuhu; much destruction to property; British Consulate wrecked, the Consul and his wife barely escaping with their lives.

June, 1891—Increased popular and anti-foreign agitation throughout China. The secret societies became so bold that the foreign legations unite in a threat to bring in troops unless order is restored.

June 9, 1891—French church and orphanage burned at Woosieh.

September 11, 1891—American mission at Ichang destroyed.

November, 1891—Insurrection in Mongolia and Northern China against foreigners; Mucan societies publish a decree against foreigners at Shanghai.

April 27, 1892—Renewed attacks on foreign missionaries.

September 15, 1894—Murderous outrages on missionaries; murder of the Rev. James Wylie at Liao Yang.

August 1, 1894—Massacre of British missionaries, the Rev. R. W. Stewart, eight women and two children, at Whasang, near Ku Cheng, by the Vegetarians.

August 7, 1894—British and American missions and hospitals destroyed at Fatshan.

May 29, 1895—Foreign mission houses at Chengtu and Schechuan burned.

From 1895 until 1899 the outrages on foreign missions, schools and hospitals were of almost monthly occurrence.

This is pretty comprehensive list, and when to this is added the list of outrages within this last six months, surely the cup of iniquity of the Chinese government is full and the Powers will be intensely foolish, and in fact utterly wrong not to teach such a lesson as shall not be forgotten by the Chinese for a century to come.

The Powers may be pretty well assured that there will never again be the opportunity of striking so decisive a blow as they have been able to do now. The taking of the Forbidden City is an object lesson. But there must be a greater object lesson. If the Chinese empire is to remain a government, the representatives of the Powers must be received within the palace of the Emperor and not in an out building on the wall of that palace. The fiction of tributary powers must be exploded, and the sanctity of American and European life must be guaranteed. The Chinese are wily and by means of their diplomatic skill cause the Powers to lose very frequently what they have gained by force of arms. By playing off one Power against another, however, advantages may be taken which will be futal to the peace of Asia in a very few years from now.

### THE FIRST PRIMARIES.

The Republican primaries Saturday night were well attended and in some precincts there were quite lively times As time goes on there will be more and more interest taken in these early contests in the political field and men will become identified as leading politicians What we want is a class of independent politicians who, like Roosevelt, are independent of the machine. We have some such here, and we also have the machine element.

The difference of opinion among the Republican party is somewhat sharply marked in these primaries but in some cases the results were unexpected: if the machine side won in one place, it certainly lost in another and so on through the list. There will be ample amusement afforded to those for whom politics and wire pulling are as the breath of life when the district convention meets. But in the Territorial Convention, after some preliminary skirmishing, there should be unanimity. When the full ticket is settled the party ought to vote it as a man.

Though there was much interest in the primaries the number of votes cast does not by any means indicate the strength of the Republican party in the Fourth and Fifth districts. There is ever a very large number of voters who object to joining political clubs, and who yet feel strongly for their party. These show up at the ballot box on election day. It is the business of the officers of the clubs to keep a watchful eye upon such voters, see that they register and see that they get to the polls.

Then there are a large number of waverers. They vote one way one time one way another. These require special care, for they can be convinced by either party. Some local need, some local man will attract their votes, and here it is that the skill of the politician comes specially in. He should know every one of the votes in his precinct, know their wants, know the way they think. In time we shall have men who will thoroughly understand this. But the time has not yet come.

The yacht race to Lahaina and back got off in good shape yesterday. If this kind of sport only keeps up we will have some of our yachtsmen challenging the white wings of San Francisco.

Registration on Saturday was lively enough and quite a number was placed on the roll of voters. The Hawaiians evidently mean to vote for the majority of registrations were among the sons of the soil. The next election will poll a heavy vote.

The sentence on Samuel Barney seems to be a light one as compared with that given to Animoto. The probability is that the evidence in the Barney case seemed to point to a possibility of self defence. If both men behave themselves in jail their sentences will be considerably curtailed.

Collector Stackable bars politics to the officials under his jurisdiction. He will find however, that the gentlemen who are looking after the campaign barred have other ways of reaching their men than by talking to them in office hours. Letters reached here asking for money for the Ohio campaign. The wily politician can manage to wriggle through a good many acts of Congress, be they framed never so wisely.

The move made by Bishop and Company of establishing a "tea room," where the employes can get lunch every day, is a true pioneer work. Such addition to large establishments on the mainland and in Europe are quite common. Indeed in the department stores there are regular boarding arrangements, with reception rooms, bath rooms, library and so forth. What is needed here is a comfortable lunch room with neatly served meals.

EXCITING TIMES AT SATURDAY'S PRIMARIES.

"Machine" and Anti-Machine"—Over 1600 Votes Cast on This Island—Where Factional Spirit Was Rife.

Fully 1,600 votes were cast at the Republican primaries in this Island Saturday.

This is twice the whole number of registered voters of Oahu at the election which chose the last legislature of the Republic of Hawaii. It is 300 more than the whole number of registered voters at the election in 1896.

There was the liveliest interest in the primaries at every precinct. At none, except at Waimanalo where there seemed to be a most curious misunderstanding, and at one other, were there less than thirty votes cast. And where there were as few votes cast as this number, there was only one ticket in the field, and hence nothing beyond public spirited interest in the primary, to call out voters. In some of the precincts, there was the keenest kind of contests, and a very large vote polled.

In a general way, where there was a contest it was between the element which is credited with being the "machine" element in the party, the "Earnest Patriots," as they are sometimes called, and the element which has from the beginning antagonized the machine element, sometimes called by the opponents, the "missionary" element. This line of division was clearly cut in the second precinct of the Fourth district, and the seventh of the Fifth. In the former the "machine" element succeeded in electing more of its candidates than the "missionary" element. In the latter, the "anti-machine" won out.

"ANTI-MACHINE" WINS.

Taking the island throughout, both districts, the "anti-machine" probably has the majority.

The most bitterly fought primary was the one held in the second precinct of the Fourth District, at the Beretania street school house. This precinct is entitled to six delegates. There were two tickets in the field, distinct not only for delegates but for precinct officers. Late in the progress of the primary, a split ticket was brought out by the "anti-machine" element, as the result of the discovery that a large number of native voters were willing to vote for some of their candidates for delegates on the "anti-machine" ticket were William H. Hoogs, J. W. Jones, J. B. Atherton, Lorrin Andrews, Jonah Kumalae, and William Haywood. Those on the "machine" ticket were, George McLeod, Charles Wilcox, J. W. Jones, J. M. Kea, Andrew Brown, and C. B. Wilson. The split or compromise ticket contained the names of J. B. Atherton, Lorrin Andrews, Jonah Kumalae, Charles Wilcox, J. M. Kea and C. B. Wilson. With the exception of J. W. Jones who was on both tickets, and Lorrin Andrews who tied with Andrew Brown for sixth place, the "machine" ticket was elected.

FREE RIDE TO THE POLLS.

No effort was left unattempted by either side to get voters to the polls. The supporters of the winning ticket had a number of Pain's busses in their service, bringing voters to the polls. Toward the end they were picked up anywhere, and everywhere, asked if they did not want a ride, and were taken to the polls. If they passed the ordeal of challenges, their votes were cast and counted. It is said that many natives from Palama and other places outside the precinct were thus voted. Natives were brought up in crowds and squads. "Blocks of Five" was the way they were spoken of. The work of bringing voters to the polls, singly or in squads, was not confined to the "machine" element. The "anti-machine" element had its conveyances out, and all afternoon and evening there was a row of vehicles in front of the school house, either just arrived with voters or being held in readiness to start after more.

Though the contest was keen and the rivalry fierce, it was carried on with good temper.

In the seventh precinct of the Fifth district there was another keen contest. The two factions were headed respectively by W. R. Sims on one side, and J. L. Holt and T. McCant Stewart on the other. The candidates nominated at the precinct club meeting Thursday evening were Stewart, Holt and E. C. Winston. When it came to the primary E. C. Winston consented to have his name appear on Sim's ticket together with William Henry and P. M. Naluai. Thereupon, the Holt and Stewart faction took his name off their ticket and substituted for it that of Dr. George H. Huddy, who had come within one vote of as many as Winston at the precinct club meeting Thursday night.

THE FATAL SHIBBOLETH.

In the absence of Rev. Timotea, Judge Wilcox appointed H. R. Hitchcock as one of the judges. There were a good many challenges especially of Chinese and Portuguese on the ground that they could not read and write the English or Hawaiian languages. The Sims faction had a number of vehicles in service bringing in voters, and it is alleged by their opponents that prison guards and other government employes were voted solidly for the Sims ticket, in some cases Holt tickets being taken out of their hands and Sims tickets being substituted. The Holt and Stewart faction had a four horse bus engaged especially to bring voters from upper Kalihi and other places where there are no regular means of conveyance. But when they wanted the services of this conveyance, it is said the driver was in no condition to render them. "You may draw your own inferences," said one of the Holt partisans, when speaking of this incident.

The result of the election in this precinct was the election of Holt and Stewart, and a tie vote between Huddy and Winston. T. McCants Stewart says that his side lost at least twenty or thirty votes by their inability to use the four horse bus they had engaged.

TURK AND LEWIS.

In the Fifth precinct of the Fourth district the fight was of a different kind. It was Turk and Lewis against the "machine." The "machine" won. Turk and Lewis were up against it.

The "heavenly twins" made a nervy fight as their opponents cheerfully admitted, after it was over. But the "machine" took no chances. A Board of Health wagon was brought into requisition and every Board of Health employe, every employe of the road department, and everyone else within the influence of the "machine" that lived in the precinct was brought up to the polls to vote against Turk and Lewis. The ticket of the celestial pair was D. K. Naone, O. Charles Lewis and Albert Trask. The other ticket was Captain Sam Johnson, J. Keohokii and W. H. Coney. For some days Lewis and Turk had been working the voters of the precinct for all there was in it. All the beach-combers to be found were rounded up, and the natives of the precinct had all the gin they could stand in the two days preceding election. It appears, however, that the natives drank the gin and then voted the other ticket.

Lewis did his own challenging. He challenged nearly everyone who did not appear with a yellow ticket, the color in which Lewis had had his tickets printed. But Frank Cooke, who was the presiding judge overruled most of his challenges, though in doing so he had to overrule his own decisions on one point. At first he had ruled that to vote a voter must have lived in the precinct ninety days. Under this ruling a large number of yellow ticket voters who said they lived at the United States Sailors' Home, "Turk and Lewis' boarding house" as it was irreverently called at the polls, were successfully challenged on the ground that they had lived there only "about two months." But later, after these voters had gone, Captain John Good offered to vote and on a challenge of his vote it was ruled that if a voter had lived in the district ninety days he was entitled to vote. Lewis says he will make this ruling one of his grounds of contest in the convention.

FORTY PIECES OF SILVER.

Lewis was overwhelmingly defeated, but he says he is satisfied with the result, and that next time he will know how to do things.

"We only spent about forty plunks, for hacks and everything, and we aint through with 'em yet. Wait till we get before the committee on credentials. There's where you will hear my eloquence."

In the Ninth precinct of the Fifth district, the "missionaries" won hands down. This is the precinct where the "missionaries" were left "holding the bag" at the primary last May. But they seem to have learned their lesson well, and carried everything before them Saturday.

The vote in the several precincts was as follows: Fourth district, first precinct, 103; second precinct, 429; third precinct, 13; fourth precinct, 122; fifth precinct, 188; sixth precinct, 31; seventh precinct, 0.

Fifth district, first precinct, 30; second precinct, 10; third precinct, 114; fourth precinct, 30; fifth precinct, 41; sixth precinct, 30; seventh precinct, 122; eighth precinct, 74; ninth precinct, 147; tenth, 32.

A CLOSE VOTE.

In the second precinct of the Fourth district, where the largest vote was cast and where the keenest contest was waged, the vote for precinct club officers was almost as close as for delegates. Col. J. H. Fisher was elected president by 217 votes to 206 for J. A. Gilman; Dan Logan was elected secretary by 214 votes, to 209 for Dan H. Case; J. B. Atherton was elected treasurer by 215 votes, to 207 for W. A. Bowen.

For delegates, the vote stood, J. W. Jones, 418; Charles Wilcox, 225; John M. Kea, 222; C. B. Wilson, 222; George McLeod, 221; Andrew Brown, 213; Lorrin Andrews, 213; J. B. Atherton, 212; W. H. Hoogs, 208; William Haywood, 207; Jonah Kumalae, 210.

In the Turk and Lewis fight in the fifth precinct of the Fourth district, the "heavenly twins" ticket polled 'N. to 148 for the other ticket.

In the seventh precinct of the fifth district, the Reform school precinct, J. L. Holt received 91 votes, T. McCants Stewart, 89; and Dr. George Huddy and E. C. Winston, 86 each.

W. C. Achi held a very amiable and gentle primary at his house, in the eighth precinct of the Fifth district. There were 74 votes cast, and everybody voted for got 74 votes.

In the Ninth precinct of the Fifth district, where the "missionaries" so completely turned the tables on the "machine," the "missionary" candidates received about 100 votes each to about 50 each for the "machine" candidates.

SERMONS TO SOLDIERS

A "protracted" meeting for a week was carried on by the Y. M. C. A. at Camp McKinley, closing Friday night. A great deal of good work was done. In future services will be held every Sunday night there. Rev. Silas P. Perry led the services last night.

# HILO AND MAUI POLITICS

HAMAKUAPOKO AND KAHULUI ELECT DELEGATES.

Hilo Papers say that Little or Parker are the Men for Congress—Political News of Outside Districts.

HAMAKUAPOKO, Maui, August 31.—A meeting of Republicans of the Ninth Precinct of the Third District was held last evening in the Hamakuapoko native church, to organize regularly under the rules of the Republican party as adopted at the last Territorial Convention. The church was full to the doors, most of those present being Hawaiians. The meeting was called to order by D. C. Lindsay, president of the Makawao Republican Club, and National Delegate A. N. Kepoikai was asked to address the meeting.

He spoke at length in both Hawaiian and English of his trip to Philadelphia and elsewhere in the States, giving many incidents of the same, and was listened to with great interest, especially so by the Hawaiians present. His impressions of President McKinley, the National Convention, and of other men and places of note were very interesting indeed. Following Mr. Kepoikai, H. P. Baldwin addressed the meeting in Hawaiian and was greeted by continued rounds of applause. Rev. S. E. Kekipi was called on and spoke to the Hawaiians. His words seemed to carry much weight with them.

It was decided to call this club the 9th Precinct Republican Club of the Third District.

Permanent officers elected were as follows: D. C. Lindsay, president; W. O. Aiken, secretary and treasurer; C. H. Dickey, P. N. Kahokuoluna and C. K. Pa, judges of election at primaries.

Members of the District Committee were elected as follows: John Kalino, H. P. Baldwin, S. E. Kekipi, C. H. Dickey, W. E. K. Maikai, John Kaluna, D. C. Lindsay, J. P. Kapihe, and W. O. Aiken.

The delegates to the Island Committee were instructed to vote for H. P. Baldwin as chairman of the District Committee, and to consider no other candidate. The meeting adjourned about 11:15 p. m.

During the meeting 44 new members enrolled, which with 22 enrolled by two members of the enrollment committee since last meeting, brings the membership of the club up to about 118, which is 11 more than voted at the last election.

The Hawaiians of Pauwela, who have always been heretofore identified with the Royalist party, and who were said to be strong Independents, came in, in a body and joined the Republican ranks. The 9th Precinct Club will be about the strongest on the Island, and will poll a large vote. The District Committee will meet at Wailuku about September 6 or 7.

KAHULUI, September 1.—The Republicans of the sixth precinct of the third district, Kahului, Maui, held their precinct meeting and primary at the Kahului court house yesterday evening. The precinct club was organized and the following officers elected: T. M. Church, president, James Kirkland, vice-president; John J. Walsh, secretary; R. W. Filler, treasurer; E. L. Vandernaillen, Andrew Adams, and Frank Medeiros, judges of the primary election.

Precinct Delegates: W. J. Lowrie, F. M. Church and James Whitford.

There were 28 votes cast at the primary election.

HILO REPUBLICANS.

Hold a Precinct Meeting and Organize the Party.

HILO September 1.—In accordance with the call issued by the Territorial Central Committee of the Republican party in the Territory of Hawaii, an order for the formation of precinct clubs in the First District was promulgated by Executive Committeeman Richards on Friday last, and meetings therefore were held at the various precinct polling places of the district last Wednesday evening.

The place designated for the polling place and also for the preliminary meeting place of the Republicans of Hilo and Olaa was Fireman's Hall, Hilo. Consequently few if any residents of Olaa were present. About forty Republicans were present. Carl S. Smith was elected president; W. H. Smith, secretary; F. S. Lyman, J. U. Smith and O. Onstead, judges of election; Carl S. Smith, J. U. Smith, W. H. Smith, Dr. Milton Rice and L. A. Andrews, committee on constitution and by-laws.

Election of the twenty-one delegates to the District Convention will take place this afternoon. The polls will be open from 3 until 9 p. m. The District Convention will be held next Thursday, at which twelve delegates to the Territorial Convention will be chosen, but not candidates for the Senate and House.

The matter of holding the next Territirial Republican Convention in Hilo instead of in Honolulu was then broached, some correspondence upon the subject having been previously held between the Central Executive Committee and one or two Hilo people, who thought it would be a good thing for the town. It would be necessary to raise $1,000 here toward defraying the expenses of delegates from the other Islands, in order to get the wheels working rightly in this direction, as Honolulu has all the natural pull. The proposition "took" very favorably in the club, not so much from a partisan political point of view as from the idea that it would be greatly to the advantage of the town in a business way and in its standing with the Legislature in the way of appropriations. A motion was made that a committee of five be appointed to secure pledges from local people of the amount required, as it was necessary to give the committee a guarantee by return Kinau. The motion was amended to enlarge the number to seven, which was carried. Those appointed were L. A. Andrews, A. Marshall, J. U. Smith, J. H. McDonough, George H. Williams, J. T. Moir, W. H. Little.

DELEGATE TO CONGRESS.

What the Hilo Tribune Says About Candidates.

HILO, September 1.—The question of choice for Congressional delegate, is, as the Tribune has previously remarked one of considerable real interest, and discussion of names has been rather to the fore during the last week. The suggestion made last week by a gentleman interested in the subject that Hon. H. P. Baldwin of Maui would be a good man and one who would be strong at the polls, has brought out more or less comment as it was intended to do, and the result, or the weight of opinion would not seem to be altogether favorable here.

"As a matter of fact," said a rather shrewd observer of things political, recently, "there seem to be not more than two suitable candidates for nomination, as opposed to the irresponsible Wilcox faction. These are Judge Little and Sam Parker. There is much to be said in favor of both these men, but they and their respective supporters should eventually unite, so that the vote will be solid for the one who stands. It won't do to split up. Both Parker and Little are well and favorably known at Washington and the latter has gained experience in his last winter's residence there, working for the liberalizing of the Territorial bill, which should avail both him and us in the future work needed. Both men will receive the ardent opposition of the Advertiser and its friends, which is a strong recommendation, and prima facie evidence that either will do something worth while if he gets a chance."—Hilo Tribune.

KOHALA DEMOCRATS.

KOHALA, August 31.—On enthusiastic Democratic meeting was held at the court house Monday evening.

Lycurgus, A. B. Lindsay, J. A. Humburg, William McKay, J. Gamalieson, J. E. Rocha, A. E. Sutton, M. J. de Gouvea, Manoel Pereira, Jules C. Carvalho, L. Turner, Peter Gibbb, F. E. Haley, J. T. Dr. Elliott, S. W. Webb and J. H. Bole, declared their intention to become citizens.

About twenty-five Galicians were before Judge Little on Wednesday for the purpose of declaring their intention of becoming American citizens and taking out their first papers. They have been in the country three years, and if at the end of two years more they are found able to read, write and speak the English language, they will be naturalized

SUNDAY CONCERT ENJOYED.

Largest Crowd of Season at Capitol Grounds Yesterday.

The band concert in the capitol grounds yesterday afternoon attracted the largest crowd since the inauguration of the music there. Captain Berger's organization rendered a fine program of which popular selections formed a part. Advantage was taken of the beautiful weather and the people were present in all parts of the lawn. The sailors from the Solace visited the grounds and enjoyed the music. One of the most pleasant features of the concert is the large number of children who play about the park. Many tired persons were also there, stretched in restful ease, on the grass. The band played "the Awakening of the Lion" and though the king of the beasts roars through the medium of the heavy basses, like Oom Paul had taken a fresh kink in the canine tail, the tired brigade waked not, and slept with the innocence of a choloformed babe.

Susie, the big overgrown boy who frequents Hotel street on Saturday evenings was also on hand. The most striking feature of his costume were a cloth collarette a black veil and a lady's white handkerchief. The balance of his attire was neutral. Susie was kept busy slapping the men who teased him. Contrary to their former custom there were few if any Japanese in attendance.

ONE OF THE BEST.

The Provident Savings' army of policyholders do not need any commendations to make them satisfied with their selections of a life insurance company; but those who contemplate taking out a life policy would do well to investigate the plans of this most excellent company before insuring. There is certainly none better. I. R. Burns, resident agent. Office in new Magoon building.

A GOOD THING.

There's one good thing when they feel dry,
That business men cannot pass by,
For far and wide it's fame you hear,
They stop to drink of "Rainier" beer,
On draught or in bottle at Criterion.

McInerny's shoes are right in it. They are made by the leading factories of America, and consequently have no equal.

## THE CALL FOR KONG LEE

CHARGES INVESTIGATED BY THE HIGH SHERIFF.

Clerk Hubbell Accused of Failing to Properly Answer Telephone Call for the Patrol.

High Sheriff Brown yesterday investigated the alleged inpudence or carelessness of police clerk George Hubbell, in the matter of the call for assistance for Kong Lee, who was injured on Beretania street on Saturday, and for whom police assistance was asked, and as a result of his inquiries the high sheriff says that Hubbell did not in any way neglect his duty. Hubbell is the station clerk.

It was alleged that when a woman telephoned to the police station for help for Kong she was informed by Hubbell that he was busy and could not bother with the matter, and that an hour elapsed before any assistance arrived for Kong. The latter had his foot injured. A heavy wagon passed over it, almost crushing it.

"Whoever it was who telephoned declined to give any name," said the high sheriff yesterday, "and we have made a rule of not sending the patrol wagon out, unless upon a call from some one who is tristworthy, until we have investigated the reason for a call. So many false alarms are sent in that this is necessary.

"In the present case the message came while the clerk was busy booking a drunken man. The clerk went to the telephone and the drunkard became so noisy that it was no use trying to talk until he had been sent below. This was done.

"After the drunk had been attended to the telephone was answered again, but the person who was asking for the wagon refused to give any name. Within five minutes a bicycle patrolman was on the way to the scene to investigate the mater, and all necessary assistance was at hand."

Kong Lee was not very seriously hurt it is said. The high sheriff says that the Chinese might have been put in any hack, or even a street car, and would have been all right.

Clerk Hubbell denies that he was discourteous to anyone who telephoned, and says that he did his best to answer and talk while a demonstrative drunk was making noise in the station.

## POLICE RECORDS BROKEN

BIGGEST LIST OF ARRESTS EVER KNOWN.

Primary Election or a Prospective Holiday Responsible for an Unprecedented Number of Drunks.

Either the fact that Saturday was primary election day, or that it was the Saturday before a holiday was responsible for the biggest list of drunks on record at the police station. The officers gathered in drunks one after another on Saturday night, till they had over thirty. By five o'clock on Sunday the number was 48, and there were more coming.

This is the biggest day's work that has been done yet in arresting drunks in Honolulu. The question the police are considering is, did liquor flow freely because votes were wanted, or was it simply the effect of a prospective Monday holiday?

D. McPherson, the man who told Judge Wilcox on Saturday that he had been drunk a thousand times before without being taken in, was among the prisoners. The judge said it was a thousand and one, and now the police will have a chance to prove that the score has reached a thousand and two. Frank Lawless, who is piling up an equally impressive record, also kept up his end, and he will be among those whose names will be called on Tuesday.

Tuesday's police court calendar will probably be the biggest ever known in the history of the district court of Honolulu. In addition to the large aggregation of drunks there were ten cases of gambling and the usual list of ordinary cases. Judge Wilcox will not hold court today, as today is a legal holiday, and all the cases will have to wait for Tuesday's session. By tomorrow morning there promises to be a list of arrests that will be bigger by far than any other on record.
