VOL. XVII No. 3237

HONOLULU, TERRITORY OF HAWAII, WEDNESDAY, NOVEMBER 22, 1905

PRICE 5 CENTS

Planters To Discuss In Secret Session Labor Problem Today

REPORT ON MANUFACTURE READ

The third day's session of the 25th annual meeting of the Hawaiian Sugar Planters' Association opened at 10:10 this morning in the Planters' rooms in the Judd building.

President Baldwin announced that the convention would first listen to the report of the committee on manufacture of sugar.

After this, said the President, the report on labor saving devices would be read. Later in the day the planters could hear a report on forestry and some remarks from Forester Hosmer and Professor Alexander Craw.

The manufacture report was read by Manager Renton of Ewa plantation, Mr. Williams not being present, and then, after the labor saving devices had been discussed, Professor Craw, since the Mongolia from the Coast had been sighted and Mr. Craw had business at the steamer, President Baldwin called on Professor Craw to talk on beneficial insects before the noon hour.

President Baldwin stated that as a number of the planters wanted to get away tomorrow, the executive session of the convention would be held this afternoon, trustees of the Association and managers of plantations would alone be admitted.

Mr. Baldwin stated that at this executive session the report of the labor committee would be read and discussed. J. P. Cooke has charge of this very important report.

The depositions of quartermasters and watchmen of the steamship Mongolia, in relation to the damage suits brought against the Pacific Mail S. S. Co. by five steamer passengers on their way from Japan to San Francisco, who were prevented from boarding the vessel in this port, will be taken by United States Commissioner Maling this afternoon at 4 o'clock.

PAELE SAYS KEANU HAS THREATENED LABORERS

Supervisor J. K. Paele returns to Koolau, where a little war is being waged between Road Overseer Keanu, whom Paele wants to discharge, and the man Paele requested to do certain bridge work at Punaluu.

Paele told the Supervisors last night that the Koolau police seemed to be in with Keanu and he could not be sure of the protection of men at work. Chairman Smith, backed by the Board of Supervisors, instructed Paele to "look out for things down there."

Paele dared not think what might have happened during his absence. He said Keanu had threatened the workmen.

FARMERS' INSTITUTE MEETS DECEMBER 2ND

The next regular meeting of the Farmers' Institute of Hawaii will be held at the rooms of the Bureau of Agriculture and Forestry in Honolulu, on Saturday, December 2nd, at 7:30 p. m.

The following program will be presented: "The Balanced Ration and Stock Feeding," F. G. Krauss; "Forestry Work in Hawaii During 1905," R. S. Hosmer; "Agriculture in Hawaii," Jared G. Smith; "The Coffee Industry in Hawaii," A. Louison.

All those who are interested are cordially invited to be present at this meeting.

The cases of Honda and Hokada, two Japanese charged with complicity in the sale of a woman, is being tried in Judge Dole's court today. The jury is as follows: E. E. Hingley, W. B. Harrubb, C. J. Willis, A. J. Smithies, Allen Walker, J. A. Gough, J. Kawewehi, I. S. Dillingham, C. S. Crane, John Coffee, W. K. Walamau and Jules Dudoit.

High Sheriff Henry is at present at Lahaina attaching the wireless telegraph station there in connection with the case of Frank Thompson against the Inter-Island Telegraph Co.

Should Ship One Grade

President H. P. Baldwin, of the H. S. P. Association, stated today at the meeting of the sugar planters that he had some time ago asked J. N. S. Williams, now chairman of the Committee on Manufacture, of the Planters' Association, to figure out the polarization of sugar that would deliver best at New York, and that which would deliver best at San Francisco.

"I wanted to know what the effect the price of sugar had on both these markets," said Mr. Baldwin.

"It is not a simple proposition," added the president. "I know one plantation that lost a lot of money by not figuring. This year it will pay us to ship a high grade of sugar. We should all, as far as possible, ship one grade of sugar."

Renton of Ewa drew attention to the following in the report of the Committee on Manufacture:

"It is very doubtful if it pays to reduce the moisture in shipping sugars below .5 per cent since both sugar crystals and the molasses adhering to them are slightly hygroscopic, and will attract moisture from the atmosphere if shipped in a very dry condition."

Baldwin remarked that sugar would draw that amount of moisture from the atmosphere, anyway.

Renton wanted to know if that would not depend on the shipping conditions. Adams of Kahuku said that when Hodemann returned from Java a couple of years ago he said it paid them there best to dry sugar about four-tenths of one per cent.

Baldwin told of two captains of sugar vessels going from Honolulu to New York, long ago, who had fees awaiting them at the other end if they delivered the sugar in A1 condition.

One said he would open his batches every sunny day, while the other said he would make the entire trip with tight hatches.

The tight hatch man won out, the other fellow delivering his cargo in a horrible condition.

Baldwin stated that it was at the first of last year's grinding season that he had talked to Williams about figuring out the best polarization for New York and San Francisco deliveries. The contract for New York differs from that for San Francisco. New York calls for a higher grade of sugar—rather, said Baldwin, "encourages us to make a higher grade. Mr. Williams asked me if he should publish the figures. I thought there were reasons why he should not publish the whole thing."

"Mr. Williams says in his report: '... returns include the drop in polarization due to fresh and salt water damages and sweated sugars.'"

"The main difference is in the landing weights of the sugars, but this is not necessarily due to the action of the Hersey driers, as sugars damaged by fresh or salt water always lose in weight. The moisture in certain sugars on leaving the factory was about .25 per cent, the moisture in other sugars in leaving the factory averaged .7 per cent."

This illustrates the difference in landing weights and the force of Baldwin's suggestion when he said: "This year it will pay us to ship a high grade of sugar, and 'we should as far as possible ship one grade of sugar.'"

INDEMNITY IF QUARANTINED

Only one of the special features in THE STANDARD LIFE AND ACCIDENT INSURANCE COMPANY'S policy.

If the insured shall be officially involuntarily quarantined by a Board of Health in any house or on any steamship on which the insured is a passenger and thereby be prevented from performing duties pertaining to his occupation the Company will pay him the weekly indemnity for total disability for not exceeding ten weeks during insured's confinement in quarantine.

Hawaiian Trust Co., Ltd., Fort Street, Honolulu

Strong Japs Leaving Hawaii And Planters Must Adopt Machines

H. P. BALDWIN ADVISES SUGAR MEN

"We are becoming somewhat alarmed on our plantations," said President H. P. Baldwin at this morning's session of the Hawaiian Sugar Planters' Association, "because so great a number of the stronger men from among our Japanese laborers are going away to the Coast to engage in railroad work, tunnelling and other heavy work, and these stronger men we depended largely upon for the work connected with loading cane."

"Since we are losing so many of our stronger Japanese, it is time for us to devote more attention to labor saving devices, to machinery for loading cane and so forth."

The above was said when labor saving devices were up for discussion before the meeting.

Mr. Baldwin stated that his plantations had purchased three Wilson & Webster cane loaders and two of the Kennedy loaders, being tried at Puuene and Naliuku. He would like to hear from men present who knew something of the operation of these machines.

Mr. Kennedy was not present when the subject was brought up. He came in later. In the meanwhile Manager Renton of Ewa gave some interesting information for the benefit of all.

Mr. Renton said he had used a Wilson & Webster machine during 1904 and found that it would be profitable to get three more of the loaders. But the cost of operation was rather high and the machines were built too light. Then each machine had to go to the shop for repairs.

"I came within an ace of equipping the plantation with the loaders," said Mr. Renton, "but I wanted to try others first."

"The machine could be improved a great deal," continued Mr. Renton, "for example, it could be made 20 horsepower instead of 15 horsepower and the leader should be longer."

When Kennedy entered Renton wanted to hear from him.

Kennedy said they claimed in Louisiana that they could load cane in the field for four cents the ton. It was costing him, with his machine, eight cents per ton, but improvements were going to be made this year and he felt that cane here could be loaded at the Louisiana cost.

"If they do it for four cents," said Mr. Kennedy, "we can do it for that price."

Mr. Kennedy, Mr. Renton wishing to get at the comparative cost of loading (Continued on Page 4.)

NEW DISINFECTING MEASURE IS RECOMMENDED

At the meeting of the Board of Health this afternoon President Pinkham's message was in part as follows: "The Queen's Hospital trustees do not agree with the suggestion, a detached ward for cases under suspicion."

It has been thought advisable to authorize notices forbidding fishing in Nuuanu stream.

While spraying with bichloride the better means of disinfecting consideration has been given during the past ten days to the advantage that might accrue in the spreading in the unoccupied space beneath buildings of a thoroughly spread layer of salt from 1-2 to 1 inch in depth. This will be an effective disinfectant and repellent to rats and vermin. Any use of such place or the deposit of any rubbish or material should not be allowed. A number of orders have been given to this effect already. The inspectors have been directed to hand in a list of buildings to which this process may be applied. Sanitary Inspector Bowman of Hilo has been directed to inaugurate this measure in that city.

PASSENGERS ARRIVED.

Deputy High Sheriff Sea this morning produced the body of Wong Lung as was ordered by the Supreme Court this forenoon in the habeas corpus case of that gentleman. The court overruled Peters' motion to quash the service of summons. Peters then filed Henry's return, admitting that Wong Lung had been made to do a gardener's work in Kaplanai Park dressed in a prison uniform, but denying that he had done hard labor in a convict's garb. It was also shown that a new prison rule allowed the High Sheriff to make misdemeanor prisoners work for the benefit of their health. Peters argued at length on the meaning of the infamous punishment to support his contention.

A special meeting of the stockholders of Olua Sugar company is to be held at 3 o'clock tomorrow afternoon, to get the authorization to an issue of \$2,000,000 of bonds to take up the outstanding issue of \$1,250,000 and to consolidate and fund the floating and unsecured debt.

B. F. Dillingham has arranged, it is said, for the carrying out of this plan.

High Sheriff Henry Suggests Court May Be In Contempt

The habeas corpus matter of Wong Lung came before the Supreme Court this morning and produced not a little excitement. During the proceedings the court intimated that High Sheriff Henry, to whom the writ was directed, was guilty of contempt, and Attorney General Peters had his first legal battle since his appointment.

Wong Lung was convicted by the District Court of receiving stolen goods and sentenced to six months imprisonment. A writ of habeas corpus was asked for in his behalf by his attorneys, Straus and Mossman, directed against the High Sheriff, who, it was alleged, made Wong Lung work on the roads in prisoner's garb, although he was guilty only of a misdemeanor. The Attorney General's Department, representing High Sheriff Henry, filed a motion to quash service of summons on the grounds that the writ was addressed to the Sheriff of Oahu and his deputy instead of to the High Sheriff or his deputy.

When the matter came up this morning Straus asked that it be continued as he was ill. The court has, however, lately been very hard-hearted about continuances, and his request was refused.

Deputy Attorney General Peter stated that he represented Henry but knew but little about the case. It had been entirely in Peters' hands and Peters did not attend, because he thought Straus' request for a continuance would be granted. He also wanted the matter continued, but was also refused.

The court ordered that the matter be proceeded with. Straus said that Wong Lung had been convicted of a misdemeanor only and still he had been given infamous punishment such work on the roads. Justice Hartwell asked if the defense admitted this. Prosecutor said that he had had nothing to do with the pleadings, so he could not say.

Peters was sent for. He soon arrived and started to present his motion to quash when Hartwell suggested that the body of Wong Lung should have been brought before the court. Peters thought that the motion to quash should be disposed of first.

Hartwell replied that dilatory pleas tended to frustrate the object of habeas corpus, which was to progress prompt justice.

(Continued on Page 5.)

LACE CURTAINS

Most everyone buys lace curtains at this season of the year, as this is the time that people summering on the Coast return to their homes in Hawaii.

J. HOPP & CO., Furniture Dealers in the Young Building, have just added a nice line of LACE CURTAINS and DRAPERIES to their other lines and are showing a stock of all new goods, including some natty things in the way of Lace Curtain Novelties.—Irish Point, Arabian, and Madras.

You might be living in a house twice as big as your present one if you had begun to watch the Bulletin want ads. for chances and opportunities and investments years ago.

The annual meeting and adjourned quarterly meeting of the Pacific Hardware Co. will be held at 10 a. m. Thursday, November 30 at their office, Fort and Merchant streets.

The Pacific Import Co. insist on getting rid of their stock of linen dollies, table centers, tray cloths, etc. This they will succeed in doing by cutting the price so low that you cannot afford to pass them by.

One of the greatest strides in kodakery is the Kodak Developing Tank. It follows the idea of the kodak developing machine but is a great improvement. Come and have a look at it at Honolulu Photo-Supply Co.

There will be a Buster Brown stock sale Thursday, Friday and Saturday at N. S. Sachs' Dry Goods Co., wherein purchasers of four pairs at 25c. will receive, absolutely free, a pen, pencil, penholder, eraser, ink tablet, ruler and pencil box.

John Smeaton has applied for a writ of mandamus to compel the Volusia Soda Water Works and its treasurer, H. Hore, to permit him to examine the books of the company, in which Smeaton is a stockholder. Judge De Bolt signed an order to show cause, returnable November 27.

An execution in accordance with a judgment given plaintiff in the case of Henry May & Co., Ltd., v. Waikiki Seaside Hotel, Ltd., for \$1098.81 has been returned unserved by Deputy High Sheriff Sen, with the statement that no property belonging to the defendant could be found.

## ART LOAN SUPPER

It must be remembered that not the least important feature of the Art Loan Exhibit is the supper from 6 to 8 o'clock on the evening of the 23rd and the lunch from 12 to 2 on the 24th, which will be served on the first floor of the Lowers & Cooke building.

There is no admission charge to the dining room.

The room can easily seat 200 people in comfort and small tables for four will be used with the exception of a few large tables for parties. The supper, which is served a la carte, will consist of such delicacies as lobster a la Newberg, creamed Eastern oysters, cold meats and delicious salads. The lunch, whose principal feature is fish chowder, with cold meats and salads, will cost fifty cents.

During the afternoon and evening refreshment drinks will be served for a slight extra charge on both floors. The dining room will be attractively decorated. It is high and cool and conveniently located on the ground floor, and dainty dishes and prompt service are assured.

### HASEGAWA TO RULE KOREA.

Tokio, Nov. 21.—Baron Hasegawa will succeed the Marquis Ito as Governor General of Korea.

## DEATH DUE TO ACCIDENT

The coroner's jury which met Monday afternoon to determine the cause of the death of John Kawai, the fourteen-year-old boy who was shot by a companion at the Honolulu plantation in the Alea district on November 9, decided that it was due to an accident and that the boy, John Kaukane, who held the revolver in his hands when it was discharged was in no way to be blamed. Sheriff Brown is still holding the two youths concerned, Kaukane and Mikilini, and will refer the jury's verdict to the Attorney General.

## BAND AT R. R. DEPOT.

Per Am. schr. W. H. Marston, Nov. 22, for San Francisco.—Mr. and Mrs. A. M. Roland, A. Newhouse, W. H. Alexander, Dr. Max Wassman.

## Blunt Answer

San Francisco, Nov. 21, 1904.

H. W. Blatchley, Esq., Caldwell, Idaho.—Dear Sir: Shortly after you commenced the treatment of your Diabetes with Fulton's Diabetic Compound you wrote that you could notice no results, but would continue it a while longer. Later you wrote it was beginning to yield, and later still that you were nearly well. We have not heard from you now for nearly a year. As you are a druggist and we know that druggists, like physicians, have looked upon Bright's Disease and Diabetes as incurable, we are specially interested in your case and would like to know how you are getting along and inclose postal for reply. Thanking you in advance for same.

Yours very truly,  
J. J. FULTON CO.

Following is the reply:  
Caldwell, Idaho, Nov. 25 1904.  
Jno. J. Fulton Company: I am cured. Respectfully,

H. D. BLATCHLEY.

Comment is unnecessary. About nine-tenths of all cases of Bright's Disease and Diabetes, heretofore fatal, are now curable by Fulton's Compound. Send for pamphlet.

Honolulu Drug Co., agents.

When to suspect Bright's Disease—weakness or loss of weight; puffy ankles, hands or eyelids; dropsy; Kidney trouble after the third month; urine may show sediment; falling vision; drowsiness; one or more of these.

In Diabetes the most noticeable features are weakness, with thirst, and at times voracious appetite.

# Paele's Koolau Trouble Before Supervisors For Special Investigation

## MORE MONEY FOR BAND BOYS

Supervisors' meetings are always interesting and last night's gathering was no exception to the rule. To begin with, there was a strain in the atmosphere, an expectation of something strenuous, for back of the knowledge that the Paele-Keanu Koolau row was going to be aired, was the anticipation of an argument over the proposition of the County Treasurer giving the cash to county district supervisors to pay road employes. Supervisor Paele had held out \$10 from Koolau Road Overseer Keanu's pay and at least one of the members of the Board had promised to stir up the warrant system and Auditor Bicknell and Treasurer Trent were on hand, open to suggestions and ready to stand by their procedure.

But, after the reading of documents in the Paele-Keanu matter, the affair was referred to a special committee, consisting of Supervisors Adams and Moore and nothing was said about the method of paying off county employes, arranged for the convenience of these employes.

Treasurer Trent was present for the first time in months.

Adams and Cox were absent when the meeting opened.

Adams came in later, after the Chair telephoned for him. He had said he would not be down town that evening.

Chairman G. W. Smith said, bringing up the Paele affair: "Gentlemen, I have something to bring before you involving the good name of one of the members of this Board and having to do with the authority of the members of the Board."

The Chair then called on County Clerk Kalauokalani to read Keanu's protest.

I, the undersigned, J. H. Keanu, road overseer and bookkeeper, District of Koolauloa, County of Oahu, humbly make the following protest and statement:

That on or about November 11, 1905, he was discharged by J. K. Paele, one of the Supervisors, without proper cause, except that he protested the actions of said J. K. Paele in wasting the money of the County of Oahu, by breaking a cemented wall at Waiolua, Koolauloa, without the knowledge of the undersigned.

He further states that out of his salary for October, 1905, said J. K. Paele retained ten dollars, for what cause, the undersigned has no knowledge of.

I therefore request that I may be informed whether I am or not the Road Overseer and Bookkeeper for the District of Koolauloa, County of Oahu.

And further, I may be informed why a part of my salary was not paid to me. Hoping your Board will see your way clear to give me proper information relating to the above matters, I have the honor to be

Your obedient servant,  
J. H. KEANU.

The Chair: "Mr. Paele called on me to make a statement and I requested him to put his statement in writing. The Clerk will read it."

Mr. Kalauokalani then read as follows:

Under these obligations—  
(1) On the 25th of September A. D. 1905, J. H. Keanu, road overseer of Koolauloa and also the laborers, working on the government roads, were publicly intoxicated on the public highway at Punaluu, said Koolauloa.

(2) On the 19th day of October A. D. 1905, Nohoanu (k) (mason) David Kaapu and Hoomana were also intoxicated, at working hours.

On the 20th day and 21st the public work on the breakwater at Punaluu the men quit work at 2 p. m. J. H. Keanu did not attend work on these days, so the mason work of the public was neglected and spoiled.

Also hereto attached an affidavit in regard to this work.

(3) On the 13th to the 16th of September, J. H. Keanu brought men from Lalewal to Punaluu and begin work at 9 o'clock a. m. and quit work at 3 o'clock p. m. In the mean time and same day Punaluu men worked until 4 o'clock p. m.

And also attached to this a petition—which was given in the hands of Andrew Cox, Supervisor of Waiolua and Waiolua, which was referred to me on the 18th day of September, signed by fifteen qualified voters of the 2nd precinct, Fifth District, which I present with this report.

(4) On the 11th day of November, 1905, one of J. H. Keanu's bondsmen, came personally to me, at Punaluu, and gave notice to me to withdraw his name, as being J. H. Keanu's bondsman, for reason, shown below.

1st. That said J. H. Keanu had given away giant powder belonging to the government for the use of excavating the graves of M. K. Kou deceased and Josiah Keaulana and a baby belonging to Jos. Kekuku, who gave him authority to give away the property of the government.

(5) From the 4th to 11th of November, J. H. Keanu reported to me that Andrew Adams of Kahuku plantation has refused to deliver ten (10) barrels of cement to us. But the truth is that Mr. Adams did not hold the ten (10) barrels of cement, that J. H. Keanu did not call for it. I went myself to Kahuku personally and got the cement.

Now Adams told me personally that he did not refuse to give him the cement, so I took away 3 barrels and got back to Punaluu at 9 o'clock p. m. of the 11th inst.

From September to date one barrel of cement is unaccounted for.

(6) Four iron empty barrels are lost, being property of the public and has not been seen since the 23rd day of October to date.

(7) J. H. Keanu has never made any reports to the Board of Supervisors in regard to the damaged bridge at Hauula and not even to me.

I have given him orders strictly to look into the needs of the roads and bridges, and made a report to the Board—and also the homestead road at Pupukea, and also the homestead road of Hauula, and on the 19th I went down to Pupukea, and look into the homestead roads—and the trouble, which I reported to the Board at the meeting of the 23rd of October.

The report that I broke the breakwater at Punaluu was false; it gave away by itself as the work on it was not done properly and that's the reason I discharged Nohoanu, because the work was done by him, through J. H. Keanu I gave the order of discharge on the 19th of October, and during that time I suggest to Keanu to have Joseph Keaunui of Hauula as the mason, but, Keanu says no, and requested me to order the Koolau mason over to Koolauloa, and on the 6th of November I send Mr. Thomas Watson with a letter to J. H. Keanu and the watchman also who was taking care of the government warehouse in which the cement are kept, notifying Keanu that Mr. Watson is the mason who is coming over and also ordering the watchman to give Mr. Watson cement and board and other things he needs for the work. Another complaint against J. H. Keanu was during last month there were four men who work on the road were not entered in the Koolauloa road expense.

So for the above reasons I have discharged J. H. Keanu on the 11th day of November, A. D. 1905, and strictly gave him the order to return all government tools over to J. K. Apulaha—a temporary road overseer that I appointed till this board meets.

I have held back \$10.00 from J. H. Keanu on account of lost tools, of the property of the public, the said ten (\$10.00) dollars was handed over by me to the Treasurer of the County on the 16th day of November A. D. 1905, as per receipt attached to this, and also minutes held September 6, 1905, relative to nomination for road overseers.

Respectfully submitted,  
J. K. PAELE.

Supervisor, Districts of Koolauoko and Koolauloa.

The Chair drew attention to a number of petitions received from Koolau residents and voters asking that Road Overseer Keanu be removed, Keanu's bondsmen had also sent in advices that they wished to withdraw from the bonds.

After considerable discussion Keanu was suspended from date, pending the investigation of the whole matter. Paele's action included, by the special committee appointed by the Chair.

The Board last night approved the additional \$25,000 bond of the County Treasurer, and the bond of his clerk, and appropriated money to pay the premiums thereon.

A note was received from the Governor, referring to the Board the following letter from Mrs. Mary D. Prime:

To His Excellency, Governor Carter.

I wish to call attention to the dangerous condition of the Waiolua road, especially between 8th Avenue and the Kapahulu road. When driving to town on the morning of October 23d, 1905, one of my horses—a valuable animal that I brought with me from Minneapolis—fell, owing to the rocks on the steep grade a few hundred feet above the Kapahulu road, at the same place where, I am informed, a few days previous, a similar accident occurred to one of a team attached to a load of stones, in that instance the passengers on the tram car helped to extricate the injured animal.

I was thrown forward, by the sudden stopping of my carriage, against the dash, which was bent straight by the impact, I escaping, being hurled down between the feet of the horses by some good providence.

The horse had to be shot by the veterinary November 2nd, 1905.

For six years I have been a tax-payer in this Territory and during that period have had neither a safe road to traverse for the necessary trips to town, nor any lights along the road for night journeys nor fire protection.

If the Waiolua road be not put in safe condition speedily I shall bring suit for damages.

To the above the Governor had replied as follows:

The last Legislature put the responsibilities of the condition of roads in and around Honolulu with the County officials, and your communication of November 7th should properly be directed to them. I have, therefore, taken the liberty of forwarding it to Mr. George W. Smith, chairman, Board of Supervisors, County of Oahu, for attention.

The Waiolua matter was referred to the Roads Committee.

Postmaster Pratt wrote to ask the Board when crosswalks were going to be constructed near the postoffice. As

(Continued on Page 6.)

# STOP, WOMAN!

## AND CONSIDER THE ALL- IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private life to a woman—a woman whose experience, besides a man, does not understand—simply because he is a man.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probably examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only.

A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken.

Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands.

Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice.

When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

# IN THE BED ROOM

Electricity is an inestimable boon. The push button may be placed near the head of the bed. In case of suspected, or real, intrusion—in case of sudden illness—the room may be brilliantly illuminated without hesitation or the delay which may mean discomfort or something worse. Flexible wires easily permit the employment of Electric Light wherever illumination is wanted. Reading need not be confined to the library. For those who will read in bed—a joyful if not a commendable practice—the light may be conveniently placed, and no getting up is necessary to disturb the composure that must precede sleep.

C. G. BOCKUS, Business Manager of the Bulletin Publishing Company, Ltd., being first duly sworn, on oath, deposes and says: That the following is a true and correct statement of circulation for the week ending November 17th, 1905, of the Daily and Weekly Editions of the Evening Bulletin:

Table with 2 columns: Date and Circulation. Rows include Saturday, Nov. 11 (2409), Sunday, Nov. 12 (2119), Monday, Nov. 13 (2114), Tuesday, Nov. 14 (2152), Wednesday, Nov. 15 (2106), Thursday, Nov. 16 (2310), Friday, Nov. 17 (2201). Average Daily Circulation 2201.

Number of Weeklies delivered on the Island of Hawaii alone 1042 COMBINED guaranteed average circulation 4567 BULLETIN PUBLISHING CO., LTD. By C. G. BOCKUS, Business Manager.

subscribed and sworn to before me this 18th day of November, A. D. 1905. P. H. BURNETT, Notary Public, Honolulu, County of Oahu, Territory of Hawaii.

WEDNESDAY, NOV. 22, 1905.

The first knock against the locally owned and operated steamer has found voice.

Deputy E. C. Peters has been the brains of the Attorney General's department ever since he has been associated with it. His selection as Attorney General is in keeping with a policy of placing capable men at the head of Territorial departments.

The morning Pinkhamphobist thinks the talk of W. O. Smith on tobacco ought to make the author of the Pinkham report feel badly. This evidence the blinding effect of Pinkhamphobia. The Pinkham report stated that experiments, not then completed, were being made with tobacco and hopes for success were entertained. If a vote were taken of the assembled plantation managers on the accuracy of the Pinkham report, there is no doubt of where the Pinkhamphobist would land, nor is there any doubt of what the majority of those connected with the leading industry think of him.

ADVERTISER KNOCKER AGAIN

Of the many exhibitions of malicious idiosyncrasy to which a spite campaign will carry a man, the screed in L. A. Thurston's paper of this morning, editorially dwelling upon the supposition that the publicity program carried out by the Board of Health has resulted in the antagonistic attitude of the California Board of Health, is the most imbecile recently offered.

The charge made would be important if there were the slightest possibility of truth in it. In the light of fact it is nothing but the disgruntled outburst of a Knocker inspired by Pinkhamphobia.

The action of the Board of Health in giving publicity to deaths occurring in Honolulu from contagious diseases was taken on the afternoon of November 8th, just twelve days ago. This action was on account of the then existing attitude of the health authorities of the port of San Francisco. What Honolulu considered an unnecessary quarantining of steamers bound to the Coast was already in existence. The best authority to be had indicated that the Federal authorities at the port of San Francisco were not fearful of conditions in this port. It was the local officers of San Francisco who were causing the furor, and their position was due to the alarming and utterly false rumors of health conditions here that had been circulated by vicious rumorologists and spite mongers.

The quarantine folly had gone so far that the Oceanic steamer passing through here on November 8th, offered the glorious exhibition of an officer stationed at the gang plank shouting, "No through passengers allowed ashore." Through passengers were cooped up aboard ship while in this port, all on account of wild and wholly untruthful yarns circulating in San Francisco several weeks before the Honolulu health officers decided to give publicity to the facts, which were anything but alarming.

Now this wise man of local "germanism" gets up in the morning and an-

nounces that the publicity policy of the local health officers is the cause of San Francisco antagonism; had the old policy of silence been carried out, would have been well. In view of the facts the only possible conclusion to draw is that the sponsor for this contention is either a fool or a knave.

One of the features of the situation is that the day after the local Board acted, L. A. Thurston was about town trying to drum up opposition to the publicity program. He wanted to stir up both the Promotion Committee and the Merchants' Association. He did not succeed. The spite and hypocrisy of the morning paper have nauseated the people of Honolulu till its knocking tactics have become a synonym for the complaint of a pole cat that the odor of its surroundings is unsavory.

The probable cause of San Francisco's fear of Honolulu is the knocking campaign carried on by the Advertiser several weeks ago, which was so obviously malicious and injurious to the town that the paper was openly repudiated by one of its especially selected followers.

First a Hilo Knocker went to San Francisco and spread abroad a lot of false yarns which resulted in quarantining sugar cargoes from both Hilo and Honolulu. Secondly the Advertiser in the course of its spite campaign and to satisfy an insatiable penchant to do injury somewhere, inaugurated falsely sensational misrepresentations regarding the situation in Honolulu. There is no doubt that Knockers can always make good at injuring a town when they start out. A lie will travel faster than truth.

The success of the morning paper in this line is such as to merit the approval of malicious men whose highest ideal is to damage the city and whose sleeping and waking ambition is to misrepresent those working for its advancement.

BEAUTIFYING HONOLULU

In striking and happy contrast with the campaign of the Honolulu Knocker is the work for beautifying and rebuilding the town faithfully developed by the Promotion Committee and the public-spirited citizens whom it is enlightening.

STRONG JAPS LEAVING

(Continued from Page 1.) with a Wilson & Webster and a Kennedy, stated that came was hauled to the Kennedy larder on sleds.

RENTON remarked that the Wilson & Webster drew the cane to itself, while the Kennedy had the sled accessories.

For this reason it was difficult to arrive at comparative cost figures.

H. P. Baldwin stated it was his experience that the "cane grabs" used on some plantations grabbed up too much trash along with the cane.

EHLERS GOOD GOODS

COR. FORT AND MERCHANT STS., HONOLULU.

This is work that counts for something toward creating a community that not only takes pride in itself but attracts the good will of all who may visit us. Best of all the people are showing that they have a real interest in making the residential grounds more in keeping with artistic ideas. Apparently they have needed only an organization leadership to aid in practical development of dormant enthusiasm. May they also make a record for sustained effort.

The beginning made by arousing the pound master to greater activity should bear fruit in a short time in the form of a fence destroying campaign. Then will follow naturally the better care of lawns and in some instances the discovery of lawns and pretty grounds that have thus far remained hidden behind the ugly and ill-kept rails and stakes.

Towns grow and cities improve under the influence of such activities. It shows people that there are more pleasant things in life than the bitter wrangles of spite campaigns and the dyspeptic follies of "what's the use?"

Having urged that the Promotion Committee take up this town improvement, the Bulletin is equally insistent that the citizens of Honolulu shall cooperate with the Committee's excellently framed program. It is worth while. It combines selfish interest and public spirit in a way that makes natural people—let the freaks flock by themselves—forget the petty things and loyally get together for the general polishing up of their surroundings.

Your attractive and well kept grounds, besides giving you comfort and pleasure, are a source of satisfaction to your neighbors. You can't do better than help the work along. Pretty soon you'll be doing more, for no other apparent reason than the pleasure of achieving something out side the confines of daily humdrum or the ruts of the pessimistic knocker.

PETERS FELICITATED

ON N. W. APPOINTMENT

In answer to the request made by Attorney General Peters last week Judge Lindsay this morning had the following jurors drawn to serve on the Grand Jury in addition to those already serving: C. G. Bartlett, Henry Zerbe, M. Jones, W. T. Raposo, W. T. Schmidt, W. H. Hoops, H. E. Hendrick A. A. Montano, A. J. Smithies and Harry S. Francis.

Upon the appearance of Attorney General Peters in the court Judge Lindsay congratulated him from the bench in the following words:

"The Court desires to say that it has great pleasure in welcoming the new Attorney General, and hopes the pleasant relations hitherto existing between the Court and the Attorney General's Department will continue as they have been in the past."

Peters answered as follows: "The Attorney General wishes to thank the Court for its kind expression of feelings, and desires to assure this court, the presiding judge of it, therefore practically the court, that the Attorney General's Department will be, and is, ready at all times to assist the Court and not only in those cases in which the Territory is directly interested, and that at any time this Court desires any member of the Attorney General's Department to appear as amicus curiae in any case in which the statutes of the Territory are attacked by the raising of constitutional questions, the Attorney General's Department will be more than willing and pleased, if called upon, to render what assistance in its humble way it can give."

REPORT IMPROBABLE

The Board of Health will meet at 3 o'clock this afternoon. The principal matters to be taken up will be the appointment of a sheriff for Kalanipapa, and the granting of a license to practice medicine to a new physician.

President Pinkham states that he does not believe the report that California is contemplating a quarantine against vessels from Hawaii. Neither he nor Dr. Cofer have heard anything about this. He points out that the Board's publicity resolution was passed hardly two weeks ago and that there has certainly not been a chance for the exchange of advices by mail between here and the Coast in that time.

It Is Cool THESE DAYS AT HALEIWA.

Tickets and information at Oahu Railway station and Trent & Co., or ring up Haleiwa Hotel, King 53.

On Sundays the Haleiwa Limited, a two-hour train, leaves at 8:22 a. m.; returning, arrives in Honolulu at 10:10 p. m.

KAUAI OBJECTS TO BEING LINED UP WITH SPITE CAMPAIGN

The Garden Island in its latest issue prints the following on the Advertiser and its spite campaign:

THE REV. WADMAN DREAMS OF ECHOES.

"The Advertiser's crusade against gambling," said Rev. John W. Wadman, the other day, "has had much to do with stirring up the civic pride of Kauai and getting the good people of that island into action against the gamblers and their official friend, the Advertiser."

"Well, that may be the Reverend's conclusion, but we can assure him that he is a long way off."

Kauai does not approve of the methods of the Advertiser, considering them unfair and practiced in a revengeful and spiteful spirit. The Kauai method is to collect the evidence and place it before the Grand Jury and not to throw out loose insinuations from pulp or in the public print.

One method is mainly and effective; the other without results and flavoring of bad ward politics.

Kauai desires clean administration in all branches and hopes to have as pure a police force as can be hoped for anywhere, but the method in securing such administration must be thoroughly clean in itself before the people of the island will accept any reforms in good faith.

JUDGE OF THE SUPREME COURT Was Alarmingly Afflicted With La Grippe, Cured by Pe-ru-na.

HON. W. H. PARSONS.

W. H. Parsons is Ex-State Senator and Ex-Special Judge of the Supreme Court of Texas, also Brigadier-General in Confederate Army. In a recent letter from 925 H Street, N. W., Washington, D. C., this prominent gentleman says:

"Upon the recommendation of personal friends and many strong testimonials as to the efficacy of Peruna in the treatment of the numerous symptoms of the grippe with which I have been afflicted for four months past, I have been induced to undergo a treatment with this justly celebrated formula. I feel a decided change for the better after using it only one week. It is especially good in toning up the stomach and has had a decided effect upon my appetite. I therefore feel much encouraged that I am on the road to complete restoration. My numerous friends in Texas, where I have had the honor to command a brigade of the Veteran Cavalry in a four years' war, may accept this voluntary testimonial to the merits of Peruna as a sense of obligation on my part for its wonderful efficacy."—W. H. Parsons.

There is no remedy in the world that soothes while it stimulates, heals as it meets the conditions produced by la grippe better than the remedy, Peruna, or cathartic, or sedative, or stimulant, or a vegetable or mineral poison. It expurgates, Peruna is not a purgative, nor a vegetable or mineral poison. It expurgates, Peruna is not a purgative, nor a vegetable or mineral poison.

A reward of \$10,000 has been deposited in the Market Exchange Bank, Columbus, Ohio, as a guarantee that the above testimonial is genuine; that we hold in our possession authentic letters certifying to the same. Every one of our testimonials are genuine and in the words of the one whose name is appended.

For special directions everyone should read "The Ills of Life," a copy of which surrounds each bottle. Peruna is for sale by all chemists and druggists at one dollar per bottle or six bottles for five dollars. Those wishing direct correspondence with Dr. Hartman and can wait the necessary delay in receiving a reply should address Dr. S. B. Hartman, Columbus, Ohio, U. S. A. Benson, Smith & Co. will supply the retail drug trade in Honolulu.

BY AUTHORITY

At the meeting of the Board of Supervisors of the County of Oahu, Territory of Hawaii, held the 21st day of November, A. D. 1905, in their office, McIntyre Building, the following Ordinance was duly passed by the said Board:

ORDER No. 2. REGULATING THE ESTABLISHMENT OF CEMETERIES.

The People of the County of Oahu do Ordain as Follows: Section 1. From and after the passage of this Ordinance, no cemetery or cemeteries shall be established within the County of Oahu, Territory of Hawaii, without the consent and approval of the Board of Supervisors for said County.

Section 2. Any person, association or corporation, desiring to establish a cemetery within the County of Oahu, shall submit a full description of the metes, bounds and area of said proposed cemetery, together with a map of the grounds and proposed improvements thereon. Also a copy of proposed rules and regulations governing such proposed cemetery. Also a prospectus of the financial status of the proposed Cemetery.

Section 3. It shall be unlawful to establish a cemetery within the County of Oahu on land not absolutely owned in fee simple and free from debt. It shall be unlawful to mortgage or place any liens whatsoever on any proposed cemetery within the County of Oahu.

Section 4. Any person, or any association or corporation or any officer thereof, violating any of the provisions of this Ordinance, shall be deemed guilty of a misdemeanor and upon conviction shall be fined in a sum not exceeding One Thousand Dollars.

Section 5. This Ordinance shall be in force on and after date of passage. Attest: (Sgd.) D. KALAUOKALANI, JR., Clerk, County of Oahu.

Approved: (Sgd.) GEO. W. SMITH, Chairman, Board of Supervisors.

2237-11

reaches the source of all diseases of the mucous membranes by its action on the vaso-motor system of nerves. Every person who has had la grippe during the last year should take a course of Peruna. No one need expect perfect recovery unless they do so. The grippe has produced catarrhal inflammation of the whole mucous membrane, and good health is impossible until these are restored to a normal condition. This Peruna will do. A great many remedies have been suggested for this condition from time to time, but Peruna appears to be the only remedy that has any substantial value in these cases. It has never failed to give satisfaction during forty years' experience and still occupies the unique position of being the leading (if not the only) specific remedy for the after-effects of la grippe. Henry Distin, the inventor and maker of all the band instruments for the Henry Distin Manufacturing Co., writes the following from 1441 South Ninth Street, Philadelphia, Pa.: "I had a bad attack of la grippe last December which lasted more than three months, and which left me with catarrh, and several of my friends advised me to try Peruna. I began with a bottle the first week in March and it certainly did me a great deal of good. I was so well satisfied that I purchased another bottle and followed the directions, and can say that it has cured me."—Henry Distin. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

**JAPS ARE LEAVING.**  
Los Angeles, Oct. 27.—According to present local indications the "Yellow Peril" will have no perilous meaning for California for many years at least. It is stated upon the reliable authority of the leaders of the local Japanese colony that the Japanese residents of Southern California, of whom there are large numbers, are leaving daily for home to proceed thence to the newly opened commercial fields in Manchuria and Korea.

It is declared that within a year a majority of the present local Japanese population will have migrated. The cessation of the war and the opening of new opportunities in the Orient furnish an attraction to the Japanese, who believe they see there a chance to use to advantage the knowledge of commerce and business gained by a residence in this country. Three of the prominent Japanese business men of this city, it is said, are closing up their affairs, preparatory to departing for the Orient as soon as possible, and three others have already gone.

At least three clubs will be represented in this handicap meet. Ewa will be well represented. There are many entries from both the Pacific and Beretania courts.

The following players have booked: E. B. Turner, A. J. Lowrey, R. B. Rietow, W. P. Roth, C. J. Olson, R. O. Reiner, S. R. Fulmore, F. E. Greenfield, Alex. McKeever, W. S. Warren, H. S. Grey, R. C. Van Vliet, Lieut. Hannab, Lieut. Cooper, C. G. Bockus, D. H. Hitchcock, S. G. Wilder, J. H. Peterson, G. F. Humphrey, Jr., A. T. Brock, W. C. Hobdy, F. E. Steere, G. F. Renton Jr., E. R. Adams.

Entries will close on Monday, November 27 at 5 p. m.

## SPORTING TIPS

Barney Joy and Houghtailing of last year's H. A. C. football team, are out in uniform for the Malles.

The Oahu College and Kam series is now over. It would be interesting to see the Puna and High School get together.

Camp McKinley will soon hold a field day.

It is rumored that Hampton, White and Moore are all after the umpire's job for next season.

Interest is growing in football.

Sam Johnson is the hardest worker on the Punahou team. Sam's presence creates much enthusiasm.

Babbitt is coaching the backs and Reed the line for the P. A. C's.

Coach Benson of the Malles has a large football squad working daily.

The Metropolitan Meat Jugglers challenge.

# SPORTS

## THE RAGTIME MUSIC

Lot of rot they learn at college, Hurting all our decent boys. Most unworthy kinds of knowledge—Holy Moses! What a noise! Shameful how they yell and holler, Till their very throats are sore! Awful way to raise a scholar— But I wonder what's the score?

Shows a rank degeneration Of the public taste, I vow. It's degrading to the nation— Should be stopped, I tell you now. But the rude enthusiasm Gets the people more and more. We all catch the common spam— Tell me, what's the blooming score?

Days of Roman gladiators, When the old republic fell, All the modern agitators Have the same sad yarn to tell. Football is contaminating. Breaking bones and shedding gore. Yes, I grieve to say I'm waiting To find out the latest score. —Chicago Daily News.

## INTEREST IN FOOTBALL

There were at least 150 interested spectators out on the Punahou campus watching Reed and Babbitt put the P. A. C. team through a hard practice last evening. There were two eleven out in suits and a fine practice resulted. Reed is developing a line and has good material to work on: Chilton, Maderros, Cockett, Alexander, Reed, McDougal, Chillingworth, Hall, Geo. Doshia, E. Doshia, Miller and Howland are all fighting for places. Behind the line are Clark, Campbell, Rycroft, Johnson and Kanae. There will be no favorites, the best man will make the team.

Hatch, Walker, Fuller and Armstrong, some good old "has beens," looked on from the side line, while the youngsters went through their plays. It looks now as if Punahou will have one of the strongest teams that she has had in years. With a captain like Reed and a general like Clark, they are going to be hard to down.

## MAILES VS. 10TH INFANTRY

The season will be opened by a game between the Maile Athletic Club and the 10th Infantry on Thanksgiving Day. Last year on this day one of the largest crowds that ever witnessed a local football game crowded on the field to see the match. Thanksgiving is a great football day throughout the United States and Honolulu is no behind the times when it comes to turning out on this day.

It was lucky to get the Malles, last year's champions, to play on this day. This team will defend the honor against the soldier lads of Camp McKinley. Three officers will be seen on the gridiron on this day in infantry uniform. The soldier boys are improving rapidly and those who have seen them in practice predict a victory for the boys in blue.

## THANKSGIVING TENNIS

There will be many entries for the tennis on Thanksgiving day. Already twenty-four have booked for the event and the prospects are that there will be many more.

At least three clubs will be represented in this handicap meet. Ewa will be well represented. There are many entries from both the Pacific and Beretania courts.

The following players have booked: E. B. Turner, A. J. Lowrey, R. B. Rietow, W. P. Roth, C. J. Olson, R. O. Reiner, S. R. Fulmore, F. E. Greenfield, Alex. McKeever, W. S. Warren, H. S. Grey, R. C. Van Vliet, Lieut. Hannab, Lieut. Cooper, C. G. Bockus, D. H. Hitchcock, S. G. Wilder, J. H. Peterson, G. F. Humphrey, Jr., A. T. Brock, W. C. Hobdy, F. E. Steere, G. F. Renton Jr., E. R. Adams.

Entries will close on Monday, November 27 at 5 p. m.

## TAMMANY TO TESTIFY.

New York, October 23.—It was stated today that Charles F. Murphy, a leader of Tammany Hall, and Patrick McCarren, Democratic leader in Brooklyn, will be called to testify before the insurance investigating committee. The purpose of summoning them is to discover whether they know anything about the affairs of the New York Dock Company, which owns wharf and warehouse property in Brooklyn. The Mutual Life Insurance Company owns about \$3,850,000 of its securities. It was reported today that an attempt to sell this property to the city of New York was made some time ago and that Murphy and McCarren will be questioned on this point.

## HASTY ASCENT.

"Percy has more sense than I gave him credit for. He is preparing to hunt mouse in the great north woods." "Learning to shoot, eh?" "No; learning to climb. He expects to be freed."—Chicago Daily News.

## WERE THESE TWO CASES WORTH THE COST OF TREATMENT?

Brooklyn, N. Y. One of my horses went lame from side or shell bones on both feet, which extended entirely around the quarter, and was laid up for about three months. I used two bottles of "Save-the-Horse," and the horse is perfectly sound. I have driven her over paved roads, and one day gave her a sixty-mile drive and she never showed the least particle of lameness. The growths have nearly all disappeared. I have owned horses for years, used them to build railroads and in all kinds of contract work, and have used remedies, blisters, firing and electricity, but never saw anything take hold and produce such results as "Save-the-Horse" in this case. D. C. BENNETT, Builder, 416 79th St.

POSITIVELY AND PERMANENTLY CURES Bone and Bog Spavin, Ringbone (except Low Ringbone), Curb, Thoroughpin, Splint, Capped Hock, Shoe Boli, Windpuff, Weak and Sprained Tendons and all Lamenesses. \$5.00 per bottle. Written guarantee as binding to protect you as the best legal talent could make it. Send for copy booklet and letters on all lamenesses. At Druggists and Dealers or Express paid.

Trade supplied by HOLLISTER DRUG CO., HOBSON DRUG CO., Honolulu, and TROY CHEMICAL CO., Binghamton, N. Y., formerly Troy, N. Y. BEWARE OF SUBSTITUTES.

The great success of "Save-the-Horse" has invited the usual number of substitutes, prepared for and expected to be worked off on the innocent by unscrupulous manufacturers and dealers.

# FALL EXHIBITION

## SHOWS FEW WORKS

The fall exhibition of the Kiloheana Art League, which will be kept upon at the rooms in the Young building until December 2, is much less imposing, at least as far as quantity is concerned, than former exhibitions have been. There are only thirty-four paintings on view and of these more than half, nineteen to be exact, are by one artist, the prolific Professor Howard Hitchcock. The remaining fifteen are by P. S. Malony, A. H. Parke, A. R. Gurry and P. H. Dodge.

It is disappointing to see only so few pictures and so few articles represented. The paucity of the exhibits can be ascribed in part to the absence of Mrs. Kelly, who has always formerly exhibited hosts of good water colors, but one wonders what has become of the numerous minor amateur painters, who used to fill the pages of the catalogue. It has been suggested that the fact that it has known that Hitchcock should exhibit might have scared away some of the minor contributors, but this is probably far from the truth as at least a few of those who used to send in just a picture or two in former years, did some really creditable work.

Hitchcock's paintings dominate the walls with their great number. A number of different subjects have been treated, all of them with, and some of them exceedingly so.

In point of numbers Malony is Hitchcock's second. His picture "Lanai" is very good, and "Waipahu" also shows considerable merit. A. R. Gurry exhibits two canvases "Twilight," and "Sunset," light effect studies, of which the former is possibly the best work of the entire collection. A. H. Parke and P. H. Dodge also exhibit, the latter only one single painting. A large number of pieces of decorated porcelain from the brushes of C. E. Mays and Mrs. Robt. Moore form an interesting part of the exhibition.

On the Peninsula, F. S. Malony; Plantation Road, Lahaina, A. H. Parke; Nanakuli, F. S. Malony; The Flame Tree, D. Howard Hitchcock; Nocturne—Walkiki, D. Howard Hitchcock; October—Central Park, N. Y., D. Howard Hitchcock; United, F. S. Malony; Moonrise, D. Howard Hitchcock; Be-calmed, Sunset, D. Howard Hitchcock; Storm at Waikiki, D. Howard Hitchcock; Cocoon Grove, F. S. Malony; Twilight, A. R. Gurry; Night, D. Howard Hitchcock; Lanai, F. S. Malony; Sunset, A. R. Gurry; Study—Lawmanas, D. Howard Hitchcock; Low Tide, D. Howard Hitchcock; Dawn, Diamond Head, A. H. Parke; Rivalis, at Lahaina, A. H. Parke; Clear Morning, Waikiki, D. Howard Hitchcock; Among the Redwoods, Santa Cruz Mountains, D. Howard Hitchcock; Study—Harvesting Sugar Cane, D. ### Your Eyes The Jury

Shakespeare says: "Lend every man thy ears." And every one wants your ears to tell you the merits of his goods. But, as you well know, nine times out of ten, the goods do not bear out the story. The loan we ask is your eyes. They are the ultimate judges. To their verdict we appeal.

### Corporation Notices.

#### Notice to Holders of Bonds OF THE

#### Waialua Agricultural Co., Ltd

Pursuant to a Resolution passed by the Directors of the Waialua Agricultural Company, Ltd., at a regularly called meeting held on October 24th, 1905, and acting under authority of a Resolution passed by the Shareholders of the said Waialua Agricultural Co., Ltd. at a duly called special meeting held on October 19th, 1905, the existing issue of Bonds, for One Million Dollars in all, will be refunded on March 31st, 1906.

Under authority of the said Resolutions a new issue of Bonds for One Million Five Hundred Thousand Dollars (\$1,500,000.00) in all will be made, said Bonds to be dated March 31st, 1906, bearing interest at the rate of 5% per annum, payable semi-annually on the last days of March and September of each year, for a term of 20 years, with the option reserved to the Waialua Agricultural Company, Ltd., of redeeming the whole or any part of said Bonds on March 31st, 1916, or on any interest-paying date thereafter; said Bonds to be secured by Deed of Trust on the property of the Company, which shall provide for the annual payment to the Trustee of 10% of the net profits of the Company, to be invested as a sinking fund for the redemption of said Bonds.

Holders of the existing issue of Bonds may exchange their holdings for an equivalent face-value of the new issue, on the basis of 98 for the latter, (difference to be paid to Bondholders either in U. S. Gold Coin or in additional Bonds at 98, or partly in Bonds and partly in U. S. Gold Coin, at Company's option), provided they execute an agreement to this effect, and deliver same, not later than January 6th, 1906, to the Hawaiian Trust Company, Limited. Blank forms of this agreement will be furnished on application, or may be had at the office of the Hawaiian Trust Company, Limited, Honolulu, November 2, 1905.

**G. P. CASTLE,**  
Treasurer Waialua Agr'l Co., Ltd.  
3220—Jan. 6, 1906.

#### NOTICE OF REDEMPTION AND PAYMENT OF BONDS OF THE

#### McBryde Sugar Company, Limited.

WHEREAS, by the terms of the Deed of Trust executed on the 2nd day of July, 1900, by the McBryde Sugar Company, Limited, in favor of Francis M. Swanzy, George R. Carter and Ernest H. Woodhouse, recorded in the Registry of Deeds in Honolulu in Book 207, Pages 357 and following, the McBryde Sugar Company, Limited, has the right to redeem and pay the bonds secured by this Trust Deed, or any of them, upon the 1st day of July, 1905, or upon any interest-bearing date thereafter, and has voted so to do as hereinafter provided; said bond issue being for \$750,000 consisting of 750 bonds for \$1000 each.

NOW THEREFORE notice is hereby given that it is the intention of the Treasurer of the McBryde Sugar Company, Limited, to redeem and pay on the 1st day of January, 1906, and thereafter, on presentation, all of said bonds of said issue now outstanding and all holders of said bonds are notified that thereafter the said bonds will be excluded from participation in the security provided by the Deed of Trust, and all interest on said bonds will cease.

IN PURSUANCE of the foregoing all holders of said McBryde Sugar Company, Limited, bonds of the issue of July, 1900, will please present the same for redemption and payment at the Bank of Hawaii, Limited, on the 1st day of January, 1906, and thereafter.

## UNIVERSAL MOVE TO BEAUTIFY HONOLULU

### Citizens Meet Promotion Committee And Discuss Improvements

#### ADVISORY BOARD APPOINTED TO CONFER WITH ARCHITECT

#### TREES WILL BE PLANTED, THE FENCES TORN DOWN AND STRAY ANIMALS DONE AWAY WITH.

A general discussion to add materially to the beauty of Honolulu and improve the appearance of the streets in every way, which in time will make the capital of Hawaii one of the most picturesque cities in the world, took place yesterday afternoon in the office of the Hawaiian Promotion Committee in the Young building, when a number of well known citizens who have taken an active interest in the work, met with the Promotion Committee. The work has been started by citizens in all parts of town and the men yesterday put before the organization some of their ideas and told what had been planned and of the labor accomplished in this direction.

Those present were as follows: A. Gartley, E. I. Spalding and F. C. Smith and Secretary Wood of the committee; F. J. Lowrey, President A. F. Griffiths of Oahu College, W. A. Bryson of Kamehameha School, Z. K. Meyers of the Kaimuki Improvement Association, M. F. Peter of the Kaimuki Improvement Club; Ralph Hosmer, Superintendent of Forestry, and Gerrit Wilder. Mr. Gartley presided.

Some time ago the committee started a movement to have the citizens take an interest in the general improvements of Honolulu, to consist of the planting of trees and flowers, tearing down old fences, putting the streets in better condition, and make unsightly lots and vacant tracts spots good to look at. Men in various districts were named to meet with the committee and different residents in their respective districts requested to organize into improvement clubs. The idea took well with everybody and actual work has begun in some parts of the city by the enterprising owners of homes.

As a result of the meeting of citizens and the Promotion Committee yesterday Honolulu will soon be in the hands of an overhauling that will make the city more attractive than ever before, healthier, with better streets and avenues, and a movement started to do away with stray animals that have prevented many people from tearing down old fences that perhaps hide from view beautiful and well kept lawns.

In addition an Advisory Board comprised of prominent men was appointed. This committee will consult and advise members of the improvement clubs, confer with the Promotion Committee when necessary and listen to suggestions from Charles M. Robinson, the park architect of Rochester, N. Y., who the Board of Supervisors has engaged to come to Honolulu for the purpose of laying out a general system of parks throughout the city.

The advisory board, as suggested yesterday, will be served by the following men: Messrs. David Haughe, Alexander Crow, John Kidwell, McIntyre, Young. Later the names of Mr. Giffard, R. S. Hosmer and Gerrit Wilder were added. These gentlemen represent various districts of the city.

The meeting was opened by Mr. Gartley stating the object of the com-

mittee with the cooperation of citizens. In comparing Honolulu with towns on the Coast the improvements here were not what they should be. He favored the idea of citizens working with the committee and was sure the work could be accomplished in this manner.

Owing to the meeting of the planters Mr. Spalding explained that more people interested in the improvement work would have been present, but were not there on that account. A number of men who were enthusiastic about improvements, Mr. Giffard among others, could not attend. Mr. Spalding stated that Mr. Giffard was the one who suggested the advisory board to the Promotion Committee, naming a number of those who were to act.

Mr. Spalding urged harmony in planting trees about the city. As an instance he referred to Berkeley, Cal., which is considered among the well arranged cities of the State. Fences there are conspicuous by their absence. He urged that the fence system particularly be done away with in Honolulu. Mr. Spalding is anxious that every owner of property in Honolulu, every resident, every occupant of a house, act as a committee of one, improve and clean up their property, plant flowers and trees and take an active interest in the universal improvement idea. The work would spread and in time everybody would be at work in the same direction. Lack of harmony and symmetry in Honolulu hindered the beauty of street improvement, he thought. Some have one kind of trees and his next door neighbor another variety. A few had fences and others did without.

Improvements at Kaimuki were particularly noticeable, Mr. Gartley thought. Mr. Spalding said the improvement of Walkiki road was of importance, and that a suggestion had been made that the thoroughfare be made into a boulevard. Mr. Giffard told him that the plan was hardly feasible at the present time owing to the fact that as yet no definite guarantee had been made by the Supervisors to keep the grass cut and trees in good condition. This matter will be taken up by the Advisory Committee, Citizens Discuss Plans.

The first citizen to address the committee was Z. K. Meyers. He represented the Kaimuki district where an improvement club was in existence and doing actual work. Thanksgiving day had been selected as the date of planting in the neighborhood of 3,000 trees. It will be their Arbor Day. The district has been divided into sections with chairmen of the different sub-committees. One of their first matters to look into will be better roads. Tree planting, however, will be accomplished first. Mr. Meyers said the members of the improvement club had hopes that the order would become a permanent organization.

As yet no club has been gotten together at College Hills. The district was represented, however, by President A. F. Griffiths of Oahu College. Improvements of importance are to be taken up at once. The College has agreed to superintend the planting of trees along streets in the vicinity. Residents have cooperated with the College trustees and will have their Japanese look out for the care of trees. The main avenue has been divided into seven sections. Different varieties of trees are being planted. About 500 trees are to be started. Some people in the district favor the Monterey cypress, which will be grown in one of the sections. Others criticized it because it is the favored graveyard tree. The suggestion has been made, Mr. Griffiths said, that a park be laid out somewhere in that section. Mr. Robinson will be consulted on the matter. Electric and telephone poles are in numbers in Mr. Griffiths' neighborhood and something should be done to do away with them and, if possible, reduce the number. The matter will be considered. As manager of the Hawaiian Electric Company Mr. Gartley said his concern would be glad and was anxious to do anything in that

When the thermometer is low  
We get careless and dress as if it were summer. Then come chills, colds, coughs. Keep

**Ayer's Cherry Pectoral**  
on hand. A dose or two at the beginning will stop the chills, break up the cold, and prevent serious trouble. Look out for cheap imitations.

In large and small bottles.  
Avoid constipation. Hasten a cure by the use of Ayer's Pills.  
Prepared by Dr. J. C. Ayer Co., Lowell, Mass., U. S. A.

way possible. The company is painting its poles a dark green. The telephone poles were not in as good condition.

Organized four weeks ago with a membership of 150, the Kaimuki improvement body was represented by M. F. Peter. The matter of fixed grades and street improvement had already been taken up. The club is also after electric lights. Their streets are somewhat narrow and they want them widened with sidewalks along the sides. The tree planting idea was under consideration but it was thought best not to begin actual work until an established grade of the streets has been made. Then there would be no fear of the trees being taken up. He said little.

**A BOON TO SICK WOMEN.**

After four years of vain endeavor to regain her health by taking other medicines, Miss Beatrice Wood was made a perfectly well woman by taking Wine of Cardui, the most successful menstrual regulator and woman's tonic known to the science of medicine.

She took Wine of Cardui and that is what we advise you to do.

Will you follow her example and be a well woman?

We could show you letters from 10,000 other women who praise Wine of Cardui as she praises it.

**WINE OF CARDUI**  
No. 14 Main St., PENSACOLA, FLA., Nov. 20, 1903.

I had been suffering with irregular, scanty and most painful menstruation, and when the periods occurred I was unable to be up and had to stay in bed for a day or two. Nothing I took helped me until I used Wine of Cardui. It proved to be just what I needed. Within two months the serious pain had disappeared, my headaches were less frequent and not so severe and felt very much encouraged, but had to use your medicine for four months before I was entirely well and regular. I have enjoyed the finest health now for eighteen months. I am very regular and have no more pains and eat and sleep as well as could be desired.

# A Matter of Mats

Hear the would-be Little Farmer  
Walking down the muddy street  
Swear and say things that sound  
warmer  
'Cause he can only plant his feet.

But his language cannot match for forceful verbosity the remarks of his wife when he plants his mud-laden boots on her new hall carpet. Mud is plentiful these days and door mats are most essential to the preservation of kindly domestic relations. We SELL DOOR MATS. We have Wire Mats in three sizes, also in rolls so that we can make up a mat either 18 or 22 inches wide and any length you desire. Any part of these mats wearing out can be easily replaced as we have the extras and can put in a new section of any width.

COCOA MATS we have from \$1.00 each up to \$7.00.  
Fast-scrappers go with mats and we have a good assortment.

### UNIVERSAL MOVE TO BEAUTIFY HONOLULU.

(Continued from Page 7.)  
The road work had been done off King street in the district for a year or two. Permanent Grade Desired.

Mr. Peter's reference to the grades brought the matter to the attention of the meeting and with the final decision that the Government will probably be called upon to have surveyors establish a line.

When Gerrit Wilder bought his property on Makiki Heights he was considered a pioneer resident, he said. The grade established at that time compelled him to build a stone wall

which in his mind was now not of an attractive appearance. Another grade has been made since and the wall now is not necessary. Stray animals have bothered the residents in that vicinity and many of them have been compelled to retain their fences on this account. Mr. Gartley thought perhaps there was more or less politics in the grade matter. This would be another matter for the advisory committee to work on.

Mr. Spalding thought that every citizen be called upon to individually take an interest in this work of beautifying Honolulu and fix up their premises in some way or another. Sanitary conditions should be improved,

# It's Delicious!

If you have never tried

## GORDON GIN

do so at once. It is superior to any gin in the market and finds favor wherever sold.

101 TO 105 N. KING STREET.  
TELEPHONE MAIN 140.

extended and kept in a better manner. Mr. Gartley suggested that an important question that should be looked into is the fact that some Government property about town is not particularly attractive and well kept. The matter will probably be taken up with the Superintendent of Public Works. Shacks erected by Orientals in various residential parts of town were unsightly but further than bringing the matter up nothing was done.

Mr. Hosmer favored the advisory committee and the general scheme of improvements. In the Waikiki road matter he thought it best to wait for the expert advice of Architect Robinson.

### To Get Rid of Stray Animals.

The High School fence was talked about. Mr. Smith thought that it should come down as it would thus improve the appearance of that part of town. Mr. Bryan agreed with him. He had been compelled to keep a fence around his place because of the stray cows and horses about town. The general opinion was that the pound master should get busy. Something will be done about the matter and if the committee and citizens have anything to say there will be less stray animals in the future.

Mr. Lowrey has lowered his fence about his home and is aiding in every way in accordance with the idea to have the yards run to the sidewalk.

### Want Individual Interest.

Several years ago a number of palms were pulled up at night from in front of the residence of W. L. Hopper in Makiki. Mr. Wilder suggested that the Supervisors should pass an ordinance against an act of this kind. His plan is to interest the people generally in the city-beautifying matter. If necessary, and which would undoubtedly bring great results, a home-to-home canvass could be made and everybody requested to take a hand in the move. This ended the meeting of the citizens with the Promotion Committee and after their departure the organization took up their regular business.

**Another Cup for Yacht Race.**  
Secretary Wood informed the committee that he had taken up the matter of having another price offered in the Honolulu-San Francisco yacht race by the California business association. He thought the idea would be acted upon favorably by the San Francisco people which would add materially in advertising the contest and increasing the interest.

Dr. Cofer of the Government health service will probably write an article for the committee about Honolulu from a health standpoint. The committee members were greatly in favor of the move. Dr. Cofer will also provide them with a daily record of the temperature of the sea at this port.

The Hawaiian band if given four months' leave on the mainland every year, where it would play at seaside resorts and other places, was thought a good plan if arrangements could be made. Reading matter concerning the Islands could be distributed at the same time, the band itself being a great advertising card.

A six-months contract for the distribution of Hawaii literature in the Orient at \$25 per month was decided upon.

The suggestion to have a boy board incoming vessels and distribute pamphlets and reading matter about the Islands was brought up but no action taken.

Ten thousand additional leaflets for letters were ordered printed.  
The High School fence matter will be taken up by the committee with the Board of Education, the suggestion of permanent grades with the Territorial Government, and the stray animal question brought to the attention of the Supervisors.

Mr. Spalding did not particularly favor the idea of J. A. McCandless arranging for an oil boat if one is secured to ply between Honolulu and the Coast. Mr. Gartley thought oil-carrying vessels were safe. The committee will meet again next Tuesday.
