MORE HIGH SCHOOL BRIDGES CROOSSED

Select School Property Turned Over And Plans For Funds Arranged

The public meeting at the Lihue Library Friday evening to act upon certain details of arrangements for starting the Kauai High And Grammar School resolved itself also, by previous arrangement, into a meeting of the patrons of the Lihue Select School, who were present in force and were principally interested in the business of the evening. Rev. J. M. Lydgate, chairman of the dormitory committee, presided.

The first discussion was on the matter of the third (or lower grade) teacher for the school, the salary of whom is to be paid by the Department of Education out of funds supplied by a treasurer of the Kauai committee from tuition collections. On motion of W. H. Rice, Jr., it was voted that "The Department of Education be advised that it is the sense of this meeting of prospective patrons of the Kauai High And Grammar School that the matter of the selection and appointment of a good, experienced teacher for the lower grades in the school be left entirely to it; and that patrons of the school will pay whatever salary the Department of Education may determine."

W. H. Rice, Jr., was unanimously elected treasurer of the general standing committee, his duty being to collect assessments from patrons of the lower grade in the school and turn the amounts required for teachers' salaries over to the Department. He will serve for one year.

Next came the features in which the patrons of the present Select School were most directly concerned. It had to do with the furnishings, including desks, piano, maps, library, etc., of the Select School. After considerable discussion, it was voted unanimously to turn all of this equipment over to the new High And Grammar School, with the understanding that the authorities in charge of the new institution might purchase the same after a year or so, if they felt disposed. All of this equipment is new, modern and will undoubtedly be of great assistance to the High And Grammar School during its first year.

It was also decided to turn over in the same way all the furniture in the teacher's cottage belonging to the Select School, which solved any problem which the new principal of the High And Grammar School might be threatened with in this particular.

Going back again to committee business, the question of the number of pupils likely to come from the outside districts was taken up, but in the absence of Mr. Brodie, of the outside pupils committee, a detailed report was not available. The committee was instructed to take the matter up with parents and complete definite boarding arrangements in Lihue, or adopt such other plans as might be found desirable.

The meeting was one of the shortest on record, lasting scarcely more than an hour, but a great deal of business was definitely disposed of, as the above outline will indicate.

K. C. Hopper, manager of THE GARDEN ISLAND Publishing Co., was a passenger by the Kinau Saturday afternoon for Honolulu. He will return tomorrow morning.

THE LIQUOR BOARD RENEWS LICENSES

The Kauai board of liquor license commissioners held its annual meeting in Lihue last Thursday morning, and granted all the applications for renewal brought before it. Those present were: President W. H. Rice, Sr., Secretary W. D. McBryde, B. D. Baldwin, G. N. Wilcox and J. R. Myers, together with the various applicants for continuation of saloon privileges.

The only discussion of importance was upon the old regulation forbidding soliciting. Mr. McBryde took the stand that the regulation was a dead letter. Each liquor dealer of the island was constantly accusing some other of soliciting, when, as a matter of fact, it seemed fairly certain that all were breaking the regulation, more or less. Statements to that effect had been made before the board a year ago, and the speaker was not aware that any improvement had been made since.

Blind pigs were flourishing, and were made possible by the corruption incident to illicit soliciting.

The speaker was the father of the idea in the first place, but he had become convinced that it was a dead letter and he was opposed to carrying it any farther.

The board, however, seemed disinclined to drop the regulation, other members venturing the opinion that it was a check, and to that extent was of some value. On a show of hands Mr. McBryde alone voted for striking out the regulation; Messrs. Baldwin, Wilcox and Myers voted against, while the chairman (his vote not being required) remained silent.

Following were the licenses renewed by the board: Waimea Wine Co., Waimea; S. Ozaki, Waimea; J. I. Silva, Hanapepe; C. W. Spitz, Nawiliwili; Souza & Fernandez, Kapaia; Kapaa Wine Co., Kapaa.

Bride-To-Be Sails

Miss Maud de Bretteville, who will become the bride of Dr. Thompson at San Francisco on July 8, left in the Kinau Saturday night and caught the Manchuria at Honolulu yesterday for the Coast. She was seen off at the steamer by a large number of friends. Dr. and Mrs. Thompson will make their home in California.

Children's Sports

A grand program of sports, etc., has been arranged by Mrs. Isenberg for the children of Lihue and neighborhood to take place at the bandstand side of Lihue park next Saturday afternoon July Fourth. The sports will last from 2 to 3, and at 3:30 ice cream will be served to all the little folk. All children especially and the public are invited.

Grote To Coast

W. H. Grote, bookkeeper of the Lihue Store, will leave July 15 for a tour of two months in Southern California and Arizona and will take a look at that new "gusher" at Lakeview No. 2 Oil Company.

Young Baldwin Dead

Jared, the 15-year-old son of Mr. and Mrs. Harry A. Baldwin, died at Paia, Maui, Saturday following an operation for appendicitis.

M'BRYDE BASEBALL TEAM WINS THE CHAMPIONSHIP

Defeat Kawaihaus In Terrific And Speedy Contest---Kilaueas Best Makawelis, And Koloas Take Lihues Into Camp By Scratch---McBrydes To Play All Students Saturday

Sunday's baseball games resulted as follows: At Kilauea, Kilauea, 3; Makaweli, 2. At Kapaa, McBryde, 3; Kawaihau, 1. At Koloa, Koloa, 9; Lihue, 7.

The games closed the first series, leaving the teams in the following order:

Team	Games Won	Games Lost	PC
McBrydes	5	5	1000
K. A. C.	5	4	800
Kilauea	5	3	600
Makaweli	5	2	400
Koloa	5	1	200
Lihue	5	0	000

The day was ideal for the great, national sport—just enough wind to make it bracingly cool, but not so heavy as to interfere with playing. All the teams were so nearly matched that neither of the contests was decided until it was played to the limit. As was to have been expected, the McBryde-Kawaihau game had the big crowd, that being the contest of the leaders for first place. There were fans in plenty at Kilauea and Koloa, however, and each of the teams had its enthusiastic rooters.

The results of the day settled the question of the team to play the All Students in Lihue next Saturday morning, and if the McBryde team keeps up the lick of last Sunday, the visitors will have to "go some" to beat them.

The Makaweli-Kilauea game was one of the hottest of the series, a very excellent article of baseball being put up by both sides. Lihue came near taking Koloa into camp, but slipped an occasional expensive cog, finally landing off the season's board entirely.

MCBRYDE VS. KAWAIHAU.

The game between the McBrydes and Kawaihau, on the latter's grounds, for the championship of the series was probably the hottest of the year. Pitcher Aka, of the victors, was a trifle unsteady at times, allowing six passes and hitting two men, but he tightened up in close places and held his opponents down to four scattered hits and fanned ten. Koani, of the losing team, also pitched a heady game and seemed to have better control of the ball, allowing two passes only.

The feature of the game came in the seventh, when the K. A. C.'s had one man on second and none down. Teixeira fanned, but Ambrosio walked and Koani was hit in the ribs. With only one gone and bases full, the K. A. C.'s had a swell chance; but Aka there got in his work and fanned one man while the next and last tipped a pop-fly to the pitcher.

The weather was fine and people turned out from all over the island to witness the big game. Every available space was filled with autos, carriages, etc.

GAME BY INNINGS.

McBrydes to bat. Costa fanned and Denchi walked; Ako grounded to pitcher. Koani, trying to head off Denchi at second, threw low, Wilcox fumbled, Denchi advanced to third and scored a moment later on a passed ball. Spaulding fouled to Teixeira and J. Pacheco flew out to Kerr. For the K. A. C.'s, Soaas flew out to Takitani. Wilcox singled to right and stole second base.

Continued on page 5

HORSE WRECKS TELEPHONE LINE

Just after the baseball game at Kapaa had ended Sunday afternoon, quite a little excitement was created by a horse belonging to Manuel Ornellas. The animal had been tied to a telephone pole. When the crowd started to break up, he began to prance, pulled the pole down and a great many things happened at once. In falling the pole and wires struck across the back of the horse, which started to run with it toward the crowd.

There was a lively scamper to keep out of the way, and although several people escaped narrowly no one was hurt.

Two of the wires were broken loose from the pole and the telephones on that side put out of commission until the "trouble" men reached the scene.

Although struck by the heavy pole across the back and becoming entangled in the wires, the horse escaped anything like serious injury.

Derby To Town

Dr. A. J. Derby, the dentist, left Saturday evening for a visit to his offices in Honolulu. He may return Friday morning, but, if not, will surely be back next Wednesday.

Honolulu Calls

The freighter Honolulu arrived at Port Allen last Thursday with a small shipment of Coast freight and sailed again Saturday for island ports.

Mrs. Girvin will arrive in Lihue tomorrow to visit her daughter, Mrs. W. H. Rice, Jr.

Departed In Kinau

Following is a full list of passengers for Honolulu by the Kinau on Saturday: Rev. J. A. Akina, Mrs. Heapy, Miss G. McFee, Miss Katsuka, Miss F. Crosno, Miss O. V. Crosno, C. K. Bailey, Mrs. A. L. Sam, Miss T. Apana, Mrs. Chong Sing, Mrs. A. Lapenz, H. Weimoto, Mrs. Weimoto, W. K. Samuels, E. Kuapuhi, M. G. Santos, Kuramoto, M. Ozaki, Miss J. Spencer, Miss C. Stewart, Miss Ina Kanu and maid, Mrs. Burke, Miss K. McIntyre, Miss Pritchell, Miss A. Nichol, Miss M. Akeo, Charles Bartow, Mrs. C. L. Hodge, Mr. and Mrs. Osborne, W. G. Hall, Rev. K. Shainishi, Miss Silva, Miss B. Fursey, Miss A. M. Anderson, Miss M. Minamin, C. O. Smith, Miss de Bretteville, George K. Kane, Sid Spitzer, Mr. and Mrs. W. F. Drake, T. M. Church, Doctor Derby, C. M. Lincoln, Mrs. Lincoln, S. Shirai, George Kaea, E. K. Fernandez, Mrs. Fanny Sabo, Mrs. S. Maliekai, Miss R. Zane, Miss A. Amana, Miss H. Goo, Miss Sato, Miss G. Chang, Miss W. Y. Lo, Miss Endo, Miss E. Ing, Wong Achuck, K. C. Hopper, W. K. Nause, Kava, C. W. Spitz, M. Weedon, C. M. Cooke Jr., Mrs. Cooke and child, Miss M. Cooke, S. Robinson, Mrs. Welcker, Miss Anderson, C. A. Rice and servant, G. P. Wilcox, Mrs. Wilcox.

Evening Service

There will be an evening service in the Lihue Union Church this coming Sunday Evening.

J. M. LYDGATE.

THE PICKED KAUAI BASEBALL TEAM

Men Selected To Play The All Students Next Saturday Afternoon

Manager W. F. Sanborn has selected the following picked baseball players to meet the All Students team, of Honolulu, on the Lihue grounds at 2 o'clock next Saturday afternoon:

From the Kawaihaus—Miguel Kaoni, p; Allen Wilcox, p; Bill Kerr, field or short; Palmer, field. Lihues—John Malina, field; John Fernandez, field.

McBryde—Ah Bon, first; Joe Pacheco, second; Spalding, short; Ted Pacheco, third; John Gabriel, c.

Makaweli—Kruse, p; Joe Fasoth, c; Clem Akina, field.

The McBryde pitcher is left out for the reason that he will have to pitch the game of the forenoon.

All of these men are requested to be promptly on hand in uniform, with gloves, bats, etc., prepared to play. The nine men to play will be picked on the ground, from the above and the others will stand by as substitutes.

Richard Oliver will umpire the afternoon's game, Mr. Dean probably being engaged for the forenoon.

The indications now are that both the morning and afternoon games will be hummers, and that the fur will fly constantly.

As To The Mails

On account of the rush of passenger bookings for the Kinau, which sailed Saturday afternoon for Honolulu, the W. G. Hall was despatched from Ahukini at 5 o'clock Friday afternoon, taking as many passengers as could get away by her. Remember this: There will not be a mail leaving Kauai next Saturday, July 4. Both the Kinau and the W. G. Hall will sail Friday afternoon instead for Honolulu.

Lincoln - Ebling

Clayton Lincoln, of the Honolulu Rapid Transit & Land Co., Honolulu, and Miss Clara Ebling, daughter of Wm. Ebling, of Makaweli, were married in Lihue Union church Saturday afternoon, Rev. J. M. Lydgate officiating; relatives and a few friends of the young couple being present. Mr. and Mrs. Lincoln sailed in the Kinau the same afternoon for their future home in Honolulu.

A neatly arranged diary, containing a fund of useful information, is being distributed by the Lihue Store, and is much appreciated by the recipients.

Park Improvements

The old, wooden fence, which has separated the county building grounds from the Lihue baseball field is being removed and the two premises are to be combined in a pretty continuous park, extending from the premises of Mr. Crawford to and including the baseball grandstand, tennis court and bandstand. An enclosed paddock is being arranged back of the county building for the accommodation of horses of jurymen, etc.

IT IS HERE: Egg malted milk at the Lihue Store soda fountain. Advt.

THE RIM OF THE POLITICAL POT

Just a Little Fun With The Bees In Various Bonnets

We were waiting at the postoffice corner in Lihue for a machine to take us to Waimea and Kekaha when Hon. J. H. Coney, veteran of the House of Representatives, came up. Our automobile had just whizzed around the corner below the Fairview, time was limited and there were many places to visit during the afternoon; but the Legislative war-horse wanted to say something.

"I am going to run for the Senate this time," he began. "Here I have put in some of the best years of my life in the House, and I think I am entitled to a seat higher up. My friends all tell me that I have done good work in the House. Well, I have done my best; and it seems to me that I have earned a nomination to the Senate. If elected to the Senate, I will give to Kauai"

But we were in a hurry and could not wait to hear the good things that would happen to Kauai in case he were elected. Speeding along to Koloa, we found James K. Kula cranking up a machine that had gone dead near the old mill. The other machine moved off and he signalled us to stop.

"You see", he began, "there's nothing like being able to give 'first aid' in a time like that. There are four voters in that machine that just left here, and I happened to be Johnny-on-the-spot to help them out in their pilikia. What for? Why, haven't you heard? It's the House of Representatives for me—sure, kela! My friends all tell me that I have the nomination sewed up. But I've got to work. I can see that. At the same time I am not worrying. In fact I am so certain of election that I have already mapped out a part of my plans in the Legislature. Some of the bills I intend to introduce have already been drawn up. Here is one that everybody on Kauai will approve of. It reads as follows: Section 1"

But we were in such a hurry that we could not wait to hear it, however much we would like to have done so. Hurrying along until the Lawai cannery hove in sight, we saw a man signalling the machine to stop. It proved to be W. D. McBryde.

"I just wanted to say that, taking it all in all, and considering our difficulties, I think the Board of Supervisors have been doing pretty well by the voters. Don't you? But I think we can do better. Don't you? I think I had better stay with the Board of Supervisors. Don't you? Yes, I thought you did. Well, now, I'll tell you: I have been urged to run for the Legislature, and I appreciate the consideration of my friends. But I really feel that I can be of greater service to the island of Kauai as a supervisor. Don't you? So I've decided to stay where I am—that is, if my friends will let me, and I think they will. I feel that our work on this island has only just begun. Things are pretty well mapped out now for the balance of the term of the present board; but there will be a whole lot for the next board to do. I have prepared a list of the important things we should take up next term, and I will read it to you. The first item (which I regard of the utmost importance) is as follows.—

But we were in such a hurry that we could not wait. On the hill at Kalabeo we met a man in a brake. He got out, signalled the machine to stop and we recognized John de Cambra.

"My friends have been bothering the life out of me to run for the Legislature," he began, "and I don't know just what to say. What do you think? Yes; you want me to 'go to it', eh? Well, I think

MADAME VAN RAPPAARD, WIFE OF THE MINISTER FROM THE NETHERLANDS

Chevalier W. L. F. C. Van Rappard, his charming wife and pretty and vicarious daughter, constitute one of the most delightful families in the diplomatic circles at Washington. Madame van Rappard is a very attractive member of one of the most exclusive sets in her home country. She is fond of society but fonder of her home life and has not entertained extensively so far since her husband succeeded Jonker London, now in the Dutch

Cabinet. She is an accomplished linguist and has other talents, and has presided with grace over the social phase of the important posts her husband has occupied during his public career. She was a patroness of the annual Charity Ball, recently held in Washington. Her daughter is also a splendid linguist and a devotee of the tango and the other new dances in vogue. They live in a fashionable downtown hotel

GOVERNOR KOKUAS GARDEN ISLAND

In his speech before the commercial bodies of Honolulu concerning the problems of Hawaii's chief executive, Governor Pinkham found occasion to repeat the arguments previously and frequently advanced by this paper in regard to building roads, providing for water and establishing other living requirements before homesteaders are invited to take up public lands. The Governor said:

"In my judgment it has been a mistake and a waste of individual money and effort, as well as government money, to open up lands for homesteading before roads were provided. There has been little coordination between the departments concerned. It is a question as to how far homesteaders are justified in demanding the public shall tax itself for them in opening up inaccessible tracts and providing roads thereto.

"An instance to the point has arisen on Hawaii, where the homesteading of 850 acres of land is demanded. At present the cane is flumed down to the mill and no road is required. This land is valued for homesteading at about \$4625. The estimates of cost of a suitable road for this tract range from \$12,000 to \$20,000.

"I give this as one of many instances where the public may be obliged to provide for roads costing more money than the value of the land. Where the land values and road cost practically balance, there is little question as to the duty of the Territory. Where they do not, the public should require a definite road policy to be established.

"Were roads constructed before homesteads were sold in the tract opened up, the cost could be included in the price of the homesteads. This matter should receive the attention of the legislature."

Roads Damaged

The very heavy rains in the Hanalei section last week did considerable damage to the roads, and set back quite a good deal the work which had been in progress for some time.

BASEBALL TEAMS TO TAKE A REST

There will be no games of baseball in the Kauai league next Sunday, the teams having a rest.

The second series of the season will begin a week from Sunday, and the games will follow in the following order:

- July 12 K. A. C. vs. Lihue, at Lihue
- Koloa vs. McBryde, at Koloa
- July 19 K. A. C. vs. Kilauea, at Kapaa
- McBryde vs. Makaweli, at McBryde
- July 26 Makaweli vs. Lihue, at Makaweli
- Kilauea vs. Koloa, at Kilauea
- August 2 Lihue vs. McBryde, at Lihue
- Koloa vs. K. A. C., at Koloa
- August 9 McBryde vs. Kilauea, at McBryde
- K. A. C. vs. Makaweli, at Kapaa
- August 16 Makaweli vs. Koloa, at Makaweli
- Kilauea vs. Lihue, at Kilauea
- August 23 Lihue vs. Koloa, at Lihue

NOEL DEERR CUTS FIGURE IN CUBA

Mr. Noel Deerr having recently severed his connection with the Experiment Station of the Hawaiian Sugar Planters' Association, has been offered and has accepted a post under the Cuban Government in connection with the sugar industry of that island. It has been known for some little time that President Menocal had secured Mr. Deerr's services but the earlier rumor that he had been appointed Director at the Experiment Station at Santiago de las Vegas has proved erroneous, as his particular post is one quite independent of the Sugar Experiment Station, and he is officially styled expert in Sugar cane agriculture and manufacture to the Cuban Government. This, we take it, implies that Mr. Deerr will exercise a supervision over all the sugar interests, agricultural and manufacturing, in Cuba, and will advise the Government as to any steps to take to further the interests of the sugar producing community in general. Apart from that, we have little doubt that, subject to the approval of his superiors, he will be at the service of any particular establishment which may happen to require the assistance of an expert to solve any important difficulty.

We must congratulate in the first place the Cuban president on having the felicity to secure so well known an expert in sugar technology with a view to raising the Cuban sugar industry to a higher scientific standard; and secondly, Mr. Deerr on his acquisition of a position which we doubt not will prove particularly congenial to him and offer every scope for the employment of the very considerable amount of experience he has accumulated in Hawaii and before that in Mauritius and Demerara. Cuba is already a most formidable competitor in the world's cane-sugar markets, and what she will be capable of when her industry is carried on lines analogous to those adopted in Java and Hawaii, one can only conjecture. But it is fairly certain that the result will be to establish yet further her paramount position, and it will be only the irony of circumstances if amongst these other sugar countries which will feel most the pinch of this competition is Hawaii, which has hitherto had for so long the exclusive benefit of Mr. Deerr's experience.—Exchange.

WELL RECEIVED ON BIG ISLAND

The Advertiser contains the following concerning the reception tendered Charles A. Rice, candidate for the nomination for Congress on the Republican ticket, at Hilo:

"I feel much gratified over the reception that was given me on the occasion of my brief trip to Hawaii," said Senator Charles A. Rice who arrived here from Hilo yesterday morning. He went there in furtherance of his candidacy for the Republican nomination for Delegate to Congress, spending two days on the Big Island, principally in the Crescent City. He cut his trip short in order to return to his home on Kauai, where his business interests demand his attention. Senator Rice left for Kauai yesterday afternoon.

"I received assurances of support from all parties," continued Senator Rice, "and especially from the young Hawaiians. Many of them came to me and pledged me their support in my fight for the nomination and at the polls in November. This is the first time a candidate for Congress has gone to them and told them what he proposes to do in the interests of the people of this Territory. They told me they wanted a man in Washington who will remain on the job and work for Hawaii all the time and expressed their faith in me as being one who would not shirk this duty. It is assurances like these that give me confidence in the belief that the voters of this Territory have tired of things as they are going and they are going to see to it that the fight upon which we are now entering will result in a sweeping victory."

SHOWINGS OF THE BIG PLANTATIONS

Revised figures of the productions of the various larger plantations, as compared with the original estimates, have been prepared by the Trent Trust Company, and are as follows:

	Manager's 1914 Crop	Original Estimate	Now Almost Certain
Ewa	31,000	31,000	31,000
H. C. S. Co.	54,000	56,500	56,500
Hawaiian Sugar	21,197	27,000	27,000
Honokaa	8,000	8,250	8,250
Hooaou	7,400	8,500	8,500
Kaluku	7,600	8,000	8,000
Maui Agr.	30,000	33,500	33,500

Kinney On Hawaii

Superintendent Kinney, of the Department of Education, left Honolulu last Wednesday for Hawaii. He stated before leaving that he would be away at least a week. A few more changes in the teaching force of Kauai will be made in a week or two, these having been found necessary after the list previously published was made up.

Just the thing for this hot weather—grape juice soda at Lihue Store soda fountain. Advt.

Mrs. Stodart a Visitor

Mrs. Wm. Stodart arrived in the Kinau last Wednesday and is a guest of Mrs. J. L. Robertson. She will be here a week or two, spending part of the time with Mrs. J. M. Lydgate, in Lihue. Mr. Stodart, who was at one time manager of the McBryde plantation, is now with Mr. Fairchild, in the Philippines.

THE RIM OF THE POLITICAL POT

(Continued from page 2)

I will. I can tell you one thing: If elected I will put through some good laws—laws that will be good for the homesteaders, good for the planters and good for everybody. I have one in mind now. It starts out as follows:

But our time limit was up. Coasting rapidly down the Eleele hill, we saw J. I. Silva standing on the platform of his store talking rapidly and earnestly to a group of men. "I am for Charlie Rice for Delegate and Walter McBryde for anything he wants," he was saying. "They are good men. They suit me. Make up the ticket like that and I'll be perfectly satisfied. What am I running for? Well, I don't know—yet. There is one thing though; if I do not get into politics, they'll hear from me. Our laws can be improved in many respects. We need many things that we have not now. I will tell you a few. For instance, between Koloa and the Eleele hill there is not a county policeman. That is bad. If I were—"

But just then the machine started up and continued on down the hill, making it impossible for us to hear just what Mr. Silva would do under the circumstances which he evidently had in mind.

At Waimea we met Mr. T. Brandt coming out of the bank. "My name has been mentioned in the paper for the Legislature, and I have been approached by friends. It is a little hard to say just yet what I would do under certain circumstances. The private business of others in my hands must be considered. At the same time—"

But just then someone called Mr. Brandt aside, and we turned to our waiting machine, to find standing there a man with a letter in his hand. "I have a letter here from Senator Knudsen, and there are some points in it which I thought might interest you. For instance, in this paragraph he says: 'It is my intention to stand again for the nomination for the Senate. Bear that in mind. And if once more honored by the people of Kauai, I will—'

We were very sorry not to be able to hear any more, but it was getting late and we had to be off.

Rounding the postoffice corner again in Lihue, we met Senator C. A. Rice, who had just received his mail and was reading letters in a pleased sort of way. "It looks good to me," he declared. "Just see this bunch of 'Go Ahead' ones. If everybody felt like those fellows, I'd be elected in the primary, hands down. You know, I've been thinking about my hold-over seat in the Senate, and have about decided that—"

But just then Mr. Spitz came up with some new pictures of the place where Nawiliwili breakwater ought to be, in which he wanted to interest the next Delegate in advance—and we woke up to find that the wind had been driving the rain through the open window on our feet.)

THE OU CLUB HAS BRIDGE EVENING

Quite a pleasant bridge party was given by the Ou Club Thursday evening at the plantation boarding house in Lihue, about twenty-five being present.

During the evening a silver sandwich tray was presented on behalf of the Club to Miss Maud de Bretteville, who is shortly to be married to Dr. Thompson.

The prizes were awarded as follows: Lady's first, Miss Purvis; second, Miss McIntyre. Gentlemen's first, F. Weber; second, a Garden Islander; Lady's booby, Miss Maud de Bretteville; gentlemen's booby, H. Vincent.

The officers of the club acquitted themselves finely as hosts (and hostesses), and all present had a most enjoyable time.

YOUNG CHILD HAS APPENDICITIS

Leilani, the young daughter of Mr. and Mrs. Rohrig, Lihue, was taken suddenly ill last Thursday morning and upon a physician being called the surprising discovery was made that the child (scarcely more than a baby) was suffering a severe attack of appendicitis. Consulting physicians were summoned, and an immediate operation was decided upon.

The tiny patient was taken to the Lihue hospital, where she endured the ordeal with as much patience as a grown-up person; and is now on the high road to recovery.

Fresh cream from Honolulu Dairymen's Association for sale at Lihue Store. Advt.

CARDINAL FARLEY BANS THE NEW DANCES AS IMMODEST

CARDINAL FARLEY

Cardinal Farley and various bishops throughout the United States have declared their disapproval of any entertainment given by Catholics in which the tango, the one-step-glide or the maxixe are indulged in.

Honolulu Postoffice

Advices have come from Washington that the appropriation for the new Federal building at Honolulu will almost without doubt be passed at this session of Congress. The chief of site to be left entirely to the Treasury department. Assuming that it will be quite awhile before the building is ready for use, the government now proposes to build two more stories on top of the present Honolulu postoffice to relieve the present pressure.

The appropriation for the Federal site and building, which has already passed the Senate, is \$1,325,000.

Lakeview Gusher

Various reports have come from California regarding the flow of the immense "gusher" which has appeared at Lakeview No. 2 oil reserve, considerable of the stock of which is held on Kauai. J. O. Luttet, who has just returned from there, states that the output is from 100,000 to 110,000 barrels daily, while conservative trade journals on the Coast admit that the flow is from 50,000 to 60,000 barrels. Of course the life of such "gushers" is usually short and uncertain, but the stockholders stand a good chance of making considerable money if the present rate of flow is maintained even for a short time.

HOW "FOURTH OF JULY" WAS MADE POSSIBLE

THE GARDEN ISLAND

TUESDAY JUNE 30, 1914

Issued-Every Tuesday.

Entered at the post office at Lihue, Kauai, as second-class matter.

SUBSCRIPTION RATES \$2.50 PER YEAR, \$1.50 FOR SIX MONTHS IN ADVANCE

ADVERTISING RATES, 75 CENTS AN INCH PER MONTH.

The Second Chapter

THE proposition of a continuous railway between Kapa'a and Kekaha is lined with even greater possibilities than are suggested by the matter of profitable passenger traffic. Between the lines of articles on this subject that have gone before, readers of THE GARDEN ISLAND, interested in the matter (and we feel quite certain there are many) have probably discerned traces of these larger and more important considerations.

We refer to the freight business-sugar, if you will. It may not be next year nor the year after, but it is manifest destiny that Nawiliwili harbor will be a reality of the not far distant future. Great steamers will enter, discharge and receive cargoes there. Passengers will arrive and depart in larger numbers than ever before. On account of the superior boarding and landing conveniences the people of all parts of Kauai will depart from and return to Nawiliwili.

Nawiliwili will become, in other words, to Kauai what Hilo now is to the island of Hawaii - with railroads extending away to the plantations on either side.

In our first articles on this subject we dwelt upon the large possibilities for a less extensive-railway proposition in the business of carrying passengers, local merchandise and the mails between towns on the island from Kapa'a to Kekaha; and it was shown that such an enterprise would be a moneymaker. The freight carrying idea is now presented as the second part of the suggestion. We hope the two may be considered together, for, to the persons following up the subject, still another point in favor of such an enterprise, has probably already suggested itself, and will be treated by us later on.

We are hopeful that our citizens who believe in Kauai, who are anxious to add to the comforts of the people of the Garden Island and to make our insular domain more beautiful and attractive and lovable than it even now is, and at the same time are seeking safer and better investments for their money than are to be found in the doubtful offerings that come to them from foreign parts - are seriously thinking on this matter, and that they may sooner or later see their way clear to take it up and put it through to a successful and happy conclusion.

The High School

The public meeting held last Friday evening to arrange details for opening the Kauai High And Grammar School was highly satisfactory in every particular, with the single exception, perhaps, that there were not so many prospective patrons of the school in attendance as there might have been. However, it should be a satisfaction to know that many of the vexed questions that have faced the community were dealt with in a manner that augurs well for the future of the institution.

Everything is now up to parents of the island who have children eligible to the benefits of the school. It is not figured that there will be any large number at the start requiring boarding accommodations in Lihue, and the needs of these can probably be met quite easily. When the demand for increased facilities arises, arrangements can-

undoubtedly be made therefor. The school will start small, but it is plain to everybody, perhaps, that it will grow rapidly.

Before leaving this subject, we wish again to emphasize the fact that the Kauai High And Grammar School will not be and must never be considered as essentially a Lihue institution, of and for the benefit of Lihue alone. It will be, and must continue, what its name implies—a Kauai school, for the use and benefit of the whole island. Koloa, Makaweli, Waimea, Kapaa and other towns of the island should feel and take the same interest in it as does, and will, Lihue; and work just as hard to make it a success and a credit to the island. Let the whole of Kauai view the matter in that spirit and the school will be a great success and do much good.

Holstein's Platform

In announcing his candidacy for re-election to the House of Representatives, H. L. Holstein, of Kohala, promulgated a set of principles, or ideas, upon which he would stand or fall. As is usual in so many such cases, most of them are idealistic, but the following will probably strike a popular chord, although it may be somewhat harder to carry it out:

"We believe the ideal system of homestead farming is that in which mill corporations and homesteaders perfectly co-operate. It is comparatively easy to acquire such co-operation where the territorial government superintends the system, and in this Territory where the ownership of mills rests exclusively with private corporations, the securing of co-operation in place of illegitimate competition and discrimination will be difficult, and laws must be enacted that will accomplish this. Governmental supervision will wipe out of existence preferential rates and give to the homestead planter a square deal, viz., an equitable return for his raw material or manufactured product."

On a Cash Basis

The Kealia store has been put on what is known as a "cash basis". In other words, it extends no credit to any one, keeping a customer's account with the Makee Sugar Company (its owner) only. Plantation laborers are required to pay cash for their merchandise, and they, in return, are paid cash for their services.

We heartily endorse the plan, and hope that it will succeed. It is a step in advance and in the right direction. The curse of Kauai is its loose-jointed credit system. A majority of the laborers on the plantations are indebted to the stores all the time, and these still, are getting deeper and deeper in debt. Dozens and scores of laborers "skip out" in the run of a year, leaving large unpaid bills behind, which the honest laborer must foot in the long run.

We would like to see every plantation store on Kauai adopt the same scheme, and every independent store work around to it as quickly as possible. It would teach the laborer, who has no business with an account at the stores anyway - to save; and would work itself around into a far more prosperous and satisfactory state of things with both customer and merchant.

It is entirely proper that the plantation stores should lead off in the movement. They might lose a few dollars at first, but gradually all of their competitors would work around to it. When once thoroughly established on this island we are quite confident that the system would give such general satisfaction that neither customers nor merchants would consider for a moment going back to the old way.

Enforce The Rule

THE charge was made by a liquor commissioner before the meeting of his board last Thursday that the regulation forbidding the practice of soliciting orders for

liquors was being openly and generally violated.

Why, may we ask, are the regulations of the board being violated? Why are the persons guilty of violating these regulations permitted to go unpunished? There is evidence of weak-knees somewhere. It cannot be argued for a second that the commissioners are without authority and power to enforce their regulations. They are all powerful; they are the "whole cheese"—they are IT, when it comes to the matter of regulating the liquor traffic.

This is a proper matter for the grand jury to take up at its approaching session. It is a public question. Let the jury ascertain the truth as to whether or not the regulations of the Liquor Commissioners are being violated, and if so by whom and in what manner. If it is found that the regulations of the Commissioners are being violated, as openly charged, then the guilty persons should be made to suffer.

We quite agree that there is no use for a law that is not enforced, but fail to see what good is to come of repealing a law because it is not carried out. The thing to do is to enforce the rule to the limit. If it is a bad regulation, the fact will soon appear and it can be repealed; but for a legislative body to repeal a law because it is not being enforced is unthinkable.

"The Oahu Blight"

Over at Honolulu they are referring to the blight which has appeared in the Wahiawa pineapple fields as the "Kauai blight", and terms to the same effect. This is highly ridiculous and equally unfair. In the first place, Oahu pineapple fields have had this same "blight", or whatever it is, for years, as anyone may find out by inquiry of Byron O. Clark or any of the Wahiawa growers. It was an old story there years before any trace of it appeared on this island. In fact, Oahu has always had more or less of it, while Kauai has experienced only one visitation—that for a few weeks about a year ago. There has been none of it on this island since, and the present crop, which will be cut between July 5 and 10, is absolutely clean.

In the opinion of Dr. E. V. Wilcox and the experts of his department the peculiar ailment is caused either by unusual rainfall or some atmospheric condition, and affects only such localities as afford those conditions. It is not "contagious", to use a familiar term, and consequently its spread is not to be feared. The damage as a result of it has never been larger on Kauai than elsewhere—and that, in dollars and cents, was really very small.

But the point we wish to make is that we object strenuously to the newspapers or persons at Honolulu referring to the Wahiawa visitation as the "Kauai blight". It would be much nearer the truth to call it the "Oahu blight", for it was an old thing on that island before it was heard of anywhere else in the group.

HONOLULU WILL HAVE saloon dead-falls and scandals just so long as licenses are granted for such districts as Chinatown, Iwilei and Kakaako. The rule of the old Republic of Hawaii, which confined saloons to narrow limits, was most wise, and the city should go directly back to it. Confine saloons to respectable localities and they will themselves attain respectability (or as nearly as possible for such institutions); but, on the other hand, plant them in isolated or rowdy neighborhoods and you fire the tinder of debauchery, iniquity and crime. Liquor men should not themselves oppose this idea, for it offers to remove the present cause of complaint and as a natural sequence a large percentage of the objection to their business in Honolulu.

THOSE BUMPY stretches on the Lihue side of Koloa are rapidly giving the roads of Kauai a bad reputation.

WE STILL THINK that with improved system and diligent practice the Lihue baseball team might be able to give a good account of itself in the second series. It is worth trying for.

JOE FERN, Harry Murray, John Lane or Joe Cohen for mayor of Honolulu. It is pretty tough picking.

THE FLIGHT of United States District Attorney McCarn is most regrettable, and doubtless his friends feel it quite as much as he. We have little sympathy in the Islands, however, for men who take the law into their own hands, even if there be provocation; and quite none at all for persons making gun - plays. Gun - plays are the resort of the cowardly or vicious. General Robert E. Lee said that a pistol - toter was either a coward or a murderer at heart - and we in Hawaii think the old soldier was about right. McCarn had better give his gun to some collector of curios.

IT IS NOW proposed to change the name of the Mid-Pacific Carnival to the Hawaiian word "Hoonanao." The Carnival is the outgrowth of the Floral Parade, and the Floral Parade was established as a feature of the Washington's Birthday festivities. If the Carnival is to be Hawaiianized, why not also ring in Christmas, Fourth of July, Memorial Day and a few others? It may be all right, but we have our doubts.

THE APPEARANCE of the so-called blight on the pineapples of Oahu goes to prove that the disease, whatever it is, is due to the weather; and probably results from an over abundance of moisture. There has never been any indication that it was contagious or would spread to fields or islands not affected by like conditions of climate and moisture; and the appearance of the strange malady on Oahu is probably spontaneous, as it was here. Thus far this year the pineapple fields of Kauai have not been affected.

SHOULD ROOSEVELT definitely and finally decide to break away from the Progressive Party, it will probably be the end of that party (for it is hardly possible that Governor Carter and "Jack" Atkinson will decide to go it alone). The signs of the times seem to show that Roosevelt's palms have for months been itching for the Republican nomination plum in 1916, and he has probably been encouraged by leaders of the Republican party to scuttle his own ship to that end. With Roosevelt side-stepping the party, what is to become of those misguided persons in Hawaii who have placed themselves under the banner of the Progressive Party? They will likely find themselves high and dry before election day comes around.

THE GARDEN ISLAND'S dreamer, who has a little fun with the political bees in another column of this issue, is probably only half right in regard to the intentions of Hon. J. H. Coney. Mr. Coney has been urged to run for the Senate; but his own opinion is that he can best serve Kauai in the House at the next session, and when the candidate are all lined up he will, in all probability, be found in the running for re-election to his present seat.

ON SOME of the lines around Lihue, the telephones are working unusually bad, due, perhaps, to the proximity of the electric light and power wires. Complaints have reached this office from country telephones having more or less frequent Lihue calls. THE GARDEN ISLAND is assured that the trouble will be modified in time, and hopes that there may be a little more patience.

THE HONOLULU Chamber of Commerce has voted to employ an attorney at Washington to attend to the work for which Kuhio was elected and paid to do. What better argument can the business interests of the Islands have that a change to a competent and active representative in Congress is required? Surely the past experiment has been a fizzle.

THE COMBINATION of Roosevelt and the Pinchots seems to be working like a mixture of soda and vinegar.

JACK JOHNSON, by gaining a decision over Moran in Paris Sunday, is still champion pugilist of the world, although from the meager cable and wireless accounts received here it would seem that he has lost some of his old-time punch. Age and habits are probably getting in their work.

THE MEXICAN REBELS now announce that they will capture the City of Mexico in less than a month. Mexico City has been captured so many times in the past ten years that the world is not apt to throw a fit if she again passes through the experience.

The Income Tax Law

Has doubtless become a reality to a large number of men and women in the past month than in any time since its enactment. The last day for filing the tax returns *without loss or penalty* has gone by.

There are many people who put off until the last minute---or later---the doing of things which are to their own profit. If you are not yet one of our patrons *your loss* though not imposed by law, is no less *real*.

While our merchandise and service are up-to-date as we can make them, we confess that our business principles are of the old fashioned variety, which places your satisfaction above the day's profit.

BASEBALL

Continued from page 1
ond. Sada fanned. Kerr was hit by pitcher, but Teixeira died, pitcher, to first.

In the second inning, Gabriel reached first on wild throw and reached third on wild throw, Sada to second. Takitani flew out to Teixeira, T. Pacheco died pitcher to first and Aka fanned. For the Kawaihaus, Ambrosio was retired, catcher to first, Koani pitcher to first and Huddy fanned.

Third inning, J. Costa, of the champions, singled to right and stole second. Denchi flew out to Wilcox. Ako singled to right, and Costa scored. Spaulding grounded to Wilcox, throwing Ako out at second and, on double play, retiring at first. For the Kawaihaus, Palmer failed, pitcher to first. Ambrosio got first on balls, but was thrown out trying to make second. Wilcox fanned.

In the fourth, J. Pacheco, Gabriel and Takitani followed one another to a grave at first. Kawaihaus up. Sada fanned. Kerr took first on balls, but was thrown out at second. Teixeira died, pitcher to first.

Fifth, T. Pacheco singled, Aka flew out to Palmer and Costa got first on Kerr's fumble. Denchi grounded to Teixeira, catching Pacheco at third. Ako forced Denchi out at second on grounder to Wilcox. Kawaihaus to bat, Ambrosio walked, but was thrown out at second, Gabriel to Spaulding. Koani flew out to Gabriel and Huddy fanned.

Sixth innings, Spaulding was retired, short to first, and J. Pacheco flew out to Palmer. Gabriel doubled to right and scored when Takitani hit between Ambrosio's stumps for two bags. T. Pacheco singled to left but Takitani was caught at the plate, Palmer to Soares. For the Kawaihaus, Palmer and Soares fanned. Wilcox walked and stole second, but Sada fanned.

In the seventh, Aka died third to first, J. Costa flew out to Kerr. Denchi walked, but Aka flew out to Palmer. Kawaihaus to bat, excitement ran high when Kerr opened with a two-bagger to center. Teixeira fanned. Ambrosio walked and Koani was hit by pitcher, filling the bases. But Huddy fanned and Palmer struck a pop-fly to Aka.

In the eighth, Spaulding flew out to Palmer, J. Pacheco died third to first and Gabriel fanned. For the Kawaihaus, Soares died pitcher to first. Wilcox fanned and Sada sacrificed him to second. Kerr and Teixeira both singled to center, and Wilcox romped home, making the only run for the Kawaihaus. Ambrosio was retired, Aka to first.

In the ninth, Akana (who was substituted for Takitani) was retired third to first. T. Pacheco died pitcher to first and Aka flew out to center. For the Kawaihaus, Koani flew out to center and Huddy to left. Almeida, who batted for Palmer, ended the game, pitcher to first.

TOO MUCH WATER THE COMPLAINT

Too much rain may seem an unusual complaint, but the south and east sides of Kauai are in that position just now. There has been rain over most of the island practically every day since January 1; the ground has remained soaked for months and the reservoirs and water courses have been full all the time. Rain might let up now until the wet season in the autumn and there would be no particular suffering on Kauai, for the reason that the reserve water at present is sufficient to tide the crops over.

McBryde, Makaweli and some of the plantations on that side have not had so much rain directly on their lands, but they have had oceans of it on the mountains above the reservoirs. With the plantations on the Lihue-Hanalei side there has been and still is, water to waste.

The cloudy, rainy weather of the past month has, in fact, been a detriment rather than a benefit, for the reason that the warm, sunny, summer weather has been delayed more than six weeks and the growing cane has not done so well on account of it. Plantation managers are, therefore, not hoping it may rain, just now, but are looking out more anxiously for the coming of old-time summer weather.

In "Who's Who"

The current issue of "WHO'S WHO IN AMERICA" contains biographical sketches of Senator Chas. A. Rice and Judge L. A. Dickey, of Kauai. These are the only Kauai men mentioned, although there are sketches of quite a few notables of Honolulu and the other islands.

Aka 10, Bases on balls, off Kaoni 2, off Aka 6. Hit by Pitcher, Kerr, Kaoni. Passed ball, Soares. Umpire D.W. Dean, scorer N. A. Akana. Time 1 hr. 30 minutes. Left on bases, K. A. C. 8. McBrydes 6.

KOLOA VS. LIHUE
The game between the Koloa and Lihue teams which took place on the grounds of the former, resulted in victory for the homers, but there was some hot playing on both sides. The teams were as follows:

Koloa		Lihue	
Sasaki	rf.	Downey	
Lorenzo	2-b	M. Fernandez	
Perry	cf	J. Fernandez	
Andrade	c	Ellis	
Mitsu	lf	H. Malina	
Medeiros	ss	Manase	
Honan	3-b	Fountain	
Kuamoto	1-b	Elmhurst	
		John Malina	
Kuhlman	p	Afong	

SCORE BY INNINGS										
	1	2	3	4	5	6	7	8	9	Total
Lihue	11	0	3	0	1	1	0	0	7	
	Hits	1	0	0	1	0	1	0	0	2
Koloa	2	0	5	0	2	0	0	0	6	
	Hits	1	2	0	1	1	0	1	0	8

SUMMARY
Struck out: By Kuhlman, 12; by Afong, 2; by Malina, 5. Balk, Kuhlman. Left on bases—Koloa, 6; Lihue, 4. Two ball hits—Andrade.

MAKAWELI VS. KILAUEA
The game at Kilauea, which was between the home team and Makawelis for third place in the series was probably the hardest battle of the day, and at the end of the ninth innings the score was tied, two to two. In the tenth and eleventh no runs were made by either side, but in the twelfth the Kilaueas got a man over the plate, although there was considerable dissatisfaction with the decision of the umpire in this case. The score at the end was: Kilauea, 3; Makaweli, 2.

GEORGE WINTER INVENTS BEAN AND BAGASSE DRIER

George F. Winter, mill engineer of Lihue plantation, has invented a bean and bagasse drier which promises to revolutionize and simplify the processes of preparing the former for market and the latter for fuel. W. G. Hall, of Cotton, Neill Company, Ltd., who visited Lihue about ten days ago for the purpose, closed a deal with Mr. Winter whereby his foundry will manufacture and market the driers.

The difficulty in the way of the successful employment of the Renear and other bean machines has always been the sticky, sugary moisture in the beans. Mechanics at Honolulu, on Maui and at various other places have worked on the problem of eliminating or reducing this impediment, but without success. As to bagasse the universal trouble has been the moisture left in the refuse and the impracticability of any hitherto known scheme of eliminating it. The invention of Mr. Winter seems to solve both problems at once.

Mr. Winter undertook to develop a drier about four months ago, at the suggestion of Mr. Isenberg. The machine shuffles, so to speak, the beans or bagasse in a large container and at the same time steams them in such a way that the moisture is dried out. Bagasse, which ordinarily contains from 40 to 45 per cent. of moisture, is dried to such an extent that it is readily available for fuel, while after treatment by the Winter process, kiawe beans may be ground without difficulty or annoyance.

A few weeks ago Mr. Winter dried a quantity of beans for Paul Isenberg, of Honolulu, and George P. Cooke, of Molokai, who had journeyed over here expressly to see the machine work. Last week it was worked considerably and proved a complete success.

The drier will undoubtedly result in a reawakening of the kiawe feed business in the islands, in Arizona, Mexico and in other places where the product flourishes, while it will also undoubtedly be adopted for use on all of the plantations in drying out bagasse for fuel purposes.

Of the matter Mr. Winter says: "My original intention was to try and develop a scheme for drying kiawe beans only. In that effort I was successful, but in following up the matter I discovered that the machine I had devised for experimental purposes could be made, without much trouble, a drier of bagasse also, and thus greatly enlarge its scope of usefulness and value. It is the machine for either or both purposes which I have completed and which will go on the market."

Kiawe bean meal has become quite a valuable product of the islands of recent years. The Renear grinder made the meal possible, but there has always been the gluey moisture in the way of rapid or very successful manufacture.

If the Winter invention solves this problem (and it certainly seems that it does) the industry of feed making from Kiawe beans will probably become a very large and important one in a short time.

July Fourth Thoughts

It isn't the flag that floats proudest Or highest above the green earth, And it isn't the cannon that's loudest Which expresses the patriot's worth; It isn't the pomp or the shouting, And it isn't the musical blare That leaves us no reason for doubting That the future we face shall be fair. Think not that vainglorious vaunting Shall strengthen the might we possess, And it isn't by foolishly flaunting Our banners that we shall progress; It isn't the challenge, the fearless Defiance imposingly hurled, That shall keep us undaunted and peerless, The wonder and hope of the world. It isn't the riches or splendor That the few or the many display Which shall fit us to rule or engender, Belief in our fitness to sway; The faith that our forefathers gave us, The honor for which they could die, Alone shall have virtue to save us And keep our star bright in the sky.

Eleele Personals

The Misses Grace and Francis Pillar returned from Honolulu on Wednesday, where they had been attending school.
Mrs. R. D. Moler and son, Neill, were welcomed home again on Wednesday morning.
Mr. W. Eklund, of Ewa, is visiting his brother, Walter Eklund, of McBryde.
Miss McMinamin, who has been the guest of Mrs. Hughes, returned to Honolulu on Saturday.
Miss Marie Anderson, of Eleele, left for Honolulu on Saturday, and sailed on Monday on the Manchuria for her home in Illinois.
The Misses Grace and Esther Ing left for Honolulu on Saturday.
Mrs. K. Roendahl arrived from a few days visit to Honolulu on Wednesday.
The Castle party, which arrived on the Honolulu on Friday, toured Kauai, seeing Olokele Canyon, Barking Sands and Hanalei.
The Misses Hastie entertained at an ice cream party to their "Highland" friends on Wednesday afternoon.
If you once use New Zealand butter, sold at Silva's Eleele store, you will have it all the time. Advt.

VACATION TIME DOWN MAKAWELI WAY

Cheer up, old chap; she'll be back early in September.

TARIFF ON SUGAR CANNOT BE SAVED

Secretary Redfield Explains Position Of His Depart- ment In Matter

The following self-explanatory letter from Secretary Redfield, of the department of commerce, has been received at Honolulu:

Gentlemen:—Your favor of the 2d is received.

I confirm my telegram of the 6th, as follows:

"Telegram second seen first time today. Know nothing of interview in Chronicle. Have no knowledge that anyone is considering restoring part sugar duty."

I have no knowledge of the Chronicle article and remember no interview. The facts are that at the request of several senators some months ago the bureau of corporations of this department began an inquiry into the beet sugar industry in all its phases and is now pursuing it. It is not an inquiry into the cost of production strictly so called, though that will form a feature of it. The reason this distinction, however, is made here is that the so-called cost-of-production inquiries are made in a separate bureau (the bureau of foreign and domestic commerce) and out of a separate appropriation and have a rather more restricted scope. The sugar beet inquiry now going on takes into account every element in the industry and not merely the one factor of the cost of production. It is not intended to have any relation whatever to legislation, pending or proposed, but is solely to ascertain the facts regarding the industry in its different phases. The field work will not be done for some weeks yet and the report will probably not be ready until the latter part of the fall.

There is no justification for any statement made by anybody that as a result of this inquiry it is contemplated to restore in whole or in part any of the sugar duties. No action of any nature is to be predicated on the report until its contents shall be fully known, and its inception had nothing to do with any suggestion as to the restoration of duties. It is not at all proper that anyone should be encouraged either to buy or sell stocks upon the pendency of an inquiry which is incomplete.

Yours very truly,
(Signed) WILLIAM C. REDFIELD,
Secretary.

Passengers In And Out

The following arrived by the Kiana Wednesday morning from Honolulu: Mrs. K. Roendahl, Miss Blanche Wishard, Mrs. H. Wishard, Miss Elizabeth Frazier, Miss Minnie Ebeling, Mrs. Roendahl, C. Kapukui, Chas. Eklund, Miss M. Stodart, Mrs. Wm. Stodart, Wm. Kukana, Koon Lock, C. R. Lincoln, M. Osaki, Hubert Christian, Peter Christian, Miss G. Pillar, Miss F. Pillar, Norman Weedon, Aubrey Robinson, Master Moler, Mrs. R. D. Moler, J. Ani, A. Ani, James Burgess, Sid Spitzer, T. M. Church, H. Wramp, Mrs. H. Akona, Miss Mollie Cummings, Miss Milla Dun, Miss G. Muller, Miss G. Chong.

The following arrived by the W. G. Hall Friday morning from Honolulu:—Mrs. Mahikoa, Bertha Mahikoa, Mary Mahikoa, Miss B. Mahikoa, Geo. A. Bertram, F. A. Saylor, W. G. Hall, W. Ah Hoy, Miss Ah Hoy, W. A. Fernandez, Mrs. Kahele, Master Kahele, Miss Kahele and 7 deck.

M'Caru Indicted

The grand jury in the United Honolulu States district court, last Wednesday returned a true bill against District Attorney Jeff M'Caru, charged with assault with a dangerous weapon upon Attorney Claudius McBryde.

IN THE GOOD OLD SUMMER TIME

You should place your order

JURIES DRAWN FOR JULY COURT TERM

In Judge Dickey's court last Thursday morning juries were drawn for the approaching term of the Circuit Court, the following trial jurors being listed: Henry Anderman, Jr.; Lihue; Thomas R. Neal, Makaweli; J. B. Featherstone, Waipouli; John Brandt, Kekaha; Sam Kai, Jr., Joe M. Souza, Elele; Sinclair Robinson, Makaweli; Fred Mendez, Kealia; George Kaubi; E. de Lacey, Lihue; Manuel Ornellas, Hanamaulu; James W. Rath, Lawai; Dan Hano, Kawaihau; David K. Kane, Kealia; Lawrence Rose; John Chandler, Koloa; Wm. E. Jenks, Makaweli; C. S. Kuhlmann, Lihue; Willie Kalani, Hanalei; Fong Koon Chan; P. A. Romane, Koloa; A. B. Blackstad, Waimea; Chang Kee, Kekaha; E. H. W. Broadbent, Lihue; Martin J. Fassoth, Makaweli, and Herman H. Busch, Koloa.

GRAND JURORS.

George Kaco, Hanalei; August Bratt, Lihue; Dan Lyons, Elele; W. H. Grate, Lihue; George M. Maiolo, Koloa; Gustav H. Hansen, Kekaha; Wm. K. Schultze, Makaweli; A. D. Hills, Lihue; Wm. Danford, Kekaha; Frederick Carter, Lihue; Henry G. Spalding, Koloa; John E. Cockett, Koloa; B. D. Baldwin, Makaweli; Harry A. Moler, Elele; G. P. Wilcox, Kealia; Isaac K. Hart, Koloa.

Court will open tomorrow (Wednesday) morning for the hearing of non-jury cases.

The grand jury will meet next Monday morning and the trial jurors will be required to appear a week from tomorrow, or July 8.

The term calendar of cases was published in last week's issue of this paper.

TREE PLANTING NEAR HOMESTEAD

The last issue of The Hawaiian Forester And Agriculturist contains the following references to tree planting, etc., around the "principality" of Walter D. McBryde:

A report recently received from Mr. Walter D. McBryde in regard to the plant distribution during 1913 from the Division of Forestry nursery at Homestead, Kauai, shows a total of 6,500 trees given out for that calendar year. In addition 12,044 trees were planted in the Papaholalohola Spring reserve. This number includes several species of eucalyptus, koa, silk oak and Japanese cedar, all of which have made a most satisfactory growth, due in part to the fact that all land to be planted to trees is first given a good plowing and just prior to planting is well harrowed.

"A good road has been built to the Spring reserve by the county, making the same accessible to those desirous of getting trees from the nursery. The road within the reserve itself was built from moneys received from the department." The value of this sub-nursery is yearly becoming more apparent. It is a decidedly useful institution.

Try a "Honolulu Special" at Lihue Store soda fountain. Advt.

Bag containing auto chains, between Wahiawa and Elele, Sunday, June 14. Finder please return to W. D. McBryde, Homestead. Reward.

New Zealand butter is always fresh and sweet. Delivered anywhere by J. I. Silva, Elele. Advt.

Watch for the Sign
RED CROWN
the Gasoline of Quality

Wherever you see the Red Crown sign you can buy an honest, reliable gasoline—the uniform—quick acting—clean burning kind that gives you full power—that costs you least per mile. Red Crown is not a "mixture," but a straight distilled, refinery gasoline—the best the Standard Oil Company can make. In gasoline, it is economy to buy the best.

Red Crown signs are furnished to all dealers handling Red Crown Gasoline. Watch for the Sign or ask our nearest agency about delivery in bulk.

MISS ETHEL LLOYD, DAUGHTER OF REPRESENTATIVE LLOYD, OF MISSOURI

HARRIS & SWING, WASH.

Miss Lloyd is one of the strikingly handsome members of the younger element in the smart set at the national capital. She has just returned to Washington from a visit to her home at Shelbyville, Missouri, and has planned a series of social functions for the entertainment of a house guest. Miss Lloyd is a participant in most of the worth-while social affairs, a frequent figure in the receiving lines and always surrounded by groups of devoted friends, but her

overshadowing characteristic is devotion to home life. She is bright and piquant, abounds in quiet humor, and is fond of music and the theater. Her interests are wrapped in her father's politics and she often accompanies him in his campaigning. Her father, Representative James T. Lloyd, perhaps the cleanest cut type of the really substantial statesmen, broad gauged, square-trimmed and devoted to Missouri in general and the Shelbyville district.

CUBA SUGAR WINS IN SUPREME COURT

WASHINGTON, June 23.—The United States Supreme Court in a decision handed down yesterday refused to grant an injunction restraining the treasury department from granting Cuban sugar a twenty per cent differential as provided under the Cuban treaty, in addition to the reduction in rates provided under the new tariff.

Application for an injunction was made to the Supreme Court several weeks ago on behalf of the sugar planters of Louisiana, though both beet and cane growers throughout the United States were vitally interested in the outcome of the decision.

Our ice cream, at the Lihue Store's soda fountain, is made from fresh cream from the Honolulu Dairymen's Association. Try it. You will like it. Or, better still, take a carton home with you Advt.

TENNIS MATCHES WITH KILAUEAS

Arrangements have been completed for two tennis matches between Kilauea and Lihue, to be played on the Lihue courts on Sunday, July 5, the hours to be set later.

The first game will be men's doubles, and Lihue will be represented by Chas. A. Rice and Albert Horner, Jr. The second game will be mixed doubles, the Lihue players being Miss Purvis and S. E. Hannestad.

The Kilauea teams are not yet known, but they will undoubtedly be the best players to be had there.

Horner To Substitute

Albert Horner, Jr., will substitute for Senator Chas. A. Rice as manager of the Lihue Ranch during the latter's absence on his campaigning tours.

WHAT HOLSTEIN SAID TO VOTERS

Legislative War - Horse Would Like To Be Elected In Primary

One of the clearest-cut, most sensible announcements of candidacy for public office reaching THE GARDEN ISLAND so far is that of Hon. H. L. Holstein, the old war-horse of the House of Representatives from the island of Hawaii, who hints to the voters of his district that he would not mind being elected at the primary in place of at the regular election in November. Mr. Holstein's announcement is here reproduced for the guidance of Kauai aspirants for recognition:

To the Republicans of West Hawaii, and the Voters in general of the second Representative District:

Perhaps few of you recognize the importance of political campaigns, September the 12th next, between the hours of 8 A. M. and 5 P. M., in the various precincts of our Representative District, you are to nominate your candidates on the Republican ticket for the Legislature. If you insist that your Representatives in the Legislature shall understand the propositions before the Legislature and you demand that they so vote as to best conserve your interests, I shall insist that you at the polls shall so vote as to conserve my interests. I demand the same character, if not the same degree of statesmanship, at the polls as you demand on the floor of the legislature.

Politics is not a squabble for office. Politics is the science of self-government. The issues of a campaign do not have their beginning and ending in the nomination or election of men to office. The issues of a campaign are between measures, not between men. A political party must be something more than an aggregation of office seekers. A political party ought at least to represent some principle of self government, and it ought to stand for the same principles of self government continuously.

I am a Republican and have been a Republican since the year one. On the question of Protection to our industries, I believe in the principles so aptly stated by Abraham Lincoln, "If I understand this," said Mr. Lincoln, "when we buy a ton of steel rails abroad we get the rails and the foreigner gets the money; but when we buy a ton of steel rails produced at home, we get both the rails and the money."

The Republican Party has been in power in Hawaii since Terri-

KAUAI ELECTRIC BILL IS FAVORED

Congressional Committee Reports The Measure With Its Complete O. K.

The bill which passed the last Legislature, authorizing and providing for the manufacture, maintenance and distribution, by Rev. Hans Isenberg and his associates, of electric power and light in the districts of Lihue and Koloa, of Kauai, was reported back to the House of Representatives, in Washington, on June 5, by Chairman Davenport, of the Committee on Territories, as follows:

The Committee on Territories, to whom was referred the bill (H. R. 3851) authorizing the manufacture, maintenance, distribution, and supply of electric light and power within the districts of Lihue and Koloa, county of Kauai, Territory of Hawaii, reports the same favorably without amendment. This is a bill which authorizes Hans Isenberg of Lihue, county of Kauai, Territory of Hawaii, his associates, successors, and assigns or such corporation as he or they should cause to be incorporated under the laws of the Territory of Hawaii, to manufacture, maintain, and distribute electric light and power within the districts of Lihue and Koloa in the said county of Kauai, Territory of Hawaii. It developed at the hearings upon this bill that the Legislature of Hawaii, after due consideration, had passed the bill, in the districts mentioned herein. After a careful consideration of the provisions of the bill, the committee is of the opinion that all rights are carefully safeguarded and reports the same to the House with the recommendation that the bill pass.

terial Government was organized, with the exception of the first territorial legislature (1901) and the present territorial administration (1914). Republicans throughout West Hawaii have acknowledged that these two exceptions were the productions of an Accident! I have been requested by the rank and file of the Republicans in West Hawaii to stand as a candidate for the House of Representatives for the coming Primaries. I take delight in giving public expression of my acceptance. "A candidate receiving the votes of a majority of the registered voters voting, of the district in which he is a candidate shall be thereby duly and legally elected to the office for which he is a candidate at such primary," Sect. 16 of the Primary Law.

Now I hope and trust that you, and each of you, will do your DUTY.

Aloha Nui. H. L. HOLSTEIN.

Meals on Time

A good oil stove gives full heat just as soon as it's lighted. There's no waiting for the fire to catch up or the oven to heat. Meals can be started later and still be served right on time. That means less work and less time in the kitchen.

New Perfection OIL COOK STOVE

burns kerosene, the clean, cheap fuel and gives an intense heat that can be regulated just as you want it. It does all sorts of cooking and baking just as well as a wood or coal stove—and without tainting the food. Don't cook in a hot kitchen this summer. Don't lug coal and wood and ashes. Get a New Perfection. It saves all this trouble and it's economical, too. Ask your dealer for the New Perfection.

DAILY WIRELESS NEWS

Continued from page 1.

'FRISCO YACHT WINS

San Francisco—The yacht "Caprice", of the San Francisco Yacht Club, won in the twenty-five mile race here yesterday.

Militiamen of the naval corps began practice match shooting yesterday and won from the regulars of the U. S. S. Marblehead.

TARN MCGREW MARRIED

Tarn McGrew, son of the late Dr. John S. McGrew, of Honolulu, was married at Reading yesterday to Miss Carol Smith of that city, after a courtship which began in Paris. The bride is very wealthy.

THE FIGHTING IN MEXICO

Lapas, Mexico—Federal reinforcements from Guaymas repulsed an attack of Constitutionalists at Santa Rosalia yesterday.

Zacatecas, Mexico—General Villa has withdrawn most of his troops to Torreon, lack of ammunition being given as the cause. One of the most important points between his present position and Mexico City has been abandoned by the Federals. Losses incurred in the battle at this place are now estimated at 4,500.

CARRANZA'S POSITION

Washington—General Carranza is reported to have notified his representatives that because of the failure of Guadalupe to bring about a cessation of hostilities in Mexico, it will be necessary for him to meet his associates before entering into further negotiations. He has assured the mediators that he will hasten to arrange such a conference.

It is reported that fire from the main battery of the machine guns has succeeded in stopping the bombardment of Puerta Plata.

Honolulu—Frank B. Stack, a Honolulu graduate of the University of California, has accepted a very remunerative position in Chili with a mining company.

BIG CANNERY TO START

Libby, McNeill & Libby's big canning plant will be ready for business tomorrow.

KENNETH GORDON AGAIN

Kenneth Gordon, who posed here a couple of years ago as an expert aviator, is found to be the man who escaped from his captor (a detective) enroute from Shanghai to San Quentin prison, and is now under arrest at Yokohama. He did the bogus check stunt on the Elks in Honolulu, and finally slipped off to Canada.

NEGRO OUTLAW TO LEAVE

Herman Lewis, the notorious negro soldier automobile thief and hold-up man, who has been sentenced to twenty years in the Leavenworth military prison, will be sent away in the next transport.

Dissatisfaction in the National Guard is said to be due to the failure of the officers to complete certain club features which were promised and expected by the enlisted men.

KONA TOBACCO TO MARKET

Hackfeld & Company have shipped sixty bales of tobacco to the eastern markets.

PLAGUE AT HONGKONG

The Manchuria, which arrived during night from the Orient, brought the news that plague is seriously menacing Hongkong and other Chinese ports.

Saturday, June 27.

Sugar: Raws, 3.325; beets, 3.50.

MRS. SCUDDER DEAD

Honolulu—Mrs. Doremus Scudder, wife of the pastor of Central Union Church, died yesterday after an illness of six weeks.

MOOSE—PHOENIX WRANGLE

Honolulu Lodge, 800, Loyal Order of Moose, may go to court to prevent the new Order of Phoenix from organizing and holding the old Moose property, which the Honolulu Lodge claims belongs to the Moose Order.

The local Japanese press is very guarded on the subject which has again stirred up Japan.

BLIGHT ON OAHU

The blight which appeared at Kalaheo, Kauai, a year ago has been discovered among the pineapples of Oahu. Oahu pines are now under quarantine restrictions on account of it.

The supervisors have declined to do anything to aid in the tuberculosis fight, putting the matter up to the Territory.

FEDERAL BUILDING SITE

Word was received from Washington yesterday that the Mahuka site, recommended by Robertson, is being discouraged by the Treasury Department, which claims it necessary that the Federal building have four sides of street frontage.

EXCITEMENT IN JAPAN

Washington—The Japan matter has stirred diplomatic circles. In a note to the United States, Japan will claim the right to reciprocate in the matter of extending land holding privileges with separate States. Under an old treaty foreigners were allowed land privileges in Tokio and owners are not called upon to pay taxes for improvement of streets. The new treaty limits the right to hold property to certain parts.

ROOSEVELT STEPS OUT

Oyster Bay—The impression prevails that Roosevelt may yet be prevailed upon to be a candidate for Governor of New York. He has stepped out of the National campaign on account of differences with leaders of the Progressive party.

PRINCESS NIYO DEAD

Tokio—The Dowager Princess Niyo is dead.

SIERBA IS DELAYED

San Francisco—The steamship Sierra, on her way from this port to Honolulu, has wireless here of the loss of a propeller blade 800 miles from the Coast, in consequence of which she will not reach Honolulu until late Monday or early Tuesday morning.

Washington—Senator Borah, of Idaho, declares that the proposed Trade Commission Bill would put the business of the United States in a straight-jacket.

WILL FIGHT ANYHOW

The Constitutionalists Junta have announced their determination to continue fighting regardless of the agreement informally reached by the conferees for peace.

NATIVES SONGS USED

San Francisco—Native songs will be a feature of ground-breaking for the Hawaii building at the Panama fair here.

FIRE DESTROYS LIVES

Salem, Oregon—Four bodies have been recovered from the ruins of a disastrous fire here. Fifteen hundred mill hands are out of work on account of conflagration.

OLD FIGHTER CONDEMNED

San Francisco—The old wooden cruiser "Independence", which has been used at the Mare Island navy yard for a receiving ship, will be sold. She is one of the oldest vessels in the United States navy.

ASIATIC FLEET THROUGH CANAL

Washington—The entire Asiatic fleet of the American navy will head the parade of war-ships through the Panama Canal next March, after which the fleets will be divided.

Pensacola, Florida—General Whistler, the inventor of smokeless powder, is dead.

Washington—Action on the Asiatic exclusion bill is deferred and it is not likely that any immigration bill will be acted upon at this session.

MARCHING ON MEXICO

Zacatecas (Mexico)—It is declared by the rebels that within a month the combined armies of Villa and Carranza will be literally at the gates of the City of Mexico.

Rebels are in complete control of this city.

Work of burying the dead has begun.

The state of San Luis Potosi will be the next point of attack by the rebels.

CLOSING PROGRAM WAIMEA SCHOOL

Very interesting and enjoyable closing exercises were enacted in the Waimea school on Friday, all of the teachers and pupils participating, either as entertainers or listeners.

One of the pleasant features of the morning exercises was the decoration with a flower by Principal Brown of each of the 33 children who have had a perfect attendance record for the entire year. One girl, Asoyo Okada, had been perfect for two years and an attack of chicken-pox was all that prevented Willie Bomke from the same record.

Two teachers, Misses Wilhelmina and Meta Mengler, were also presented with flowers for a perfect attendance record.

Many parents and friends were welcome visitors at these closing exercises and an unusually small number of pupils, in all, asked for releases on account of age or transfer to other schools. There are 420 pupils on the list for next year.

THE PROGRAM

- 1: Dramatization of "Ponce de Leon", Grades VI and VA, Mrs. Brown.
- 2: Song "Spring Dance", Grade II-B, Miss Sato.
- 3: Rec. "Sing a song of summer time" and song "Away over mountains", I-B, Miss W. Mengler.

- 16: Address, School Commissioner Brandt.
- 17: Remarks, Principal Brown.

At Hale Hooni

Wm. Fernandez' show at Hale Hooni Saturday night drew a satisfactory audience, and abounded in features of interest. There was a variety at any rate, and that style of program has been found best for the mixed houses usually encountered here. Most of the sketches were rather above the average brought to Kauai.

Mr. Dempster Dead

Word has been received of the death in England of Andrew Dempster, who for a number of years resided at Lihue, Kauai. Mr. Dempster was well known to residents of Kauai and was highly respected for his many kindly acts.

While here he lived at the Fairview hotel and was a golf enthusiast. He left here about seven years ago and went to New Zealand. Contracting cancer, he journeyed home to England for treatment.

Dr. and Mrs. Putman very pleasantly entertained at dinner and cards Friday evening, the occasion being more particularly complimentary to several of Lihue's social set who are going away for the Summer.

SMALL BOY FALLS AND IS DROWNED

Antonio Borges, the six-year old son of a laborer on Lihue plantation, met his death in an unusual manner Friday morning.

The family live in a cottage back of the Lihue mill. About 11 o'clock in the morning the little fellow climbed a mango tree and in some way lost his grip and fell, landing head first in a deep mud-hole beneath the tree. He was drowned before assistance arrived.

An inquest was held and a verdict rendered accordingly.

FOURTH OF JULY BASEBALL GAMES

The big baseball games next Saturday (July Fourth) will take place on Lihue baseball grounds as follows:

At 10 A. M., Bill Inman's All Students team vs. McBride.

At 2 P. M., All Students vs. a picked Kauai team selected by Mr. Sanborn.

Eight players of the All Students team will arrive in Lihue by the Kinau Wednesday morning, and will be quartered at the Fairview hotel. The other member of the team will be selected from All Students already on Kauai, and will probably be one of the following: Koani, of Anaholu; Denichi, of Elele, or Ahana, of Lihue.

Have you tried our whipped cream specials, with crushed fruit? They are delicious. Lihue Store soda fountain. Advt.

BY AUTHORITY

IN THE CIRCUIT COURT OF THE FIFTH CIRCUIT, TERRITORY OF HAWAII

At Chambers--In Probate In the Matter of the Estate of Kamaliwahine, deceased.

Order of Notice of Hearing Petition for Administration.

On reading and filing the Petition of the Onomea Sugar Company, of Onomea, Hawaii, T. H., creditor of the deceased, alleging that Kamaliwahine of Koloa, Kauai, T. H., died intestate at Koloa, aforesaid on the 30th day of April, A. D. 1912, leaving property in the Hawaiian Islands necessary to be administered upon, and praying that Letters of Administration issue to some fit and proper person.

It is ordered that Saturday, the 11th day of July A. D. 1914, at 11 o'clock A. M., be and hereby is appointed for hearing said Petition in the Court Room of this Court at Lihue, Kauai, at which time and place all persons concerned may appear and show cause, if any they have, why said Petition should not be granted.

Dated at Lihue, Kauai, June 5, 1914.

(Sgd) LYLE A. DICKBY, Judge of the Circuit Court of the Fifth Circuit.

(Seal) D. WM. DEAN, Clerk of the Circuit Court of the Fifth Circuit.

Carl S. Carlsmith and S. E. Han-nestad, Attorney, for Petitioner.
