BATTLE AT SEA

Washington, August 15th, 1904.
(Received at 2 p. m.)

To Mr. Saito, Honolulu:

Admiral Kamimura's report runs as follows:

"At dawn on the 14th of August our squadron found off Ulsan in the southeastern coast of Korea three ships of the Vladivostok squadron steaming southward. The latter on sight of us attempted to escape northward, which we obstructed, and fighting commenced at 5:23 a. m. The enemy's ships all caught fire several times by our shells and apparently suffered heavily, especially the Rurik most. Eventually the enemy fled at full speed to the north leaving behind the Rurik which afterward sunk; thereupon our whole squadron started to rescue the drowning Russians and picked up about 600."

SUBMIT TO SUPREME COURT

COUNSEL FOR BENSON, SMITH & COMPANY AND THE ATTORNEY GENERAL AGREE TO SUBMIT THE CORPORATIONS EXHIBIT TEST CASE TO THE SUPREME COURT ON AN AGREED STATEMENT OF FACTS.

The prospect of long and costly litigation between the government and different business firms, over the decision of the administration to enforce the provisions of the act of the legislature respecting domestic corporations has been dispelled by the joint action of the Merchants' Association and the Attorney General. The act decrees that all domestic corporations shall file each year a full and complete statement of their affairs with the Territorial Treasurer, but this law has been honored more in the breach than in the observance, as the records show, and the administration determined to test its effectiveness by proceeding against several firms.

Such action, while in the line of conserving the Territory's interest could only result in friction which would profit few beside the legal gentlemen concerned, and the Merchants' Association therefore took the matter up. That the law is on the statute book and it is the plain duty of the government's law department to enforce it was recognized by the Association and a conference was therefore sought with the law officers.

On Saturday A. Lewis, Jr., of the law firm of Smith & Lewis, representing the Merchants' Association, called on the Attorney General and after a consultation it was agreed to make the case of Benson, Smith & Co. a test and to take it before the Supreme Court on an agreed statement of facts. The plaint of the Territory's officers is that Benson, Smith & Company have failed to file and present a full and true exhibit of the state of their affairs with the Territorial Treasurer for the year ending December 31, 1903, and there are many other domestic concerns against which the same complaint is made. The firms as a general thing deny the right of the Territory to demand such a statement, and the Supreme Court will therefore decide.

In order to avoid further friction of the same sort it has been further arranged between the Merchants' Association and the Attorney General's department that a committee shall be appointed to meet the Treasurer and decide upon the proper form of corporation exhibits to be filed for the present year.

THE ADMIRAL FOR DELEGATE

"There can be no doubt about it that Hilo is solid for Admiral Beckley for delegate to Congress," said Judge George D. Gear this morning. The Judge returned from Hilo on Saturday after sending over a week there at the special session of the court. "The Admiral has every one with him and I am sure he would get the Republican nomination if he wished it. He will not however oppose Prince Kuhio but if Kuhio should withdraw there can be no doubt that Beckley is the man for the place. He is far and away the most popular man in Hilo and everyone knows that his name would be a rallying cry in Honolulu. I hardly think that the Democrats would put a man to oppose him for not only would opposition be useless, but he is just as popular with Democrats as he is with Republicans. While in no sense criticizing any other aspirant to the office I can only say that the admiral would make an ideal delegate to Congress. He is shrewd and quick-witted, has a grasp of affairs that is surprising and is a born leader of men. He would certainly make his presence felt in Washington. Of course I am not in politics but I think it my duty to speak in this manner on so important a subject."

It was learned that while the judge was in Hilo a "Good Government Club" was formed and he was honored with the presidency thereof.

The feeling of the club was unanimous that Beckley should go to Washington" said the Judge "when his name was put in nomination by Arthur Berg the enthusiasm was astonishing. It is probable that a committee will wait on Kuhio to request him to withdraw in the Admiral's favor and then I am sure he will sweep the convention."

The Hilo Tribune in telling of the Good Government Club's gathering says that Beckley was proposed by Gear and gives the following account of one of the speeches endorsing the nomination: Chester Antonio Doyle in seconding the motion remarked that he did not understand how the president of an organization like this, as president, could make a motion without leaving the chair to a more capable person. He

THE ADMIRAL.

was willing to waive the rules in this instance and speak for the good of the Territory. "My people," said Mr. Doyle, "are frequent travelers and they want to have Mr. Beckley go to Washington, and I regret to say that they have selfish motives, for they feel that they will be better off with the affairs of the Territory in his hands while they run the steamer. With all my heart I second the nomination of Admiral Beckley."

WANT HELP OF PLANTERS

A committee from the Planters' Association consisting of Messrs. Tenney, Giffard, Cooke and Clive Davies waited on Governor Carter today to discuss with him the political situation in Hilo. It appears that the plantation managers on Hawaii have got together and have urged on the Planters' Association the necessity of securing good nominees for the approaching elections. The object of the visit from the committee to the governor was to consult with him as the Planters are not in politics and do not wish to take any stand which might be so construed. The governor assured his callers that they would receive nothing but the best wishes of the administration in any fight made for honest and capable government.

MORE MONEY NEEDED.

Governor Carter was officially notified today by High Sheriff Brown that the appropriation made for the maintenance of prisoners would prove insufficient. This notice is in accordance with the governor's instructions to heads of departments to the effect that if appropriations are to be exceeded the executive must be notified beforehand and the matter made public. In this particular matter the fact that the amount allowed is to be exceeded is apt to mislead as the Territory takes charge of Federal prisoners and their keep is afterwards paid for by the national government. The amount so returned is not, however credited to the maintenance of prisoners but goes into the general funds of the Territory.

Argument was heard by the Supreme Court today in the petition for a rehearing of the case of Lucas against the American-Hawaiian Engineering and Construction Company. The defendants were denied their prayer.

The Row Over Parker Ranch

HIGHLY SENSATIONAL AFFIDAVITS FILED THIS MORNING BY THOSE WHO ARE TRYING TO OUST F. W. CARTER AS MANAGER—AFFIDAVITS MAKING CHARGES AGAINST LITIGANTS AND COUNSEL ON THE OTHER SIDE.

The Parker Ranch case again has the floor. It will be remembered that some two weeks ago an affidavit of a particularly sultry nature made by Mrs. Elizabeth Jane Knight, mother of Annie Thelma K. Parker, the minor in the case, was filed in the Circuit Court, but today a printed bunch of affidavits was filed by Colonel Sam Parker's side of the controversy which are absolutely torrid.

The affidavits filed take up twenty-two sheets. The first is by J. S. Low who denies every allegation made by Mrs. Knight and A. W. Carter that amounts to anything, and accuses Mrs. Knight specifically of conspiring with Carter and their attorneys to injure her own child.

Colonel Sam Parker is the next contributor to this remarkable collection of affidavits. He swears that Carter, as a guardian, is a mere interloper, and makes the further charge that Mrs. Knight when twenty-one years of age married his son, then only eighteen years of age, with the object of getting control of his property as he was afflicted with inflammatory rheumatism and serious heart trouble from which he died before coming of age. He also makes oath to his belief that Mrs. Knight is of an avaricious nature and is now living largely off the allowance made to the minor. Colonel Parker makes a serious charge against some well known attorneys, accusing them of gross violation of their professional duties which he says he believes renders them unfit to practice in the courts of Hawaii.

MAKAWAOS FIRED OUT.

Waialuku, August 12.—The Eka-Kamehameha baseball game played at Honolulu last Saturday was repeated at Waialuku on Sunday when the Morning Stars faced the Makawaos on the diamond, and slaughtered them in the score of 19 to 2. It was not until the seventh inning before the Makawaos scored their first run, on a wild throw by Pitcher Krueger to first base. As a result of the poor games put up by the Makawaos the Maui Athletic Association's ground committee has decided to cut off the country team, and allow the league to go on with the three remaining teams, that is, the Kahului, Morning Stars and Waialuku. This will add interest to the games, inasmuch as all three of the teams can put up good baseball. Some of the better players of the Makawaos, which will materially strengthen the latter.

GRAND BALL IN SUGAR MILL

THE EVENT OF THE YEAR IN HAWAIIAN COMMERCIAL & SUGAR CO. MILL AT WAILUKU.

WAILUKU, August 12.—The sugar press room of the H. C. & S. Co.'s mill was beautifully decorated on the eve of flag raising day to receive the many invited guests to the Harvest Home festival. Furnishings and decorations were arranged about the press room profusely, beautifully illuminated with electric lights. Free trains were run to all termini of the Kahului Railroad to convey the many followers of the Harvest Home. At eight-thirty the Wailuku Stringed Band struck up the grand march which was led by Hon. H. P. Baldwin and his daughter. There were upwards of 150 couples present who joined the grand march. The floor committee did well and the result was that all the dances went off without a hitch. The floor was in the pink of condition.

It was not until one o'clock Friday morning before the first train left for Wailuku with some of the guests. However, the majority remained until the much later hours to enjoy the occasion. Ice cream, coffee, cake and sandwiches were served one floor above, and great credit is due George Mayfield of the refreshment committee, and his assistants, for the manner in which the guests were served. In addition light refreshments were being served continuously on the dance floor. Another train left at three in the morning to convey passengers to Kihui, Pa., Spreckelsville, Kahului and Wailuku. This is the second Harvest Home dance given by the officers and employees of the H. C. & S. Co., and it is their intention to celebrate in a like manner every year. The ball was a big success, and everybody departed with pleasant memories of a nice time.

REPUBLICANS FINE RALLY

SATURDAY NIGHT'S RATIFICATION MEETING WAS AN ENTHUSIASTIC GATHERING.

Saturday night's Republican ratification meeting at the Orpheum was a success in every way. While the building was not crowded it was at all times well filled and the enthusiasm displayed over the different speeches left no doubt as to the popularity of the candidacy of Roosevelt and Fairbanks in Honolulu. The chair was taken by Clarence Crabbe and with him on the stage were Delegate Kuhio, Governor Carter, National Committeeman A. G. M. Robertson, William Haywood, Attorney General Lorrin Andrews, W. H. Hoaga, Frank E. Thompson and Henry C. Vida. The first speaker was A. G. M. Robertson who went carefully over the work of the Chicago convention and then described the Democratic convention at St. Louis, which he described as one of the most disorderly gatherings in history.

Governor Carter was received with cheers and he made a rattling speech in which he pleaded for harmony and unity of action in the party.

Delegate Kuhio spoke in Hawaiian and was vigorously applauded. William Haywood following with a history of the political career of the president. Attorney General Andrews made a clever speech, defending his course in taking an active part in current politics and T. McCants Stewart closed. The meeting broke up with hearty cheers for Roosevelt, Fairbanks and the Republican party.

CROSS ATLANTIC IN THREE DAYS

NEW YORK INVENTOR WORKING ON MODEL OF A REMARKABLY SWIFT BOAT.

NEW YORK, August 4.—Thomas B. Taylor of this city launched in the Hudson river today a working model of the vessel which he thinks will revolutionize ocean travel. He says that if ocean liners adopt his means of locomotion with the success he anticipates, they can cross the Atlantic in three days.

The working model launched today is thirty feet over all and five feet beam. It draws three feet of water and the hull is made of oak and cedar. It has a tube which is also made of oak twenty-seven feet long and fifteen inches in diameter. In the tube are fitted four propellers. A shaft is connected with a fourteen-horse-power gas engine in the middle of the tube. The gear for the propellers is in the middle of the tube, and it is arranged on a wheel that can be used as a fifth propeller.

Taylor says he expects to get 1000 revolutions a minute. His theory is that the propellers can produce greater speed driving through water that is confined within the walls of the tube than when they revolve in water not confined. In support of this theory he says that with a three-foot model run by electricity he made 50 per cent greater speed with propellers inside of the tube than under the ordinary method.

MAUI ATHLETES HAVE HOT TIME

A DAYS' SPORT AT PUUNENE, BEGINNING WITH A CHASE AFTER A GREASED PIG.

WAILUKU, August 12.—The field day sports given by the Puunene Athletic Association came off today in fine style. Long before the hour of commencement, people from all parts of the country had gathered about the field to witness the day's events. A temporary grand stand had been erected for the accommodation of the ladies. The day was bright and clear, but the heat registered a little higher than could have been wished.

Promptly at ten o'clock the first event on the program was announced, "catching greased pig," for which the pig itself was given as a prize. Immediately after the firing of the pistol, quite a few ran for the animal. Joe Medeiros caught it and brought the same home. They will celebrate the next time with this pig.

The second number on the program, "climbing greased pole," was won by M. Vasconcelos, after about one-half hour's work. He received the first prize of \$5, and Medeiros received second.

The third number was the event of the day, tug-of-war between Puunene and Kahului teams, for which a prize of \$75 was offered. It was generally conceded that the Puunenes would carry the day easily, which was later proven. It took just twenty minutes before they won out. The sturdy Kahului men held on to their rope for quite a while, their opponents not being able to even stir them. Finally they seemed to tire, and the Puunenes carried them easily. Hon. H. P. Baldwin presented the prize to Captain Daniels of the Puunenes and offered three cheers which was heartily responded to.

Fourth—Sack race, prize, \$3. Won by A. Jackson.

The next was the baseball game between the P. A. A. and Morning Stars. The game was a poor one on the part of the picked nine. The Morning Stars completely shut them out in a score of 19 to 0. Ned Kruger pitched great ball, and several times the bases were filled without their being able to score. They were hardly any errors made by the Stars, while the P. A. A. simply went to pieces. Cummings pitched for the picked team during the first four innings, but later retired to the field. The Morning Stars were presented with \$30, first prize, while the P. A. A. were given \$10.

No. 6—Three-legged race, prize \$20. Won by Jackson and Meyer.

No. 7—High jump, prize \$3.50. Won by Frank Silva, height, four feet ten inches.

No. 8—Putting 16-pound shot, prize \$7.50, and pair of shoes. Won by Eddie Morton, distance, 25 feet 2 inches.

No. 9—150 yard dash, prize \$6. Won by Joe Pa, time 18 seconds.

The next event on the program was Japanese wrestling, which was indulged in by the little brown men of Wailuku, Waikapu, Wahee and Kahului. It was not until five o'clock before the day's sports broke up.

STRANGE PEOPLE AT ST. LOUIS FAIR

ALL SORTS AND CONDITIONS OF MEN ARE SEEN AT WORLD'S FAIR—SCIONS OF ROYALTY.

All sorts and conditions of men are seen at the great St. Louis Exposition. There are scions of royalty from beyond seas; there are eminent professors and savants from all the leading educational centers; there are pleasure seekers from far and near—and all these assemble to witness the marvelous variety of exhibits which are afforded.

The Louisiana Purchase Exposition is particularly strong in its ethnological features. From the three-foot Filipino dwarf to the seven-foot Patagonian giant all sorts and conditions of men and women from all quarters of the globe are gathered together at this great World's Fair. There are Japanese, Chinese, Persians, Patagonians, Alaskans, Eskimos, Bohemians, Cliff-Dwellers, Egyptians, Mexicans, Indians, Russians, Spaniards, Tyroleans, Swis, Ceylonese, Ains, Lascars, Moors, Brahmins and all these are seen in their native environments and carrying on their usual occupations.

When our readers are informed that these strange people for the first time gathered together are photographed and told about in our World's Fair series they will appreciate how valuable and interesting an educational adjunct the work becomes.

We early realized that everyone would desire to place this series in their homes and ever on the alert to please our subscribers and friends, we succeeded in making arrangements whereby the Portfolios may be secured at only ten cents each.

There will be thirty parts in all, one issued each week, containing sixteen photographic reproductions, from negatives especially made for the work by the official photographer, with appropriate descriptions by Secretary Walter B. Stevens.

In order to show that you are a reader, bring or send one of the coupons printed in our announcements from time to time, with ten cents, to cover the cost of handling, wrapping, addressing and mailing, and any part issued will be delivered or mailed at once.

ATTACKED THE EDITOR.

HILO, August 12.—Waketa, secretary of the Japanese League of Hawaii, took the law into his own hands last week and proceeded to punish Editor Tomika of the Japanese "Sunday News" for an alleged libelous article appearing in that paper the Sunday previous. The Japanese editor sustained the reputation of the profession by showing he was no coward himself, and the pair proceeded to pummel each other until the arrival of the police. Editor Tomika swore out a warrant charging his assailant with assault and battery, and after hearing the case two days, District Magistrate Hapai found Secretary Waketa guilty, imposing a fine of \$12 and costs amounting to \$6.10. The article to which Waketa objected, charged him with receiving as secretary of the Japanese League contributions intended for the Japan war fund, which he had appropriated to his own use.

The meeting between Geronimo and his daughter, Lena, was a touching scene, enacted in the Indian School in the Louisiana Purchase Exposition at St. Louis not long since.

Success On a Great Scale

Complete details of the sea fight between Togo's fleet and the Port Arthur fleet have not been learned. The engagement was unquestionably the greatest naval fight of modern times.

Admiral Kamimura's time has come at last and he proved himself equal to the occasion. He engaged the hated Vladivostok squadron and after a severe fight of five hours, sunk the large cruiser Rurik and drove the others of the fleet, badly damaged, northward, evidently to Vladivostok.

The doom of Port Arthur is said to be near at hand. The fall of that place seems to be now a question of but a few days. The report that the Japanese have suspended operations in Manchuria because of the coming grand assault on Port Arthur, is in all probability incorrect.

On the other hand the eagerness of the Japanese to capture Port Arthur may be due to some political considerations which are not at this time apparent. It may mean that Great Britain may have agreed to intervene in the present struggle when Port Arthur falls.

The War's Benefits To Seattle

The Pacific Mail Steamship Company appears to have had a rather unjustifiable "scare" in the matter of freight shipments to Japan. Its action in refusing all freights for Japanese ports does not seem to be at all justified by the facts.

As soon as the decision of the Pacific Mail and Occidental and Oriental companies was announced the Boston Steamship Company, which is running steamers from Seattle, cabled to London and Liverpool trying to purchase two more steamers.

The loss in commerce to San Francisco by reason of the complete suspension of Japanese shipping is estimated by one source at \$300,000 per month, and there is a big loss in income of the steamship companies. Aside from this there will be a permanent loss to San Francisco in that business diverted to Seattle will be held by that port.

After the fall of Port Arthur and the end of the present campaign in the Far East, the world will get some correct accounts of what has been going on in the past few months. The messenger accounts which have been allowed to leak through form a very unsatisfactory description of the progress of the war.

from all that vast stretch of Territory no word has come. As far as world knowledge of what is going on in this great expanse is concerned, the country might be an unexplored stretch of darkest Africa.

The spirit of Sir Boyle Roche was abroad on Saturday night. One speaker after describing the merely passive interest which some former active politicians are taking in the present campaign, said: "But wait, gentlemen, these luke warm war-horses will soon scent the battle from afar and drawing their rusty sabers will rush to the center of the fray and plant the standard in the face of the enemy!"

The most strike is lending prices up and many dealers are making big profits on stores in hand before the strike began. While strikers and employers fight their battle out, the dear public is to pay the cost.

No one seems to object to Parker remaining silent now. Perhaps all parties have decided that it is just as well to let the gentleman alone.

Hilo's success in getting the Republican convention has aroused Maui ambitions and Wailuku is already talking of getting the next Territorial gathering. Maui has a Home Rule victory to retrieve. "If we redeem ourselves at the November election," says the Maui News, "Wailuku will certainly claim the convention next year."

There seems to be a good deal of a change coming over the feeling with which Candidate Parker's famous telegram is regarded. At first sight it looked to many like an act of great political heroism, and Judge Parker was very warmly commended for having, as was said, boldly declared him-

WHY ALASKAN IS DELAYED

The S. S. Alaskan is out 73 days today from Hilo for Delaware Breakwater, with a cargo of 11,200 tons of sugar. As this is the most valuable cargo that has left the islands in many years, there is naturally great interest being taken in the arrival of the vessel. She is at least a week behind her schedule time. There is no need for worry on this score, however, for the vessel was delayed at Coronel in June.

She put into that port for coal and while in port a hurricane sprang up. The vessel was detained in port for five or six days as the result of the bad storm, as it was decided not to send her out in the heavy weather. This delay is the reason for her not arriving off the Breakwater on time. She is expected to reach there at any time now. Her cargo is worth by today's quotation of \$85.10 a ton, \$953,120.

KOREAN DIED A NATURAL DEATH

The verdict in the famous Waipahu Korean case which caused such an outbreak on the part of the Korean laborers, has been received by the High Sheriff. The Koreans claimed that one of their number had been kicked in the stomach by Dr. Hoffman and that death had resulted from the injuries. A riot ensued and for a time it was feared that violence would be done. The Koreans refused to permit the physician to go to another place down the railroad, on a professional call.

The inquest was held August 1 and the following verdict was returned: "That the said Whang Chi Koo, Korean, came to his death at Waipahu, Ewa, Territory of Hawaii, upon the 29th day of July, A. D. 1904, from rupture of intestine from an old tuberculous ulcer."

THE ROW OVER PARKER RANCH

Continued from page one.

The third affidavit is that F. Wundenburg, who denies, among other things, that he is conspiring with Low, Parker, Magoon, Lightfoot and others to make fraudulent use of the estate of the minor and that he has attempted to secure for the Hamakua Ditch Company a right of way irrespective of the rights of the minor.

Among the gems from the affidavit made by J. S. Low are the following: "Deponent admits that said Elizabeth Jane Knight is the mother of said minor and should be her natural guardian and protector, but this deponent charges that said Elizabeth Jane Knight is acting in an unnatural manner towards her own child, and is playing into the hands of said A. W. Carter, who is abusing her confidence; that she is permitting her daughter's estate to be plundered, not only by said A. W. Carter, in his charge of extortionate commissions, but also by the employment of four legal firms, comprising ten different attorneys, whom deponent is informed and believed it is her intention to have paid out of the estate of said minor, and for that reason deponent charges that said A. W. Carter, Kinney, McClanahan & Cooper, Robertson & Wilder, Ballou & Marx and J. J. Dunne, are all conspiring together for the purpose of spoiling the estate of said minor, and are all working for their own private ends, and that the said Elizabeth Jane Knight is so lost to the interest of her child that she fails to recognize this conspiracy, or else willfully connives therein.

"Deponent reiterates that the relations of said John P. Parker and deponent were as friendly as though they were brothers, and although they were thrown together almost constantly from youth to manhood, there was never one harsh word passed between them, and deponent believes it to be false that the said John P. Parker ever told said Elizabeth Jane Knight, or any other person, that he thoroughly distrusted deponent and that he had no use for him; and deponent denies positively that the relations between him and said Elizabeth Jane Knight have been very limited, but on the other hand says that the same have been most cordial and intimate. That from about the year 1889, at which time deponent first met the said Elizabeth Jane Knight, then Miss Dowsett, up to the time of the filing by him of his said motion or petition herein, she has always acted friendly towards deponent, and prior to the said filing has never shown any signs whatever of distrust or dislike to deponent. That from the time of her marriage to said John P. Parker and up to the time of her marriage with her present husband, she was treated by deponent as a member of his family, and she and deponent would kiss each other at meeting and parting, and while the actions between this deponent and said Elizabeth Jane Knight since her marriage with her present husband have not been so cordial and intimate as before her said marriage, still, deponent has never ceased to have a brotherly interest in said Elizabeth Jane Knight, and said minor has always called deponent 'Uncle Jack.'

"That E. P. Low, appointed by Samuel Parker to the management, is one of the most experienced and capable ranch managers in the Territory of Hawaii; is sober and industrious, and that as between said F. W. Carter and said E. P. Low, there can be no difference of opinion but that the interests of said minor would be very much better protected in the hands of said E. P. Low than in the hands of said F. W. Carter, who is notoriously incompetent, lazy, intemperate and immoral.

"That the relations of attorney and client between Samuel Parker and E. P. Low and J. Alfred Magoon—J. Lightfoot, do not in any way conflict with the duties that they owe to deponent in his petition for the removal of said A. W. Carter, but if they do they are not any more conflicting than the actions of the said attorneys of said A. W. Carter in representing the other side of every question in the litigation concerning the Parker Ranch, said minor and A. W. Carter; and deponent charges that the action of A. W. Carter and his attorneys in attempting to procure a partition of the said Parker Ranch is a willful attempt to wreck the fortune of said minor."

Colonel Sam Parker's statements, solemnly sworn to, include such details as these: "That deponent expects to be called upon to testify in court as to matters within his knowledge, and will give whatever assistance he can for the purpose of benefiting the minor and for the removal of said guardian, inasmuch as deponent believes that he has, since the appointment of said guardian, been deceived by him and that said guardian has not been acting in the interests of said minor. That deponent was at first unable to believe that said guardian had been despoiling the estate of said minor by charging extortionate commissions, and otherwise mismanaging the estate of said minor, but that deponent is now thoroughly convinced of the same, and that it is for the best interests of said minor that said Guardian should be removed, and some proper and competent person be appointed in his stead. That said guardian is a mere interloper as far as the management of the Parker Ranch is concerned, and has repaid the favor which deponent bestowed upon him in installing him as manager of the Parker Ranch, whereby he received large remuneration, by abusing deponent's trust and confidence, and as deponent charges out of mere greed, by holding on to the property which was placed under his control by deponent after deponent had dismissed him, and which, in honor and fair dealing, he ought to have returned to deponent when requested so to do.

"That deponent is the chief promoter of the Hamakua Ditch Company, and has large interests in the same—deponent says that he was one of the promoters of the enterprise out of which has developed the Hamakua Ditch Co., Ltd. That the other promoters were Messrs. Kinney, Ballou and McClanahan, and John T. McCrosson. That not only were Kinney and Ballou promoters of said enterprise, but they acted as the attorneys and advisors of

deponent, and through their advice deponent signed an agreement under which it is claimed by the other party to said agreement that deponent was and still is liable to said other party in the sum of \$100,000. That Kinney and Ballou did not become parties to said agreement, taking good care not to make themselves liable under the same, making deponent solely liable, though they would have been benefited jointly with deponent thereunder. That the action of Kinney and Ballou in now attacking this deponent, and working against his interest, if any interest he has in said enterprise, and in trying to prejudice deponent under said agreement is a gross violation of their professional duties to deponent, and, as deponent believes, renders them unfit to practice in the courts of the Territory of Hawaii. That though deponent advanced between fifteen and twenty thousand dollars in cash in the said enterprise, Kinney and Ballou advanced in cash, as this deponent believes, not over the sum of \$500.

"That deponent believes Elizabeth's motives (she being then about twenty-one years of age) in marrying deponent's son, who was then under eighteen years of age, an invalid, afflicted with inflammatory rheumatism and heart trouble of the most serious nature, was to get control of the property of deponent's son. That deponent never for one moment concealed, or thought of concealing from the said Elizabeth any interest or right that deponent's son had in said Parker Ranch. That deponent did object to the appointment of James I. Dowsett as guardian of said minor, but chiefly for the reason that James I. Dowsett was very aged and unable to attend to the business entailed upon whoever should be the guardian of said minor, and that it was for the interest of said minor that her guardian should make frequent visits to the Parker Ranch; that said James I. Dowsett was so feeble that he seldom, if ever, in later years, left the Island of Oahu.

"That said Elizabeth was grasping and avaricious, and was desirous of procuring a larger allowance for said minor than was actually necessary for her maintenance, and that said Elizabeth is now living largely off the allowance which she has procured for the said minor, which is largely in excess of the allowance required for the proper support and maintenance of said minor."

BUILDING IS UNSAFE

"The judiciary building is unsafe and in its present condition it is a menace to those who have to use it," said Superintendent Holloway of the department of Public Works this morning. "The walls are solid enough but the rafters, stringers and floors are thoroughly worm-eaten and decayed. It is absolutely unsafe."

This startling communication was made in connection with Superintendent Holloway's announcement that he hoped to have the legislature make an appropriation of \$150,000 for a new government building next year.

"Such a building is badly wanted," he said. "Just what we will do when the legislature meets I do not know. The Senate will probably want the quarters my department occupies. I do not know where we will go to. The new building such as I have in mind could be built of concrete for the sum mentioned, and could house the Board of Health, the Public Works, the Survey, the Treasurer, the Auditor, Waterworks, Roads, Tax and Lands departments, leaving the present capitol for the Governor, Secretary and Attorney General as well as for the legislature's purposes. I would like to have it turned over to the courts after the different departments moved out so that the present judiciary building could be remodelled. The whole interior of the place will have to be torn out."

Important Target Work By Local Naval Men

The first qualifying target practice for the United States naval forces in these islands, was begun this morning. The U. S. Iroquois took a crowd of marines and sailors down to Pearl Harbor for the encampment. There were 20 marines and 12 bluejackets under command of Lieutenant Harlee of the Marine Corps. The camp will be pitched at a point between Pearl Harbor and Wai'alua. Part of the detachment will remain in camp for ten days and the remainder will be there for about four days. The men who will remain the longest will be those who have to pitch camp, arrange the targets and break camp. The entire time of the men under Lieutenant Harlee's command will be devoted to target practice with small arms.

DEATH OF MISS MAHUKA.

A very sad death occurred Sunday afternoon at 5 o'clock when Miss Minnie Rachel Mahuka passed away at her home near Arlon Hall, Millard street. The deceased was the daughter of John Mahuka the boatman. She was 18 years of age and had been a student at the Normal school for the past year. She became a member of the Reorganized Church of Jesus Christ of Latter Day Saints at the age of eight years. She had been a prominent worker in church and Sunday school. The deceased was greatly beloved by her many church and school friends and her death which occurred after a short illness, was a great shock to them. The remains were removed to the Townsend Undertaking parlors and today will be removed to Arlon Hall the meeting place of her church, where funeral services will be held at 4 p. m. today.

PUNAHOU BAD BEATING.

The United States Artillery baseball team put it all over the Punahou in a game at Kapiolani park yesterday afternoon the score being 30 to 5. The Punahou were hopelessly outclassed for they put in pitcher after pitcher to be batted out of the box. The gunners only played eight innings, but they scored in every one, making seven runs in the fifth and sixth and six in the seventh.

Ayer's Hair Vigor

You know the story—how good Queen Bess, pointing to the beautiful hair of a peasant girl, said, "There's a real royal crown. I would trade my golden one for it." That was long ago. Now you can have a "real royal crown" of your own, simply by using Ayer's Hair Vigor.

When your hair is rich and heavy, and when the closest inspection fails to detect a single gray hair, you will certainly look a great deal younger, and you will be much better satisfied with yourself, too. Isn't that so?

REDUCTION IN RATES DEMANDED

HILO, August 12.—R. T. Guard, agent of the Matson Navigation Co., proposes to bring the matter of discrimination on island freights by local steamship companies before the Executive Council of the Board of Trade this evening. He claims that the freight on ten cases of pineapples shipped from Mahukona to Hilo was \$5.00 per ton, whereas the rate to San Francisco on the same shipment was \$3.50 per ton. He declares such exorbitant rates are prohibitory. On the other hand, the Wilder S. S. Co. state they are willing to make special concessions in island products. The shipment in question it is claimed, was from Nihiu, partly by rail to Mahukona and the freight rates were to cover the railroad rate as well as by steamer.

FOUND SKRYDLOFF AT LAST

ADMIRAL KAMIMURA.

Washington, August 14, 1904. (Received at 8:20 a. m.) To Japanese Consul, Honolulu.

Commander of the Takashiki Naval Station reports that our fleet wirelessly telegraphed him that the Vladivostok squadron was sighted at 5:30 a. m., August 14th, and that the Takashiki subsequently reported to him that a naval battle was in progress. Admiral Kamimura reports that our squadron, after five hours' severe fighting with the three ships of the Vladivostok squadron in the north of Tashima in the morning of August 14th, sank the Buriik. The two other ships of the enemy's squadron apparently suffered heavily and fled northward. Our damages are very slight.

TAKAHARA

Associated Press, Morning Service. TOKYO, August 15.—In the naval engagement north of Tashima the Russian cruiser Buriik was sunk. The cruisers Roska and Gromobol fled northward badly damaged. Injuries to the Japanese fleet were slight. The Japanese victory restores commerce. Prince Hirovian was slightly injured aboard the Mikasa on the 14th.

Russia will be able to concentrate only four cruisers at Vladivostok. The Novik has been sighted heading for Van Diemen.

The Novik evidently intends to pass around the eastern coast of Japan to Vladivostok for such would be her course were she travelling from Klauschau, where she was last reported, towards Van Diemen Strait. This strait is the passage eastward between the lower Japanese island. Her trip, if bound for Vladivostok will take her near Yokohama after passing Van Diemen Strait.

CAN'T REPAIR BATTLESHIPS.

Associated Press, Morning Service. TOKYO, August 14.—It is believed that the Russians will be unable to repair the battleships which returned to Port Arthur after the engagement with the Russian fleet. They can no longer protect the entrance to the harbor though that is defended by land batteries.

RUSSIAN DESTROYER DESTROYED

Associated Press, Morning Service. WEI-HAI-WEI, August 14.—Three officers and sixty men of the Russian destroyer Bruni, which was beached and blown up near here, have arrived at this port.

CAPTURE OF DESTROYER.

Washington, August 14. (Received at 6:56 p. m.) To Miki Saito, Honolulu.

Resume of several reports so far received concerning the capture of Russian destroyer at Chefoo, on the night of August 10. While cruising in search of damaged Russian Port Arthur squadron our destroyers Asashi and Kasumi sighted one apparently Russian destroyer steaming at full speed eastward and immediately pursued but the latter disappeared in the darkness. Continuing the search until the next morning they found that the Russian destroyer had fled to Chefoo. They remained outside the territorial water until midnight, vainly expecting the Russian destroyer's coming out, and then entered Chefoo and found that the enemy's destroyer was the Reshitinul and that there was no sign of her being dismantled. Accordingly Lieutenant Terashima was sent to offer the Russian commander the alternative, either to leave the port before dawn or to surrender. The latter accepted neither proposition and while discussing the proceedings he ordered his men to destroy the machinery of the vessel and set fire to the vessel. Then, taking Lieut. Terashima in his arms, he jumped overboard. Another Russian also jumped into the sea with the Japanese interpreter. Then other Russians commenced hostilities and meanwhile the magazine of the Russian destroyer exploded, causing casualties among our men. Thereupon the Reshitinul was captured and towed out to sea. Our casualties were one killed and fourteen wounded.

THE GREAT ASSAULT COMING.

Associated Press, Morning Service. TOKYO, August 14.—The Emperor has been notified by Marshal Oyama that it is desired to give non-combatants a chance to leave Port Arthur. This is taken as a sign that a general assault is imminent.

LIAOYANG, August 15.—

Twelve Japanese regiments have left in the direction of Port Arthur. The Mikado has ordered the taking of that fortress. This necessitates the suspension of operations in Manchuria.

THE ATTACK HAS BEGUN.

CHEFOO, August 15.—Reliable information has been received that a general attack on Port Arthur has begun.

ADMITS DESPERATE SITUATION.

ST. PETERSBURG, August 15.—The Port Arthur situation is regarded as desperate. The Persian frontier is closed on account of cholera.

GREAT BRITAIN GETS AN ISLAND.

Associated Press, Morning Service. KINGSTON, August 14.—Great Britain has annexed Bird's Island.

Bird's Island is a very small dot in the Caribbean Sea. It is about 150 miles northwest of the island of Martinique and about 250 miles southeast of Porto Rico. It could be used as a coaling station for naval operations against Venezuela or Panama or islands belonging to various governments in the southern portion of the West Indies.

PARAGUAYAN REVOLUTIONISTS.

Associated Press, Morning Service. BUENOS AYRES, August 14.—The revolutionists are approaching Asuncion.

DROWNED IN THE POTOMAC.

Associated Press, Morning Service. WASHINGTON, August 14.—A launch capsized in the Potomac river yesterday and ten persons were drowned.

MRS. MAYBRICK LEAVES FRANCE

Associated Press, Morning Service. ROUEN, August 14.—Mrs. Florence Maybrick has left here, presumably for America.

RUSSIANS IN NEUTRAL PORTS.

Associated Press, Morning Service. TSINGCHOW, August 15.—The flag has been lowered on the battleship Czaryvitch and three destroyers which took shelter in this port.

Germany ordered the Russian vessels at this port, which sought refuge there after the naval battle off Port Arthur, to leave the port within twenty-four hours. The fact that the vessels did not leave during that time and also that "vessels have lowered their colors" may mean that they have decided to remain there until the close of the war, being dismantled in the meantime.

SHANGHAI, August 15.—

The Russian cruiser Grozovi has been ordered to leave here or disarm. It is expected that the Askold will dock at Woosung.

ALEXIEFF GOES TO VLADIVOSTOK

Associated Press, Morning Service. HARBIN, August 15.—Admiral Alexieff is en route to Vladivostok.

JAPANESE CREW MASSACRED.

These ill-fated Jaanes were probably hunting seals, as evidenced by the large number with one vessel.

CRAW IS GIVEN A BANQUET

FAREWELL DINNER AT SAN FRANCISCO TO THE ENTOMOLOGIST LEAVING FOR HAWAII.

SAN FRANCISCO, August 5.—Alexander Craw, the ex-Deputy Commissioner of Horticulture of California, was the recipient of a handsome tribute from his many friends last night in the shape of a dinner at the Palace Hotel. It was a farewell entertainment at the same time, as tomorrow Mr. Craw will depart on the steamship Alameda for the Hawaiian Islands, where he will occupy a position as Horticultural Commissioner.

In honor of the occasion the conservatory of the Palace, where the feast was served, was profusely decorated with palms and brilliant crimson carnations by C. F. Beiler of the California Promotion Committee. The long table was massed with crimson geraniums, surmounted with tall silver candelabra with red shades. Interspersed here and there were great clusters of grapes, paches, plums, apples and pears.

Lieutenant Governor Alden Anderson presided. Speeches were made by Samuel Brauhart; E. W. Maslin, deputy United States naval officer; Professor E. J. Wickson, R. D. Stephens, A. D. Fryal, Judge S. F. Lieb, C. A. Stephens.

John S. Dore, H. P. Stabler, William Barry, Edward M. Ehrhorn, the newly appointed Horticultural Commissioner, and George B. Katzenstein, manager of the Earl Fruit Company.

The banquet wound up by the entire company joining hands and singing "Auld Lang Syne." After the formal entertainment was over the company gathered about the guest of the evening and wished him goodspeed in the new work he was undertaking. L. A. Thurston of Honolulu was among those present.

HELD FOR MURDER.

HILO, August 11.—Oda Takashira, a Japanese living at Pihonua is held in the jail to answer the charge of murdering one Oda, a fellow countryman employed by Kubo on Front street. The evidence taken before the coroner's jury showed that it was a case somewhat of the nature of the Funakoshi affair. The prisoner plead drunkenness as an excuse for the crime but an eye witness to the crime told a different tale. The stabbing took place on the 2nd inst, and the man died five days later. Prisoner was arraigned on Monday and plead on Tuesday. He will be tried as soon as Judge Gear finishes his calendar.
