NEWS FROM KOHALA. An Accident - Raining all the Time - Society Event. Quite a serious accident occurred at Kohala Plantation on Tuesday, January 27, whereby a Japanese had a leg broken. It is the practice for one man to ride on the brake of each bullock wagon, and in the above case the wagon was upset. The great wonder is that there are so few casualties of the same nature, and in the case mentioned that the man escaped death. Saturday evening, the 7th inst., Messames Wight and Smithies gave a very enjoyable dancing party. The house was very nicely trimmed with flowers and ferns; music good, and everybody agreed that they had a good time. Supper was served at 12, when the dancers began to wend their way homeward, and as some of them lived at quite a long distance, and had to face a tearing wind, accompanied with rain, it was 4 o'clock ere they reached their homes. Owing to the rain during the early part of the evening, quite a number were debarred from going, much to their loss. There were about thirty present; only about half the number that would have gone under more favorable circumstances. Dame Nature seems to be in the "melting" mood. There were twenty-five rainy days during last month, and so far in this month it has rained all the time, night and day. We hope the old lady will exhaust her stock of tears soon, for we can almost see the moss growing on our hair. This is a very damp district even in dry times, so what must it be during a long rainy period! In spite of all the rain, our mill owners are rushing in the cane, through what is gleaned from foreign papers, they are more scared than hurt in regard to the McKinley bill. Mr. Gillespie has severed his connection, as he has with the N. Quad, with the N. Quad. James Bryant, brother to Howard and Gerald Bryant, a quite recent importation from "Merrie" England, succeeds to the position. While we are glad to extend the hand of welcome to Mr. Bryant, still we are sorry to lose Mr. Gillespie. We wish him a bon voyage and all manner of success in his new field of operations. N. Quad. Kohala, Hawaii, Feb. 5, 1891.
