WHAT IS THIS DISEASE THAT IS COMING UPON US?

Like a thief at night it steals in upon us unawares. Many persons have pains about the chest and sides, and sometimes in the back. They feel dull and sleepy; the mouth has a bad taste, especially in the morning. A sort of sticky slime collects about the teeth. The appetite is poor. There is a feeling like a heavy load on the stomach; sometimes a faint all-gone sensation at the pit of the stomach which food does not satisfy. The eyes are sunken, the hands and feet become cold and clammy. After a while a cough sets in at first dry, but after a few months it is attended with a greenish coloured expectoration. The afflicted one feels tired all the while, and sleep does not seem to afford any rest. After a time he becomes nervous, irritable, and gloomy, and has evil forebodings. There is a giddiness, a sort of whirling sensation in the head when rising up suddenly. The bowels become costive; the skin is dry and hot at times; the blood becomes thick and stagnant; the whites of the eyes become tinged with yellow, the urine is scanty and high-coloured, depositing a sediment after standing. There is frequently a spitting up of the food, sometimes with a sour taste, and sometimes with a sweetish taste; this is frequently attended with palpitation of the heart; the vision becomes impaired with spots before the eyes; there is a feeling of great prostration and weakness. All of these symptoms are in turn present. It is thought that nearly one-third of our population has this disease in some of its varied forms. It has been found that medical men have mistaken the nature of this disease. Some have treated it for a liver complaint, others for kidney disease, etc., but none of the various kinds of treatment have been attended with success, because the remedy should be such as to act harmoniously upon each one of these organs, and upon the stomach as well; for in Dyspepsia (for this is really what the disease is) all of these organs partake of this disease and require a remedy that will act upon all at the same time. Seigel's Curative Syrup acts like a charm in this class of complaints, giving almost immediate relief. The following letters from chemists of standing in the community where they live show in what estimation the article is held.

John Archer, Harthill, near Sheffield:—I can confidently recommend it to all who may be suffering from liver or stomach complaints, having the testimony of my customers, who have derived great benefit from the Syrup and Pills. The sale is increasing wonderfully.

Geo. A. Webb, 341, York Street, Belfast:—I have sold a large quantity, and the parties have testified to its being what you represent it.

J. S. Metcalfe, 55, Highgate, Kendal:—I have always great pleasure in recommending the Curative Syrup, for I have never known a case in which it has not relieved or cured, and I have sold many grosses.

Robt. G. Gould, 27, High Street, Andover:—I have always take a great interest in your medicines and I have recommended them as I have found numerous cases of cure from their use. Thomas Chapman, West Auckland:—I find that the trade steadily increases. I sell more of your medicines than any other kind.

Frickheim, Arbroath, Forfarshire, Sept. 23, 1882. Dear Sir,—Last year I sent you a letter recommending Mother Seigel's Syrup. I have very much pleasure in still bearing testimony to the very satisfactory results of the famed Syrup and Pills. Most patent medicines die out with me, but Mother Seigel's has had a steady sale ever since I commenced, and is still in as great demand as when I first began to sell the medicine. The cures which have come under my notice are chiefly those of liver complaint and general debility.

N. Harroll, Clun, Salop:—All who buy it are pleased, and recommend it. Jos. Balkwill, A. P. S., Kingsbridge:—The public seem to appreciate their great value.

A. Armstead, Market Street, Dalton-in-Furness:—It is needless for me to say that your valuable medicines have great sale in this district—greater than any other I know of, giving great satisfaction.

Robt. Laine, Melksham:—I can well recommend the Curative Syrup from having proved its efficacy for indigestion myself.

A certain minister in my neighbourhood says it is the only thing which has benefited him and restored him to his normal condition of health after being unable to preach for a considerable length of time. I could mention also a great many other cases, but space would not allow. A near friend of mine, who is very much addicted to costiveness, or constipation, finds that Mother Seigel's Pills are the only pills which suit his complaint. All other pills cause a reaction which is very annoying. Mother Seigel's Pills do not leave a bad after-effect. I have much pleasure in commending again to suffering humanity Mother Seigel's medicines, which are no sham. If this letter is of any service you can publish it.

Yours very truly,
(Signed) William S. Glass, Chemist.
A. J. White, Esq.

15th August, 1883.
Dear Sir,—I write to tell you that Mr. Henry Hillier, of Yatesbury, Wilts, informs me that he suffered from a severe form of indigestion for upwards of four years, and took no end of doctor's medicine without the slightest benefit, and declares Mother Seigel's Syrup which he got from me has saved his life.

Yours truly,
(Signed) N. Webb,
r. White, Chemist, Calne.

"THE PEOPLE'S BANK."

The project of a popular bank in Honolulu has revived after having apparently slept for some time. Its promoters intend calling a meeting at an early day, when the public will be taken into their full confidence. Half a million dollars is mentioned as the capital of the institution, which it is hoped will all be subscribed here. If not, there is little doubt felt that the required amount will be readily obtainable in Great Britain, by a member of a large firm there who has heavy business interests here. As the trade of the Kingdom has about trebled within the past three years, it is considered there is room for another banking house. It certainly does not look as if financial despondency had seized the community, when many of its leading capitalists are ready, as is the case, to embark in an enterprise of so great financial responsibility. Although under no outside restraint, we prefer not to mention names, but when revealed the public will find in the names of the promoters of the bank the highest guarantee of financial capacity and good faith.

"GRASPING THE SITUATION."

The action of Mr. Spreckels, in taking silver in payment for exchange at about 1 1/2 percent less than gold, is undoubtedly an act of relief in the present unhappy condition of the currency; but we are puzzled to know how the Hawaiian can describe this as by any means "grasping the situation." The situation was grasped a year ago, when the Chamber of Commerce stated to the Ministry that the only safe course was to limit the importation of silver to the local requirements of the Kingdom. That statement was unfortunately disregarded, and we have now a disarrangement of the currency which nothing will cure except withdrawal of the surplus silver from circulation.

It is a relief that the Treasury will accept the uncurrent coins at par, and that Messrs. Irwin & Co. will accept them at 98 1/2 cents; but this does not get rid of the danger that has so long threatened us. It is a serious matter to declare the silver depreciated, whether to 80 cents or to 98 1/2 cents, and the Chamber of Commerce showed their appreciation of this danger by using every means in their power to avoid it. The step has now been taken and silver is at 1 1/2 percent discount. It cannot go below 20 percent discount, but the discount is no longer a question of principle but of degree. This point in the situation has evidently not been grasped by the *Daily Hawaiian*.

EDITORIAL NOTES.

Another letter on the subject of a debating society makes the good point that it would be a means for facilitating the use of English by persons of other tongues.

There is more truth than poetry in the *Advertiser's* belief that much school time is wasted because some children are not taught obedience and deportment at home.

An article reprinted from the *Inland Architect* shows how people waste money when they think they

are saving it, by making cheapness the main object in house building.

A terrific row is going on between two planters in the columns of the *Advertiser*. The peace-loving editors sit upon 'some high cliff superior and enjoy the unsacchariferous war.'

Containers for house refuse are sometimes left to encumber and disfigure the sidewalk for hours after being emptied by the scavengers. This is a most untidy practice, and the police should be severe toward it.

There is no lack of annuals here, any more than of more frequent periodicals. The latest out is, "The Honolulu Almanac and Directory, 1885," issued from the *Advertiser* office. It has 110 pages of reading matter, besides many pages of advertisements. A very full court and official directory is given, and trade statistics are brought up to the close of last year. A good thing in the calendar pages is the substitution of stale universal chronology, in large part, with interesting Hawaiian events. The literary department comprises a biographical sketch of the King; a retrospect of 1884; the Volcanic Problem, by W. L. Green, and a description of the valleys of Waipio and Waimanu. The work is neatly gotten up and well printed, although deficient proof reading causes some blemishes.

"CHEAP" BUILDING MATERIAL.

In no field of commerce is the rule of "cheap" prices, "cheap goods" so generally true as in the purchasing of building material; and because of this, property that should remain substantial and unimpaired for many years rapidly depreciates because the owner at the start sought to cheapen his building by giving a low price and expecting to obtain good work and good material. The owner has probably been educated to this by first buying his lot.

He finds that real estate in a certain neighborhood is of a certain supposed value, that value being the price paid in the more recent purchases, and if he succeeds in obtaining his ground for a less figure he has made a good bargain, and his ground is worth just as much as though he had paid a larger sum. He goes to his architect and tries to secure "cheap" professional services. Such can be had, but he has now entered a field where values are unchangeable. It is impossible to get good services cheap, but he does not know it, or willfully closes his eyes to the fact, and the result is the business man who would not dream of submitting an important law case to a "cheap" lawyer, or trusting himself in the hands of a "cheap" physician, will consider the less he pays his architect the better off he is. He insists upon "cheap" contracts, and perhaps the contractors, after figuring upon the lowest "living" basis, are requested to re-figure, and the result is a lot of contracts let for less than cost, and a building that is "skimped" in every place it is possible, and in the end the owner receives a building that in a few years will be practically worthless. It seems to us that architects can do much to regulate all this by educating the building public. They should deal with none but reliable contractors, and feel perfectly free to give a contract to the most capable builder, instead of the lowest bidder, where the circumstances warrant it. This is a professional question that should receive the early attention of architects.—*Inland Architect*.

MUSICAL NOTES.

Dr. Sigmund Lebert, co-founder of the Stuttgart Conservatoire, is dead.

Mr. Julius Bauer, the well-known Chicago piano manufacturer and dealer, is dead.

Sir Arthur Sullivan has been appointed director of the London Philharmonic Society.

Mr. W. S. Gilbert and Sir Arthur Sullivan will soon bring out a new operetta, which will illustrate Japanese life.

"To know if a kingdom be well governed and if the customs of the inhabitants be bad or good, examine the musical taste which prevails therein."—*Confucius*.

Pupils, often finding that the study of music is not a path strewn with roses, but one of very hard work,

sink into lazy and makeshift ways of skimming through their lessons, and in the end are dissatisfied with themselves, when, as they have never acquired the habit of systematic practicing, it is too late to remedy the matter.

A new system of church music consisting of a simple air for the congregation, and at the same time elaborate harmonies for the choir, intended to solve the difficulty of combining artistic and at the same time congregational music, is to be introduced in London, Eng.

Writers for some of the leading English musical papers—notably the *Standard*—are at present exercising their gifts upon organ voluntaries in general and postludes in particular. Some condemn the whole in sweeping and often severe terms, while others champion the cause with equal zeal.

In accordance with a wish, first expressed by deceased just before the battle of Shiloh, the body of Colonel H. Perry Brewster, late State Commissioner of Insurance in Texas, was buried at sea off Galveston, at the place where the steamer Waco was burned nine years ago.

Earthquake rumblings continue in Spain. By official records the number killed in Granada was 695, and injured 1,480.

THE Daily Hawaiian is in error in stating that the next Australian steamer from San Francisco will leave about the 20th of February. She is advertised by the agents to reach here on or about the 21st, so that she would have to leave San Francisco two days before the Alameda's date, the 16th. The only hope for Mr. Sala's spending any time here, lies in his willingness to stop over a month, or postpone his departure from San Francisco until the Oceanic Co.'s steamer of March 2nd, and leave here by the P. M. S. S. due here March 21st.

WE stated a few days ago that Mr. Kidwell, of the Honolulu Nursery, had imported several thousand grape cuttings. They are for sale, and embrace about twenty choice varieties including, among others, Moscatel, Black Hamburg, Victoria, Hamburg, Seedless Sultana, and Gros Calmar. Persons desirous of procuring some of these cuttings would do well to give Mr. Kidwell an early call, for the two reasons that the supply will not last long and the sooner they are planted the more likely they are to take root and grow.

THE Supreme Court has rendered a decision in the cases of H. N. Kahulu, District Judge of Ewa, J. H. Berenaba and J. W. Keliikoa, charged with malpractice. With regard to Kahulu, the Court severely censured him, finding he had been guilty of gross misconduct in office. His commission has only two months more to run, and it is left to the discretion of the Governor whether he shall renew it. Berenaba is suspended for three months. It appears he made an open confession to certain irregularities, and so was let off easy. This is the second time he has been suspended. Keliikoa's commission has been cancelled, and he has to return the money he obtained falsely.

NOTICE.

Having leased the TRAINING STABLES from H. J. Agnew, at Kapiolani Park, I am now prepared to take horses to train, and prepare them for the coming Fair on the 11th of June next. Breaking and Educating Young Horses a specialty.

It is a point of importance to all owners of fine young colts not to have them jammed or hammered over the hard roads, and to get them properly handled for the first lessons are the ones that make the horse.

Also in connection with my Training Stables, I will serve a certain number of choice mares with my Young Hawaiian Stallion "APTOS" (HELF). He was sired by Electioneer, owned by Gov. Stanford. The sire of Electioneer was Standeeke's Hambletonian. The dam of Aptos Chief was sired by Speculation; he by Ri-deke's Hambletonian—so it will be seen that Aptos is an in-bred of Hambletonian.

Terms for service of Aptos Chief, \$50 for the season, payable at the time of service; and all mares failing to be with foal will have the service of the horse the next season free of charge. HENRY KEITH, Kapiolani Park, Jan. 22, 1885. 925 6m

The American Ambassador at Vienna, Mr. Kasson, has lately forwarded to his Government an interesting account of a remarkable surgical operation lately performed by Professor Billroth.

St. Mary-street, Peterborough,

November, 29th, 1881. Sir,—It gives me great pleasure to inform you of the benefit I have received from Seigel's Syrup.

I am, Sir, yours truly, Mr. A. J. White. William Brent.

September 8th, 1883.

Dear Sir,—I find the sale of Seigel's Syrup steadily increasing. All who have tried it speak very highly of its medicinal virtues.

Seigel's Operating Pills are the best family physic that has ever been discovered. They cleanse the bowels from all irritating substances.

Spanish Town, Jamaica, West Indies, Oct. 24, 1882.

Dear Sir,—I write to inform you that I have derived great benefit from "Seigel's Syrup." For some years I have suffered from liver complaint.

as a boon and a blessing to men" and I have no reason to doubt the truthfulness of the statement. I can truly say, however, that Seigel's Syrup has come as a "boon and a blessing" to me.

I am dear Sir, Yours ever gratefully, (Signed) Carey B. Berry, A. J. White, Esq., Baptist Missionary.

Preston, Sept. 21st, 1883.

My Dear Sir,—Your Syrup and Pills are still very popular with my customers, many saying they are the best family medicines possible.

The other day a customer came for two bottles of Syrup and said "Mother Seigel" had saved the life of his wife, and he added, "one of these bottles I am sending fifteen miles away to a friend who is very ill. I have much faith in it."

I am, dear Sir, yours faithfully, (Signed) W. Bowker. To A. J. White, Esq.,

Hensingham, Whitehaven, Oct. 16, 1882.

Mr. A. J. White.—Dear Sir,—I was for some time afflicted with piles, and was advised to give Mother Seigel's Syrup a trial, which I did. I am now happy to state that it has restored me to complete health.
