## UNION AGAINST SKIPPERS

### BUSINESS PILING UP FOR JUDGE ESTEE.

#### Captains Charge That Paid Union Runners Work Up Cases Against Them. Ten Warrants Yesterday.

United States Marshal Ray's office is quite a resort for seamen, especially disabled ones. Since the conviction of Captain Sodergren and his two mates, sailors with grievances have made daily visits to the office. Ray enjoys a sort of daily panorama of bugged-up visages. Deputy Handy says he is beginning to dream of marlin spikes and belaying pins. The last lot visited the office this morning, one of them wearing a huge white bandage around his head. The men varied the occasion by nearly getting into a fight in the Marshal's office. They were from the ship Emily Reed, and had more details to give of the stories of cruelty on the vessel.

Among the skippers it is claimed that there is a regular, organized captain-baiting business in Honolulu. It is the work of the Coast Seamen's Union, say the masters. The Union had practical control of the front here for some time, and it "has it in" for most of the skippers who come here from Newcastles. The latter have non-union men and nine times out of ten, when they arrive here, they quickly announce their intention to take non-union men away.

"Something will have to be done to stop this business in Honolulu," said Captain Wallace of the Sea King, after he had been held to appear before a jury just because he did not stop a fight in which he admittedly took no part. "These arrests are all the work of men sent down here from San Francisco, and paid by the union to get captains into trouble. It is getting so that an American captain cannot be master of his own ship, but has to take orders from the folk's."

This is the claim made by Sodergren and others, that the union runners here get hold of seamen and put them up to getting the warrants. The cases are all the same,—there are three or four seamen with a terrible table of cruelty, and the captain, two mates, the carpenter, cabin boy and sometimes the cook, with an entirely different story. The juries puzzle over the mixture of truth and rank perjury, and make a decision. The result promises to fill Oahu jail with the ship's officers. There are a number of mates over there now and Captain Sodergren has a six months' job on the reef coming. If an appeal does not clear him.

Ten United States warrants were issued and served yesterday in Ray's office, seven of the men arrested being sailors or ship's officers. Captain George A. Baker, First Mate A. Kerr and Second Mate Charles McDonald of the Emily Reed were charged with assault and battery on the high sea, the warrants being sworn to by three sailors. The defendants put up \$1,000 bonds each, and will be heard on Thursday.

Four sailors from the bark C. D. Bryant were arrested for deserting the vessel at the time of the fire Sunday morning. They will be tried under a law United States statute covering such cases.

The other three warrants were for Chinese unlawfully in the territory. This morning the case of Cut Yung came up in court, but Judge Estee had no interpreter, and was compelled to adjourn till 4 o'clock this afternoon, by which time an interpreter from Quarantine Island will be secured. Cut Yung like Ah See, claims that she was born in Hawaii and that her father was a citizen. As an additional reason why she should be allowed to land, she claims to be the wife of a merchant in Honolulu.

## MR. DAVIS WAS REMOVED

### WAS IN CONTEMPT OF THE SUPREME COURT.

#### Justice Was Mild However, and He was Only Taken Out of Hearing—Wants Damages Now.

Attorney George A. Davis went up against the Supreme Court last Saturday morning and after a brief bout with Justice Frear, he was escorted from the court room by Deputy Sheriff McGurn, at the order of the court. The trouble was over placing the Kamame case on the calendar, a matter which has been before the court for some time.

One of the rules of the Supreme Court is that cases shall not be placed on its calendar until the records from the Circuit Court have been completed, and another is that attorneys shall give counsel who are interested notice before moving to place any case on the calendar. Two weeks ago, the case was stricken of the calendar because the record was not complete, and Davis began work to get it back.

The first time he moved replacing the case it was on the ground that counsel had been heard, but afterwards some of them objected, as it is said they were not consulted. On Saturday, after due notice had been given, the case was replaced on the calendar. Davis wanted heard at once. It was decided that it should be heard during vacation some time, after thirty days, and the court proposed a stipulation between the attorneys on the matter of a date.

Ballou drew up a stipulation and offered it, and then Davis turned round. He remarked that he was not going to let anyone run his case, and he wanted such an important matter heard at once.

"Sit down, Mr. Davis," said the soft tones of Chief Justice Frear, and Davis sat, but only to rise again.

The attorney began further objections to the court's order in the case, and there came another order to sit down. This time Davis did not sit, but wanted to know "what for." He continued to talk after several orders to sit down had come from the bench.

"Mr. bailiff, please remove Mr. Davis from the courtroom," said the chief justice. Mr. McGurn escorted the lawyer into the hallway. Davis took a walk round the building and a few moments later re-entered the court from another side and took a seat. There was further plitika and court soon adjourned.

The Kamame case is on the calendar and will be heard after thirty days, on a day to be agreed to by counsel, and Davis escaped a contempt sentence of the First Circuit brand, the Supreme Court appearing to be of mild disposition in such matters.

The result of the proceeding was a suit filed in the United States district court yesterday afternoon, charging Chief Justice Frear with assault and battery on Davis, alleging that Frear had caused him to be imprisoned without authority, and asking for \$50,000 damages.

In describing the injuries and their circumstances for which Davis wants so much money he says:

## ADDRESSES THE TEACHERS

### EXAMINER SERVEN TALKS OF CIVIL SERVICE.

#### Normal School Listens to Interesting Lecture This Morning—History and Objects of Civil Service.

A most interesting program was given at the session of the Normal school in the Fort street school building this morning, when A. Ralph Serven, examiner for the civil service of the United States addressed the teachers of the city—and a number from the country—on the subject of his important work. Although Mr. Serven spoke without notes or preparation he held his auditors for an hour and fifteen minutes and at the close of this long address there was a round of applause, showing that no word had been lost and that all said had been appreciated.

A. T. Atkinson, superintendent of public instruction, was in charge of the meeting. With him were Mr. Gibson, inspector for Honolulu, and Mr. Burckett, inspector for the Island of Kauai. Mr. Atkinson introduced Mr. Serven, at the same time announcing that civil service examinations were now being held in Honolulu and that the visiting officer would explain to the teachers just what the service was.

Mr. Serven began by saying that there were now in the competitive civil service between ninety and ninety-five thousand persons drawing salaries each year of something like \$10,000,000. Heretofore these appointments had been made from the mainland of the United States. It was now proposed to draw from the new Territory of Hawaii as well for employes and the persons taking examinations here would stand an equal show with others in the States of entering some branch of Uncle Sam's service.

The speaker here spoke at length of what the positions were and of the kind of examinations required. He said that many people had a wrong idea of the examinations. It seemed to be a general impression that man or woman had to be a scientist or an expert to pass the examinations. As a matter of fact, ordinary business fitness, moral character and civility were all that were required. When examinations were held a list was made of the persons passing successfully, according to percentages, the highest going at the top. The appointing officer was obliged under the law to select employes from the largest number on the lists, thus always securing the best material. Each applicant had fourteen appointing officers to whom to apply, or rather by whom to be considered, and was entitled to three refusals from each, which gave the applicant forty-two chances. No applicant, however, ever exhausted more than six or seven chances before receiving an appointment.

Mr. Serven then went into the history of the civil service. Until about 1820 there were few offices to be filled and the best of appointments were made. In 1820, before Jackson's administration the appointive system was introduced into a channel to catch votes, and Jackson inaugurated the principle "to the victors belong the spoils." In 1843 Congress passed a resolution providing that public employes should not be appointed or retained on the basis of their political opinions. During the war the system went by the board.

During Grant's administration the merit system was introduced, and it was considered, and was entitled to three refusals from each, which gave the applicant forty-two chances. No applicant, however, ever exhausted more than six or seven chances before receiving an appointment.

After the shooting of Garfield in 1881 public employes turned to favor the civil service idea, and in January, 1883, the bill putting the present system into operation was passed. Since that time the service has been growing and increasing until it had now reached Hawaii.

Statistics had shown that eighty per cent of the employes of the government had received their appointments through merit in the examinations, but only twenty per cent had been employed through political, social and other pulls. This went to show that the surest way into the government service was through the channel. The speaker urged upon the teachers to so instruct their pupils that they might fit themselves for some branch of the service and that they might successfully pass the examinations and get at the top of the list.

Mr. Serven's address was replete with anecdotes and witticisms that were heartily enjoyed and applauded. At the close of his talk he was given a vote of thanks for the very instructive and interesting address.

### OFFICIALS LEAVE.

Civil Service Commissioner, W. A. Rodenberg and Chief Civil Service Examiner A. R. Severn leave by the Peru, having extended the work of the civil service commission to this territory and held the first civil service examination here. Commissioner Rodenberg delivered the Fourth of July oration at Hilo. He has seen considerable of the territory during his short stay here and doubtless has a clear idea of the needs of the territory. Chief Examiner Severn has also visited the Big Island and has made many friends here.

## INCOMES ARE KEPT SECRET

### TAX COLLECTOR PRATT FILLS RETURNS RECEIVED FROM LOCAL PEOPLE OF LARGE INCOME—THE QUESTION OF THOSE WHO ARE ABSENT.

Income tax returns are being handed in to Tax Collector Pratt quite rapidly and are being filed away in a secret vault. They are treated as confidential and will not be open to inspection by anyone. Some of the returns handed in are very large. "We have received returns from some of the people having the large incomes in the city," said the tax collector this morning.

Several questions have arisen regarding the enforcement of the law. The collector has been asked by many whether the 200 per cent increase as a penalty would be imposed upon persons who are absent from Honolulu during the month of July and therefore not able to make returns, also whether those holding powers of attorney for absentees have the right to make returns. In such cases I think those holding powers of attorney should make returns," said Pratt.

"For those who are away and left no powers of attorney, it would seem that some arrangement should be made to extend the time. It is certainly not just that a man who has had no chance to comply with the law should be assessed a penalty for not doing so. There are probably citizens of the territory who have not been here at all since the law was passed.

"Another question I have been asked is as to the duty of persons who have been here only a part of a year. All such must make returns, if they have received over \$600 since they arrived. The law says nothing about when the money is made except during the year. If a man had been here only a month and had made \$600, he would have to make return to this office.

"The income tax returns are treated as strictly confidential. I think that one of the objections to income tax laws in Honolulu has been the dislike of people to have their affairs made known. Only three men, myself and two deputies, can see anything of the returns, the documents and figures being kept secret even from the office employes here. It may be that the dislikers of the law have been the dislikers of people to have their affairs made known. MERCHANDISE IN BOND.

The treasury department under date of June 13, 1901, has issued the following notice directed to the collector of customs, San Francisco:

Sir: The Department has received your letter of the 3d instant, with which were transmitted the bonds, in duplicate, of the Pacific Mail Steamship Company as a common carrier for the transportation of unappraised merchandise in bond from your port and from the port of Honolulu, Hawaii. The bonds are hereby approved, and copy of that authorizing transportation from your port is inclosed, to be placed upon the files of your office. Copy of the bond covering transportation from Honolulu will be filed in the office of the collector of customs at that port.

Under its bonds, the company named is authorized to transport unappraised merchandise between the ports of San Francisco, Cal., and Honolulu, Hawaii, in steamships or other vessels owned or controlled by said company and plying on the Pacific Ocean.

In all instances where vessels other than those owned by said company are used the same must be distinctly marked "Pacific Mail Steamship Company."

Respectfully, O. L. SPAULDING, Acting Secretary.

ITALIAN SUGAR BOUNTIES.

Secretary of the Treasury, Lyman J. Gage has issued the following: To officers of the customs and others concerned: In view of the information thus far received as to the operation of the law in Italy now in force, concerning the excise on sugar, it appears highly probable that sugars produced in that country receive indirect export bounties as follows:

Sugar below No. 20, Dutch Standard, 5.60 francs per 100 kilograms. Sugar No. 20, Dutch Standard, and above, 6.13 francs per 100 kilograms.

Pending further investigation of the matter, the liquidation of all sugars imported from or produced in Italy shall be suspended, and the duties shall be estimated in amounts sufficient to cover additional duties equal to the above-specified bounties.

ANTI-KISSING HUSBANDS.

Some More Freaks Discovered in Bleeding Kansas.

Thirteen men of Mount Hope, a small town near Wichita, Kansas, are adherents of the belief that men should not kiss women. All of the thirteen are married, and they have just formed a club known as the Mount Hope Married Men's Anti-kissing club.

All the members are quite prominent in business circles of that place, and the organization of the club has been under cover for three weeks, but the secret has finally leaked out. In a statement to reporters President Wilson said:

"All this talk about our wives going to Kansas is a lie because I have pledged not to kiss them, is not of the worst kind. We went into this with the understanding that it was to be carried out as an experiment, and we will stick to it if the women uphold us in it. Of course, every member has taken a pledge not to kiss his wife for one year, but there is a proviso that if we all get tired of the proposition we can disorganize the club and no one will have broken a pledge.

"I have been into it now three weeks, and am perfectly satisfied with the arrangement, as is my wife. I find that kissing is a filthy habit, and without it man can love a great deal more strongly. All of the boys have kept their promises so far, and the prospects are that we will make this club a thing of permanence."

CONSUMPTIVE IMMIGRANTS.

The law preventing immigrants who are afflicted with consumption from landing in the United States will be a hardship to hundreds, but there is no one who will question its justice. This country has been too long the dumping ground of the whole world's sick and penniless. The restrictions touching the arrival of paupers have been enforced with little difficulty. This last bar is more important than any other and it should be maintained. The laws are made for the greatest good of the greatest number.—Milwaukee Sentinel.

Office of CARROLL WHITAKER, Attorney, Hilo, Hawaii, June 7, 1901.

Hilo, Hawaii, June 7, 1901. Dear Sir: In my innocence I purchased here in Hilo a jar of your PIN-MONEY PICKLES (put up by Mrs. E. G. Kidd, Richmond, Va.) It brought me great trouble, and one of three things must occur:

- 1. You must stop making them; or, 2. I must get them at less expense; or 3. I'm a ruined man.

Since my first venture I've had many "jars." My family from early morn cry "Pickles!" neighbors ring the door-bell and shout "Pickles;" relatives visit me in expectation of "Pickles." Your pickles are my Nemesis. Please, Dear Sirs, quote them by the Keg, Barrel, Hoghead, Ton or Shipload, and "preserve" me.

Yours very truly, CARROLL WHITAKER.

PORTO RICANS IN RIOT

GANG OF FIFTY ATTACK SAILOR ON SHIP. Became Angry While Being Served Their Noon Meal—Trouble Averted by Purser Jimenez and Others.

The present crowd of Porto Ricans who were brought by the Colon on the last trip were the most unruly lot that have ever come to these islands.

Yesterday a small sized riot occurred on board the vessel while the crowd was being fed. William McGee one of the cabin boys was engaged in serving the food to the crowd.

Antonea Cruz one of the Porto Ricans swore to a complaint today charging James Oppenheimer another Porto Rican with rape of the 14 year old sister of Cruz.

THE TREASURY DEPARTMENT Makes a Tariff Ruling Following the Recent Supreme Court Decision.

WAS AMERICAN TERRITORY

HAWAII'S POSITION AFTER JULY 1898. The Treasury Department has applied the recent supreme court decision to the matter of freight shipments to Hawaii, during the so-called transition period.

It appears that the merchandise covered by each entry was shipped from the United States before June 14, 1900, the date of the taking effect of the territorial act of April 30, 1900.

"No drawback can, therefore, be allowed in this case. You will be governed accordingly in this and similar cases. Respectfully, "O. L. SPAULDING, "Acting Secretary."

LECTURED THE FATHER. Judge Wilcox Reprimanded Man for Having Son Arrested.

Antone Verrelfa, a little boy about 10 years of age was before Judge Wilcox yesterday to answer to a charge of larceny in the second degree.

"Well before I would make any such admission," remarked Judge Wilcox, "that I would ask somebody to kick me, you ought to have him clear out the wood shed and then go in and interview him for a while. I think it would be a good deal better if you would go home and let your wife wear the trousers for a while." The case was continued for one day.

**A GLANCE FORWARD.**

Every man has a right to his views, and has a right to express them. President David Starr Jordan has views about the annexation of the Islands to the State of California and he gives his reasons for them. He distinctly states that he is not connected with any movement whose aim is such annexation, but that he merely gave his opinion based upon the result of the recent Supreme Court decision and the tone of thought with regard to the Islands which is held by people in the East, with whom President Jordan came in contact.

This is a very different attitude from that of the Humphreys-Fitch conspiracy which was engendered in political combination and was being cradled in personal greed. President Jordan thinks he sees tariff danger ahead through the recent Supreme Court decision. Under that decision he argues that Congress can put a tariff against our sugar and thus paralyze our industry. If we ceased to be a territory and became a county or counties of California, no tariff question could ever arise.

But since the days of the fable people have avoided killing the goose that lays the golden eggs. The customs duties of the Hawaiian Islands are yielding a substantial revenue to the Federal Government, over and above running expenses. As long as prosperity looks upon our main industry the customs duties will look up. Kill our industry and they will go down.

Again President Jordan says we shall be in danger of being forgotten. Interest has centered round the Islands because thousands upon thousands of troops have been passing through our ports. When the troops cease to pass through interest will also cease in the group and will center itself somewhere else. But upon this point distinct issue must be taken with the President. We who believe in the brilliant future of Hawaii, we who have watched its development during the closing third of the last century, believe that this development and this brilliant future have not been dependent upon thousands of troops passing through, or on any ephemeral cause whatever, but is due and will be due to permanent causes, deep rooted, which will have their effect not only here, but throughout the Pacific from its Eastern to its Western coast line.

The future prosperity and greatness of the Islands lies in the development of the commerce of the countries bordering upon this ocean, and events have come about which are bound to stimulate that commerce, till it shall grow in volume beyond the aspirations of the most sanguine.

Unless one has followed the development of Pacific or rather trans-Pacific trade one can hardly realize the extent of it. A third of a century ago there was only one steamer which left the port of San Francisco and plunged boldly into the Pacific. That steamer was the Idaho, she plied between the Islands and the mainland and took from eleven to twelve days to make the voyage. All other steamers went coastwise, either north or south. Gradually the links of commerce have spread out since that day. There are steamers plying to China, steamers plying to the Australian colonies, freight steamers, passenger steamers, a regular fleet, and all find it necessary to call here. Every one leaves its quota of money behind it, every one buys our products or purchases goods we have imported.

If this is so now how much more will it be when we have the cable. No steamer, no sailing vessel could then afford to pass by the central telegraph station of the Pacific. Give us the canal, either Nicaragua or Panama, and these will yet be another impetus given to trade, and another reason for the Islands rising in importance.

No, one cannot think, if one has any faith in the development of the Pacific, that the Islands will be forgotten. As the Pacific trade increases, so will the importance of the Territory of Hawaii increase. When we have the cable, Honolulu will be a daily date line in every paper which publishes commercial or shipping intelligence. Singapore is one of the wealthiest and the busiest ports in the world. These Islands are destined to be the Singapore of the Pacific. And with such a destiny are we going to sink our individuality in a county of California. California is a great State, and is destined to become a greater. Hawaii will become a powerful and wealthy Territory, and may in time become a State in spite of adverse prophecy.

**A LOST AMBITION.**

The deadly parallel, as it is sometimes styled was used by The Star yesterday to compare the interviews with Judge Humphreys as published by the San Francisco Chronicle and the San Francisco Examiner. The former interview the Judge charges as fake, the latter he guarantees correct. But if we look at the two interviews, as they stand side by side there is no such marked difference between them, the sentiments are the same. One has been cut down and concentrated, the other has been amplified to fill more space. They are evidently reports of the views of the same man, written by different hands.

This move on the part of Judge Humphreys to have the Islands tacked on to the State of California comes with special ill grace from him. He has posed as the friend and adviser of the Hawaiian against the wicked Doileites, the so-called missionaries. He has taken an active part in the Home Rule movement though he posed as a Republican. Report after report by Legislative committees came either from his pen or from his dictation. All were for the advancement of the Hawaiian, but at the same time he was scheming and plotting to stab the Hawaiian in the back.

The object of the scheme is plain. It was a development of the idea which once possessed his brain that he would leave the Islands, start as politician in San Francisco, and get elected as congressman from California. That scheme being thrown aside, the scheme to oust Dole and get the governorship was tried and failed. The scheme to be Mayor of Honolulu failed because the municipal bill never materialized. Then came this brilliant idea. Annex the Islands as a county of California and have them return one congressman. Who should be that congressman but Judge Abram Humphreys. From Representative to Senator will be a step that will be natural and then there will be only one step further and the inordinate ambition will be satisfied. But like Shakespeare's "vaulting ambition that o'erleaps itself," the Judge has fallen on the other side. Were he to succeed in his scheme, which there is no likelihood of, he would never get his foot on the first rising of the ladder, for as a popular leader among Hawaiians Judge Humphreys is a dead cock in the pit.

But California will have none of his scheme. Here is what one of the Coast papers has to say on the subject:

"One of the developments of the bitter personal and political quarrel now raging in Honolulu is the movement to annex the Islands to California. Annexation seems to be the fashion these latter years, but we would advise California to leave it to Uncle Sam. Upon his capacious bosom let both missionary and Kanaka weep. Uncle Sam has so many race troubles in various parts of his dominions that this little one surely can not worry him much. But mixed with California's politics, Hawaii's troubles would burn like a mustard-plaster. This is a small community, and that is a still smaller one. We in California had trouble in settling the Chinese question, and now the Eastern States are trying to unsettle it again. If we annex Hawaii, we would have our Chinese question, their Chinese question, their Kanaka question, their missionary question, their Portuguese question, their Porto Rico question, and their leper question. California has troubles of her own. Among others, she has her newspapers.

"In a small way, the experience of California with Hawaii would be like that of Uncle Sam with his new island possessions. During the last three years, practically the entire time of the President of the United States, of Congress, and of most of the departments of the United States Government has been taken up with these mongrel islands. Leaving aside the question of what they cost us, they have taken up so much executive and legislative time that our own rivers and harbors, revenue laws, postoffice routes, rural deliveries, postoffice buildings, custom-house buildings—in short, all manner of things that we need—have been neglected. Were we to annex Hawaii, this interesting group of volcanic pustules would take up the entire time of our legislature, to the exclusion of our own affairs. It would give us one more congressional district, it is true, but inasmuch as the seven congressmen we now possess fail utterly to get a fair amount of federal money back in domestic improvements in return for the good money that California pays into the federal treasury for improving Pearl Harbor, Oahu, and dredging Manila Bay, P. I.—considering all these facts we think California had better struggle along without the additional congressional district and without Hawaii."

The Chinese cases now before the Federal Court are of great importance to some couple of hundred or so of that nationality who have trusted to the efficacy of return certificates issued by the collector of the port. The Chinese question will become a burning one in Congress, where the exclusion act will be vigorously fought on both sides.

The rumor monger is perpetually busy. One would like to know who the monumental liar could have been who informed Doctor Carmichael in San Francisco that the day the China left Honolulu six Caucasian persons had died of plague. The wonder is when such people get the basis for their embroidery, or do they lie purely and simply from an invincible love of lying. Who can tell? The Hawaiian Islands have been peculiarly open to such outrageous statements as these.

President Jordan is making headway with our fish, and a complete list of Hawaiian fishes may be looked for as the result of his labors and those of his colleagues. There have been several incomplete lists of fish published, but they have been without scientific classification or complete description. Scott Wilson, exhausted the birds of the Islands, R. C. L. Perkins has classified and described the insects, and now we shall have Jordan's fishes. Hillebrand still remains the standard authority upon the flora, but something more might be done in that line.

Over \$2,000,000 are to be distributed among the lawyers in the contest over the Fair property. The old saying of the lawyers getting the oyster and the litigants getting a shell apiece was not so very far out after all. But there is a better story than that. Someone employed a lawyer to collect a debt of eighteen dollars. It was duly collected and when the lawyer informed his client of the fact, he also informed him that he had kept the money on account and would be obliged for the balance of seventeen dollars at his earliest convenience, as his own bill amounted to thirty-five dollars.

## BOYD RECALLS OLD TIMES

### CLEGHORN'S WAIKIKI PLACE IN 1875.

King Kalakaua Remarked That Cleg-  
horn Was Owner—Circuit Court Term  
is Again Extended.

"Jimmie" Boyd, Superintendent of  
Public Works, was on the witness stand  
in Judge Gear's court, this morning in  
the case of the Kapiolani Estate  
against A. S. Cleghorn, an ejectment  
suit which is making a record for vol-  
ume of testimony. Boyd was wanted  
by Attorney Robertson for the defense,  
to tell what he knew about Cleghorn's  
ownership of his Waikiki place, in the  
year 1875.  
Boyd testified that he understood that  
Cleghorn was the owner of the place in  
1875 and that Cleghorn occupied and  
controlled the premises at that time.  
The Superintendent had a very good  
memory, for he recalled many details  
of events 25 years ago. He remembered  
that the Princess Ruth went to  
bathe at the Cleghorn place and told  
of seeing Princess Kaiulani there.  
Both the princesses used to bathe at  
Cleghorn's place, and one of the pieces  
of land under dispute, was long known  
by the name of "Kaiulani's Bath  
House."

In 1875, Boyd said, King Kalakaua  
had told him that the property belonged  
to Cleghorn. The defense was seeking  
to show that Cleghorn owned the prop-  
erty by title of occupancy, and Boyd's  
testimony proved very strong. Attor-  
ney E. B. McClanahan subjected him  
to long cross-examination, and the case  
was enlivened by some lively tilts.  
Mrs. Pauahi, C. W. Booth and Henry  
Macfarlane were also called to testify  
to their recollection of the ownership  
of the disputed land. Mrs. Pauahi, tes-  
tified to a conversation she had with  
the Queen Dowager Kapiolani, in 1875,  
on the subject of the ownership of the  
land.  
The last witness called was Ex-Gov-  
ernor Cleghorn, who is now testifying.  
The long case is now nearing a close,  
and will soon go to the jury.  
Judge Gear yesterday issued an order  
extending the term twelve days more  
after the 16th of this month.  
Proceedings have been begun in the  
Supreme Court to save the neck of  
murderer Fujimura, by mandamus  
against Judge Little. It is claimed that  
the judge refused to give Attorney Bit-  
ting, for the defendant, time to pre-  
pare an appeal and refused to hear  
counsel in court.  
In the case of Kakekukaulani and  
Kui against J. A. Magoon and others,  
the answer of the defendants J. O. Car-  
ter, W. E. Allen, S. M. Damon, W. O.  
Smith and A. W. Carter, trustees of the  
Bishop estate, has been filed. It sets  
forth that they transferred to Magoon  
the \$400 mortgage which the plaintiffs  
asked to have cancelled, Magoon pay-  
ing them the amount.

## STILL ON SALARIES BILL

### CONFERENCE COMMITTEE HARD AT IT TODAY.

Economists of the House Come For-  
ward and Get in a Few Cuts—No  
Adjournment Tomorrow.

The joint committee of the Legisla-  
ture met in the Senate chamber at 10  
o'clock this morning, but did no busi-  
ness for nearly three quarters of an  
hour on account of the absence of Cecil  
Brown and Representative Beckley.  
Chairman Baldwin wanted to wait un-  
til all were present, but finally at 9:45  
consented to allow business to go on.  
Senator White moved to reconsider  
the item of assistant hack inspector in  
order to raise the salary of the office  
from \$1,800 to \$2,400 for the period, but  
the motion failed.  
When the items in the salaries bill,  
which began with the last office, pro-  
ceeded through the agricultural bureau  
and other offices, it developed that  
House members had formed a confeder-  
acy with a determination to pass  
items as in the House bill. The result  
was that many of the items passed in  
the House bill, or reduced from the  
Senate figures.  
There is no longer any prospect of  
adjourning tomorrow. It was the in-  
tention of both Senate and House mem-  
bers to finish all the bills in commit-  
tee today, pass them on final reading  
tomorrow and then adjourn sine die.  
The waste of time in committee yester-  
day afternoon and this morning has  
made that impossible. Only the salar-  
ies bill has been acted upon. Another  
day, or probably two days, will be nec-  
essary on the appropriation bill. It will  
therefore be the last of the week before  
anything like adjournment can be car-  
ried out.

## CHINESE WASHMEN STRIKE

### CAUSE TWO RIOTS OVER THE TROUBLE.

Police Station Besieged by Several  
Hundred Who Demanded They be  
Arrested With Others Already in Jail.

If the thousands of people in Hono-  
lulu who have their clothes washed at  
Chinese laundries do not have to so  
"shy" their washing this week it will  
be through the fault of the several  
hundred striking laundrymen. The big-  
gest strike of laundrymen which has  
occurred for a long time is now in pro-  
gress and unless the situation can be  
amicably and speedily settled washing  
will have to be done at home.  
As the result of this strike two good  
sized riots occurred yesterday and five  
Chinese had to be taken into custody.  
They were arraigned before Judge Wil-  
cox this morning but as both the prose-  
cution and defence had engaged special  
counsel the cases were continued until  
Thursday morning.  
Some weeks ago the Chinese went on  
a strike and demanded an increase in  
pay. This was granted by many of the  
bosses, with the addition of shorter  
hours. Among those who did not accede  
to the demands was Kong Leong who  
has several wash houses at the Iwilei  
district. He employed a number of  
non-union washmen at his place. A  
number of times he received visits from  
his countrymen who warned him to dis-  
charge his non-union men and take  
back the other men at the increase de-  
manded. He refused to accede to these  
demands. He would run his business  
as he saw fit, he declared.  
The obstinate stand Kong took

against them angered the other Chi-  
nese and yesterday, shortly after noon,  
a big crowd gathered about his place.  
When he went outside to turn on the  
hot water and steam pipes he was at-  
tacked. His assailants gave him a se-  
vere beating. They invaded his wash  
houses and wrecked considerable of the  
furniture. The police were telephoned  
for and Deputy Sheriff Chillingworth  
and a posse went out to the scene of  
the trouble. They dispersed the crowd  
for a time.  
Kong went down to the police sta-  
tion and got a warrant for the arrest  
of five other Chinese who had attacked  
him and several of his employees. When  
these men were taken into custody by  
the police the Chinese to the number  
of 300, followed the carriage down to  
the police station demanding that the  
prisoners be released. This the police  
refused whereupon the union to a unit  
insisted that they all be incarcerated.  
The police were unable to accommo-  
date such a crowd and the matter was un-  
satisfactorily compromised by the union  
bailment of the five defendants.  
A meeting of the See Yip company  
was held last night and a committee  
appointed to try and arrange terms  
about the strike. Further trouble won't  
have occurred in Chinatown last night  
had not Deputy Sheriff Chillingworth  
and officers been on duty there until an  
early hour this morning. At the present  
time the strike appears to be quite  
general about the city.

## PEANUTS AND WATERMELONS.

### Successful Crops at the California Colony at Wahiawa.

T. L. Holloway of the California Col-  
ony at Wahiawa has just brought to  
Honolulu the first of his crop of pea-  
nuts and watermelons. The peanuts  
are a part of the first crop grown on  
the colony lands and give promise that  
this may be a successful staple for cultiva-  
tion. The Japanese beetle attacked the  
vines and did some damage but it is  
believed that the crop can be planted  
a little earlier so that it will mature  
before the beetles become destructive.  
Some of Mr. Holloway's watermelons  
weighed from twenty-six to thirty  
pounds each. They have grown wholly  
without irrigation and are said to be  
usually sweet and rich flavored. Mr.  
Holloway had no difficulty in making  
arrangements for the sale of his crop.  
He has fifteen acres of land in water-  
melons, and there is about ten acres  
more in watermelons on the colony  
lands.

## PIVER CASE CONTINUED.

The case against George Roentz  
Burnhard Bruhn, Emil Tschumi and  
Max Gusefeldt charged with assault  
and battery on John Piver was con-  
tinued from this morning until 1:30 this  
afternoon by Judge Wbeox.

## TRANS-PACIFIC LINE.

YOKOHAMA, June 27.—It is stated  
that the China Mutual Steam Naviga-  
tion Company have decided to extend  
their line from Yokohama to Seattle.  
The Company are considering the ad-  
visability of establishing a line of  
coastwise steamers between Calcutta  
and Singapore, and between Yokohama,  
Vladivostok, Port Arthur, and Philip-  
pine ports, to act as feeders for the  
main line.

## THE BRIGHT SIDE OF LIFE.

It is a feeling common to the  
majority of us that we do not  
get quite the amount of happi-  
ness we are entitled to. Among  
the countless things which tend  
to make us more or less mis-  
erable ill health takes first place.  
Hannah More said that sin was  
generally to be attributed to  
biliousness. No doubt a crippled  
liver with the resulting impure  
blood, is the cause of more men-  
tal gloom than any other single  
thing. A chronic dyspeptic, says  
an eminent English physician, is  
always on the verge of a mental  
upset. And who can reckon up  
the fearful aggregate of pain,  
loss and fear arising from the  
many ailments and diseases  
which are familiar to mankind.  
Like a vast cloud it hangs over  
a multitude no one can number.  
You can see these people every-  
where. For their life can scarce-  
ly be said to have any "bright  
side" at all. Hence the eager-  
ness with which they search for  
relief and cure. Remedies like  
WAMPOLE'S PREPARATION

have not attained their high po-  
sition in the confidence of the  
people by bald assertions and  
boasting advertisements. They  
are obliged to win it by doing ac-  
tually what is claimed for them.  
That this remedy deserves its  
reputation is conceded. It is  
palatable as honey and contains  
the nutritive and curative prop-  
erties of Pure Cod Liver Oil,  
combined with the Compound  
Syrup of Hypophosphites, Ex-  
tracts of Malt and Wild Cherry.  
Nothing has such a record of  
success in Fevers, Rheumatism,  
Scrofula, Influenza, Throat and  
Lung Troubles, and all emaci-  
ating complaints and disorders,  
that tend to undermine the  
foundations of strength and vi-  
gor. Its use helps to show  
life's brighter side. Effective  
from the first dose. You  
cannot be disappointed in it.  
Sold by chemists everywhere.

All Run Down

No Appetite, Weak, Discouraged.

Warm climates always debilitate the nervous system. The digestion is slow, and the liver becomes sluggish. Impurities in the blood accumulate, and you go about downhearted and depressed. All this may be quickly changed with proper treatment.

Mrs. C. Kennedy, of 28 Erskine St., North Melbourne, Victoria, sends us her photograph and this letter:

"I had lost my appetite, was very weak, and all run down. Nothing did me good, and I was discouraged. I then tried

AYER'S Sarsaparilla

and it brought me right up to my usual health and strength. And I want to add a word here about Ayer's Cherry Pectoral. It has cured me of such hard coughs and colds that I feel I could not do without it. For family remedies I rely on that word, 'Ayer's.'"

Keep your bowels in good condition with Ayer's Pills. Take just enough to produce one good free movement of the bowels daily.

REPORTS TO WASHINGTON

CHAMBERLAIN FINISHES CHINESE WORK.

Tables Showing the Registration by Districts Throughout the Islands. Molokai Only Has Thirty-Three.

Internal Revenue Collector Chamberlain has completed his tables of figures showing the number of Chinese registration certificates issued throughout the Islands. He has also made an interesting statistical map of the group, showing numbers registered in each locality. This, with his report, will go to Washington on the Peru. The report will be a very lengthy one and will give Washington complete statistics as to the number of persons in the territory, who, having Chinese blood in their veins, have applied registration.

In the following table, the numbers given are the numbers of Chinese who registered in the various districts. This is different from the number residing in such districts. It is thought that about 2,000 non-residents of Honolulu registered here, being in the city on visits. The registration by districts was as follows:

Table with columns for District (OAHU, KAUAI, HAWAII, MOLOKAI, MAUI) and Number of Registrants.

NORMAL SCHOOL TERM.

Formal Opening of the Summer Session Yesterday.

The summer term of the Normal School opened yesterday. About forty teachers were present and more are expected to arrive by the steamer on Saturday and Sunday next. The leading feature of the opening day was an address by A. T. Atkinson, superintendent of public instruction. In it the Superintendent gave the history of the normal school movement and also advice to the teachers as to how they should proceed in their term studies.

On motion of Mr. Little a vote of thanks was accorded Mr. Atkinson for his address.

The program of each day, or class schedule in the school is as follows: 8:25 to 9 a. m., Arithmetic, geography, English, woodwork.

9 to 9:45 a. m., Geography, English, arithmetic, stories.

9:45 to 10:30 a. m., Methods, woodwork drawing.

10:45 to 11:30 a. m., Stories, callisthenics and music, geography, English.

11:30 to 12 m., Natur. study, stories, methods.

12:30 to 1:15 p. m., English, arithmetic, callisthenics.

1:4 to 2 p. m., Callisthenics, woodwork arithmetic.

2 p. m. to 3 p. m., Woodwork nature study, stories, geography.

The teachers who have charge of the different classes have been arranged as follows: In the Fort street school building:

Room I. Mr. Wood, methods; Mr. Little, English; Miss Adams, Callisthenics.

Room II. Mr. Bicknell, arithmetic.

Room III. Mrs. Marshall, geography; Mrs. Tucker, music.

Room IV. Miss Burton, stories.

Room V. Mr. Hiltz, drawing.

Room VI. Mr. MacDonald, woodwork.

Room VII. Miss King, nature study.

COMMITTEE'S WORK.

The joint conference committee of the House and Senate did rapid and good work yesterday afternoon, nearly three fourths of the salaries bill being finished. Very few changes were made in the Senate bill, which is almost a copy of the Governor's estimates, except that the new items introduced by members were inserted.

KEEPING IN WITH ENGLAND.

The essence of German policy is to keep on friendly terms with England, first in order to avoid becoming dependent on Russia, and, secondly, in order to prevent too close a rapprochement between England and France. We are now engaged in operations in China. But we have not a single naval base that we can call our own between Bremerhaven and Shanghai. We therefore must not alienate the strongest sea power which commands this sea route and most of the stations on the way.—Berlin Neueste Nachrichten.

THE GAME OF "SMASH."

Europe and the world would have rejoiced to see Russia and Great Britain fly at each other's throats over this Chinese dispute. England would annihilate the Russian navy, but Russia would smash the British forces in Asia and annex India and Burma. The two rivals would fight until their strength was exhausted. Then they would cease with shattered armies and navies and would find that Germany had profited by the interval and become mistress of the world on land and on the ocean.—Vienna Rundschau.

MURDERED FOR MONEY.

Yoshida, A Japanese Killed on Hutchinson Plantation.

HILO, July 8.—When the laborers of Hutchinson Plantation were going to work on Tuesday morning they came across the body of a Japanese in a cane field within a stone's throw of the sugar mill. The man was battered beyond recognition, but a search of his clothing revealed papers which led to his identification.

The murdered man was known as Yoshida and had been engaged working on the mauka roads. He came to Naeenu on Monday and left at 5:30 and started for his home about five o'clock in the afternoon. He was not seen again until his body was found as stated. From evidence found it is believed the man was beaten to death with sticks of cane and as he was not known to have any enemies, robbery was clearly the motive for the crime. His pockets were rifled and the money known to have been in his possession when he left Naeenu was gone. Wednesday morning friends from his home came over to ascertain what had become of him. There is no clue to the murderers.—Hawaii Herald.

ALVES VS. ALVES.

Emily Alves has brought suit for divorce from Jose S. Alves, on the ground of failure to provide. Judge Gear made an order that he pay her \$50 expenses and \$10 per week alimony pending the case.

DOLE DOING WELL.

A letter from Governor Dole to Secretary Hawes, received by the Kinau, states that the Territorial chief executive is at Eben Low's mountain place on the Kona side of the island of Hawaii in camp. He reports his health much improved.

RAILROAD WRECK.

INDIANAPOLIS (Ind.), June 26.—A special to the Sentinel from Peru at 2:30 o'clock this (Wednesday) morning, says: West-bound passenger train 3, on the Wabash Railroad, ran into a wash-out at Cass, fifteen miles west of here, at 12:30 o'clock this morning, wrecking the engine and five cars. It is rumored that fifteen persons were killed.

COMING TRADE WAR.

Former Assistant Secretary Vanderlip Gives His Views.

NEW YORK, June 25.—Frank A. Vanderlip, formerly assistant secretary of the treasury, who has just returned to Washington from a long trip abroad, is quoted by the Tribune's correspondent as saying: "I think it not only possible, but highly probable that Europe can and will agree to a binding term of trade combination against the United States within the next few years, and that the result will be the most gigantic and stubborn commercial war in the history of the world. As most of our commercial treaties expire in 1903, I look for the real beginning of the war then in a refusal of most of the continental nations to renew these conventions."

THE WHITE MAN'S BURDEN.

Hobson's defense of slavery seems to have pained some old-fashioned people, who can yet remember when the North would have resented such talk. Yet Hobson is really very modern in his views. His idea that it is the duty of the white man to own the peoples whose skin is darker and that it is their manifest destiny to do so, is simply another form of what several prominent Americans have been saying for nearly three years. Even in this city, what is substantially that kind of talk may be read in leaded editorials or heard in occasional addresses to republican clubs.—Boston Advertiser.

SOCIETY DIVORES.

The pity and the shame of the thing in connection with the "society divorce" before the supreme court at Newport yesterday, are noticed in the fact that no contests were made in any of the more prominent cases. While naturally there is a desire to avoid the publicity and escape the scandale that are made public when a stubborn contest is made, yet these facts indicate that a state of affairs exists indicative of a disposition to let things go by default. "No contest, only legal counsel, so that everything is done in legal form," "Desertion and non-support" were claimed as grounds on which divorce was asked by three wives at Newport, all of whom had reason to hope for better things from the men who made promises to them, and who after years of desertion failed to put in an appearance in defense and the relief asked for was granted.—Providence Telegram.

W. G. IRWIN'S NEW HOME

MAGNIFICENT RESIDENCE IN SAN FRANCISCO.

When Completed This Fall Will be one of the Most Elegant Houses in that City.

What will be one of the most elegant residences in San Francisco is now being built for W. G. Irwin. When it is completed Mr. and Mrs. Irwin propose to divide their residence between San Francisco and Honolulu, spending probably six months in each place, when not traveling abroad.

The residence is a massive and built of gray sand stone especially brought from the State of Utah. The house is located at the corner of Washington and Laguna streets which is in what is now the fashionable quarter of San Francisco. Reid Brothers are the architects and when the building is turned over to Mr. Irwin they will have the satisfaction of having a monument to their professional ability.

Important as the architects have been, however, the principal credit for designing the mansion belongs to Mrs. Irwin. She has made the arrangement of her new home a matter of serious study ever since her husband decided to build in San Francisco and as the result of her ideas and the assistance of the architects and her husband she will have the satisfaction of presiding over a residence that is at the same time a mansion and a home.

The general style of the residence is the Italian renaissance. It is three stories and basement. In addition to the porte cochere, the entrance to the house is reached through a series of broad terraces. The plan of the ground floor provides for the laundry and its attendant departments and kitchen. Separated at some distance from these is the ball room.

On the first floor the entrance opens on a broad hallway leading to the right from which are the stairs. The sitting room which is finished in Italian is on the right side of the hall while the reception room and library occupy the left side of the first floor. The library is finished in Empire style of decoration and the reception in mahogany and silk. The dining room is at the head of the broad hall and over looks the rear of the grounds and the Bay of San Francisco from a deep bay window. The decoration of this room is in Gothic.

On the second floor are the suites of Mr. and Mrs. Irwin and Miss Irwin together with the guests rooms, servants rooms and breakfast room. The latter is finished similarly to the library, in mahogany and silk, as are all of the bedrooms. On the third floor are the guests rooms and various extra rooms.

The cost of the building will be \$250,000 but this does not represent by any means what the complete cost of the residence will be when finished. The interior decorations will cost over \$100,000 and the plumbing in the neighborhood of \$30,000. The most of the furniture was purchased in Paris by Mr. and Mrs. Irwin during their attendance at the Paris Exposition. All of this furniture is now in America ready for installation as soon as the residence shall have been completed.

Mr. Irwin expects the home to be finished some time this fall and upon its completion he and his family will go there. They will divide their residence between that city and Honolulu however.

EARL RUSSELL TO BE TRIED. LONDON, June 28.—At a special meeting of the House of Lords today a committee was appointed to arrange the procedure to try Earl Russell, recently committed for trial by his peers.

The committee included the Lord Chancellor, Lord Halsbury, the Lord British Seal, Lord Salisbury and five other peers. In the House of Lords today during the discussion of the requirements of Gibraltar, the under secretary for foreign affairs, Lord Salisbury declared there was not the shadow of foundation for the apprehension expressed in some quarters in Spain of possible a reason on Spanish territory.

CHINESE WHO GO HOME. TREASURY DEPARTMENT REPLIES TO BROWN. Honolulu Immigration Inspector Given a Ruling as to Allowance to Extend Terms of Absence.

In reply to a question from J. K. Brown, Chinese Immigration Inspector here, the treasury department has made a ruling on the cases of Chinese who outstay their term of absence after leaving here for visits to China. The ruling is as follows: "Treasury Department, June 18, 1901. "Sir: The Department acknowledges the receipt of your letter of the 15th in regard to extension of time beyond one year limit of laborers' return certificates, and asking for a ruling as to whether it is discretionary with the collector to disregard such extension certificates of the Chinese consul, and to ask for additional evidence of the sickness or other cause of disability alleged as preventing a laborer's return within one year.

"In response thereto, your attention is called to the language of Article II of the Convention of December 8, 1894, which provides that— "Such right of return to the United States may be extended for an additional period, not to exceed one year, in cases where by reason of sickness or other causes of disability beyond his control, such Chinese laborer shall be rendered unable sooner to return— which facts shall be fully reported to the Chinese consul at the port of departure, and by him certified, to the satisfaction of the collector of the port at which such Chinese subject shall land in the United States.

"You will observe the language to the satisfaction of the collector of the port, which language appears to mean that the circumstance alleged as a reason for such extension must be shown both to have actually occurred and to have been such a one as was beyond the control of the Chinaman applying for such extension. It is clearly the province of the collector of customs to demand proof of a nature satisfactory to him in regard to both of these conditions.

"As a further means of enabling the collector of customs at the port of arrival to determine with reasonable certainty these two points, section 7 of the act approved September 18, 1884, which you refer, provides for an investigation of the truthfulness of the allegations made in such cases by the consular representative of the United States at the port or place from which such laborer departs for the United States, and for a certification by him

SPORT AT WAIMEA. A Hotly Contested Game of Ball. Thirteen Innings.

WAIMEA, Kaula, July 5.—One of the most spirited games of baseball ever played on this island was that between Waimea and Koloa yesterday. It took thirteen innings to decide the game when the score stood Waimea 22; Koloa 15; umpires, Asch of Waimea and Kahaia of Honolulu. The game began at 9 o'clock and there was a large crowd in attendance.

By good stick work in the eighth and ninth innings Waimea tied the score. Neither team scored until the 12th inning when each team scored 2; then Waimea scored 7 in the thirteenth and won out amid tremendous applause.

Kahu Pokenaia formerly of Kamehameha School tied the score for Waimea in seventh inning by a tremendous home run drive to deep center with two men on bases. From then on until the end of the thirteenth inning it was a prey game of ball.

In the June 11th game at Koloa, Waimea won 16 to 15 and the Koloa team came over to Waimea this time determined to win and brought with them a pitcher from Honolulu, Joe Kalama, formerly of Kamehameha School. His pitching was good in every respect and far excelled Waimea's pitcher in control of the ball, but the strain of thirteen innings in a hot sun was too much and in the last inning he weakened and allowed Waimea to run up a total of 8 hits, mostly all long ones, giving them 7 runs and the game. Time of game 4 hours 55 minutes. This is said to be the longest game on Kaula.

The honors for Koloa were carried off by Ah Kee, catcher and Crowell 2nd base, both batting and fielding well. Waimea's honors were the fine fielding of Pokenaia at short, Sheldon at 2nd and Eddie Colton at 1st base, the latter playing in the form.

After the ball game came the luau which was in every respect a good one. After the luau came all kinds of sports such as tug of war, swimming races, and horse races, together with a pie eating match which afforded fun for all.

William Sheldon was marshal of the day and largely through his efforts the day was a success. Prizes were given for all sports, Waimea taking everything. Eddie Colton of Honolulu officiated as judge with the assistance of Mr. Asch.

THE FOURTH AT MAHUKONA. MAHUKONA, July 6.—Mahukona held a rousing Fourth of July celebration. It began at 8 o'clock with a salute of thirteen guns and the raising of the flag. At 9 o'clock there were races and sports. The following is the program: Sailing race, Captains Hukal, Wahine Joe Perry, Prize, 4 Sweaters. Rowing Race, Captains Ali, Luka, Kahaia. Prize 5 shirts. Boy's Swimming, 1st prize, hat; 2nd prize, shirt. Men's swimming, 1st prize, watch; 2nd prize, tie. Greased pole, prize \$3 in quarters. Tug of War, prize, box of cigars. Plank race, 1st prize, shirt; 2nd prize, tie. Water polo, prize 4 caps. Judges: Mr. Smithies, Mr. Irish, Mr. Luiz.

At noon there was a luau at which the toast to the flag was heartily responded to by the natives. E. A. Fraser presided. In the evening there were fireworks.

WITHOUT PARSON OR PULPIT. The parish of Upper Eldon, in Hants is situated about five miles from Romsey, and boasts a population of ten. The village church stands in the center of the farmyard of one of the two houses in the parish, and the farmyard is also the village cemetery. The building dates from the eleventh century, and contains a reading desk, communion table and rails and five pews, but does not boast a pulpit. The living is of the annual value of £45, but there is not attached an incumbent. Occasionally a clergyman will visit the district. The bell is then rung, and the parishioners attend an impromptu service.—Councillor and Guardian.

OFFER TO REFUND MONEY. Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble, give it a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy, and perfect health been restored. Cases that seemed hopeless that the climate of famous health resorts failed to benefit, have been permanently cured by its use. Bear in mind that every bottle is warranted and if it does not prove beneficial the money will be refunded to you. For sale by all dealers, Benson, Smith & Company general agents, Hawaiian Islands.

**ASSESSMENTS INCREASED**

Notices of increase of assessment, which by law are required to be sent out on or before July 1, are just getting to the people whose assessments have been raised. In consequence the tax assessor's office has been besieged the past few days with taxpayers who object to an increased assessment or who at least want to know why the assessment has been increased. In regard to a general increase of assessment the tax office officials say that the assessments have not been increased from year to year as the property has increased in value, and hence that while the increases made now may in some instances seem large, the assessments are not really too high.

Numerous instances of advance from twenty to forty per cent in taxes have been reported today. When seen about the matter this afternoon Assessor Pratt said that while he was being bothered a great deal with questions and kicks the trouble was righting itself. "I have only one complaint to make," he said, "and that is that in the past years assessments have not been increased as they should have been. They have not kept pace with the increasing value of property. The change has been made all at once and I am the officer at this period to get the blame for it. The new assessments are not too high, and the trouble is that the old assessments were too low."

"I wish to say, however, that we are meeting with little trouble in making settlements. When the matter is explained to people, as a rule, settle without further parley. Thus far we have encountered few cases that will have to be determined by the tax appeal court." Mr. Pratt stated, in answer to a question, that the new assessments would considerably increase the total of the revenue but he could not give an estimate just yet of what the increase would be.
