To Pablo via telecopier to Edna

To the young people of Molokai I wish to express my sincere support for the purposes and objectives of Fire Prevention Week. Most fires are due to someones carelessness. The cost, whether it is a public or private facility, must eventually be born by all. The loss of life and pain and suffering which may result is beyond our power to alleviate except through vigilance and care that we not contribute to such a catastrophe. I know you will be anxious to do your part.
