## STRANGE REVIVAL IS REV. EZERA'S ON MAUI

### Starts White Sock Brigade and Calls It Religion—Has Family Under His Spell and Father Appeals To Authorities--Wailuku Aroused

[Special to The Bulletin.]  
WAILUKU, Maui, April 6.—There arrived in Wailuku from Honolulu on March 29th a man who has created a bigger sensation in the minds of the untutored than the arrival of either Judge Lindsay, Deputy Attorney General Wm. H. Heen, or Attorney C. W. Ashford.

This man is none other than Rev. J. M. Ezera, pastor of Waiawa Protestant Church, Waiawa, Ewa, Oahu.

Rev. Ezera is accompanied on his present trip by Mrs. J. K. Kamanoulu of Honolulu, and their mission has been very eventful, for in less than

one week they have succeeded in converting the greater portion of the Keana family into a new sect known as "Saint Paulists", or followers of the great apostle.

The chief peculiarity of the new sect is that all its members wear garments of spotless white from headgear to footwear, and they have been dubbed as the "White Sock Brigade", for they not only wear white dresses, but also white ties, stockings, ribbons, hats, and shoes of snowy white.

Ezera made his headquarters at Kanohe's house at Kilwea, mauka of the Maui soda works factory. The men, women and children stay in-doors and read the Bible four hours in the morning and the same time is consumed at

night in deep study, researches and investigations of the more intricate subjects of Holy Writ.

An altar is also claimed to have been among the treasures kept in the house, and none are permitted within the building excepting those who take the oath to become members of the new sect, by which act they at once discard all other apparel but white, and then forswear from associating with the children of the devil or members of other religions.

Rev. J. M. Ezera and Mrs. Kamanoulu are claimed to have such hypnotic powers over their less-cultivated relatives that only four now remain outside the hallowed fold. Mrs. M. Kauihima and her sister, Miss Maggie Keenu, who went down last Saturday to prevent the family from joining the new sect, were converted in less than a day, and they became so infatuated with the new belief that they openly expressed regret for the time wasted in attending Kaahumanu Church during the long years past.

W. B. Keenu, father of the victims and head of the Keana family of over twenty, was at Hana last week attending the convention of the Hawaiian Evangelical Association. He returned last Saturday with fire and brimstone in his eyes against the Rev. Ezera for

the havoc he had wrought within his family, but his words were unheeded even by his own wife and children.

Early yesterday morning Mrs. Kauihima and Maggie, her sister, while in a delicious state, walked up to Wailuku town in their white gowns bearing quilts which they intended presenting to Mrs. M. J. Rodriguez, for the angel had revealed to them that she was the woman of Samaria mentioned in the Bible.

Officer Keenu, their cousin, noticing the girls acting in this peculiar manner, lodged them in jail and later called in Dr. Weddick to examine as to their sanity. All day yesterday the two sang in their room in the old Wailuku school building, now used temporarily as jail until the completion of the new building. Dr. Weddick examined them during the morning but his report has not been made public.

During the afternoon the Rev. Ezera was brought up and kept in jail for investigation as to his sanity. A representative of The Bulletin called on him in his cell last evening and conversed with him for quite a while. He was perfectly sane in every respect, and so says Dr. Weddick, who examined him.

Ezera was a delegate from Hawaii (Continued on Page 3.)

## CHURCHES TAKE STAND

### EVANGELICAL OPINION ON LOCAL OPTION LAW

#### Resolutions Adopted By Hawaiian Religious Organization--Iwilei And the Seventh Commandment.

Memorials passed by the Evangelical Association of Congregation Churches of the Island of Oahu, at the afternoon session, yesterday, in regard to Local Option and an act to mitigate or protect prostitution, were as follows:

Whereas, a short and excellent local option bill is before the Senate of this Territory, and

Whereas, this bill permits the citizens of any precinct to decide whether they are willing to allow the sale of intoxicating liquors within this district or not, and

Whereas, this plan takes the burden of deciding somewhat blindly the difficult question of granting licenses from the officers of the government and places this responsibility upon the people, and

Whereas, this bill is a new method which may alleviate the evil effects of the curse of the use of intoxicants;

Therefore, we earnestly ask both houses of the present Legislature to pass this bill and give the people of this Territory an opportunity to try this new way.

In view of the series of articles by Dr. Cooper published in The Bulletin practically proposing that protection of the Social Evil be legalized by the present Legislature by setting apart a place, possibly owned by the government, in which prostitution shall be permitted.

And in view of the fact as stated publicly by some of the most eminent and best known physicians in this city that such a system has been proven to be a failure over and over again in places where it has been tried, and therefore cannot be wisely undertaken here.

And also in view of the fact that this proposed plan is in direct violation of the Seventh Commandment which says: "Thou shalt not commit adultery." And also in view of the fact that any such action in the Legislature would bring disgrace in the eyes of the entire United States upon this Territory whose citizens by a large majority are Hawaiians, and upon the houses of the Legislature the majority of whose members are Hawaiians and therefore would injure the good name of the Hawaiian people as well as that of the other residents of these islands.

Therefore we express the hope that the Legislature will not permit any such proposition to receive even the least favorable consideration.

## HUNDREDS BURIED IN UPHEAVAL OF EARTH IN INDIA

LAHORE, British India, April 7.—Four hundred and seventy men of the Gurkha regiments are reported to have been buried alive by the earthquake at Dharmasala.

An unconfirmed report has been received that the towns of Kangra and Palamfra have been wrecked and there is great loss of life.

TEXANS CHEER THE PRESIDENT.  
SAN ANTONIO, Texas, April 7.—The President was given a tremendously cordial and enthusiastic reception here today. He made an address on the fort Sam Houston, Alamo.

CZAR IS SICK AND STAYS HOME.  
ST. PETERSBURG, Russia, April 7.—For the first time on record the Emperor did not attend the annual parade of the Horse Guards, held today. Illness is given as the cause for his non-attendance.

MURDERED ITALIAN IS NOT KNOWN.  
SAN FRANCISCO, Cal., April 7.—The remains of the murdered Italian found yesterday have not been identified. No clue to the murderer has been obtained by the police.

## WHERE DOES STANDARD OIL COME IN?

One of the most interesting contests before the present Legislature is the strong effort on foot to reduce the flash test of oils brought to this Territory. It is a very important contest as well, because the flash test of fuel and other oils has a great deal to do with the safety of public property, and it must be admitted that the lower the legal test the more danger from explosion and consequent destruction.

The law now requires a flash test of 150 degrees. Bills are now before the Legislature to reduce this limit.

For some reason the Advertiser has taken up the cause of the flash test reduction forces and is making a variety of statements and throwing innuendos which, in view of the facts, indicate a desire to be either ridiculous or to intentionally misrepresent the situation.

It is generally understood that the Advertiser espouses the cause of the Union Oil Company in whose interests the low test is said to be put forward. In doing this a very evident effort is being made by the Advertiser through its news and editorial columns to make the people believe that the company it espouses is independent of the Standard Oil and that the Pacific Oil

Company, that stands for the highest test of oils for safety, is in league with a part of the Standard Oil. It is popular now to "say things" about Standard Oil and thereby try to frighten the people off from the great trust.

In view of these statements made by the Advertiser the friends of a high flash test are decidedly mystified because the representations made by the paper are so far from the facts.

In the first place the Pacific Oil Company is the only independent oil company of California.

Far from being in league with the Standard Oil it has been carrying on a war, and a successful one, with the great oil trust of the country. The Pacific Oil Company finding that the railroads with which it must deal to obtain transportation were apparently controlled by the Standard Oil, built an independent pipe line from its wells to San Francisco at a cost of one million dollars. Companies in league with the Standard Oil and its railroad properties are not spending a million dollars to build independent pipe lines.

The power of a railroad controlled by the Standard Oil or associated forces to work against an independent com-

pany is very well shown by an article appearing in the "Pacific Oil Reporter" which says:

"If there is any doubt in the minds of California oil producers as to freight discriminations on petroleum oil, let them make an attempt to compete against some of the big corporations for contracts in this (San Francisco) city. We believe, and have good reason to do so, that oil is being sold here for a price ranging around forty-five cents a barrel and that said oil is brought from Kern County by the railroads. The open rate on oil from Kern County is forty-two and two-thirds cents a barrel. This leaves two and a third cents to cover the cost of oil, etc. It is reasonable to suppose that a corporation would pay twenty cents a barrel for oil, forty-two and two-thirds cents for transporting and then sell for forty-five cents, or at a loss of something like seventeen cents a barrel? Here is food for the Department of Commerce and Labor, and if one will watch the Union Tank Line cars they will see who is getting the rebate, or in other words, who is paying 'trackage' instead of freight rates for transporting oil to San Francisco."

Among those who keep in touch with the oil business and the publications regarding the moves of the big companies, the scheme of the Advertiser

to put the Union Oil Company forward as a company independent of Standard Oil is causing some comment. One of the interesting statements bearing on this situation is found in the "trade and finance" department of the San Francisco Wasp. In its issue of Feb. 4, 1905, the Wasp, under the heading "Oil Development Hindered," says:

"The Standard Oil and the Associated Oil companies have a good firm grip of the oil interests of the State, and those who would work independently of them have a hard time of it. Down in the Santa Maria fields, not far removed from Sepe, where all San Francisco was at one time interested, is found the finest oil in California, and independent producers have been at work for some time and with great success, as far as getting oil is concerned. But they cannot get their oil to market, as the Pacific Coast Railway, which is their only outlet, and is under the control of J. J. Hill, who stands in with Harriman and the Standard, never has cars for them. And, to crown all, the Union Oil Company, which used to be independent, but is now with the Standard, has cut the price in half from 50 cents to 25 cents a barrel for

## SENATE STARTS ON WORK ON TAX LAWS

The Senate this afternoon started work on the tax bills, working strenuously in its efforts to get through its work inside the regular period.

McCandless introduced a bill relating to insurance companies and corporations. Passed first reading by title.

An act creating the State Jail by Achi, passed first reading by title.

House Bill 75, relating to negotiable instruments, passed first reading by title. To be read second time tomorrow.

Dickey moved to have Senate Bill 56, relating to appointment and removal of district magistrates by the Chief Justice, placed on the order of the day. Carried. The bill passed second reading. Third reading tomorrow.

Dowsett moved that Senate Bills 52, 47, 98, 102 and 115, which had been referred to the Ways and Means Committee, be taken from it and placed on the order of the day. Carried.

Dickey moved to take up Senate Bill 98, transferring the duties of Territorial tax officers to the county officers.

Achi moved to table the bill, but changed his motion to one to defer consideration of all these tax bills until Monday.

Dickey amended the motion by deferring only Bills 47 and 52 until Monday. This carried.

Senate Bill 102, relating to personal and property taxes, was then taken up. There were no changes made in the bill before the tax on vehicles came up. Sulkys and brakes were taxed \$2.00, while ox-carts and automobiles were taxed at \$15 and \$20, respectively.

Dickey said that ox-carts should pay such a tax; \$5 would be enough. Lots of poor men had only an ox-cart to make a living with.

Isenberg said a \$15 tax was hardly enough, as these carts did a great deal of damage to the roads.

Woods said the poor man only was hit by this law. He moved to make it \$2.00. Hayselden seconded the motion. Both said the poor man was hurt by such an excessive tax. This motion carried.

McCandless wanted the automobile tax cut down to \$10, but this was lost.

## AQUATIC CARNIVAL WILL BE UNIQUE

Plans are progressing rapidly for the big aquatic carnival on April 22 to be held jointly under the auspices of the Myrtle and Healan Boat Clubs. This carnival is absolutely unique in Honolulu and will not only be picturesque but will bring together the fastest swimmers in the islands, and that means some of the fastest in the world.

The carnival will be held on the night of April 22 between the Naval slips. Illuminated with electric lights, the Naval wharves will be decorated for the occasion and seats arranged for the spectators.

The carnival proper will be in the water, where races will be held. The championship 50-yard race will bring out such speedy swimmers as Dan Renear, present holder of the world's record for one hundred yards; E. Kopke, a fast man from the Olympic Athletic Club of San Francisco, who won the 50-yard race at the Myrtle's try-out last Saturday; George Freeth, a Pennsylvania champion, and Kimoko, the native champion.

The relay race between the two rival boat clubs will be one of the best of the swimming events.

Then there will be all kinds of fancy swimming, water-and-lofty tumbling, high diving, and trapeze-work. The athletic events will include boxing and Japanese wrestling between local Jiu-jitsu experts. This will be held on a big barge moored between the two slips.

Nothing is heard but "carnival" from the athletes of the boat clubs these days. They are taking hold of the affair to make it a big success and interest is being aroused on all sides. People that wouldn't go out to the back yard to see a baseball or football game will turn out in force to see the swimmers, and April 22 will be a gala day for these people.

## TRANSPORT SHERMAN FROM NAGASAKI

### Has Slow Voyage From The Orient Due To Rough Weather.

### MAN LOST OVERBOARD COMMITTED SUICIDE

VESSEL BRINGS 104 CABIN PASSENGERS AND 541 TROOPS. MAY DISCHARGE 1,000 TONS OF COAL.

Sixteen days from Nagasaki, the U. S. A. Transport Sherman came into port this morning, tying up at Naval Dock No. 1 at 8:45. The transport was due at least two days ago, and since that time has been hourly expected. Therefore its arrival brought a big crowd of the curious down to the entrance of the dock, where a sentry kept out all but those who could show evidence of business.

The voyage from Nagasaki was slow and tedious, and rough in spots. In fact, most of the weather out from the Orient was disagreeable. No severe storms were encountered but a stiff head wind was blowing nearly all the way, and a heavy sea rolled the transport so that there was some seasickness on board.

The Sherman left Manila on the afternoon of March 15th and had fairly good weather up to Nagasaki, which was reached on the afternoon of March 20. Nagasaki was extremely quiet, in spite of stirring war news. From the appearance of the town it seemed as if all the men had gone to the war, and in reality many had. One picturesque thing about the town was the display of news from the war and comments thereon.

The Sherman left Nagasaki on the morning of the 23rd and thence met the rough weather.

The trip over was marred by a tragedy. On the night of April 3, James Ward, an enlisted man, went overboard and his body could not be recovered, partly owing to the high sea. Ward was a private in B company, Seventh Infantry, and was going home on a furlough. He left his bunk about 3:30 that night and went on deck. There is a strong suspicion that he committed suicide, as he had been sick and very despondent.

Among the returning army officers from Manila is Major John M. Banister, an army surgeon. He is accompanied by his wife, Miss Banister and three sons. Major Henry L. Raymond is another returning army surgeon. Captain J. A. Potter, of the Seventh Infantry, and Mrs. Potter are passengers. Captain Charles B. Hepburn is an officer of the Signal Corps. Major D. T. Keleher, also from Manila, is a paymaster. Among other Manila passengers are: Capt. W. L. Clarke, Signal Corps; Lieut. Floyd Frisbie, Philippine Scouts; Lieut. J. A. McAllister, General Dental Surgeon; Lieut. J. M. Van Hock, of the Philippine Constabulary, and Captain Thomas W. Dorrall, of the Commissary Department.

Miss Cora L. Snell and Miss Julia M. McCarthy are returning to San Francisco after several years in the Philippines in the army nurse corps.

The Sherman brought fifteen cabin passengers from Nagasaki. Among them is Col. John L. Chamberlain, Inspector General, U. S. A., who has been on duty at the Asiatic Station, and is now returning home. He is accompanied by Mrs. Chamberlain and his son, John L. Chamberlain, Jr., Lieut. Henry A. Wiley, of the Navy, has also been on duty at the Asiatic Station. Mrs. Wiley and family accompany him. Mrs. R. W. Thornberry, wife of Manager Thornberry of the Christian Endeavor Home at Nagasaki, is going to the States on a visit. She is accompanied by two daughters. H. J. Howell is an engineer from the Guam Naval Station.

The transport carries a number of troops, 541 men in all; 204 are enlisted casuals, from many regiments; 49 men of Company H, of the Signal Corps, are aboard; 29 men belong to the Hospital Corps. There are 13 enlisted men of the Navy; 34 sick, including soldiers and civilians, and 14 military prisoners, deserters, etc.; 17 employees of the Quartermaster's Department, 177 discharged soldiers and three discharged seamen of the Navy make up the list of troops.

Altogether, with 104 cabin passengers, the Sherman brought 645 passengers.

The Sherman will discharge some coal here, just how much has not been decided, but a thousand tons, if that much can be spared. The transport may leave tomorrow afternoon, but probably not until Monday morning, if the full thousand tons of coal is taken off.

Manila is reported as quiet, and the surrounding country as "pacified."

The Sherman brought the following first cabin passengers:

From Manila—Major John M. Banister, Mrs. J. M. Banister, Miss Banister, Monro Banister, Edwin Banister, Percival Banister, Major Henry L. Raymond, Major D. T. Keleher, A. G. Keleher, Chaplain J. A. Potter, Mrs. J. A. Potter, Capt. Thomas W. Dorrall, Capt. Chas. B. Hepburn, Edith Hepburn, William Hepburn, Mathew Hepburn, Capt. W. L. Clarke, Mrs. W. L.

Clarke, Lieut. F. A. Pope, Lieut. L. L. Detrich, Lieut. Floyd Frisbie, Lieut. George H. Scott, Lieut. Douglas H. Jacobs, Lieut. T. M. Reagan, Lieut. R. W. Ashbrook, Lieut. H. S. Berry, Lieut. J. A. McAllister, Mrs. J. A. McAllister, Lieut. J. M. Van Hock, Miss Bell Clements, Master C. Adams, Mrs. G. H. Davis, Mrs. Egbert, Mrs. Sterling, Miss Sterling, Miss Melroy, Mrs. Smith, Miss Cora L. From Nagasaki—Col. John L. Chamberlain, Mrs. John L. Chamberlain, Master John L. Chamberlain, Jr., Lieut. Henry A. Wiley, U. S. N., Mrs. Henry A. Wiley, Master H. W. Wiley, Elizabeth Wiley, Roberta Wiley, H. J. Howell, Mrs. R. W. Thornberry, Ruth Thornberry, Elsie Thornberry, Mrs. N. Kinnaman, J. C. Owen, Mrs. D. L. Adam, Miss Anna Lawless.

### MAUNA LOA ARRIVES

The Mauna Loa arrived this morning at 5 a. m. from Kau, Kona and Maui ports. She brought eighteen cabin and 39 deck passengers.

The steamer had good weather on the outward trip, but at Kau found a high wind and sea, which moderated later. Enough rain to flume has fallen at Hutchinson and the mill will grind steadily while the water lasts. Little rain has fallen in or about Pahala. Choppy seas were experienced on the inward trip.

The Mauna Loa reported the Kinau loading sugar at Honokaa on Wednesday morning. The following sugar is reported ready for shipment on Hawaii: Honokaa, 4200, Kukuihaele 5800, Honuapo 225.

The Mauna Loa brings the following cargo: 3060 bags sugar, 30 head cattle, 19 bags coffee, 56 bunches bananas, 66 bags of taro, 23 cases of fruit, 20 pigs and about 200 packages of sundries.

### STRANGE REVIVAL IS REV. EZERA'S ON MAUI.

(Continued from Page 1.)

some years ago to the Christian Endeavor Convention at Boston.

His father has told the members of his family recently of a strange dream he had soon after the birth of Ezera at Wailua, Oahu. He saw his child standing on the branches of a tree with both hands clinging onto the gater of heaven.

The two girls have been removed to the homes of friends and they are now slowly getting over the effects of the strange powers of Rev. Ezera.

They have revealed some of the secrets but it is claimed the worst has not yet been told. One of them has admitted the peculiar powers of Ezera over her, but does not state further. W. B. Keonu made a proposition to Rev. Ezera this morning that if he should return to Honolulu the complaint against him would be dropped. Ezera at first consented, but when he went down to consult his people they all protested at his giving in so easily, and will now fight his case in all the courts of the Territory. Mr. Keonu would give a world if Ezera could be removed from the surroundings of his once happy home, where now, all distracted, chaos reigns supreme.

If Ezera remains in Wailuku for three months longer there's no telling but that all of Wailuku and vicinity will be converted, and there would not be enough white stuffs in the stores to furnish the converts of this new sect. As it is now, some of them are still wearing black shoes, for there is not a sufficient supply of white slippers in town to meet the demand.

Ezera is looked upon by his dupes as not only a man of great personality but also as possessing supernatural powers, and able to reveal to them the beauties of Paradise and the horrors of the inferno. The spirits of the departed ones have been depicted before these ignoramuses so as to indelibly impress in their minds the wonderful powers of this St. Paul II. Ezera is said to have ordered his followers to destroy all wearing apparel except white. Costly frames with pictures of dead relatives have been destroyed by his order.

When Miss Maggie Keonu "came to" this afternoon the first thing she looked for was her trunk containing her colored dresses, and when she found that this trunk was saved by the efforts of friends, her joy knew no bounds. She bewailed the money she had spent foolishly in buying the fine white dresses and she now berates Mr. Ezera for bringing her under his baneful influences and thus bringing shame upon her and her whole family, for the Keonu family have been recognized for the past thirty years and more as the pillars of Kaahumanu native church.

Mrs. Keonu Sr., who had walked to church every Sunday, rain or shine, all these years, in a very few days through the earnest solicitations of Ezera and Mrs. Kamanoulu, the latter her eldest daughter, now hates the church she once loved as a haven of diabolical deeds worse than Erebus itself.

# Danderine

## GREW THIS HAIR AND WE CAN PROVE IT.

**MISS MARNIA HENRY, CHICAGO.**  
5036 Forestville Ave., Chicago.  
Miss Henry says: "Before I began using Danderine my hair was falling out in great handfuls, and I am pleased to say that Danderine not only stopped it at once, but has made my hair grow more than twice as long as it ever was."

**Mrs. Florence Russell, Little Rock, Ark.** says: "It is surely remarkable the way Danderine improves the hair. It has made my hair grow on inches longer in five months and it is getting thicker and longer all the time. I believe in giving praise where it is due, and you can use my name as reference if you so desire."

**MISS SELMA HASSELL, CHICAGO.**  
2728 North 43rd Court, Chicago.  
Miss Hassell says: "My hair would not reach below my waist when I began using your Danderine. It was also faded and splitting at the ends. Now it is over 2 1/2 feet longer than it ever was and it has retained its original rich blond color. I used the tonic about four months all together."

**DANDERINE** is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, fertilizing and life-producing properties cause the hair to grow abundantly long, strong and beautiful. **IT IS THE NATURAL FOOD OF THE HAIR, SCIENTIFICALLY CHARGED WITH NEW AND GENUINE LIFE-PRODUCING ESSENCES UNHEARD OF BY OTHER MAKERS OF HAIR TONIC.** NOW at all druggists in three sizes, 25 cents, 50 cents and \$1.00 per bottle.

**FREE.** To show how quickly Danderine acts, we will send a large sample free by return mail to anyone who sends this advertisement to the H. W. Wilson Danderine Co., Chicago, with their name and address and ten cents in silver or stamps to pay postage.

"The use of carbonated beverages or waters as an addition to wine or alcoholic liquors is highly commendable, as they greatly mitigate, or wholly obviate the retarding influence of such liquors on the digestion of starch."—Dr. I. Burney Yeo, in Popular Science Monthly. Prof. Charles F. Chandler, chemist to the N. Y. To the appropriations for the Department of Justice add the payment of the 1895 claimants.

Linsvitch will withdraw and he will do so with much hustle when Oyama really gets started. Judging from the way the crowned heads of Europe are going around gossiping, there's a hen on somewhere down the line.

Why not follow Holstein's suggestion and hasten the work of the session provided the County Law is not thereby endangered?

Texas has joined with Japan to promote Japo-American citizenship. Just bear this in mind ten years hence when Texas labor unions begin to howl.

Should Governor Carter veto the County Law he would waste time in attempting an explanation, because no friend of local self-government would accept it.

With the price of sugar up and the rains coming along just in time to give the future crops what they need, what more could Hawaii ask for its sugar industry.

The minority did not explain how the Chicago system checks up with the Edmunds Act. Or is it simply another way of doing the same thing without solving the problem?

There may be some fellows on record as voting against the County Bill who wish the bill could come back again, so that they might cast another vote, and that favorably, before the next Territorial election comes around.

These are bad days for Trusts except when they find themselves able to buy up a Legislature. That's why associates of a Trust always shout loudly at the very outset, "Beware of the other fellow." When the cry is based on any degree of fact it is worth listening to.

Representatives of the Legislature have carried out the demand of the people in passing the County Law. But the promise is not yet complete and will not be until the law and its necessary associate measures are on the statute books and the County officers established and working.

Belligerents are floating so many separate loans that are so speedily oversubscribed, one is inclined to question what would happen if the needed loans were bunched and then put on the market. Of course suckers are not supposed to come in on war loans, but it is nevertheless easier to float a big proposition in small but frequent lots.

Rev. Ezera evidently has sensed the psychological moment for starting his "white-socks" revival. That is, the people are in a state of mind to take up with a religious thought brought to their notice and promoted with zeal. But Ezera failed to read the signs of the times, for they point to the strong probability of his getting in serious trouble, from which Saint Paul will not rescue him.

This said San Franciscans are laughing up their sleeves over the amounts of sugar stocks "unloaded" on Hawaii this year. Incidentally Hawaiians are laughing up their sleeves because these unloaded stocks are dividend-paying stocks and the dividends are remaining at home, where they belong. If San Francisco has any more unloading of this nature to do, the business bodies of this Territory should send a special invitation that the wise men of San Francisco unload early and often. Then we'll all laugh again.

### STATED THE FACTS.

The majority of the Senate Intelligence Committee made the following statement in the report made to the Senate:

"We find that that particular portion of Iwilei where the prostitutes are now located is owned by the Fidelity Insurance Company, Limited, and is now leased to a Japanese named Ogata by misrepresenting the object for which he wished to obtain this lease from the Waterhouse Trust Company, the agents of the Fidelity Insurance Company, Limited."

This is a statement of absolute truth. By saying more or less the committee would have gone outside of or evaded the facts, as was done by the majority.

As the whole matter will be indirectly but thoroughly threshed out in the courts, where testimony will be given under oath, the only ones seeking to argue the question would naturally be those especially anxious to create a sympathy for promoters of misrepresentation who fear the result of facts.

## BARK MAKES GOOD TIME FROM COAST

The American bark Annie Johnson arrived off port last night at 9 o'clock and came into the harbor this morning, docking at Brewer's wharf at 11:15. The Annie Johnson kept up her good record as a fast sailer, making the run from San Francisco in twelve days, although part of the time the wind was unfavorable. After meeting the northeast trades she came along fast.

The bark brings a very light cargo. Only 600 tons is aboard, just enough for ballast. This is because the vessel was rushed down here to meet the shortage of sugar carriers. The cargo is a general one, including a shipment of powder, indicated by the red flag at her mast head.

One passenger made the trip, a Mr. Dougherty, brother of J. D. Dougherty, of Wickham & Co., Ltd.

The Annie Johnson will probably move from Brewer's wharf to the Railway wharf, discharge her cargo and rush in sugar at once, as her cargo is waiting for her.

It is not probable that Princess Bismark or any of her four children will be seen at the German court so long as Emperor William lives. This is because of the exceedingly strained relations which existed between the late Prince Herbert Bismark and his Majesty. The Princess lives quietly with her children on the Bismark estate.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day.

## RAPID TRANSIT MUST PAY \$3000 DAMAGES

The Supreme Court this morning rendered a decision affirming the judgment of the lower court wherein verdict was rendered for \$3,000 damages to M. P. Ferreira for the death of his son, killed in a collision with an electric car of the H. R. T. & L. Co. on November 12, 1901.

Chief Justice Frear writes the opinion of the court, saying, in the syllabus:

One may be liable for injuring another even though the latter has negligently placed himself in a position of danger, and even though it was possible for him, if he had chosen the right course, to extricate himself from such position in time to avoid injury, if it was apparent or ought to have been apparent to the former that the course actually pursued was not likely to be effectual, as, for example, when an electric car going at an ordinary or excessive speed ran into and killed a boy who was riding horseback ahead of the car in a narrow space between the track and one side of the street, and it was or ought to have been apparent to the motorman that there was danger of a collision owing to the fright and fractiousness of the horse and the probable failure of the boy to keep it away from the track on the narrow side, which the boy was trying to do rather than cross over to the other and wider side of the street.

## BASEBALL MEN MEET

The Baseball League held a meeting yesterday afternoon in the Young Hotel to arrange schedules and transact preliminary business such as arranging for practices. The question of Sunday ball was brought up, but was left to the scheduling committee. Sentiments both for and against Sunday ball were expressed at the meeting.

President D. P. R. Isenberg and Secretary Lorrin Andrews were present, and representatives of all five of the league teams—Glendon and Williams of the H. A. C.; Richardson of the Elks; Monsarrat and Woods of the Punahou; Joe Cohen of the Malles; and Lemon of the Kams.

Upon unanimous agreement Secretary Lorrin Andrews was chosen official scorer, and Bert Bowers umpire of the League. The captains of teams as scheduling committee will meet at Woods & Sheldon's on Monday next at 12:30 p. m., to arrange the schedule.

The drawings for practice nights resulted as follows: Monday, Malles; Tuesday, Elks; Wednesday, H. A. C.; Thursday, Punahou; Friday, Kams.

## WILL WORK HARDER SENATE TO ATTEMPT TO FINISH THIS SESSION

DICKEY'S LOCAL OPTION BILL MEETS LITTLE OPPOSITION BUT GETS SEVERAL CHANGES.

Forty-fourth day. The Senate was today reminded that time was fleeing and that work must be taken hold of with renewed energy if the Legislature should finish inside the regular limit. The reminder came from the Governor through Senator Dowsett, who put it in the form of a resolution, which, though it was lost, made a strong impression and will probably have the desired effect.

Dickey's local option law came up for second reading, the special committee having reported very favorably on it. A motion to adopt the committee's report was made with such alacrity that the suspicions of Dickey, the introducer of the bill, were aroused. He was evidently surprised at meeting no opposition whatever where he had expected a big battle, and stated that he thought there was a still hunt on the bill. He asked that the opposition come out and fight in the open, whereupon numerous amendments were made, principally one allowing hotels to sell liquor, but no open battle was fought.

At the opening of the session the following message was received from the Governor and read:

As already stated, the Legislature in 1904 inaugurated economies and reduction of expenditures, which every department of the Government has attempted to carry out. In this endeavor the present appropriation bills have carried little or no margin for unforeseen contingencies, and the actual experience has in many cases exceeded the estimate. Therefore, I submit herewith for your consideration an estimate of additional appropriations needed before June 30, 1905. In order to have the expenditures of this fiscal period of the Government fairly show its expenditure, there are included claims and settlements that have been incurred or made within this period, and I shall be glad to confer with the appropriate committees in reference to the necessity of these items.

G. R. CARTER, Governor.

The message was accompanied by a bill in which the estimates referred to in it were given as follows: Executive Department, \$2,095; Department of Finance, \$1,029.10; Department of Internal Improvements, \$10,150; Department of Justice, \$6,750; Department of Public Instruction, \$1,000; Board of Health, \$2,367; Public Lands, \$474.10; payment of salaries of officers \$560; making a total of \$25,425.20.

This bill was introduced by Dowsett and passed first reading by title.

The Lands Committee reported on Senate bill 112, adding to the duties of the Board of Agriculture the matter of protection and use of domestic animals, recommending its passage.

The same committee reported on Senate bill 116, to prevent the moving or changing boundary marks, stating that it filled a long-felt want.

The Miscellaneous Committee reported in favor of the livery bill.

The Revision Committee reported on Senate bill 101, recommending its passage with numerous amendments. This bill relates to the perpetuating of testimony of witnesses in criminal cases.

The special committee on the local option bill reported as follows:

This is the local option bill. It gives the voters of any precinct the power every two years of taking from the Treasurer the right to issue licenses to sell intoxicating liquors in that precinct for two years to come.

Your committee thinks that this law is a just and fair one. It is fair that each community should be able to say that no saloon can be licensed in it.

It is not claimed that a vote for no license will stop the drinking of liquor. Those who wish liquor can get it from localities under license just as those who now live where there is no saloon can and do get it, but the worst elements of the evil will be eliminated.

The effect in some districts may be to get a saloon where there is none now, but we believe that in the long run the result will be a great reduction in the consumption of liquor. Local option is on the increase in the United States. Out of the 49 States and Territories only 14 are pure license States and Territories. One has State control, five have prohibition, two have license only on petition of the voters or property holders, which amounts to local option and twenty-six have local control, the trend is toward local control everywhere and if we want to be in line with the best legislation it behooves us to pass this bill.

In the twenty-six States where local option prevails there is an overwhelming proportion of the towns or counties which have voted for prohibition. More than half of the South today is for strict prohibition and the Northern States are all but six for local option in some form.

We recommend the passage of the bill with the following amendments.

1. Change the title of the Act to read "An act to provide for elections on the subject of license to sell intoxicating liquors."

2. Add two new sections after Section 2, to read as follows:

Section 3. The Secretary of the Territory shall furnish the necessary ballot boxes for such elections and the inspectors of the general election shall

perform all the necessary duties to carry out Section 1, of this Act. The Secretary of the Territory shall make any regulations he thinks necessary or desirable in regard to such election.

Section 4. The returns of such election shall be sent by the inspectors of election of each precinct to the Secretary of the Territory, who shall cause the results to be published in the Hawaiian and English languages in Honolulu and file a certificate of such results in his office as a public archive. Dickey introduced a bill relating to income tax. Passed first reading by title.

Achl introduced a bill to raise the pay of Circuit Judges. Passed first reading by title.

Senate bill 110, relating to the drawing of jurors, was referred to the Revision Committee.

Senate bill 121, providing funds for the county election, was referred to the Ways and Means Committee. House bills 102 and 108 were referred to various committees.

On motion by Achl, Senate bill 120, making appropriations for the departmental use of the Territory, was placed on the order of the day.

Senate bill 86, the livery bill, came up for third reading but was referred to the Revision Committee.

Senate bill 118, preventing the changing of land boundary marks, passed second reading. Third reading tomorrow.

Senate bill 112, adding to the duties of the Board of Agriculture the matter of protection of domestic animals, was referred to the Revision Committee.

Senate bill 101, relating to the perpetuating of testimony of witnesses in criminal trials, passed third reading unanimously.

Senate bill 2 came up for second reading. Achl moved to adopt the committee's report, favoring the passage of the bill. Dickey, the introducer of the bill, became suspicious. He said he thought there had been a still hunt going on against the bill. He wanted such objections as there might be, to be made openly and above board.

McCandless said that a local option law would injure the tourist trade. If the law was passed it should contain a provision so that hotels could sell liquor to their guests.

"Make that amendment," said Dickey, the introducer of the bill.

Paris moved to read the bill through which carried, Achl withdrawing his motion.

Achl introduced an amendment excluding the region lying within one-half mile from the postoffice from the operation of the act, but failed to find a second.

McCandless introduced the following amendment: "This law shall not apply to any hotel of 10 rooms or more." This was adopted.

Hayselden introduced a new section making it mandatory on the Treasurer to issue a license to sell liquor if asked for by a person in a district which at a local option election had chosen to have saloons. This was adopted by a vote of 6 to 5.

Achl made several other motions but failed to get a second. He was much exercised over the bill.

Dickey moved to refer the bill to a special committee. Carried and the following committee appointed: Achl, Hayselden and Wood.

Dowsett introduced a resolution that after April 10 no new bills could be introduced except appropriation bills. Also providing for evening sessions from 7 to 10 p. m.

McCandless wanted the resolution amended so that bills could be introduced on a two-thirds vote.

Paris was against the resolution as he thought it was unnecessary.

Achl said the Senate could not stop him from introducing bills. The resolution was contrary to the Organic Act.

Dowsett said the Governor wanted the session to close in sixty days. The Senate had lots of work to do with the tax, license and appropriation bills.

Paris said he did not mind working at night on the appropriation bill, but he was against the rule excluding new bills.

Achl reiterated his statement that according to the Organic Act no resolution could stop him from introducing bills.

Isenberg suggested that the appropriation bill be placed on the order of the day for Monday.

Bishop objected to working nights. He would rather have the Senate work a full day, beginning at 9 a. m. or any other hour, which could be set at the time of each adjournment. He made a resolution to that effect.

Dickey moved to table Dowsett's resolution, but his motion was lost.

Achl moved that Dowsett's resolution pass. Lost.

Bishop's resolution carried by a vote of 8 to 4.

Senate Bill 120, the act making appropriation of \$11,500 for the current expenses of the departments from July 1, 1904, to June 30, 1905, passed second reading. Third reading tomorrow.

A recess was taken until 2 p. m., when the tax bill will be taken up.

## CAN MAKE SATURDAY LONG AS HE LIKES

The Attorney General's Department this forenoon submitted to Superintendent of Public Works C. S. Holloway an opinion regarding the eight-hour labor law. It seemed that some Representatives were under the impression that laborers working for the Government should work only half a day Saturday and receive a full day's pay, basing this opinion on the phrase of the labor law, which states that it does not apply to Saturday and Sunday.

"We have been paying the men a full day's pay on Saturdays if they worked full eight hours," said Holloway this noon. "If they wanted to work only half a day they got half a day's wages. However, I wanted to be sure about the matter, so I applied to the Attorney General for an opinion. The Attorney General says that the law as it is is indefinite, as it only states that it does not apply to Saturdays and Sundays, but it does not state what applies to these days. As a consequence I could work the men twelve or fifteen hours on Saturdays as far as the labor law is concerned, as that expressly states that it does not apply to Saturdays."

## WIFE GOES OFF WITH MAN NOT HUSBAND

Pascio Raggas and Mary Leon were this morning arrested on the charge of living together without undergoing the necessary formality of marriage. And when Mary Leon was searched at the Police Station, carefully preserved and jealously guarded about her person, was found a worn marriage certificate, declaring her the lawful wife of German Muniz. This curious thing is not pathetic. It is merely one of the incidents of the daily police routine. Yesterday the husband of the woman appeared at the Police Station and told that his wife had been stolen from him by the Porto Rican Raggas. Muniz was married to the woman on December 5, 1904, on Kaula. He is a hard working laborer and his wife evidently became tired of him for several days ago she left their present home several miles Ewa of Honolulu, and ran away with Raggas. They came to Hahaione and there were found living together by the police officer. The case will come up before Police Judge Whitney tomorrow morning.

**EZERA ACCUSED BY KAWAIAHAO OF STEALING SOULS**

A solemn body sits in judgment, or rather in investigation, as to alleged irregular spiritual operations of the Rev. Ezera, a zealot in the cause of proselytism to the extent, it is said, of trespassing upon the parishes of the presbytery of the district. This inquisition now holds forth in the otherwise still and impressive interior of the old coral church on King street, Kawaiahao.

Primarily the meeting is the occasion of the semi-annual getting together of the Oahu Evangelical Association, comprised of all the native Congregational churches on this island. This convention commenced business on Wednesday. Yesterday the half-yearly report of Kawaiahao church was read before the convention and the report included uncompromising statements in relation to the Rev. Ezera, whose rightful fields of labor are supposed to be confined to the District of Ewa, on this island.

Briefly, the Rev. Ezera is accused of stealing sheep from the Kawaiahao flock. He is said to have sown the seeds of discord among the congregation of the city temple when he should have confined his endeavors, not in the direction of discord necessarily, to the more rustic environment of Ewa.

A reporter called at Kawaiahao church this morning and found the convention in session. There were some twenty or thirty Hawaiians in the house, two occupying seats of authority under the altar. Everything was solemn on the inside; on the outside women sat around under the trees awaiting the news as it developed from the chamber of inquiry. Children sported on the green among the trees and monuments. Now and then the solemnity of the occasion, on the inside, was relieved by some evidently humorous remark of one of the speakers, for a dignified laugh occasionally passed along the pews.

The Rev. Mr. Gulick at length entered the church and took a seat near the front. He was approached for information. This gentleman stated that the committee appointed to investigate the allegations in regard to the Rev. Ezera would probably report today. It was alleged that Ezera had been influencing members of Kawaiahao church to leave the communion of that establishment to follow his peculiar ideas.

Mr. Gulick did not know that there were any particular complaints against Ezera from Ewa, but there had been rumors of discontent among the church members down there and the Ewa church was not in a healthy condition; seeds of discord had been sown and the church seemed somewhat divided against itself. Beyond this Ezera had reached out beyond his own sphere of usefulness, and taken to his flock members of the Kawaiahao church, which church was therefore naturally very much exercised.

Among those present at the meeting were some who said Ezera had started a new religion of his own or was taking his followers back to certain very ancient Hawaiian forms of worship. He saw spirits and was guided by them. "He sees spirits that no one else sees," said the Rev. Gulick; "if he is found guilty of disorderly conduct he may be accordingly dealt with."

**WHERE DOES STANDARD OIL COME IN?**

(Continued from Page 1.)

27 gravity. This renders it unprofitable to produce.

The oil men of the city are inclined to credit the San Francisco Wasp as being as good an authority on oil companies as the Advertiser which has never been noted for the reliability of its assertions.

Another feature that is noticeable in the oil proposition before the Legislature is that the man generally accepted as the local representative of the Standard Oil Company is an active worker for the low test oil bill. If Standard Oil were so deeply interested in maintaining the high test it is not at all probable this gentleman would be looking up men favorable to the low test bill.

The subject is a very important one as it involves the safety of the city and proper protection from the danger from terrific oil explosions and consequent fires. Present indications are that the Advertiser is interested in getting the low test oil bill through and is trying to frighten the Legislature into action by representing that the Standard Oil, which every legislator is supposed to take a whack at, is a part of the effort to keep the oils stored in the vicinity of the city above the danger line. Though this would be a worthy cause for the Standard Oil, the facts very strongly indicate that those associated with Standard Oil are the ones seeking the reduction of the test and the independent company stands strong for protection.

# PAINFUL PERIODS

Suggestions How to Find Relief from Such Suffering.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. Menstruation is a severe strain on a woman's vitality. If it is painful or irregular something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

More than fifty thousand women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes painful and irregular menstruation.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes of 540 N. Davidson Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham:—Your medicine is indeed an ideal medicine for women. I suffered miserably for years with painful periods, headaches and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the East advised me to try Lydia E. Pinkham's Vegetable Compound. I did so, and no longer suffer as I did before. My periods are natural; every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound.

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham:—I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

Vegetable Compound sooner; for I have tried so many remedies without help.

"I dreaded the approach of my menstrual period every month, as it meant so much pain and suffering for me, but after I had used the Compound two months I became regular and natural and am now perfectly well and free from pain at my monthly periods. I am very grateful for what Lydia E. Pinkham's Vegetable Compound has done for me."

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women.

The success of Lydia E. Pinkham's Vegetable Compound rests upon the well-earned gratitude of American women.

When women are troubled with irregular, suppressed or painful menstruation, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating, (or flatulency), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

## MAKE KOA LUMBER

Hilo, April 4.—A. Riehley returned from Honolulu last week, having secured from the Bishop Estate a lease for five years of 4,500 acres of koa timber land in the vicinity of the Volcano House. A company has already been started with Mr. Riehley at the head, with a capital of \$25,000, which will shortly erect a mill about two miles back of the Volcano House and proceed to cut down the matured koa timber of marketable size and quality on the leased Bishop Estate lands.

According to Mr. Riehley, in which opinion Forester Homer coincides, there are millions of feet of valuable koa lumber going to waste on the slopes of Mauna Kea. Some of the trees will measure seven feet in diameter, and it is Mr. Riehley's purpose to cut these trees into square timbers for better handling for shipment. There is a steadily increasing demand for hard wood lumber on the coast and in the East, where it is proposed to market the large supply of koa now in sight. Some of the older trees are beginning to decay, and the trustees of the Bishop Estate decided to enter into a timber contract to save loss and waste to the forests. The only limit in cutting placed on Mr. Riehley's company is that trees less than two feet cannot be removed unless fully matured. Matured trees, it is said, begin to rot, and it has been deemed advisable to clear the forest of all marketable koa.

Mr. Riehley has entered into a contract to sell all the bark he can supply and he proposes to erect a complete plant on the spot, including a saw mill, planer, matcher, bark grinder and other machinery. When the active logging work begins, the new company will probably employ fifty or sixty men.—Tribune.

## WANTS HIGH SALARY

Editor Evening Bulletin:—I would like you to publish this article in your following weekly paper:

Do the Senate, and House, intend to open up a school for criminals? It looks very much like it, when they pass salaries for County officers at such a small figure. For instance, Supervisors, \$300.00 a year. The County Commission put it in their bill at that, the Senate passed it at that, what will the House do? I would like to ask the members of the Senate and also the members appointed by the Governor to form a County Act, if any of them would like to hold the position of Supervisor for \$300.00 a year and stay honest, and not do any grafting. I have read within these last six months about certain gentlemen going through the different counties on the mainland, and the salaries they got for the different positions they held, and that they were all good men, and we ought to be able to do as well. Did the gentlemen find out how big a house they lived in, how many servants they had, horses and carriages, automobiles and the size of their bank account? Ninety per cent of the small salaried men go in poor and in ten years, if they can stay that long, come out wealthy.

How many times do we hear of men being caught red-handed, and have had to flee the country or go to jail, why the uspers are full of them? Does the Senate want the same thing to happen here? I say it is tempting a man to become a thief. A man can run and be elected as Supervisor and intend to be honest, and do his duty like a good American citizen, but the temptations that will be put in his way will be so great, that he can not resist and he falls by the way side, an outcast, and a fugitive, the same way with the other positions, the salaries are so small that a man will only run for the graft there is in them.

I remain, respectfully yours, GEO. GROVES, Hamakua, Maui, March 24, 1905.

## EX-SHERIFF MUST PAY.

Hilo, April 4.—By order of Judge C. F. Parsons, signed March 30th, former Sheriff L. A. Andrews is given until Thursday next to pay his fine of \$50. Imposed in the contempt proceedings on February 1st last, for failing to turn over to the custody of the Clerk certain monies in his hands, amounting to \$160.00, as fines and costs in two criminal cases. The defendant was given an opportunity to be heard at that time in person and by counsel on a motion to remit the fine imposed. Carl S. Smith appeared for the Territory. On February 17th the court allowed the defendant two weeks within which to file a brief in support of his motion. No brief having been filed during the time, or at all, and no sufficient reason appearing to the Court why the judgment should be reversed or vacated, the Court orders the payment of the said \$50 within one week from March 30th. At that time, on failure to make payment, such further action will be taken as may be necessary.—Tribune.

## BEARS AT HOME.

The Kaimuki Zoo Bears will be at home to the public, in their new and roomy house, from and after Saturday, March 11th, at 1 p. m.

They moved into their new quarters Friday evening.

It was a Japanese man of science, Kitaso, who first demonstrated that most of the erms of consumption and other diseases found in dust are harmless, a single hour of sunshine sufficing to kill them. Were it not for this agency of the sun the globe would soon be depopulated.

## THOSE CLAIMS

Editor Evening Bulletin:—Whenever the 1895 claims are mentioned the Advertiser goes into hysterics in its fear, that a scant and tardy justice might be done to those, who, without any show of reason, were thrown in prison in 1895, kept there for a couple of months without trial and finally released without even a reluctant expression of regret from the authorities, who simply had lost their heads through their frantic fear at the opera bouffe revolution.

The justice of the claims of the foreigners who were incarcerated has been acknowledged even by Governor Carter who two years ago endeavored to get an appropriation for the expenses of a commission to adjust the claims. The Legislature refused to pass such a measure, because the Representatives held that the Hawaiians who were cast into jail in 1895, were also entitled to redress, a view which of course could not be seriously entertained. As the claimants have been made to understand, the reason why the Washington administration insists in the Territory and not the Federal government settling the claims, is that when annexation took place, and Mr. Dole, as President of the Republic of Hawaii, enumerated the financial obligations of the country, he made no reference to the claims, and kept the administration in Washington in ignorance of their existence.

What his object in doing so was, is hard to tell, but in Washington that policy of hiding facts has not been commented on in flattering terms by any of the branches of the Federal government. As the Governor has correctly said, that these claims should be wiped off the board, and an unpleasant incident in the history of Hawaii closed. The Advertiser prophesies, that the claimants, if paid, will "blow in" the money within a week in Honolulu. If that is so, we think it the plain duty of the Merchants' Association and other commercial bodies to urge upon the Governor and the Legislature a speedy settlement. The "blowing in" of a half of a million dollars (the Advertiser's figure) at the present moment in Honolulu would not come amiss to our merchants, especially when the "blowing" was accomplished within the space of one brief week.

A BRITISH CLAIMANT. April 6, 1905.

## BANANA GROWERS QUIT.

Hilo, April 4.—A majority of the homesteaders composing the Kailuohi Settlement Association at 13 miles, Oiaa, are preparing to plant sugar cane and have combined to plant a small acreage of seed cane for next season's planting. They have received such bad treatment by commission men at San Francisco that they see no profit in bananas for the grower. The excessive charges of the railroad, steamship lines and commission men combine to discourage the further growing of bananas in this region, it is alleged.—Tribune.

## Ventilation and Roses

NATURALLY this heading doesn't mean flower garden roses, for there can be no question of the perfect system of ventilation they employ for their lovely complexion.

The roses to be had by proper room ventilation are those longed for by pretty maidens, roses that fade and die in the least suggestion of impure air, that live and thrive by oxygen.

Now, however healthful it may be to sleep in a wholly darkened room, the majority of people don't do it. They sleep with a faint light either because they don't like the dark, or to be ready for an emergency.

That this light should not have a ravenous appetite for oxygen is absolutely essential to health, and so to beauty. It doesn't matter how much fine ventilation there is if the oxygen is all devoured before the air reached the lungs.

Open your windows, use electric light, delicately shaded at night and you will wake up with rosy cheeks.

### SHOOTS WRONG PERSON

C. K. H. Ching tried to defend his sister from an intruder in her room last night, and in doing so shot her through the hand. The intruder was Him Wo, and he had climbed through the window when Ah Kun Ching, the sister, heard him. At the same time Ching came from his room and attempted to shoot the malingering, but shot his sister instead. She is now at the Queen's Hospital and no serious consequences from the wound are expected.

Him Wo escaped through the window and has not been seen since. It is said that he has been troubling the family for some time.

## WAILUA CO. LEASES HOLT ESTATE LANDS

A lease of areas of lands has been made by Carlos A. Long, administrator of the will of R. W. Holt, R. L. Colburn, R. Wm. Holt, Geo. H. Holt, E. S. Holt, Helen A. Holt, individually, and also as guardian of the minor children of J. R. Holt, Jr., Elizabeth K. Richardson and Haw. Maturity Co., of the first part, and Wailua Agricultural Co., Ltd., of the second part, and J. P. Colburn, J. L. Holt and Eliza R. P. Christian of the third part. The lease is now filed with the Registrar although R. W. Holt and Geo. H. Holt have not signed the instrument.

The lease provides that the titles of the various parties thereto are considered to consist in the agreed proportion merely for the purpose of this transaction.

The land leased include 12 piece of the Ahupuaa of Paalaa, the Kaheka tract, and Wailua lands together with the rights belonging thereto. The lease is made for the term of twenty-five years, beginning April 1, 1905.

The lessee agrees to pay as rent for the Wailua lands the sum of \$1500 and for the other lands \$7,500, and also taxes, etc., which may be levied on the premises.

The lessee agrees to pay the rent in the aggregate annual sums and in the following proportions: To the administrator \$6000 annually, to Robert L. Colburn \$666.67, to Geo. H. Holt, \$333.33, to Edward S. Holt \$333.33, to Elizabeth K. Richardson \$333.33; to Hawaiian Realty and Maturity Co., Ltd., \$333.34, and to Helen A. Holt, \$333.34. The lessee reserves itself in respect of its ownership or certain of the premises, the aggregate annual sum of \$611.11. Lessee also agrees to pay the rent quarterly in advance.

## NEBRASKAN FROM COAST

The American-Hawaiian liner Nebraska arrived off port at 10 o'clock last night, and came into the harbor this morning. She docked at the company's slips shortly after 7 o'clock. The A-H liner Oregonian moving to the inner slip to give room for her big sister outside.

The Nebraska has an unusually big trip down from San Francisco, making the run in seven days. Bright weather and light winds prevailed. An unknown whaler was sighted 48 hours from the coast. This may be the Gay-head, which is on her way to Honolulu. Yesterday morning the Alameda was passed, holding steadily on her homeward way.

The Nebraska brings a light cargo, as the Oregonian picked up a good deal of what would have been the Nebraska's 1000 tons of general freight, including flour and feed, are shipped to this port, and 1500 tons to Kalaup.

The Nebraska brought two days' mail.

## JURY UNDECIDED

The case of Lau Glin, charged with having che-fa tickets in his possession, was tried before Judge De Bait this forenoon. Deputy Attorney General Peters conducting the prosecution, while Attorney C. C. Biting appeared for the defendant. The case went to the jury at a little after 11:30 a. m. At noon it reported that it stood six to six and was excused for lunch.

## PAUOA PURCHASE IS RECOMMENDED

Public Lands Committee reported on House Petition 83 (Kalinu) from T. Awana for damages (\$3,900) to land by reason of certain alleged errors in description, finding that facts alleged in the petition are virtually correct, but that \$200 should fully compensate.

Error was made by Survey Department. Report adopted. This committee also reported on Jos. Scharach's petition (Sheldon, 196) for \$100 for 6,000 feet of his land taken by the Government for the widening of the Molokai road, Kaula, the committee finding that the matter is now under consideration of the Public Works, a surveyor being now on the land; it is recommended that the Public Works settle the matter out of appropriation for roads and bridges general for that locality. Report adopted.

Lands Committee also reported on Petition 117 (Greenwell) from N. and S. Kona, Hawaii, for two appropriations of \$5,000 each for water conservation and supply at the Kailua and Napoopoo sections of the Kona, the committee believing that the outlay sought can be better applied in other directions and that large expenditures for reservoir purposes in the Kona at this time are not justified; petition is recommended to be taken up with the appropriation bill.

To Purchase Pauoa. The sum of \$140,000 is recommended by the House Lands and Improvements Committee for the purchase by the Government of all the water rights in Pauoa valley, Honolulu. Report adopted.

"It is a well known fact," says the report, "that the present supply of pure water required for domestic and other uses in the city is very limited and the late season of drought has demonstrated that the supply is not sufficient even for the ordinary every-day uses, and to be totally inadequate in cases of emergency like the happening of a conflagration, such as has already visited this city. Your committee is of the opinion that it is the duty of the government to obtain absolute ownership and control of all available sources

## ELKS' MINSTRELS

The sale of seats for the Elks' Minstrels has begun with a rush, and anyone who wishes to see the performance should apply early to members, Wall, Nichols & Co., or the Bergstrom Music Co., as it appears, from present indications, that the house for Thursday and Saturday nights will be sold out before the sale of seat-tickets begins at Wall, Nichols & Co. on April 20th. On that date, by the way, no tickets will be sold, and the apparent anomaly is explained by the fact that arrangements have been made whereby the purchasers of advance tickets may present them in exchange for seat-tickets, the regular cash sale of tickets actually beginning on the following day. Tickets are good for either the Thursday or Saturday night performance.

Committee on Miscellaneous Matters reported on Senate Bill 95 (Dowsett), relating to license for fire arms, recommending passage providing license is reduced from \$10 to \$5.

Committee on Public Education reported on Senate Bill 23 (Brown) to provide for a High School in Hilo, recommending enactment.

Wailuku Court House. Public Lands Committee reported on petition (108) by seventy-three citizens of the Second Judicial Circuit, asking for a new court house in Wailuku and \$50,000 therefor, recommending with a resolution on the same subject and that the amount prayed for be inserted in the loan or appropriation bill. Report adopted.

Forwarding Justice. Rep. Harris introduced an Act to provide for additional salaries to the judges of the circuit courts of several judicial circuits; to each Judge of the First Judicial Circuit, \$1,000; to Fourth Circuit Judge, \$500; and \$500 each to the Judges of the Second, Third and Fifth Circuits.

Health Reports. The Health Committee reported: On Palua's resolution in re appropriation for Kohala hospital; understanding that the introducer has a bill in preparation, the committee recommends tabling the resolution. Adopted.

On Rice's resolution relating to Kaula hospital and physician; recommending tabling and consideration with the bill, favoring appropriation. Adopted.

On Kalawala's act to regulate plumbing in Honolulu; recommending passage with certain amendments.

On Lillikalan's petition in re Palolo valley cemetery site, recommending tabling. The proposed plot is but one acre in extent and not far removed from water courses. Adopted.

Finance Reports. The Finance Committee reported: On Lewis' act to regulate fiduciary companies; finding it is almost a duplicate of H. B. 125, an act to regulate trust companies, which passed third reading April 4, and recommending indefinite postponement. Report tabled to be considered with the bill.

On Sen. Bishop's act relating to internal taxation; recommending passage with amendment. Adopted.

On Kaleiopi's optura license bill; recommending passage.

Emergency Money. On the message of the Governor asking for immediate action on emergency appropriations, finding necessary the appropriations as asked and submitting a bill covering amounts required.

Rep. Harris introduced a bill making additional appropriations for the departmental use of the Territory, totalling \$25,425.20.

For County Election. Rep. Sheldon introduced a bill to defray expenses of the special election of 1905 under the provisions of the County Act. Bills introduced passed first reading by title.

A black silk shawl was picked up by the police last night. Efforts were made to connect its finding with some dark plot of murder. The local sleuths wanted to prove that the shawl was used to envelope the victim, but as no further clues were found it was finally decided to hold the shawl as Deputy Sheriff Rawlins' office until the loser appears to claim it.
