EX-QUEEN EN ROUTE

FORMER QUEEN OF HAWAII LEFT WASHINGTON TODAY AND IS NOW EN ROUTE HOME—SHE REMAINED IN WASHINGTON DURING A PORTION OF THE LAST SESSION OF CONGRESS.

WASHINGTON, D. C., March 23.—Liliuokalani, the former queen of the Hawaiian Islands, left Washington today and is en route to her home in Honolulu. She was a visitor in Washington during the session of the last Congress as the matter of compensation for her from the United States government was given consideration by the Senate.

NEGROES FOR CAMP M'KINLEY

ARMY CIRCLES MUCH WROUGHT UP OVER THE ANNOUNCEMENT OF THE SAILING OF A TRANSPORT WITH A BATTALION OF THE 24TH INFANTRY TO RELIEVE THE COAST ARTILLERY.

Army circles are in a furore. The excitement has spread to the military hospital. The excitement and interest in the matter includes commissioned officers, non-coms. and privates.

A battalion of Negroes is said to be coming! The report got in circulation early this morning that a cablegram had been received at Army headquarters that a transport sailed from San Francisco this morning with a battalion of the 24th Infantry, for Camp McKinley, to relieve the 66th and 67th companies of Coast Artillery which have been on duty here now for about four years.

The 24th Infantry is a regiment composed of negroes, but with white officers.

The report did not mention where the Coast Artillery was to go, whether to the Philippines or back to some post in the states. When the Artillery first came here, it was two batteries of the Sixth Artillery. Other companies and the regimental command went on to the Philippines. When the Artillery branch of the service was reorganized, the regimental identity was lost and the two companies here became the 66th and 67th companies of Coast Artillery.

Captain Williamson, the depot quartermaster, has received no advices on the subject. He states that the departure of any transport from San Francisco on this date would seem a little unusual as the transports depart from that place on regular schedules and this is not a regular sailing day. Captain Williamson says that he knows there are a number of changes and transfers of troops to the Philippines being made, but he has received no information which will lead him to believe the report of there being any pending change in the personnel of the soldiers at Camp McKinley. Such a plan may have been decided upon of course, but no advices have been received by him regarding it.

THE ESPLANADE LOT DEAL

THE DEEDS AND PATENT ARE SILENT AS TO ANY OTHER CONSIDERATION FOR THE \$30,000 LOTS THAN THE \$21,516 PIECES OF LAND ON HOTEL AND FORT STREETS AND \$1.

The deeds of record in the Esplanade lots transaction between the Public Works Department and J. A. McCandless are exactly as described in The Star on Saturday. They show the purchase of three lots by McCandless for \$21,516, the exchange of the three lots for four esplanade lots, and the sale of the Esplanade lots for \$30,000 a week later. Other deeds in existence, unrecorded and representing transactions known to those concerned, show payments by McCandless for the Territory, for lands owned by the Castle Estate, on account of the Esplanade deal.

The secret dickerings with valuable lands appears to have gone on for some time, without any thought on the part of Superintendent Cooper that such transactions were of interest to the public. Public lands are supposed to be disposed of at public auction, so that all bidders may have a chance, but these pieces of the most valuable land in Honolulu were quietly disposed of on terms now stated to be not even yet spread on the records. The following is an exact copy of the recorded deed which McCandless gave in exchange for the \$30,000 lots:

"This indenture made this 2nd day of March, A. D. 1903, by and between J. A. McCandless of Honolulu, Island of Oahu, Territory of Hawaii, party of the first part and the Territory of Hawaii, party of the second part. Witnesseth: Whereas, the parties hereto have agreed upon an exchange of land whereby the party of the first part conveys to the party of the second part all those parcels of land below described, required by the party of the second part for street widening and extensions, and the party of the second part grants to the party of the first part all of those certain lots of land situate on the Esplanade in said Honolulu, more particularly described in Land Patent No. 4690, (Grant) now therefore this Indenture witnesseth:

"That said party of the first part, in pursuance of said agreement and of One Dollar to him paid by the party of the second part, the receipt whereof is hereby acknowledged and of the issue to him of said Land Patent No. 4690, and in exchange for the land described in said Patent, and in further consideration of the waiving by the party of the second part of all charges for betterments to be caused by the widening of the roads hereinafter mentioned, does hereby give, grant, bargain, sell and convey unto the said Territory of Hawaii, all those pieces or parcels of lands situate in the city of Honolulu, Island of Oahu, Territory of Hawaii, being more particularly described as follows: Here follows a description of the three pieces of land which were bought for \$21,516, AND OF NOTHING ELSE. Nothing in the deed suggests that there were other considerations, but there are two other deeds in existence, both, for some reason, left unrecorded, which show that McCandless paid \$7,228 and \$1,000 to the S. N. Castle Estate, to buy land for the Territory, acting apparently as a sort of disbursing agent. These were executed on the 28th of February, or before McCandless got the Esplanade lots.

No one can tell from the deeds, under the circumstances, just which transaction is which. Perhaps there were other considerations, unmentioned in the Castle Estate deeds, just as there appear to have been in the Esplanade deed consideration—involving a third of the entire sum paid for the land—never mentioned at all in the instrument.

The land patent, number 4690, granting the Esplanade lots to McCandless, is even more definite than McCandless' deed to the government, in setting forth the three lots bought for \$21,516 as the entire consideration for the Esplanade lots. It is in the following language:

"LAND PATENT NO. 4690. On Land Exchange, by this Patent the Governor of the Territory of Hawaii in conformity with the laws of the United States of America and of the Territory of Hawaii, makes known to all men that he has this day granted and confirmed unto J. A. McCandless, for the consideration of \$1 paid into the Treasury and for the further consideration of a deed to the Government of the Territory of Hawaii of lands required for the widening and extensions of streets in the City of Honolulu, Island of Oahu, from J. A. McCandless, the receipt of which is hereby acknowledged, SAID DEED BEING DATED MARCH 2, 1903, AND THE LANDS THEREIN NAMED BEING GRANTED AND CONVEYED IN EXCHANGE FOR THE LAND BELOW GRANTED," etc., the rest of the patent being a simple description of the four Esplanade lots.

The deed of March 2 is the McCandless deed, and mentions no other consideration than the three pieces of land. If any other consideration was given for the Esplanade lots, land patent No. 4690 is wrong.

MRS. MAYBRICK TO BE FREED

Associated Press Cable to the Star.

LONDON, March 23.—It is officially announced that Mrs. Maybrick will be released from prison in 1904. The pardon of Mrs. Maybrick has been granted in response to a persistent and systematic campaign waged in her behalf by the women of the United States. She was an American woman who was sentenced to life imprisonment for conviction of having killed her wealthy husband with poison. The incident of her conviction and the subsequent efforts in her behalf has been one of the most dramatic and sensational in modern criminal history of Great Britain.

TO GUARD THE CHINESE FUND

SENATE JUDICIARY COMMITTEE REPORTS BILL TO DECLARE THE FUND A TRUST AND PROTECT IT.

The Senate took steps this morning looking to put every official above suspicion—at least so far as the famous "Chinese Fund" is concerned. The Judiciary Committee made its report in the matter of providing a system for the custody of the Chinese Fund, as was suggested in the Governor's Special message on that score recently.

The report of the Judiciary Committee was as follows: The Judiciary committee to whom was referred the message of the Governor in relation to the care and custody of the so called "Chinese Fund," beg to leave to report, that they believe this fund should be kept separate and apart from the funds of the Territory or the counties. We believe the money should be deposited some where upon terms and security to be agreed upon. We think that a trustee under bonds of the fund should be appointed who shall have the control and paying out of the fund for the return of those Chinese to China, whose money was deposited in the Postal Savings Bank. This money does not belong to the Territory, the Territory has control of it simply as Trustee of the Chinese for whose benefit it was originally deposited. We submit an act to cover that purpose.

The bill introduced was: "Section 1. The sum of money now in the Treasury of the Territory known as the Chinese Fund, and amounting to the sum of one hundred and fifty-five thousand five hundred and forty-six and 70-100 dollars (\$155,546.70) is hereby declared to be a trust fund.

"Section 2. The governor of the Territory with the consent of the Senate shall appoint a trustee of said fund, whose duty shall be to have the care, custody, control and disposition of said money and to pay the same out from time to time to the persons entitled to such money upon their leaving the Territory.

"Section 3. All the papers, books and documents in the possession or under the control of the Board of Immigration of the Postal Savings bank, the Republic of Hawaii pertaining to this fund, shall be surrendered and delivered to said Trustee.

"Section 4. The Trustee so appointed shall give bond or furnish security for the safe keeping, custody and paying out of said fund.

"Section 5. Upon confirmation by the Senate of said Trustee, and upon his giving bonds, or furnishing security, as provided by this Act, the Treasurer of the Territory shall immediately pay over to such Trustee said sum of one hundred and fifty-five thousand five hundred and forty-six and 70-100 dollars (\$155,546.70).

"Section 6. The Trustee shall pay out said sum or such parts thereof to the Chinese entitled thereto only upon the assurance and proof that Chinamen, or Chinese, as the case may be, are departing from the Territory and returning to the Empire of China, and are legally entitled to a part, portion or pro rata of said Trust fund.

"Section 7. In the selection of such Trustee, the Governor may appoint any trustee any corporation, person, or firm that may be carrying on or doing a banking business within the Territory.

"Section 8. This Act shall take effect upon its approval.

The report was adopted and the bill passed first reading and ordered sent to the printing committee.

MANAGER GJERDRUM PROMOTED. Manager Gjerdrum, who succeeded the late David Center about ten years ago as Manager of the Hana Plantation and who has since held that position, has been offered and has accepted the management of Honokaa Plantation on Hawaii, to succeed Manager Watt, resigned.

It is reported that the management of Hana Plantation has been offered to Mr. Bull, now at the old Hana Plantation, and that he has accepted the position.—Maui News.

THE DEPOSITORY BILL. The Ways and Means committee shelved the Public Depository Bill of Senator Cecil Brown this morning by reporting a substitute bill for his measure.

SAVINGS BANK. Many people start in to save by fits and starts. They make deposits in a savings bank for two or three months and then stop and go into their old habits of spending what they earn. The Pioneer Building and Loan Association by requiring a monthly deposit of the same amount each month breaks them of the spending habit as they soon come to look upon their payments as a monthly expense that must be met. The interest earned for 1902 was 11 1/2%. The 25th series of Stock is now open for subscription. One share requires a payment of \$1.00 per month and when it matures is worth \$200.

LOAN BILL AND 1895 CLAIMS

THE SENATE THIS MORNING GETS REPORTS AND BILLS ON BOTH THESE SUBJECTS.

Several reports were received by the Senate this morning from the Judiciary committee. One report was in the matter of a loan bill. The report was as follows:

"The Judiciary Committee to whom was referred the message of the Governor containing estimates for appropriations to be expended during the ensuing fiscal period from moneys to be received from public loans reports: That the total amount asked or recommended is \$2,615,570. Of this amount \$1,235,390 is available for the first year of the period, leaving a balance of \$1,380,180 to be available for the second year. This latter amount may or not be available as it depends upon the assessed value of the taxable property of the Territory for that year. The limit of borrowing by the Territory under the Organic Act is placed at one per cent on the assessed value of such taxable property as shown by the last general assessment.

We submit herewith an act based upon the estimates submitted by the Governor.

The act submitted is practically identical with the items suggested by Governor Dole. The report was adopted and the bill will be given second reading tomorrow.

Another report was in relation to providing a commission to consider the claims of various foreign subjects for damages arising out of alleged imprisonment during the Revolution. The report was as follows:

"The Judiciary Committee to whom was referred the Governor's message relative to claims of certain persons against the former Republic of Hawaii for alleged false imprisonment and recommending legislation authorizing the appointment of a commission to inquire into such claims and demands, hereby submit the draft of an act authorizing the appointment of such commission."

The act authorizes the commission to consist of three disinterested and competent citizens to be appointed with the consent of the Senate. They are to be paid a salary of \$10 a day, the session to last 90 days. The commission is to consider only the claims mentioned by Governor Dole in his message on this point. The officers for the commission were also provided for as follows: stenographer \$75; bailiff \$25; clerk \$450 and counsel for Territory \$750; and incidentals \$500. The report was adopted.

The committee on Ways and Means in the Senate this morning reported in favor of an appropriation of \$159,85 for the payment of E. W. Barnard, William Horner and A. B. Lindsay to pay for the Hawaiian postage stamps left in their hands with the change of government. The report will be considered with the appropriation bill.

IN THE SENATE.

Senate Bill No. 97 to repeal the census laws of the Territory which had been in vogue under the old government came up on its third reading in the Senate Saturday morning. This measure repealed the old census laws for the reason that the census is taken by the Federal Government. The bill passed unanimously.

Senate Bill No. 103 relating to adopted children came up on third reading Saturday morning and was passed by the Senate. The bill provided that an adopted child shall inherit the property of its adopted parents but not the property of its natural parents.

Senate Bill No. 108 relating to habeas corpus came up on its third reading and passed.

An adjournment was taken until 10 a. m. Monday.

"AND IF NOT, WHY NOT?"

The House Passes Some Resolutions of Inquiry Up to Super-
intendent Cooper.

Just before the House adjourned Saturday two resolutions of
inquiry were passed up to Superintendent Cooper, both being
adopted by the House. One of them was as follows:

"Resolved by this Honorable House of Representatives that the
Superintendent of Public Works be and is hereby requested to
furnish this Body with:

"First—The cost of the Nuuanu street bridge construction to
the date hereof.

"Second—The amount of cost of construction under the ad-
ministration of James H. Boyd, ex-Superintendent of Public
Works, with statement of time of execution and the amount of
work done on same.

"Third—The amount of cost of construction under the admin-
istration of Henry E. Cooper, Superintendent of Public Works,
with statement of time of execution, and the amount of work
done on same.

"Fourth—The amount proposed to be expended on the work
according to plans and specifications by the Assistant Superin-
tendent of Public Works.

"Fifth, a statement whether or not the proposed emergency ap-
propriation of \$6,000 for same will finish the work. If not, how
much more in addition thereto will be required for the construc-
tion of the bridge."

The other resolution instructed the clerk of the House to pro-
pound to Cooper a number of questions regarding local buildings
which project on street lines, asking if he has heard of such pro-
jections and continuing: "Have you communicated with the own-
ers of said building notifying them of their occupying a portion of
the public highway and informed that the same will not be per-
mitted? And if not why not?"

The last resolution was offered by C. A. Long, and the other
one by H. C. Vida. In both cases an answer is called for within
five days.

DISCOURTESY TO THE SENATE

THE HOUSE REBUKED BY VICE-SPEAKER KNUD-
SEN FOR SUMMARILY REJECTING A SENATE
BILL ON FIRST READING—ACHI'S BILL TO RE-
PEAL STAMP DUTY ON CERTIFICATES TABLED.

The House on Saturday against summarily rejected a bill that
had passed three readings in the Senate and Vice-Speaker Knud-
sen made a protest, stating that such action was most discour-
teous to the Senate. "The proper course is to refer the bill to a
committee," said Knudsen. "We don't even know what the bill
is now. Perhaps many who vote for it now might be willing to
reject the bill later on."

The bill that was rejected is Senate Bill No. 20, introduced by
Senator Crabbe, being "An Act to Repeal the Stamp Duty on
Certificates of Stock of Corporations. The motion to reject was
made by C. A. Long and carried by 21 to 6. Kumalae said that
the act would deprive the government of over \$40,000 a year in
revenue. Harris opposed rejection of the bill, stating that he
wanted to investigate the revenue question.

Other bills received from the Senate all passed first reading
without discussion.

THE ASIATIC INVASION.

An invitation is extended to White and Hawaiian mechanics of
this district to meet at Firemen's Hall, Hilo, at 7 p. m. on Satur-
day next March 21. The object of the meeting is for the purpose
of discussing the Oriental and Asiatic invasion and to adopt resolu-
tions as will tend to benefit the conditions of skilled labor of
other nationalities. Hawaiian carpenters and representatives of
allied trades are especially invited by the committees, to be pres-
ent. It is understood that there is a possibility of a mechanics
union being formed at the meeting.—Hawaii Herald.

FOR A PARK.

The Citizens' Park Committee has recommended to the Legis-
lature that a tract of 500 acres of land at Waiakaa be used for
park purposes. C. C. Kennedy has offered to release that number
of acres for the purpose provided the Territory will appropriate
it for a park. The committee further recommends that Hoolulu
Park be taken over and be opened to the public.—Hawaii Herald.

THE SECRET ESPLANADE LOT DEAL.

The secret sale of four Esplanade lots by the Superintendent of Public Works, with the approval of the Governor, it is said, makes very vital the question of whether the legislature should not immediately pass an act, taking it out of the power of the executive to dispose of any public lands, except agricultural lands and they only under general land laws providing for publicity in every case.

Without such an enactment, it seems only a question of a very short time, when the most valuable city property owned by the Territory will have passed out of the ownership of the Territory and become the speculative or profit bringing property of individuals or corporations.

Of all the land owned by the government, the Esplanade lots are the last ones that ought to have been parted with. Until the final completion of plans for the improvement of the harbor and water front to meet the requirements of increasing commerce, those Esplanade lots ought to have been held as government property against every other consideration. But if they were to be sold, there ought at least to have been publicity about the sale. Others than the individual who was given the land apparently at his own price, ought to have had a chance to bid on it. Who knows but what a very much higher price might have been obtained for it at well advertised auction?

No similar public land belonging to the United States could be sold without an act of congress. No similar public land belonging to any state or municipality in the United States, could have been sold without the consent of the state legislature or the municipal council, it is believed. If for any reason the use of the land of the naval station, not far from these identical four Esplanade lots so recently sold, should be abandoned by the United States, it would require an act of congress to sell it. It is only the unoccupied agricultural, pastoral, timber or mineral lands of the United States which can be sold by the executive department, and they only in accord with strictly drawn laws.

The statements made by the Senate Commission which looked into our public land transactions last fall, the disclosure of the Esplanade lot sale, and the frequent secret sales or leases within the past two years of valuable public land, makes it the duty of the legislature to take from the executive the power to dispose of any but agricultural lands without the consent of the legislature; or at the very least, that no such land shall be sold except with such publicity as shall guarantee to the Territory the highest price the land will bring.

Both Superintendent of Public Works Cooper and J. A. McCandless have said regarding the publication in the Star last Saturday of the particulars of this Esplanade lot transaction, that the deed did not tell the whole transaction, and that there were other considerations which the government received, namely, \$250 in cash and the Cornwell, Bowler, Ahrens and Queen Emma property needed for the widening of Waikiki road, and valued at \$8,228. Since both Superintendent Cooper and J. A. McCandless say that this transaction was included in the consideration for the Esplanade lots, it must be accepted that it is included. But the deed does not say so. The deed sets out the consideration, and it is entirely silent as to the Waikiki Road transaction. And the Patent of the Esplanade lots to McCandless is more explicit still, and negatives the idea that there was any other consideration for the \$30,000 Esplanade lots, than the \$21,516 Fort street and Hotel street property. And besides the \$30,000 lots it parted with, the government gave away all its claims to betterments. Since there were other and substantial considerations received by the government out of the transaction than those stated in the deed and patent, the deed and patent are false.

The deeds for the Cornwell, Bowler, Ahrens and Queen Emma property, for some reason have not yet been filed for record. Who knows that they will state the real consideration for which they are granted, since the deed and patent in the Esplanade transaction do not?

Clearly it cannot be amiss for the legislature to make an investigation of this whole transaction, and to pass laws that will prevent the secret sale of valuable government land in future. If something of this sort is not done, some future legislature will awake to the fact that there is no public lands left to be legislated about.

The announcement that the grave of Attila, the Hun, has been found, sounds like the Board of Trade of the Drive district was bidding for the tourist traffic.

Sending Brigadier Funston to Oregon at this time is like locking the stable after the horse has gone. Funston should have been sent to Oregon when Bandit Tracey was doing his spectacular stunt.

Thomas square, with the work now in progress there, looks like a wood-lot down east being cleared for firewood. Ever since the work began, cordwood has been piled up here and there over the square. In all, a good many cords of wood must have been cut off that piece of public property. How much cordwood is being taken off, will doubtless be reported in the returns of government realizations, by the public works department, under which the work is being done.

The following from the current number of Dun's Review, is interesting in itself, and as showing how closely the pulse of trade and finance is felt.

"Failures were fewer in February and smaller in amount of defaulted liabilities than in the corresponding month last year; 1,030 comparing with 1,104, and \$10,907,454 with \$11,302,029. But for a few large defaults in real estate and other similar lines the exhibit was strikingly satisfactory, and in manufacturing lines the decrease in liabilities was over a million dollars, or more than 20 per cent. There was a considerable improvement in the number of trading failures, 734 comparing with 800 a year ago, while defaulted indebtedness fell from \$4,737,491 to \$4,582,704. Eliminating the few failures for \$100,000 each in all years, it is found that the average liability per failure in February, 1903, was \$7,154, against \$7,885 last year, while only three years of the decade made a better showing. In this respect the trading failures made a remarkably favorable exhibit, only one February in the decade averaging lower than the \$5,171 for 1903. Failures this week numbered 229 in the United States against 176 last year, and 16 in Canada compared with 17 a year ago."

The people had gathered in the Town Hall to witness a panoramic exhibition of the world's great men and the noteworthy events of their lives, on canvas. The Professor having held their attention for an hour, came to the closing spasm.

"Ladies and Gents: You now behold a representation of one of the most stirring scenes in the world's history. Daniel in the Lion's Den. Daniel, as you know had pinched molasses from his man's sewing basket and that he might see the error of his ways had been cruelly cast among these beasts. Note the peaceful expression on his face—see the realistic smiles of the lions. But "Dan" ain't phased a little bit. You can distinguish Daniel from the lions by the green cotton umbrella he carries under his left arm." As the audience rose to go the Professor threw on the screen the words, "Douglas Patent Closet." He was paid to do it. Bath, the plumber, also pays to tell you about the Douglas. 165 King street. It will pay you to investigate the Douglas.

THE HOUSE INTERROGATES COOPER

ASKS HIM ABOUT HIS "SCIENTER" OF THE CHARLES WILCOX SHORTAGE—ALSO INQUIRES ABOUT SIDEWALK WORK AROUND HIS NEW RESIDENCE—THE KONA ROCK CRUSHER.

The House this morning adopted the following three resolutions:

"Be it resolved, that the Superintendent of Public Works be instructed to answer the following questions:

"1. When you assumed the duties of your office did you at any time then or thereafter notice that Mr. Charles Wilcox, an employe in your office, committed the crime or offense of embezzlement, as now charged against him?

"2. Was that malfeasance on the part of the said Mr. Charles Wilcox in his said office, the cause, ground and reason of your discharging him from said office, a scienter of which you knew already?

"Whereas, Charles Wilcox has been suspended from his office and duties by the Superintendent of Public Works, and

"Whereas, it has been given out that he has been suspended owing to a shortage that was uncovered by a committee of this House and,

"Whereas both Governor Dole and Superintendent of Public Works Cooper knew of this shortage for some time, therefore be it,

"Resolved, that a select committee be appointed to inquire from the Superintendent of Public Works why said Wilcox was not suspended when said shortage first became known and why the facts of said shortage was not made public."

"Whereas, it is currently reported in Honolulu that the present Superintendent of Public Works Henry E. Cooper, while holding said office of Superintendent of Public Works, to wit: during the month of February, 1903, did use the teams, wagons and material belonging to the Department of Public Works of this Territory and the officers, servants and labor were then in the pay of said Department and have since been paid from and out of the public funds of this Territory in respect of the work herein-after described, for the purpose of constructing a sidewalk along and in front of certain premises owned by said Henry E. Cooper and by him occupied as a residence, at the south-east corner of Beretania and Punahou streets, in said Honolulu, therefore,

"Resolved, That the Committee on Public Expenditure be and said committee is hereby instructed to make diligent inquiry into the matters aforesaid and to report to this House with all convenient speed its findings of fact in the premises."

The first of the three was offered by D. M. Kupihea and the other two by W. J. Wright.

Harris opposed the resolutions regarding Wilcox, stating that the latter was on trial, or to be placed on trial, for embezzlement, and that it was not fair for a House committee to butt in and get evidence. Kumalae supported the adoption of the resolution. He remarked that if it were shown that Cooper had had knowledge of such matters as the Wilcox shortage and had not done anything, it would be proper for the House to pass a resolution of want of confidence in Cooper. Kumalae referred to the sidewalk resolution and suggested, amid a good deal of laughter, that the money Wilcox was accused of taking might have gone that way. "The committee which is investigating Deputy Auditor Meyers has found evidence connecting Cooper with certain matters carried on in public office hours," said Kumalae, "and we want complete reports."

Pulaa introduced a resolution to ask the Superintendent why he had not purchased a rock crusher for Kona, according to the appropriation made last time, and this also will be passed up to the Superintendent.

AGAINST THE BEER TAX

HOUSE FINANCE COMMITTEE REPORTS FAVORABLY ON THE SENATE BILL REPEALING THE SPECIAL TAX OF FIVE CENTS A GALLON ON HAWAIIAN BREWED BEER.

The House Finance Committee this morning reported favorably the Senate and House bill to repeal the special tax of five cents a gallon on malt liquors, as follows:

"Under the above law a license was taken out by the Honolulu Brewing and Malting Co., a corporation formed to operate under said act. This act provides that a special tax of five cents a gallon be paid to the government for all malt liquors made under the license, in addition of \$150 per annum." The above named corporation opened up for business in July, 1901, and they began the sale of malt beer and liquors then. The Treasurer of the Territory states that no collections were ever made by his office of this special tax, and that no report of the number of gallons brewed and sold was ever furnished his office. Under date of March 4, 1902, the then Treasurer, William H. Wright, addressed a letter to the president of the above named corporation in regard to this matter, but there is no record of a reply having been received in writing, and the matter was brought up with the Governor in advisory council, and bonds were arranged to cover the indebtedness of the Honolulu Brewing and Malting Co. to the Territory because of this tax.

"Your committee have ascertained that the amount of the special tax due the Territory is \$26,436.75 to December 31, 1902, being five cents per gallon on 528,735 gallons, from July 1, 1901." The committee further stated in its report that the special tax is a detriment to the local industry of about \$1500 per month, all beers coming from the mainland selling here without having paid any such tax. "The prosperity of the Territory," says the report, "depends upon the protection of its industries, and legislation adverse to the interests of the corporations or individuals (asking no favors but simply expecting equal advantages) is detrimental to the advancement of this Territory and the interests of every citizen. In conclusion your committee recommend that this bill pass."

Kaniho presented a petition from Halawa Mill asking for "just and good laws" to make the hours of actual plantation labor "7 hours and 1 hour for the noon meal, total 8 hours;" to provide that wages shall not be less than \$1 per day unless by agreement between employer and employe; that wages be paid weekly; that the flow of refuse and stagnant waters through plantations be regulated, and that tax collectors be prohibited from further collecting poll taxes.

A petition was received from L. C. Ables asking that he be reimbursed in the sum of \$936 for money paid for a license by him and others for the Pantheon saloon, which was burned by the Board of Health leaving 11 months' unexpired license.

A petition was received from Halawa, Molokai, taro planters, asking for \$700 to reimburse them for paiai lost in a shipment of November, 1902.

W. J. Wright introduced a petition from Kona asking for a number of changes in the county act. It was referred to the Miscellaneous Committee.

Pulaa introduced a resolution asking Congress to amend the Organic Act "to allow the use of the Hawaiian language." It was adopted by 24 ayes after a brief discussion, during which it appeared that the resolution was intended to ask that use of the language be allowed in the legislature, though the resolution does not say so.

Lewis presented a petition from Hilo, asking that the leper settlement remain under the control of the Hawaiian Board of Health.

Pulaa offered a resolution of inquiry directed to the Superintendent of Public Instruction asking why he had not erected a school house in Pulaa's district, according to the appropriation bill. Harris said that the answer was easy, as there were \$75,000 worth of appropriations and \$5,000,000 in funds. Pulaa said

METHODISTS PLAN A HUGE BUILDING

A FIFTEEN-STORY STRUCTURE TO HOUSE ALL THEIR INTERESTS IN THE CITY OF CHICAGO.

CHICAGO, March 12.—Announcement of the plans for a fifteen-story office building, at a cost of \$1,000,000, to house the Methodist interest of Chicago, was made by Allen A. Gilbert, president of the Chicago Methodists' Social Union at the Methodist governors' banquet held at the Auditorium tonight. The present site of the First Methodist Church, at Clark and Washington streets, in the heart of the business district, will be the site of the new structure, which is to contain a church auditorium surpassing anything of its kind in the world. The churchroom will be conducted in the same plan as the Church of the Stranger in New York, being devoted particularly to services for strangers in the city. The office building will be constructed strictly in accord with modern business ideas.

The banquet was attended by four State Governors—Governor McKey of Nebraska, Governor Gurbina of Indiana, Governor Bates of Massachusetts and Governor Yates of Illinois. Thirty-five members of the Methodist conference of the country are Methodists, and all were invited to the affair.

HILO-KOHALA RAILROAD.

Peek Returns from Honolulu With Promise of Early Work.

Philip Peek returned Wednesday from Honolulu where he has been for the past ten days in the interest of the Hilo-Kohala railroad. When seen by a Tribune representative yesterday Mr. Peek said: "We have formulated a new scheme and will be doing work on the road by June. We did not make a deal with Messrs. Dimond and Wilson for the construction of the road, being unable to agree upon certain details. But the road will go forward just the same." With this remark Mr. Peek produced a cablegram from the east which was an offer to take the bonds necessary to build the road. "To show how certain it is that the present scheme will go through," said Mr. Peek, "I need only say that I called a declaration of this eastern offer."

"I will say, however," continued Mr. Peek, "that a new difficulty has arisen in the form of the Hilo Electric Light Company's proposition to build an electric road to Hakalau. A bill for a franchise for this purpose is now before the Legislature. Concerning this Electric Road, all I have to say is that if a franchise is granted for it I will at once retire from all connection with the Hilo-Kohala railroad. The two lines can not be made to pay."—Hilo Tribune.

Ayer's Hair Vigor

If your hair is fading or turning gray, begin at once with Ayer's Hair Vigor. It will positively restore color to your gray hair, all the full, rich color it had in early life.

As a hair-dressing you will certainly like it, for it keeps the hair soft and glossy and prevents it from splitting at the ends.

Do not be deceived by cheap imitations which will only disappoint you. Make sure that you get the genuine Ayer's Hair Vigor.

MARRIED MAN'S WISDOM.

Whether a churchman or not, a married man arriving home at 2 o'clock in the morning is always in favor of a Shorter Catechism. Before marriage a fellow promises his beloved he will never deceive her. After marriage he finds that he can't. There is just one question that a married woman asks often than "Where have you been?" and that is "What shall I wear?" When a woman says that So-and-So is "such a nice man," it generally means that he had the nerve to tell her she's pretty.—Pittsburg Dispatch.

Drill Was Quite A Success

Monkey Drill Attracted Large Crowd to Kapiolani Park Saturday—Entertainment Was Greatly Enjoyed.

The drill by the police department at Kapiolani Park Saturday afternoon was a success. Much credit is due High Sheriff Brown for the fine showing made by his men. Although the most exciting feature of the entertainment was the "Monkey Drill" by the members of the mounted police, the principal credit is due to Captain Parker's foot division.

Under command of Captain Parker the foot soldiers acquitted themselves splendidly. They first gave the riot drill and then went through the field skirmish drill.

Under command of officer Sam Leslie, the mounted division performed very creditably. The horse which was supposed to do the runaway act with the brake was not so skittish at the outset and not until Special Officer W. Vida used her in the brake did the runaway seem realistic. In fact the runaway became too lively altogether, for the horse upset the brake and spilled Vida. The latter escaped without serious injury however. The mounted men did good work stopping the runaway. They also had races and furnished exciting entertainment for the crowd by chasing after each other and stopping the horses on a dead run.

Practically all of the members of the legislature were present. Delegate Prince Kuhio was also a spectator.

DEAN FARRAR IS DEAD.

Associated Press Cable, Morning Service.
LONDON, March 22.—Dean Frederick William Farrar, for years a close friend and adviser of prominent members of the English royal family, and prominent as a divine and author, is dead, at the age of seventy-two years.

Dean Farrar was the son of a clergyman and was born in the famous old Fort at Bombay, India, in 1831. He secured his education at Cambridge University, graduating in 1854 and then became assistant master of Harrow in 1855. In 1876 he became rector of St. Margaret's in London and dean of Canterbury in 1895. Prior to that time he had been master of Marlborough College. In 1883 he became an archdeacon and seven years later was chaplain of the House of Commons. He was also chaplain in ordinary to the late Queen Victoria.

He is the author of many works of fiction, theology, and philology. Americans know Dean Farrar chiefly through the eulogy he delivered at Westminster Abbey on General Grant in August, 1885. During the same year he also lectured in the United States.

AN ETHICAL CONUNDRUM

CHICAGO UNIVERSITY STUDENTS AT A MOCK REPUBLICAN NATIONAL CONVENTION HISS THE NAME OF ROCKEFELLER—IT CREATES A SENSATION AND GIVES RISE TO EXPLANATION.

From the San Francisco Chronicle. At a mock national Republican convention held by the students of the University of Chicago some of those present hissed when John D. Rockefeller was named as a candidate for the Presidency. It is needless to say that the members of the faculty who were present were "startled" and that "profound quiet" settled upon the horrified assembly in contemplation of the awful deed. After an interval of solemn, and, let us hope, remorseful reflection, the exercises proceeded in accordance with the programme. At "recess" the guilty students explained to the professors inquiring into this dreadful case of lese-majeste that they were merely reflecting the sentiments of imaginary Democrats at the mention of Rockefeller's name. How Democrats could be supposed to be present taking part in a Republican national convention was not brought out in the examination.

There is no doubt that it is the general belief of the American people that Mr. Rockefeller laid the foundations of his enormous fortune by the most outrageous and barefaced illegal bargaining with great railroad corporations and that he used the power thus acquired to crush out weaker competitors by the most ruthless methods of commercial warfare. It is recognized that he has employed a small part of his ill-gotten wealth in works of great public utility. Among these good works is the gift of more or less millions to the University of Chicago, at which these sibilant young men are receiving their education. The question arises whether the public hissing of Mr. Rockefeller's name by those ingenuous youth, even as representing the most civilized and unregenerate Democrats, was a proper exercise of "academic freedom." Does a great industrial oppressor become sacrosanct by the accumulation of great wealth and the employment of a little of it for the public welfare? Is the thing for which Mr. Rockefeller's name stands in the public mind something which the student youth of the Nation should applaud or condemn? If the latter, ought the students of the University of Chicago to give public expression of condemnation, or to keep silent in view of the peculiar circumstances of the case? And if they ought to keep silent in respect to some matters which ought to be condemned, what is the ethical status of the university?

GENERAL WOOD ACCUSED.

Associated Press Cable, Morning Service. WASHINGTON, D. C., March 22.—Another sensation has come out of the American administration in Cuba and this time it touches General Leonard Wood, the bosom friend of President Roosevelt, who was the military governor up to the time of the taking over of the government by the Cuban Republic. Specific charges have been made by Estes G. Rathbone, former Director of Posts of Cuba, that Gen. Wood, while governor, used his position to manipulate the Cuban courts. He alleges that the Governor forced the conviction of those to whom he was opposed and succeeded also in securing the freedom of those in whose interest he exerted his influence.

URUGUAY IS AT PEACE.

Associated Press Cable, Morning Service. MONTEVIDEO, March 22.—The Revolution is at an end. The forces of the government proved too strong and beat back the rebels after they had made their way to the very gates of the city.

CLARA BARTON RESIGNS.

Associated Press Cable, Morning Service. WASHINGTON, D. C., March 22.—Miss Clara Barton, for many years head of the Red Cross Society, which she has represented on battle fields the world over and on occasions of great disaster throughout the country, has resigned from the Presidency and retired from the management of the Society. Miss Barton's resignation from the Society has been expected for some weeks. Charges were made that she was retaining control of the organization through arbitrary methods, and over these she had a little tilt with President Roosevelt.

CHAMBERLAIN FOR PREMIER.

Associated Press Cable, Morning Service. LONDON, March 22.—It is freely predicted that a crisis in the ministry is imminent. The radical measures of Balfour, the Brodric army measures, the Irish land bills and other extreme legislation has caused such a revulsion of feeling that the Premier is expected to soon see the impossibility of going on in the struggle and so give it over. The sentiment is almost unanimous that in the event of Balfour stepping down Chamberlain will be called upon to form a new ministry. The Colonial Secretary was prominently mentioned for the premiership when Lord Salisbury retired and it is believed he would undertake the formation of a new ministry.

CASTRO'S RESIGNATION.

Associated Press Cable, Morning Service. CARACAS, Venezuela, March 22.—The resignation of President Castro was called up in Congress yesterday and by an overwhelming vote the representatives refused to accept it. The President was then waited upon by a deputation of his friends, with members of both houses, and the situation laid before him. He declined absolutely to withdraw his resignation and there the matter still rests.

WHY CASTRO RESIGNS.

Associated Press Cable, Morning Service. LONDON, March 22.—European political journals unite in expressing the opinion that the resignation of President Castro of Venezuela is nothing more than a political move made to strengthen his position in the face of the revolution at home.

FRANCE LOOKING TOWARD KWANG SI.

GUARDIAN APPOINTED. W. L. Stanley was appointed guardian ad litem of the minor children of the late Margaret V. Carter, by Judge Gear. The will named Mrs. Jessie Kaea as executrix, but Thomas J. Carter, husband of the deceased, filed an opposition to her, stating that she was not a woman of sufficient business ability. The estate is valued at about \$22,000.

FOR BIG CITIES.

There was only one measure in the
Senate given third reading this morn-
ing, that was Senate Bill No. 108, relat-
ing to exemptions of property. The
measure passed.

The special committee consisting of
Sensitors Achi John T. Brown and
Dickey to whom had been referred the
bill for the incorporation of cities made
a report this morning, offering a num-
ber of amendments to the measure. The
report amended the bill reducing the
number of citizens necessary to incor-
porate a city to 500, as it was claimed
that under the original provision of
the bill very few places in the islands
would have enough residents to incor-
porate. The limits of cities were
placed at 100 square miles. On this
point Senator Dickey handed in a min-
ority report. He held that 20 square
miles was sufficient. He concurred on
all of the other points.

The report knocked out the power of
a city to issue bonds. The report also
favored having the power to prepare
for the incorporation of cities placed
with the Secretary of the Territory
rather than with Boards of Supervisors.
No officer should be removed for any
religious or political belief. The office
of coroner was added to that of chief
of police. The salaries of the mayors
for cities of 20,000 and over were fixed
at \$3,000 and the councilmen at \$500
and for other cities mayors \$2,400 and
councilmen \$300. The report was tabled
to be considered with the bill.

The Committee reported on the bill
regulating the sale of intoxicating li-
quors to minors and others. The re-
port was tabled to be taken up with
the bill. Similar disposition was made
of the report of the committee on Mis-
cellaneous Petitions regarding the
manufacture and sale of intoxicating
liquors. A number of amendments
were offered in this report.

The emergency appropriation bill was
taken up. Several items were added.
The measure was not finished at the
morning session.

Senator Isenberg who was present af-
ter an extended absence through sick-
ness, introduced a bill to regulate the
millitia of the territory. Senator J. T.
Brown introduced a bill to provide for
a high school at Hilo.

House Bills Nos. 50, 51, 52, 54, 55, 56
and 70 were given their second reading.
The Senate took a recess until 2 p.

NO ACTION AGAINST WOOD.

Associated Press Cable to the Star.

WASHINGTON, D. C., March 23.—Secretary of War Root
declines to take any action against Brigadier General Leonard
Wood, the former governor of Cuba, who was charged by ex-
Superintendent of Postal Posts Rathbone, with wholesale cor-
ruption while at Havana. Secretary Root pronounces the charges
to be absolutely foundationless.

FOR LONGER LEGISLATIVE SESSIONS

Representative Kaniho this morning introduced a joint resolu-
tion asking Congress to amend the Organic Act so as to provide
for regular sessions of 90 days of the Hawaiian legislature, and
compensation of \$600 each for the members instead of \$40. He
said that the legislature had a lot to do, and was not at all sure
that all would be done in 60 days. Nor was it certain that Gov-
ernor Dole would call an extra session. "He refused last time
when we asked him," said the member from Kohala, "and he may
refuse again." Kaniho remarked that he might not be a member
of the next House, but wanted to provide for time enough for law-
making.

"All who expect to be members of the next House raise their
hands," said Speaker Beckley. Kealawa was the only man who
raised his fist and he was told that he was disqualified from voting,
as an interested party.

The resolution was adopted, and sent to the Senate for due at-
tention there.

that the schools with native principals had been neglected. The
resolution was adopted.

A letter was received from Secretary Carter giving a claim of
\$1,938.36 of the Hawaiian Fertilizer Co., which was in the last
legislature and lost in the shuffle. It went to the Finance com-
mittee.

Kupihua offered a resolution declaring the opinion of Attorney
General Andrews, regarding Kupihua's query of last Friday, unsat-
isfactory, and asking that an opinion of the United States At-
torney General be cables for. It was tabled. Kupihua's legal puzzle
doesn't seem to worry anyone else, but he is deeply concerned
over whether the legislature has a right to enact city or county
government unless it enact both, and he refuses to train with the
county bill committee at all until the problem is lifted from his
shoulders.

MADE SPECIAL TRIP TO HAMAKUA.

The steamer Ke Au Hou made a special trip to Honokaa last
week for sugar for F. A. Schaefer & Company. She returned
this morning with about 3,600 bags of sugar.

NEXT MAIL TO THE COAST.

The next mail to the Coast will be by the S. S. Gaelic which is
scheduled to sail from Honolulu Saturday for San Francisco. The
S. S. Nevada is scheduled to sail March 31 and the S. S. Ala-
meda is to depart April 1, both for San Francisco.

COAST MAIL ON WEDNESDAY.

The first mail from San Francisco will arrive Wednesday by
the S. S. Coptic. She will have six days later mail and news files,
having sailed March 19. Captain Rinder, her commander, will
probably be back in her on this trip.

JAPANESE BENEVOLENT SOCIETY

The Semi-annual meeting of the
Japanese Benevolent Society was held
Saturday evening. Dr. Mori the pre-
sident made an interesting report.

The manager's report showed that
thirty-one free patients were received
at the Charity Hospital and eighteen
as out-patients during the past six
months; two were given passage to
Japan, and the funeral expenses were
paid for six. Two hundred and thirty-
five pay patients were also received at
a moderate rate in the hospital.

Treasurer Shioda's report showed a
cash balance of \$99.78 on hand. The
total amount of the receipts aggregated
\$2,738.28, while the disbursements
were \$1,825.50, of which \$1,583.75 were
paid for hospital expenses.

The following list of subscriptions
were presented: Messrs. Hackfeld &
Co., agents for the Pacific Mail, Occi-
dental and Oriental, and Toyo
Kisen Kaisha Steamship Companies,
\$1,421; Dr. I. Mori, \$100; Mr. W. Moto-
shige, \$16; Mr. J. Kawachi, \$6; Mr.
K. Fujii, \$3.60; Mr. A. Narituka, yen
2.

At the close of the meeting Consul
General Saito delivered an interesting
address on his investigations of chari-
ty work in this Territory.

charge of the island. The vessel will
return with a load of guano.

AT ST. LOUIS.

O. G. Traphagen who has just returned
from a visit to St. Louis says that an
appropriation of \$30,000 will not ade-
quately represent Hawaii at the Louisi-
ana Purchase Exposition next year, in
a way at all commensurate with the
magnitude of the exposition, or what is
expected of Hawaii at it.
