CANNON'S TARIFF PLATFORM IS OUTLINED DEMOCRATS OF TERRITORY BEGIN CAMPAIGNING

Taft Our Friend, Says Atkinson

"These people who are talking against the nomination of Taft because he is the friend of the Philippines ought to stop and think a while," said A. C. Atkinson yesterday afternoon.

"I don't see how anyone can think of Taft as an enemy of Hawaii. That is all wrong. What is more, it is bad judgment to oppose him. What if Taft should be elected President? Did you ever stop to think of that? What band wagon would Hawaii be in?"

"Secretary Taft has helped Hawaii right and left. He did a great deal for me when I was in Washington on Government business. He helped Governor Carter. He has helped

Governor Peary. Not personally, mind you, but in the work for the advancement of the Territory of Hawaii. Did you ever stop to think what Taft could do if he once set out to improve Hawaii? Don't you know that all this fortification construction that is going on is the work of Taft? That is, it is made on the recommendation of his department, and he has given it all the personal and official support that he could furnish.

"Say, if Taft is an enemy of Hawaii, I would like to see any better work that has been done by some of our friends, alleged friends, or supposed friends in the list of Presidential candidates."

Great Preparations Made By Democrats

The leaders of the Democratic party have during the past few weeks been busy perfecting changes of great importance in the party organization and rules. The principal changes in the rules have been such as would tend to make the supervision of the various points in each precinct by means of a card system, and by the division of each precinct into five sub-precincts, each of which is to be represented by a member on the precinct central committee. This feature, as well as other new ones, is explained in the following circular which the Central Committee is preparing to send broadcast to all the precincts in the islands:

ing under the rules as soon as possible. Officers in precincts already organized will continue to hold their respective offices until vacated under those rules. It is highly essential that the rules should be faithfully followed in all cases, so that uniformity of procedure may be obtained throughout the Territory and the party business thereby be handled with greater expedition and effectiveness.

The Territorial Central Committee, through its secretary, should be promptly and fully advised of all matters relating to party organization in all its ramifications; as it is upon the accuracy and completeness of such information that this committee has to depend for intelligent direction and action in the management of a campaign.

The sub-division of precincts, a feature of much importance, is introduced for the first time in order to divide the work of the Precinct Central Committee and should prove highly successful in securing thorough and systematic enrollment of all Democrats, provided, the right kind of men are available in the sub-precincts to perform the duties outlined in the rules. Give this matter the consideration it deserves, put your most reliable workers in charge of these sub-precincts and the first steps toward a general

WILL HAVE NEW HALL FOR FLEET Board of Directors For Seamen's Institute Elect Officers

A meeting of the board of directors of the Seamen's Institute was held this morning and the officers and directors for the next term were elected. The following men were elected to serve as directors until Dec. 31, 1910: Robert Lewers, J. M. Gat, C. L. Wight, F. A. Schaefer, E. M. Swazy, W. W. North.

The directors then elected the officers for the ensuing year, as follows: President, F. A. Schaefer; vice president, A. S. Cleghorn; treasurer, W. W. Hall; secretary, C. H. Atherton. The executive committee will be composed of the following: Captain Fuller, W. W. Hall and Jas. A. Kennedy.

General discussion concerning the new hall for the institute was indulged in, and the various members all seemed heartily in favor of the proposition. Favorable reports were made. Considerable money has been raised by subscription already towards the building of the hall, which will be used for a reception and lecture room. It will be completed by the time the Fleet arrives here.

HILONIAN WIRELESS

Wireless Expert Arthur A. Isbell was on duty last night at the Naval wireless station and "talked" with the Hilonian. The following message was sent to Castle & Cooke, and the Press: On Board S. S. Hilonian. Eight p. m. Three hundred seventy miles off Honolulu. Smooth. All well. CAPTAIN JOHNSON.

Great Mahele Upheld

There can be no such thing as adverse possession of crown lands, and any attempt to get possession of such lands as were reserved to the crown in the Great Mahele of 1848 falls to the ground, according to the opinion rendered by the Supreme Court this morning in the case of the Territory versus Moses Puahi, Lizzie Puahi, and Tam Pong.

The defendants in this case attacked the Great Mahele and claimed that they held the lands in question by adverse possession. By consent the value of the lands was placed at \$5,000, which will allow of the question being passed up to the Supreme Court of the United States for final settlement.

The Territory brought suit to recover possession of certain lands at Waikiki, consisting of 39.19 acres, which it was alleged the defendants had wrongfully taken into their possession. The defendants admitted that the land was reserved by Kamehameha III. for his own use and ownership by act of June 7, 1848, and that it had not been alienated by any of his heirs or successors in title or by the Commissioners of Crown Lands, the Provisional Government, Republic of Hawaii, the United States or the Territory. They offered to prove that in 1863 one Paakai was living on the land in open and notorious possession; that Moses Puahi was born upon the land and that the land was conveyed to him in 1879 by Paakai, and that Puahi and those claiming under him have resided on the land in open, notorious and exclusive possession ever since. The lower court, however, decided in favor of the plaintiff, and the case was appealed to the Supreme Court, going up on exceptions. The Supreme Court overrules these exceptions. The court holds that after the act of January 3, 1865, crown lands were the property of the King in his sovereign and inalienable, which would be sufficient to prevent the ripening of any title by prescription. The trial court was

ASARI PARTY
DUE TOMORROW
Among the passengers who will arrive in the Mongolia from the Orient tomorrow are the members of the Asari round-the-world party, who will be met here by B. F. Clawson, a representative of Cook & Son, the famous tourist agents. While in Honolulu the party, which counts fifty-seven members, all Japanese, including newspaper representatives, will be taken to the Park, the aquarium, and will see as many of the other sights of the city as their time allows. They will go on to the mainland in the Mongolia.

Honolulu has well gained the reputation of being a clean city. The only way we can maintain same is by keeping at work.

A BOX

in our Safe Deposit Vaults will cost you just 50c a month, or five dollars for the year.

That's pretty cheap Insurance on your Jewelry and Valuables, of whatever sort they may be. Most people would give that much just to be sure that they are safe. But, when there is a fire or burglary, and they are saved because they are in our Safe Deposit Vaults, it comes home with double force. Rent one now—50c a month.

FEED SAILORS AT SEAMEN'S INSTITUTE Twenty Men Are Still "On The Beach" Here

It was reported a short time ago that there were "forty men on the beach." At one time there were at least the above number of sailors in Honolulu who were without work and had no immediate prospects of getting any. They were a mournful lot, wandering around the waterfront with long faces and dreary words. The Astral sailed off with a Japanese crew, and this accentuated the situation, for many of the men expected to be able to ship on the Standard Oil boat.

Money doesn't last long with a seaman after he has been in port for a few days, and soon the huskies who were accustomed to three chows a day began to feel the effects of a decided cut in their kau-kau. So, as all sailors do, they went to the local Seamen's Institute, and put up their story. Superintendent Everton decided that he would do what he could to relieve the bad state of affairs, and at the present time he is dishing out two light meals a day to the impecunious mariners. He is feeding about twenty men a day at the Sailors' home, and a number of the fellows are given a bed for the night.

It is reported that a number of the seamen stowed away on the K. P. Rithet when she sailed for the Coast, but this seems rather improbable. The watch kept on the ship, however, is a noticeable fact that the number of sailors humming around the streets has decreased of late. Most of the men loaf around the rooms of the Sailors' home during the day.

WEDDING AT HANA
A most enjoyable gathering took place at the home of Dr. W. B. Deas, government physician at Hana, Maui, on the evening of the 17th, the occasion being the marriage of Miss Irene Gladys Lewis, a sister of Mrs. Deas, to Karl W. H. Roendahl, manager of Hana store. The ceremony was performed by Rev. Canon Ault, of Wailuku. J. C. Austin, manager of the Hawaiian American Rubber Co., acted as best man, and Miss Ruth Howard Deas was maid of honor. After the ceremony, which was performed according to the rites of the Episcopal church, a reception was held during which the cake was cut by the bride and toasts were drunk to the young couple, the hosts and others. The young couple were the recipients of many beautiful and useful gifts. During the reception the bride and groom slipped into a waiting carriage and were quickly rowed out to the steamer Claudine, on which they departed for Honolulu on their honeymoon.

In the matter of Lyle A. Dickey vs. Wm. C. Cummings et al, a suit in equity for the partition of a lot at Kaimoili, Honolulu, now occupied by Kamai, Judge Lindsay has issued a decree adjudging Kamai the owner of the land and directing that a deed be given him.

The many friends of John B. Enos, the popular contractor of Honolulu, are to meet him at 7:30 at the Cathedral this evening, when he is to be married to Miss Emilia Silva. J. Kruger has brought suit against Kawannakoa for \$500 alleged to be due on a promissory note.

COLLEGE HILLS

We have included College Hills in our parcels delivery route. Our wagon leaves town for Waikiki and College Hills at 10:30 a. m. every day.

TERRITORIAL
MESSENGER SERVICE

UNCLE JOE IS ILLINOIS NOMINEE

SPRINGFIELD, Ill., March 26.—The Republican State Convention, in session here today, endorsed Speaker Cannon for nomination as President.

The convention platform, which presumably reflects the views of Cannon and the "standpatters," declares for tariff "adjustment."

Held For Murder

SAN FRANCISCO, Cal., March 26.—I. W. Chang and M. W. Chfn. Koreans, were today charged with the murder of D. W. Stevens, special counselor of Japan.

The Japanese of the city propose to erect a monument in memory of the great work done for Japan by Stevens.

TAKAHIRA DEEPLY GRIEVED
WASHINGTON, D. C., March 26.—Japanese Ambassador Takahira today gave expression to his profound regret at the death of D. W. Stevens.

THREE INDICTMENTS FOR 'FRISCO GRAFTERS
SAN FRANCISCO, Cal., March 26.—Three new indictments for bribery have been returned against Abe Ruef, Tirry L. Ford and President Calhoun, to avoid the errors of previous indictments that failed.

PACIFIC 'QUAKE RECORDED
WASHINGTON, D. C., March 26.—An earthquake was recorded here Wednesday. The center of the temblor was apparently in the Pacific.

ANARCHISTS ARRESTED
SAN FRANCISCO, Cal., March 26.—Four Italian anarchists were arrested here today.

DISCUSS RESTORER
The cause for the non-return of the cable ship Restorer to this port will be one of the matters taken up at the meeting of the Merchants' Association to be held tomorrow afternoon. The ship spends a large amount of money in the city and some merchants are inclined to believe the attempt to tax the ship and make certain port charges is a mistake.

STEVENS IS DEAD

SAN FRANCISCO, Cal., March 25.—D. W. Stevens, Special Counselor to Japan, died tonight of the wounds inflicted on him by Korean assassins on Monday, peritonitis having set in.

KAISER WILHELM OBJECTS TO HILL

BERLIN, Germany, March 25.—The cause of the refusal of the German Government to receive the newly appointed American Ambassador J. J. Hill, is understood to be a personal objection on the part of the Kaiser.

David Jayne Hill is a diplomat of many years' service. He was Assistant Secretary of State from 1898 to 1903, and was Ambassador to Switzerland and to the Netherlands. He has written much on political economy in both English and German and also served at one time as professor of European Diplomacy in the School of Comparative Jurisprudence and Diplomacy at Washington. His late post was as Ambassador to the Netherlands.

ANOTHER "HIGH LIFE" SEPARATION

NEW YORK, N. Y., March 25.—The Alfred Vanderbilts have separated.

Alfred Gwyne Vanderbilt is the second son of Cornelius Vanderbilt. He was married in 1901 to Elsie French. They have one child, a son.

CHINESE TRADE GOVERNMENT SECRETS

PEKIN, China, March 25.—Seven of the courtiers closely connected with the Imperial household have been convicted of trafficking in Government secrets. The indictments are that they have been implicated in a widespread conspiracy against the Throne.

JAPAN'S PARLIAMENT MOURNS

TOKIO, Japan, March 25.—Resolutions of condolence were passed today in both branches of the Diet on receipt of the news of the death of Special Counselor Stevens.

MANY STANFORD STUDENTS SUSPENDED

SAN FRANCISCO, Cal., March 25.—Forty-one students at Stanford University have been suspended for the semester and one hundred and fifty lose credits.

JAPAN'S PARLIAMENT PROROGUED

TOKIO, Japan, March 25.—The Japanese Diet has been prorogued until December.

BARON IWASAKI DEAD

TOKIO, Japan, March 25.—Baron Iwasaki is dead.

MIKADO TONIGHT

The famous old Gley comedy success, "In Town," as presented last night by the troupe of talented little actors, was in every way a decided success. The little ones portrayed their parts with such perfect interpretation, and threw such spirit into them, that it was difficult to believe that they are only "kiddies," and as good as boys or girls.

Indeed, one New Yorker, who has seen many plays produced on the boards of the Eastern Metropolis, says that, in his opinion, the acting of the Lilliputians is superior to that of many two and three-star companies, and that, if they were allowed to perform there, they could play to crowded houses for over a year.

The hit of the evening was made last night by the widows' pas de quatre, which was danced by Dottie April 10th.

FORD'S SCHEMES ARE BEING WORKED OUT

Governor Has Appointed Transportation Committee

A Territorial Transportation Committee, consisting of Governor Frear, honorary chairman; R. H. Trent, acting chairman; E. A. Mott-Smith, L. A. Thurston, J. P. Cooke and A. H. Ford, was appointed yesterday by Governor Frear and is authorized to correspond with transportation companies throughout the Pacific, and with the Government tourist bureaus of the Australian States with a view to securing information to be placed before the Promotion Committee, the Immigration Board, and the Legislature. This is in furtherance of Alexander Hume Ford's scheme of the Territory cooperating with the Tourist Bureau of the Antipodes and the Pacific transportation companies in establishing joint information offices in the large cities of the United States.

A matter which will be immediately dealt with by the committee is that of securing for both tourists and residents of the Territory cheap inter-island transportation. A sub-committee consisting of A. Gartley, chairman; A. F. Griffiths and L. G. Blackman, has been appointed to accept the offer made by the Inter-Island Company of a series of week-end excursions from Honolulu to various places on the other islands. The first of these excursions will probably be to Hilo, President Kennedy of the Inter-island having offered to make a rate of \$12.50 to Hilo and return, provided 100 excursionists can be secured. The Mauna Kea will take the party, leaving Honolulu on a Friday evening and returning the following Monday morning.

HAYASHI'S FATE HANGS ON JUDGE'S DECISION

Toichi Hayashi was put on trial in the Federal Court this morning charged with having committed perjury before the Board of Special Inquiry at the Immigration Board. The indictment alleges that on January 17, at the examination of Nako Hayashi as to her right to enter this country, Hayashi swore that she was his wife and that he had no other wife living, which facts were false. When the trial began, the defense admitted that on January 17 Hayashi had a wife living at Paia, Maui. Raymond Brown, chief of the Immigration Station, was the first witness called. C. C. Biting, attorney for the defense, immediately objected to his testimony being received, taking the ground that the Special Board of Inquiry had no right to require Hayashi to appear before it and testify, as he would have to testify against himself, convict himself of bigamy or else perjure himself. Biting made a vigorous argument in support of his objection arguing that to compel a man to give testimony which may incriminate himself is a violation of the Fifth Amendment to the Constitution. Assistant District Attorney W. T. Rawlins opposed the objection, the argument on the point consuming most of the morning. The judge will give his decision this afternoon.

The jury trying the case consists of J. R. Galt, W. R. Chilton, Theodore Blackstad, George Fern, A. W. Hanson, J. D. Crockett, A. C. Prescott, E. S. Cunha, C. R. Dement, Hugh H. Walker, Charles Hubert and J. M. Dowsett.

TO-NIGHT BAND CONCERT AND DANCE

There will be a band concert by the Royal Hawaiian Band at the popular Seaside Hotel this evening. Mr. Berger, the leader of the band, has a program that will interest everyone who is a lover of music. It will be delightful to have dinner there while enjoying the music; then afterwards, dance to the strains of Ernest Kaal's orchestra. Engage your tables early, for many have already been taken. All the friends of the Seaside are cordially invited.

CITED FOR CONTEMPT

Judge Parsons of Hilo has issued an order to Maria Vieira Silva and Antonio Joaquim Silva, defendants in the action brought by Emilia Vieira Oliveira, to appear before him in his chambers at Hilo on April 2, and show cause, if they have any, why they should not be adjudged guilty of contempt of court for failure to perform the decree of October 19, 1907. The decree ordered them to execute and deliver to the plaintiff a good and sufficient deed of conveyance in fee simple of the Hilo half of lot 7 of the Waikamalo tract.

The Weekly Edition of the Evening Bulletin gives a complete summary of the news of the day.

Japan's Fire-Eater Says "No War"

New York, March 5.—Sakurai Takahashi, one of the seven "fire eating" professors of the Imperial University of Tokio who drafted the famous memoranda advising the Emperor of Japan to make war on Russia, is visiting New York en route around the world on a mission of peace. He is noted as an authority on international law and is one of the foremost advisors of the Imperial Japanese Department of Foreign Affairs. After

Sakurai Takahashi, Professor of the Imperial University of Tokyo, Japan.

passing four months in the United States, during which he investigated the immigration problem and the conditions which were productive of anti-Japanese outbreaks on the Pacific coast, Professor Takahashi contends that war between Japan and the United States is an utter impossibility. Japan stands ready, he asserts, to extend a royal welcome to the Pacific fleet if that battleship armada will continue its cruise to the Mikado's shores. War talk, he adds, is but a passing agitation attempted by the Jingo and the demagogue. Further Professor Takahashi states that Japan aims to maintain the "open door" policy in Manchuria and denies that his country has any desire to obtain possession of the Philippines.

SAITO DEPLORES STEVENS' DEATH

Japanese Consul General Saito has not yet been officially informed of D. W. Stevens' death, but when seen today he expressed the greatest sorrow over the death of the late Mr. Stevens. Saito will confer with S. Ozaki today and will afterward send a letter of condolence to Ambassador Takahira at Washington. Ozaki is the president of the Japanese fire claimants here and is on that account recognized by Consul Saito as the proper man to confer with. When Stevens passed through here he was in consultation with Saito about the fire claims. Many other matters of importance were discussed, none of which have been disclosed. "I am very sorry for Mr. Stevens," said Saito. "He has been a valuable man to the Japanese Government. Of late years he has been an adviser to Prince Ito over the Korean government. In recognition of his services he was decorated with the order of the Rising Sun of the first class. With the passing away of Mr. Stevens, the Japanese Government ceases to have a Foreign adviser."

TRAMPING PARTY

As an evidence of interest in the tramping picnic party to be given by the Pacific Social Club next Sunday, March 29, small parties from the different parts of Oahu are to join the picnickers and thereby add to the number already slated.

This promises to be a most popular and interesting affair, as the various committees are going about their respective duties in such a zealous manner that a grand success seems to welcome their earnest endeavors. The rendition of vocal and musical numbers by the many willing members will be a royal treat to those attending. On account of this being a postponed party the members have taken up the matter with renewed energy, and special interest is manifested, from what can be learned from the younger contingent in their gossip over their needles and teacups. This will without doubt be a successful affair and live long in memory.

OFFICERS OF ARMY AND NAVY INVITED

Special Letters Sent To Those About To Retire

Secretary Wood has prepared the following letter, which he will submit to the Promotion Committee at its meeting this afternoon:

We are now sending out special letters to every officer of the Army and Navy, listed to retire during this year and also during the years 1909 and 1910, calling their attention to the attractions offered by the Islands as a place for homes.

We are also mailing special letters to the Secretary of every Chamber of Commerce, Merchants' and Manufacturers' Association and similar organizations throughout all of the Western States, suggesting the getting up of small excursion parties to Hawaii of from fifteen to twenty-five. In this work we will be aided by the Passenger Agents of all of the Trans-Continental railroads, as well as by the general passenger agents of the different steamship companies, plying out of San Francisco and Vancouver, with whom we keep in constant touch.

Even the Great Northern and Northern Pacific Railway, though they have no direct steamship connection with Hawaii, continue to advertise and help us. The half page free advertisement in the time folder of the Northern Pacific brings us in a number of inquiries each mail.

Something over a year ago, we furnished Mr. Wm. Stitt, general passenger agent of the Canadian Pacific railway, with about one hundred carefully selected photographs (some which he has had made a large number of lantern slides. These are now being shown in all the towns tributary to the Canadian Pacific Railway. Mr. Stitt is also planning to get out a new series of pamphlets for use in England, Canada, New Zealand and Australia, in which Hawaii will receive prominent mention. As a direct result of Mr. Stitt's friendship and active cooperation we may expect a continued increase of travel from the Canadian Provinces and from Australia and New Zealand.

By the last steamer from the South we received a number of superbly illustrated books, descriptive of the attractions of New Zealand, forwarded by Mr. T. E. Donne, Superintendent of the New Zealand Government Department of Tourist and Health Resorts, with whom we have cooperated in the distribution of advertising matter for the past two years. Our folders are distributed throughout all of Australia on the same plan.

I am pleased to report that Mr. Pratt is now preparing his article on the land laws of the Territory, which will be published in the pamphlet "Agriculture in Hawaii." At Mr. Pratt's suggestion, the pamphlet will also contain the names and addresses of the land agents on the different Islands, so as to enable interested parties to correspond direct without first writing to the General Land Office or Promotion Committee at Honolulu.

Through the kindness of Mr. Howard Hitchcock, who has agreed to let us have three or four of his paintings for display in Los Angeles, we will be able to make our exhibit there especially attractive.

Through the courtesy of the Polk Husted Directory Company, a Directory of the city of Washington, D. C. has just been placed on our counter.

Respectfully submitted,
H. P. WOOD,
Secretary.

BAND CONCERT

The Hawaiian band will play this evening at the Honolulu Seaside Hotel, Waikiki. Following is the program:

- PART I.
Overture—"Road to Glory"..... Kilns
Ballad—"By the Sea"..... Schubert

THURSDAY MARCH 26, 1908

Roosevelt by his frequent reminders proves to the people that he will not allow Congress to sleep.

The ultimate aim of the "Transportation Committee" is an appeal to the Legislature, and if the proposition be a good one for the people, 'tis well.

The man who started the fool yarn regarding the sale of the Mauna Kea failed to recall the fact that this is not a speculation year. Purchases are made solely for investment.

It may be unfair to charge the "good citizen" with complaining against the machine, while he remains at home. Often the fellow whose machine schemes didn't work raises the greatest rumpus.

When some men begin to talk about hawke-haters and political workers out for pay, they open their mouths so wide that the public realizes how true it is that there are "kanaka-haters" as well who do not hesitate to do politics for their own private benefit. The first man to raise a warning against race-line politics is the man who is forever fostering such work.

D. W. STEVENS.

The death of D. W. Stevens is an international calamity.

Mr. Stevens in his capacity as counsellor for Japan was so well fitted for the special mission at Washington that it seems impossible another can be raised up to do the work as well.

Born American, he had been so long associated with the Japanese that he was particularly equipped to deal with the delicate subjects in which success or failure depends so much upon a thorough understanding of national characteristics and temperament of race.

He was trusted absolutely by the Japanese and the people of his native country. He was a power for peace without sacrifice of national honor. He was diplomatic without being dishonest.

How far history has been influenced by Mr. Stevens will never be known, as he was one of the "working force" advising and assisting the leaders with whom the final decision rested. We do know that he was a calm, dignified character and possessed of high attainments that he used for the best progress of Japan and pacific relations with its nearest and best neighbor.

APPOINTMENTS AND POLITICS.

The two Federal appointments in which the people of the Islands are particularly interested at the present moment bid fair to give the Territory an exhibition of the influence of national politics on appointments during a Presidential year.

It is quite possible that the re-appointment of Judge Kepoikai and Customs Collector Stackable may turn on the complexion of the delegation to the National nominating convention.

After all has been said regarding the known applicants for these offices, there seems to be no reason why the present incumbents should not be named for another term. The opposition to Stackable is not in the open and therefore cannot be dealt with, but if there were any very serious charges to prefer they would not be kept secret.

As for Kepoikai, he has been attacked on most every ground but that of the righteousness of his decisions from the bench. The attacks have been vigorous enough, and to one on the outside there appears to be much of double-dealing. Taken as a whole, a weak case has been made out by the opposition. Furthermore, the opponents with notable exceptions, are marshaled behind another's back,—afraid to come into the open,—and that is not convincing.

On the other hand, it must be admitted that other men may be found who could fill these posts acceptably.

Therefore it is a situation that cannot fall to appeal to the human side of an appointing power that would be pleased to have favorable delegates sent to the National convention. To suggest such a possibility may be heresy, but in times of political excitement there is a strong tendency to lean toward the selfish side of human nature.

Such things ought not to be. It will be instructive to watch developments.

THE LAZY CITIZEN'S EXCUSE.

Again is heard the outcry against "machine politics."

There is nothing to indicate that any cause exists for complaint so far as the Republican organization is concerned.

To howl "machine" is a favorite method by which a lazy "good citizen" excuses himself for his own shortcomings.

The Republican precinct meetings recently held were widely advertised and there was no lack of reminders to all members of the Republican party that they should be on hand at the precinct meetings.

The wide-awake citizen does not wait for the precinct meeting to be brought to him; nor does he wait till the day after to begin to think of where his club is to meet.

We doubt very much that "Billy" Kent, the Chicago reformer who told his experiences to a Honolulu audience, waited till the day after in

Great Activity AT Kilauea Volcano

Wireless telegraph brings the news that on last Saturday night, March 21st, lava rose in the pit 50 feet. This lake of fire is now within 200 feet of the surface and the reflection is visible at Hilo, 30 miles distant. This is the most active demonstration of Kilauea since January of 1907 and the opportunity to witness it should not be missed.

The A-1 Steamship "CLAUDINE" will leave Honolulu Friday, March 27th, at 5 o'clock p. m. for the Volcano.

For full particulars inquire of HENRY WATERHOUSE TRUST COMPANY, Cor. Fort and Merchant Sts., Honolulu.

any of his work to fight a real machine—not the imaginary creature trotted before the people of Hawaii.

The voters of the precincts have the situation in their own hands. If irregular meetings were held, or if political jugglery was done, the time is at hand to correct it. Special precinct meetings might be called previous to the primaries if the situation warrants. A just cause has never lacked recognition within the Republican party.

The complainers will probably continue to complain, and make beligerent threats, that prove anything but a high order of citizenship.

To do any straightforward, timely political work is not the croakers' style.

GREAT PREPARATIONS

(Continued from Page 1)

Victory of our party in the next election will have been taken.

Another important innovation is the enrollment card. This card must be filled out and signed by the applicant, countersigned by the sub-precinct committeeman, numbered and countersigned by the secretary. The member's name, the number of his card, the date of his enrollment, his address and other matters of information, should then be entered by the secretary upon the precinct record.

One card must be sent to the secretary of the Executive Committee of the County in which the precinct exists and the other to the secretary of the Territorial Executive Committee, for filing. In this way these executive bodies can determine the relative party strength in the different precincts and thereby more intelligently direct the party's affairs and make provision for the protection and advancement of its interests therein.

The cards must be numbered consecutively in the order in which members are enrolled.

An effort has been made by the committee that framed the rules to safeguard, so far as possible, the rights and privileges of its loyal party men, and to forestall a recurrence of the schemes hitherto exploited at primaries and in nominating conventions with results that would, if allowed to continue indefinitely, be disastrous to the principles of the party and the rights of its members.

Section 16 of Article 1 was formulated with a view to reward faithful party service so far as practicable, to the exclusion of those time-servers who are ever the most clamorous for and frequently the most successful in obtaining party patronage.

Reading the rules carefully you will find that in the precinct clubs lies the real power as does also the responsibility for the party's progress and success or its demoralization and defeat.

Every officer you elect, every delegate you send to a convention, every resolution or petition you may pass should be measured by the political standards of Democracy.

Thus far we have been fortunate in the class of men elected to fill public offices, and the record should be made permanent by selection of the best qualified men for the several positions to be filled.

To do this sincerely we must each lay aside his personal prejudices or ambitions and loyally abide by what is best for the party as a whole.

EHLERS

In conclusion we beg to express the sentiment that there never has been a time in the annals of this Territory so auspicious to the hopes of our party as the present; and this fact, coupled with the party's bright prospects of victory in the coming National election, should stimulate diligent effort on the part of every member in securing the application and perpetuation of Democratic principles of government throughout our Island Territory. It is important therefore that we should secure control of both houses of the Legislature and thereby gain the opportunity for completing County government along lines obtaining elsewhere under the American flag.

Relying on your faithful co-operation in effecting organization and performing the substantial work necessary to insure supremacy of our party in the ensuing election, we remain.

Another important change which has been made in the rules is for the purpose of preventing political acrobatic stunts, such as are performed by candidates who are disappointed by one party and seek consolation with another. This is covered by the following rule:

Section 15. Any member seeking political office through this party, before becoming a candidate for nomination thereto in a Democratic convention, shall first be required to sign a pledge that in the event of his failure to secure the desired nomination he will not thereafter or prior to the ensuing election, seek nomination for the same or any other public office from any other political party, nor appear as an independent or rival candidate for any public office for which a Democratic candidate has been duly nominated.

Section 16. A member of the party seeking appointment to a position in the government service shall address the Executive Committee of his club in writing stating the position he desires to fill and his qualifications for the same. Should they or a majority of them endorse his candidacy, he will transmit to the Central Committee within whose jurisdiction the appointment is to be made, both his application and the recommendations of the Precinct Committee. When the Central Committee to whom the matter has been presented is satisfied that all applications for the position are in their hands, they shall submit the same or those a majority of the Committee can recommend, to the officer charged with making the appointment with request that his selection be from the names submitted.

No other method of application or appointment shall be construed as securing a party endorsement.

"We are now preparing to organize the Democratic party on Kauai," said John Emmott, the secretary of the Central Committee, today. "We expect to complete this within the next few weeks. We have received from Kauai a number of requests that this be done, and Wm. Mossman of Ewa and some others will soon go to Kauai to assist in the organization of the Democrats there."

"So far no call has been issued for meetings of the precinct clubs for the nomination and election of officers to the Territorial convention. It lies with National Committeeman Palmer Woods, but the dates will probably be set as follows: Nomination of delegates, May 4; election of delegates, May 11; Territorial convention, May 25. It will probably be held in Honolulu."

Our 1908 Easter Cards

We are now displaying one of the handsomest lines of Easter cards this season that has ever been offered to the trade. These are cut-out crosses in a variety of shapes, decorated with spring flowers, angels, and illuminated texts. The folders are shown in many styles exquisitely colored and designed. One of the daintiest is a series of ten designs with delicate green borders and green palm leaf cross with a few flowers in the center. The inscription inside is printed in colors and gold.

Among the novelties there are cut-out rabbits that have moving eyes and also a large hen sitting on a basket with holes in it, behind which is a moving card showing chickens peeping out through the holes. Among the cunningest cards for the children are little cut-out chicks all dressed in their Easter finery.

Out-of-town customers would do well to order early.

Postal Bank For Savings

LAW FOR BANKS IS PROMISED AT THIS SESSION OF CONGRESS

Washington, D. C., March 7. - Bills to establish postal savings banks, introduced by Senators Carter, Knox and Burckett, were today considered by a sub-committee of the Senate Committee on Postoffice and Post Roads, consisting of Senators Carter, Burrows, Bankhead and Clay. Postmaster General Meyer was before the sub-committee and outlined his views on the subject.

Postmaster General Meyer stated to the committee that while the Knox bill was drawn in his department, he was not wedded to that measure and was very ready to approve amendments of the provision to be taken from both the Burckett and Carter bills. The committee and Postmaster General Meyer were agreed upon the plan for placing the funds to be secured by the postal savings bank in the various national banks of the country at the rate of interest sufficiently large to pay depositors 2 per cent. and to defray all attendant expenses.

Speaking today of the chances of securing action on this bill, Senator Carter, chairman of the sub-committee, said: "I have no doubt the Senate will pass a bill embodying the postal savings principle."

There will be further meetings to discuss the measure.

PRIORY IS DEEDED TO ENGLISH CHURCH

A deed was filed yesterday with the Registrar of Conveyances by which the land and buildings of St. Andrew's Priory are conveyed to the Society of the Holy Trinity of Devonport, England, acting under the express permission of the Board of Charity Commissioners for England, to the directors of the Protestant Episcopal Church in the Hawaiian Islands. A condition is attached providing for the free residence and maintenance upon the premises of Sister Albertina and Sister Beatrice during their respective lives. The deed was executed December 5, 1908. C. F. Clemons filed the instrument, acting for Judge Stanley, who is absent.

BATTLESHIP NEW HAMPSHIRE READY.

Washington, March 14.—The battleship New Hampshire was ordered placed in commission today at the League Island Navy Yard. This makes the second battleship placed in commission within the past three weeks. She will be commanded by Captain Cameron Winslow.

TRANSANDIAN TUNNEL.

Santiago, Chile, March 15.—The Minister of Public Works and an official committee of American engineers attended the inauguration ceremonies today of the Chilean section of the transandean tunnel, in connection with the railway from Arica, Chile, to La Paz, Bolivia. The tunnel will pierce the summit of the Andes and will be the highest in the world. The line when completed will shorten the time to Buenos Ayres by six hours.

Tokio, March 14.—The new two-year conscription act will increase Japan's infantry enrollment by 20,000 this year. 185 editorial rooms—256 business office. These are the new telephone numbers of the Bulletin office.

Bryan And His Policy

SILVER IS DEAD AND NEW ISSUES ARE TO BE CONSIDERED

Lincoln, Neb., March 15.—"Silver is not an issue in this campaign," said W. J. Bryan today. "The platform adopted in Nebraska last fall covered the issues, I think, in a satisfactory manner, as they were presented then. Not to specify everything, it declared for a vigorous enforcement of the criminal law against trusts, insisted on further prohibitive legislation to restrain corporations from contributing to campaign funds, and favored the election of Senators by direct popular vote. It argued for an immediate revision of the tariff by a reduction of import duty, spoke for an income tax as a part of the revenue system, and protested against government by injunction."

"I am much in favor of appropriations for the improvement of the Mississippi, the Missouri, the Ohio, and such other streams as can be made useful for commerce. The saving would be very great, and a plank covering this subject should be added to the Nebraska platform."

"The Aldrich bill is bad, in that it provides for the issue of bank notes as emergency notes, and it permits the use of railroad bonds as a basis of security. I believe that only State, County, township and municipal bonds should be used."

"The Oklahoma law is the best I have seen. Without putting any responsibility upon the Government it authorizes the banking board to collect assessments from all the banks for the protection of the depositors of each bank, and thus gives to each bank the strength of all the banks. I would like to see this subject dealt with by the national convention."

The Truth About Kidney Trouble

Kidney trouble is inflammation of the kidneys due to colds, exposure, worry, excess in eating and drinking, etc. Backache is seldom an evidence of inflammation of the kidneys. Sickness or indigestion that can be seen with the naked eye are not usually evidence of a very serious stage of the inflammation. Both often show in people who feel well and commonly disappear with the exciting cause. The patient should diet, avoid colds and live carefully and the ordinary case of kidney trouble will with care and treatment usually disappear the first few weeks.

If it persists, or there should be continued evidence of disordered kidneys, it should demand the attention of a physician in view of the position taken by medical writers that about the sixth month in the inflamed condition becomes chronic and incurable. It will be seen through all the above that the real trouble is inflammation of the kidneys. While there are many kidney stimulants they have been abandoned by physicians, for they now know that none of them carry repair to inflamed kidneys.

The late John J. Fulton was the first man in the world to discover an emollient that reaches the kidneys. It reverses the old treatment, instead of irritating the inflamed kidneys with stimulants, the effect is the gradual reduction of the inflammation and for the first time kidney disease, both in the first and second stages, is amenable to treatment. Fulton's Renal Compound abating the inflammation in about 87 per cent of all cases.

CARNEGIE FOR FOWLER BILL

Washington, D. C., Feb. 27.—Representative Fowler of New Jersey, chairman of the House Committee on Banking and Currency, last night made public the following letter to him from Andrew Carnegie in reference to the former's currency bill:

"Dear Mr. Fowler:—You have started on the right line and your proposed bill is the result. There is only one right path—we must base our currency upon gold. The Canadian system has worked well. There is no reason why our own should not. Sooner or later we must follow other civilized nations and place our banking system upon the same lines—the sooner the better.

"There is a great contrast between the House and Senate at the present juncture. The Aldrich bill is a mere makeshift. It cannot be needed for many years to come. Panics have to grow. And when it is needed it compels the banks to use their much-needed funds to purchase bonds before they can increase circulation required.

"The bill before the House, on the contrary, will accomplish a result imperatively needed and place our banking system on a par with the banking systems of the other nations."

SCHOOL BOY IS GUILTY

Sam Lohiau, the Hilo Boarding School boy, who was charged with having raised a \$3 money order to \$30 and cashed it, was yesterday found guilty by Judge Dole's jury and will be sentenced Saturday. Lono, another boy who was his accomplice in the crime, was the chief witness for the Government at the trial.

TELEGRAPH BREVITIES

A race in naval construction is going on in the building of two giant battleships for the Government. The Newport News Company and the Fore River Company at Quincy, Mass., building the Delaware and the North Dakota respectively, are the River Company is in the lead.

A movement for State prohibition has begun at Chattanooga, Tenn. A demonstration was attended by 7000 persons.

William T. Manning, who was campaign manager for Alton B. Parker in 1904, died of pneumonia in New York.

Coney Island has been unofficially opened for the season and 25,000 New Yorkers took advantage of the mild weather to visit the beaches.

John T. Dower, secretary of the Y. M. C. A., Worcester, Mass., has fallen heir to \$10,000,000 left by an uncle in Australia. In spite of his great riches he says he will stick to his job.

Jesse R. Roote, former secretary of ex-Senator Clark of Montana, says President Roosevelt told him, in discussing the case of a Utah man, that Harry K. Thaw ought to have been executed.

Five Detroit women formed a stork club in January, 1937. A baby has come to each of them since that time.

A dispatch has been received in Madrid saying that the anarchists of Geneva have decreed the death of King Alfonso and Premier Maurra.

Otis Skinner, the actor, preached at New York in the Mount Vernon Universalist Church. The Rev. William Carter of the Madison Avenue Reformed Church began a series of sermons in the Belasco theater.

Dr. John Wellesley of Worcester, Mass., cancer expert and philanthropist, who gave away his fortune, thinking he was dying, has sought admission to a poorhouse.

Bishop Colton of the Roman Catholic diocese of Buffalo, N. Y., has issued a circular letter favoring marriage among his parishioners and advising prayer to bring the proper life partners.

A station wagon in which five girl students of Bryn Mawr College were riding was struck and demolished by an automobile near Philadelphia and the girls were thrown into the road. All were injured. A Miss Thayer was the most seriously hurt.

President Swayne of Swarthmore College, in a statement given out, said the college would either accept the gift from Miss Jeanne's estate on condition that athletics be abandoned or refuse the gift. No attempt to accept the gift and evade the conditions would be made.

A student defies order of medical examiners of the University of California to stay away unless he would show vaccination scar.

Because a 16-year-old girl refused to be his sweetheart, Lee Roberts, aged 18, of Petaluma, attempts suicide by shooting himself.

Representative Perkins of New York throws up the sponge for Hughes and says Taft will be nominated.

George Crocker, one of the heirs to a vast San Francisco estate, undergoes an operation in New York.

Admiral Dewey sees absolute need for a powerful armada in each ocean and upholds the President's views.

Foes of pure-food law make Federal inspection board a nuisance.

The Government will strive to lessen the dangers of mine accidents by appropriation of \$195,000.

Roosevelt's plans for conference to discuss the country's natural resources take wide scope.

Japan considers proposition to lease national railroads after having found credit impaired by military policies.

Special Agent Burns, in affidavit, says Ruff was ready to save Tiley L. Ford, but was willing to sacrifice Calhoun.

A Pittsburg Judge has decided that a teacher may chastise an unruly pupil with a barrel stave.

Mayor Markbreit of Cincinnati, who said women were not capable of running autos and that "the only machines women ought to run are sewing machines," is now sorry he said it.

The women bombarded him with protests until he took it back.

It is reported in London that the regalia stolen from Dublin castle has been found in a pawnshop and recovered.

The yachts of George Gould, William B. Leeds and three of the Vanderbilts are offered for sale in New York.

Nat C. Goodwin writes that after his three weeks' engagement in Chicago he will quit the stage and go into the mining business in Nevada.

An investigation by the department of Commerce and Labor into the whole system of grain dealing on boards of trade is expected as the result of a resolution to that effect introduced in Congress.

Monastic clergy in the neighborhood of Lancaster, Pa., are alarmed because of a number of fires of supposed incendiary origin that destroyed their property recently. It is against

the faith of the Mennonites to seek redress in the courts.

A woman's local branch of the National Civic Federation is to be formed in New York. It is said Mrs. Cyrus H. McCormick and Mrs. Medill McCormick are in favor of forming a branch in Chicago.

One Law For Motors

MACHINE OWNERS SEEKING TO OBTAIN NATIONAL LAW FOR TRAVEL

New York, N. Y., March 25.—Delegations of motorists from more than a dozen States will go to Washington this week to appear at a hearing by the Judiciary Committee of the House of Representatives on the Federal automobile registration bill, which has been introduced at the request of the American Automobile Association.

A conference of the delegates will be held in Washington on Wednesday and the hearing before the committee will take place on Thursday.

New York, Pennsylvania, New Jersey, Connecticut, Illinois, Maryland, Delaware, Massachusetts, Ohio, Virginia, Michigan, Rhode Island and West Virginia are among the States that will be represented.

The Federal bill seeks to do nothing in regard to the regulation, limitation or restriction of motor vehicles except in respect to registration and identification. In these respects it provides for a uniform national law, which will supersede the diverse State regulations when such State laws result in the imposition of as many different taxes as there are States through which the tourist may wish to travel, thereby forcing him to procure new numbers for his car.

The law provides for a single registration fee of \$5, provided at the same time the owner has complied with the law of the State in which he resides. The owner therefore will be compelled to carry the number procured from his home State, but after this has been done his Federal identification number will give all of the privileges of touring without hindrance in any other States of the Union and he will be free from the trouble of applying for various State licenses when planning a protracted tour.

The best aid to temperance is something that will strengthen the drunkard's wrecked nervous system and cure his unnatural craving for drink. We believe that any man who really desires to be cured of the liquor habit can cure himself by using Orin. This remarkable treatment has made so many cures that we are glad to sell it under an absolute guarantee to refund the money if it does not cure.

It is in two forms: No. 1 for those who wish to be cured. It is not only the most reliable treatment known, but it is also the most economical as it costs only \$1 a box and there is no detention from the usual duties, while if a cure is not effected, there is no expense whatever. Mail orders filled on receipt of price in plain sealed package. Write for free booklet, The Orin Co., Washington, D. C., or Honolulu Drug Co.

CUPID'S RAPID WORK IN PANAMA CANAL ZONE

New York, N. Y., March 12.—Panama is one place where leap year is not needed. Miss Helen Varick Howell, who organized the women's clubs on the isthmus, at the instance of the Government, told the members of the Portia Club yesterday.

"Cupid is tremendously overworked down there," said Miss Howell. "It is impossible to keep a woman single. At one of the hospitals they told me they had lost seventeen nurses by matrimony from April to June and sent word to the States that they positively would not take young nurses and strictly plain ones must be sent. The nurses become engaged to the men returning to Panama on the way down on the steamers."

"Everything is provided for the married—house, furniture, drinking water, and there is nothing to get but food and clothing. A wife is a very comfortable adjunct to a man's life and the bachelor quarters are being depleted constantly. A man in Panama gets about twice the money that he would here for the same work and there is no way to spend money. I think that is one reason it has been hard for the women. It is a very good place to have."

BACHELORS AND BENEDICTS WILL CLASH SATURDAY

Harold Giffard and George Angus Are Recruiting Forces For Golfing Battle

Local golfers are taking a great deal of interest and are speculating as to the probable outcome of the Bachelor-Benedict match which will be pulled off at the Country Club Saturday afternoon. The two teams have been selected, and they are training religiously for the contest. The married men trot around with a serene look of perfect content and absolute confidence, for they are proud of their prowess.

On the other hand, the youthful bachelors are bashful and are not doing so much blowing. They realize that they are somewhat immature at the game, yet they are willing to and feel that they can demonstrate the fact of their superiority. They say that the married men seem to consider it a crime to be young. And they also say—but what's the use? The story will be told in detail at the Country Club links Saturday afternoon.

Cast your eyes over the following list and be assured of the strength of each aggregation. By the way,

If there are any others who wish to enlist themselves with either team, the respective captains are the ones to see. Look at this: Married—E. H. Paris, M. Phillips, J. H. Fiddes, C. J. Hutchins, Frank Halstead, A. G. Hawes, T. Gill, S. T. Wilder, H. Hitchcock, H. V. Murray, E. C. Brown, F. M. McCullen, C. S. Weight, E. A. Mott-Smith, F. C. Smith, H. S. Grey, A. F. Judd, F. L. Waldron, J. O. Young, E. J. Waterman, Dr. Humphris, J. D. Gaines, C. B. High, G. H. Angus (captain), C. R. Hemenway, J. Rothwell, R. A. Jordan.

Singles—H. C. Carter, J. H. Canton, J. F. Fwick, J. Farwell, W. Greenwell, Wm. Woon, W. Williamson, E. Edmunds, M. Robinson, H. H. Walker, W. Simpson, E. L. Hutchinson, A. F. Ewart, W. C. Wilder, H. A. Wilder, H. B. Giffard (captain), E. M. Campbell, J. C. Evans, T. M. Harrison, D. W. Anderson, W. W. Thayer, Ollie Sorenson, H. Waldron, H. Roth, F. Thompson.

FRANKLIN CAR TEST IN EXPERT HANDS

Commander J. E. Palmer of the U. S. N., who is inspector of steels for the engineering department at Pittsburgh mills and one of the leading naval engineers in the service, has just concluded a remarkable test of automobile efficiency. After going over a dozen or more of the best makes from a mechanical point of view he purchased a Franklin 16-horsepower touring car and kept a record of its performances for nine months.

In a report recently made he says: "My chief requisites in an automobile are simplicity of construction, lightness, durability and economy of running and repair. I have driven 1772 miles on one set of dry coils and for more than 3,000 miles, under all sorts of conditions, have averaged eighteen miles on a gallon of gasoline and 260 miles on a gallon of oil. "I consider the design and construction of this type of car excellent. The wood sills and full elliptical springs make it comfortable, reducing the strain on the machinery to a minimum. This construction is well adapted to the rough American roads. The light weight is easy and economical on the tires, the parts are accessible and the arrangement is so simple that repairs and adjustments are easily made.

"Air cooling as applied to the gas engine I believe to be the correct principle. The auxiliary exhaust is an effective feature, freeing the cylinder of all dirt and carbonized oil, preventing fouling of the spark plugs, cooling the cylinders by an early exhaust of hot gases as soon as they have done their work, and enabling the use of graphite with the oil, which economizes oil. Having had considerable experience with graphite as a cylinder lubricant, I consider it one of the best for this purpose. I have run this machine in the hottest weather in summer and the coldest in winter, up the steepest and longest hills without the slightest difficulty, and when I opened the cylinders recently I found the walls of the cylinders and the piston rings in perfect condition.

Commander Palmer's familiarity with steel-making processes has enabled him also to test exhaustively the results of the special Franklin heat-treating processes whereby light weight in working parts is gained without reducing strength. Chicago Daily News.

Clarence Beaumont, the crack center fielder of the Boston National team, will not train in the South with the Beaumonts, relying on exercise at his poultry and cattle farm at Honey Creek, Wisconsin.

RUSSIAN LION IS IN BEST OF FORM

New York, N. Y., March 14. — George Hackenschmidt, the champion wrestler of the world, who will meet Frank Gotch, the American champion, in Chicago on April 3d, who arrived in this city yesterday on board the steamer Lusitania, said he was in good health and confident of his ability to defeat the American champion. The "Russian Lion" says he does not want to be misunderstood by the American public.

"I would like to have it understood," he said, "that whatever may be the outcome of the match between Gotch and myself, it will be an absolutely square contest, in which the best man will win."

While Hackenschmidt feels fine, he is not quite in the best wrestling condition. "I have been working for the past year and have had little time in which to train, but I know that with two weeks in training I will be in perfect shape."

To keep himself in shape, on the way over the giant competed in potato races on deck and amused the strangers by the swiftness with which he could carry his giant size from one bucket to another.

When he was told that Gotch was a great wrestler, he said: "I'm glad to hear it. If he is as good as reports say he is our bout should prove a good one."

ANNOUNCE PLANS FOR THE AMERICAN HENLEY

New York, N. Y., March 16.—The American Rowing Association has issued its formal announcement of the plans for the American Henley on May 23d. There will be twelve races, all, as usual, at one mile, 550 yards straight away. The definition of the "second" races is made particularly as explaining that rating in other organizations does not affect the right of entry.

Note is made of the continued barring of the Vesper Boat Club on account of the trouble over Abell's membership in the Octuhle race last year. The club can enter no more races until it disavows the action of its racing committee in this matter.

LONGHRY FIGHTS THREE MEN IN ONE NIGHT

Philadelphia, Pa., March 12. — Young Longhry boxed three men at the Broadway Athletic Club tonight, going two rounds against each opponent. As all of the men were smaller than himself and none of them a first-class boxer, he did not score very heavily, as he was not able to stop either of them. The first two men were Willie Lucas and Jimmy Simister, whom he outpointed, and the last was Phil Griffen, who was entitled to a draw with Longhry.

Philadelphia, March 13.—At the indoor track meet of Company C, Third Regiment, National Guard of Pennsylvania, here tonight, F. C. Smithson of Portland, Or., representing the Twenty-second Regiment of New York, broke the world's record in the fifty-yard hurdle for three hurdles, winning from scratch in 6 2/5 seconds.

EARLY HISTORY OF P. M'FARLAND

Dope On Man Who Will Soon Fight Britt

San Francisco, Cal., March 15.—The advent of Packey McFarland, the Chicago lightweight, who is 20 years of age and has a remarkably good Eastern record, so far as matches are concerned, has stimulated interest in the boxing game and his final decision to box Jimmy Britt before Coffroth's club instead of under the auspices of Sam Berger has also stirred up more than the usual amount of talk. New blood is a good thing in the fight game, even though we have had such fated examples as William Squires and Edward Kelly at the extreme ends of the pugilistic weights to dwell upon in the past.

McFarland has not yet been seen in the gymnasium, and his training will naturally be postponed by reason of the further delay in his fight. There is, however, an undeniable interest in the stranger. The crowds show it on the street whenever he is in sight, and the whispered word, "There's Packey McFarland" is always sure to attract a gathering.

His real name—his full name—is Patrick McFarland, and you don't need to be told, after hearing the name, that he's an Irishman. How did he come to be called Packey?

Well, it was this way. The scrapper's got a little sister. When she commenced to prattle and notice things, she took a decided liking to big brother. "Packey" was as close as she could come to Patrick, and Packey it has been ever since. He's known also as the stockyards fighter, but that's a misnomer if you imagine that he worked in the stockyards. His home was some two miles distant from the yards, but Packey admits that he used to stroll down there once in a while, and perhaps that's the way the newspaper men attached the title to him.

"I never had any real instruction in boxing," he said, "at least not until old man Gilmore took me in hand; I always liked the game and when I was going to the Sisters' School in Chicago used to box with the boys a good deal."

McFarland's school days didn't last very long. He says he liked to play far more than study, but father wouldn't stand for that, and apprenticed him to a boiler works. He stood that gaff for six months, and is therefore as much entitled to renown because he worked in a boiler factory as Jeffries.

Packey gradually mixed in the short-round fights, going away from home because Chicago was closed to the boxers. He had a few professional fights, he admits, when he again dabbled in the amateur game. "There was nothing stirring," he remarked, "and as there was an amateur tournament at Milwaukee I went there and entered under the name of Carl Emerick. I knocked out two fellows and won two gold watches. I gave one of them to my father and wear the other myself."

It was little more than a year ago that McFarland became prominent enough to engage in what the Chicago contingent terms wind-up fights. He attached himself to Harry Gilmore, taking the latter as his manager, and since then things have been rolling high. Most of his fights have been of short duration. He has only gone fifteen rounds once in his life. That was with Kid Herman, and the authorities at Davenport, Iowa, stipulated in advance that there was to be no knockout, merely a boxing exhibition.

His vices? He apparently has none. He never touched tobacco in all his life, and doesn't know what liquor tastes like. His accomplishments? He is a roller skate fiend, and like the girl in the play, "could just die dancing." He is, further, a tennis enthusiast, and with Gilmore holds the doubles championship at Austin, Ill., wherever that is.

And that's about enough concerning Packey's personality.

TUG OF WAR

Colonel Sam Johnson is working up a proposition to hold a tug-of-war tournament here, so that the best team in the Islands may be picked. Teams from different nations will be selected, and give a try-out. The idea is to try conclusions with the heavyweights of the Fleet when it is here.

WHITNEY & MARSH

In complete sets and separate garments.

These are DIRECT FROM PARIS and have just been unpacked.

SPORTS FOR FLEET

What with baseball seven times a week, a number of tug-of-war tournaments, the Hawaiian Kennel Club Bench Show, tennis matches, swimming, hand-ball, polo, and perhaps croquet and marbles, the sailor lads from the Fleet should manage to be entertained during the daytime. (Kite-flying is another sport about which they will probably rave.)

Paul Pons, the Frenchman who was the first to quit in the New-York-to-Paris automobile race, states in a Paris interview March 7, that the cars would never be able to cross the American continent on account of the bad roads. After once crossing the United States, he said, the rest of the journey would be easy through Alaska and Siberia. The majority of the cars are now well across the continent. A quitter always has a rummy excuse.

"Jiggs" Donahue, the big first baseman for the Chicago White Sox, was presented with a floral gift the first time he went to bat at every town the team played at on the trip to the Coast. If "Jiggs" is popular in the States, his brother Pat is an idol in Honolulu. Seems to run in the family.

Alexander Hume Ford is a surf-board enthusiast.

Frank Cherry—"Peanuts" race this afternoon.

HANS WAGNER IS OUT OF BASEBALL FOR SEASON

Pittsburg, Pa., March 12. — Hans Wagner, the champion batsman of the National League, today announced that he will not play baseball at all this season. He intends to remain on his farm near here during the entire summer. It is said Wagner is dissatisfied with the money inducements offered him and is unwilling to sign without a substantial raise.

Meeting of the Palama Athletic Club tonight at its hall at 7:30.

The New York Giants played their first spring training game at Dallas, Texas, Matthewson, Ames and McGlinchy being used in the box.

SPORTIVE SPLURGES

Stanford University, March 16.—The junior class is now engaged in making elaborate preparations for their Junior Day festivities to take place the 26th and 27th of this month.

An interclass water tournament will be the novelty offered by the Junior Day Committee. On the morning of March 27th the program will commence at 10 o'clock on Lake Lagunita, and six events will be included in the festivities. The interclass regatta is the most important of these, as it usually takes place on the bay near Redwood City, and very few of the students have seen the affair in the past years. The class crew which makes the fastest time over a course marked out by buoys will be awarded their class numerals. The race will be between four-oared crews.

The following are among those from whom the Miller street basketball team will be chosen: Manuel Ferreira, Frank Bravo, Chas. Gilliland, Geo. Madera, William Bravo, Manuel Phillip, and Joe Santos.

An announcement comes from Santa Rosa that Louis Lambert, the champion sprinter, will be a competitor at the P. A. A. games. Lambert is making good time in the hundred.

The annual meeting of the Hawaii Yacht Club will be held Saturday night when the new year's officers will be elected. The annual banquet will be given after the meeting.

Henry Chillingworth will lead the High School baseball team this year. They will practise this afternoon at the Boys' Field.

The Diamond Head baseball team will practise this afternoon at Aala Park.

HIGH SCHOOL WINS

The High School basketball team turned the trick on the Normal aggregation to the tune of 22-12 yesterday afternoon in a game that was well contested, if rough. Lindsey of the Normals and Marcellino of the High were the star players.

The next game will be played next Saturday at the High School grounds. This will be the last meeting of the year.
