

## Claim As To Dardanelles

(Associated Press Cable to The Star).

ST. PETERSBURG, July 18.—Russia claims that her vessels have a right to pass the Dardanelles as merchantmen.

### SEIZED MAILS.

ADEN, July 18.—The Russians have detained the British steamer Persia in the Red Sea and transferred to her part of the Japanese mail seized from the steamer Malacca. Some of the mails were confiscated.

### LOOMIS IDENTIFIED.

KINGSBRIDGE, England, July 18.—At a coroner's inquest here the body of Kent Loomis, brother of the American Assistant Secretary of State, was fully identified. An open verdict was returned giving the cause of death as unknown.

### STRIKE REMAINS UNSETTLED.

CHICAGO, July 18.—All efforts to settle the strike of the meat cutters here have proved unavailing.

### RUSSIANS REPULSED.

TOKIO, July 18.—The Japanese have repulsed a Russian attack on their position in Motien Pass.

### GERMANY'S PROTEST.

BERLIN, July 18.—Germany has issued a formal note to Russia protesting against the seizure of the Japanese mails aboard the steamer Prinz Heinrich by the Russian Volunteer Cruiser Smolensk.

## PROFESSOR MOSES' VIEWS OF HAWAII

FORMER MEMBER OF THE PHILIPPINE COMMISSION GIVES AN ADDRESS IN WHICH HE EXPRESSES THE OPINION THAT AN ERROR WAS COMMITTED IN GIVING FREE SUFFRAGE TO HAWAIIANS.

BERKELEY, July 11.—Professor Bernard Moses of the department of history at the University of California, and a former member of the Philippine Commission, declared today while lecturing on dependencies at the summer session of the University that the natives of the Territory of Hawaii should not have been given universal suffrage by the American Government. He stated that a serious governmental blunder had been committed by the American people in granting the Islanders such a franchise.

During the course of the lecture Professor Moses said: "The Hawaiians have never had any training in government and they were totally unprepared and unfitted for suffrage when they received it. The class antagonism which exists in the islands may be in a measure traced to the fact that the right of suffrage has been granted to the natives. To thrust upon a people of their standing the power to vote was unwise, from my point of view. It is difficult for a people low in the grade of civilization to have any political sense. The Hawaiians have the fundamental lesson of governing yet to learn, and that is to act with reference to the welfare of a large community."

## FIGHTS DEPORTATION

United States Marshal Hendry received a letter from Marshal Shine of San Francisco today stating that the prisoner Kerr, who is wanted here for an assault on a fireman on the Trans-Port Buford and who had been held on the charge by the district court in San Francisco, has had habeas corpus proceedings instituted in his behalf. It will be therefore impossible to move him until these proceedings are finally settled.

### SOME NEW BOOKS.

## HOW PARKER BROKE HIS SILENCE AND IMMEDIATELY RESUMED IT

### PARKER'S MESSAGE TO THE CONVENTION AND THE REPLY.

I regard the gold standard as firmly and irrevocably established and shall act accordingly if the action of the convention today shall be ratified by the people. As the platform is silent on the subject my views should be made known to the convention, and if it proves to be unsatisfactory to the majority, I request you to decline the nomination for me at once, so that another may be nominated before adjournment.—Alton B. Parker.

The platform adopted by this convention is silent on the question of the monetary standard because it is not regarded by us as a possible issue in this campaign, and only campaign issues were mentioned in the platform. Therefore there is nothing in the views expressed by you in the telegram just received which would preclude a man entertaining them from accepting a nomination on said platform.—Reply sent to Parker's telegram.

ESOPUS, N. Y., July 9.—The text of the telegram prepared by the conference committee at St. Louis, to be sent to Judge Parker, was communicated to him tonight. He declined to discuss it and said that in no contingency would he have anything to say.

ST. LOUIS, July 9.—The official ballot of the Democratic convention for President gave Parker 658, Hearst 200, Cockrell 42, Olney 38, Wall 27, Gray 12, Williams 4, Pattison 4, McClellan 3, Miles 3, Towne 2, Coler 1 and Morgan 2. This nominated Parker on the first ballot. Before the result was announced Idaho, Washington, Nevada and others, changed from Hearst to Parker. On motion of Governor Dockery of Missouri the nomination was made unanimous. Hawaii's six votes were cast for Hearst.

## WILL DRIVE RUSSIA OUT OF MANCHURIA

Paul Cowles, the manager of the western division of the Associated Press, is a through passenger on the S. S. China for San Francisco. He has been in the Orient for some time, attending to the work of organizing bureaus of the Associated Press, for the securing of war news. He was in Newchwang shortly before leaving for home. At that time the Russians still were in possession of the city, but they expected to evacuate the place at almost any time.

"I had expected," said Cowles this afternoon, "to hear of the fall of Port Arthur, I expect the Japanese to take that place at almost any time. The Japanese have succeeded in defeating the Russians in every land operation. The Japanese are so careful in their operations and time every movement so

### CHINA COMES FROM ORIENT.

The S. S. China arrived this afternoon from the Orient en route to San Francisco. The vessel arrived off the harbor a little after 11 o'clock this morning, but did not dock until after 1 o'clock. She left Yokohama July 9. She experienced pleasant weather. Nothing was sighted during the trip. The vessel has a fair-sized crowd of through passengers. She brought some cabin passengers for Honolulu. Among the passengers for Honolulu were R. de B. Layard and family. He is to relieve British Consul Hoare who has been granted leave of absence.

Read Admiral P. H. Cooper, former commander of the Asiatic fleet, is going home. He was last here with Admiral Evans' fleet, then being second in

well that when they do strike it is generally followed with success.

"While I do not care to express any opinion regarding the outcome of the war, the various correspondents with whom I have talked, seem to be of the opinion that the Japanese will continue to defeat the Russians and eventually drive them out of Manchuria. What will happen after that occurs, I can not say.

"As the result of the manner in which Japan is dealing with the war correspondents, many of the papers are recalling their special men and are going to depend in future on the Associated Press for service. We have established a thorough system of stations and have men in the field with the armies." Cowles is going to San Francisco to resume charge of the western division of the Associated Press.

command. On the retirement of Admiral Evans, Admiral Cooper took command and was relieved some months ago by Admiral Stirling. Lieutenant Victor Blue, who was Admiral Cooper's flag officer, is going home on the China. Mrs. Blue accompanies her husband. Ensign H. L. Wyman and Dr. F. E. McCullough, formerly fleet surgeon, are other naval people bound home from the Asiatic station. Major C. M. Perkins is of the marine corps.

Paul Cowles of the Associated Press is going home. He will resume charge of the western division of the Associated Press.

The China sails at 6 o'clock tomorrow morning from the Hackfeld wharf for San Francisco. A fair-sized crowd will depart on her from Honolulu. The vessel has only a little over 200 tons of freight to discharge at Honolulu.

## JAPS WIN

RUSSIANS ATTEMPT TO OUST JAPANESE AT MATIENLING AND ARE REPULSED ON ALL SIDES.

Japanese Consul Miki Saito this morning received the following cable:

Washington, July 18, 1904. To Japanese Consul, Honolulu.

General Kuroki reports that on July 7th at 5 a. m. under the cover of thick fog, Keller, Commander of the Russian Army Corps, with about two divisions commenced a fierce attack at Matienling and the adjacent positions occupied by parts of our army. Our forces made stubborn resistance and repulsed the enemy on all sides, pursued them as far as Lakiaputu. Casualties are now under investigation. TAKAHIRA.

## ON THE WAY TO LISIANSKY

UNITED STATES REVENUE CUTTER MANNING AFTER THE ABANDONED BIRD SKINS.

SAN FRANCISCO, July 9.—The revenue cutter Manning will make a cruise along the Mexican coast to aid the local officers as much as possible to prevent the smuggling of Chinese into the country over the Mexican border. The vessel is now on the way to Lisiansky Island to dispose of a quantity of plumage that had been collected there by a band of Japanese poachers who had been marooned on the barren rock by the wrecking of their vessel. A band of fifty Chinese were turned back from the Mexican border and they are now being held in a prison in the southern republic. It is believed that well organized gangs of smugglers are operating along the border and that their efforts are mainly directed toward bringing Chinese into the country.

## MRS. HILLEBRAND PASSES AWAY

DEATH OF A SISTER OF THE REV. SERENO E. BISHOP YESTERDAY.

Mrs. J. E. Hillebrand, a sister of the Rev. Sereno E. Bishop and descendant of the earliest missionaries to come to Hawaii, died yesterday at the home of her daughter Mrs. A. C. Alexander, College Hills. The deceased was 79 years of age. She was born at Kailua, Hawaii, being a daughter of Dr. Athemus Bishop, one of Hawaii's first missionaries.

Mrs. Hillebrand had lived a large part of her life in the islands, and returned here about a year ago, after some years' absence on the mainland. In addition to Mrs. Alexander she leaves another daughter, Miss Helen L. Hillebrand. Death was due to a gradual breakdown, caused by old age.

The funeral is set for half past three this afternoon. Services will be conducted at the residence by the Rev. O. H. Gulick. The remains will be interred in Nuanu cemetery.

## Women's Summer Shoe Styles

Some seasons ago shoes were made with narrow toes. They were pretty, but they pinched.

Very reluctantly women gave them up but she wasn't backward in expressing her approval of the pretty lines.

This season shoemakers have produced the same effect with comfort and leader among them are Laird, Schober & Co's summer styles.

Patent dress boots, with full Louis heel, \$7.00.

Glazed kid boots, with low military heel, \$6.00.

Patent dress oxfords with full Louis heel, \$6.00.

Ideal kid oxfords, high Cuban heel, \$5.00.

There are several other new styles in the lot and the whole effect is a matter of charming lines, full of comfort.

# Humble Homes At Big World's Fair

Not only stately palaces, but humble homes are fascinating features of the GREAT ST. LOUIS EXPOSITION

(Snap Shot at Irish Village on The Pike.)

For instance, in the Irish Industrial Exhibition, there is a wonderful reproduction (shown above) of the cottage in which the late President McKinley's grandfather lived in Ireland; then there is the Robert Burns' cottage and Grant's log house at Galena, Illinois, and Lincoln's cabin—all in sharp contrast to the mighty structures which surround them, but of hardly less interest to visitors.

In fact, the St. Louis Purchase Exposition is made up of CONTRASTS in Art, Sculpture, Architecture and life. And all this, from the highest to the lowest, is reflected in that

LONDON, July 18.—The press urges the Government to take action regarding the passing of the Dardanelles by Russian volunteer steamers.

**DETAINING AND SEIZING VESSELS BY RUSSIA.**

ADEN, July 18.—The Russians have detained and searched the British vessel Warpari. They have also seized the steamer Malacia in the Red Sea on the ground that she was carrying supplies for Japan.

No steamer Malacia is listed in shipping registers but this vessel may be the British steamer Malacca, 2616 tons, which arrived at Antwerp from London on June 12, loaded a large cargo of Holland goods and then sailed for the Orient.

**BATTLE SOON EXPECTED.**

LONDON, July 18.—War advices represent the situation as unchanged. A battle is expected soon.

ST. PETERSBURG, July 17.—The Japanese are advancing on Tatchekiao, scientifically entrenching en route and taking extra precautions on the wings. Oku's and Nodzu's armies have joined ten miles southeast of Tatchekiao. The Japanese have occupied Pintzsan, seven miles north of Kaichau, and are proceeding towards Newchwang. Kuroki is forty miles east of Liaoyang.

Alexieff reports fighting at Port Arthur on July 3 and 4. Russian troops, assisted by the cruiser Novik and a number of gunboats captured a Japanese fortified point north of the city and near the shore, in the line of the enemy's investment. The Russian loss was 35 killed and 250 wounded. The Chinese claim that the Japanese lost 2000 men before Tatchekiao and that they are suffering from hunger and disease.

**SUBMARINE AND SIEGE GUNS.**

CRONSTADT, July 17.—A French ship carrying a submarine boat and four siege guns has sailed for Port Arthur.

**GERMAN PRESS RESENTFUL.**

BERLIN, July 17.—The press resents the Russian seizure of Japanese mails from a German steamship.

**RUSSIAN VICE-GOVERNOR MURDERED.**

ST. PETERSBURG, July 18.—The Vice Governor of Elizabethpol has been assassinated.

Elizabethpol is a town in Trans-Caucasia near Tiflis, where serious political troubles occurred last year in connection with the Armenian question.

**STRIKERS ATTACK NON-UNIONISTS.**

ST. PAUL, July 17.—The sheriff's posse and the striking meat-cutters clashed yesterday and several were injured.

CHICAGO, July 17.—Negotiations with the meat-cutters have been broken. The allied unions threaten a sympathetic strike.

CHICAGO, July 18.—The meat-cutting strikers attacked the non-Unionists and seven persons were injured.

Extreme heat prevails here, from which there have been three deaths and a score of prostrations.

**HEARST'S IOWA MANAGER REBELS.**

DES MOINES, July 18.—A. W. Maxwell, Hearst's manager for Iowa, repudiates Judge Parker, the Democratic presidential nominee.

**NATIONAL DEMOCRATIC CHAIRMANSHIP.**

NEW YORK, July 18.—There will be a conference of Democratic leaders today to choose a National Chairman. Ex-Senator Davis of West Virginia, the vice-presidential nominee, will be present.

**BASEBALL SPECTATORS HURT.**

CLEVELAND, O., July 18.—At a baseball match here yesterday a platform bearing two hundred spectators collapsed and a score of persons were injured.

**STORM AT CHILIAN CAPITAL.**

SANTIAGO DE CHILE, July 18.—A storm has done immense damage in this neighborhood. The lower part of the city of Valparaiso is covered with mud and water.

Just a year ago Valparaiso was visited by a terrible storm which drove many vessels in the harbor ashore, destroyed many ware-houses, and caused the steamer Arequipa to founder in the harbor. Considerable loss of life resulted.

**SCHOONER ZAMPA STRANDED.**

ASTORIA, Ore., July 18.—The schooner Zampa is ashore north of the Columbia river.

The schooner Zampa is a vessel of 385 tons register, built at Port Madison, Wash., in 1887, and is owned by James Knowland of San Francisco. She is engaged in the lumber trade.

**BODY OF KENT LOOMIS FOUND.**

LONDON, July 17.—The body of Kent Loomis was found on the beach at Bigbury Bay, Devonshire.

Kent L. Loomis was a brother of the American Assistant Secretary of State. Loomis was on his way from Washington to Abyssinia to deliver to King Menelik the recently signed commercial treaty between the United States and the African potentate. He was traveling to France on board the steamer Kaiser Wilhelm II. and disappeared when the vessel was at Plymouth. On the trip Loomis had been accompanied by W. H. Ellis, who showered gold around liberally in Washington and announced himself as a Hawaiian millionaire but later turned out to be a negro. It is said Loomis and Ellis had some trouble on the steamer. Ellis was jealous because he was not allowed to carry the Abyssinian treaty but after Loomis' disappearance, Ellis was authorized to proceed from Cherbourg, France, to Abyssinia with the treaty, and is now in Africa.

During the voyage from New York to Berlin it is said that Loomis and Ellis paid considerable attention to two New York singers who were en route to Berlin. At Plymouth Loomis disappeared, the surmise being that he fell from the steamer tender as it was taking passengers from the ship to the landing stage.

**A CRAZY QUILT.**

Miss Lizzie Hoffman of Anthony, N. J., after 10 years of work, has just finished a bed quilt composed of 14,600 pieces of silk, every piece of silk having been secured from a different bride's hat.

The Louisiana Purchase Exposition is a great enterprise of a great people and will pass into history as a sublime international achievement. It was, of course, proper—well nigh necessary—that the best and highest features in every particular should be preserved for posterity. This has been done through the untiring efforts of the official photographer, and the laborious and comprehensive results of his work, in the highest order of photography, have been carefully chosen for the "Forest City" series, which is thoroughly representative. As a matter of fact, the views in the "Forest City" series are the cream of the collection; they comprise the marvelous and manifold architectural, mechanical, agricultural, industrial, archaeological, ethnological, sculptural, historical, artistic, and scenic attractions of the great Universal Exposition. Five parts now ready at this office.

**Chinese In The Transvaal**

The first instalment of Chinese are due to arrive in the Transvaal at this time. The employment of these people in the South African mines is almost certain to affect very favorably the trade relations of the United States with South Africa. The importation of large numbers of Celestials into the Transvaal was bitterly antagonized in Great Britain, and in the debates which took place in Parliament in connection with the matter many predictions were made that the permanent effect of the move on the social and economic life of South Africa would be extremely unfortunate. Time alone will determine the correctness of this view.

With the difficulty experienced in recent years in obtaining a sufficient amount of Kaffir labor, the mines have been able to increase their output rapidly. What may not be expected when labor is in abundant supply? The Kaffir, like the American southern laborer, does no more work than is necessary to provide him a bare subsistence. But it is argued by those who are most familiar with South African conditions, that when he finds the Chinaman usurping his place he will realize the necessity of working more steadily and systematically. Hence, the labor market, instead of being in a chronic condition of under-supply, may show the opposite tendency. As the ore bodies in the Rand district are believed to be capable of enormous expansion for many years to come, a large supply of cheap labor should mean the creation of new wealth for the Transvaal at a pace exceeding anything witnessed in the past. The colony has been passing through a period of industrial depression since the close of the Boer war, but it is now stated that the country has all but recovered from the effects of the war. Not only are the recent increase in mining dividends an evidence of a new prosperity, but the banks and general industry as well have begun to show improved conditions.

**Canned Goods In Honolulu**

Honolulu as a community is complained of by those who are striving in a practical way with the "small farm" proposition, as being so devoted to the canned goods habit that the market is ruined. Our citizens are so accustomed to using tinned meats and vegetables of all sorts that they have forgotten the superiority of the fresh ones, and are no longer tempted, say the growers, by opportunities to obtain fresh-grown vegetables or even fresh, well raised poultry and meats.

On account of its location and the difficulty of transportation, Honolulu has for years been trained to the use of canned eatables of all sorts, and our population probably uses more of such goods in proportion than any other American city. For years so little effort has been made to supply the local market with vegetables grown here that many have given up looking for anything but the canned product. We have canned peas, pineapples, beans, celery and all sorts of fruits and vegetables which are being grown here in great perfection. The local product is passed by for the canned article to which habit has accustomed so many of Honolulu's residents.

Certainly one market which the Hawaiian fruit and vegetable grower should be able to command is the local market. Honolulu sends large sums of money out of the Territory every year for canned goods. Much of this might better be spent on the local products. At Wahiawa, for example, there is a colony of farmers who are producing as fine fruits and vegetables as are ever imported, and better ones than are to be found in tins. It would be a contributory cause to general island prosperity if the people of the islands would use island products and at least they should do so where cost and quality are in their favor. The creation of stronger home sentiment, of more local patriotism, would do Hawaii good. It would help to cure the habit of relying upon the mainland for everything we want and encourage those who are making homes here.

**A Dangerous War Prospect**

If Russia is seriously making an effort to pass the Dardanelles with her Black Sea fleet, it means that the war has reached a most critical stage, not merely for the Japanese, but for the whole world. Promptly the London press demanded that the British Government protest when such an effort was reported, and the demand will be re-echoed all over Great Britain, for the passage of the Dardanelles is regarded as a clear violation of treaty agreements. Germany and France have the same right of protest, but France would probably make no complaint. While Germany's position is doubtful, there can be no doubt that Great Britain would find it hard, if not impossible, to keep silent or inactive.

It is in the power of Russia by some such act as this reported practical forcing of the Dardanelles, to provoke the general war that has been so much feared and expected for a generation. It would call France to Russia's aid against Japan, but would also arouse Great Britain as a foe and this would seem to make ultimate defeat for Russia, especially in the Far East, more certain than ever. Some of the humiliation of being defeated by little Japan alone would be taken away.

With the Dardanelles fleet thrown into the scale to reinforce that of France, assuming that Russia's actions do involve the other powers, the fleets of Great Britain would find their problem a grave one. The British sea strength is superior to the others combined, but it has more to guard, and losses quickly turn the scales in naval warfare. A lost battleship is finally lost and cannot be replaced like a defeated army, for battleships take years of construction. Russia and France might be able to combine a very powerful fleet in European waters, though probably easily overcome in the Far East. If Russia is as helpless in the conflict with Japan as many experts have decided she is—if the strategists who do the thinking for some of the leading journals of Europe are right when they say she is "already hopelessly beaten," it seems not unlikely that she will take the chance, such as it is, of the assistance she can get in a general war.

Hearst's Iowa manager may have rebelled but as long as his Hawaiian manager stands pat the great Democratic party will not worry.

Another assassination of a Russian official is reported. This character of news is strongly indicative of a serious internal condition of affairs in Russia. While there is no prospect that the malcontents will indulge in any open revolution against the government, the abuses that have prevailed in Russia since her origin, must inevitably must inevitably have aroused a feeling of discontent that sooner or later must be given vent in open demonstration.

One of Hearst's political managers has repudiated Parker. Inasmuch as Hearst is supporting Parker, it is up to the editor to repudiate his bolting henchman.

Keppelmeister Berger's new masterpiece "Pedro" which was played at the Sunday afternoon concert for the first time is unquestionably in for a run of popularity. There is no truth in the rumor that he collaborated with P. Maurice McMahon in the production of the words.

The Democrats have a wonderful harmonizing power when it comes to the tussle with the enemy. The nomination of Parker was no sooner accomplished than Hearst and other began sending him telegrams of congratulation.

Judge Parker broke his Sphinx-like silence before the convention adjourned at St. Louis. His words when he did speak were enough to be worth all the waiting for, in the effect they produced. It was like a slap in the face to a convention that had refused to express itself on the money question, for Parker to bluntly send it his own views, declare that he meant to carry them out, and invite the party to name someone else if it didn't like his opinions. The Democrats diplomatically got out of the difficulty by saying that the money question is not an issue and that therefore it does not matter what Parker's views are. It was all a pretty and spectacular bit of party politics, of which the natural tendency is to increase the country's respect for Parker, in view of his straightforwardness and independence.

Truth is so much stranger than fiction sometimes that it makes some of the wildest flights of romance seem commonplace. Here is a late dispatch from an Iowa town: "UTE, Iowa, July 16.—A bolt of lightning which struck the hearth in which the body of Fidesta M. Haskins was being borne to the cemetery was the means of clearing up a mystery. Fifteen years ago Haskins a prominent merchant of Clinton, Iowa, went to Cedar Rapids to visit relatives, saying he would return in two weeks. He did not return. Years went by and finally his wife gave him up for lost. She read that lightning had struck a hearth and investigation revealed that the body was that of her husband. Ute is only twenty miles from Clinton, and yet for fifteen years the husband had lived here." Any fiction-writer who dared to finish up a story with a proposition of that kind would be unmercifully roasted for his pains and told to stick to reasonable probabilities.

HAWAII AT CHICAGO

DELEGATE W. H. HOOGS TELLS OF THE WORK OF THE REPUBLICAN NATIONAL CONVENTION—THE CONTEST OVER THE DELEGATION FROM HAWAII MADE MANY FRIENDS FOR THE TERRITORY.

SAN FRANCISCO, July 12.—W. H. Hoogs, one of the Hawaii delegates to the Republican National Convention, has returned from the East and is at the St. Francis Hotel. He goes tomorrow with his eldest daughter Fanny, and his sister, Miss Hoogs, to Mt. Howell for a week. He expects to return to the islands by the Mongolia.

Mr. Hoogs was one of the Honorary Vice-Presidents of the National Convention, and served on the very important Committee on Credentials. He says that Governor Carter proved himself a very strong man. "Few governors at the convention attracted more attention than Governor Carter did, or had more influence," says Mr. Hoogs. "The speech he made in the effort to save six votes in the convention to Hawaii was a good one and effective. It was short but it was to the point and was generously applauded."

"The fight Hawaii made in the convention on this point, I believe, did more to advertise Hawaii than anything that has been done. It gained us friends. We made a plucky, snappy fight. We held the time and attention of the convention for over an hour. We made friends for ourselves and for the islands by the fight we made."

"I think there is no doubt but that next time we can secure recognition with the full status of a territory, but we shall have to work for it. The adoption of the report of the Committee on Rules, as amended in the convention, seated our entire delegation in this convention with six votes, but reduced us to two delegates at the next convention."

"The convention itself was impressive, but of course there were few exciting episodes in it. But the committee work was not only important but was exhilarating and suggestive. The Committee on Credentials numbered fifty-two as all the regular committee did. We went into session at 3 o'clock in the afternoon and were in continuous session until 3:30 o'clock next morning. Then we took a recess until 9 o'clock for the preparation of our report, the convention having adjourned until 10. Our report was not ready, however, and it was 11 o'clock before the convention was in session."

"I would not have missed the experience of this committee work for a great deal. There were a number of notable contests heard and decided by us. One of these was that between the La Follette and the Spooner delegates from Wisconsin. Another was that of the Warmouth and the Anti-Warmouth delegations from Louisiana, the former being the so-called "Lily White" delegation. Then there was the contest against the Addicks delegation from Delaware."

HONOLULUANS BACK ON THE KOREA

THE LINER ARRIVES ON TIME THIS MORNING FROM SAN FRANCISCO.

The S. S. Korea, Captain Seabury arrived this morning at day break from San Francisco with four days later mail and files of the mainland papers.

The Korea sailed from San Francisco July 12. She brought a good sized list of people for Honolulu, many of those aboard being well known residents of this city.

Dr. C. B. Cooper returned from attending the national convention of physicians.

G. P. Wilder who was agricultural commissioner in Europe returned from a trip abroad. He was accompanied by his wife.

Mrs. J. M. Riggs, returned to Honolulu after a trip to San Francisco with her brother, T. C. Afong Chun Tong. The latter is going through to Hong Kong.

A. L. Castle returned from attending college.

Miss Alice Jones returned from an extended trip to the mainland.

Mrs. A. F. Judd and the Misses S. B. Judd and A. E. Judd were returning Honoluluans.

Mrs. Charles W. Hill and daughter returned from a visit east. They will go to Hilo tomorrow by the Kinau.

Miss M. B. Logan daughter of Daniel Logan, returned from an extended visit to the mainland.

W. Beakbane the engraver, returned from a business trip to the California.

Mrs. Richardson Colver, wife of the Captain of the battleship Wisconsin, is going out to meet her husband at Manila. She is accompanied by her two daughters.

Captain S. M. Ackley and Lieutenant George W. Laws are American naval men who are going to be assigned to positions on the American fleet.

Dr. D. H. McGraw and Dr. L. A. Martin are tourists going out to Hong Kong. Carroll Miller and J. M. Ruengenberg are prominent commercial men of Kobe.

Miss Katrina Wright is the daughter of Governor Luke Wright of the Philippines. She is going out to Manila.

W. Cameron Forbes is a Philippine commissioner.

The vessel has 7,000 tons of through freight for Oriental ports. She goes to Manila this trip. Some of this stuff is railway material for Japanese consignees. The vessel experienced good weather during her trip. She sails from the naval wharf at 6 o'clock to-night.

MRS. GEAR WINS A BIG CASE

THE JUDGE RECEIVES A CABLE FROM SAN FRANCISCO CONVEYING GOOD NEWS.

Circuit Judge George D. Gear received a cable from Mrs. Gear this morning which brought joy to his heart. It simply said: "Judgment in my favor," but that was sufficient to let him know that Mrs. Gear had won the fight for possession of the famous California gold mine in Tuolumne county, California.

Mrs. Gear has been in California for the past three months or more fighting the case and the decision in her favor was what she had all along expected.

Mrs. Gear, who was a Miss Durphy, received her interest in the mine from her father, a pioneer timber and mining man, and one of the founders of the town of Fieldbrook in Humboldt county. The California mine's value at the present time can hardly be estimated as it has been tied up in litigation for a long period, but that it is very valuable is indicated by the bitter fight that has been made for its possession.

In past days several millions of shining gold have been won from the California and gold, as the miner says "is where you find it." In all probability Mrs. Gear's property will turn out to be still one of the richest in the Golden West.

UNCLE SAM WILL HELP

DR. COOPER'S TRIP TO REPRESENT HAWAII IN THE MEDICAL CONGRESS.

Dr. C. B. Cooper of the Territorial Board of Health, returned on the Korea this morning after one of the most important journeys ever undertaken in the interests of the health conditions of the country.

He went away with the main object of interesting the medical profession of the United States generally and the medical authorities of the Federal government in particular in the matter of leprosy, in the necessity for using all scientific methods for studying and combatting the ravages of the disease and in showing the absolute necessity for federal assistance in the work which has been so well begun in these Hawaiian islands.

He attended the annual conference of the State and Territorial Health Officers at Washington on June 3 and 4 and then went to the meeting of the American Medical Association at Atlantic City from June 6 to 10.

"At the Washington gathering of Health officers," said Dr. Cooper this morning "I was chairman of the committee on leprosy. I delivered an address on the disease and was pleased to find that I had the heartiest support of the medical men there. Surgeon General Wyman and Assistant Surgeon General Geddings both expressed the greatest interest in the matter. I showed to the best of my ability the necessity for federal assistance in the carrying out of original research work in the effort towards finding a cure for the disease and pointed out the great advantage that Hawaii has to offer for that study. I presented albums containing photos of fifty picked cases to each association as well as views of the settlement at Kalaupapa. From the assurances I received I feel certain that something will be done very soon along the lines I have indicated. Dr. Dyer of

New Orleans who has charge of the leprosy there, and who is vice-president of the American Medical Association, was heartily favorable to the suggestions made. There were 3,500 medical men in attendance at Atlantic City and I'm sure that they all heard enough about the conditions here to make them feel interested. In this connection I might say that Surgeon General Wyman was utterly opposed to the suggestion made some time ago for the ending of all United States letters to Molokai and he would not countenance the transfer for a moment."

While in Washington Dr. Cooper called on President Roosevelt and was accorded a long conference with him, the president showing an appreciative interest in the doctor's mission as well as in Hawaiian affairs generally. As an alternate, the doctor also attended the Republican convention in Chicago and there met and conversed with Senator Fairbanks, the next vice-president, whom he also found to be interested in things Hawaiian.

"I met a great many men of national prominence during my trip," concluded Dr. Cooper "and was glad to find that all are interested in the welfare of the islands and I am confident that the coming year will show that this interest will crystallize into substantial benefit."

FROM HILO TO PHILADELPHIA.

PHILADELPHIA, July 12.—From a home of luxury, John Guild, the eleven-year-old son of a wealthy shipbuilder of Hilo, Hawaii, shipped as a stowaway more than two months ago and arrived here today tanned and hardened, aboard the merchantman Californian. Captain Barrow, who knows the boy's father well, did not find the lad aboard until he was two days out to sea. He decided not to spoil him with indulgence, and impressed him into service on the vessel. The boy said he had a great desire to see the world, but his father would not permit him to leave home. So he concluded to embark himself. He stole aboard and concealed himself in the coal bunkers. Two days later, half starved, he emerged on deck. He will be taken back on the Californian's return trip.

Your Barber or Your Druggist?

If your hair is too long, go to your barber. He has the remedy—a pair of shears. If your hair is too short, go to your druggist. He has the remedy—a bottle of Ayer's Hair Vigor.

**Ayer's Hair Vigor**  
Is a Hair Food.

It feeds the hair. The hair grows long and heavy because it gives to the hair just what it needs.

If your hair is turning gray, it shows there is lack of hair nourishment. Give your hair this hair-food and it will take on new life. Soon all the deep, rich color of youth will return to it.

We are sure you will be greatly pleased with Ayer's Hair Vigor as a hair-dressing. It makes the hair soft and smooth, and prevents splitting at the ends.

**ARE CANNING PINEAPPLES**

THE NEW PLANT AT HAIKU WILL COMPLETE WITH THOSE OF CALIFORNIA.

The new pine-apple cannery and can factory at Haiku Maui is now running successfully with the new plant and the results are most satisfactory. All the cans are made within the building, the tin coming in boxes, from which one sheet makes three complete two pound cans including the top and bottom. After the tin has passed through the cutter and former it goes to the steamer and here is put on the only solder used in making the cans as both top and bottom are first flanged then double seamed which are passed through a tester with a pressure of twelve pounds for detection of flaws if any exist. The cans are made at a less cost than if ordered ready made in large quantities from the coast.

From the time the pineapple leaves the field is put into the peeler to the finished product ready for packing and shipping, all the handling is done by machinery, thus insuring absolute cleanliness, and that the time consumed can be readily understood from the fact that the plant now in operation is fully able to peel, core, slice, can and cook ten thousand pines daily.

The fruit grown is of the Smooth Cayenne species, and is best adapted for this purpose on account of its oval shape, and that the eyes are not so deeply set, being more on the surface while those of the Hawaiian pine run in almost to the core, leaving little or none of the fruit available for marketing, while with the "Sugar Loaf" species, its pear shape is also against its use, there being too much waste.

The concern can put the canned fruit on the market at a figure by which it can compete successfully with the California product.

**AN INTERESTING FIND.**

PUUNENE, July 15.—James Reid who ascended Haleakala a little over a week ago made a lucky find near one of the trails. The find consisted of a number of correctly carved stones which were used in a battle there about two hundred years ago, when some of the chiefs of Hawaii tried to subdue one of the kings of Hana.

**DAMON IN HILO.**

HILO, July 15.—Hon. S. M. Damon of Bishop & Co., made his first visit within a period of about eight years. He says that the City has changed so completely that he would hardly recognize the little hamlet that he has carried in his mind all these years. The town that used to be, is a city that is. Wall-nut-street he said was a great surprise to him. Things in Oahu were shaping themselves to the satisfaction of all.

**HILO FRUIT SHIPMENT.**

HILO, July 15.—The Tropical Fruit Growing Company at Waiakoa seem to be keeping their factory going, as is evidenced by the shipment they made around the Horn on the S. S. Arizona. They shipped 2 barrels of Mango Chutney, 3 barrels Guava Jelly, 1 barrel of Papaya pickle, 2 dozen jars of pineapple pickle, an 80 gallons of Guava Jelly in tins, making a shipment of about \$1,500.

**SYMPHONY CLUB REHEARSAL.**

The Honolulu Symphony Club held a successful rehearsal last night, in preparation for the concert which is to be given the latter part of the month. The club has secured the service of Herr Tuck a professional viola player. He will take the place of B. L. Marx who is to go to Germany shortly for a visit.

**SUGAR SEASON NEARLY OVER**

S. S. AMERICAN WILL BE DETAINED IN PORT WAITING FOR ALL OF HER ALLOTMENT.

The sugar season is drawing to a close. Within a few weeks more vessels will be going back to the coast with short cargoes or else have to be delayed in port until full cargoes can be given them. About the first illustration of this fact is now being given in the case of the S. S. American. The vessel arrived Saturday from Seattle and Tacoma to take sugar for Delaware Breakwater.

The vessel has about 1,200 tons of freight to put out at this place. She is to load 4,200 tons of sugar here. At the present time however there are not more than 2,000 tons of sugar on hand at the Railway warehouse. Very little sugar is coming in now from the Kauai plantations. Some of them have either shut down entirely or else are easing up in grinding. The result is that about all the sugar to be depended on, is that from Oahu. Honolulu Plantation is not turning out much over 125 tons a day. The American will therefore, be forced to wait until the deficit can be made up. From Honolulu she goes to Kahului to get 1,500 tons more and then to Hilo for 2,300 tons, the remainder of her load.

**RADIUM TREATMENT.**

HILO, July 15.—Mrs. L. Severance, is undergoing treatment with radium at Puunene, Maui, is steadily improving.

**SUGAR TRUST FOR MICHIGAN.**

DETROIT, Mich., 25.—One of the most important steps in the development of the beet sugar industry in Michigan has been the formation of a central board of control for the purpose of more economically operating a number of plants which are all practically owned by the same interests. The plants now working under an agreement made a few days ago at Saginaw, are: The Alma Sugar company, the Saginaw Sugar company, the Valley Sugar company, the Bay City Michigan Sugar Company the Tawas Sugar company the Sanilac Sugar company, and the Peninsula Sugar company, representing a total capitalization of \$6,250,000.

Under the agreement each of these companies elects one representative on the central board which will control all the plants. The chairman and general counsel of the board is Charles B. Warren, F. R. Hathaway, of Alma is secretary of the board and will be the officer directly carrying out the board's decisions and policies.

**FILIPINOS NEED TEACHERS.**

Special inducements are being held out by the United States civil service department to encourage school teachers to take examinations July 13 for positions in the Philippines islands service. Several hundred teachers are needed. The salary of this position ranges from \$900 to \$1,200 per annum. Women will not be admitted to this examination, with the exception of the wives or fiancés or men examined at the same time, or already employed in the Philippine service.

**THIEVES AND LIARS**

DOWIE'S OPINION OF THE GOVERNMENT OFFICIALS OF AUSTRALIA—PREACHES HIS FIRST SERMON AFTER RETURNING AND SAYS HE IS GLAD HE SAID KING EDWARD HAD NO RELIGION TO SPARE.

CHICAGO, July 3.—John Alexander Dowie, fresh from his "triumphant" tour of the world, preached his first sermon to the hosts of Dowieites this afternoon in the Tabernacle at Zion City.

Ruth Hofer, the Swiss heiress of \$1,000,000 whom Dowie is said to have converted to his belief, and who, it is asserted, will turn over her fortune to him for the benefit of the elect, occupied a prominent position at the assemblage. Miss Hofer has been reported engaged to Dowie's son Gladstone, "the unloved," and much interest was exhibited by the people in her presence.

Escorted by a band and the Zion guards, resplendent in their bright uniforms, with flags and banners flying, Dowie was driven to Shiloh Tabernacle, where the hosts of the faithful were awaiting him.

"Elijah II" reviewed his world's tour and said his movement was not in the nature of missionary work, but "merely a reconnaissance and not in force at that." His mission this time was not to convert the world, but merely to look about from the viewpoint of the prophet of the restoration.

Dowie told of his trouble in Australia. He said that if he had with him 300 restorationists he would have stayed three months and fought out the war with the Masons. He said:

"The Government positions in Australia are filled with thieves and liars." In speaking of his remarks concerning King Edward, Dowie said: "I am not sorry that I said the King had no religion to spare. It is only true what a notorious man he is."

Five parts of the World's Fair Portfolios now ready at Star office.

RARE PICTORIAL HISTORY OF FAIR

THAT'S WHAT OUR READERS SAY ABOUT THE ST. LOUIS WORLD'S FAIR VIEWS.

Readers who are wisely securing the parts as issued of the beautiful "Forest City" series of World's Fair Art Portfolios highly appreciate the fact that they are getting them practically free; the only charge being the cost of handling, wrapping, addressing and mailing.

As a rule, distributions of books and pictures which are thus free or practically so are looked upon with suspicion by people who are of a careful turn of mind, and, frequently, not without reason.

It has often been found that the book or picture so highly lauded was of little value, by reason of blemishes or defects discovered only after close inspection.

A good book or a good picture, as we all know is well worth having; they afford mental and visual food, without which life would be a waste.

But a damaged or badly printed book, or indifferent, imperfect picture is worse than nothing; for it is a constant offense against good taste.

It is a wise precaution, therefore, to inspect these, so-called, free offerings to ascertain if they are not too cheap to be worth self room.

Readers have evidently done this in the case of "Forest City" series; at any rate the distribution is taking on unexpected proportions and the popularity of the Portfolios is increasing from day to day.

At the outset, readers were assured that no more beautiful, complete, interesting and instructive popular souvenir and record of the great Exposition at St. Louis could be secured.

It indeed constitutes a complete pictorial and descriptive history, not only for the millions who will see the Fair, but for the thousands who will not be so fortunate as to attend.

Announcements regarding the distribution are printed at frequent intervals and readers are earnestly requested to read them, so they may form an adequate idea of what they are to receive; or, better still, clip out one of the little coupons and send for Part 1 of the Portfolios, with ten cents to cover cost of handling, wrapping, addressing, mailing, etc. Any part issued will be promptly forwarded on receipt of a coupon and ten cents coin or stamps.

HILO COTILLION CLUB DANCE. HILO, July 15.—The Hilo Cotillion Club will give their July dance at Spreckels' hall on Friday evening, July 22. The Club have issued their by-laws in printed form, so there should be no further doubt as to what the rules are. The following committees have been appointed for the dance:

Decoration Committee—Mrs. Gerv. Miss Moeline and Miss Dolly Summer; Ralph Baldwin and Sheffield Grace. Refreshment Committee—Mrs. J. McLean, Chollie Souza and Dr. Wachs.

PUNENE NOTES. PUUNENE, Maui, July 15.—On last Tuesday evening the employees of the Hawaiian Commercial and Sugar Company met at the Puunene Club house meeting room and took up the matter of a harvest home dance. It was decided to hold the affair on Friday night August 26 in the filterpress room of the Puunene Mill, the same place that it was held last year. The committees for the various functions in connection with the dance have been appointed. H. P. Baldwin is chairman. The committee on invitations will meet some time during the week and send out invitations through the islands as was done on previous occasions.

Professor A. G. Blackman and wife are at present the guests of Mr. and Mrs. J. N. S. Williams. Blackman is making a special study on the Heleaus on Maui. He will be joined later by Prof. W. T. Brigham of the Bishop museum of Honolulu. With a party which is being formed they will ascend Haleakala.

LEAP YEAR DANCE. WAILUKU, July 16.—A leap year dance will be given on next Saturday night at the K. P. Hall by the lady friends of the K. P. members. The success of this ball is already assured, inasmuch as it will be a unique affair, and the first one to be had in Wailuku.

CAPTAIN BURNHAM ON MAUI. WAILUKU, July 16.—Captain W. D. Burnham, Manager of the American-Hawaiian Steamship Co., has been a visitor on Maui during the Nevdan's stay in port. Captain Burnham is quite impressed with the many changes in Kahului since his last visit to the islands.

DRAYING CONTRACT AWARDED. The draying contract for bonded merchandise was awarded to Hustace-Peck and Company today. Their bid was 6 cents a package. They were the only bidders.

HONOKAA NOTES.

HILO, July 15.—Hamakua has been blessed with a good rain. There have been 6.60 inches already this month.

The Parker Ranch Company is still doing business under the Carter management.

There is going to be grand concert in the Hamakua Lyceum on the 23d inst. Mrs. D. Forbes is making every effort to make it a success.

C. E. Grey met with an accident on the 19th inst. He was thrown and had his left collar bone fractured.

The Fourth of July passed off pleasantly in Honokaa. There was a good program of sports. Judd of Waimea captured all of the purses in the horse races excepting the consolation purse, for which he would not enter. The success of the day's sports were largely due to George Kaiser, Charles Grey and E. Miles, who worked hard to make it pleasant for everybody. There were \$240 given out in prizes.

The Honokaa polo players met the Waterloo the 11th inst. Dr. Schoening and Dunkhiser took the prize. They talk of challenging Mcintosh and Williams in Hilo.

NEW STREET TO THE FRONT

Following the demolition of the old Customs House on the water front, the Department of Public Works will further improve the front and its approaches by extending Smith street from King street through to Queen street over the property occupied by the Iron Works.

"We will commence that work as soon as we can get a title," said Superintendent Holloway this morning. "Both the Inter-Island and the Wilder wharves are down that way and the traffic gets very much congested at times. The new street will relieve the situation very much."

INJUNCTION IS SUSTAINED

The Supreme Court this morning decided the case of H. Kendall vs. Superintendent Holloway and Lucas Bros., sustaining the injunction decree of the lower court. The decree in question enjoins the Superintendent of Public Works and the other defendants as contractors from entering into a proposed contract under which Lucas Bros. were to construct a school building and two dormitories at Lahainaluna, Maui, for the sum of \$35,516, in accordance with a tender made by them in response to an advertisement by the Superintendent calling for tenders—the ground of the injunction being that after advertisement a change was made in the specifications without a new advertisement.

The syllabus of the decision says: "A bill in equity should not be dismissed in the appellate court merely because its title and address describe the court as the 'Circuit Judge' without the words 'at Chambers.'"

"Leave to file a transcript of the evidence is denied for noncompliance with rule 4 of the Court." The decision is by Chief Justice Frear and is unanimous. Superintendent Holloway will proceed to advertise for bids again.

BERRY WINS THE WILCOX SUIT

The Supreme Court this morning reversed the judgment obtained some time ago by Mrs. Theresa Wilcox against Q. H. Berry, for alleged malicious prosecution of a suit on a note. The court in a unanimous opinion, holds that there is nothing to show malicious prosecution and orders a judgment for defendant. The opinion is by Justice Hartwell. The syllabus is as follows:

"An oral motion to dismiss a complaint for not stating a cause of action having been argued in the Circuit Court and overruled and execution taken and allowed to such overruling, the case showing a formal demurrer for the same cause filed in the District Court from which, after a hearing upon the merits and judgment for the defendant, an appeal was taken to the Circuit Court, the motion is treated as a demurrer.

"Whether the averment that the defendant assigned to one M. a judgment with the intention that M. should bring an action upon it is a sufficient averment to make the defendant responsible for the action brought by him, Quere; the complaint in this case disclosing no cause for action against the defendant if he had brought the action himself.

"An action for malicious prosecution of a civil suit imperatively requires a termination of the suit in favor of the defendant. In this case the defendant was alleged to have acquired by assignment a judgment against the plaintiff which he knew had been paid, partly in cash and the balance in a promissory note of the plaintiff's husband upon which the defendant had obtained judgment. He assigned the former judgment to M. with the intention that M. sue upon it, which he did, recovering judgment for which the plaintiff is now liable, and levying upon her personal property.

"Held: that this was neither an action for malicious prosecution of a civil suit, the suit having terminated in favor of the plaintiff; nor an action for malicious abuse of process, there having been no unlawful or unauthorized use of process and that the complaint sets forth no actionable wrong."
