HOME RULERS AND DEMOCRATS JOIN FORCES

A COUNTY TICKET IS NAMED BY FUSION OF TWO PARTIES

Without any ostentation or the sounding of brass, the Home Rulers and Democrats of the Big Island quietly assembled in the Puuoco church on last Thursday and nominated a formidable county ticket.

Few realized the meaning of so many distinguished citizens in the community on the named day and labored under the mistaken idea that all greatness was centered in the Republican Convention. There were delegates from all parts of the Island and big Sam Woods arrived on the Kinau Wednesday night with a string of delegates in his wake.

By a prearranged program, the Home Rulers and Democrats agreed to unite on a fusion ticket, and were successful in dividing honors, the nominations for sheriff and county clerk going to the Home Rule party and the naming of the county attorney and auditor to the Democrats.

The delegates had gathered early and Chairman Kalaiwaa presided over the convention. Nominations were made amid flights of oratory and an effluence of praise. There was no opposition to William Keolanui, candidate for sheriff at the last county election, and he was the unanimous choice of the convention. T. K. Lalakea, the former Home Rule supervisor, secured the nomination for Treasurer. Wm. E. Edmonds, who was elected at the last county election as tax assessor and collector, was slated for the position of County Clerk. Chas. Maguire of Kona was chosen for the party's candidate for Auditor. Chas. Williams of Honokaa succeeded in getting on the ticket for County Attorney.

The Supervisors nominated for the various districts are as follows: Puna, J. F. Komoku (Dem.); Hilo, E. H. Lyman (H. R.) and John T. Baker (Dem.); Hamakua, R. H. Makekau (H. R.); Kohala, Frank Woods (Dem.); Kona, K. Kalaiwaa (H. R. and D.); Kau, O. T. Shipman (Dem.).

For Deputy Sheriffs for the various districts, the fusion ticket is as follows: Puna, S. H. Haahoe; South Hilo, K. M. Kohou; North Hilo, E. K. Simmons, Jr.; Hamakua, John Kaliipule; South Kohala, J. K. Kawai, Jr.; North Kohala, Geo. Baker; Kona, J. W. Keliioa; Kau, (none.)

Republican Executive Committee Chosen.

Immediately following the adjournment of the Republican county convention Thursday night, the members of the County Committee were called together by R. A. Lyman, Jr., when an executive committee was selected, as follows:

R. A. Lyman, Jr., chairman; J. McGuire, vice-chairman; Chas. Akau, secretary; John T. Moir, treasurer; and the following committees—Puna, G. D. Supe; North and South Hilo, E. K. Simmons; Hamakua, N. T. Furtado; North and South Kohala, W. H. Renton; North Kona, R. Wassman; South Kona, W. J. Wright; Kau, Dr. W. A. Schwallie.

The active management of the campaign will be in charge of the executive committee named above, but as nearly all of the members of the committee reside at a distance, the real work of the campaign will probably fall on the shoulders of Chairman Lyman and Treasurer Moir, who are now making the preliminary arrangements.

Brown's Remarkable Nest Egg.

L. D. Brown, the Kaiwika giant, farmer, pugilist and ex-police man made a discovery of a nest egg in his hen coop last Sunday which threatens to change the outcome of the war between Russia and Japan. A hasty glance at the remarkable egg would not impress one that the oval body was different from other hen fruit, but a closer inspection discloses the most delicate tracings on the shell, formed into queer symbols, in bas relief. Prominent on one side of the egg is a blazing sun, with the rays radiating to the four points of the compass. A half moon and a shower of stars appear elsewhere. Near the apex is a cross, most symmetrical in design, while on the reverse side is the face of a bearded man. The Japanese who have seen the freak egg believe it to possess wonderful power and to be an omen of good or bad import, as their imaginations are allowed freedom and a little encouragement by Brown's recital of his finding the egg among a lot of other eggs in a hen's nest.

Brown has been offered \$300 for the prize, which he has steadfastly refused. Which hen it was that laid the "golden egg," Brown declares he does not know, but he is laying for that hen. In case the egg were to hatch out, Brown is not prepared to say what would be forthcoming, but some joker has been unkind to say it might be a cross between a Japanese and a bantam rooster. At any rate the Japanese are flocking to Kaiwika to get a look at this wonderful freak of nature and speculation is rife as to the cause of the wonder.

Hamakua Homesteads Taken.

Sub-Land Agent George H. Williams went to Honokaa last Saturday to receive applications for several small homestead lots in the Hamakua district. All of the land is agricultural land, partly cleared, and was opened for settlement under the right of purchase lease system. Lot 7, Ahualoa homesteads, containing an area of 65.70 acres, was given to Joe de Coite at an appraised value of \$657. Lot 19A, Ahualoa, having an area of 22.70 acres, went to M. A. Diaz at an appraised valuation of \$227. Lot 3, at Niupea, containing 16.84 acres, was disposed of to Mrs. Kaona at an appraised value of \$202. Lot 19, in the same locality, containing 40 acres, went to Willie Iokia at \$405, while N. P. Soares secured three small lots, Nos. 41, 72 and 73, aggregating 27 acres, at an appraised value of \$158. The appraised valuation was placed on each of these homesteads at \$10 an acre, and there were a number of applicants for each parcel disposed of under the right of purchase lease plan.

THE TICKET.

No stronger or more representative ticket could have been chosen than that selected by the Republican County Convention on Thursday last. There were threats of disaffection and internal strife, but when the time for formulating a thoroughly representative ticket arrived, all petty differences were laid aside and the party presents as strong a ticket for the people's suffrage in the County of Hawaii as has ever been before the public.

All elements of the party are represented and as far as possible each of the districts of the County have been recognized. The ticket is a vote-getting ticket and a popular one. It does not represent any single wing or faction but if elected, means honest and capable administration of county government.

John C. Searle of Kan who is nominated for sheriff, is a big man, who has grown up with the people and is the people's choice for election to the position which he now holds. R. A. Lyman, Sr., by his long service in public life has demonstrated his qualifications for office and, as he is a favorite with the people throughout the island, his election is assured. W. S. Wise of Hilo, the candidate for county attorney, is a lawyer of no mean ability, a man of wide experience which especially fits him for the office to which he aspires.

The supervisors and deputy sheriffs for the various districts have been chosen especially with reference to their merits as true and tried servants and capable business men. Their election depends upon their personal popularity within their respective districts, and there is no single nominee whose election to office would not be a credit to the district and the party which they represent.

BEFORE any further experiments are made with oil on the highways care should be taken that finished streets are selected for this purpose. One end of Bridge street at the intersection of King is a veritable mud puddle because of the faulty construction of the street. If the surface is made waterproof, it may become necessary to ferry across this portion of the street.

UNTIL the county law is "knocked out," the voters and citizens of this Territory will proceed to start the wheels of government in motion, just as though they are a part of the United States and the Governor did not mean what he said.

THE TRIBUNE has been promised a series of articles on Hawaiian mythology from the pen of A. B. Loebenstein, than whom there is no writer in the Territory more facile or better prepared to deal with so interesting a subject.

THERE was such a harmony in the Republican convention that the "fighting seventh" delegations from Kau buried the hatchet and listened with pleased countenances to the sweet harmony of the Hilo band Thursday evening.

THE failure of the Republican County Convention to deliver the usual gush over the Carter administration is only an echo of Carter's dislike of "gold bricks."

Pianos Tuned.

Now is the time to have your pianos tuned. Jack Bergstrom, the expert piano and organ tuner of Honolulu, is spending ten days in Hilo. Leave your orders at Hilo Drug Co.

Wreck to be Sold. Jas. Robertson of Honolulu, representing the firm of C. Brewer & Co., agents for the Martha Davis, which was burned to the water's edge ten days ago, came to Hilo on Wednesday to inspect the wreck and to make arrangements for its disposal. It is not known how much, if any, freight remains in the hold of the vessel, as the hull sunk while ablaze and before an inspection could be made. She now lies in about 27 feet of water, the bow floating near the surface of the bay. Besides the lumber and iron that is in her, the spars, sails, anchors and chains are regarded as valuable and unharmed by the fire.

Capt. Macloon has made arrangements for a sale of the wreck at public auction next Thursday by Auctioneer Ray. The buyer will be required to remove the debris at his own cost, but this is not regarded by those who profess to know as a difficult task if dynamite is judiciously used. Capt. Macloon is still in Hilo, but will return to San Francisco on next Friday.

Entertains at Cards. Mr. and Mrs. Philip Peck entertained a small party of young people at cards last Tuesday evening, in honor of their daughter Emelie and Dr. Ormand Wall of Honolulu, whose nuptials are announced to take place in the fall. Progressive Five Hundred entertained the guests until the supper hour, when the sumptuous parlors were cleared for dancing. Miss Ivy Richardson and Mr. Wm. McKay respectively carried off the lady's and gentleman's prizes for proficiency at cards. During an intermission Dr. Ormand Wall and Miss Emelie Peck delighted the gathering with a violin duet, which was exquisitely rendered and heartily applauded. Those present were: Mesdames Richardson, Castendyk, Metcalfe, Baldwin, McKay, Elliot, Misses Hapai (3), Richardson (2), Ahrens Shipman. Messrs. Dr. Wall, Sam Peck, Day, Irwin, Grace, Mellor, Hapai, English, Sumner and Ridgway.

A Continuous Tournament.

At the annual meeting of Hilo Tennis Club May 11th, the following officers for the new year were elected:

President, Dr. H. B. Elliott; Captain, F. W. Thrum; Secretary and Treasurer, Sheffield Grace, and Executive Committee consisting of A. Humburg and Adam Lindsay.

Arrangements were made for a continuous tournament among the members, which is now in progress. Clever playing is being developed among the members, which promises some exciting contests in the open tournament announced for July 4th. Owing to business engagements, Messrs. J. E. Metcalfe and Geo. Hapai are unable to attend the games now in progress in Honolulu.

A Poi Supper.

A delightful little poi supper was given at the Hapai residence on School street last Wednesday evening, at which Dr. Ormand Wall of Honolulu and Miss Emelie Peck were the guests of honor. The occasion was the birthday anniversary of Miss Harriet Hapai, who with her sister were the hostesses of the evening. After the Hawaiian collation, cards served to pass a pleasant evening for those present. The guests were: Mr. and Mrs. Castendyk, Mr. and Mrs. Metcalfe, Misses Peck, Emelie Peck, Scott, Shipman, Ahrens, Louisa Hapai, Richardson and Ruth Richardson. Messrs. Wall, S. Peck, Humburg, Grace, S. Grace, Irwin, Geo. Hapai and G. W. Weight.

Opens a Laundry Agency.

Bruce Hartman, representing the Sanitary Steam Laundry of Honolulu, arrived last week to look over the field for the establishment of a steam laundry in Hilo. He found the conditions at present not suited for the erection of a laundry plant but has made temporary arrangements to maintain an agency at the Hilo Barber Shop, where laundry may be left up to Friday morning of each week, and will be returned by the return Kinau. Honolulu prices prevail, and the company pays the freight.

Struck Water at Olau.

After boring to a depth of 240 feet, J. A. McCandless struck water at the Olau Mill last week. It was necessary to go 20 feet below sea level, but an ample supply of pure water was found, which will be used exclusively for the mill. The well hole has filled to a depth of thirty feet and Manager Watt is much pleased with the result of his well boring experiment. Mr. McCandless returned to Honolulu on Friday's steamer.

SPRING FEVER

Spring Fever is considered a joke - when someone else has it - but the condition is in reality no joke. Spring Fever is one of the terms applied to that general relaxed condition of the system which is so common at this season. It indicates, as a rule, a loss of vitality and a disordered condition of the blood. An effective remedy should be promptly used, because this condition readily becomes chronic. Our

GAMBLING IN SOCIETY.
An Episode from Real Life.

Commenting on the prevalence of gambling in society, the New York Times tells the following episode alleged to have occurred at a fashionable luncheon in New York.

High play among women at bridge parties still prevails. Occasionally an unsuspecting person who does not play for money finds herself a member of a "real" bridge party.

After the luncheon, there was the inevitable bridge. A young matron present was not an expert player and lost steadily until at the end of the game she was far behind her competitors. She had made her adieux to the hostess and was leaving when a maid told her that the hostess wanted to see her for a moment.

"You lost today, did you not?" asked her hostess.

"Yes, I did, and am sorry to say I am not an expert player."

"Well, being the banker, you had better settle with me," continued her hostess. "You owe me \$100."

The young matron was dumb-founded, as she did not suspect that she was playing for money. She was equal to the occasion.

"I thought I was in the house of a lady," said she. "I never play cards for money."

"So you are in the house of a lady, but you owe me \$100," was the answer.

"I have not that sum with me. Neither do I carry a check book, but I will do better. When I reach home I will send you back the wedding present you sent me, and I hope you will find that sufficient to cover the loss."

This retort made the hostess gasp.

The young matron sent back the wedding present, and, moreover, the hostess kept it.

What a Boy Should Know.

A very successful man, in speaking of what a young man should know to begin a business life in the right way, summarized the qualifications about as follows:

He should be able to write a good, legible hand.

To spell all the words that he knows how to use.

To write an ordinary receipt.

To speak and write good English.

To write a good social or business letter.

To add a column of figures rapidly.

To make out an ordinary account.

To deduct 16 2/3 per cent from the face of the account.

To receipt an account when it is paid.

To write an advertisement for the newspaper.

To write an ordinary promissory note.

To record the interest or the discount on the note for years, months or days.

To draw an ordinary bank check.

To take it to the right place in the bank to get the money.

To make neat and correct entries in the day-book and cash-book.

To tell the number of yards of carpet required for the parlor.

To tell something about the great authors, statesmen and financiers of the present time.

If, says the successful business man, a boy can do all this, it is probable that he has enough education to make his way in the world.

Fighting the Mosquito.

The city of Breslau, Germany, has arranged to institute a systematic warfare against mosquitoes on a scientific basis. According to Consul General Guenther at Frankfurt, the plan for fighting the mosquito plague is to be worked out in two directions. The first involves the destruction of the hibernating mosquitoes, which are almost always found in the cellars of houses adjoining unoccupied territory, parks, gardens, etc. These insects cover the ceilings by thousands, and are not easily recognized except by experts. The consul general says that they lay their eggs in water in the spring, the larvae producing mosquitoes within three or four weeks. A supplementary effort will be made to destroy the larvae, which are

found principally in stagnant shallow pools, which must be either filled in or treated with malachite green or other larvae-destroying substance. Mr. Guenther suggests that summer resorts, and watering places especially, might imitate with profit the example set by Breslau.

J. S. CANARIO, PROPRIETOR

SHARK BAIT.

Human Flesh Used by Hawaiian Chiefs to Capture Man Eaters.

The Forest and Stream, a magazine devoted to adventure and sports, prints the following regarding the methods employed by the early Hawaiian chiefs to catch sharks:

"It appears that the Hawaiian chiefs of some years ago were much addicted to the use of human flesh as bait for sharks. It came cheaper than pig, was equally acceptable to the shark and gave the chief an opportunity to kill any one whom he disliked. The victim was cut up and left to decompose for two or three days in a receptacle. Kamehameha I was a great shark hunter, and kept those of his victims who were intended for bait penned up near the great temple of Mookiri.

"Mrs. Beckley gives a particularly interesting account of another method of capturing the huge niuhi, or man-eating shark, followed by the natives. They first of all captured a large number of the small common shark, saved their livers with a portion of the flesh, wrapped them in ki leaves and baked them underground. From fifty to a hundred canoes were loaded with the baked meat and large quantities of the pounded roots of awa, mixed with a little water and contained in large gourds. The fleet would sail many miles out to sea in the direction in which the niuhi is known to appear.

"Arrived at a comparatively shallow place, the canoe containing the head fisherman, and the priest and the sorcerer, who was supposed to be indispensable, would cast anchor; meat and the baked liver would be thrown overboard, a few bundles at a time, to attract sharks. After a few days the grease and scent of cooked meats would spread through the water many miles in radius. The niuhi would almost always make its appearance after the third or fourth day, when bundles of the baked meat were thrown to it as fast as it could swallow them. After a while it would become comparatively tame, and would come up to one or other of the canoes to be fed. Bundles of the liver with the pounded awa would then be given it, and it would become not only satiated, but also stupefied with the awa.

"A noose was then slipped over its head, and the fleet raised anchor and set sail for home, the shark following, a willing prisoner, and the occupants of the nearest canoes being careful to feed it upon the same mixture from time to time. It was led right into shallow water until it was stranded, and then killed. Every part of the bones and skin was supposed to confer inflicting bravery upon the possessor, and the actual captor, that is, the one who slipped the noose over the niuhi's head, would also, ever after, be always victorious."

President Cannot Leave Country.

The President must not leave the United States even for a day. This is an old unwritten law which has been respected by all successors of George Washington, with perhaps one or two exceptions. This restriction is not imposed by statute. President McKinley emphasized its respect for this rule on his tour to the south and west. It was unofficially announced that he would meet President Diaz of Mexico, somewhere near the boundary of that sister republic. A controversy as to whether Mr. McKinley might properly cross the Mexican line even for a few hours arose. Early in May, when he visited El Paso, Tex., where he was greeted by President Diaz's personal representative, he expressed a desire to take a look into Mexico.

From El Paso there extends into Mexico the International bridge, spanning the Rio Grande. Whether the President would dare to cross this structure or not was the question which members of his party asked one another. He did not. He went to the bridge and caught a view of the Sierra Madre. Halfway across the bridge was a

line. Stepping over this was putting foot upon Mexican territory.

President Harrison ventured as far as this line ten years before. But President McKinley did not so much as place his foot upon the bridge. President Arthur was accused of violating this unwritten law in October, 1883, upon a pleasure trip to Alexandria bay, Thousand Islands. His political enemies accused him of venturing across the Canadian line on a fishing excursion. The boundary between Canada and New York extends to the middle of the St Lawrence river. President Cleveland was similarly accused. On one of his hunting trips to North Carolina he sailed by the ocean route past Cape Hatteras. His enemies contended that he ventured outside the three-mile limit. According to international law, a country's possessions extend for three miles outside its coast line. Plying the seas further than this is leaving home territory.

The President must not accept gifts of great value from inferiors in the federal service, but he may accept gifts from foreigners. Grant, McKinley and Mr. Roosevelt have received gifts from foreign rulers. Several gifts have been sent to Mr. Roosevelt from the west.

A Safe Speculation.

If you have an attack of rheumatism and Chamberlain's Pain Balm gets you back to work in a few days, will it not pay for itself several times over? There is no need of suffering from rheumatism for a month or six weeks incurring the expenses of a large doctor's bill, when a few applications of this liniment, costing but a small amount will cure you. TEACHERS HOLD MEETING.

The Teachers' Union Listen to Interesting Program.

The Hilo Teachers Union held their forty-seventh meeting in the Union School on last Friday, May 19th. About sixty members and visitors were present. Vice President Miss Ward of Olua acted as President.

After prayer, the roll call was answered by Hawaiian proverbs and sayings. The minutes of the March meeting were read and corrected. It was moved by Wm. McCluskey and seconded by Chas. Swain that the funds now in the hands of the Treasurer be expended on pedagogical works to be placed in the Hilo Free Library. The motion was carried and the President appointed a committee to select the works. Wm. McCluskey, Miss Deyo and C. O. Smith.

The date of the next meeting was set for October 6th, with Miss Deyo, Miss Eaton and Miss Hapai as program committee. Mr. Smith, Mrs. Wakefield and Miss Amy Hill were appointed nominating committee for the next annual election of officers.

The program of the meeting was opened by a quartette by the Misses K. and E. Ewaliko, Mercy Akau and Amelia Hapai.

Rev. C. W. Hill delivered a lecture on "The Genesis of Civilization." The various theories as to the time and place of the origin of man were spoken of, the speaker favoring the proposition of Husher that man was cradled in the valleys of the Euphrates and Tigris about six thousand years ago. The recent explorations and discoveries in this region bear out this theory. Specimens of the voluminous writings of the early Oriental people were shown and the characters explained. Philologists trace the languages of today to a single origin, which was another proof advanced by the speaker.

Miss Ewaliko told to a class of little ones the adventures of a Lahiaina bad boy, how he was sent to the land of ghosts on Lanai, how he outwitted and destroyed them and returned to his home to be a good boy ever afterward. As the story progressed, Miss K. Ewaliko talked with the chalk on the blackboard.

Mrs. E. H. Westervelt gave a talk on color, showing the necessity of color training in the schools, and deploring its neglect. By means of the color chart and color disc the blending of colors was illustrated. Several specimens of Mrs. Westervelt's class work were on exhibition.

Mr. McCluskey read a paper on Hawaiian geography, designed to show the advantages our Territory affords for the beginning of the kindred subjects, geography and history.

After recess Mrs. Siemsen sang an Hawaiian solo, which was followed by the reading of an article by Miss Ward on education in the United States during the Nineteenth century. She said it embraced six epochs in which Thomas Jefferson, Horace Mann, Asa Mahan, Louis Agassiz, Dr. W. T. Harris and Col. Francis Parker are the conspicuous leaders of the thought activity characterizing each. The distinctive characteristics of each epoch were briefly reviewed showing the advance of education from the foundation-laying of the great President educator to the fall evolutionary period of Parker, the great advocate of the "freedom and brotherhood of teachers." The speaker stated that the progress of education is most encouraging as evidenced everywhere, but especially in New York city.

The program was concluded by Miss Deyo in a review of the new course of study, which emphasizes English studies as indicated in the prominence given to spelling, letter-writing, oral work, correct forms and the proper use of language. She said it may take a little time to overtake the English work as laid down, on account of its being in advance of that of the old course.

A Punaik Dance.

The Elks are renewed for originality and the invitation dance given at their club rooms Saturday night introduced for the first time in Hilo the oriental punaik fans of India, which were a surprise to many and delight to all who enjoyed dancing beneath their cooling influence. Norman G. Campion was the promoter of the idea and likewise put the novelty into execution, and throughout the evening, despite the humidity of the out of door atmosphere, the hall was kept refreshingly cool by means of the slowly moving punaik fans, suspended from the ceiling. The dance was the first affair given under the auspices of the new house committee, and Chairman Schoen excelled as floor manager and master of ceremonies. The best music that has ever been produced at a social function in Hilo was rendered by a Hawaiian Quintette Club under the leadership of Henry Rose. Card tables were at the disposal of those who wished to play, and a supply of lemonade was kept on hand in an adjoining room for the dancers. The evening was brought to a close at midnight.

A Musical Evening.

"An evening with Handel, Bach, and Haydn" was thoroughly enjoyed by those present. This was the third of a series of musical lectures given at the Hotel by Miss Caroline Potter. The last lecture to be given sometime next week will be devoted to the modern composers.

SPRINGS A LEAK.

Crew of Bark Amy Turner Has a Scare.

After the last lighter load of sugar had been taken on board the Amy Turner about 3:00 o'clock Wednesday afternoon, a scare was created when the vessel was found to be rapidly filling with water. The Amy Turner lies in the stream near the sunken wreck of the ill fated Martha Davis, and had just completed her cargo of sugar for San Francisco. Capt. Warland had every thing in readiness to sail early Thursday morning, when a member of the crew discovered the vessel was rapidly taking in water. The pumps were put to work and all night long pumped out the water as fast as it came into the hold. By daylight a hole was discovered about an inch and a half in diameter in the lower end of the sleeve of the water closet pipe, through which a steady stream of water was flowing into the vessel. A plug was immediately inserted in the pipe and covered with cement, which effectively stopped the leakage.

At the request of Capt. W. C. Warland of the Amy Turner, a board of survey was appointed, consisting of Capt. John Fitzgerald, harbor master, Capt. C. H. Maclean, master of the late Martha Davis and Carl Henrikson, the ship's carpenter. After an investigation of the vessel, the board of survey reported no further danger from the damaged drain pipe and that the vessel was perfectly seaworthy. When the leak was discovered the vessel was making about two feet of water per hour, but the prompt use of the steam pumps kept the salt water from the sugar, which would have been ruined within a few hours, had not prompt measures been taken. The Amy Turner got away Saturday morning. The Captain felt no further apprehension from a leak in this quarter and expressed himself satisfied with the report of the board of survey.

THE REPUBLICANS NAME THEIR COUNTY TICKET

The Republican County Convention Convene and Determine on Strong Ticket—Sheriff Searle Is Unanimous Choice of Body—Other Officers Named—Carter Endorsement Fails of Passage.

As usual in politics all states failed.

The utmost harmony prevailed throughout the proceedings of the Republican county convention held at the Hilo Armory last Thursday. Except for two or three incidents which aroused only a temporary interest, the convention would have been a very tame affair.

The convention hall was decorated with flags and streamers and a profusion of bunting. A platform had been erected on one side of the hall and the delegates were seated in a semi-circle, a space being reserved in the rear for the public. By 10:00 o'clock Thursday morning, all of the delegates were in their seats, when Chairman W. H. Beers of the Republican District Committee called the convention to order. Prayer was offered by Rev. Z. Mahala, after which Mr. Beers' read the call for the convention issued by the Republican Territorial Committee, R. A. Lyman, Jr., acting as secretary.

Henry J. Lyman moved that the convention proceed to elect temporary officers, which was carried, and thereupon he placed in nomination E. E. Olding of Kohala as temporary chairman. Mr. Olding was unanimously elected and Andrews, Schwallie and Rosa escorted him to the chair. J. K. Dillon of Pepeekeo was unanimously selected as temporary secretary, and the North Hilo twins, Albert Horner and W. G. Walker, escorted him to the platform. John H. Wise of Waiakea was chosen as interpreter.

Chairman Olding proceeded to call for the appointment of a Committee on Credentials, one member to be named by each district. The Committee on Credentials was as follows: Puna, T. E. Cook; Hilo, M. S. Pacheco; North Hilo, W. G. Walker; Hamakua, David Forbes; North Kohala, E. A. Fraser; South Kohala, J. H. Wise; North Kona, H. H. Renton; South Kona, W. Mersberg; and Kau, Dr. W. A. Schwallie.

The Committee on Credentials occupied more than an hour in passing upon the qualifications of the various delegates. The "fighting seventh" precinct of Kau was represented by two delegations: the regulars, headed by Dr. L. S. Thompson, and the contesting delegation, represented by C. H. White, both of whom were given a hearing by the Committee. Upon reconvening E. A. Fraser reported that the Committee had found all credentials to be in order and had arrived at an amicable settlement regarding the contest from Kau. Two of the regular delegates, L. S. Thompson and Y. K. Kaapa, were seated, and C. H. White of the opposing delegation was recognized.

None of the Kona delegation were present and proxies were reported as follows: J. K. Kaiwi, (H. J. Lyman); S. Kalilikane, (W. G. Kaihenui); H. M. Nihoa, (J. T. Moir); J. Maguire, (R. A. Lyman, Jr.); J. N. Koomoa, (Chas. Akau); J. K. Kelihoa, (L. A. Andrews); J. K. Kaelimakule, (Geo. Kaihenui); J. K. Nahale, (E. A. Fraser); T. P. Kamaooha, (J. H. Wise); W. Kamaooha, (T. E. Cook); R. Wassman, (H. H. Renton); T. C. White, (E. E. Olding); H. Kawehiweli, (J. Hind); J. K. Kaeo, (J. G. Louis); W. J. Wright, (W. Mersberg); H. J. Ahu, (E. Quinn); D. L. Kaanana, (F. W. Carter); D. Kaupiko, (J. W. Kaiwi); Y. K. Kaapa, (L. S. Thompson); J. Ikaaka Ahu, (Dr. W. A. Schwallie).

After a roll call Chairman Olding proceeded to appoint a Committee on Rules, as follows:

Puna, H. J. Lyman; Hilo, W. H. Beers; North Hilo, Jas. Mattoon; Hamakua, Albert Horner; North Kohala, H. H. Renton; South Ko-

hala, F. W. Carter; North Kona, E. A. Fraser; South Kona, W. Mersberg; Kau, C. H. White.

The following Committee on Platform was appointed: Puna, G. D. Supe; Hilo, G. F. Afonso; North Hilo, E. K. Simmons; Hamakua, D. Forbes; North Kohala, John Hind; South Kohala, J. W. Kawai; North Kona, Dr. W. A. Schwallie; South Kona, J. T. Moir; Kau, Dr. L. S. Thompson.

As the noon hour had arrived adjournment was taken until 1 o'clock, but it was just 2 p. m. when Chairman Olding called the convention to order.

The committee appointed to draft rules and regulations for the governing of the convention reported after due deliberation, as follows:

First: The customary rules of procedure shall govern the deliberations of this convention.

Second: All balloting shall be by viva voce unless otherwise ordered.

Third: The order of business shall be:

A. Election of permanent officers, chairman, secretary and interpreter.

B. Report of the Committee on Platform.

C. Nominations of county officials, as follows: sheriff, county clerk, auditor, county attorney and treasurer.

D. Recess for the purpose of selecting, under the rules of the republican party, supervisors and deputy sheriffs.

E. Selection of County Committee, according to the rules and regulations of the Republican party, on nomination of each precinct delegation.

Fourth. Miscellaneous business. Upon the adoption of the report, H. J. Lyman moved that the temporary officers be made the permanent organization, which was seconded by Mattoon and passed unanimously.

On assuming the chair, Chairman Olding thanked the convention in the following remarks:

"Gentlemen, I wish to thank you for the honor conferred upon me in naming me as chairman of this convention. I feel that I am not very competent to carry out the business of this meeting, as I am of a bashful and retiring disposition. I am not up in parliamentary rules, and if any question comes up for decision by the chair I will ask your forbearance toward my shortcomings in this particular. With the co-operation of yourselves I shall endeavor to facilitate the business of this convention and trust that our deliberations may be marked with feelings of harmony and friendship. I hope that this convention may nominate men who are staunch republicans, who are honest and who can be looked up to if elected county officers. We are given county government for the first time and we want to demonstrate to the world that we are capable of administering a government of the people, for the people and by the people. Again I thank you."

Chairman Olding expressed regret that none of the delegates from Kona were able to be present owing to the great distance necessary for them to travel to come to Hilo. He expressed the hope that the County Act might be modified, permitting the holding of meetings of the Board of Supervisors quarterly instead of monthly as now provided. Later on in the convention a resolution to this effect was introduced by F. W. Carter on behalf of the Kona delegates. Dr. W. A. Schwallie endorsed the adoption of the resolution.

J. T. Moir from the Committee on Platform read the platform drafted by the committee, which aroused a protest from Kohala because of the absence of any mention of Governor Carter's administration. A E. Fraser apparently was unaware that it had required considerable effort in committee to keep out of the platform a resolution of censure of Carter for his pronounced

opposition to the county law. When Chairman Moir finished leading the report, Mr. Fraser moved an amendment carrying an endorsement of the Carter administration. The move was ill advised, for a vote on the amendment showed the temper of the convention, the Carter endorsement receiving only six votes. The platform was then adopted, as follows:

PLATFORM.
The Republican Party of the County of Hawaii, in convention assembled this 18th day of May, A. D. 1905, in the city of Hilo, County of Hawaii, hereby declares its allegiance to the principles and traditions of the Republican Party of the Nation.

We hereby endorse the wise and patriotic administration of President Roosevelt.

We heartily endorse the Hon. J. K. Kalaninui, our Delegate to Congress, and appreciate all his endeavors in securing appropriations for the Territory and the welfare of the same.

We heartily endorse the action of the Legislature in passing the County Act.

We recommend the employment of citizen labor on all public works within the County of Hawaii.

The Republicans of the County of Hawaii stand for the equality of labor and capital and reiterate the principles established by the citizen labor law enacted by the Republican legislature and so honestly upheld by the Territorial executive, requiring that all labor on public works shall be performed by citizens of the United States.

We reiterate our adherence to the principles of decentralization of power.

We believe in the disposal of public land to bona fide settlers on the most favorable terms.

We advocate the principles of the best education for the youth of the Territory in the public schools in order that they may become good citizens and intelligent voters.

We further advocate liberal appropriations for the permanent improvement of school houses, thus providing for the proper accommodation of the scholars.

We further advocate the employment of the best educators at a commensurate salary.

We oppose all trusts and monopolies and all combinations tending to control supplies and prices.

We stand for the administration of county government by honest and capable men.

Nominations were then called for for Sheriff, and Dr. W. A. Schwallie of Kau was recognized. In presenting the name of John C. Searle the speaker referred to him as a man who is "honest, capable and popular, and has all the qualifications for the office by actual experience, which should elect him." This was received with applause, and Andrews on behalf of the Hilo precinct seconded the nomination. Supe of Olaa and Kaihenui of Waiakea also endorsed Sheriff Searle. Albert Horner moved to make the nomination unanimous, which carried with a will. On being called to the platform Sheriff Searle thanked the delegates for the honor and assured his friends that if elected he would conduct the duties of his office faithfully and impartially, regardless of color or nationality.

For County Clerk, F. W. Carter on behalf of Delegate Koomoa of Kailua, whose proxy he held, presented the name of Sam K. Pua, which was seconded by Jock McGuire of Waiakea. The vote for Mr. Pua for County Clerk was unanimous.

For the position of Auditor, Furtado of Hamakua nominated John H. Wise of Waimea, whom he described as a "strayed sheep" who had been on both sides of the fence, but who was now a good republican. Both Henry J. Lyman and R. A. Lyman, Jr., seconded the nomination. On a suggestion from the chair, the nomination was made unanimous. Mr. Wise responded in a happy style, acknowledging his waywardness and stating that up to two years ago he thought he was on the right track, but he had discovered his mistake after butting against the republican stone wall, and now he declared his complete conversion to republicanism. To show his loyalty, he said he had been in the party two years and had served in two conventions. He came to the convention not seeking honors, but was persuaded to accept the nomination. He said justice and right would be his motto if he were elected Auditor, which with the support of the republicans, he felt confident of.

For County Attorney, G. F. Afonso put forward the name of

W. S. Wise, whom he eulogized as a man pre-eminently qualified for the position. Moir seconded the nomination and on motion of Horner, the vote was made unanimous. Mr. Wise was sent for and in a short speech thanked the convention for the honor conferred upon him. His reference to the County of Hawaii as the best county within the Territory called forth a round of applause. He promised to do all in his power from now until the election on June 20th to bring about republican success, which could be accomplished with the united support of all republicans, permitting no petty differences to mar the harmony. His remarks were warmly received.

When the nomination for Treasurer was reached, a brief storm was raised by the delegates from North Hilo and Hamakua, who charged that South Hilo was attempting to monopolize the county offices in asking for the nomination of R. A. Lyman for Treasurer. In his speech nominating Mr. Lyman, L. A. Andrews on behalf of the fourth precinct (Hilo) spoke in glowing terms of Mr. Lyman, whom he described as a kamaaina well known to the voters, and a man having the merits of age and matured experience. He referred to the fact that the fourth precinct was represented in the convention by members of the Young Men's Republican Club, whom he said were modest in their claims, in that while they were prepared to offer a name to fill every county office, they would be content with the nomination of Mr. Lyman.

Tom Cook moved that the nomination be made unanimous, but before this could be done, N. T. Furtado, a delegate from Hamakua, arose and in scathing terms criticized the Young Men's Republican Club, whom he charged with an attempt to dominate the action of the convention. What right had the Young Men's Republican Club to come into the convention with a list and attempt to railroad it through, when the only recognized republican organization was the precinct club under the rules of the republican party? On behalf of Hamakua, he desired to name a man of the highest integrity and executive ability, and who has never been found wanting when placed in any position of trust. He desired to name Wm. Horner of Kukuihaele for nomination as Treasurer. This developed considerable debate, Andrews rising to explain his position and to deny any attempt on his part or that of the Young Men's Republican Club to "railroad" anything through the convention. Afonso, Makuakane and J. P. Hale were heard in the interest of Lyman, while J. K. Dillon and Joe Pritchard were earnest in their appeals for recognition of Hamakua, which had been thrown down at the last county convention.

Upon a vote being taken by a roll call, Lyman secured 47 votes and Horner 17, and on motion of Moir the nomination was made unanimous.

Adjournment was taken until 8 o'clock p. m., and on reconvening the supervisors and deputy sheriffs were selected as follows:

Supervisors: Puna, D. K. Makuakane; Hilo, John T. Moir and S. L. Desha; Hamakua, A. B. Lindsay; North and South Kohala, W. Mersberg; North and South Kona, D. P. Kamaooha; Kau, Geo. C. Hewitt.

Deputy Sheriffs: Puna, J. H. Kaiwi; Hilo, W. A. Fetter; North Hilo, Jas. Mattoon; Hamakua, Antone Fernandez; North Kohala, Chas. Stillman; South Kohala, J. W. Kawai; North Kona, J. K. Nahale; South Kona, O. M. Kekuewa; Kau, W. H. Hayselden.

Quite a controversy grew out of selection of a deputy sheriff for South Kohala. The delegation came in divided, two in favor of J. K. Kawai, and the third member, F. W. Carter, in favor of J. P. Lindsay, who is the present Sheriff at Waimea. Carter insisted that, under the rules, where there was a disagreement in any delegation, the convention should proceed to make the nomination. J. H. Wise, one

of the South Kohala delegates, waxed warm over the proposition, claiming that the majority always ruled, and as two out of three delegates were of one mind, J. K. Kawai was the choice of the delegation. An effort was made to have Chairman Olding rule on the subject, but he judiciously refrained, and the matter was finally settled by a vote of the delegates, Lindsay receiving 17 votes and Kawai 21 votes.

The only remaining business to transact was the election of a county committee, which is as follows: First District, —1st, J. H. Kaiwi; 2d, G. D. Supe; 3rd, J. McGuire; 4th, C. Akau and R. A. Lyman, Jr.; 5th, J. T. Moir; 6th, W. Kelihoa; 7th, E. K. Simmons; 8th, A. L. Louissou; 9th, N. T. Furtado; 10th, F. Kalimaeka; 11th, D. K. Makuakane. Second District, —1st, H. H. Renton; 2d, J. H. Wise; 3rd, J. N. Koomoa; 4th, R. Wassman; 5th, W. J. Wright; 6th, D. Kaupiko; 7th, Dr. L. S. Thompson; 8th, Dr. W. A. Schwallie.

F. W. Carter moved a vote of thanks to the chairman, secretary and interpreter, which was unanimously passed. Chairman Olding made a few remarks, in which he thanked the delegates for their co-operation and assistance and on behalf of the out-of-town members, desired to express their appreciation of the hospitality of Hilo. He congratulated the convention on having selected so strong a ticket to place in the field and expressed the hope that all of the nominees would be elected. The convention then adjourned at 10 o'clock p. m.

Impure Blood

When the blood is pure and the bowels are regular, there need be but little fear of sickness. Keep two grand medicines in the house; and use them when you first begin to feel poorly. Recovery will be prompt, and serious sickness prevented.

Mr. Fred Flervo, who resides at South Terrace, Adelaide, So. Australia, sends this letter with his photograph:

"For some years I have been a boundary rider on some of the far northern sheep and cattle stations. I had severe attacks of indigestion, and my blood would often get very impure. My skin would be covered with blotches, and my general health greatly affected. Whenever these attacks would come I would retrace Ayer's Sarsaparilla and Ayer's Pills. I always found that the Sarsaparilla would quickly purify my blood and strengthen my digestion; while the pills would correct my constipation and biliousness."

AYER'S Sarsaparilla

There are many imitations Sarsaparillas. Be sure you get "Ayer's." Prepared by Dr. J. C. Ayer Co., Lowell, Mass., U. S. A. For Sale by HILO DRUG COMPANY!
