THE WORKINGMEN'S PETITION.

A Protest to the Senate and Congress Against Contract and Coolie Labor.

TO THE UNITED STATES SENATE AND HOUSE OF REPRESENTATIVES IN CONGRESS ASSEMBLED.

WHEREAS, There are approximately 50,000 Asiatics and 4000 Americans in these Islands; and

WHEREAS, This great disparity in the races has been brought about through the law permitting the importation of contract laborers; and, WHEREAS, Americans can do, without impairment to their health, all work on Hawaiian sugar plantations; and,

WHEREAS, Approximately 3000 contract laborers have been landed in these Islands since the American Flag was raised over them on August 12th last; and,

WHEREAS, The Government of these Islands has permitted the immigration of 7000 more contract laborers to be landed before the end of the first quarter of 1899; and,

WHEREAS, Every imported alien laborer prevents the immigration to these Islands of an American laborer and his family; and,

WHEREAS, The contract labor system, enforced by criminal procedure and imprisonment at hard labor, is closely in akin in principle and often in the brutality with which it is enforced by the plantation owners, to human slavery;

THEREFORE, We, the undersigned American citizens permanently residing, or temporarily sojourning in the Hawaiian Islands, do hereby petition your honorable body to:

(1.)—Extend to these Islands at the earliest possible moment the U. S. Immigration Laws;

(2.)—Disallow and annul the contract and arrangements of the present Hawaiian Government for the importation of the before mentioned 7000 contract laborers, provided this can be done without violating the Constitution of Treaties of the U. S.

(3.)—Abolish criminal procedure and criminal punishments to enforce the performance of labor contracts.

HAWAIIANS PETITION.

The Employees of the Honolulu Iron Works Object to Changes.

The following petition is self-explanatory:

HONOLULU, H. I., Nov. 23, 1898.

TO THE MANAGER OF THE HONOLULU IRON WORKS CO., MR. C. HEDE-MANN,

Dear sir:—Whereas, on the 15th of the present month of November, we noticed your notice posted on the doors of the workshops of this establishment expressing your declination to provide us with money every other Saturday other than pay day, as is customary.

Therefore, We, your laborers, herewith pray and ask your kindness and love that is to change the rule as promulgated by you, if it is possible for you to do so, and to restore the condition heretofore existing during many years gone by, for the following reasons:

First—We are quite surprised in being shut off, because, according to your rule just promulgated on the 15th of November, 1898, and has become operative on the 21st inst., we, your laborers, fail to see in such rule your reason for so doing.

Second—This shutting off will work us, your native Hawaiian help, a hardship, for those Chinese who are supplying us with poi will not wait for their pay for two weeks.

And it is for these that we ask your kindness for the second time in this petition, as children to their parent, to again amend and modify, as it will appeal to your love, to the former usual custom.

We are, your humble and Obedience servants,
 (Eighty-eight signatures, all natives.)

For That Tired Feeling.

That steals over you as the days work is over, there's nothing else so good as a refreshing glass of RAINIER BEER. It is the tonic you need, beats all the medicine you can take, brings on a sound refreshing and healthy sleep and makes one feel like a new person. On tap or in bottles at the Criterion Saloon. Phone 788.

Enterprise.

The men from the camps who know good beer when they taste it, claim that the Enterprise Beer served at the Merchant's Exchange, corner of King and Nuuanu streets, is the best brew to be found in Honolulu. It is pure, clear, and very refreshing, and can safely be taken with or without "screens."

DONKEYS BRAYING.

Mr. McStocker formerly of California and recently of Hawaii, is an "American" who stands by his country right and wrong—so he writes in a "personal" letter to Mr. Nevin Armstrong, who fills the editorial chair of Mr. Thurston's Advertiser. Armstrong snaps his fingers at "Mac," and cries "you ain't an American, you took the oath to Dole and you are a man without a country."

McStocker's organ answers that it is mean of Armstrong to remind the American "patriots" of the fact that they went back on their country and swore allegiance to Hawaii. They did so, however, and when in 1893, Mr. McStocker held a commission as special officer under the Marshal of the Kingdom, Mr. Armstrong was out of sight.

We do not see any reason, however, to dig up old history. Let bygones be bygones. The kamaainas know the two ardent "Americans" very well, and only smile at their dispute in regard to spread-eagleism and prime patriotism.

But we feel sorry when we follow the great men in their lofty flight for historical renown, and see Mr. Armstrong publishing a gambling notice in his official paper, and encouraging a lottery of the kind which caused—according to the official records—the downfall of the legitimate Government of Hawaii.

The following paragraph appeared in the Advertiser yesterday:

The raffle of a piano will be held to-morrow afternoon. This announcement is for the information of the holders of chances.

"Times change and we with them," says an old adage. McStocker and his friends, if we remember rightly, were among the good Americans who backed the "lottery" scheme of 1892. L. A. Thurston and friends used the proposed gambling law as a cause for a revolution, and now his paper informs the public that raffles are going on and call attention to the time when the gambling will occur to the gamblers.

We are tired of the braying of these virtuous patriots. Let honor, justice and truth be the watchword of the world, and let us all in our humble way, try to help "Truth" along the narrow road set aside for her.

Let McStocker's eagle, when in screaming mood, be marked "personal," and have wings and beak trimmed, and let Mr. Thurston's organ remember the days of the "lottery bill" and cease advertising lotteries for "the benefit of those concerned." All of us admire and respect patriots, and where is the man who will belittle his own country. At the same time give the other fellow a chance and don't make too much noise in your patriotic braying while you perhaps have no title to a room in the national stable.

A FALSE STATEMENT.

"Save us from our friends" was the prayer this morning of the directors of the Honolulu Iron Works, "and especially from the P. C. Advertiser, the organ of the sugar barons."

When the Advertiser states this morning that "there has been no strike," and "no demand for increase of wages" by the workers at the foundry it simply toadies to the corporation and fears to tell the truth.

No representative of the Advertiser was present yesterday afternoon when the Hawaiian laborers refused to go to work. Representatives of the Evening Bulletin and THE INDEPENDENT were there and understood every word said in Hawaiian and in English. The papers mentioned reported the facts faithfully and correctly and will not submit to the false statement of the saccharine organ, that there was no strike of the workmen, and that the whole business was only a friendly dispute between the manager and the Hawaiian employees of the company.

We should probably have made no further reference to the matter, if the Advertiser had not attempted to give us the lie direct. Mr. Kennedy, who probably furnished the statement to the morning paper, did not hear what the men said. He was very conspicuous by his absence, indeed. Mr. Hedemann, the manager, does not understand Hawaiian, and had no idea of what the words were between the spokesman and the other laborers.

The men want \$2 a day, and they want to be paid according to the old practice. The laziness or "easiness" of the office men have caused a change to be made in regard to payment of wages, which is obnoxious to the Hawaiians and wholly unsuitable to their wants. The men claim that Mr. Kennedy is the father of the scheme. They love and respect Mr. Hedemann, but they claim that the "pull" in the great concern is in the hands of Mr. Kennedy, who, as a leader in the "American" political societies (he comes from Scotland) has played a prominent role. He has assured the men, that if they would go in for annexation they would receive the same pay and the same treatment as that granted the "haoles." Annexation has come and the men are looking to him to fulfill his promises spoken from the platforms and in private. Instead, they found that further restrictions and discriminations against them were being made and they naturally kick. The trouble is still in abeyance the men having agreed to wait a little longer for a definite answer from the manager.

The management of the Foundry has always been friendly and generous to its employees, but we cannot blame the men for standing up for their just rights and looking after their own interests. The company is making an enormous profit. Let the men, who do the work get a decent share of the moneys earned, even if the stockholders will be forced to clip smaller coupons.

The strike is there notwithstanding the false statement of the Advertiser. We trust it will end satisfactorily to both parties.

A GOOD POLICY.

The election of Theodore Roosevelt to be Governor of the State of New York is hailed with pleasure by all honest and independent Americans, Republicans or Democrats. His great redeeming point is his everlasting enmity and contempt towards the A. P. A. and the members of that contemptible association have left no stone unturned to defeat Roosevelt.

In a speech before the "Friends of Ireland," in New York, March 17, 1897, Roosevelt used these words: "Of all the evil movements in our country there is none like the A. P.

A. While I was civil service commissioner I was in doubt as to the selection between two men for chairmanship of a board of a town—I have forgotten their names, but will refer to them as Donnelly and Jones. I received a letter purporting to be signed by a majority of the citizens of the town, which stated that the town was an A. P. A. one, and urged the appointment of Jones.

"That letter solved the question, and I immediately selected Donnelly.

THE FRIEND.

The Friend for December is out and the reverend editor is on the warpath generally. He throws a few slurs at Liliuokalani, but asks Congress to grant her an ample pension "as her remaining years are likely to be few."

He roasts Mr. Dole and the saloonkeepers generally and claims that the liquor traffic is dishonorable.

He tells us that "theaters invariably pander to the tastes of the degraded majority of mankind, but admits that he and the other "missionaries" never went to such places. (They were probably too busy chasing dumb animals, with pitchforks, or "wahines" who needed conversion.) He hits the Advertiser man who dared to raise the question of immortality and in fact the old Doctor is making a very good issue of a kind of journal which the cockroaches in the next generation will thoroughly enjoy.

A Coroner's Verdict.

The coroner and a jury rendered a verdict yesterday on the cause of death of Fred Wardell, a private in the N. Y. Regiment, holding that his death, which occurred on Nov. 30, 1898, was due to poisoning through the drinking of carbolic acid. The funeral took place this morning from St. Andrew's Cathedral.

Klondyikian Cold.

In a warm climate, such as ours, ice is an absolutely necessary as a food preserver and a means towards preserving an equal temperature of body and mind. Ice chests and refrigerators are no longer a luxury but a necessity and the wise woman always selects the best for her household. This undoubtedly is the Alaska as experience has proved.

The ALASKA is constructed upon strictly scientific principles, by which low temperature and dryness of air are naturally and inevitably obtained.

The ALASKA has preserved fresh meats perfectly for three weeks in the hottest weather and produces better results with less ice than any other.

The ALASKA has the only provision chamber free from odor, for between the outer and inner walls there is an inch and a half space filled with pure charcoal, and experience has convinced all that the ALASKA is without doubt, the best refrigerator on the market, in construction, in preserving perishable goods, in economy of ice, and in all points necessary to make them first-class.

We have them in several sizes, at from \$15 to \$25 and also keep the ALASKA ICE CHESTS.

A JOB ON THE TEAMSTER.

He Roughly Ordered General Sherman to Brush His Mules.

A good story is told of one of General Sherman's Missouri teamsters. He had just joined the service, a raw recruit, and was assigned the task of driving a six mule team. When the army halted for the first night, he was wearily unharassing his team.

"Hello there," said the wag of the company in passing. "What do you mean by taking care of those mules yourself? Why don't you have the hostler do it?"

"Why I thought every man had to take care of his own team," said the bewildered teamster.

"You bet he doesn't. We've got a hostler for that. There's his tent right over there. He's a lazy, contrary old cuss, and he may not want to do it, but you swear at him and he'll move off at double quick."

The Missourian strode over to the tent indicated, which happened to be General Sherman's headquarters. "Here, you son of a gun," he roared fiercely, "get out of here and brush those mules."

Needless to say, the teamster spent the evening in the guardhouse.

A pious old Indiana farmer was assigned to the duty of teaming, probably by mistake. The roads were muddy, and the rest of the teamsters were literally bombarding their charges with oaths. It was against the old man's principles to swear, and he held his peace, albeit in impotent rage. At last one of the hind mules balked and refused to advance a step. The old man used every endeavor to urge the beast along, but to no purpose. At last he roared in a loud and solemn voice: "Oh, Lord, you know where this mule ought to be as well as anybody. This whole army knows where he ought to be this minute. He knows where he ought to be. I know where he ought to be, oh, Lord, and if he doesn't move in a minute I intend to say so, by gum."

American Interests Common With Great Britain's.

"It requires no elaborate argument to demonstrate that the death-knell of the British leadership in the world would be nearly as disastrous to America as to Britain. To realize the position the United States would occupy, it is only necessary to study the commercial and industrial policy of Russia wherever any possibility of rivalry is in question. The power of the United States to extend her trade in Asia and, in a large measure, to expand as a nation, depends much upon the Anglo-Saxon supremacy. Once in possession of Turkey and Persia, India and China, and with the resources of Asia organized under her direction, Russia would be not only supreme on land, but would be also the commanding sea power. With the Pacific Ocean a Russian lake and Europe dominated, America and South Africa, in addition to Australasia, would, as a natural consequence, fall under the ascendancy of the Slav."—Harper's Monthly.

Jesse Moore.

The soldiers from the South passing through Honolulu on their way to Manila are always clamoring for the famous Jesse Moore whiskey, and heretofore they have been unable to obtain it. The owners of the Anchor Saloon has filled a long felt want, and Wm. Carlisle and Chas. Andrews are busy from morning till night supplying this health renewing beverage to the boys in blue. All judges of good whiskey admit that the Jesse Moore brand is the best, and it is well to know that it can now be had, unadulterated at the Anchor on the corner of King and Nuuanu streets.

In Burmese schools making the lads shout is the approved method of elementary instruction. The Burmese educationalists argue that so long as a boy is shouting his mind is occupied. When he is silent he is expected to be scheming mischief. Therefore the best shouters are the best pupils.

THE WORKINGMEN'S PETITION.

A Protest to the Senate and Congress Against Contract and Coolie Labor.

TO THE UNITED STATES SENATE AND HOUSE OF REPRESENTATIVES IN CONGRESS ASSEMBLED.

WHEREAS, There are approximately 50,000 Asiatics and 4000 Americans in these Islands; and

WHEREAS, This great disparity in the races has been brought about through the law permitting the importation of contract laborers; and, WHEREAS, Americans can do, without impairment to their health, all work on Hawaiian sugar plantations; and,

WHEREAS, Approximately 3000 contract laborers have been landed in these Islands since the American Flag was raised over them on August 12th last; and,

WHEREAS, The Government of these Islands has permitted the immigration of 7000 more contract laborers to be landed before the end of the first quarter of 1899; and,

WHEREAS, Every imported alien laborer prevents the immigration to these Islands of an American laborer and his family; and,

WHEREAS, The contract labor system, enforced by criminal procedure and imprisonment at hard labor, is closely in akin in principle and often in the brutality with which it is enforced by the plantation owners, to human slavery;

THEREFORE, We, the undersigned American citizens permanently residing, or temporarily sojourning in the Hawaiian Islands, do hereby petition your honorable body to:

(1.)—Extend to these Islands at the earliest possible moment the U. S. Immigration Laws;

(2.)—Disallow and annul the contract and arrangements of the present Hawaiian Government for the importation of the before mentioned 7000 contract laborers, provided this can be done without violating the Constitution of Treaties of the U. S.

(3.)—Abolish criminal procedure and criminal punishments to enforce the performance of labor contracts.

HAWAIIANS PETITION.

The Employees of the Honolulu Iron Works Object to Changes.

The following petition is self-explanatory:

HONOLULU, H. I., Nov. 23, 1898.

TO THE MANAGER OF THE HONOLULU IRON WORKS CO., MR. C. HEDE-MANN,

Dear sir:—Whereas, on the 15th of the present month of November, we noticed your notice posted on the doors of the workshops of this establishment expressing your declination to provide us with money every other Saturday other than pay day, as is customary.

Therefore, We, your laborers, herewith pray and ask your kindness and love that is to change the rule as promulgated by you, if it is possible for you to do so, and to restore the condition heretofore existing during many years gone by, for the following reasons:

First—We are quite surprised in being shut off, because, according to your rule just promulgated on the 15th of November, 1898, and has become operative on the 21st inst., we, your laborers, fail to see in such rule your reason for so doing.

Second—This shutting off will work us, your native Hawaiian help, a hardship, for those Chinese who are supplying us with poi will not wait for their pay for two weeks.

And it is for these that we ask your kindness for the second time in this petition, as children to their parent, to again amend and modify, as it will appeal to your love, to the former usual custom.

We are, your humble and Obedience servants, (Eighty-eight signatures, all natives.)

For That Tired Feeling.

That steals over you as the days work is over, there's nothing else so good as a refreshing glass of RAINIER BEER. It is the tonic you need, beats all the medicine you can take, brings on a sound refreshing and healthy sleep and makes one feel like a new person. On tap or in bottles at the Criterion Saloon. Phone 783.

Enterprise.

The men from the camps who know good beer when they taste it, claim that the Enterprise Beer served at the Merchant's Exchange, corner of King and Nuuanu streets, is the best brew to be found in Honolulu. It is pure, clear, and very refreshing, and can safely be taken with or without "screens."

DONKEYS BRAYING.

Mr. McStocker formerly of California and recently of Hawaii, is an "American" who stands by his country right and wrong—so he writes in a "personal" letter to Mr. Nevin Armstrong, who fills the editorial chair of Mr. Thurston's Advertiser. Armstrong snaps his fingers at "Mac," and cries "you ain't an American, you took the oath to Dole and you are a man without a country."

McStocker's organ answers that it is mean of Armstrong to remind the American "patriots" of the fact that they went back on their country and swore allegiance to Hawaii. They did so, however, and when in 1893, Mr. McStocker held a commission as special officer under the Marshal of the Kingdom, Mr. Armstrong was out of sight.

We do not see any reason, however, to dig up old history. Let by-gones be by-gones. The kamaianas know the two ardent "Americans" very well, and only smile at their dispute in regard to spread—eagles and prime patriotism.

But we feel sorry when we follow the great men in their lofty flight for historical renown, and see Mr. Armstrong publishing a gambling notice in his official paper, and encouraging a lottery of the kind which caused—according to the official records—the downfall of the legitimate Government of Hawaii.

The following paragraph appeared in the Advertiser yesterday:

The raffle of a piano will be held to-morrow afternoon. This announcement is for the information of the holders of chances.

"Times change and we with them," says an old adage. McStocker and his friends, if we remember rightly, were among the good Americans who backed the "lottery" scheme of 1892. L. A. Thurston and friends used the proposed gambling law as a cause for a revolution, and now his paper informs the public that raffles are going on and call attention to the time when the gambling will occur to the gamblers.

We are tired of the braying of these virtuous patriots. Let honor, justice and truth be the watchword of the world, and let us all in our humble way, try to help "Truth" along the narrow road set aside for her.

Let McStocker's eagle, when in screaming mood, be marked "personal," and have wings and beak trimmed, and let Mr. Thurston's organ remember the days of the "lottery bill" and cease advertising lotteries for "the benefit of those concerned." All of us admire and respect patriots, and where is the man who will belittle his own country. At the same time give the other fellow a chance and don't make too much noise in your patriotic braying while you perhaps have no title to a room in the national stable.

A FALSE STATEMENT.

"Save us from our friends" was the prayer this morning of the directors of the Honolulu Iron Works, "and especially from the P. C. Advertiser, the organ of the sugar barons."

When the Advertiser states this morning that "there has been no strike," and "no demand for increase of wages" by the workers at the foundry it simply toadies to the corporation and fears to tell the truth.

No representative of the Advertiser was present yesterday afternoon when the Hawaiian laborers refused to go to work. Representatives of the Evening Bulletin and THE INDEPENDENT were there and understood every word said in Hawaiian and in English. The papers mentioned reported the facts faithfully and correctly and will not submit to the false statement of the saccharine organ, that there was no strike of the workingmen, and that the whole business was only a friendly dispute between the manager and the Hawaiian employees of the company.

We should probably have made no further reference to the matter, if the Advertiser had not attempted to give us the lie direct. Mr. Kennedy, who probably furnished the statement to the morning paper, did not hear what the men said. He was very conspicuous by his absence, indeed. Mr. Hedemann, the manager, does not understand Hawaiian, and had no idea of what the words were between the spokesmen and the other laborers.

The men want \$2 a day, and they want to be paid according to the old practice. The laziness or "easiness" of the office men have caused a change to be made in regard to payment of wages, which is obnoxious to the Hawaiians and wholly unsuitable to their wants. The men claim that Mr. Kennedy is the father of the scheme. They love and respect Mr. Hedemann, but they claim that the "puli" in the great concern is in the hands of Mr. Kennedy, who, as a leader in the "American" political societies (he comes from Scotland) has played a prominent role. He has assured the men, that if they would go in for annexation they would receive the same pay and the same treatment as that granted the "haoles." Annexation has come and the men are looking to him to fulfill his promises spoken from the platforms and in private. Instead, they found that further restrictions and discriminations against them were being made and they naturally kick. The trouble is still in abeyance the men having agreed to wait a little longer for a definite answer from the manager.

The management of the Foundry has always been friendly and generous to its employees, but we cannot blame the men for standing up for their just rights and looking after their own interests. The company is making an enormous profit. Let the men, who do the work get a decent share of the moneys earned, even if the stockholders will be forced to clip smaller coupons.

The strike is there notwithstanding the false statement of the Advertiser. We trust it will end satisfactorily to both parties.

A GOOD POLICY.

The election of Theodore Roosevelt to be Governor of the State of New York is hailed with pleasure by all honest and independent Americans, Republicans or Democrats. His great redeeming point is his everlasting enmity and contempt towards the A. P. A. and the members of that contemptible association have left no stone unturned to defeat Roosevelt.

In a speech before the "Friends of Ireland," in New York, March 17, 1897, Roosevelt used these words: "Of all the evil movements in our country there is none like the A. P.

A. While I was civil service commissioner I was in doubt as to the selection between two men for chairmanship of a board of a town—I have forgotten their names, but will refer to them as Donnelly and Jones. I received a letter purporting to be signed by a majority of the citizens of the town, which stated that the town was an A. P. A. one, and urged the appointment of Jones.

"That letter solved the question, and I immediately selected Donnelly."

THE FRIEND.

The Friend for December is out and the reverend editor is on the warpath generally. He throws a few slurs at Liliuokalani, but asks Congress to grant her an ample pension "as her remaining years are likely to be few."

He roasts Mr. Dole and the saloon-keepers generally and claims that the liquor traffic is dishonorable.

He tells us that "theaters invariably pander to the tastes of the degraded majority of mankind, but admits that he and the other "missionaries" never went to such places. (They were probably too busy chasing dumb animals, with pitchforks, or "wahines" who needed conversion.) He hits the Advertiser man who dared to raise the question of immortality and in fact the old Doctor is making a very good issue of a kind of journal which the cockroaches in the next generation will thoroughly enjoy.

A Coroner's Verdict.

The coroner and a jury rendered a verdict yesterday on the cause of death of Fred Wardell, a private in the N. Y. Regiment, holding that his death, which occurred on Nov. 30, 1898, was due to poisoning through the drinking of carbolic acid. The funeral took place this morning from St. Andrew's Cathedral.

Klondyikian Cold.

In a warm climate, such as ours, ice is an absolutely necessity as a food preserver and a means towards preserving an equal temperature of body and mind. Ice chests and refrigerators are no longer a luxury but a necessity and the wise woman always selects the best for her household. This undoubtedly is the Alaska as experience has proved.

The ALASKA is constructed upon strictly scientific principles, by which low temperature and dryness of air are naturally and inevitably obtained.

The ALASKA has preserved fresh meats perfectly for three weeks in the hottest weather and produces better results with less ice than any other.

The ALASKA has the only provision chamber free from odor, for between the outer and inner walls there is an inch and a half space filled with pure charcoal, and experience has convinced all that the ALASKA is without doubt, the best refrigerator on the market, in construction, in preserving perishable goods, in economy of ice, and in all points necessary to make them first-class.

We have them in several sizes, at from \$15 to \$25 and also keep the ALASKA ICE CHESTS.

Call and see them.

Office Seekers.
ED. THE INDEPENDENT:—
In a "convocation of certain political worms" this morning a discussion arose as to the offices subject to Presidential appointment should the Islands be declared a territory. After much talk one of the disputants said that the President would appoint the following officers: Governor, Marshal, District Attorney, District Judge, Collector of Port, Port Surveyor, Naval Officer, Post Master, Appraiser, Sub-Treasurer, Surveyor-General. This raised a howl and several annexation faces were rather lengthened. It was finally agreed to ask THE INDEPENDENT and your answer is eagerly awaited. B. F. N.

(As the U. S. Congress has full and legislative control over the people of the territories, it is impossible to predict the list of officers to be appointed by the President. It is not very probable, but quite possible, that the Governor, Secretary, Chief Justice and Associates Justices may only be appointed by the President, and the balance left to the territorial legislature, but as in all probability a new scheme of government will be accorded to Hawaii it is almost idle to discuss the question for only an "inspired prophet" could make a ruling which might approximate results. There will naturally be "Federal" appointments, such as above named, irrespective of the "Territorial" official.—Ed)

VENGEANCE.

Illegal Arrest of Informers.
By orders from the Central Government the aged mother, and old aunt, two young brothers (children) and a young sister-in-law of Leung Kai-Chiu, the editor of the Chinese Progress, who is "wanted" by the conservative bigots that are waging a cruel war against the Reform Party, have been arrested by the high authorities of Canton and cast into prison.
None of these persons are in any way connected with the acts or policy of the Reform Party and their arrest and savage maltreatment is an act of vengeance of the most brutal description. It is done because Mr. Leung managed to make good his escape from the officials who issued a warrant for his arrest. They can't catch Leung so they propose to wreck their vengeance on innocent relatives. Such is the style of administering "justice" in the unhappy land which is now ruled by the despotic Empress Dowager, her favorite so-called eunuch Li Leun Ying, and Yung Lu, the ex-Viceroy of Chili. These worthies, who know what has become of the Emperor appear to be riding for a fall.—Hongkong Telegraph.

Heroes of War.
From the Chicago Times-Herald.
The feeling of admiration for heroes of war seems to be innate in the human heart, and is brought to the surface as the opportunity and object for such hero worship presents itself.
Among those who proved their heroism during our Civil War was A. Schiffenecker, of 161 Segdwick Street, Chicago. He is an Austrian by birth, came to America at the age of twenty, and soon became an American citizen. He was living at Milwaukee when the call for volunteers came, early in 1862, and he promptly enlisted in Company A of the Twenty-sixth Wisconsin Volunteers. In the Army of the Potomac our hero saw much fighting, campaigning in the Shenandoah Valley. In the first day's fighting at the battle of Gettysburg, Schiffenecker received a wound in the right side, which afterward caused him much trouble. With a portion of his regiment he was captured and imprisoned at Bell Island and Andersonville, and afterward exchanged. He returned to his regiment, which was transferred to the army of General Sherman, and marched with him through Georgia to the sea. In this campaign Mr. Schiffenecker's old wound began to trouble him and he was sent to the hospital and then home. He had also contracted catarrh of the stomach and found no relief for years.
"I happened to read an account of Dr. Williams' Pink Pills for Pale People about a year ago," he said, "and thought that they might be good for my trouble. I concluded to try them. I bought one box and began to take them according to directions. They gave me great relief. After finishing that box I bought another, and when I had taken the pills I left that I was cured. I recovered my appetite and ate heartily. I can testify to the good the pills did me."
Mr. Schiffenecker is a prominent Grand Army man in Chicago, whither he moved some years ago with his family.

A JOB ON THE TEAMSTER.

He Roughly Ordered General Sherman to Brush His Mules.

A good story is told of one of General Sherman's Missouri teamsters. He had just joined the service, a raw recruit, and was assigned the task of driving a six mule team. When the army halted for the first night, he was wearily unharnessing his team.

"Hello there," said the wag of the company in passing. "What do you mean by taking care of those mules yourself? Why don't you have the hostler do it?"

"Why I thought every man had to take care of his own team," said the bewildered teamster.

"You bet he doesn't. We've got a hostler for that. There's his tent right over there. He's a lazy, contrary old cuss, and he may not want to do it, but you swear at him and he'll move off at double quick."

The Missourian strode over to the tent indicated, which happened to be General Sherman's headquarters.

"Here, you son of a gun," he roared fiercely, "get out of here and brush those mules."

Needless to say, the teamster spent the evening in the guardhouse.

A pious old Indiana farmer was assigned to the duty of teaming, probably by mistake. The roads were muddy, and the rest of the teamsters were literally bombarding their charges with oaths. It was against the old man's principles to swear, and he held his peace, albeit in impotent rage. At last one of the hind mules balked and refused to advance a step. The old man used every endeavor to urge the beast along, but to no purpose. At last he roared in a loud and solemn voice: "Oh, Lord, you know where this mule ought to be as well as anybody. This whole army knows where he ought to be this minute. He knows where he ought to be, oh, Lord, and if he doesn't move in a minute I intend to say so, by gum."

American Interests Common With Great Britain's.

"It requires no elaborate argument to demonstrate that the death-knell of the British leadership in the world would be nearly as disastrous to America as to Britain. To realize the position the United States would occupy, it is only necessary to study the commercial and industrial policy of Russia wherever any possibility of rivalry is in question. The power of the United States to extend her trade in Asia and, in a large measure, to expand as a nation, depends much upon the Anglo-Saxon supremacy. Once in possession of Turkey and Persia, India and China, and with the resources of Asia organized under her direction, Russia would be not only supreme on land, but would be also the commanding sea power. With the Pacific Ocean a Russian lake and Europe dominated, America and South Africa, in addition to Australasia, would, as a natural consequence, fall under the ascendancy of the Slav."—Harper's Monthly.

Jesse Moore.

The soldiers from the South passing through Honolulu on their way to Manila are always clamoring for the famous Jesse Moore whiskey, and heretofore they have been unable to obtain it. The owners of the Anchor Saloon has filled a long felt want, and Wm. Carlisle and Chas. Andrews are busy from morning till night supplying this health renewing beverage to the boys in blue. All judges of good whiskey admit that the Jesse Moore brand is the best, and it is well to know that it can now be had, unadulterated at the Anchor on the corner of King and Nuuanu streets.

In Burmese schools making the lads shout is the approved method of elementary instruction. The Burmese educationalists argue that so long as a boy is shouting his mind is occupied. When he is silent he is expected to be scheming mischief. Therefore the best shouters are the best pupils.

A grand clearance sale of Christmas goods, including dolls and toys, was commenced Monday at L. B.
