TO-MORROW'S DOINGS.

MORNING.
Legislature, 10.

J. KAMAKELE.

We especially recommend this gentleman to the consideration of the country at large, and of his constituents in the District of Makawao in particular.

Prior to his election he manifested his independence in every possible way. He was elected on an anti-ministerial platform, pledged to resist monopoly, and to investigate and expose the administration. After the announcement of his election, he voluntarily called for a Bible. When it was produced, he said open it that I may swear upon the open leaves; this being done, he placed his hand upon the open book, and lifting his eyes he called upon Almighty God to witness that when he went to the Legislature he should oppose the Gibson Ministry and monopoly; would vote against extravagance and stand firm for economy. His manner and words were so impressive and apparently sincere that even those who knew him thought that the leopard might change his spots.

But what a record he has made. He was appointed tax-assessor for Makawao, and has been boarded at Mr. Gibson's table, and all his oaths and promises to his constituents have disappeared in thin air. He has been one of the most servile of the mean-spirited lot who do the bidding of Gibson. He has supported the Cabinet through thick and thin, without a semblance of independence. He voted for Spreckels' \$72,000 steamer subsidy and for the lottery bill; he will support anything and everything that the Gibson Cabinet or the other branches of the Spreckels combination may choose to bring forward. We hope that the electors of Makawao will give him such an enthusiastic reception upon his return, that it will be a lesson to the Makawao representative for all time that the voters of that district are not to be trifled with.

JAMES KEAU.

We have exposed the little game that was played by the above named specimen, who sports the prefix of Honorable to his name, and the events prior and subsequent to the vote on the question of want of confidence, and no denial has been

made to our statements. We may, therefore, take it for granted that no denial will be made. In case a denial is made we are prepared to prove every statement made by us. There then we have another renegade representative of the people, elected to subserve the interests of the people, who has deliberately and openly sold himself to Mr. Gibson for a poi contract. He has violated his oath of office, and for an increase in price of poi from 2 1/2 cents to 2 3/4 cents, he has betrayed his constituents; and this man, citizens of Honolulu, is your representative. Is it not about time that you stopped talking and holding public meetings and petitioning the King? When you have it in your power to send a representative and not a mis-representative to the Legislature, and you neglect the opportunity and allow such a blatherskite speculator to represent you, what right have you to complain? Did you expect to plant an onion and raise an oak? When the citizens of Honolulu awaken to the fact that it is their duty to qualify as electors, and to take an active part in electing decent and respectable men, then we shall have decent and respectable representatives, and not until then.

MR. SPRECKELS' VIEWS ON THE CURRENCY QUESTION.

There is a very important bill before the Legislature, the Currency Bill. It is said that the new silver is the cause of exchange being so high, but I deny it. Exchange regulates the question of supply and demand the world over. Here, the supply is greater than the demand. The bill says debts are to be paid in silver up to \$10, and the Government has to issue gold certificates for the silver. Why exchange is so high, is, because the supply is greater than the demand. You say you want gold and you intend to get gold. Mr. Bishop tells you he will import it, but it will cost him 1 per cent. to get it here. Will you be wise in importing gold to pay your wages with. Your silver is all mixed up and exchange very high. I have done a great deal for this country, have put one million of gold in to save it, and Mr. Bishop has done more than he ever ought to have done. I don't want a man to slap me on one cheek and kiss me on the other. I am ready to fight when it comes to that. I am here to-night to talk this matter over with you and see if we can set matters straight. I am ready to obey any law that is passed, but I think this law is a blot on your statute books. You have one million of Hawaiian coin in the country, the coin of the Government. There will be no smuggling if it is current. No one can afford to smuggle Mexican dollars when there is a duty of 10 per cent. on them. Pass a law to prevent smuggling. Make the Hawaiian silver dollar a legal tender for everything, instead of insisting on gold for all debts over \$10. But, whatever law is made, I shall not break it. I am not a miser, but in my business I look after every cent. You are not a very economical people here. I wanted to ease the market, but when the people got furious against me, I said to myself, "Let them howl away." If you require two millions of money to carry on business you should have a million of gold. The demand and supply regulate business and the price of exchange. You want one million of gold for transacting business abroad and one million of silver for circulation in the Islands. The fact of having gold here, would not of necessity send exchange down.

THE LEGISLATURE

SATURDAY, JULY 12.—Continued.

On re-assembling at 2 o'clock after recess the special order of the day was proceeded with. Second reading of a bill to provide mail communication between Hawaii and San Francisco, introduced by Mr. Aholo. Mr. Kaulukou moved it be considered in the House, and not in committee. Carried.
Mr. Kalua moved it be indefinitely postponed. Since 1868 subsidies have been left to the discretion of the Ministers. During the past two years a number of sailing vessel have

been driven off, and a number of native Hawaiians thrown out of work, and now looking out for a job. The idea of this bill is to pay subsidy to this company only. I am opposed to this bill for the interests of the country.

Mr. Aholo moved the first section be amended in accordance with the report of the committee, to read \$1500 instead of \$2000. The Pacific Mail Co., have had the subsidy, and done pretty near as they pleased. The country receives great benefit by the large number of visitors who come by this new line. The steamers arrive and leave on time and everyone can make their calculations. I have not yet heard of any complaints of excessive charges of freight or passage.

Mr. W. O. Smith said, I hope this question will be considered on its merits. The Mariposa and Alameda are very fine boats and run regularly twice a month. Several years ago we had the old Kilauea, which received a subsidy. We have now the Kinau with far superior accommodations, but it does not receive any subsidy. That illustration will guide us in this matter of the Oceanic Steamship Co. There is not the slightest condition that they will keep running these two fine boats. If they are going to run the next two years bi-monthly I will support the subsidy. I am very sorry to lose the sailing vessels, they brought in a good deal of money and gave work to a many. I would not like to see the Oceanic Co.'s boats taken off. I hope no one will vote as a matter of friendship, we are here as Legislators to pass this bill or refuse it. Two years ago our Treasury was in good condition. Since then our credit has got hurt abroad, and it got to such a pass that our bonds could not be sold. Illegal coinage was one way they tried to raise money. If these steamers are drawn off, we had better submit to a little inconvenience rather than increased taxation. We must look out for our home needs first, and luxuries after. Here we are to pass a bill to give a steamship Co. \$98,000, while for our sick we put an item in Appropriation Bill if we can find money. We have been elected by the people to see justice done, and it is injustice to give an amount like this when we haven't money for our necessities. All we know about the ministers views is what was said this morning that they have given notice of a loan. Mr. Spreckels is right when he told us our country was too extravagant, and we don't look out for the cents. I would render good service to Mr. Spreckels but this sum is an injustice to the people, we don't know where the money is coming from. I am in favor of the bill being indefinitely postponed.

Mr. Dole said, this bill reads to promote mail communication. Any one reading that would think we were without mail communication and a desperate effort is being made to get it. At the present time we have got good mail communication, I think the bill ought to be put in among the list of annuities, for widows of faithful officials, and aged pound keepers. Here is a powerful company building up a business which is increasing every day. If this bill passes it will be an act of jobbery. Our constituents will curse us for it. The Oceanic Co., has made itself hostile to the old company. If this Oceanic Co., had meant business in a fair way it would not have put on two steamers, but would have run one bi-monthly with the Pacific Mail Co. It is something like the spirit of the dog in the manger and this act shows it. The whole thing is unwise and unstatesmanlike. We cannot afford this sum. This new company has used its influence to injure the old company, and with success. Is that the kind of line we can support? I should like to give them equal privileges. I should be sorry to see our connection with the Colonies cut off. This new company gets \$38,000 a year in privileges, isn't that enough? For our small population that is an adequate subsidy. This kind of legislation is reckless, short sighted, and improper. I am opposed to the whole bill, every line of it. It contains no conditions or stipulations as to freight, passage, etc. No one would ever think of drawing out such a worthless one-sided document as this. It will be a disgrace if passed.

The losses to this city are considerable by the withdrawal of a number of sailing vessels. The little Hawaiian flag has very little history, no battles in its foils. I don't like to see the flag dragged into the dirt by a steamship company. I would not refer to these things if they were not to the point. This subsidy must be paid, and hospitals, schools and waterworks must go a begging. I support the motion for indefinite postponement. I do not believe any representative can vote for it, and go and look his constituents in the face.

Mr. F. Brown offered an amendment that there be no increase in the rates of freight and passage. I am in favor of this bill if the country has rights as well as the company. A year ago only 400 bunches of bananas were shipped from the district of Ewa, now there were about 2000 bunches, and they all arrived in fine order owing to the increased facilities. I think \$72,000 is really too much, but we can try it for a couple of years.

Mr. Gibson said, It is getting very late, so I will be brief in my remarks. Mr. Dole has indulged in considerable rant, and made statements without proof. He says the country was dragged in the dirt on account of the new company. This is not so. The establishment of the Oceanic Co. is a very important event in the way of commercial enterprise. I would move the previous question.

The motion was carried.
Ayes and noes were then taken on indefinite postponement of the bill, as follows:

Ayes.—Bishop, Dominis, Kalua, F. Brown, Kameali, Smith, Nawahi, Hitchcock, Kauwila, Kaubane, Pilipo, G. Brown, Dole. Total 13.

Noes.—Gibson, Gulick, Kapena, Neumann, Wilder, Isenberg, Kuehlan, Bush, Smith, Judd, Widemann, Kae, Kanoa, Walker, Martin, Macfarlane, Kaulukou, Keau, Lilikalani, Baker, Amara, Kaulia, Aholo, Kamakele, Richardson, Gardner, Nahuu, Kaunamano, Palohau, Kupieha, Nakaleka. Total 31.

Section 1 of the bill was then passed with Mr. F. Brown's amendment and reads as follows: "And it is guaranteed that no increase shall be made from the prices charged for freight and passengers over and above what has been charged since said steamship line commenced their trips between said ports, and this subsidy shall expire on the 31st day of March, 1886."

Mr. W. O. Smith offered an amendment to Section 2 by inserting "300 tons" in place of 1900.

Mr. Wilder then explained to the Hon. member the difference between register tonnage and burthen tonnage.

The amendment was lost and the bill passed to engrossment, and will be read a third time on Tuesday.

The House adjourned at 5 o'clock.

MONDAY, JULY 14.

The House met at 10 A. M.
After prayer by the Chaplain, the minutes of the preceding day were read and adopted.

Mr. Kamakele presented a petition from Makawao, that prisoners work in the district where convicted. Referred to Judiciary Committee.

Mr. Kalua, from the committee on miscellaneous petitions, reported on a petition introduced by Mr. Hitchcock containing the following prayers: \$1000 for repairs to Court House and Jail North Hilo; increase of pay to deputy sheriff to \$70, and district Judge to \$60 per month. The Committee recommend it be laid on table. The report of Committee was received and laid on table.

Minister Gibson presented a statement in answer to a resolution as to the policy of the Government. It states that the ordinary requirements can be provided for by the ordinary revenue. With regard to the matters of Immigration, Water Works, road improvements, etc., it will be necessary to resort to the credit of the Government. A bill for the amendment of the Loan Act will be laid before the House.

Mr. Kalua moved the report be accepted and referred to Committee on printing. Carried.

Mr. W. O. Smith presented a report from the Committee of thirteen on police matters, relating to a bill introduced by Mr. Kaunamano to re-organize the Police Department in the Kingdom, that the same be

indefinitely postponed. The report was signed by seven members.

On motion of Mr. Kaulukou the report of the committee was received and laid on table until the minority report was received.

Mr. W. O. Smith read first time a bill relating to a national loan. Passed to second reading.

Mr. Kaulukou offered a resolution, that the bill relating to the Hawaiian endowment association be taken from the table and made special order of the day for Thursday.

Mr. W. O. Smith thought the bill ought to take its regular course, and would move the resolution be indefinitely postponed.

The resolution was finally passed. Mr. Kaunamano read first time a bill relating to the smuggling of opium.

Mr. Hitchcock moved it be rejected.

President Rhodes said a bill was introduced in the early part of this session on the same subject and was indefinitely postponed, therefore this matter cannot be brought up again during the session.

Mr. Kaunamano withdrew his bill. Minister Kapena read first time a bill for the payment of salaries, and other expenses, pending the final action in the appropriation bill. On suspension of the rules the bill was read a second time by its title.

Mr. Kaulukou moved the bill pass. President Rhodes said that could not be done, it ought to be considered in Committee of the Whole.

Mr. Kaulukou objected to the Presidents ruling.

Mr. Dole thought the Presidents ruling was quite correct. He would not support a bill containing so many items without having time to read and consider it.

Mr. Bishop said that by the American congress rules, matters of this kind must be considered in Committee of the Whole.

The House now took a recess.

ST. ALBANS COLLEGE.

The public examinations of the above school took place on Thursday and Friday last, and the manner in which the pupils acquitted themselves shows how thorough has been the instruction given. The Principal is Mr. A. T. Atkinson; First Assistant, Arthur Johnstone; Primary Department, Miss Wodehouse; French, Mr. A. Marques, Drawing, Mr. C. Furneaux. On the first day the usual subjects for examination were presented. Mr. Furneaux was present and illustrated his special system of teaching drawing. He drew a copy on the board, which the pupils had to copy, an hour being given them to do it in. Some of the copies we saw were capitally done. On Friday the attendance of visitors and friends was very large. Amongst those present were H. B. M. Minister Resident and Mr. H. Wodehouse, Mr. and Mrs. T. H. Davies, Mrs. Consul McKinley, Mrs. S. G. Wilder, Capt. and Mrs. Mist, Mrs. Louison, Postmaster Whitney, Major Benson, etc. After the work was over the whole school joined in, and sung very acceptably several well known selections which were greatly applauded. Then came the recitations and compositions in the following order:

Composition—My Room... Ruth Benson
Composition—An Ill Wind... J. A. Wilder
Composition—Silk Sash... Julia Paty
Recitation—Mrs. Jones' Pirate...
Composition—Basket Work... J. A. Wilder
Recitation—Duke of Wellington...
Recitation—Young Lochinvar...
Composition—Clive Davies
Composition—Honolulu... Maria Afong
Recitation—Tribute to Queen Emma...
Composition—Bertie Mist
Composition—Waste Not Want Not... Lani Atkinson
Recitation—Papa's Letter...
Composition—Belle Louison
Declaration—Mary Queen of Scots... W. Gregg

It were invidious to mention any individual one where all was so well and satisfactory rendered, but we must specially mention those by Maria Afong, Belle Louison and J. A. Wilder, the latter creating much amusement. Then came the distribution of prizes as follows:

Composition, Maria Afong and Zoe Atkinson; History, First Class, Zoe Atkinson; History, Second Class, E. Hart and Lani Atkinson; History, Third Class, Clive Davies; Best Scholarship, Antonio Perry; Algebra and Third Latin, W. Gregg; Recitation, Belle Louison.

PRIMARY DEPARTMENT.
Best Scholarship, Mollie Atkinson,

Anita Neumann and Ella Dayton. Mrs. Wodehouse gave three prizes, the remainder being given by Mr. Atkinson. After they were distributed Mr. Davies got up and made some very complimentary remarks to the principal, speaking in the highest terms of the manner and ability, with which the school had been so successfully conducted. The vacation will extend seven weeks.

THE GAS COMPANY.

The prospectus of this company is now before the community. One Hundred and Fifty Thousand Dollars is the estimated cost of the plant, including 12 miles of main pipe. It is proposed to furnish gas not only for lighting but for cooking purposes, thereby obviating dirt and ashes. There is no reason why a gas company should not pay here, and capital which is afraid of the fluctuations of sugar has now a chance to invest in something solid. We hope that all the stock may be taken here.

THE WAIKIKI CHURCH CONCERT.

Owing to the wet weather the attendance at the musical entertainment given by H. R. H. Princess Liliuokalani in the Kawaiahaoh Church on Saturday evening was only moderately well attended. However, the program was well executed throughout, although a greater variety would have been an improvement both with regard to the whole and to individual performances. The audience, which in a case of this kind ought to be the legitimate critics, seemed to be enraptured most successfully by the lady quartettes, Mrs. Kapena singing the Solos for them, the Waikiki choir, the Malibini Glee Club, the lady duets and Mr. D. K. Naone on the clarinet. Mr. Heyman, the California violinist, is fully criticized in the general observation above as to lack of variety, his repertoire on this occasion being more monotonous than people ought to expect from a musician of his reputation. The proceeds of the concert are for the benefit of the Waikiki Church.

THE HAWAIIAN TREATY.

WASHINGTON, July 5.—In an executive session of the Senate a resolution was offered from the Committee on Foreign Relations, advising the President to enter into negotiations for the extension of the Hawaiian reciprocity treaty for seven years. This was done in compliance with the request of the President for the advice of the Senate in regard to the matter. The resolution met with some opposition, and as it promised to give rise to an extended debate, further consideration of the subject was postponed until next December. By the terms of the existing treaty it is provided it should remain in operation seven years from the date on which it came in operation, viz., September 9, 1876, and further until the expiration of twelve months after either of the contracting parties shall have given notice to the other of its wish to terminate the same, each of the contracting parties being at liberty to give such notice to the other at the end of seven years or at any time thereafter. It is understood the provision to extend the treaty another seven years contemplated also the probable procurement of certain additional advantages of a reciprocal nature.

FOREIGN NOTES.

According to the San Francisco Chronicle, the most reliable reports from the Cœur d'Alene country, Idaho, are to the effect that only experienced miners with capital to work their claims are making anything like fair pay, and that paper says, "It should now be in order for the Northern Pacific Railroad officials, who lured thousands out to Idaho in search of this great bonanza by means of lying circulars, to give these broken-down prospectors free passes to their homes."

Courtland, California, boasts a boy of six years and a few months, who weighs 107 pounds.

MR. J. M. Herring has commenced business on his own account at 84 Hotel Street, as a jeweller and watchmaker. When we say that Mr. Herring was foreman many years with the late Wm. Wenner, it is a sufficient guarantee that his work will be of the very best description.

MR. Gibson got up in the House, Saturday, to make a speech on the subsidy bill, but the members having got so sick of his illogical harangues, gradually left the house until no quorum was present, so he had to be content with just moving the previous question.

IN MEMORIAM.

MARY EVA PASSENGER. The "excellent of the earth" are oftentimes the most obscure and the least admired. Humility of mind, meekness of spirit, purity and devotion of heart—virtues which constitute the truest and most exalted excellence—love and seek the society of the simple and unostentatious, rather than that of the gay and fashionable; and those in whom these virtues find their fullest

exemplification prefer to live and labor and die among kindred spirits, unknown, unapplauded, and unlamented by a harsh and selfish world.

SUCH was the character, such the life, and such the death of Mary Eva, the beloved wife of Henry R. Passenger, who, on the 6th instant, yielded up her spirit to Him who gave it. Her tidy and pleasant little cottage home was at the entrance of Pauoa Valley, where the sweet influence of her gentle nature soothed and gladdened the hearts of her devoted husband and fond father-in-law. Not long had that locality known her presence, not long had she been a dweller in the mild climate of the Hawaiian Islands. About a year ago she came here from beyond the sea, a young bride, animated with life and happiness and hope. Her stay was short: her expectations, so far as they related to earth, were destined to early disappointment; but her hopes beyond the grave were strongest and clearest when the dark shadows of the valley of death began to gather around her, as "the stars shine brightest before the break of day." To a lady friend she had spoken with glowing delight of the joyous

prospect of soon becoming the proud mother of a darling offspring. On the evening of the 5th instant, her husband was compelled by duty to be absent a few hours. Their leave-taking was tender and affectionate, she expressing a conviction that it would be the last. What others rebuked as the foolish fears of a timid and dejected mind, proved to be a true presentiment of the near future. The next morning the lifeless body of the young wife and the young mother, with the lifeless form of her first-born babe on her breast, was laid in its coffin. Two immortal spirits had flown together into the realms of the unseen; and two mortal bodies were committed to one grave, there to await the sound of the last trumpet that shall awake to life again.

AT THE CRAZY QUILT SHOW.

"Pa, what is a crazy quilt?" "Several thousand rags, my son, collected upon a large frame in the best parlor, with a foolish woman at one end of it."

He hesitated but a moment when a sharp voice remarked: "How is that, Zephaniah?"

And then he added, hastily: "That is foolish, if she doesn't know how to put all those pieces together."

The sharp voice belonged to a tall lady with very angular features, who cast a kind of I-will-see-you-letter look upon the good-natured man, who had attempted to solve the quilt question, and turned to the reporter, who was taking notes with the remark:

"I have four quilts here, sir, and I hope you will give them a favorable mention. They require a great deal of work."

"Yes," chimed in the good-natured man, "She worked twenty-three months on one of 'em."

"You are a brute, Zephaniah!" and then the tall lady sailed off majestically, dragging the inquisitive boy along, while Zephaniah followed in her wake.—[Chicago Herald.]
