Duel in France Over Dreyfus.

PARIS, October 6.—The death of Emile Zola was the indirect cause of a duel today between General Percin, chief of the cabinet of the Minister of War, and Gaston Pollonais, a well-known Nationalist writer, who was responsible for the statement that General Percin met Dreyfus at Zola's late residence and shook hands with him. The General, in his letter replying to the question of Count Boni de Castellane on this subject, described M. Pollonais as a "renegade Jew," and also told the Count he did not admit the latter had any right to judge his actions.

M. Pollonais then challenged General Percin and they fought with swords, near St. Cloud, today. The General was slightly wounded in the hand.

The duel occurred on the estate of Colonel Picquart's brother-in-law, M. Gaste. It lasted for twenty-five minutes and both men fought vigorously. M. Pollonais was pricked in the arm in the first encounter.

General Percin's sword broke in the fifth round. The General received his wound in the hand in the seventh encounter. A vein and a tendon were severed. The doctors then stopped the duel.

Blue Ribbon Bananas.

The Herald is in receipt of a sample of Cuban plantings grown by George W. Paty at Ilia, Oha. The samples were taken from a bunch weighing 80 pounds and were cut twenty months after planting. For a delicious flavor and size the Hawaiian variety is not to be compared with the Cuban planting. It has a richness of color unknown to island bananas and in size the Cuban exceeds by several ounces to each banana. They are very few of this variety grown in Hawaii, Mr. Paty being one of a limited number of growers bringing the fruit to maturity—Hawaii Herald.

The Japanese Navy.

It is stated that the program for the extension of Japan's Navy in the third stage has been decided on, and nothing but a want of money prevents the Government from carrying out the scheme. The work would extend over eight years and cost about Y200,000,000. It is proposed that when the scheme goes into operation all vessels, with the exception of the battleships, shall be built in Japan.

PARTISAN OFFICIALS.

Federal employes are refrained from taking any active participation in partisan politics by the departmental chiefs from Washington. Such being the case with those officials, why should not the same treatment be accorded to, expected from and demanded of our Territorial officials. It perfectly fits both classes of our officials. "What is sauce for the goose is sauce for the gander." But it is not so. Our Territorial office holders are as partisan today as ever they were during the last general election.

Governor Dole some time ago issued an order giving instruction to our officials to abstain themselves from showing any partisanship either one way or the other. But our Republican opponents did not like it. The Republicans appealed to the Governor, who took water and issued another order somewhat milder, broader and suitable to the satisfaction of his party, who relied mainly and entirely for strength upon the officials. When the Governor rescinded his first emphatic order, these politicians danced for joy, which knew no bounds.

Officials should be taught their places and not be permitted to partisanly meddle and interfere in our politics. A plain lesson should be shown them, holding them down to it as far as what is deemed to be proper. We give this out because we have seen some of them at it, which should not be tolerated long. And whatever their politics may be, they ought to hold themselves aloof from any contamination. As far as we are concerned, we think the conduct of some of them to be very improper. They ought to be told plainly where their places are and see that they stay there and no further. Of all people, they should be non-partisan, except to commune with themselves, their politics being already known. But to show any activity tending towards partisan-

ship, it is derogatory to the interests of state.

We are aware that intimidation has been brought to bear upon certain minor office holders that they must come out squarely and do politics, or they would lose their positions. Republicans are responsible for this state of affairs in this American Territory. Certain officials who were known to be avowed Home Rulers have been converted, and those of Republican tendencies are made to get out and do politics either by stumping or otherwise. We consider their conduct most injudicious and injurious to their future, should the tide of coming events cast their shadows against them in the end. In this connection, we pity them, for we believe that a lesson should be taught them besides making an example of them irrespective of their being Hawaiians.

Now the superintendent of Kailhi Camp, Chas. H. Clark, is one of these strenuous officials; James L. Holt, one of the deputy tax assessors of this taxation district, another; R. N. Boyd, surveyor of the road bureau, also another; Joe Kalana, an employe of the road bureau; W. H. Kallimal, clerk of the Fishmarket; Sam. Johnson, of the garbage bureau; C. B. Dwight, the road supervisor, and many other minor officials, most of whom are in the employ of the Public Works Department. All of them are personal friends of ours, but we are politically the opposite to them. When they show such partisanship as they are doing these days, they cannot expect any favors from the Home Rulers and Democrats combined should they gain the control of the next Legislature, which is as sure this time as it was at the last.

They are not the only ones, but there are others. There's Isaac H. Sherwood, of the clerical force of the Auditor's office; Deputy Sheriff Pahia, and other members of the Police Department, including the policemen of this city, from those of the regular foot, the mounted patrolmen and the bicycle patrol. We have ourselves seen most of these office holders taking active participation. The High Sheriff should instruct the men under him to refrain from participation in any manner, to leave politics alone and to strictly attend to their business, whether on or not off duty.

If these paid hirelings in the public service do not know their proper place, they should be made to know it, otherwise the wrath to come will fall upon their own heads. This advice is being given out free gratis and it is for the good of all office holders in this Territory.

EXTRA BOOTHS WANTED.

There are in certain precincts on this island more voters than there are minutes in the nine hours set apart for voting on election day. Giving each voter one minute to enter a booth, mark his ballots and deposit them, there will be only 540 persons who can avail themselves of the opportunity, leaving out a great many more who will be unable to cast their votes. These precincts are particularly the fifth in the Fourth Representative District, and the seventh and eighth in the Fifth District, and they are largely Hawaiian. In order to avoid any clash, and further to expedite matters on election day, it is up to the Government to devise the ways

and means of assisting the people at the polls. The Independent would suggest, if it may be accepted as such, that the Governor and the Secretary of the Territory give instructions to the Electoral Registrar to provide extra booths at the respective polling places in those precincts, say, instead of three as at present provided by law, that three more such booths be furnished at each of these places. We offer this suggestion in the interest of all political parties, so as to expedite business on election day.

WILCOX AND THE COMMISSION.

It is to be noticed from the Advertiser's interview with Senator Mitchell that instead of stating that the sending of the commission was in no wise a result of the efforts of Delegate Wilcox, the Senator merely disclaimed a positive knowledge by which to either affirm or deny the statement attributed to Mr. Wilcox. Senator Mitchell stated that the suggestion first came to him from Senator Foraker, chairman of the Committee on Pacific Islands and Porto Rico, but that whether or not Delegate Wilcox had previously conferred with Senator Foraker regarding the commission, he really could not say. For the benefit of the Advertiser we will say that anyone caring to possess the facts in the premises, needs only to consult Senator Foraker to learn that Delegate Wilcox first requested that a commission be appointed, and that such request was properly made to the chairman of the proper committee. Because Senator Mitchell declined to contradict the assertion, the Advertiser invites the sweeping conclusions from its readers.

TOPICS OF THE DAY.

What the Republican gatherings lack in numbers they make up in gloom, augmented by beer, gin and pigs. How's that, tit for tat. But it's the real thing nevertheless.

A report has been received that certain policemen on the Koolau side of this island have been dismissed, because they were known to be Home Rulers. Keep right on doing so, gentlemen, and you will rue the day for doing such tactics.

By the way, what has become of J. A. Kennedy, T. McCants Stewart, A. V. Gear, John C. Lane, George A. Davis, Aleck Robertson, and lots of other "boys," who made things "hot" in the last campaign? Have they all gone way back and sat down? If so, why?

Home Rule-Democratic Senatorial Candidate Edgar Cayless is the sole bone of contention to Republican Achi. He says Mr. Cayless is a mallhinn of only two years' duration and has not yet sufficiently got rid of the smell of tar, but Wilcox is putting him up as a man for Home Rulers to elect. He arrived in this country four years ago and is a resident here. And what is more, for Mr. Achi's special information, Mr. Cayless is a freeholder and a taxpayer, and what are you going to say about it, and further, he is a true American citizen.

The following piece from this morning's Advertiser is real rich: "Gov. Cleghorn wishes the Advertiser to deny the Bulletin's statement that he has offered to make good the alleged shortage in the Department of Public Works." It deserves a niche in the hall of fame. Yesterday it published

the statement it now gives credit to the Bulletin, and instead of denying the statement of others, it denied its own false statement, to which it as well as the other are ever ready and too willing to publish.

The manager of the stevedoring firm on the beach has corrected The Independent's statement of last Saturday's issue in one case and we stand corrected, which we are only too pleased to be so rectified. And even so, an implied admission is given that this firm employs Japanese mostly to do chores for them, who are non-voters and who do not spend much of their earnings here in the country with our merchants, mechanics, artisans, and the likes. Voters are wanted now and that is the great point we are driving and aiming at.

Col. McCarthy, the Democratic chairman, has instructed The Independent to emphatically deny that he has ever made any rash statement as attributed to him by the Advertiser this morning. It is understood that he made certain statements at a Home Rule-Democratic meeting held lately at Makiki, but he says he never attended it and therefore could not have made any such statement. The Morning Glory is as usual catching at straws, but its venom is easily found out. Do try something else, please.

Home Rulers are now dubbing ex-Senator Achi as the FATHER of the Lady Dog Act which was passed over the Governor's veto in the last Legislature, because it was his vote that carried it. The measure was a Home Rule measure, Representative Haaheo of Puna being the introducer, and when the veto on this bill came up for consideration in the Senate, the nine Home Rule Senators voted solid, and Achi's vote being the lone Republican one that decided its passage by overriding the veto. There's party consisted it as a matter of principle. How's it as a matter of principle. How's that for high? Too-too!

It was ex-Senator, now Senatorial Candidate Achi who boasted to us that they expect to defeat Wilcox on the leper issue. And Judge Kaulukou blandly says that that is the main pivot upon which they expect to carry this campaign through. But we see that they are only "small potatoes from Kalepolepo" (the dirty place—the name of a place on the island of Maui where small potatoes used to be shipped from during the days of the whalers). They counted on it without their host, ex-Senator Geo. R. Carter, the dictator and autocrat of the party, who is an expert on dinner table talks on political topics as well as of personal opposition to Republican Territorial officials.

There's more truth than fiction in the "fables" credited to L. K. Kentwell by the Advertiser this morning, in a statement said to have been made by him in a speech at Manoa the other night, wherein he told the people about the pilfering carried on during the plague fires of 1899-00, and more particularly in the great conflagration of January 20, 1900, how calabashes, leather leis and silks were made away with. Sure, there were other valuables taken and unrecorded nor reported, such as money, jewelry and the likes, where the people were not permitted to take along with them and no care taken of such things. It is only too true, gentlemen, and we challenge denial and refutation.

Coal Contract.

Bids were opened at the Public Works office at noon of yesterday for supplying 400 tons of coal to the Kalihi pumping station, delivered at the rate of 100 tons a month. The contract was awarded to the Globe Navigation Co., Ltd, the bids being as follows: W G Irwin & Co., Australian coal \$740 a ton; Inter-Island Steam Navigation Co., American \$725, Australian \$825; Allen & Robinson, \$717; and Globe Navigation Co., \$683.

Admiral Buckley, although a fairly "good" orator, made a poor showing at the Lahaina landing last Tuesday night. His speech did not carry much weight, nor did it have any influence with the people.

The auction sale of the Hamoa Plantation lands, which was to have taken place yesterday, was postponed on account of a proposition from Haas Plantation for a purchase of the property. Haas wants about 500 acres of the Hamoa lands.

A committee is around soliciting funds for the work of the Commission appointed by Chairman Holstein of the Republican Territorial Convention of the Republican party to prepare county and municipal bills for presentation at the next session of the Legislature.

The Rev Canon Kitea returned Sunday morning by the steamer Maui, looking hale and well. He spent a few days with Canon Ault in Wailuku and paid Lahaina a visit, where he met Canon Weymouth. He formerly did service at both those points.

Invitations have been issued by Mr and Mrs W C Roe to a reception and dance in honor of the twenty-fifth anniversary of Mr Roe's employment at the Honolulu Iron Works. It will come off tomorrow evening at 8 o'clock, at their residence on the Waikiki road.

The Oceanic S S Co's steamship Sonoma arrived this morning early from the Colonies. Left Sydney on the 6th, Auckland on the 10th and Pago Pago on the 14th inst. She left for San Francisco at 3 o'clock this afternoon, the mail closing an hour previous.

A meeting of the Hackmen's Union was held last night at Waverley Hall, over the Criterion, at which a committee of five was appointed to interview legislative candidates in order to secure their views upon legislation desired by the hackmen. H M Rooney is chairman of the committee.

Peter High filed a suit in the Circuit Court last Saturday against Emmet May and Captain Robert Parker for \$5,000 damages on account of malicious arrest. The action took place in a controversy over a leasehold, it being alleged that May had High arrested for alleged unlawful removal of property from the premises. Parker did the policeman's part.

POLITICS GALORE.

Republicans Held Three Meetings in One Night.

Last night was another night of politics, but it was all one-sided. The Republicans held three meetings last night, two in the Fourth District and one in the Fifth. The one in the Fifth was held in.

RELIEF CAMP NO. 2

on Vineyard street, between River and Liliha streets. It was presided over by Judge Kaulukou. A fair estimate of those present would be in the neighborhood of 75, men, women and children, any way, it is less than a hundred.

The speakers were H C Birbe, James Shaw, Kaeo, the wharfinger, Paisina, Duke Kahanamoku, Wm Olepau and the chairman wound up the usual rehash. Music was furnished by a quartette, "Pomi tomi" being the favorite. Otherwise it was very dry, there being no beer. Judge Kaulukou spoke at considerable length on his personal qualities as a former legislator and an office holder.

But the banner meeting was the one held at

MANOA VALLEY,

under the trees on the premises of Manuel Ross, and was presided over by Robert N Boyd. From reports received from our special emissaries, it was a very good and fair gathering, for there must have been in the neighborhood of 200 people present, a great many being in the trees away off. But it is further reported that many of those who attended were from Waikiki and other parts, and that a majority of them were Home Rulers.

The speakers were Rep Kumale, R p R W Aylatt, Candidates C F Chillingworth, Carlos A Long, W W Harris, Frank Andrade, W C Achi and L L McCandless, the latter two arriving late. The main arguments advanced were abuse of Home Rule and Wilcox, the leper proposition and mighty little about city and county.

It was quite wet up there with beer and gin, which flowed quite freely. There was also a big feed for the hungry and wary, which was largely enjoyed and indulged in by the Home Rulers. As a windup, as it was late when it broke up, the host was so tosterous that he got a good thumping from some one there.

DOWN AT WAIKIKI BEACH.

The other meeting was at S M Kanakatu's residence at Waikiki presided over by Chairman Andrews of the Young Men's Republican Club. There were about two scores of voters there, if not much less. Those who spoke were Senatorial Candidates L L McCandless and W C Achi, assisted by S K Kane and S P K Nawaa and others. It was the same old rehash wherever the Republicans go and it hardly touches the voters.

N TIES AT LARGE.

It is reported that Prince Cupid stands well in Hamakua and at Waimea, Hawaii. The people there will vote for the Prince as delegate and straight Home Rule for the Legislature, and that's the kind of compromise up there.

No political meeting of any kind was held at Mrs Kuamoo's on Sunday during a luau there. But there were some sort of political arguments between certain partisans who were three sheets to the wind.

Jim Kypihse, of the Station House, tried to get up three cheers at the Kalibi meeting at Jim's place, but it was a signal failure. Two or three helped him and it was very tame.

At Relief Camp No. 2 last night, the Duke volunteer speaker was told by one in the crowd to go to sleep, and he did. He did not know what to say afterwards that he said he would go to sleep and down he came.

The Portuguese Political Club held a business meeting last evening and it was decided to hold a

rally at Kakaako on Friday evening.

Home Rulers will hold forth this evening at the junction of Emma, School and Pucebowl streets.

CORRESPONDENCE.

A Stevedoring Firm Who Employs Japanese Mostly as Wharfing rs Makes Correction.

ED THE INDEPENDENT:

Dear Sir:—Allow me to correct a statement in your editorial under heading "Orientals on the Docks," published in your issue of Saturday, the 18th inst.

We have been informed by one who knows that there is only one vessel discharging that employs Hawaiian entirely. It is the American Hawaiian Steamship Nevada.

This is not true, one who knows, either does not know, or he handles the truth in a very careless fashion; there were twenty-two Japanese employed in handling the cargo of the S S Nevada, also twenty-six mixed Hawaiians, Portuguese, etc. The writer knows because he employs and pays the men.

If you would like to know why Japanese are employed, it will give me very great pleasure to tell you. I hope you will give this space in one of your issues. Thanking you in anticipation,

I am, dear sir,

Yours respectfully,

W. C. W. Renny.

Warned to Cease Opposition.

MANILA, October 6—General Sumner, who is in command of the American forces in Mindanao, has sent an ultimatum to the Sultan of Basilid warning him to cease his opposition to the Americans, and calling his attention to the results of the Maciu campaign. He is promised the same treatment if he continues his opposition. Whatever the Sultan's reply may be immediate action against him is not probable.

General Sumner has sent a battalion of infantry back to Malabang, and is going himself to Iligan to prepare plans for the construction of a trail from Iligan to Lake Linao.

PARTISAN OFFICIALS.

Federal employes are refrained from taking any active participation in partisan politics by the departmental chiefs from Washington. Such being the case with those officials, why should not the same treatment be accorded to, expected from and demanded of our Territorial officials. It perfectly fits both classes of our officials. "What is sauce for the goose is sauce for the gander." But it is not so. Our Territorial office holders are as partisan today as ever they were during the last general election.

Governor Dole some time ago issued an order giving instruction to our officials to abstain themselves from showing any partisanship either one way or the other. But our Republican opponents did not like it. The Republicans appealed to the Governor, who took water and issued another order somewhat milder, broader and suitable to the satisfaction of his party, who relied mainly and entirely for strength upon the officials. When the Governor rescinded his first emphatic order, these politicians danced for joy, which knew no bounds.

Officials should be taught their places and not be permitted to partizanly meddle and interfere in our politics. A plain lesson should be shown them, holding them down to it as far as what is deemed to be proper. We give this out because we have seen some of them at it, which should not be tolerated long. And whatever their politics may be, they ought to hold themselves aloof from any contamination. As far as we are concerned, we think the conduct of some of them to be very improper. They ought to be told plainly where their places are and see that they stay there and no further. Of all people, they should be non-partisan, except to commune with themselves, their politics being already known. But to show any activity tending towards partisan-

ship, it is derogatory to the interests of state.

We are aware that intimidation has been brought to bear upon certain minor office holders that they must come out squarely and do politics, or they would lose their positions. Republicans are responsible for this state of affairs in this American Territory. Certain officials who were known to be avowed Home Rulers have been converted, and those of Republican tendencies are made to get out and do politics either by stumping or otherwise. We consider their conduct most injudicious and injurious to their future, should the tide of coming events cast their shadows against them in the end. In this connection, we pity them, for we believe that a lesson should be taught them besides making an example of them irrespective of their being Hawaiians.

Now the superintendent of Kalihi Camp, Chas. H. Clark, is one of these strenuous officials; James L. Holt, one of the deputy tax assessors of this taxation district, another; R. N. Boyd, surveyor of the road bureau, also another; Joe Kalana, an employe of the road bureau; W. H. Kailimai, clerk of the Fishmarket; Sam. Johnson, of the garbage bureau; C. B. Dwight, the road supervisor, and many other minor officials, most of whom are in the employ of the Public Works Department. All of them are personal friends of ours, but we are politically the opposite to them. When they show such partisanship as they are doing these days, they cannot expect any favors from the Home Rulers and Democrats combined should they gain the control of the next Legislature, which is as sure this time as it was at the last.

They are not the only ones, but there are others. There's Isaac H. Sherwood, of the clerical force of the Auditor's office; Deputy Sheriff Pahia, and other members of the Police Department, including the policemen of this city, from those of the regular foot, the mounted patrolmen and the bicycle patrol. We have ourselves seen most of these office holders taking active participation. The High Sheriff should instruct the men under him to refrain from participation in any manner, to leave politics alone and to strictly attend to their business, whether on or not off duty.

If these paid hirelings in the public service do not know their proper place, they should be made to know it, otherwise the wrath to come will fall upon their own heads. This advice is being given out free gratis and it is for the good of all office holders in this Territory.

EXTRA BOOTHS WANTED.

There are in certain precincts on this island more voters than there are minutes in the nine hours set apart for voting on election day. Giving each voter one minute to enter a booth, mark his ballots and deposit them, there will be only 540 persons who can avail themselves of the opportunity, leaving out a great many more who will be unable to cast their votes. These precincts are particularly the fifth in the Fourth Representative District, and the seventh and eighth in the Fifth District, and they are largely Hawaiians. In order to avoid any clash, and further to expedite matters on election day, it is up to the Government to devise the ways

and means of assisting the people at the polls. The Independent would suggest, if it may be accepted as such, that the Governor and the Secretary of the Territory give instructions to the Electoral Registrar to provide extra booths at the respective polling places in those precincts, say, instead of three as at present provided by law, that three more such booths be furnished at each of these places. We offer this suggestion in the interest of all political parties, so as to expedite business on election day.

WILCOX AND THE COMMISSION.

It is to be noticed from the Advertiser's interview with Senator Mitchell that instead of stating that the sending of the commission was in no wise a result of the efforts of Delegate Wilcox, the Senator merely disclaimed a positive knowledge by which to either affirm or deny the statement attributed to Mr. Wilcox. Senator Mitchell stated that the suggestion first came to him from Senator Foraker, chairman of the Committee on Pacific Islands and Porto Rico, but that whether or not Delegate Wilcox had previously conferred with Senator Foraker regarding the commission, he really could not say. For the benefit of the Advertiser we will say that anyone caring to possess the facts in the premises, needs only to consult Senator Foraker to learn that Delegate Wilcox first requested that a commission be appointed, and that such request was properly made to the chairman of the proper committee. Because Senator Mitchell declined to contradict the assertion, the Advertiser invites the sweeping conclusions from its readers.

TOPICS OF THE DAY.

What the Republican gatherings lack in numbers they make up in gloom, augmented by beer, gin and pigs. How's that, tit for tat. But it's the real thing nevertheless.

A report has been received that certain policemen on the Koolau side of this Island have been dismissed, because they were known to be Home Rulers. Keep right on doing so, gentlemen, and you will rue the day for doing such tactics.

By the way, what has become of J. A. Kennedy, T. McCants Stewart, A. V. Gear, John C. Lane, George A. Davis, Aleck Robertson, and lots of other "boys," who made things "hot" in the last campaign? Have they all gone way back and sat down? If so, why?

Home Rule-Democratic Senatorial Candidate Edgar Cayless is the sole bone of contention to Republican Achi. He says Mr. Cayless is a malihini of only two years' duration and has not yet sufficiently got rid of the smell of tar, but Wilcox is putting him up as a man for Home Rulers to elect. He arrived in this country four years ago and is a resident here. And what is more, for Mr. Achi's special information, Mr. Cayless is a freeholder and a taxpayer, and what are you going to say about it, and further, he is a true American citizen.

The following piece from this morning's Advertiser is real rich: "Gov. Cleghorn wishes the Advertiser to deny the Bulletin's statement that he has offered to make good the alleged shortage in the Department of Public Works." It deserves a niche in the hall of fame. Yesterday it published

the statement it now gives credit to the Bulletin, and instead of denying the statement of others, it denied its own false statement, to which it as well as the other are ever ready and too willing to publish.

The manager of the stevedoring firm on the beach has corrected The Independent's statement of last Saturday's issue in one case and we stand corrected, which we are only too pleased to be so rectified. And even so, an implied admission is given that this firm employs Japanese mostly to do chores for them, who are non-voters and who do not spend much of their earnings here in the country with our merchants, mechanics, artisans, and the likes. Voters are wanted now and that is the great point we are driving and aiming at.

Col. McCarthy, the Democratic chairman, has instructed The Independent to emphatically deny that he has ever made any rash statement as attributed to him by the Advertiser this morning. It is understood that he made certain statements at a Home Rule-Democratic meeting held lately at Makiki, but he says he never attended it and therefore could not have made any such statement. The Morning Glory is as usual catching at straws, but its venom is easily found out. Do try something else, please.

Home Rulers are now dubbing ex-Senator Achi as the FATHER of the Lady Dog Act which was passed over the Governor's veto in the last Legislature, because it was his vote that carried it. The measure was a Home Rule measure, Representative Haaheo of Puna being the introducer, and when the veto on this bill came up for consideration in the Senate, the nine Home Rule Senators voted solid, and Achi's vote being the lone Republican one that decided its passage by overriding the veto. There's party consisted it as a matter of principle. How's it as a matter of principle. How's that for high? Too-too!

It was ex-Senator, now Senatorial Candidate Achi who boasted to us that they expect to defeat Wilcox on the leper issue. And Judge Kaulukou blandly says that that is the main pivot upon which they expect to carry this campaign through. But we see that they are only "small potatoes from Kalepolepo" (the dirty place—the name of a place on the island of Maui where small potatoes used to be shipped from during the days of the whalers). They counted on it without their host, ex-Senator Geo. R. Carter, the dictator and autocrat of the party, who is an expert on dinner table talks on political topics as well as of personal opposition to Republican Territorial officials.

There's more truth than fiction in the "fables" credited to L. K. Kentwell by the Advertiser this morning, in a statement said to have been made by him in a speech at Manoa the other night, wherein he told the people about the pilfering carried on during the plague fires of 1899-90, and more particularly in the great conflagration of January 20, 1900, how calabashes, leather leis and aliks were made away with. Sure, there were other valuables taken and unrecorded nor reported, such as money, jewelry and the likes, where the people were not permitted to take along with them and no care taken of such things. It is our true, gentlemen, and we challenge denial and refutation.

POLITICS GALORE.

Republicans Held Three Meetings in One Night.

Last night was another night of politics, but it was all one-sided. The Republicans held three meetings last night, two in the Fourth District and one in the Fifth. The one in the Fifth was held in

RELIEF CAMP NO. 2

on Vineyard street, between River and Liliha streets. It was presided over by Judge Kaulukou. A fair estimate of those present would be in the neighborhood of 75, men, women and children, anyway, it is less than a hundred.

The speakers were H C Birbe, James Shaw, Kaeo, the wharfinger, Paiaia, Duke Kahanaomoku, Wm Olapau and the chairman wound up the usual rebash. Music was furnished by a quartette, "Tomi tomi" being the favorite. Otherwise it was very dry, there being no beer. Judge Kaulukou spoke at considerable length on his personal qualities as a former legislator and an office holder.

But the banner meeting was the one held at

MANOA VALLEY.

under the trees on the premises of Manuel Roe, and was presided over by Robert N Boyd. From reports received from our special emissaries, it was a very good and fair gathering, for there must have been in the neighborhood of 200 people present, a great many being in the trees away off. But it is further reported that many of those who attended were from Waikiki and other parts, and that a majority of them were Home Rulers.

The speakers were Rep Kumatae, Rep R W Aylett, Candidates C F Chillingworth, Carlos A Long, W W Harris, Frank Andrade, W C Achi and L L McCandless, the latter two arriving late. The main arguments advanced were abuse of Home Rule and Wilcox, the leper proposition and mighty little about city and county.

It was quite wet up there with beer and gin, which flowed quite freely. There was also a pig feed for the hungry and wary, which was largely enjoyed and indulged in by the Home Rulers. As a windup, as it was late when it broke up, the host was so toterous that he got a good thumping from some one there.

DOWN AT WAIKIKI BEACH.

The other meeting was at S M Kanakarui's residence at Waikiki presided over by Chairman Andrews of the Young Men's Republican Club. There were about two scores of voters there, if not much less. Those who spoke were Senatorial Candidates L L McCandless and W C Achi, assisted by S K Kane and S P K Nawaa and others. It was the same old rebash wherever the Republicans go and it hardly touches the voters.

N TIES AT LARGE.

It is reported that Prince Cupid stands well in Hamakua and at Waimea, Hawaii. The people there will vote for the Prince as delegate and straight Home Rule for the Legislature, and that's the kind of compromise up there.

No political meeting of any kind was held at Mrs Kuamoo's on Sunday during a luau there. But there were some sort of political arguments between certain partisans who were three abreast to the wind. Jim Kupihoe, of the Station House, tried to get up three cheers at the Kalibi meeting at Jim's place, but it was a signal failure. Two or three helped him and it was very tame.

At Relief Camp No. 2 last night, the Duke volunteer speaker was told by one in the crowd to go to sleep, and he did. He did not know what to say afterwards that he said he would go to sleep and down he came.

The Portuguese Political Club held a business meeting last evening and it was decided to hold a

rally at Kakaako on Friday evening.

Home Rulers will hold forth this evening at the junction of Emma School and Punchbowl streets.

CORRESPONDENCE.

A Stevedoring Firm Who Employs Japanese Mostly as Wharfingers Makes Correction.

ED THE INDEPENDENT:

Dear Sir:—Allow me to correct a statement in your editorial under heading "Orientals on the Docks," published in your issue of Saturday, the 18th inst.

"We have been informed by one who knows that there is only one vessel discharging that employs Hawaiians entirely. It is the American Hawaiian Steamship Nevada."

This is not true, one who knows, either does not know, or he handles the truth in a very careless fashion; there were twenty-two Japanese employed in handling the cargo of the S S Nevada, also twenty-six mixed Hawaiians, Portuguese, etc. The writer knows because he employs and pays the men.

If you would like to know why Japanese are employed, it will give me very great pleasure to tell you, I hope you will give this space in one of your issues. Thanking you in anticipation,

I am, dear sir,

Yours respectfully,

W. C. W. Renny.

Warned to Cease Opposition.

MANILA, October 6—General Sumner, who is in command of the American forces in Mindanao, and has sent an ultimatum to the Sultan of Basilid warning him to cease his opposition to the Americans, and calling his attention to the results of the Maciu campaign. He is promised the same treatment if he continues his opposition. Whatever the Sultan's reply may be immediate action against him is not probable.

General Sumner has sent a battalion of infantry back to Malabang, and is going himself to Iligan to prepare plans for the construction of a trail from Iligan to Lake Linao.

Churchill for Congress.

CORNISH, N. H., Oct 7—Winston Churchill, the novelist, made his entrance into politics today through the medium of the Republican Representative caucus, which gave him a nomination for Congress. This is considered equivalent to an election.

Winston Churchill comes of New England stock, but he was born and bred in St. Louis. He was graduated from the Annapolis Naval Academy, but decided to enter literature. His first hit was made with "The Celebrity," an amusing skit which showed great cleverness. Then he wrote "Richard Carvel," an historical novel of the Revolutionary times, which scored a tremendous success. He followed this up last year with "The Crisis," which deals with the period of the Civil War and gives a fine picture of the exciting scenes in the Southern city before the outbreak of hostilities and the enmities of lifelong friends over the question of slavery. Recently Mr. Churchill moved to Vermont and proposes to make his home in that State.

Many Lives Lost in Cloudbursts.

CITY OF MEXICO (Mex), October 6—Twenty-eight persons are known to have lost their lives in the floods caused by excessive rains at Guanajuato, and it is feared that the casualties may exceed that number, as some of the remote districts which were overflowed have not yet been heard from. These districts are thickly populated.

The series of cloudbursts which deluged the city of Guanajuato and its neighborhood caused great loss of property, consisting for the most part of the homes and crops of poor people. When the full extent of the damage becomes known an appeal for assistance of the stricken survivors may be looked for, as the majority of them are undoubtedly in destitute condition.

The First Local Mint.

One of the institutions here which has the special attention of tourists as well as the local people is the Mint, which is established on Nuuanu street, opposite Queen Emma Hall. It is interesting to enter the large main working room where general manager McDonough and his corps of assistants are at work. The cool and large lanai is a proper resting place and the vaults, where the "bars" to be minted and beer are kept present a very tasty spectacle. The Mint is open from 5:30 a. m. to 11:30 p. m. and during those hours the work never ceases. Visitors after looking over the place will find first class refreshments and the purest of liquors.

When the Day Went to Sleep

Once upon a time, from behind the curtain of darkness, came smiling day, and, wrapped in the gray dawn, took its bath in the sparkling dew. Then its morning garment was changed to cloth of gold, new made by the sun.

The day wore on. Through the hours it went wearing a smile of satisfaction, until the donning of the more sombre evening dress, after which it was wrapped in the mantle of the night.

Moral—Even the day has its close.
