100th
442nd

19 October 1943

Dear General McNair:

I am returning herewith the report of investigation of conditions affecting members of the 442nd Combat Team at Camp Shelby. This thorough study of present conditions reassures me that the situation is not serious and is improving gradually.

The report of the fine performance of the 100th Battalion in battle will be of great interest to the 442nd and should act as a spur to their efforts to further improve their present very creditable record.

Sincerely,

John J. McCloy
