BANCROFT, THE HISTORIAN.

A Pen Picture of the Venerable Writer—An Active Old Man.

[Washington Cor. New York World.] Bancroft, the historian, is one of the most noticeable figures in Washington society.

This is a picture of him as I saw him the other day: He sat in a low, easy pony phaeton drawn by a stout black horse, wearing a plain, unadorned harness.

Mr. Bancroft lives a very regular life, and as he has always taken a great deal of outdoor exercise, it is not hard to account for his long life.

A New Kind of Dog. (Detroit Free Press.) A wild-looking man who resembled one who had wrestled with misfortune in a catch-as-catch-can hold and been thrown in the contest, went into a Woodward avenue bird store the other day and approached the affable proprietor.

"Look here," he said, "may I take you apart for a moment?" "Certainly," replied the man of animals, "if you can put me together again."

"Well, here's a letter from my wife—say, come out and have something?" They went and had something; when they came back the wild-looking man resumed the letter.

"Thank you, ma'am. I'll never forget your kindness. Where did you say the cross-stitched dog on canvas could be found?" "At any art-embroidery store," and the lady walked away, remarking sotto voce: "Of all stupid men, she is the stupidest. Not to know what cross-stitch is!"

Not Afraid of the Gallows. [Texas Sitings.] Little Johnny Fizzlepot was rebuked by his father for throwing stones at another boy.

"If you keep on in that way you will commit murder and be hung some of these days," said the parent.

"Oh, if I am going to be hung, I'll have a nice picture, and the pretty girls will visit me every day in my cell, and bring me flowers, and I'll get into heaven sure, and that will be bully, won't it, pa?"

Josh Billings: Menny a phool haz passed thru life with fair success bi taking a bak seat and sticking to it.

Pretzel's Weekly: The spanked child soon finds out who has the upper hand in the domestic government.

PEARL RIVER HARBOR.

In the Legislative Assembly yesterday Mr. Lilikalani called attention to certain newspaper rumors, to the effect that the Reciprocity Treaty with the United States would be abrogated by the latter power, which would then make a new treaty and take possession of Pearl River Harbor.

The reply of His Excellency Mr. Gibson left nothing to be desired in the way of explicitness of statement. The Government had received no information whatever upon the subject of the question asked.

Mr. Kalua put the point straight, and he received as pointed and straight a reply from His Excellency the Minister of Foreign Affairs. No such idea or suggestion had originated with this Government; and furthermore, had such a project been seriously contemplated, the present Ministry would not now be in office.

And this brings us to another point in this question upon which we have a word to say. Although the King's Envoy at Washington has had nothing to communicate direct to the Government from which he is accredited, it seems as if some one very close to His Excellency had communicated points within the diplomatic circle of special intelligence to the "Gazette," the weekly Opposition organ, which boldly advocates the cession of Pearl Harbor, and indeed designates a Minister to succeed Mr. Gibson, who may be relied upon to carry out the annexation scheme agreed upon, we are told "from an assured source in Washington," by the Governments of Germany and the United States. Now, we believe it is at once an insult, and a libel upon the gentleman named by the "Gazette" to identify him with the Benedict Arnolds of Hawaiian politics. His conduct heretofore certainly would not lead one to associate him with conspirators and traitors, and therefore we assume that it was an unauthorized and impertinent liberty to take with the name of an ex-Minister of the Crown, for which an apology will doubtless be forthcoming in due time. Minister Carter, however, made a public speech in this city in favor of ceding

Pearl Harbor to the United States, and in his reported utterance he approvingly carried the point of cession to its logical conclusion—annexation of the Hawaiian Islands by the United States. We have no certain knowledge that his opinion has changed upon this question, but inasmuch as His Excellency was recently on a special mission to Germany on Hawaiian affairs, the reference in the annexed extract to the policy of the Berlin Government to this Kingdom is, to say the least, very suggestive. The "Hawaiian Gazette" says:

The latest news of the Treaty is again encouraging. Our planters may make up their minds that it will not be abrogated. From information which comes from an assured source in Washington we learn that the subject has had the attention not only of the Cleveland Cabinet, but also of the German Government. Communication has passed between the two Governments relative to these Islands, and they are now in accord. The new treaty which is being framed, it is said, draws up on lines which have been acquiesced in by Germany, and there seems very little doubt indeed that the Pearl River clause will be made a sine qua non in the matter. The treaty will be purely political, and will be granted for the express purpose of Americanizing the Islands, in point of fact for the purpose of carrying on the work that has been going on for the last ten years. The bonds between this country and the United States have been tightening for years, but as time goes by they must be made stronger.

In reference to the foregoing we have simply to say that the Hawaiian Kingdom will not be "Americanized" in the way indicated in the above inspired paragraph. And we say also that the outgoing mail should carry specific instructions to the Hawaiian Minister at Washington to the effect that if the cession of an inch of territory is to be the condition of a continuance of the Reciprocity Treaty with the United States the treaty must be relinquished. Furthermore, it is the duty of the Government to ascertain precisely the position of the Hawaiian Minister Plenipotentiary at Washington in this matter, and why he has kept the Foreign Office here without advice on so grave a subject as an international menace to the independence of the Kingdom.

THE LEGISLATURE.

The Legislative Assembly adjourned early yesterday, but not until it had disposed of considerable business. The Address was brought up and adopted, and will take the usual course of engrossment and presentation. A great deal of new work was initiated in the shape of bills and petitions, and the joint resolution providing \$35,000 for the expense of the session was read a third time and passed. It was subsequently presented to His Majesty the King, who approved it.

His Excellency Mr. Gulick, for the Finance Minister, introduced the Appropriation Act, which was read a first time and ordered for second reading. This is a fact worth special mention. It is the first occasion in the history of the Hawaiian Parliament, we believe, when the Appropriation Act was the initial bill of the session. On this occasion the Legislature has had the estimates of revenue and expenditure at the very beginning of the session. We understand that leading members of the Opposition are prepared to devote three days a week to the consideration of the Appropriation Act. This is as it should be, and we are pleased to be in a position to make the announcement. If considerations for the good of the public service alone prevail, there is no reason why the real business of the session should not be disposed of within forty days. Of course a good deal of latitude must be given to members to bring the requirements of their respective districts before the Legislature, but even making allowance for this, the session should be a short one.

Following is a summary of proposed expenditures under the Appropriation Act: Civil List \$126,000.00 Permanent Settlements 1,800.00 Dept. of Foreign Affairs 30,300.00 Interior Department 298,100.00 Finance Department 909,619.92 Dept. of Attorney General 645,500.00 Dept. of Judiciary 240,520.00 Board of Education 146,950.00 Board of Health 173,020.00 Total \$2,830,809.92

THE FIRE LIMIT.

Attention is specially directed to a draft bill in to-day's Advertiser defining the fire limits of Honolulu, which is to be introduced at an early date in the Legislature. This is deemed advisable, as it will enable those interested in property in the city to consider its provisions and take steps to have amendments introduced if necessary. There is no disposition to act arbitrarily in this matter, and if the Government can have an intelligent expression of public opinion on this important bill, in advance of debates upon it in the Legislature, it would greatly simplify matters and ensure the enactment of a salutary and satisfactory law.

Hawaiian Legislature.

Legislative Assembly—Fifth Day.

WEDNESDAY, May 5th. The House met at 10 o'clock a.m. The Chaplain not being present, Secretary Pierce proceeded with the reading of the minutes of the preceding day. On motion of Mr. Kaai they were approved.

PETITIONS. Mr. Castle presented a petition from residents of Kahlili, praying that \$5,000 be appropriated for improving the roads in that district. Referred to Committee on Public Lands. Mr. Nahu presented a petition from South Kona containing three prayers: 1st, that the tax law be amended; 2d, that sugar be assessed when manufactured and not in the cane field; 3d, that a law be enacted authorizing Tax Assessors to collect personal taxes from all Chinese found wandering about. Referred to Committee on Miscellaneous Petitions. Also, petitions from the same district, that a landing be built at Hookena during the present biennial period; that \$500 be appropriated for landings at Napoopoo and Kohopooko; and that \$2,500 be appropriated for improving the roads in the district. Referred to Committee on Public Lands.

Mr. Keau presented a petition from residents of Moanalua, praying that the driving of cattle along the highways of the district be prohibited. Laid on table. From the residents of Kahlili, that \$10,000 be appropriated for improving the roads on the east side of the valley. Referred to Committee on Public Lands. Mr. Nahu presented a petition from the district of North Kona, with fifty-one signers, praying for an appropriation of \$2,000 for a wharf at Kailua. Referred to Committee on Public Lands. Mr. Kaai presented a petition with two prayers: 1st, that the police force at Hana be increased; 2d, that the landing at Hana be made free for the residents of that district. Referred to Committee on Miscellaneous Petitions. Mr. Pachaole presented a petition for the appropriation of \$1,000 for a bridge at Halawa, Molokai; also, that \$2,000 be appropriated for building a wharf at Kaunakakai. Referred to Committee on Public Lands.

THE ADDRESS.

Mr. Dole, Chairman of the Committee appointed to draft an address in reply to His Majesty's speech, reported that the committee had prepared a reply. The honorable member then read it.

His Excellency Mr. Gibson said the reply was worded in a loyal and honorable spirit, and worthy of the acceptance of the House. He would move its adoption. Carried.

Mr. Kaulukou moved that a committee be now appointed to present it to His Majesty after it has been engrossed.

Mr. Kalua thought the proper time to appoint such committee was after the reply had been engrossed. [The subject then dropped.]

APPROPRIATION BILL.

His Excellency C. T. Gulick, on behalf of the Minister of Finance, presented "An Act to make special appropriation for the use of the Government during the two years which will end March 31, 1888."

Mr. Aholo moved a suspension of the rules and the bill read a first time by its title.

His Excellency Mr. Gulick said, anticipating the anxious desire of the members the previous day, he had had the bill printed in the Hawaiian and English languages, and it was ready for distribution.

RESOLUTIONS AND BILLS.

Mr. Kaai gave notice of a bill to amend section 1, chapter 13, of the Session Laws of 1880, relating to licenses to practice law.

Mr. Kaai also offered a resolution that \$1,000 be inserted in the Appropriation bill for repairs to the Court House, Hall and Jail's residence, district of Hana. Referred to Committee on Public Lands.

Mr. Kaukau moved a resolution that \$6,000 be inserted in the Appropriation bill for the roads in the district of Kaunakakai, Maui. Referred to the Committee on Public Lands.

Mr. Hayselden gave notice of a bill relating to internal taxes.

Mr. Nahuale gave notice of a bill to amend section 1,287 of the Civil Code, relating to property belonging to a woman before marriage.

THE RECIPROCITY TREATY AND PEARL RIVER HARBOR.

Mr. Lilikalani said he had read in a foreign newspaper that there was no chance for the continuation of the Treaty, and that the United States was to make a new Treaty and take possession of Pearl River Harbor; therefore, he would offer a resolution to the effect that the Minister of Foreign Affairs be requested to report whether any such Treaty is under consideration, and to lay before the Assembly all information regarding the matter.

His Excellency Mr. Gibson said it was not necessary to cause any delay to reply. He was prepared to say that the Foreign Office had not yet received one word relating to a new Treaty, nor to the cession of Pearl Harbor, or even one foot of the Islands. A succeeding mail might bring some word from His Majesty's Envoy at Washington, but at the present time there was no information whatever.

Mr. Kalua would ask the object of Mr. Lilikalani for introducing such a resolution. The Minister of Foreign Affairs had no information to give. It may be that the proposition had come from this country, and that as yet no reply had been received. The resolution called for everything pertaining to the matter to be laid before the Assembly. There was a good deal of talk outside about a new Treaty and the cession of Pearl Harbor to the United States. If the Minister had commenced negotiating for a new Treaty, it was right they should know it. On the other hand, the newspapers might have no foundation for this statement, and therefore the truth should be made known.

His Excellency Mr. Gibson said the report of the Foreign Department would be ready in a few days to lay before the Assembly. It would contain a full statement of the Government's action on this and all other matters. He could say to the members that His Majesty's Envoy at Washington had been instructed to sign a convention for the continuance of the present Treaty, without any provisions or stipulations as to cession of territory. This has been done, and it awaits ratification by the American Senate. In regard to the cession of Pearl Harbor, or any territory of Hawaii, such a thing had never been contemplated for one moment, and the Ministry would not now occupy their honorable position in the Legislature if such a proposal had been made by them.

Mr. Aholo said the resolution had been complied with, and he moved it be returned to Mr. Lilikalani. Carried.

Mr. Baker moved that the Minister of the Interior be requested to state the reason for the removal of the Hon. H. M. Whitney from the office of Postmaster General of the Kingdom.

Mr. Castle seconded the resolution. Mr. Kalua could not see what the House had to do with the matter. The House did not appoint him. He doubted the propriety of the resolution, and moved it be returned to Mr. Baker.

Mr. Aholo said it ought to be returned. It was a matter that did not concern the House. He had read the correspondence between the Minister of the Interior and Mr. Whitney, and it speaks for itself. The House might as well inquire into the removal of Mr. Parke, Mr. Allen, and all other officers from the foundation of the Government.

The motion by Mr. Kalua that the resolution be returned to Mr. Baker was carried.

NOTICES OF MOTION.

Mr. Kaunamano gave notice of an Act to repeal an Act, approved August 11, 1884, relative to the appointment of Road Supervisors in Chief; an Act to reorganize the Board of Health; an Act to authorize District and Police Magistrates to appoint their deputies; an Act to amend section 1, chapter 90, of the Penal Code; an Act requiring the Governors of the different Islands to examine candidates for the position of District Magistrate; an Act to authorize the Minister of the Interior to grant licenses to sugar mills to distill spirits; also, an Act to amend the law relating to divorce suits.

His Excellency the Attorney General gave notice of the following bills: An Act supplementary to section 23, chapter 9, of the Civil Code, relating to the prevention of smuggling; an Act to amend section 517 of the Civil Code, relating to import duties on spirituous liquors; an Act providing for the measurement of vessels on registry at the Custom House.

BILLS AND RESOLUTIONS.

Mr. Kaukau offered a resolution that the sum of \$3,000 be inserted in the Appropriation bill for repairing the roads from Hanapepe to Waimea, Kauai, and \$3,000 for a breakwater at Waimea stream. Referred to Committee on Public Lands.

The Campobello Concerts.

The concert last evening by the Campobello troupe was a truly admirable musical entertainment. The audience was large and enthusiastic. His Majesty the King, attended by Adjutant J. T. Baker, was present in the Royal box. There were many in the audience who heard the company for the first time last evening, and expressed themselves more than satisfied with what they had heard, and regretted that they had not attended the whole series.

We do not propose to mention in detail the whole of the richly compiled programme. Most of the numbers had been heard before and were fully spoken about by us at the time of their first production.

The playing of Miss Pauline Joran on the violin fairly captivated the audience, and she was honored with three recalls and compelled to respond, the last time playing "Aloha Oe."

Miss Lulu Joran's remarkable talent as a pianist was fully shown in a group of piano solos which were most artistically played, and earned her a well deserved encore.

Little Elise played Bacchermis' charming "Minnet" and a valse by Chopin in the most perfect manner, holding her audience spellbound from beginning to end. She was encored and played S. E. Mills' "Tarantella" with much feeling.

ented with a beautiful bouquet from His Majesty. During the second part the Misses Joran, after playing a trio, were also called to the front of the Royal box, and each presented with a handsome lei from His Majesty.

Sunday School Festival.

The children attending the St. Andrew's Cathedral Sunday School will assemble at St. Andrew's Cathedral at 2 p. m. on Saturday for an Easter carol service. The service will not exceed an hour. At 3 p. m. they will proceed to the Bishop's residence in the valley, where refreshments will be provided by contributions from the members of the congregation. No individual invitations will be issued. It is hoped that this notice will be sufficient to draw all the members of the Church, and the parents of the children, both to the services in the Cathedral, and the following entertainment, to both of which all are welcome.

any one else. There's a man under those chairs." The look that came into the lawyer's face showed that he thought me demented, but when I told him the whole story the judicial expression came on and he said, shaking his head: "Sharp, that's bad business."

"I know it." "Yes, but it's worse than you have any idea of. I presume that you don't know what section 4,708 of the revised statutes says?"

"No, I don't." "It is to the effect that any person or persons, wilfully or with malice aforethought or otherwise, who shall aid, abet, succor or cherish, either directly or indirectly or by implication, any person who feloniously or secretly conceals himself on any vessel, barge, brig, schooner, bark, clipper, steamship or other craft touching at or coming within the jurisdiction of these United States, for the purpose of being the defrauding of the revenue of, or of the escaping any or all of the just legal dues exacted by such vessel, barge, etc., the person so aiding or abetting, shall in the eyes of the law be considered as accomplice before, during and after the illegal act and shall in such case be subject to the penalties accruing thereunto, to-wit: a fine of not more than \$5,000, or imprisonment of not more than two years, or both at the option of the judge before whom the party so accused is convicted."

"Great Heavens! is that really so?" "Well, it isn't word for word, but that is the purport. Of course, if I had my books here I—why, you've doubtless heard of the case of the Pacific Steamship company vs. Cumberland. Well, I was retained on behalf of the company. Now all Cumberland did was to allow the man—he was sent up for two years—to carry his valise on board, but we proved the intent. Like a fool, he boarded the steamer with a valise containing the men and Cumberland got off with \$4,000 and cents. Never got out of that scrape less than \$10,000. Then again, the steamship Peruvian vs. McNish; that is even more to the point."

"See here, Cupples. Come with me to-night and see the man. If you heard him talk you would see the inhumanity!" "Tush, I'm not fool enough to mix up in such a matter, and look here, you'll have to work it pretty slick if you get yourself out. The man will be caught as sure as fate; then knowingly or through fright he'll incriminate you."

"What would you do if you were in my place?" "My dear sir, don't put it that way. It's a reflection on your judgment and my legal knowledge. I couldn't be in such a scrape. But as a lawyer—minus the fee—I'll tell you you should do. I would give the man up before witnesses—before witnesses. I'll be one of them myself. Get as many of the cabin passengers as you like out here, to-day, and let the officers search. If he charges you with what the law terms support, deny it, and attend to the fact that you have given information. By the way, I would give written information and keep a copy."

"I gave the man word not to inform on him and so I can't do it to-day, but I'll tell him of it to-night."

"And have him commit suicide or give himself up first and incriminate you! Nonsense. Just as much yourself from your promise. That's all. He'll trust you."

"Yes, poor wretch, I'm afraid he will." About 10 o'clock that night I resolved to make another appeal to Rodger Cupples to let me out of here, and he said, "I'll be in the forward part of the steamer down a long passage and off a short side passage. Mine was the cabin. The door of 93 was particularly open, and inside an astonishing sight met my gaze."

There stood my stowaway. He was evidently admiring himself in the glass, and with a brush was touching up his face with dark paint here and there. When he put on a wee-begone look he was the stowaway, when he painted up and chuckled to himself he was Rodger Cupples. The moment the thing dawned on me I quietly withdrew and went up the forward companion way. Soon Cupples came cautiously up and seeing the way clear scudded along in the darkness and hid in the aft wee-house. I saw the whole thing now. It was a scheme to get me to make a fool of myself some day before the rest of the passengers and have a stalling job on me. I walked forward. The first officer was on duty.

"I have reason to believe," I said, "that there is a stowaway in the aft wheel-house." Quicker than it takes me to tell it a detachment of sailors were sent aft under the guidance of the third mate. I went through the cabin and said to the gentlemen who were playing cards and reading: "There's a row up stairs of some kind."

"We were all on deck before the crew had surrounded the wheel-house. There was a rattle of steamer folded chairs, a pounce by the third mate, and out came the unfortunate Cupples, dragged by the collar.

"Hold on; let go—this is a mistake." "It's a mistake to both hold on and let go," said Stalker, of Indiana.

"Come out of this," cried the mate, jerking him forward.

With a wrench the stowaway tore himself free and made a dash for the companion way. A couple of sailors instantly tripped him up.

"Let go of me. I'm a cabin passenger," cried Cupples.

"Bliss me," I cried in astonishment. "This is you, Cupples? Why, you're on your own advice and that of revised statutes No. whatever they were."

"Well, act on my advice again," cried the infuriated Cupples, "and go to—the hold!" However, he wavered in humor the next day and stood treat all round. We found subsequently that Cupples was a New York actor, and at the entertainment given for the benefit of the sailors' orphans a few nights after he recited a piece in costume that just melted the ladies. It was voted a wonderfully touching performance, and he called it "The Stowaway."
