Chillingworth Flays The Democratic Chairman In Meeting

The Republican meeting at the head of Liliha street last night was attended by a crowd of at least three times as large as that which attended the Democratic meeting the night before. The principal speeches were made by Charlie Chillingworth, A. V. Gear and Henry Vida, the latter showing the voters in the clearest possible manner how the County Act passed by the government under the Republicans had helped every citizen of Honolulu. He paid his respects to Governor Carter and also to Curtis Iauka.

The chairman of the meeting was Piianaia, who made a short speech telling the people that if they wished good times to continue they must vote a straight Republican ticket and not put in office men who were inexperienced and unable to handle their own business affairs, let alone those of the County or Territory. During the meeting music was rendered by David Wai-pa's Hawaiian quartet and it was easily the best that has been heard during the campaign.

Chillingworth threw a bunch of hot shot into "Shanks" Mossman and Iauka which roused the crowd to enthusiasm as he pointed out the treachery of the Hawaiian Democrats to the leader of their ticket.

A. V. Gear was heartily applauded when introduced by Chairman Piianaia. He said:

"Fellow citizens: This is my first opportunity to come before you as a candidate. Now I want to speak to you as your Supervisor, as from the indications all over the city I will be elected, and tell you what I will do for you."

"This County has done much for the people of the island. We now govern ourselves in part. I hope it will soon be as a whole. I want this and all the other islands to be counties in name and in fact. I wish that the people may elect all their officers and say who shall be their servants."

"The school system, water works and tax department should be handled by men chosen by the people. The Governor is appointed by the President and he appoints the Treasurer, who stays in the capitol and the County has to go to him every month and beg for money. One month men are laid off because we are not given enough money, the next month more. I want to see the County collect the taxes itself."

"Those of you who work on the waterfront get \$2 per day and I say that it is a shame when the county has only

GOVERNMENT WINS IN SUPREME COURT

Makee Company Tax Case Is Won On Appeal

In the Supreme Court this afternoon a decision was handed down in which the court sustains the decision of the Court of Tax Appeals in the matter of the Territory vs. the Makee Sugar Company of Kona. The return made by the Sugar Company shows that the net profit was \$369,257.27 but the court found that the gross profit was \$965,309.70 and that with deductions and exemptions the net profit amounted to \$576,379.74.

Yesterday the Territory won both its cases against the Rapid Transit company in the Supreme Court. In the income tax the dispute was over a deduction of \$40,925.43 for depreciation in value which was disallowed by the Tax Appeal Court. In the matter of the property tax there was an increase of nearly \$116,000.

SILVA WILL TRAIN FOR NEXT FIGHT ON THE REEF

The pitcher that goes to the well too often and the man who comes up before the police judge too frequently are both liable to get into trouble. Antonio Silva, the Demon of Punchbowl, did. And the last time, the judge soaked him.

This morning Silva was up with three counts against his name. He was charged with breaking into the house of his landlord, who had locked him out because he would not pay the rent. He was charged with striking a woman. And, most heinous of all, he was charged with stealing the sum of ten dollars from Maria Cuzero. The first two charges were nolle prossed, as being of little consequence compared with the last, and it was to the charge of larceny in the second degree that the would-be prize fighter had to answer.

Judge Whitney listened to the evidence this morning, and when it was all in, he offered Antonio steady employment on the reef for the next ten months.

In the libel case of Pope and Talbot vs. the Pacific and the Fearless in the Federal Court a bill of exceptions to the amended libel was filed this afternoon.

CIVIC FEDS ENDORSE M'CARTHY

JAPAN AND THE SCHOOLS

Besides D. Kahanokalani, Jr., the Civic Federation has decided to support Chas. J. McCarthy and W. O. Smith for senatorships. As the first is a Home Ruler, the second a Democrat and the third a Republican, the Civics will thus manage to demonstrate their absolute independence of party. This is the situation as intimated by a Civic Federationist this forenoon.

The endorsement of McCarthy was opposed by some of the Civic Fed. leaders, because of his liquor business, but his supporters carried the day. Their contention was that McCarthy would be the right man as he supported their high license platform.

No decision as to whom shall be supported has been reached by the Civic Feds yet as regards the greater part of the ticket. It is understood that W. W. Harris will probably not be endorsed, or at least that there is some opposition to him, for some reason or other which is not quite clear.

Ed Towse says that he will not conduct the Civic Fed. campaign, as he did last year. It is probable that Senator Dickey will have this honor, or if not he, Frank B. Meeker.

Wahiawa Concerns Consolidate With Enlarged Capital

JUDGE GEAR CLAIMS FAULTY INDICTMENT IS MADE

The gigantic strides taken by the pineapple industry during the past few years is illustrated by a big deal, which is being engineered at present, whereby the Hawaiian Fruit and Plant Co. and the Tropic Fruit Co. will be consolidated. The new company thus formed will be given a new name, will increase its capital stock, put shares on the Exchange, and pay a 6 per cent dividend after November 1.

The moving spirit in the deal is L. G. Kellogg. He has bought out all of the 245 shares in the Hawaiian Fruit & Plant Co., the largest shareholders in which were Kellogg, Dr. E. C. Rhodes, Castle & Cooke and W. B. Thomas, with the exception of 40 shares. Thirty-five of them are held by a local man, who is associated with Kellogg and the deal. The others are held by a party on the Coast, with whom negotiations for a purchase are now under way.

The Hawaiian Fruit & Plant Co. held a meeting this forenoon, at which it was decided to amend its charter by reducing the par value of the stock from \$100 to \$20 a share and an increase of the capital stock to \$100,000. These were details necessary for the carrying out of the plan for the deal.

The details of the plan for the consolidation of the Hawaiian Fruit & Plant Co. and the Tropic Fruit Co. are as follows. The par value of the stock of both companies will be reduced from \$100 to \$20. The shares of the Tropic company will be taken at an even basis, the shareholders getting stock in the new concern at the rate of five \$20 shares for each of their old \$100 shares. The Hawaiian shares held by Kellogg and his associate will also be converted into shares in the new company, but on an entirely different basis, as they are far more valuable. For each of the original \$100 shares of the Hawaiian company, \$400 worth of the \$20 shares in the new company will be given.

In other words the shares controlled by Kellogg will represent about \$100,000 of paid up capital stock in the new concern. The shares of the Tropic Company stockholders will represent about a similar amount, so that the new company will start out with \$200,000 paid up capital stock. It is the intention to make the capital stock of the new concern not more than \$400,000. In order to pay running expenses, and for certain improvements, etc. One hundred thousand dollars worth of additional capital stock will be placed on the market at once. There will, it is thought, be but very little difficulty in disposing of this, as several well-known capitalists of this city have already spoken for blocks of it. The stock will be placed on the Exchange and a regular 5 per cent monthly dividend will be paid from November 1.

The main purpose of the consolidation is to allow the carrying on of the pineapple industry at Wahiawa, where both the present companies are located, on a larger scale than has formerly been the case. The Hawaiian company owns 175 acres in fee simple, has an option on a 1000-acre tract, and holds several leases of considerable acreage, but has no canopy. The Tropic company owns 225 acres in fee simple and has 238 acres under lease. It also has a plant for the preserving of pineapples in glass containers, and what is considered a most valuable asset, a direct connection with the railroad. It is the intention, when the new company has been formed, to enlarge the old Tropic Company plant and to fit it out so that it can also put up pineapples in cans. Furthermore the new company will take up as much new land as possible, it being available that the 1000-acre option will be taken up.

The case of the Territory vs. Thos. Flores, charged with assault with a deadly weapon, was continued this morning in Judge Lindsay's court. Judge Gear, who is acting for the defense in this case, will bring up a claim that may cause considerable trouble.

He states that the indictment in the case is signed by "Second" District Attorney General Fleming and that under the County Act that the indictments should be signed only by the County Attorney. Also that there is no such legal office as "Second" Deputy Attorney General and that for this reason the indictment is faulty, in case his plea is sustained it may mean that several prisoners who have already been convicted and are serving sentences will try to obtain their release on habeas corpus proceedings on the same grounds.

Ladies' kimono at 25 cents will be the Friday specials at Whitney & Marsh's tomorrow.

Nursling Home For Children And Dispensary For Proper Care Of Sick Ones At Kalaupapa

GREAT WORK FOR NEW COMFORTS FORWARDED BY BOARD OF HEALTH

A nursing home for the care of infants born of leprosy parents will be the most important of the new buildings which will shortly be erected at the leper settlement on Molokai. It has long been a question as to the advisability of taking these babes at birth and caring for them away from their parents, and the plan to build such a home is the result of the very strong recommendation contained in the annual report of Dr. W. J. Goodhue, medical superintendent of the leper settlement.

Can Save Them
 "The percentage of children of lepers who develop the disease is a small one and I feel convinced that it will not be a half per cent if the babes could be taken away as soon as they are born, and cared for by non-leprosy women."

Other Improvements
 But this nursery is not the only improvement which is to be installed in the leper settlement. The last legislature made a moderate appropriation for the improvement of the leper settlement to consist of a pot factory, and \$4700 for new buildings. The pot factory building has been sufficiently enlarged to contain quite an extensive and up to date steam laundry. The Legislature also appropriated funds for a visitors' house, and improvement of the landing.

The former has been completed and is ready for the accommodation of those who desire to visit their friends at the settlement. The house has sleeping, cooking and other accommodations for twelve persons, intended for six women and six men. The accommodations for the men and women are separated. The room for the interview

is divided into two parts by a plate glass partition with a sounding board over and below, so constructed that any personal contact or contact by the passing of articles is impossible. Conversation is easily carried on. Provision for private interviews has been made also. The building is planned in an attractive style of architecture. The landing will be improved by removing all the old warehouses and building a wall so as to establish a suitable grade. The derick will be provided with a power hoist, and a tramway will distribute freight to the various warehouses.

New Dispensary
 It is intended to establish on the water front a square or esplanade with the sea on one side and the public buildings occupying the greater part of the other three sides. The north end of the square is occupied by the new dispensary, an attractive and up-to-date building, fully equipped with every modern appliance. In fact its operating room will be fully equal in equipment to the new operating room of the Queen's Hospital, and will contain the latest appliances known to the surgeon. This building also contains a fully equipped drug room and dispensary.

There is about completed a new ambulance for the use of patients who need to be brought to either the dispensary or the hospital.

The vehicle has been designed to meet the requirements of the settlement and is believed to be superior in comfort and ease.

From the appropriation of \$4700 a small amount will be available for material for other buildings. There are in the process of erection a large dormitory at the Bishop Home, and three new cottages. It has been possible during the present period to make a considerable saving in expense in the purchase of certain supplies, the market price having materially declined. It is from these savings that the Board of Health has been able to purchase

It has been apparent that the settlement has been deficient in its hospital accommodation. At the three homes, the Bishop, Baldwin and Bayview Homes there are accommodations for those who are ill. The lepers, like others, are subject to various diseases and it is quite necessary that there be facilities to care for those living outside the homes. In cases of patients in any of the Homes suffering with dangerous diseases they also may be cared for in the general hospital. The hospital, as designed, can accommodate twenty-eight patients and there is provision whereby this number may be doubled. The building is designed to be hygienic in every respect. Physicians and attendants are provided with change and disinfecting rooms, and will be required to don hospital garb before entering upon their duties. There is an operating room, the floor and walls of which are of smooth concrete, while the room is lighted both at the sides and by daylight. Beyond the operating room is a drug room. Beyond this is the entrance which is so placed as not to be accessible to the general public. Beyond this passage way is the store room of the hospital containing all bedding and requisite household supplies. Next to this room is the subsistence store room and beyond that a hallway which connects with this latter room and the kitchen. Neither the hall, subsistence room nor kitchen have any connection whatever with the hospital rooms proper, as all food will be delivered to a mounted carrier by which it will be distributed in the wards to those patients unable to assemble in the dining room. All food containers whether from the wards or the dining room, will be disinfected before they are returned to the kitchen. KAKAOKO MEETING A GREAT SUCCESS

Enthusiastic Crowd At Republican Rally Last Night

TELLING BITS OF SPEAKERS GENEROUSLY APPLAUDED

BROWN RECEIVES OVATIONS AND ALL THE CANDIDATES MAKE GOOD — WELL RECEIVED

One of the most enthusiastic Republican meetings of the campaign was the one held at Kakaoko last night. It was a success from every point of view, — the size of the crowd, the rousing enthusiasm manifested and the unusually good speeches made.

Although it was only a precinct meeting, there could not have been less than 500 people present. And there were more at the close than there were at the beginning. Moreover, the audience was almost entirely made up of men. There were few women present. The people who turned out to listen to the speakers are the ones who are going to cast the votes on the 6th of November. And from their reception of the candidates, there can be no doubt that they are going to cast the votes for the Republicans. Every telling point was cheered to the echo. The speakers were cheered when they ascended the platform, and cheered again when they concluded their addresses. A. M. Brown received nothing less than an ovation, and many of the other candidates were received almost as noisily. A. V. Gear, Henry Vida, Charlie Chillingworth, Fred Waterhouse — and all the rest of them — made hits that counted.

E. K. Lillikalani was chairman of the meeting. A string band was present and added interest to the occasion. The meeting began early, at 7 o'clock, and it was after 11 before the last speaker finished his address. L. L. McCandless was the first speaker, and urged the voters to support the straight Republican ticket. The Republican party, he told them, is the one that has done the most for them, and they can depend upon it that in the future the party will continue the good work that has characterized it in the past.

Good Roads and Lights
A. V. Gear was the next speaker on the program at the Kakaoko meeting. "I greet you," he said, "as your supervisor, for I know already that I am elected."

Contrasting the Republicans and the Democrats, he asked, "Where do you get your fish and pot? Not from the Democrats. You get them from the Republicans."

Mr. Gear referred to the system of the Territory collecting the taxes. "If I am elected," he said, "and I know I will be, 'I am going to change this system. My system is for the County to collect its own taxes. (Applause.) We don't want 40 per cent or 50 per cent. We don't want our county officials having to go to the Territory every month and saying, 'How much can we have this month?' and then having to cut off 40 or 50 of you people from fish and pot because they can't get money enough to pay you. Let the county collect its own taxes, and then let the Territory come to the county and say, 'How much can we have this month?'"

"We know that you people can't work for less than \$1.50 a day, and I am going to see that you get it. If I am elected, you can call me anything you wish, from a hapa-Democrat to a hapa-lauka."

"The laboring class, the poor man, has the vote in this coming election and I look to you for my election."

Gear was rewarded with three rousing cheers when he finished his address, which plainly had a strong effect upon his hearers.

A. V. Gear was followed by Sam Dwight. Dwight spoke of the matter of good roads and lights. "We can't tell you yet what we can do for you. We must wait and see what we have to work with. The Democrats promise you everything, whether they can give it or not. We want to treat everybody alike. A Democrat came in and asked

me for an electric light up Kuna way. He got it.

"You are present tonight as laborers. I am a laborer, too, and I advise you to combine together for the good of your country and yourselves. If you split, you will lose."

W. O. Smith was the next speaker. He advised the Hawaiian voters to follow the lead of their Prince Kalaniana'olaha, and support the Republican ticket. If Kaho did not believe that the principles of Republicanism are right and that the Republicans will do the best thing for his people, he would not remain a Republican. Kaho has been at Washington for four years, and in that time he has had opportunity to learn what Republican principles are and what they mean for Hawaii. If Kaho thinks the Republicans mean better by his people than the Democrats, the voters here ought to be willing to follow his lead and support the Republican candidates.

Mr. Smith reviewed the work of the Republican party since its inauguration and showed what the party has already accomplished in general and for the Hawaiian people and ended by strongly advising the voters present to vote the straight Republican ticket.

John Hughes said he was glad the people were taking so much interest in the campaign, for the more interest they take, the more secure will be the position of the Republican party on election day.

Hughes said he is a working man, and felt at home because most of those present were working men. He assured his hearers that his desire is to make progressive Americans in the Territory a fact, and not a theory. "I want to see the natives of this Territory get more than fish and pot. I want to see every American in this Territory and I mean Hawaiian-Americans, as well as white people—enjoy good himself."

"The Republican platform makes definite promises, and those promises will be fulfilled. We only ask a square deal in this election, and we intend to give you a good American square deal."

F. T. Waterhouse
Fred T. Waterhouse said he is a son of the soil, and asks the voters to vote for him for treasurer. He said he believed he had a right to ask that, as he had been born here and his father, too, was long a resident of Honolulu. Waterhouse told his shark story again, which always pleases his audience. The application of the fable, that the voters want to prevent the maifini shark

McClanahan from keeping the kamaaina shark Kaho from going back to Washington, appealed to the people as it always does. Laughter and applause greeted him at the conclusion of the story and its moral.

"We must stand together," said Waterhouse, "as a party and not as individuals. Waterhouse closed in a storm of applause and cheers.

lauka Threw Down the Queen
Henry Vida ascended the platform and was heartily cheered. Vida called the attention of the audience to the improvements in the way of roads and lights that have been made under the Republican administration. More new roads have been made during the past two years than during the 10 years before, he said.

The men who make up the Republican party, said Vida, are the best men of the Territory, the business men and sugar planters and the like.

The only complaint the Democrats make is against the police department, and they claim that the men on the road do not get half enough pay.

"Why don't they start at home," he said. "Here are Frank Harvey and Joe Fern, on the inter-island wharf, paying their men \$4 and \$5 a week—half what the men working on the road get."

"But the wheels of county government are greased now, and I believe it will not be long until all the men are getting at least \$1.50 a day."

Vida urged the voters to support Brown, whom they know to be a good man. Charges were brought against him to endeavor to put him out of office. Those charges were investigated and found to amount to nothing. Brown was again elected and has been in office ever since. Now, isn't it better to elect a man like Brown, against whom no charges can be made, than a man of whom you know nothing? Isn't it better to elect Brown than Curtis Lauka, who has been a Republican, a Democrat and a Home Ruler?

Curtis Lauka says he is willing to sacrifice himself for the people, but I remember how he pined the P. G. government and threw the Queen down. If he gets the chance he will throw you down." (Applause.)

"I want to ask you, in conclusion, to vote for the straight Republican ticket, from Kaho to the last man—and when you come to the foot of the ticket, cast your eyes on my name and do not forget to vote for Halemaumau."

The name of A. M. Brown evoked a storm of cheers that kept him from speaking for some minutes and demonstrated conclusively his popularity in Kakaoko.

Brown appealed to the voters on his past record. "If I have been fair to you in the past," he said, "vote for me at this election."

"If the angel Gabriel came down and assumed the duties of head of the police department, some one would find fault with him. But I have done the best I could. Fault has been found with me because women can go into the saloons and buy liquor at the bar the same as the men. But the fault does not lie with me. It is the fault of the liquor license law passed at the instigation of Governor Carter. (Applause.)"

It is claimed that Brown should be put down and out because he controls a police machine. But Curtis Lauka is promising twice as many positions on the police force as there are places to fill. That means that all those faithful officers who have been doing their duty for years must be put out to make room for Lauka's hangers-on. Either Lauka must put them out, or he is fooling the people with those promises he is making. If he is elected, he will have a police machine far worse than any that they claim now exist.

"Another charge made against me is

"SHANKS" TRIES TO GIVE EXPLANATION

Says McClanahan Wanted To Fight Battle Alone

LAND COMMISSIONER IS ROASTED BY SILVA

FERN SPEAKS IN THREE LANGUAGES AND JARRETT SHOWS BREVITY TO BE SOUL OF WIT

The Democratic meeting held at Emma Square last night was remarkable principally because of the defense which "Shanks" Moosman made of the Democratic attitude towards McClanahan. His statement that the candidate for Delegate wanted to fight by himself seemed rather weak, and on the whole the explanation was one of those which do not explain.

The meeting was one of the best the Democrats have had. There was a good crowd of Hawaiians and Portuguese, who listened attentively to the speakers, and showed considerable enthusiasm, especially the latter, who take a special interest in this campaign on account of the rivalry of the two candidates of their own nationality, A. D. Castro and A. M. Silva.

Albert Kauwe opened the meeting with a prayer. This was before 7:30 o'clock, when quite a large crowd had already arrived on the scene. After the prayer he pitched right into politics, naming the candidates on the Democratic ticket one by one and explaining the fine points of each.

Moses Palau, candidate for Representative, pitched into the leprosy question with his usual fervor, this being the old favorite subject of the Democrats. He next accused the Republicans of having stolen the Democratic thunder regarding the labor pay. They now made absurd promises to pay at an abnormally high rate. The Democrats only promised to be fair.

Silva Roasts Pratt
M. A. Silva said that the land question was the issue which he would expound on this occasion. The papers showed that the Republicans claimed everything in sight. In the Advertiser Land Commissioner Pratt was quoted as saying that Silva was off his base when he said that the same contracts which were given the Molokans were not offered the Portuguese and Hawaiians. If the same chances had been given them there would have been no need of importing the Molokans. Pratt had said that they could get such contracts now. That was true, but that was the result of Silva's exposure. On the opening of the Kapaa lands the Portuguese and Hawaiians had petitioned to have them divided, and their petitions had been thrown into the waste basket.

Pratt Opposed Settlers
This was a sample of the work of the present administration. The Republicans promised to appoint a commission to study the land laws which should report to the Legislature two years afterwards. Why wait two years? The Democrats pledged themselves to give them lands right away.

"Why should we give these corporations and trusts who are trying to Orientalize the Islands any more chances? They are throwing every obstacle in the way of the poor people who want to acquire land. Look at the Ooroo and other associations on Hawaii, where the Land Commissioner, instead of making it easy, has thrown every possible obstruction in the way. We want the law changed so that the Land Commissioner has not the entire say. Look what they did in Kapaa. The Government managed to throw out the Portuguese and Hawaiians who had lived in Kapaa for years in order to make room for the Molokans. Why should we make laws such a Government? You can't expect the machine-made candidates to change the law. The people who can do it are the Democrats, who are the candidates of the people, who have no strings tied to them. Some of you people have probably voted the straight Republican ticket. By doing so you have created the machine."

After the Machine
"I have voted that ticket. I am sorry too," said a voice in the crowd. "Then you have helped create the machine!" exclaimed Silva, dramatically.

Silva went on to roast Geo. A. Davis for speaking of the Panama canal instead of dwelling on local affairs. For some reason or other this was received with tremendous applause.

The Republicans, said Silva, had made the liquor law, which every respectable man was ashamed of.

"That's me," said a soggy voice, proudly.

Silva went on to say that the Republicans had made a mess of the liquor law and would do so again. They tried to blame it on the Governor, but he was not the Legislature.

Furthermore, the Republicans bragged of the good roads they had furnished. They did not dig up the money out of their own pockets, but the taxpayers had, and then the Republicans wanted to pay the laborers an Asiatic wage instead of being liberal.

Jumps on Castro.
From reading the speeches of Cathcart and Davis in the papers one should think that one must pay a license to be a Democrat. Cathcart had accused the Democratic candidates of sneaking. Silva would like to see him right there and then. In this connection he made the loud announcement that each candidate on the Democratic ticket was a man and not a cat, and roasted Castro, "who had the nerve to stand up in Asia

VOL. I. OCTOBER 18, 1906. No. 4

DEMOCRATIC MEETINGS TONIGHT

HOT ON THE TRAIL OF DEACON TRENT

The County Beacon unhappily referred to George Davis, the lawyer, the other day as "the flutent orator of the police machine."

CHILLINGWORTH IS WORRIED ABOUT KUHIO AND MCLANAHAN

Charley Chillingworth is getting frenzied. At the Joe Clark Republican rally the other night he demanded over and over again to know why the Democrats are not spending their time on the stump discussing the race between Kuhio and McClanahan.

WILLING TO RIDE ON KUHIO'S SKIRTS

In connection with the hue and cry about the Democrats not shouting McClanahan from all their houseposts all the time, it is amusing and a bit pathetic to see how every Republican County candidate is clinging to the skirts of Kuhio.

NO APPEAL TO RACE PREJUDICE MADE BY DEMOCRATS

The following excerpt from an editorial in this morning's Advertiser on the subject of "The Color Line" is deserving of wide publicity, and we therefore make room for it in The County Beacon:

"Every word said to the Hawaiians, urging them to vote against one candidate because he is white and for another because he is brown, is a word for the Democratic ticket, especially Curtis Iauken.

And when the fight and the flurry are all over it will be found that the Democrats have conducted their campaign throughout in a clean and honorable manner, free from booze and burlesque, and without any effort to engender race hatred.

WHAT SWEET INNOCENTS THESE REPUBLICANS ARE!

With the leper settlement in absolute control of Republican office-holders (including Jack McVeigh—as sleek a politician as the party in power can boast of) one cannot but be amused at the innocent protest of the Republican machine against disturbing these poor people at the settlement with Democratic speeches.

BRETHREN, LET US PRAY

We hear that W. O. Smith, after making his speech at the Republican meeting in Kakaako last night, was utilized to ladle out the beer from the three kegs provided for his tired hearers.

SCIENTIFIC PROGRESS SUGGESTS POLITICAL ADVANCEMENT

The Republicans evidently think we owe the community our lowly apology for not placing a few lawyers on our legislative ticket. We feel, however, that our consideration for the public weal will be commended and that the public will breathe a sigh of relief at the prospect of a legislature not dominated by lawyers.

"SHANKS" TRIES

(Continued from Page 3.) Park and apologize for me. He said that I, M. A. Silva, was a man of no principle (put that in your pipe and smoke it), had lied when I said that the Portuguese were going to vote the Democratic ticket.

Joe Fern explained in Hawaiian the details of his acceptance of the nomination for Supervisor from the Democrats, after Abraham Fernandez had fallen from grace.

Fern then addressed the Portuguese in their own tongue. He spoke fairly fluently and won enormous applause for his effort.

The gifted speaker wound up in English, asking the support of the audience for the straight Democratic ticket.

"Shanks" explains Messman made the speech of the evening with his McClanahan explanation. "The attack made by Chas. Chillingworth has made it necessary for me to make a few remarks," he said.

***** duty to vote for him. We have no feeling against Cupid in this fight. I would advise the Republicans to fight their own battle, each candidate to stand on his own record, instead of all trying to ride in on Prince Cupid's band wagon.

How would they stand if the people in Washington refused to have anything to do with Cupid because he was a stranger? McClanahan is not a stranger in Washington. When he came here he had a letter from Wm. Jennings Bryan to President Dole. The Democrats are fighting fair. I wish I could say that the Republicans were fighting fair. They figured that they could fool the Hawaiians to vote the machine ticket by casting the whole fight on the Delegate. We are not afraid to speak the truth. We can lay our whole ticket before you, and ask for your assistance in making a clean sweep."

SPORTS

OF THE SAME MIND

"England was simply paralyzed by the purse Goldfield put up for the Gans-Nelson fight," quoth Jack O'Brien while chatting over his travels. "At the time the match was made I was in England, and really couldn't believe that it was a fact. It sounded too much like a fairy story. If San Francisco had put up such money, why that would have been different, but for Goldfield, a little mining camp of a few thousand population—that was the limit. "You can imagine that the blow must almost have killed England, for the biggest purse ever hung up in that country was for Pete Jackson and Frank Slavin, two great fighters, who were in the zenith of their career. But, were popular and extremely well liked in England, and the National Sporting Club of England hung up a \$10,000 purse for them. This was thought to be a fabulous sum to fight for, and it has never been beaten in that country. You can realize what a shock it was to our cousins to read that unknown Goldfield had offered six thousand pounds for Gans and Nelson. You know six thousand pounds sounds bigger to Englishmen than \$30,000. "Then some friend asked O'Brien if he wouldn't split a quart of plimber, or lick up a highball. "No, thank you," was his reply. "I am on the water rig for five years. Yes, I took a pledge when I was away, and I won't take a drink as long as I am fighting. As you know, I was never a hard drinker, but I found that the habit was growing on me, so I simply cut out booze. I have seen booze defeat too many good fighters, and I don't want to follow in their footsteps. When I retire, then I may take my occasional glass, but now I am attending to my business. "Do you anticipate fighting five years longer?" "Just about five years. If I am lucky, I ought to last five years, don't you think? I am a young man yet, take pretty good care of myself, and don't see many young heavyweights coming up who amount to anything, so why shouldn't I hang on five years longer. But when I retire I want to go out as an unbeaten champion. In other words, I want to quit the same as Jeffries. I have my belt on when I make my farewell bow."

FOOTBALL ACTIVITY

Everyone is waiting to see the first game of football played between Oahu College and the Kam Schools. Both schools have good strong elevens and the fans want to see what the game looks like under the revised rules of 1907.

Both Coach Reed at Punahou and Hopwood at the Kam school, are having their troubles trying to get the new rules into the boys' heads. Both teams are improving, however, and it is hard to say just at this stage just which has the best of it.

The new things that the boys have to learn about the game keep them busy. The center must this season keep the ball flat on the ground with the long axis at right angles to the line of scrimmage. Before he could put the ball in play any old way. And then the linemen are not allowed to look feet as of old, but must stand with both feet outside the outside foot of the man next to him. And again, the linemen must be up to within one foot of the line of scrimmage. In making a fair catch the player, while advancing toward the ball must raise his hand clearly above his head. Blocking with the body only is a rule that is strictly enforced this season. And then there is the forward pass that is of great use to the men behind the line and which materially changes the game. Of course the players who carry the ball are finding that ten yards are larger to gain in three down than five yards. This certainly makes the game faster and more open. The boys at Oahu College claim that the game is not nearly so rough as of former years and all like it better.

At St. Louis college the boys are getting busy to meet the High School and Oahu College second. The ball will soon start rolling and some good healthy sport will be indulged in.

While the school teams are busy playing intercollegiate the other teams are daily playing Association and more players are indulging in this sport than ever before.

MAKAWELI CHANGES

Lihue, Kauai, Oct. 15.—W. K. Schuitze took over the responsibilities of the head luna's position at Makaweli at the beginning of this month. Besides being an efficient manager, Mr. Schuitze is popular with all and his promotion is therefore hailed with satisfaction by all the employees.

A. Hvoslef, who has been working in the office for about a year, took charge of the mill warehouse on the 1st of October.

WHY NELSON KICKED

Although Battling Nelson's stock in popularity has lowered a few notches since his fight with Joe Gans in Goldfield, the Dane seems just as hopeful as ever. He writes to a San Francisco friend from Chicago that he is as well off now as he ever was in his life. The tone of the letter is as breezy as if he had come out victorious in that tough forty-two-round contest on Labor Day Says Bat:

"Did you notice where the Knockers' Union had me dying and later dead? Mother was almost scared to death. I bought a one-fifth interest in a mine twenty-three miles from Reno and it is incorporated as the Battling Nelson Mining Company. We have started to work already and the second day out made a rich strike. The secretary wired me to that effect. I am at the 'Frocadero' Theater in Chicago, and, if anything, seem more popular than ever. I am followed all over the streets wherever I go and I cannot stop for three minutes without having an audience. Sunday afternoon I opened and was never received so royally in all my life. One of the loudest I received must have been worth \$25. Can you beat that for a loser?"

"Just a word about the fight. I don't think I hit low at all. I only hit a punch about eight inches with the front of my hand on his liver. He either quit cold or possibly he was hurt. I don't know. Of course, I am not boasting because I lost as I am as game as another guy ever saw. All I ask is another chance to prove to the public that I am his master and can knock him out for the second time if necessary. We have sent Joe four personal telegrams asking for a match, but he says he will have to give Brit a chance first. Does that look as if I was ducking to him?"

"Say, just a word in regard to the time I kicked Gans. The time I kicked him he had just gotten through saying insulting things about my family. Now you can use your own judgment if I was justified in doing what I did or not. You know it is bad enough to have a white man tell you such stuff, let alone a coon. Regards to all the boys."

DANNY MAHER

"That a determined effort is being made to drive Danny Maher, the great American jockey, from the English turf is certain. That it will be unsuccessful seems to be equally certain," says a London cablegram. "Maher's skill, his perfect honesty and fair riding have made him immensely popular with the racing public, and have made him powerful friends who are able to protect him against his enemies, who are numbered principally among that small class, which is steadily losing influence who are jealous of all things American. At the recent meeting at York, Maher accidentally bumped the favorite in the race and put him out of the running. Danny was reprimanded by the stewards of the meeting. His enemies seized the opportunity and insisted on more drastic punishment at the hands of the jockey club. A further investigation was held and Maher was exonerated. The decision of the jockey club gave general satisfaction."

St. Joseph, Mo., Oct. 3.—Joe Gans, who is appearing before the footlights here, said today that he is ready to post \$10,000 for a second fight with Battling Nelson, but the colored man says the only terms under which he

NO YACHT RACE

New York, Oct. 2.—There will be no race for the America's Cup in 1907, according to the Times, which says today:

"Whatever may be the ultimate outcome of Sir Thomas Lipton's negotiations for another America's cup race, it can be stated that there will be no race next year. Assurances are said to have been positively given that under no conditions would the New York Yacht Club consider a race in 1907. What might be done in the following year, or what action may be taken on the question of rules to govern any match that is arranged, is absolutely uncertain. What reason actuates the decision said to have been reached by those whose authority will sway the club's decision is not known."

Sir Thomas made an informal visit to the New York Yacht Club last night. He remained, chatting with friends and club members, until after midnight.

The Lipton party leaves for Chicago this afternoon at 5:30 o'clock. He will remain there until October 9, and then return to New York.

GET NO DAMAGES

TRANSPORT SAILORS WHO ARE ACCIDENTLY KILLED

ARMY AUTHORITIES DETERMINE RESPONSIBILITY IF THERE IS ANY AND FAMILIARLY TO CONGRESS

Considerable comment has been aroused because of the fact that no coroner's inquest was held over the bodies of the two men who were killed in falling down an open hatch on board the U. S. transport Sheridan while she was on the reef at Barber's Point, and the question has been raised: "Are employees of Uncle Sam's army and navy exempt from inquests, ex-officio, as it were?"

Inquiry of an official high in the Federal Government service here elicited the information that it is seldom the custom to hold an inquest over the body of one holding such a position. "But," he said, "if the coroner desires to hold an inquest of course nothing will be put in his way. In the case of the frat man who was drowned by falling down the hatch into the hold, the ship's surgeon signed the death certificate which was considered sufficient by the Board of Health to warrant the issue of the burial warrant. In the United States service the parties are all disinterested. There is no question of corporation or monetary consideration and the ship surgeon's word is usually considered sufficient."

"Is this a fact understanding, a kind of unwritten law, or is there some act covering it and making an independent system for army and navy in this regard?" was asked.

The official questioned replied that he had been unable to find any law covering the matter. He cited the case of Lieut. Garber, who committed suicide by shooting himself at Camp McKinley not long ago, and over whose body no inquest was considered necessary.

"Does the fact that the hatches were open and unguarded give the families of the dead men any redress in the way of claiming damages, as they would have in the case of a railroad or street car or elevator accident, or on board a ship owned by a corporation?" was asked.

"No, none," he answered, "you can't sue the United States."

"The guards are always removed when loading a cargo or working on a wreck as was the case on the Sheridan. Those men knew there were no electric lights, only oil ones, and knew the hatches were not guarded. As a matter of fact the first man had been drinking, while in the case of the second, who was firing a boiler, the position of the hatch would go to show that he had been sitting upon the edge of the hatch and dozed off and fallen in while asleep. He was taken in charge by the Marine Service and died at the Queen's Hospital."

"Then the families have no chance of getting damages?"

"Their only recourse would be to get a bill through Congress asking for an appropriation in the same manner as for a pension."

Two Fair Ladies FOUND GUILTY OF

Having A Fight

The froon of women's skirts stirred up the dusty air of the Police Court Wednesday, and the presence of two fair ladies caused Judge Whitney to sit up and button his coat. One of the aforesaid fair ladies was accused of having applied unpleasant epithets to the other fair lady, whereupon the second F. L. had resorted by pummeling the first F. L. with her fists. Each of the disputants had then promptly sworn out a warrant for the arrest of the other, one on the charge of having used vile and indecent language and the other on the charge of assault and battery.

After listening patiently to the excited stories told by the two, Judge Whitney regretfully found them both guilty. Assuming his most patriarchal air, he reprimanded the fair ladies, and after giving them some fatherly advice, told them to go home and be good.

Ah Sin was arraigned in Police Court this morning on the charge of burglary in the first degree and was committed to the Circuit Court.

Henry Lansing paid three dollars and costs today in Judge Whitney's court for exercising his glorious American privilege of getting as drunk as he pleased.

Julio Leandro is a Porto Rican who possesses a large and well developed aversion to work of any kind. It is with the charitable hope of teaching him better things that Judge Whitney found him guilty of vagrancy today and sentenced him to spend the next 90 days working for the county.

KOOLAU WORKMEN WANT MORE PAY

Got Only \$1 A Day While Other Districts Pay \$1.25

The abundance of political talk on the part of stumping candidates on the subject of an increase of the daily wage of the laborers working on the Government roads has evidently stirred the people of Koolaula and Koolaupoko to a sense of the wrongs which they have heretofore endured in silence. It appears that the road laborers in Honolulu, Ewa and Waialua districts have been paid at the rate of \$1.25 a day, while the good men of Koolaula received only \$1. The long-suffering Koolaula-ites have finally realized that they have a kick coming. They have drafted petitions asking for increased pay which will be laid before the Board of Supervisors at its meeting tonight. The petition from Koolaula reads as follows:

To the Honorable Board of Supervisors of the County of Oahu, Honolulu:

The undersigned, road employees of the County of Oahu and voters of the District of Koolaula, petition your Honorable Body to increase the pay of the men now working on the roads of this district from \$1 per day, the present rate, to \$1.25 per day.

Your petitioners would show unto your Honorable Body that the County of Oahu is now paying its road employees in the Districts of Ewa, Waialua and Honolulu \$1.25 per day, while the road employees of Koolaula and Koolaupoko are only receiving \$1 per day.

We therefore pray and petition your Honorable Body that you be pleased on an equality with the road employees of the districts above named, as the cost of living and the necessities of life are as high in the districts of Koolaula and Koolaupoko as elsewhere.

Dated Kahana, Oahu, Oct. 9, 1906.

The petition from Koolaupoko is in the same form, but is dated from Heela. The former is signed by 67 and the latter by 76 names.

Among the other subjects which the Board of Supervisors will have to pass on tonight are the proposed land exchange at Wahiawa, whereby a new road may be built, the matter of an avenue at Pearl City and several other road matters, regarding which there has been considerable correspondence since the last meeting of the Board.
