## FOREIGN NEWS

### Winding up the Boer War.

LONDON, April 9.—Lord Kitchener, reporting to the War Office under date Pretoria, April 8, says: "Plumer has occupied Pietersburg with slight opposition. He captured two locomotives and thirty-nine trucks." The capture of Pietersburg is regarded here as important. The place is the termination of the railway, and has been the capital of the Boer government since the evacuation of Pretoria. The whole Northern Railway is now in the hands of the British.

### Information from Remy.

WASHINGTON, April 9.—The Navy Department has received the following cablegram from Admiral Remy, dated Cavite, April 8, showing the size of the insurgent forces which surrendered to Lieut. Col. Goodsell on the 14th instant at Olongapo: "Insurgent Col. Alva, 13 officers, 83 men, 92 rifles 4,000 cartridges, surrendered to Goodsell; 322 unarmed men swore allegiance."

### Aguinaldo Signs Peace Manifesto.

MANILA, April 9, 3:25 p. m.—Although the officials are uncommunicative, it is nevertheless said that Aguinaldo signed the peace manifesto this morning. Chief Justice Arellano drafted the document. Aguinaldo strongly objected to two clauses of the manifesto, and considerable argument was required to overcome his objections.

### Krueger May Visit America.

NEW YORK, April 9.—Dispatches from Holland, says the Tribune correspondent at London, revive the rumor that Mr. Krueger is bent upon visiting the United States during the summer. Private information from The Hague leads to the belief that his physician is strongly opposed to any course of action which will subject him to excitement. Mr. Krueger's general health is fair, but he has weak heart action and has been warned that he must live quietly.

### Rumors of Chinese Rebellion.

PEKING, April 8.—The rumors which have been current during the past few days of the outbreak of a rebellion headed by General Tung Fu Hsien, the former commander of the northern army, in the provinces of Mongolia and Shensi, have been absolutely authenticated. Li Hung Chang and Prince Ching have received information on the subject, which, though indefinite, still proves that the court is seriously alarmed.

### Asks help of France.

TRIPOLI, Sunday, April 7.—Advices from Benghazi state that the Sultan, finding himself helpless against the rebellion now in progress, has invoked the assistance of the French, which has been promised him.

### Another Cruiser.

WASHINGTON, April 5.—The Navy Department has awarded the contract for the building of the twenty-knot cruiser Milwaukee to the Union Iron Works of San Francisco. The contract price is \$2,865,000.

**The Pan-American Exposition**

The Pan-American may not be as big as some former expositions, but it will be more beautiful than any of them. The exposition site is a commanding one, containing 350 acres adjoining Buffalo's lovely and expansive Delaware Park. In selecting the Spanish Renaissance style of architecture as a basis for the Exposition architects to work upon, the managers paid a compliment to the Latin-American countries and at the same time provided for an effect of surpassing grandeur. The style has been somewhat modernized in its treatment, with the result of enhanced beauty. Color is judiciously applied to relieve the staff covered structures of the blank monotony which has characterized former exposition cities. It is rich, charming, restful to the eye—the very perfection of color decoration of buildings. The prismatic splendor has evoked the term "Rainbow City" for the ensemble of Exposition palaces. Sculpture will add to the attractiveness. Majestic statues and costly groups will adorn domes and towers and guard the entrances to buildings. There will be more than 125 groups of statuary in the Exposition City, the work of the best sculptors of the country, under the direction of Karl Bitter.

The court settings will be superb. The principal courts are the Court of Fountains and Plaza, which form a north and south perpendicular and connect with a transverse court called the Esplanade. Surrounding the main group of buildings and bordered with a double row of trees and grassy banks is a broad and stately canal more than a mile long. In perfect harmony with the grandeur and beauty of the buildings and courts will be the horticultural and floral embellishments of the grounds. Rising high above all the other structures on the Exposition grounds the Electric Tower is the first object to arrest the attention of visitors. It is 391 feet high. The base is 80 feet square to a height of 200 feet. This base is flanked on the east and west sides by colonnades 75 feet in height, semicircular in form, which curve toward the south, forming a clasp setting for the great basin of the Electrical Fountains. From the fountains to the Goddess of Light at the apex the Tower will be one mass of quiet beauty by day and of fiery, sparkling grandeur by night. Elevators will take visitors to the restaurants upon the colonnade, where they will have a commanding view of the broad and beautiful Court of Fountains.

These are the principal features which will excel all former attempts of the kind and serve to make the Pan-American Exposition City the most beautiful spectacle ever prepared by the genius of man for a similar enterprise. The Pan-American Exposition concerns itself with the progress of the countries of the western hemisphere and the new possessions of the United States. To show the achievements during the century just closed and make for more rapid progress in the future is the chief purpose. In order to realize the ideal in mind, the various countries must be drawn into closer relations commercially and socially. The golden opportunity comes with this Exposition when the representative men of all the countries in question will be gathered together and the diversified resources of the continent displayed. Such an international congress of peoples, exhibits and ideas must needs develop much of good for the inhabitants of the continent and posterity. It offers the chance for better acquaintance, the acquisition of new and useful knowledge, a comprehension of each other's opportunities and necessities, the settlement of questions which have too long retarded international trade in Pan-America and the laying of a strong and enduring foundation for an intercourse which will be mutually beneficial.

There are more than 40,000,000 people living within a night's ride of the Pan-American Exposition, and a great attendance, possibly exceeding that at the Columbian Exposition, is confidently expected. The hopes of the managers are for more than 25,000,000 paid admissions. The Fine Arts as they have been cultivated in the various countries of Pan-America will be presented in an exhibit pre-eminently American in spirit and character at the Pan-American Exposition.

There will be no attempt to cover everything of an art character in the entire universe; but, as the Exposition as a whole is to be devoted to the achievements of civilization in the New World, it will be the purpose of the Fine Arts exhibit to show the progress made in Pan-America in the culture of painting and sculpture and the allied arts. The Pan-American Exposition ought to mark a new era in the New World and doubtless will, since it will give workers in this important field of human activity a stimulus such as perhaps could be obtained in no other way and will direct the attention of the great public of all the Americas in the most emphatic manner to the importance of giving substantial patronage to the artists and sculptors native to our own soil if it is desired that art should flourish in the western hemisphere. In making up the exhibit in Fine Arts for the Art Gallery the plan to be followed is to secure the most representative and excellent works that have appeared within the last 25 years, particularly within the last decade. As the opening of the Pan-American will come at a time when all of the important annual exhibitions of art will have been held, it will be possible to secure some of the best works produced within the 12 or 15 months preceding it.

**How Funston Did It.**

The story of how General Funston captured Aguinaldo is a thrilling one. Many of the details have been published. The 90 mile march of the little band through a wild and inhospitable country to the Philippine chief's retreat in the mountains was full of hardship and the only food at times was a little cracked corn. The arrival at the camp and the particulars of the capture follow:

Aguinaldo's household troops, 50 men, in neat uniform of blue and white and wearing straw hats, lined up to receive the new comers. General Funston's men crossed the river in small boats, formed on the bank and marched to the right and then in front of the insurgent grenadiers. The Tagals entered the house where Aguinaldo was. Suddenly the Spanish officer, noticing that Aguinaldo's aid was watching the Americans suspiciously, exclaimed: "Now, Macabebes, go for them!"

The Macabebes opened fire, but their aim was rather ineffective, and only three insurgents were killed. On hearing the firing, Aguinaldo, who evidently thought his men were celebrating the arrival of the reinforcements, ran to the window and shouted: "Stop that foolishness! Quit wasting ammunition!"

Rilario Alacido, one of the Tagal officers and an ex-insurgent Major, who was wounded in the lung by the fire of the Kansas regiment at the battle of Calocan, threw his arms around Aguinaldo, exclaiming, "You are a prisoner of the Americans!" Colonel Simeon Villa, Aguinaldo's chief of Staff, Major Alambra and others attacked the men who were holding Aguinaldo. Placido shot Villa in the shoulder. Alambra jumped out of the window and attempted to cross the river. It is supposed he was drowned. Five other insurgents officers fought for a few minutes and then fled, making their escape.

When the firing began General Funston assumed command and directed the attack on the house, personally assisting in the capture of Aguinaldo. The insurgent body guard fled, leaving 29 rifles. Santiago Barcelona, the insurgent Treasurer, surrendered without resistance.

When captured, Aguinaldo was tremendously excited, but he calmed down under General Funston's assurance that he would be well treated. General Funston secured all of Aguinaldo's correspondence, showing that he had kept in close touch with the sub-officers of the insurrection in all parts of the archipelago. It was discovered that Aguinaldo, January 28th, had proclaimed himself dictator. He had been living at Palanan seven months undisturbed, except when a detachment of the Sixteenth Infantry visited the town. On that occasion the entire population took to the mountains and remained there until the troops retired. Aguinaldo admitted that he had come near being captured before, but he asserted that he had never been wounded, adding: "I should have never been taken except by strategy. I was completely deceived by Lacuna's forged signature."

While there was really nothing criminal in allowing a bonus on the Diamond Head Road contract, in view of the fact that the road was made two feet wider than the contract called for, yet such a course was simply following a bad precedent which has prevailed extensively on Maui, as well as at Honolulu. There is at present an investigation pending concerning Hana road board matters which has an ugly look on the face, but a fair investigation will probably reveal the fact that with perfectly honest intent and results, shifty methods of procedure have been adopted in the furtherance of ends properly to be achieved. Such precedents are wrong, as they are liable, in the hands of dishonest men, to lead to fraud.

The Americans have taught many things to the people of Europe, some good and some bad, and the Europeans proved themselves apt scholars. This is well exemplified in the formation of the monster linen trust, and it is now up to the crowned heads of Europe to handle the matter of monster trusts. The linen trust is only the beginning, and a reign of trusts will be inaugurated in all the principal lines of industry. Later, trusts will be formed which will not be confined to one country, but which will take up certain lines of industries in all the civilized countries and weld them into one. This is a bold prediction, with many opposing factors confronting it, but just wait and see.

A very interesting question of water rights has been raised in the suit between the H. C. & S. Co. and the Wailuku Sugar Co. Of course vested rights must be respected, and the H. C. & S. Co. should have all the water to which they are entitled, if they really need it. But when the actual needs of the konohikis are supplied, the balance of the water should be used on the kula cané lands of the Wailuku Sugar Co., and none of it should be allowed to run to waste. The cane stalk is the staff of life on Maui, and both law and equity should combine to foster cane growing so far as it can be done.

Possibly Delegate Wilcox has become impressed with the necessity of sending a republican delegate to congress, and he may be willing to unite the home rule party with the republican party, in name at least, provided he can be the representative of such party. There are many republicans who would be pleased with such a coalition, but the "Old Guard" republicans will have none of it. The "Old Guard" home rulers, led possibly by Senator Wm White, would also resent such a coalition. What the outcome of the proposition will be is merely a matter of future developments.

Of course the news that Lahaina had been named as the county seat of the proposed new county of Maui, or Liliuokalani, created quite a ripple of excitement in Wailuku. Unquestionably, a large majority of the people comprising the new county want the county seat at Wailuku, and unquestionably the county seat will be at Wailuku, consequently the framers of the bill might as well save trouble first as last by designating Wailuku as the county seat of Liliuokalani County. But why Liliuokalani, when the name Maui is in every way so much more desirable?

It is a luminous truth that the home rule party, with the best intentions in the world, has proved a monumental failure as a law making power. A very natural and proper sense of delicacy should prompt them hereafter to assist in the election of men capable of accomplishing something, when elected to the legislature. As modesty is not a cardinal virtue, however, we may still expect to see "Fools rush in where angels fear to tread."

It is singular, to put it mildly, that the fishing industry in the waters adjacent to all the Islands, has been allowed to lay dormant so long. Half a dozen Italian fishermen from San Francisco could come to Kahului Bay and make fortunes for themselves, and still sell fish at a reasonable figure to the local market and to Honolulu. If this can be done in no other way, a stock company should be organized on Maui to exploit the matter.

It is beginning to be a serious question as to where the necessary revenue are to come from with which to meet the actual running expenses of the government for the next two years. An appropriation bill could yet be enacted if the majority of the legislature would condescend to take advice from those competent to instruct them, but that is hardly to be hoped for, and the outlook is decidedly corselean.

The attention of Commissioner Jared Smith is respectfully invited to Maui as a promising field of labor for his specialties. True, the majority of us can tell at a glance the distinguishing points of difference between a lima bean and a pumpkin, still we have much to learn as to the possibilities lying dormant on Maui, and we are humble and willing to learn.

The Hawaiian Navigation Company of Honolulu, with A. A. Young at its head, has been awarded a contract for steamboat mail service between the Islands. True, this company at present is using steam launches, but all things have small beginnings, and who knows but that the long hoped for is about to materialize.

## THE COUNTY SEAT

### MUST REMAIN IN WAILUKU.

#### Enthusiastic Mass Meeting at Wailuku Court House.

Wailuku is thoroughly waked up on the county seat question. On Tuesday afternoon, a few of the citizens met at the court house and called for a mass meeting for Thursday evening. At the preliminary meeting, Judge McKay was chosen chairman and Attorney George Hons secretary. A committee was appointed consisting of George Hons, J. N. K. Zeola and G. B. Robertson, to prepare a petition for circumscription, advertise the meeting and take necessary steps.

The mass meeting called for Thursday evening was largely attended, the court house being packed to its fullest capacity with one of the most enthusiastic and unanimous bodies ever assembled there.

On motion of Sheriff Baldwin, seconded by Dr. Weddick, Mr. C. L. Kookoo, president of the local home rule party of Wailuku was elected chairman of the meeting, and Mr. G. B. Schrader, secretary. Capt. Keola kindly consented to act as interpreter. There was but little speech making, for the reason that every one was so in accord on the proposition that no discussion was necessary.

The chairman briefly stated the object of the meeting and called for remarks. Mr. Hons set the ball rolling by briefly alluding to the reasons why the county seat should not be removed from Wailuku, and moved the appointment of a committee to draft resolutions expressive of the sentiments of the audience, to be forwarded to our representatives. The motion carried, and the chair named Mr. Hons, Mr. Baldwin and Mr. Kinney as the committee. The committee retired, and in a few minutes returned and presented the following resolutions, which were unanimously adopted:

Whereas the "County Bill," is now pending before the legislature of the Territory of Hawaii, and

Whereas, it is proposed therein to make the town of Lahaina the county seat of the county comprising the islands of Maui, Molokai, Lanai and Kahoolawe, and

Whereas, we, citizens and residents of the District of Wailuku, in meeting assembled, deem it to be an injustice to the residents of the Districts of Wailuku, Makawao and Hana to make the town of Lahaina the county seat of said county, and

Whereas we believe that the town of Wailuku, by reason of its central location, close proximity to a sea port, and larger number of inhabitants, is by right entitled to be given preference as a county seat, now, therefore,

Be it resolved, that we are unanimous in favor of having the said bill amended by substituting the town of Wailuku as such proposed county seat, and

Be it further resolved, that we hereby request our representatives in the Territorial Legislature to further these our views to the fullest extent, and,

Be it further resolved, that copies of these resolutions, signed by the chairman and the secretary of this meeting, be forwarded to our representatives in both branches of the Legislature.

George Hons,  
John Kinney,  
L. M. Baldwin,  
Committee.

On motion of Mr. W. G. Taylor, a committee of two, to consist of the chairman and another to be appointed by the chair, were elected to take charge of the resolutions and go to Honolulu and present them in person, said committee to also work for the object expressed in the resolutions. The Chairman appointed Judge S. E. Kuleikau of Waihee the other member of the committee.

On motion, Mr. A. N. Hayselden was appointed a committee of one to collect funds for the travelling expenses of the committee, and he was immediately surrounded by a number of enthusiastic Wailukans, each of whom subscribed ten dollars as a starter.

Messrs Nakookoo and Kuleikau left for Honolulu on last night's steamer.

## Off For the Land o' Cakes.

Mr. David R. Lindsay, the popular and successful manager of Paia Plantation is off for a holiday trip to Bonnie Scotland. He left on the Mauna Loa for Honolulu on Thursday, and will go to the coast on the Sierra.

He will remain in Scotland till about the first of July, and will return via the Pan-American Fair at Buffalo. Dave says that if he likes the Fair, he will bring it back with him to Maui, where he expects to return about the middle of July. His Paia friends gave him a great send off, and he passed through Wailuku laden with leis on his hat and around his shoulders. His many friends on Maui wish him no ends of a good time.

Mr. Frank Baldwin will act as assistant manager at Paia during Mr. Lindsay's absence.

## Registration of Chinese.

The registration of Chinese on Maui, under charge of deputy A. W. Neely, is being pushed rapidly. Another deputy, Mr. D. J. Costello, and an interpreter have been sent from Honolulu to assist in the work.

About 1000 Chinese have been registered so far, of whom 670 were registered in Kula last week. Next Wednesday, deputy Reuter will go to Hana to register the Chinese of east Maui. Lahaina will be reserved till the last.

Mr. McCabe, a revenue agent from Washington has been sent out to make a tour of investigation of the Islands, in the interests of the revenue and registration service, and is now on Hawaii. He will visit Maui later.

## Luna at Kahului Club House

About thirty ladies and gentlemen, from Wailuku, Waikapu and Kahului, met at the Kahului Club House last Sunday afternoon to enjoy the hospitality of its genial hosts, Messrs. Hons, Simpson, Usinger, and Captain Lane.

The Wailuku band rendered choice music for the occasion, and Miss Lou Hussey always ready to do her best entertained the guests with her guitar in a most pleasing manner.

The hosts selected the partners for the ladies at the banquet and the good taste they displayed did them much credit. A most bounteous repast was served which was heartily partaken of by all, but few could do better justice to a dish of poi than did Mr. Filler.

All pronounced the affair a grand success and the gentleman of the Club House deserve much praise.

## Recipe for Kisses.

To a handsome young luna of Wailuku Plantation we are indebted for the following recipe. He blushing confesses that he has not yet tried it, but says that he has reliable information that it works all right in California. The recipe reads:—To one piece of dark piazza add a little moonlight. Take for granted only two present. Press one small, dainty hand between two large, masculine ones. Sift lightly two ounces of attraction, one of romance and a dash of folly; stir in a fleecy ruffle and one or two whispers, dissolve half a glance in a well of silence; add one ounce of hesitation, one of resistance and two of yielding.

Place the kiss gently on a flushed cheek or on two rosy lips with a little scream, and set aside to cool. Never fails, if quickly done.

## Public Drill of Company 1.

Capt. Keola gave his first public drill at the drill shed last Wednesday evening. Quite a number of ladies and gentlemen were present, and saw some fine work. Capt. Cottrell of Kahului was present and assisted Capt. Keola.

## Death of James Smith's Child.

The community will be pained to learn that on Thursday last Mr. James Smith of Wailuku lost his infant son, not quite a year old. The funeral was held yesterday morning, at the Catholic Mission.

**Legislative Notes.**

News comes by wireless telegraph that the Dispensary Bill was killed in the Senate.

It is generally believed that the county bill will fail to pass at the present session of the legislature.

Gillfillan introduced his bill to appropriate \$10,000 for Delegate Wilcox's use in Congress, but it was killed on first reading.

A petition was presented by Robertson asking for an appropriation of \$1,800 a year for the Honolulu Free Kindergarten.

Senate bill 63, exempting all property whatsoever under the valuation of \$3,500 from attachments, sale, etc., passed first reading.

The county to include Maui, Molokai, Lanai and Kahoolawe was given the name of Liliuokalani instead of Piliani. The county seat was left at Lahaina.

The bill to create the office of transportation agent was favorably reported by the Public Lands and Internal Improvements committee, Gillfillan dissenting.

The bill appropriating \$3,500 for a school exhibit at Buffalo passed second reading by unanimous vote. The bill will pass without opposition in the Senate.

As the County bill now stands it provides for the Island of Oahu, including Honolulu, to be one county, government by a board of three county commissioners.

"No City Government for Honolulu," was the emphatic decision of the House. The issue was clearly made in debate over including Honolulu with the rest of the island in a county.

House bill 44, relating to the establishment of school libraries, came down from the Senate amended by striking out the appropriation clause. The bill was referred to the Committee on Education.

The House committee reported on the petition of Wailuku residents for an appropriation of \$10,000 for the Jao valley road, recommending that \$5,000 be appropriated for the purpose. Tabled to be considered with the bill.

A motion to kill the county bill by indefinitely postponing it preceded taking the bill up. It was made by Kumalae, in the midst of a long wrangle over rules and order of business. Dickey, Hoogs, Kumalae and Monsarrat were the only members to vote for the motion.

Definition of gambling, by the House committee on Public Lands and Internal Improvements:

"Gambling or gaming is nothing more or less than a simple contract made by two or more persons to undertake any chance of profit by paying certain consideration generally called stake money for the same."

Governor Dole's first veto was received by the Legislature Monday morning. It was the bill amending the law which provides for a tax of \$3 on female dogs. The Governor thinks there should be no amendment. A canvass of the Senate shows that the bill cannot pass over the Governor's veto. This alone will knock it out as both houses must pass a measure over a veto by a two-thirds vote.

The House printing committee and sergeant-at-arms between them have developed the stingiest system on record in distribution of bills with all the waste evident in the printing of such a bill as the rejected county act. Members on the floor of the house are actually not able to get an extra copy of an act when they want it, and newspapermen are treated with a lack of courtesy probably not equalled in any other legislative body in the world.

It is reported that the Independent caucus held to consider the Governor's appointments, voted to turn down Superintendent of Public Works McCandless, Treasurer T. F. Lansing and Land Commissioner J. F. Brown.

Should McCandless be turned down, Jas. H. Boyd is regarded as the logical and generally accepted candidate for the vacancy. "A down town banker" and W. H. Wright are referred to as substitutes for Lansing should he be defeated.

**SHIPPING NEWS**

The Henry Failing will begin to discharge cargo on Monday.

The tug Leslie Baldwin has been repaired, and is ready for duty again.

The Claudine, will not reach Kahalui from Hana before daylight tomorrow morning.

A big iron ship, with a black painted hull, is in mid-Pacific dismantled. Her identity is unknown. The vessel is a four-masted one, and when seen was in ballast. She was bearing northwest with only a small piece of canvas spread on the stump of her foremast, and it was thought she was making for one of the Pacific Coast ports.

WASHINGTON D. C., April 1.—The Hawaiian Navigation Co. Ltd. of Honolulu, A. A. Young, president, has been awarded the contract, and orders have been issued by Postmaster General Smith establishing a steamboat mail service between Honolulu and points in the Territory of Hawaii.

The mails, according to the terms in the contract, must be carried in safe and suitable steamboats as of ten as steamers may run at irregular intervals. The agreement is binding from April 1, 1901 to March 31, 1902, and the service is to extend between Honolulu and any points on the Island of Kauai and return, and between Honolulu and any points on the Islands Molokai, Lanai, Maui and Hawaii. This service is to be known as Route 80,092.

Another contract was awarded to same firm whereby they are directed to carry the mails three times a month, and by a schedule or regular sailing dates satisfactory to the Post-office Department of not to exceed ninety-one hours running time between Honolulu, Island of Oahu; by Lahaina, Kihai, Makana, Island of Maui; Kawaihae, Kailua, Keaulou, Napoopoo and Hookena, to Hoopuloa, on the outward trip, or ninety-six hours on the inward trip. This agreement is to operate from April 1, 1901, to March 31, 1902, and the contractor is to notify postmasters by telephone of arrival at landings. This service is to be known as Route 80,093.
