

## NO CHANGE FOR THE BETTER

SECRETARY ATKINSON IS SENT A CABLE TO CHICAGO THIS MORNING WITH NEWS THAT IS NOT REASSURING, REGARDING THE CONDITION OF THE GOVERNOR—UNLIKELY THAT CARTER WILL RESUME THE GOVERNORSHIP.

The illness of Governor Carter is still a problem to his physicians, but they will probably be able to decide tomorrow, by scientific blood tests, whether he has typhoid or not. The tests are now being made, but a complication which may make them less conclusive that they would otherwise be is that he has had typhoid twice before. The fever was lower this morning, and the governor spent a fairly good night, but there are no reassuring signs, and there is no hope of a quick recovery.

Secretary Atkinson was heard from this morning, from Chicago. He had apparently stopped over a day, possibly in the hope that he would receive good news and might not have to continue on to Honolulu. The answer he got would, it is stated, cause him to take the train westward and give up all idea of avoiding an immediate return to Honolulu.

HISTORIC OLD BUILDING WILL SOON BE DESTROYED IN ANY EVENT IT APPEARS.

"Nothing so far has been decided about the disposition of the land on which Honolulu Hale stands," said Superintendent Holloway this morning. "I do not think that it would be wise to put in a roadway as the postmaster suggests to put in a full roadway there but I am in favor of widening the present space Walkiki of the post office. I have received offers for lease or purchase of the present lot for building purposes but have not yet concluded any arrangements. The old building is not worth repairing under any circumstances."

## JAPAN AND EMIGRANTS TO HAWAII

A CORRESPONDENT OF THE HAWAII SHINPO WRITING FROM TOKIO SAYS THAT A GREAT DEAL OF CONSIDERATION IS BEING GIVEN TO THE SUBJECT BY THE NEW GOVERNMENT AND THAT EMIGRANTS TO HAWAII WILL BE BENEFITTED.

The Hawaii Shinpo publishes the following from a Tokio correspondent written under date of January 9:

The new Foreign Minister is Mr. Kamei Kato. He has been paying great attention to the emigrants in Hawaii. Therefore the Japanese in Hawaii are to be congratulated for his appointment to this portfolio. For the present, both the Vice-Minister, Mr. Chida and Mr. Ishii, the Chief of the Bureau of Commerce, will remain in office.

New Ambassador to America, Viscount Aoki, is rather unsympathetic with the emigrants. Should he pass Honolulu, it would be well for the representative men in Hawaii to meet him and to tell him all about the troubles in Hawaii.

Consul-General Saito, back from Hawaii by the last steamer, is now a very busy man in Foreign Office. I had the pleasure to meet him. There are, besides, several diplomats secretaries and consuls, back from their stations, and all seemed to be waiting for a new commission.

Emigrants' Dealers' Association lately formed in Osaka, and the Atago men, led by Hinata, Yamaguchi and Saito and the seceders from the Association, had been to meet in consultation on Jan. 5th, but it had been postponed till February 1st, for some reasons. The return of Consul-General Saito would have caused changes in their calculations, so the well-informed persons say.

I am informed that Mr. Saito is daily in consultation with the officials of the Foreign Department and that the result would not be unfavorable for the Hawaiian emigrants. The real wrongdoers are not Mr. Saito, but there are others behind him. Should Mr. Saito be assigned to other post, he would not rest until he shall have vindicated himself in his heart's content. At any rate, the Central Emigrants' Dealers' Association would stand in an unenviable situation in all things.

Men deported from Manila as destitutes are allowed to come ashore at Honolulu and remain—large number left transport Logan last week—stowaway also allowed to stop over at this place.

### DUMPING BUMS HERE FROM THE PHILIPPINES

A peculiar condition for which there does not appear to be any particular relief exists in Honolulu. This port is being made the dumping ground of a large percentage of the destitutes who are shipped out of the Philippines. Not only are the persons who are provided with transportation from the Philippines by reason of their depleted financial condition, permitted to come ashore here but stowaways who board the transport, either at Manila or Nagasaki, are given the same privilege.

A striking example of this condition has been furnished by the transport Logan which left this port last Saturday morning for San Francisco. The vessel remained in port from Friday morning until the following morning, not quite twenty-four hours, but the left as a legacy about three dozen men who had left the Philippines and Nagasaki as destitutes or stowaways. Exactly what the number is is hard to determine at this time. Three have been rounded up by the police and charged with vagrancy, but none of them will be prosecuted. One, an Englishman, was allowed to sign on the crew list of the ship Kenilworth and two others who are Americans, will be permitted to secure work on one of the sugar plantations. At least thirty more men who left the vessel are said by the police to be at large about the city. Some of them are looking for work, others are thought by the authorities to be not overanxious to secure employment.

According to the regulations of the transport service, all stowaways, homeward bound, are locked in the brig before a vessel arrives at any port. The idea is that the stowaways will be taken to San Francisco or in some instances be returned to the place where they boarded the vessel. The latter operation is the cause of much trouble to the transport officers. It was stated this morning by two of the men who were stowaways from the Logan that they were given permission by the immigration officials to land at this port as they satisfied the immigration people that they were American citizens. But in spite of the fact that men have this privilege, it is not likely that anybody would stop over at Honolulu from transport when eight days' work take them back to San Francisco. If the transport people did not wink at their stopping ashore, both of the men from the Logan who were in the police court this morning stated that they were told by one of the officers of the transport, a quartermaster, that there was excellent

### LEFT FORTUNE TO FOSTER SON

MRS. HANNAH WALL DIES LEAVING \$12,000 AND NO SURVIVING RELATIVES.

The will of the late Mrs. Hannah Wall, disposing of an estate worth \$12,000 was filed for probate today. The greater portion of the estate goes to Robert Waipa Parker, who was reared by Mrs. Wall and her late husband as a foster son. Mrs. Wall left no relatives. She named Cecil Brown as executor and he today filed the usual petition for probate of the will.

The home of the testatrix, at Green and Kapiolani streets, valued at \$4000, was left to a friend, Miss Frederika Nolte. The sum of \$2000 was left to N. Aimo and \$500 to Miss Nolte as trustee, to be devoted to the care of the graves of Mrs. Wall's son and husband. All the rest of \$5,000 worth of personal property goes to Parker, except \$200 for Kawaiahae church.

## DIED.

CRIDGE—At Marfield, Victoria, B. C., December 19, 1905, Mary, beloved wife of Bishop Edward Cridge, aged 78 years and 8 months.  
CARBONNIER—At the Catholic Mission, Honolulu, Hawaii, at 10 o'clock p. m., January 28, 1906, of old age, Aquille Carbonnier, the eldest Lay Brother of the Mission, aged 83 years, 2 months and 27 days.

For the past three years he had declined in health. Aquille Carbonnier was born on October 30, 1822. He entered the profession of the brotherhood on March 7, 1845, and was at once designated for service in the Hawaiian Islands. He arrived here, via Cape Horn on March 26, 1846, with Father Charles, who went to Hilo, and Father Modeste, who became a Provincial of the Mission. He served here nearly 60 years. Brother Aquille's headquarters were always in Honolulu, although he was sent to all the islands, or wherever there was a Roman Catholic church to be built or repaired, in his capacity as a carpenter.

At the time of Brother Aquille's arrival in Honolulu there was no Catholic Bishop. A bishop who had been sent out here from France, together with forty priests and laymen, never reached here, for the vessel was lost at sea and nothing was ever heard of them. Owing to lack of news concerning their non-arrival, the French home house of the Order of the Sacred Hearts did not send out another bishop for some time.

Brother Aquille was well versed in Hawaiian history. He did not speak English, but was fluent in the Hawaiian tongue. He outlived all his contemporary lay brothers and the priests who arrived here with him on about the same time. He never left the islands to visit his old home or his native country. The funeral will take place at 4 p. m. today from the Catholic Cathedral. A mass for the repose of his soul will be held at 7 a. m. tomorrow.

GOT NEAR THE REEF.

The British bark Dumfrieshire ran close to the reef off J. B. Castle's residence Saturday afternoon while bound for Eureka. An anchor was dropped and the vessel was held until the wind enabled her to get out of the dangerous position.

DOUBLED ON HER TRACK.

The French ship General Faidherbe got orders to go to New Caledonia after coming to this port from Hobart. She sailed on Sunday. The vessel was dangerously near the reef when she arrived off the harbor Friday. But for the prompt work of Captain Macauley, the pilot, she would have probably gotten aground.

PARDEE APPOINTS SLOSS. SAN FRANCISCO, Jan. 28.—Judge Louis Sloss has been appointed Associate Justice of the Supreme Court.

The appointment is to fill the vacancy on the Supreme Bench of California caused by the recent death of Justice Walter S. VanDyke of Los Angeles. There has been something of a struggle among California lawyers with political pulls for the place, the strongest candidates hitherto mentioned having been Superior Judge H. S. Melvin of Alameda County and Judge Sweeney of Tehama. In appointing Judge Sloss of the Superior Court of San Francisco, Governor Pardee has chosen one of the soundest lawyers on the California bench, and it may be has strengthened his own political position at the same time. Pardee is a candidate for reelection, and all the gossip of the vacant Supreme Court judgeship in California has had its political side.

A HEALTHY OLD AGE OFTEN THE BEST PART OF LIFE

Help for Women Passing Through Change of Life

Providence has allotted us each at least seventy years in which to fulfill our mission in life, and it is generally our own fault if we die prematurely.

Mrs. Mary Koehne

Nervous exhaustion invites disease. This statement is the positive truth.

When everything becomes a burden and you cannot walk a few blocks without excessive fatigue, and you break out into perspiration easily, and your face flushes, and you grow excited and shaky at the least provocation, and you cannot bear to be crossed in anything, you are in danger; your nerves have given out; you need building up at once! To build up woman's nervous system and during the period of change of life we know of no better medicine than Lydia E. Pinkham's Vegetable Compound. Here is an illustration. Mrs. Mary L. Koehne, 371 Garfield Avenue, Chicago, Ill., writes: "I have used Lydia E. Pinkham's Vegetable Compound for years in my family and it never disappoints; so when I felt that I was nearing the change of life I commenced treatment with it. I took in all about six bottles and it did me a great deal of good. It stopped my dizzy spells, pains in my back and the headaches with which I had suffered for months before taking the Compound. I feel that if it had not been for this great medicine for women that I should not have been alive to-day. It is splendid for women, old or young, and will surely cure all female disorders."

Mrs. Pinkham, of Lynn, Mass., invites all sick and ailing women to write her for advice. Her great experience is at their service, free of cost.

The "Stone Wall" That Never Was

The Advertiser is cutting some very queer antics in its discussions of the "one-man responsibility" proposition. Yesterday its Sunday writer took an entirely new tack by trying to prove that the one-man responsibility had never existed, though a week ago he defended it and only a short time before it was constantly referred to as so strongly established that those who opposed it were going against a "stone wall."

The Railways And The Canal

The many charges that the trans-continental railways were endeavoring in various ways to hinder the construction of the Panama Canal, took definite shape recently in the formal charge made by Secretary Taft and Chief Engineer Stevens that the Southern Pacific Company was responsible for the congestion of freight on the Panama railroad.

The Coconut Palm And Beauty

The suggestion has been made that in the talk and plans for beautifying, and making the city attractive, by means of tree planting, one of the most highly ornamental, and easily cultivatable of trees, the coconut palm, has been overlooked.

Yerkes And His Memory

At the time of the death of C. T. Yerkes, The Star in discussing his character and influence, spoke of him as being successful, but sinister in his influence. That view of his life and its results is shared in by a large number of mainland papers, for the subject has been widely discussed.

REFLECTIONS OF A BACHELOR.

(From the New York Press) You can do more to get a girl to listen to you by sending her a little bunch of flowers than you can by reading her all the sermons that ever were preached.—New York Press. It must be an awful lot of fun to be so rich you can grumble about how poor you are. The more faith a woman has in her husband the more she had better not try to test it. People can go to state's prison and get out for good behavior, but marriage is a sentence for life. A man in a novel never seems a real hero to a woman unless, just before he calls on the heroine, he stops to give a nickel to a street urchin. There seem to be two occasions when it is improper to mention the cost: At a funeral and when on a honeymoon. NOT REPORTED. A record-breaking slaughter of Maine deer is reported for this season. The mortality among the hunters and guides is not disclosed.—New York Tribune.

DON'T WANT ANY.

"If there is a beef trust, we don't know anything about it, but are quite willing to have it broken up," is in substance the answer of Albert S. Wilcox and George Wilcox, two of the defendants to file answer to the petition of District Attorney Breckons and Dunne. Their answer was filed this morning by Smith & Lewis and C. H. Olsen. It is the longest answer yet, and goes through the petition item by item, either denying the allegations altogether or denying that the Wilcoxes had any knowledge of the conditions alleged.

Both the respondents admit owning stock in the Metropolitan Meat Company, but they state that they have never voted that stock to aid any trust or combine. They do not know as to the other defendants, says the answer, but as far as they are concerned there is no trust agreement in existence. They admit being in the cattle business, but say that for five years past neither of them has disposed of any cattle or meat in Honolulu at all. It is admitted in the answer that the cost of beef raised in the islands is about six cents a pound, but as to high prices caused by a combination, the respondents say they had no knowledge of such a combination. Whether the other respondents had, the Wilcoxes do not know.

Finally George and Albert Wilcox, who are both Kauai men, say that if it is shown that there is any such combination or trust as is alleged in the complaint filed by the United States, they are quite willing that an injunction should issue to prevent its further operation.

# KUHIO'S BILLS IN CONGRESS

NINE MEASURES WHICH THE  
DELEGATE HAS INTRODUCED  
THIS SESSION.

Copies have been received at the governor's office of nine bills which have been introduced this session in Congress by Delegate Kalaniana'ole, to carry out recommendations in the governor's report and other propositions recently discussed. Some of them carry large appropriations.

Among the bills is one which provides that the "six thousand" or more Portuguese who have settled on Punchbowl lands shall be allowed at the expiration of their leases to secure titles to the land, at a fair market price. According to the terms of the bill the president is to appoint three commissioners to settle the value and the Portuguese are to be allowed reductions for the improvements on the lands.

A lighthouse bill appropriating \$180,000 for lighthouses at Honolulu, Hana, Molokini and the Leper Settlement, and \$150,000 for a steam vessel to act as tender among the various Pacific Islands is another bill of Kuhio's, carrying out recommendations previously made by the department of Commerce and Labor. There is also a bill to refund to Hawaii \$23,392.69, which the Territory has spent in maintaining lighthouses.

A bill to set aside \$150,000 or so much as may be necessary to acquire a site and build a federal office building in Hilo, is another one in the list. Bids are to be invited for a site if necessary and the Secretary of the Interior is to appoint three commissioners to make a choice. Another bill provides for the reservation of Block C, Hilo, for government purposes.

The other bills are to ratify sales of personal property belonging to the United States which the Territory has attempted to sell, such as the tug Eleur; to ratify naturalizations by the circuit courts of the territory and give the courts power to naturalize, and to refund \$111.70 wrongfully collected as customs duty from John Effinger.

# MORE SPRINGS BY A DAM SITE

WORKINGS UP NUUANU VALLEY  
DEVELOP WATER COURSES  
WHICH BOTHER THE WORKMEN

The discovery of a number of surface springs in the workings at the new Nuuanu reservoir have been giving the men there considerable trouble recently, but there seems to be no reason to believe that there will be any permanent difficulties to dispose of in the course of the work.

"The seepage is not greater than we had calculated that it would be," said Superintendent Holloway of the Public Works Department this morning, "but we have run across a number of surface springs which are a nuisance during the rainy season."

"We are making a number of borings along the line of the 500-foot wall, but this work has nothing to do with any of the springs found. At the time that the work was laid out we had no core drill and as a precautionary measure we are now finding the exact condition and nature of the strata below the dam site. The core wall itself is simply a watertight wall, it does not figure as a stiffening of the dam at all."

# M'KINLEY PARK WAS DISCUSSED

COUNTY MAY POSSIBLY BE GIVEN  
THE PROPERTY DEDICATED TO  
THE MARTYRED PRESIDENT.

Judge S. B. Dole presided at a meeting of the McKinley Memorial Committee held on Saturday afternoon at the office of C. M. Cooke. Those present beside were C. M. Cooke, J. A. McCandless, F. A. Schaefer, Rev. W. D. Westervelt and Secretary J. G. Rothwell.

The discussion over the best means of handling the property now held by the committee as a memorial park was along conversational lines. The suggestion that the property be re-sold to the Bishop estate could not be entertained and the idea of connecting the park with Kapiolani park by means of an ornamental boulevard was generally approved. It was decided that McCandless should be a committee of one to see County Attorney Douglitt as to the legal points involved and also to arrange for a meeting with the board of supervisors to discuss the up-keeping of the park should it be turned over to the county.

The next meeting will be held in a couple of weeks when Judge Dole returns from Hawaii.

# HEARD FROM IN HONOLULU

FRIENDS OF JACOB WALDORF IN  
WEST BERKELEY GET LETTERS  
FROM HIM MAILED HERE.

BERKELEY, January 16.—Jacob Waldorf, the West Berkeley candy man who deserted his wife and babies a month ago to run away with Ada Moore an Oakland girl employed at the Ramona Candy Factory, with which firm Waldorf was connected, was heard from today by friends of his in West Berkeley. Waldorf sent the letters from Honolulu, and inclosed small sums of money that he had borrowed before leaving Berkeley.

In his letters Waldorf abused his young wife and babies, whom he left without a cent of support. It is not known where Miss Moore is, but it is believed here that she is in a hospital in San Francisco. Her mother refuses to give any information as to her daughter's whereabouts and is defiant when she is questioned concerning the affair. The police of Berkeley hold a warrant for Waldorf's arrest on a charge of desertion.

### MANOA HEIGHTS CLUB.

At a preliminary meeting of the Manoa Heights Improvement Club the following committees were appointed: On Membership and Permanent Organization, W. B. Maling, Robert Miel, John Effinger; to attend general meeting of Clubs at Y. M. C. A. Hall this (Monday) night, Hon. W. J. Robinson, C. B. Reynolds, William Thompson, Prof. J. E. Higgins. Manoa Heights Club will include all of Manoa Valley except College Hills and the eastern upper portion, and residents of this tract are solicited to join.

W. B. Maling, at the office of the U. S. District Court, has the roll of membership. Among other improvements projected are good roads, more public lights, side-walks and curbing on Manoa Road, the re-naming of certain streets, shade trees, the extension of garbage removal by the government carts and many other things which will make Manoa the most beautiful valley in the island.

### SUPERVISORS' MEETING.

An important meeting of the Oahu Board of Supervisors will be held tomorrow evening when the Auditor's report for the past six months will be submitted and discussed.

The bark George Curtis was hauled over to the Railway wharf this morning to start loading sugar for San Francisco.

# HOW PUNCHBOWL WAS SETTLED

THRIFTY AND INDUSTRIOUS PORTUGUESE HAVE CAUSED A DESERT TO BECOME ONE OF THE GARDEN SPOTS OF HONOLULU—QUEEN KAPIOLANI LEASED THE LAND FROM THE GOVERNMENT MANY YEARS AGO AND THE LEASE EXPIRES IN 1912.

The news that Delegate Kuhio has introduced a measure in Congress to provide that the Portuguese settlers may be allowed to buy outright the lands on the slopes of Punchbowl under fair conditions, revives local interest in a subject which is very close to the hearts of a large and valuable section of the community.

The settlement of the slopes of Punchbowl by a population almost entirely of people of Portuguese birth or descent was begun by the father of Judge Perry about twenty-five years ago. Gradually the movement went on until now there are some four or five hundred families living there.

The land was leased from Queen Kapiolani and despite the fact that the thrifty Portuguese have caused a once barren slope to blossom into one of the most beautiful portions of the city the leaseholders have been quite unable to acquire any fee of the holdings they have improved.

Four years ago a Portuguese committee drew up a memorial reciting the

# THE COWBOY AND THE LADY

A PLAY IN WHICH NAT GOODWIN  
MADE A HIT TO BE GIVEN AT  
THE ORPHEUM.

"The Cowboy and the Lady" is almost a melodrama but not quite. It ranks as a comedy drama with more comedy than anything else. It depicts western life among the cowboys and miners and on the whole is a very interesting and refreshing play to witness. The piece will be played at the Orpheum to-night and will be followed next Thursday by "Tracked Around the World."

These two great plays in one week should make record-breaking business. Those who saw "The Black Hand" were more than delighted with it and are praising both the acting and stage settings.

"The Cowboy and the Lady" should please equally as well while "Tracked Around the World" is considered the melodrama sensation of the age.

Order seats early and be sure of good ones.

# DUMPING BUMS FROM PHILIPPINES

lent opportunity for work ashore and that they had better stop as the weather was cold in San Francisco and they might find themselves in worse condition for lack of work. All of the stowaways aboard the vessel appear to have been permitted to come ashore by the transport people to make their way as best they might.

While the destitutes and the hard-ups and the busted and the bums of Manila are allowed under the shelter of the law to come ashore at Honolulu and are urged to do so by people on some of the transports at least, the local police have to get busy to keep them out of the city on sailing craft or other means if the bunch fail to make good in securing work.

### MAILS TO THE MAINLAND.

There will be plenty of mail boats at frequent intervals this week. The S. S. Sierra is due on Wednesday with one week's later mail from the coast, having left San Francisco on time last week. On Friday the S. S. Siberia will arrive with two days later mail and on Sunday the S. S. America Maru will make port with two days later mail provided she sails from San Francisco today.

There will be two mails to San Francisco this week. The S. S. Sonoma will depart on Tuesday afternoon for San Francisco and on Thursday the S. S. Nippon Maru will depart. She is due Thursday afternoon from the Orient and will probably discharge her cargo in time to leave for San Francisco in the afternoon or evening.

### MUST PAY COSTS.

Becky Panee's Guardian Has to Pay For Stamps.

Judge De Bolt this morning gave a decision in the matter of the Becky Panee estate, as follows:

"The question submitted is, whether the ward or her former guardian should pay the notary fees, for stamps and for recording instruments transferring the ward's property to her? In my opinion the property was acquired by the guardian in excess of his power or legal duty as such; and that, therefore, it follows necessarily that all expense incident thereto, such as is involved in the question submitted, should be paid by him. So ordered."

"J. T. DE BOLT, First Judge."

# ROBINSON IS RE-NOMINATED

(Continued from page one.)

ing any action other than that of approving the nomination of the President.

The incident attending the trouble will always be remembered as a painful one in the history of the Hawaiian bench and bar for it served to bring the bar and bench too, in direct and open hostility to the Executive, hostility too in which the members of the legal profession were backed by the entire community and by every newspaper but one.

Judge Robinson's term expired a week ago. With full knowledge that his office was expiring, he had received the endorsement of the Bar Association unanimously. The Governor sent his approval of Judge Robinson's re-appointment to Washington, though he did it reluctantly.

Intense surprise was occasioned a few days later by the Governor's announcement that he had cabled to Washington withdrawing his endorsement of Judge Robinson, alleging that the judge had been guilty of conduct which had resulted in a loss of dignity to his court. An investigation showed that this alleged misconduct consisted in the judge's allowing some prominent attorneys to partake of stimulants in his chambers. The facts were that a case had gone to the jury on New Year's eve. It had been on trial many days and in order to get through the jury decided to sit on it all night. The case was absolutely out of the hands of judge and counsel and there was nothing for them to do but wait up all night for the verdict. This they did and it was while waiting that one of the attorneys brought in a bottle of the contents of which some of those present drank sparingly.

Reckless statements were attributed to the Governor as to the affair, statements which were at once refuted. He sent on the name of his former choice nevertheless for the appointment. Instantly there was aroused a storm of indignation. Apart from general condemnation, the Bar Association again acted unanimously. Different societies took the matter up as did Bishop Libbert, and Washington was bombarded with urgings for Robinson's re-appointment.

### LILUOKALANI WITHDRAWS.

# THE IMPROVEMENT MEETING

The program for the City Improvement meeting to be held this evening at 8 o'clock at the Y. M. C. A. hall, has been arranged, as follows:

The meeting is held under the auspices of the Hawaii Promotion Committee, and will be presided over by J. A. McCandless, president of that organization.

E. I. Spalding will speak first on the general subject of the improvement of Honolulu. President A. F. Griffiths of Oahu College will then tell what the local improvement clubs stand for and what relation the Honolulu Improvement Committee bears to them.

Following this will come five minute speeches on various phases of the question by Judge S. B. Dole, Rt. Rev. Libbert H. Eoynema, Messrs. W. R. Farrington, C. L. Rhodes, John Lucas, L. E. Plinkham, Attorney General E. C. Peters, David Ai and Ho Fan.

A roll call of the local clubs will be answered by representatives from each one. The list up to date is as follows:

- Waialae, Kaimuki and Palolo.
- Kalihi.
- Punahou-Makiki.
- Prospect Heights.
- Alexander Street.
- Panama.
- Emma Street.
- Kalakaua Avenue.
- Waikiki-Kalihi.
- Manoa Heights.

The object of the meeting is distinctly practical and from the interchange of ideas should be of much value to all those who have already started or who are proposing to organize new clubs. A very cordial invitation is extended to all the men and women in Honolulu who desire to see the town made a better place to live in.

### THE PHELPS SAILS TOMORROW.

Makino voluntarily resigned as the business of his drug store kept him so busy he stated, that he was unable to give personal attention to the post office work.

The office will be moved to the Komeya hotel at the corner River and Paunahi streets.

## COL. HEPBURN'S R. R. RATE BILL

FEATURES OF THE MUCH TALKED OF MEASURE INTRODUCED IN CONGRESS BY HEPBURN.

Chairman Hepburn of the House committee on interstate and foreign commerce on January 4 introduced his long-expected railway rate bill. It is a document of twenty-four printed pages amending the interstate commerce act in many sections. Among the features of the bill are the following provisions:

TO WHOM THE BILL APPLIES.  
"That the provisions of this act shall apply to any common carrier or carriers engaged in the transportation of passengers or property wholly by railroad, or partly by water when both are used by a continuous carriage or shipment, from one state or territory of the United States, or the District of Columbia, to any other state or territory of the United States or the District of Columbia, or from any place in the United States through a foreign country to any other place in the United States and also to the transportation in like manner of property shipped from any place in the United States to a foreign country and carried from such place to a port of transshipment, or shipped to a foreign country from any place in the United States and carried to such place from a port of entry either in the United States or an adjacent foreign country.

"Provided, however, that the provisions of this act shall not apply to the transportation of passengers or property, or to the receiving, delivering, storage or handling of property wholly within one state and not shipped to or from a foreign country from or to any state or territory as aforesaid.  
"The term 'railroad' as used in this act shall include all bridges and ferries used or operated in connection with any railroad, and also all the road in use by any corporation operating a rail road, whether owned or operated under a contract, agreement or lease; and the term 'transportation' shall include cars and other vehicles and all instrumentalities and facilities of shipment or carriage, irrespective of ownership or of any contract, express or implied, for the use thereof and all services in connection with the receipt, delivery, elevation and transfer in transit, ventilation, refrigeration or icing, storage and handling of property transported; and it shall be the duty of every carrier subject to the provisions of this act to provide and furnish such transportation upon reasonable request therefor, and to establish through routes and just and reasonable rates applicable thereto.

"All charges made for any service rendered or to be rendered in the transportation of passengers or property as aforesaid, or in connection therewith, shall be subject to the provisions of this act and shall be just and reasonable; and every unjust and unreasonable charge for such service or any part thereof is prohibited and declared to be unlawful."  
DUTY OF THE COMMISSION.  
The commission is authorized and empowered and it shall be its duty, whenever, after full hearing upon a complaint made as provided in section thirteen of this act, it shall be of the opinion that any existing rate or rates, charge of charges whatsoever, demanded, charged or collected by any common carrier or carriers subject to the provisions of this act, for the transportation of persons or property or defined in the first section of this act, or that any regulations or practices whatsoever of such carrier or carriers affecting such rates, are unjust or unreasonable, or unjustly discriminatory, or unduly preferential or prejudicial in violation of any of the provisions of this act to determine and prescribe what will in its judgment be the just and reasonable and fairly remunerative maximum rate or rates, charge or charges, to be thereafter observed in such case; and what regulation or practice in respect to such transportation is just, fair and reasonable to be thereafter followed, and to make an order that the carrier shall cease and desist from such violation and shall not thereafter publish, demand or collect any rate for such transportation in excess of the maximum so prescribed and shall conform to the regulation or practice so prescribed. Such order shall go into effect thirty days after notice to the carrier and shall remain in force and be observed by the carrier, unless the same shall be suspended or modified or set aside by the commission or suspended or set aside by a court of competent jurisdiction. Whenever the carrier or carriers, in obedience to such order of the commission, shall publish and file joint rates, fares, or charges, and fail to agree among themselves upon the apportionment or division thereof within twenty days after such order of the commission is made, the commission may make a supplementary order prescribing the portion of such joint rate to be received by each carrier party thereto, which order shall take effect as a part of the original order.

MAY ESTABLISH MAXIMUM RATES  
"The commission may also, after full hearing of a complaint establish, through routes and maximum joint rates as hereinafore provided, and the terms and conditions under which such through routes shall be operated, when that may be necessary to give effect to any provision of this act, and the carriers complained of have refused or neglected to voluntarily establish such through routes and joint rates, provided no through route exists.

"Any carrier, or officer, representative, or agent of a carrier or any receiver, trustee, lessee, or agent of either of them, who knowingly fails or neglects to obey any order made under the provisions of section fifteen of this act, shall forfeit to the United States the sum of five thousand dollars for each offense. Every distinct violation

shall be a separate offense, and in case of a continuing violation each day shall be deemed a separate offense.  
MAY APPLY TO CIRCUIT COURT.  
"If any carrier fails or neglects to obey any order of the commission, other than for the payment of money, while the same is in effect, any party injured thereby, or the commission in its own name may apply to the circuit court in the district where such carrier has its principal office, or in which the violation or disobedience of such order shall happen, for an enforcement of such order. Such application shall be by petition, which shall state the substance of the order and the respect in which the carrier has failed of obedience, and shall be served upon the carrier in such manner as the court may direct and the court shall prosecute such inquiries and make such investigations, through such means as it shall deem useful in the ascertainment of the facts at issue or which may arise upon the hearing of such petition.

"If, upon such hearing as the court may determine to be necessary, it appears that the order was lawful and was made and duly served, and that the carrier is in disobedience of the same, the court shall enforce obedience to such order by a writ of injunction, or otherwise, to restrain such carrier, its officers, agents or representatives, from further disobedience of such order, or to enforce upon it, or them, obedience to the same; and in the enforcement of such process the court shall have those powers ordinarily exercised by it in compelling obedience to its writs of injunction and mandamus.  
AN APPEAL TO SUPREME COURT.  
"From any action upon such petition an appeal shall lie by either party to the Supreme Court of the United States but such appeal shall not vacate or suspend the order appealed from.

"The venue of suits brought in any of the circuit courts of the United States is enjoin, set aside, annul or suspend any order or requirement of the commission shall be in the district where the carrier against whom such order or requirement may have been made has its principal office. The provisions of an act to expedite the hearing and determination of suits in equity, and so forth, approved Feb. 11, 1903, shall be, and are hereby, made applicable to all such suits, and are also made applicable to any proceeding in equity to enforce any order of requirement of the commission or any of the provisions of the act to regulate commerce approved February 4, 1887, and all acts amendatory thereof or supplemental thereto."

shall be a separate offense, and in case of a continuing violation each day shall be deemed a separate offense.  
MAY APPLY TO CIRCUIT COURT.  
"If any carrier fails or neglects to obey any order of the commission, other than for the payment of money, while the same is in effect, any party injured thereby, or the commission in its own name may apply to the circuit court in the district where such carrier has its principal office, or in which the violation or disobedience of such order shall happen, for an enforcement of such order. Such application shall be by petition, which shall state the substance of the order and the respect in which the carrier has failed of obedience, and shall be served upon the carrier in such manner as the court may direct and the court shall prosecute such inquiries and make such investigations, through such means as it shall deem useful in the ascertainment of the facts at issue or which may arise upon the hearing of such petition.

## MRS. ATCHERLEY SPEAKS

Honolulu, North Kona, Jan. 24, 1906.  
EDITOR HAWAIIAN STAR:—I see your paper of January 18th has printed the "Absurd Lie" that I had anything to do with the removal of the Government physician, Dr. E. S. Goodhue.

Kindly allow me to flatly contradict this and to add that as some excuse for Dr. Goodhue, I was at that time circulating a petition for the appointment of a Portuguese policeman for this district (John Rapoza Costa).  
By the way, what a beneficent condition of things has Dr. Goodhue brought about for his brother district physicians. According to the rules of the Board of Health, the government physicians have certain duties to perform and certain tasks to fulfill, but now after the charming precedent recently established by President Pinkham, the hardest labor they need perform is the drawing of their pay. For if any complaints are made, however wide and bitter they may be, the government physician has only to contradict them and the president will say: "I believe you." Those who complain is the widespread class of cheerful liars. They only complain simply to annoy you, and take all the trouble to promote petitions just to amuse themselves, and Dr. Wayson, having "been up against it" so often will support the president, and his support would be the more powerful as the only member of the Board who ever opens his mouth, though it be, but in support of President Pinkham. One might wonder what would happen did a member dare to differ from the president. Their unanimity in the Board of Health is wonderful! Hawaii truly reaps the advantages of "One Man Rule" in the Territory, Board of Health and Districts.

As an end I will remark that The Star has certainly shown none of the vulgar eagerness to pronounce judgement in a case in which, after all, has only heard one side, and this is a piece of moderation for which I am grateful. I am Sir, respectfully yours,  
MARY H. ATCHERLEY.

## APPROPRIATIONS FOR LEGISLATURE

### CARTER'S VIEWS REGARDING EXPENDITURES OF LAWMAKERS AND EXTRA SESSIONS.

The following correspondence regarding Hawaii appropriations was received at the governor's office on Saturday:

Treasury Department,  
Office of the Secretary,  
Washington, Jan. 3, 1906.

Sir: I have the honor to transmit herewith for the consideration of Congress copy of a communication from the Governor of the Territory of Hawaii, of December 19, 1905, submitting a supplemental estimate of appropriation for the payment by the United States of the expenses of the legislative assembly of the Territory of Hawaii during the fiscal year ending June 30, 1907, \$30,000.

Respectfully,  
L. M. SHAW,  
Secretary

The Speaker of the House of Representatives.

Executive Chamber,  
Honolulu, Hawaii, Dec. 19, 1905.

Dear Sir: Inclosed I hand you supplemental estimates as follows:

Legislative expenses, Territory of Hawaii, 1907: For legislative expenses, namely: Furniture, light, stationery, record casings and files, printing and binding, indexing records, postage, ice, water, clerk hire, mileage of members, incidentals, pay of chaplain, clerk, sergeant-at-arms, stenographers and messengers thirty thousand dollars: Provided, That the members of the Legislature of the Territory of Hawaii shall not draw their compensation of two hundred dollars for any extra session held in compliance with section fifty-four of an act to provide a government for the Territory of Hawaii, approved April 30, A. D. 1900.

There is omitted from the foregoing the compensation of members provided in the "organic act," with the idea that this should be met from local funds. This amounts to \$18,000 for any regular session and \$9000 for any extra session.

If this payment for the extra session be allowed, it is but natural for every legislative assembly to conclude that it cannot complete the business satisfactorily in sixty days and must resort to an extra session. This has been the universal rule since annexation. Therefore if this appropriation is made with a proviso that the members of the legislative assembly shall not draw their compensation of \$200 each for any extra session the assembly might deem necessary to hold, the necessity for most extra session would in all probability disappear. Very sincerely yours,

G. R. CARTER,  
Governor.

HON. LESLIE M. SHAW,  
Secretary of the Treasury,  
Washington, D. C.

The correspondence was referred to the House Committee on Appropriations.

**TOOK AN AX TO HER HUBBY**

**NATIVE WOMAN TOOK DRASTIC MEASURES WITH HER HUSBAND—SHE SOAKED HIM.**

Milama adopted drastic measures to indicate her love to her husband at least so the charge that was made against her in the police court today would indicate. In fact her husband whose name is Makanna, might well repeat those lines of a once familiar air "I minded not her telling me her love, but why did she throw me down stairs." The only difference is that the wife of his bosom took an ax to her husband.

It appears that Milama and her husband lived in Kewalo. He developed a "grouch" or in more polite English, got a grievance against her last night and "fired" her out of the house. Then he went to bed to sleep. Some time about midnight the wife, her bare feet wet with the dew, her bones stiff with cold, stole softly into the house. Her husband was lying fast asleep upon his back with his arms across his neck. The rejected wife is said to have brought the ax down upon his neck but as the hands were in the way and not the neck they were cut. The right wrist was cut as were the fingers of the man's left hand. The blow awoke him and his howls awoke the neighbors. He was sent to the Queen's Hospital and the woman to jail. His wounds were dressed and he was able to leave the hospital for home.

**HELENE BROUGHT MUCH LUMBER**

**SCHOONER ALSO HAD GENERAL CARGO THIS MORNING FROM SAN FRANCISCO.**

The schooner Helene with Captain Thompson in command, arrived this morning after a slow and uneventful passage from San Francisco. She took 24 days in which to make the passage. The vessel sailed the same day with the barkentine Irmgard and was 11 days in company with that craft. The Irmgard stood to the southward on the eleventh day and the Helene got a good slant of wind that took her out of sight of the other craft.

The Helene has about 1,500 tons of cargo aboard for Honolulu. She has a load of 500,000 feet of lumber. She struck two southwest gales, but she was delayed by head winds and calms. A bark thought to be the Amy Turner was sighted January 19 bound for Hilo. The Helene is to load a return cargo of sugar for San Francisco.

Chua is said by the police to be the man who hands the returns into the che fa bank. The complete returns are said to have been delivered to him and he was on his way to the bank to turn them in when Parker nabbed him. While Crawford the Chinese interpreter, figured out the amounts on the returns and found that they totalled \$846.40.

**SAFE HARBOR FOR KAHULUI**

**CONTRACTS LET FOR THE CONSTRUCTION OF A BIG BREAKWATER AT THE MAUI PORT.**

For the past two years engineers have been figuring on the construction of a breakwater at Kahului and there now seems to be an immediate prospect of something being done as preliminary plans have been prepared and Alexander and Baldwin, on behalf of the Kahului Railroad company, are prepared to go ahead with the work, a contract having been signed with the Hawaiian Dredging Company. The breakwater will be built from the Pua side of the oil tanks to the American Girl rock, a distance of 2100 feet. It will be 250 feet wide at the bottom and 100 at the top. It will rise eight feet above high water. The construction will afford a safe shelter in all weathers and the harbor will be dredged out to a depth of 32

REFUSED TO TAKE THE TUG.

Captain Olson made a long trip with the Fearless to the French ship Champigny lying becalmed between Diamond Head and Koko Head this morning. The French captain refused to pay the price demanded by the tug boat captain. Olson put his vessel about and returned to Honolulu. Shortly after the tug departed, the Frenchman hoisted signals to Diamond Head Charlie to have the tug recalled but as there was other work about the harbor today Olson will probably not be able to go out after the French boat.

DEMURRER ARGUED.

The demurrer in the suit of the Hawaiian Carriage Company vs. The Schuman Carriage Company, a bill for an accounting, was before Judge De Bolt this morning. Judge Humphreys, for defendants, asked that the name of S. B. Kingsbury be entered as associated with him for the defense, and Kingsbury presented and argued the demurrer. The matter was postponed for further argument tomorrow morning.

**BANG!**

That's the ever-recurring sound on a windy day. Every door goes shut with a rush. They catch the childrens' fingers, waken the baby and almost send the women folks into nervous prostration. It strains the door and the fittings, too, and woe betide the glass.

Put a BLOUNT CHECK on the door and do away with that annoying nerve-racking sound. The Check closes it in a quiet, well-bred manner with never a slip or a jar.

Good for office or store, church or school, as well as for the home.
