IN EXTRA SESSION.

The Second Legislature for the Con-  
sideration of Appropriation Bills.

THE HOUSE—FORTY-EIGHTH DAY.  
(AFTERNOON SESSION)

Upon order being called on re-  
assembling, Paele moved to amend  
"2 Cantoneers, \$360" by increasing  
to "4 Cantoneers, \$720." He said  
that two men cannot attend to the  
work properly. For the past four  
years, he has not noticed much im-  
provement.

Harris seconded the motion, but  
soon withdrew it thinking it was  
for the cantoneers from Schaefer's  
to Nuuanu Pali, when he was told it  
was for Road over Nuuanu Pali.  
Lewis said that they had cantoneers  
in Hilo, but they are paid out of  
road funds. Harris said that Hon-  
olulu was treated differently and  
then seconded the motion, saying  
that the Government will save  
money by keeping that road in  
good repair, a road much used and  
which is also a good drive.

Paele again repeated his former  
assertion, and added that about two  
weeks ago he had gone over the  
road and it was not in very good con-  
dition. Another cause of much  
damage to the road is rain and it  
takes several men to repair the  
damage made. Gandall supported  
the item as in the bill, and was sup-  
ported by Greenwell. The amend-  
ment was then put and carried.

Fernandez moved to strike out  
the item of "salary of Deputy  
Sheriff, Waianae, \$300," saying that  
it was not a judicial district under  
the law, and quoting the law upon  
the subject, strongly urged that it  
be done away with. Kupihea  
asked to have the same deferred and  
in the meantime ask the Chief Jus-  
tice about the recommendation for  
the salary. The place has a judge  
and why not a deputy sheriff. Ka-  
lama said that if this was struck  
out, then the salary of the deputy  
sheriff at Ewa should be increased.  
After further talk, the mover still  
holding his position, the motion was  
put and carried.

Keliinui moved to insert "salary  
of Immigration and Advertising  
Agent, \$900" after line 19, but on  
being found to be under the Secre-  
tary of the Territory, Kalama moved  
to place under the Treasurer.  
The latter motion failed and the  
former prevailed.

Wright moved to raise "salary of  
Japanese Interpreter and Transla-  
tor" from \$450 to \$900. Keliinui  
moved \$125, the same as the Chi-  
nese Interpreter. Pretty much the  
former opposition came on again,  
but not as strong, some giving way  
to the needs of the Courts, and the  
latter motion carried.

Adjournment was taken at 3  
o'clock.

Baseball Today.

There will be some red hot base-  
ball on the new grounds this after-  
noon. In the first game, beginning  
at 1:30, the Mailes and Kameha-  
meles are having a go. The latter  
were the favorites as to results  
prior to the game. The second  
game, at 3:30, will be between the  
Elks and Punahou with odds on  
the former although there may be  
surprises.

## COOPER'S RESIGNATION.

The resolution of the House requesting Superintendent Cooper to withdraw his resignation was not intended nor can it be accepted as an endorsement of the Superintendent as the best man for the place. On the contrary there are pronounced objections to Mr Cooper, judging from the talk of the past and remarks that are still in the air.

The situation was one in which Cooper was the most desirable material in sight. He had the run of the office, and the fact that he had planned most of the improvements provided for in the loan and current accounts bills, made him, from a business standpoint, a more desirable man than either of the new candidates, with the possible exception of Eben Low. The House, it is said, appreciated this fact all along but held off, with some degree of hope, to see if a more desirable application might not be received.

The case is one of a number of the same kind that have stamped the career of Mr Cooper with a remarkable imprint. He seems to be on the spot and able to maintain his position at the head of the line when public favors are to be given out. In this instance, however, he was the ablest man in line and business demanded the best to be had. The House, in taking the course of yesterday, did the only sensible, business thing left to it.

We hope Mr Cooper will withdraw his resignation and then get a move on. There is an immense amount of work ahead. In fact, it is hardly possible that any previous incumbent in the office has had greater responsibilities or more difficult problems before him. Will Mr Cooper be equal to the occasion? He is aggressive, and with his grasp of the situation, he should be well able to meet the emergency. Time will tell.

## TOPICS OF THE DAY.

We don't opine that Roosevelt will capture the Hawaiian vote in the Republican convention by making "goo-goo" eyes at E P Dole, "Cousin" Sandy and George R Carter.

The "Prince George of Bavaria" who recently passed through Honolulu is an American doctor from an eastern city. His "title" was borrowed for him by jasting friends, and the San Francisco papers bit at the canard.

A story in the June number of "Young's Magazine," entitled "Kalaui" written by H W Kinney, a reporter of the Bulletin, is immensely true to theory and current gossip. The story is well written and makes interesting reading.

The Advertiser says that there is a loud call for Hankey to come and help, and all expenses paid. What, again? Mr Hankey was not very successful in his last attempt to help the Advertiser's crew (that expedition to Washington), with "all expenses paid."

We wouldn't mind seeing the Elks lick the stuffing out of the Punahou this afternoon as just punishment to the latter for unfairly insisting upon playing on Memorial Day, when the Elks team, through no fault of its own, was so badly crippled that it could not play. The Punahou took the mean advantage at that time of declaring the game forfeited and appropriating it.

That electric cars on Fort street would enhance the value of property and prove an impetus to trade there is easily probable. That they would be an obstruction to traffic and danger to pedestrians, if allowed to run at the present high rate of speed, is equally certain. Could an understanding be had whereby cars between Beretania and Queen streets would be run slowly, with frequent stops at the large trade centers, we would vote "aye."

At a banquet in Dublin on May 21, Vice-Admiral Lord Charles Bessford made a speech in which he said he thought that the growing sympathy between their great nation and the sister English speaking nation over the Atlantic should be extended by all means in their power, and if they could get together—the word "alliance" was not a word that commended itself to the sentiments of either great nation—if they could get together for the support of their mutual trade and interests, and cemented that growing sympathy between them, he believed honestly they might reduce some of their armaments and devote some of their money to the welfare of their people and the furtherance of trade and commerce, because with these two great English speaking nations together it would be absurd for the whole of the other nations of Europe to combine against them.

And with President Roosevelt dining and winning Sir Thomas Lipton it would seem that the thing has about been accomplished.

A prominent Chinese rice planter and merchant (Wong Leong) was Thursday evening, refused permission to board the steamer Korea while in port and alongside of Naval Wharf 1, before her departure, who wanted to bid his son good bye who was a passenger by her for China.

The Chinese gentleman, a leading Bow Wong, married to an estimable part Hawaiian lady, had a permit from both the Custom House and the agents of the steamer, so it is understood, but the Customs guard at the foot of the gangway on the wharf overlooked such permission, and the father lost the opportunity of bidding his son good bye. A noise was soon raised by other Chinese present, but the Hawaiian women (wife and daughter of the gentleman) were loudest in denunciation of such unfair treatment. The standing of the older Chinese, particularly those who have connected themselves with Hawaiian families and associations, has long ago been established by practice and more recently by United States law. The act of an understrapper of the Custom house in withholding the privileges and courtesies of this kind from a citizen and his Hawaiian relatives calls for pronounced censure, and is a matter that the Collector of Customs should promptly look into and fully explain.

## Dr. Williams' Pink Pills for Pale People

These pills are a specific in cases of Rheumatism, Locomotor Ataxia, Paralysis, and other diseases of the blood and nerves, because they supply the necessary elements to build up the blood and strengthen the nerves. It is in this way that the pills effect so many cures in diseases of apparently widely different character.

Frank Long, who lives near Lenon, Mich., says: "I was first taken with a pain in my back. The physician pronounced my case muscular rheumatism, accompanied by lumbago. My disease gradually became worse until I thought death would be welcome release. I was finally induced to try Dr. Williams' Pink Pills for Pale People. Before the first box was used I could get about the house, and after using five boxes was entirely cured. Since that time I have felt no return of the rheumatic pains. Am confident that Dr. Williams' Pink Pills saved my life."

Sworn to before me at Venice, Mich., this 15th day of April, 1898.  
G. B. GOLDSMITH, Justice of the Peace.

Edwin R. Tripp, Postmaster of Middlefield Centre, N.Y., said: "I was attacked by what I learned was locomotor ataxia. Two skillful doctors did everything they could for me. I became worse, could not move even about the room. I did not expect to live very long. The turning point was a newspaper article. It told how a man, who had suffered as I had been cured by Dr. Williams' Pink Pills for Pale People. I took two boxes of the pills; then four more boxes. My gain was steady; my return to health was a source of daily gratification. In all I took eighteen boxes of the pills before I was entirely well. I owe my cure entirely to Dr. Williams' Pink Pills for Pale People."

Subscribed and sworn to before me, HOMER HANNA, Notary Public.  
The full name is on each package. Sold by all druggists, or sent postpaid by Dr. Williams Medicine Co., Schenectady, N.Y. Price 50c. per box; 6 boxes, \$2.50.

**IN EXTRA SESSION.**

The Second Legislature for the Consideration of Appropriation Bills.

**THE HOUSE—FORTY-NINTH DAY.**

Regular routine business being disposed of as usual, a communication from the Senate was read, returning House Bill 6 with amendments.

Harris moved to concur in Senate amendments to the first [Supplementary Unpaid Bills] and was concurred in by a vote of 23 ayes to 1 no [Lewis].

Harris again moved to concur in Senate amendments to the second [Loan Bill] and Fernandez not to concur. Paele moved to consider each amendment item by item, as some of the amendments the House could concur in and some not. Fernandez said it is for the House to concur or not in the amendments made.

Kumalae said he believed in not concurring. He questioned why the Senate struck out all reference to County and Harris answered him that County Government was not yet in existence and the amendment is made to conform to our present situation, for when we seek to raise the money on this proposed loan, there will be nothing in the way to prevent our raising it. A question might be raised by money lenders in New York, for instance, and elsewhere. Kumalae further said that the Senate was not sincere as to County Government and they are doing this purposely in order to defeat the wishes of the people. Why did they amend the proposed County building for Wailuku to Government building? What difference will there be, as we are soon to have County Government. This seems to be a trick of the Senate. An opinion should be asked of the Attorney General on this matter and he therefore moved to defer consideration.

Harris said that we are splitting hairs on this matter. County Government is not yet established and there's no need of endangering the measure, as the Territory will have to pay the interest, and not the Counties. Paele supported Kumalae's motion and said that they came here to work for County Government.

Fernandez asked Harris where will the Territory get its money from, and Harris answered—from all the people in the Territory, to which Fernandez retorted—from the people of the Counties, and further said that when constitutional Government was first established here, they had no such buildings as we have now, but used grass huts. We of East Hawaii have a building in Hilo good enough, and we can wait till we have County Government.

Aylett saw that the day was coming when the lie will be thrown up to the Republicans. He was told that Republicans were not sincere and he said that they will work to gain it. But now he sees that there is a doubt and would support the motion to ask the Attorney General.

Harris asked to withdraw his motion and Fernandez did the same. But Harris said that if Fernandez withdrew his motion, he would not withdraw his, thereupon Fernandez consented to let his motion stand.

Pulaa said that if no County, no Loan Act. It is not right that the Senate should defeat the wishes of this House for County Government, unless it be that a Dickey bird had whispered to them to strike out all reference in the bill to Counties and then we'll get the loan, and for the Senate to whisper the same to this House. What will Greenwell do when he returns, his constituents will point at him and call him as one of those liars. If County Government is finally defeated, the responsibility cannot rest with the House, but with the Senate who had made use of a white rooster and saw root.

Kalama moved the previous question carried. And the motion to

not concur was put and carried by a vote of 17 ayes and 9 noes.

Vida moved to appoint a conference committee and Kumalae to defer to Monday. A discussion here arose on points of order and was finally disposed of by the whole matter being deferred to Monday.

On motion of Kalama, the Order of the Day was taken up. And on suspension of the rules, Kupihea from Public Lands, reported on petition from landowners and tenants on Richards street, recommending the reference of the same to the Superintendent of Public Works to take such action as may be deemed proper. A motion to table was lost, and then the report was adopted.

The order of the Day was the unfinished business, the consideration of Senate Bill 2. Kumalae immediately moved to amend the salary of the two lady vocalists under the band to pass as in the original at \$300 each. Carried.

Salary of Deputy Sheriff of Hana was raised from \$450 to \$500.

Salary of Attorney General was raised \$1800 to \$2250

Adjournment taken at noon.

**Kinau Arrives.**
