

TERRITORY TAKES HOLD OF PROSECUTIONS

ATTORNEY GENERAL'S DEPARTMENT UNDER PETERS HOLDS THAT IT IS TO PROSECUTE IN THE CIRCUIT COURTS AND RELIEVES THE COUNTY ATTORNEYS OF THE WORK OF PROSECUTING CASES EXCEPT IN DISTRICT COURTS.

By an agreement between the Attorney General's Department and the County Attorney of Oahu, in which it is presumed the Counties will all concur, the Attorney General's Department of the Territory will resume charge of the Circuit Court prosecutions from now on, relieving the County attorneys. This has been brought about by a discussion which has been going on for several days between County Attorney Douthitt and Acting Attorney General Peters.

handle cases from the start or that the Territorial department handle them from start to finish. Peters, on the other hand, declined to surrender his department's authority or disregard its duty to look after criminal prosecutions, holding that his department was responsible, under the Supreme Court ruling which sustained the County Act largely on the ground that the County attorney acted as deputies of the Territorial Attorney General.

Sold Liquor Not His Own

LIQUOR SELLING CASE FALLS FLAT IN THE CIRCUIT COURT ON A NEW SORT OF DEFENSE.

Frank Fisher, charged with conducting a disorderly lodging house and selling liquor to women, was found not guilty by the jury in Judge Robinson's court this morning. The jurors were out only a few minutes. The defense sprung a proposition that the liquor which was furnished to the women, according to the prosecution's testimony, was owned by another party.

ing out the objects sought by establishing an Arbor Day, and asking as many residents of the three districts included in the scope of the club, as can, to prepare for tree planting on that day, in accordance with the tree planting scheme adopted by the club some time ago. The Board of Education will be asked to take cognizance of the occasion and to permit pupils from the schools to take part in the exercises.

BALZACIAN CASE CONTINUED. The case of incest against Scharsch, charged with marrying his own sister, was continued today by Judge Whitney for a week. The defendant is alleged to have married a woman who is his sister. The pair did not know of the blood relationship existing between them until after they were arrested. She has had a child of which Scharsch is the father.

MAY REITERATES HIS INTERVIEWS GIVEN IN THE STAR

HE COMPLETELY DISCREDITS THE ADVERTISER'S EFFORT TO MAKE CAPITAL AGAINST SHERIFF BROWN OUT OF THE ROBBERY THAT OCCURRED AT HIS PLACE SOME TIME AGO, OR THE GAMBLING GOING ON UNDER HIGH SHERIFF HENRY.

EDITOR STAR: The statement in the Advertiser of this morning that the Star had printed a garbled interview with me, and that I denied its accuracy, is absolutely untrue. I have read over the interviews as published by the Star and declare them to be fair and correct versions of what I told your reporter.

The devious course being steered by the Advertiser in connection with its attacks on the police department and its fake discoveries of protection for open gambling were never better exemplified than by its utterances this morning. Driven to bay its resource is, as may be expected, deliberate and calculated misstatement.

Witness this paragraph, which appeared in the delectable sheet: "The Star of yesterday prints a garbled interview with Mr. May which that gentleman absolutely denies. He expressed himself as being not only satisfied with the Advertiser's story, except on a minor point, but extremely grateful."

"What do you think of that for a statement?" May was asked this morning. "It's not true," he answered with considerable heat "I never said that the interviews with me as published by the Star were garbled. On the contrary they were correct."

DIVER HERB YOUNG NEARLY MET DEATH

AIR WAS SHUT OFF WHILE HE WAS BELOW AT SAN PEDRO LAST MONTH.

Herb Young the diver nearly met death at San Pedro last month. News of his narrow escape was received by his brothers in a letter which came on the S. S. Manchuria this week. Young was engaged in some diving operations at San Pedro which is in

again with his wife and then returned with the following statement: EDITOR STAR: The statement in the Advertiser of this morning that the Star had printed a garbled interview with me, and that I denied its accuracy, is absolutely untrue. I have read over the interviews as published by the Star and declare them to be fair and correct versions of what I told your reporter.

Furthermore the Star said yesterday that May had prepared a letter demanding a retraction by the Advertiser adding that "whether that paper will in simple justice publish the letter or not, remains to be seen."

The Advertiser's measure had been correctly taken. The letter was not published. This is how the paper tries to wriggle out of the hole: "No signed statement from Mr. May has been received at this office."

"Why I gave it to the Advertiser reporter who called here" he said "I did not take it to the office myself." Thus it may easily be seen why no letter "has been received." at the office of the Advertiser. What could be simpler.

The interview with May published in yesterday's Star, in which he declared he had not made many of the statements attributed to him in the Advertiser, was had early in the forenoon, before May knew that he would be asked to make a statement to the sheriff, and without any knowledge on the part of the Star that the Sheriff would request a statement from him. What he said to the Star early in the forenoon, he repeated to the Sheriff later in the day.

Southern California. The coupling of the air pipe came loose. The air was shut off and the diver found himself imprisoned in his suit without any fresh air reaching him. He knew that death was certain and within a short time, unless he was hauled to the surface so that air could reach him. He signalled to be hauled up. Fortunately for him the men above received the signal and hauled him up. He was nearly unconscious when he reached the surface, and his head and shoulders had already turned black and his eyes were bulging from their sockets. He was a week recovering from the ordeal. Automobiles can be hired day or night at Club Stables, Fort Street.

LAST ACT IN A NOTABLE CRIME

FRANK WOODS, TWICE CONVICTED OF THE MURDER OF POLICEMAN ROBINSON IN SAN FRANCISCO, PAYS THE PENALTY ON THE GALLOW, CONFESSING THE CRIME BEFORE HE WAS HANGED—A CASE OF MANY DRAMATIC INCIDENTS.

(Associated Press Cable to The Star.)

SAN QUENTIN, October 6.—Frank Woods was hanged here today for the murder of Policeman Robinson in San Francisco. Woods confessed the crime shortly before the trap was sprung.

The crime for which Woods suffered but one which held the funds of the extreme penalty was one of peculiar atrocity so wantonly was it executed. One January night five men set out to rob the vault of one of San Francisco's many outlying cemeteries, not the vault which contained bodies,

TO MAKE FAST HOMEWARD TRIP

HARRIMAN WILL TEST FLEETNESS OF STEAMSHIP SIBERIA ON HER WAY FROM ORIENT.

SAN FRANCISCO, September 24.—Contrary to the general understanding, President E. H. Harriman and his party are not aboard the steamship Korea, which is due here Wednesday next with Secretary Taft's party. It was learned yesterday that the Harriman party, which includes the members of his family, Robert Golet and wife of New York and General Manager Schwenka of the Pacific Mail Steamship Company, will return to San Francisco on the Siberia, arriving here about October 22.

Harriman, before leaving San Francisco, had hoped to return on the Korea and had cabled for accommodations on that vessel. He was disappointed, however, by the receipt of a message saying that the best cabins on the big boat had already been reserved for the Taft party. As the steamship Coptic, which follows the Korea from the Orient, does not possess adequate accommodations for a princely party like Harriman's, the railroad magnate cabled to reserve all the upper suites on the Siberia for himself and friends and added the instructions that the vessel shall cut Honolulu out of the voyage and endeavor to make a record trip. This means that Harriman is going to

SAID HE DOES NOT PROPOSE TO CONVICT DEFENDANTS WHEN EVIDENCE DOES NOT WARRANT

Judge Whitney declared himself yesterday in the police court in the matter of discharging alleged gamblers. A raid had been made by the police on the second story of a stable on Liliha street near King. The dominoes had disappeared, if there had been any. Judge Whitney discharged the defendants.

LOUISIANA SUGAR CROPS CANNOT BE HARVESTED BECAUSE QUARANTINE KEEPS OUT LABORERS.

NEW ORLEANS, Sept. 23.—Following is the official report of the yellow fever situation for the twenty-four hours ending at 6 o'clock this evening: New cases, 46; deaths, 6; new foci, 11. To date there have been 2,762 cases

reported to the health authorities, of which 365 have resulted fatally. The health officials are certain that they now have control of the disease in the city and are devoting all of their energy to stamping out the malady in the outlying districts.

Because some one had stolen his clothing, W. B. Kohlman, a New Orleans merchant returning from New York, was compelled to leave his Pullman berth and enter a quarantine camp near here in his pajamas without shoes or hat. He was puzzled what to do for a while as there were several women on the train and no one was willing to loan him a suit of clothes. He remained in camp the required time, however, and after he had boarded the train for New Orleans a thoughtful passenger

furnished Mr. Kohlman with a pair of light blue trousers to match his pajamas. Two New Orleans detectives who attempted to go to Mobile after a fugitive from justice, were balked in their efforts by the Alabama health authorities. The latter feared the prisoner would develop yellow fever and hustled him on a train regardless of requisition papers and against the conductor's objections. The passengers became alarmed and the fugitive was locked in a box car while the detectives were fumigated and detained, eventually being sent back without their prisoner.

THEY WANT GOLD

NEW YORK, September 25.—Although no more gold was engaged in London today, Wall street bankers continued their efforts to get the metal, especially to secure \$5,000,000 now available in Australia. While the transaction was not positively closed, the prospects are that the gold will be secured for San Francisco, and on the day that it arrives be transferred concerned said today that the gold could not reach here before the last of October.

Electricity

Of all the power developed by steam in Honolulu 50 per cent is used to drive shafting and belting—dissipated, wasted, before the work of the machine begins. Think of it! All the money paid for the coal which makes that wasted part of the power might as well be thrown into the sea for all the good it does. With electricity power, you use what you need, when you need it, where you need it. A turn of the switch puts it there.

The Star's Position

It is the duty of every newspaper, as it is the duty of every citizen, to lend effort and influence to the enforcement of law, to the uplifting of civic ideals, to the suppression of vice, and the overthrow of corruption. The Star has never faltered in its duty in this respect, as its record shows.

But there is no surer way to strengthen vice and foster corruption than by immoderate, indiscriminate, and malicious attacks on public officials charged with the enforcement of law. To create a general belief in the public that all officials, or all officials engaged in a particular line of duty, are corrupt is to put the strongest kind of both offensive and defensive armament into the hands of the law-breakers and those who thrive on the gains from vice. When public confidence is undermined, and suspicion is rampant, the best endeavors, the highest motives, lose their effect, rightness of view is perverted, and all discrimination between the honest man and the rogue is lost. This is the opportunity for the rogue. He can lose nothing. Where universal suspicion exists his reputation is as good as that of the highest. Where the public has been brought to believe that ulterior and corrupt motives may be behind every official act, the corrupt official, the corrupt influence, loses nothing while the honest influence is robbed of its best asset.

At the present juncture an effort is being made to thus discredit Sheriff Brown and the entire police force. Innuendo, distortion, misstatement, suppression of material facts—every devious device to injure reputation and breed distrust—is being used. Though the ostensible purpose is that of fighting public gambling, the methods adopted make it clearly apparent that antagonism to Sheriff Brown is the real motive. It is to discredit him, not to suppress public gambling, that the daily attacks on him and on the police department are made.

The Star has no retainer to defend either gambling or incompetent or unworthy officials. Its whole record is one of antagonism to vice, misgovernment, inefficiency and corruption in office. But the Star's highest duty is to Truth. It believes that no substantial headway can be made against gambling or any other vice or crime, or against inefficiency or corruption in office by resort to misrepresentation, untruth, suppression of material facts, or wholesale and indiscriminate suspicion of motives. It believes that an appeal to the public sentiment for a "square deal," is the most effective in the end for the righting of any public wrongs, the correction of corrupt or mistaken administration, and the enforcement of law.

The Star recognizes that in the enforcement of the laws against gambling, as in the enforcement of the laws against every other vice or crime,—as in all human affairs—there are many factors and elements. In the fight against gambling, as against other crimes and vice, public sentiment—the feeling of the community at large, not merely an extreme view taken for the time and purpose—has much to do. The active agents are the police, the public prosecutor, who is now the County Attorney, and the courts, primarily and principally the District Magistrates. Indiscriminate and malignant attacks on these can neither aid them to do their duty, nor create enthusiasm in them to do it.

The Star believes, that neither abdication of the right of criticism, nor the exercise of it, but seeking to co-operate with the officials, Sheriff Brown and the police department, District Magistrate Whitney, and County Attorney Douthitt, is the best and only legitimate way of making headway against the gambling or any other evil.

The position of the Star is one of uncompromising antagonism to vice in the community, and to corruption in office, and that this stand requires fairness as well as firmness, and that nothing is gained and much lost by, malignant misrepresentation and violent rancor.

Income Tax And Corporations

During the hearing of the suit brought by Kauai to compel the payment of the income taxes of Kauai corporations in Kauai instead of in Honolulu, a good deal of interesting testimony regarding plantation ownership was given.

The Kauai plantation men seem to be in full sympathy with the efforts of County Attorney John D. Willard and the Board of Supervisors. So it is probable that even if Kauai loses the suit, some at least of the plantations will amend their articles of incorporation so as to make their principal office in Kauai instead of Honolulu. Some of the testimony on the hearing is thus reported by the Garden Island:

A. S. Wilcox explained that the whole of the Princeville Plantation belonged to himself. He had given away four shares to friends of his in order to comply with the law, which says that there shall be five officers of the company who were all to be stockholders. The by-law in this case also says that the principal office should be in Honolulu, but he said there was none. The situs of the Princeville Plantation was in his pocket; he attended meetings of the company every day and the meetings were held wherever he went so as to accommodate the majority of the stockholders.

Hans Isenberg as president of the Lihue Plantation Co. testified that the company had no office in Honolulu although the by-laws contained a section to the effect that its principal office should be at Honolulu. He also showed that all the income to be taxed was earned here on Kauai and that all the property of the company was situated on this island.

Messrs. P. McLane as manager of Koloa Sugar Co., B. D. Baldwin as manager of the Hawaiian Sugar Co., J. Fassoth as manager of Waimea Sugar Mill Co., J. M. Lydgate as financial manager of the McBryde Sugar Co., George N. Wilcox as president of Kekaha Sugar Co. were all in turn put on the stand and practically gave the same testimony. They all stated that the several companies represented by them had no offices in Honolulu, although the by-laws of the majority contained a section stating that a principal office was to be maintained in Honolulu. That not a single one of the companies on this island took any notice whatever of this clause proved, that it was only put in there as a formality, as some place had to be named according to the law and Honolulu was the most convenient, although no books but the stock books and minutes books were kept at that place, while all the books showing the sources from which the plantations derived their incomes were invariably kept at the offices of the plantation on Kauai.

The insurance investigation going on in New York has now reached the last of the "Big Three," the Mutual Life of New York the oldest company in America, it is claimed.

President Winston, one of the early presidents of the Mutual Life Insurance Company, put a halo of patriotism about his head and received the thanks of President Lincoln, by one stroke of the pen. It was in the early days of the Civil War. Insurance policies were a good deal more strict in their conditions then than they are now, and anyway, the war risk on a soldier's life was not included in the contract. There was a feeling that enlistments among men who had their lives insured were being discouraged by this fact—men did not like to void their policies by engaging in hazards not insured against. Winston rose to the occasion and signed an announcement that the Mutual Life of New York would not insist on the war hazard clause in its policies in the case of any policy holder who enlisted for the defense of the Union.

Only well-mannered, highly respectable young men patronize this game, imbibing the white ardent spirits or the more innocuous red wine until they fall asleep under the table or lid beneath the mango trees until the jag has worn itself out—Advertiser.

If we publish it the Emperor will command us to take it as a criterion and to print nothing that does not equal it. Since that could never be possible in ten thousand years, we return your manuscript, trembling, and asking your mercy, seventeen thousand times."

Browbeaten by the police, taken to the station and put through the first degree, Mr. J. P. May still refused to deny the authenticity of the Advertiser's interview with him. But he was apparently forced to admit that gambling had taken place at the Emma street joint for two years as far back as Brown's most notorious term as

Really, Mr. May appears to be a remarkable mixture of timidity and firmness. He was "forced to admit" and "induced to deny" quite easily except when it came to the Advertiser interview. Then he was adamant, though the thing he was "induced to deny" was a part of the interview.

HARBOR WORK WILL COMMENCE NOV. 1

CONTRACTORS WAITING FOR MATRIALS TO ARRIVE ON ROBERT DOLLAR.

Work on the improvement of the harbor will commence by November 1. Nothing can be done in this respect until the arrival of the pontoons and other paraphernalia of the San Francisco Bridge Company the latter part of October. The S. S. Robert Dollar is expected to arrive in Honolulu about October 21 from Puget Sound with the materials to enable the dredger to start the work.

Lieutenant Slattery the army engineering officer under whose supervision the harbor improvement is to be undertaken has made a slight change in the detail of the work. He will have the Hawaiian Dredging Company's dredger start work in front of the Naval wharf, the Pacific will start at a point between buoys No. 4 and 6 and work in mauka. The dredgers will not in any way interfere with navigation and every possible consideration is to be shown to vessels entering and departing from the port.

In regard to the employment of labor there is no provision in the contract requiring the employment of citizen labor. The contractors can employ anybody that they choose but under a restriction. In the contract is a clause which states that the army engineering officer, can cause the contractors to discharge any employe.

Lieutenant Slattery could if he desired, force the anti-citizen labor issue by insisting upon the discharge of anybody who was not a citizen but he does not intend to insist upon this matter. The contractors have not positively determined the matter of employing labor but if they they should hire Japanese even, Lieutenant Slattery will not raise an objection based solely upon the fact that such labor had not been recruited from the citizens. If an order for such employment of only citizen labor should come from Washington, Lieutenant Slattery would naturally insist upon the discharge of all but citizens but for the present, it is not likely that this matter will become any issue.

About 1,500,000 cubic yards of material will be taken out by the dredgers in the work of the harbor improvement. The contractors have twenty-eight months in which to complete the work but it is thought that twelve months will be sufficient time in which to finish the work.

MORNING STAR MAY GO TO SHANGHAI

BRITISH MISSIONARY SOCIETY MAY TAKE OVER THE MISSION WORK IN GILBERT ISLANDS.

It is not unlikely that the mission work in the Gilbert Islands may be transferred from the American Board to the British Missionary Society. Negotiations looking to that end are now in progress. Should such a deal go through, it will mean that the missionary steamer Morning Star which is now in this port awaiting orders, may be directed to go to Shanghai where she will be offered for sale by the American Board.

The Gilbert Islands belong to Great Britain and the American Board considers that it is just as well to have the British Missionary Society look after the missionary work in that field. The British society has a steamer, the John Williams, which is able to attend to all of its mission business in the South Seas, and should the proposed arrangement be successful, there would be no further use for the Morning Star. She will be too large a craft for the work in the Caroline Islands and the American Board will secure a smaller craft. It is not unlikely therefore, that she will be sent to Shanghai and offered for sale. There is no demand for such a craft at this place.

WHICH IS THE HOUSE?

(Continued from page one).

Naturally enough, when it was seen that even the sacred precincts of Judd street had been invaded by the awful gamblers and that Sheriff Brown had done nothing to protect the residents of that moral thoroughfare, a thrill of indignation ran through the entire community and there has been a demand, as that of one voice, that the perpetrators of this Sabbath day iniquity shall be shown up in their true colors.

That gambling and drunkenness should prevail behind the big nail-studded, four-inch-thick doors people might easily be led to believe by Judd street! And on the Sabbath! It is absolutely too awful!

Let anyone familiar with Judd street take a survey of the different well-known residents whose places would answer to the description given by the Advertiser.

First on the maula side comes the residence of Mrs. E. K. Wilder. One need hardly pause there. S. G. Wilder comes next and he is known to have such an antipathy for cards that he will not attend a card party. He has never been heard to express a fondness for craps either. H. M. Von Holt's place is next in line but he is away from the city so he must be excused.

Governor Carter's own place is the next. It might have fallen under suspicion in the old unregenerate days for perhaps the Governor when a gay young college blade may have learned poker or even craps but as everyone knows, he is a changed man now.

Let us take the gentle reader by the hand and stroll along the makai side of the street.

Mrs. M. McNerny's house—surely even the Advertiser, would not suggest that there the orgie goes on? The Superintendent of Public Works C. S. Holloway has his abode next and as he is one of Governor Carter's official family, it is impossible that he would countenance such diddings on Sunday.

And here the plot thickens to the consistency of pea soup. The house of Rev. H. H. Parker of Kawahaloa church is next in line followed by the residence of Mrs. Henry Wilcox superintendent of Kawahaloa Sunday school. One trembles at the thought that the Advertiser could have seen these well-mannered highly respectable young men of whom it speaks sleeping off their joyful Sabbath jags under the mango trees which appertain to either of these premises?

And at last—Supervisor E. R. Adams. Perish the thought! It could not be there, for was it not Supervisor Adams himself who said that there was gambling going on which the police did not stop? And is not the Supervisor much too shrewd a man? Even if he were running a Sunday game (and nobody believes he is) is it likely that he would give the snap away?

So there we are. We wander disconsolately, gentle reader, up and down Judd street and cannot find the place of orgie. Was the Advertiser's detective with the false black whiskers on the wrong street?

CLAUDINE TO BRING PASSENGERS The steamer Claudine will begin on October 10 to load for Honolulu. She will probably bring passengers who had booked for Honolulu by the S. S. Alameda.

BRENDA IS LEAKING. A diver went below today to examine the ship Brenda which arrived yesterday from Hamburg with a cargo of fertilizer from the Hawaiian Fertilizer Company. The vessel is leaking lightly and it is desired to try and locate the leak.

SATISFACTORY. The recent peace conference proved so eminently satisfactory that the czar believes he can stand another.

PROFITABLE BANKING.

The report of the Yokohama Specie Bank for the half year ending June 30, has just been received. The directors report that the gross profit of the bank for the past half-year, including 563,329,222.883 brought forward from last accounts, amount to yen 8,340,221,409, of which yen 6,230,590,701 have been deducted for current expenses, interests, etc., leaving a balance of yen 2,109,720,708.

The directors now propose that yen 220,000,000 be added to the reserve fund, raising it to yen 9,940,000,000, and that yen 220,000,000 be placed to the silver fund. From the remainder the directors recommend a dividend at the rate of twelve per cent, per annum, which will absorb yen 720,000,000 on old shares and yen 360,000,000 on new shares, making a total of yen 1,080,000,000.

The balance, yen 60,720,708, will be carried forward to the credit of next account.

WILL WAIT FOR BISHOP LIBERT

BOARD OF HEALTH TO DELAY ACTION REGARDING CEMETERIES UNTIL THE HEAD OF THE LOCAL CATHOLIC CHURCH RETURNS NEXT MONTH—BOARD OF SUPERVISORS TO BE ASKED TO REGULATE ESTABLISHMENT OF CEMETERIES.

The city cemetery proposition is to be held in abeyance to await the return of Bishop Libert of the Catholic church, who is expected here next month. This is because one of the cemeteries which are most objected to by the Board of Health is the Catholic cemetery on King street, and the Board does not wish to take any action without consulting him.

The cemetery proposition as it is before the board is a movement to close all the cemeteries in town. In each of them it has been found practically impossible to dig a grave without unearthing "old corpses, and in many localities the grave diggers soon reach the water level and interments take place in water. These conditions are regarded as unhealthful, and the Board of Health has been trying for many months to remedy the matter.

Bishop Libert, accompanied by Father Valentin, has been on a visit to the Pope. He is now on his way back, and is expected here next month. If the Board of Health closes the Catholic cemetery on King Street the Catholics will probably want to arrange for another and the bishop will be called into conference before any definite action is taken. The Board of Supervisors will also be communicated with.

"As the bishop is coming back, I think it only proper to wait and have a consultation with him before anything is done," said President Pinkham of the Board of Health this morning. "The cemetery on King street is one of those which are the worst crowded and it will have to be acted on. But I do not advise doing anything until Bishop Libert returns.

"It seems to me that the cemetery proposition is one for the county supervisors to take up, and I shall ask them to act in the matter. The Board of Health's powers are very limited. We can control matters of sanitation, and if a cemetery is unhealthful we can close it, but the establishment of cemeteries is a public proposition which should be regulated by the supervisors, and I am in favor of referring the matter to them."

The Board of Health is scheduled to hold a meeting at three this afternoon, when the matter will come up for discussion. It will probably be laid over, however, to await the return of Bishop Libert.

ROYALTY MET ON STREET CORNER

PRINCESS THERESA AND PRINCE FERDINANDO HAD AN INFORMAL INTRODUCTION YESTERDAY

Princess Theresa Wilcox held an impromptu reception to Prince Ferdinando and other officers of the Italian cruiser Calabria yesterday afternoon. It had been the intention of the Princess to entertain the Italian prince in any event, but there was a charming simplicity and an absence of formality about yesterday's reception which must have proved attractive to the royal, noble and gallant visitors.

Of course it will be remembered that the late Robert W. Wilcox was educated at the Royal military schools of Italy, permission having been graciously given by the king of Italy. Naturally then the princess has much aloha for Italians and the visitors, in turn, made immediate inquiries as to her when they landed.

It happened yesterday that when Prince Ferdinando landed yesterday afternoon he engaged Joe Lucas' hack for a drive up town. He asked Joe where he could find Princess Theresa and Joe, who speaks Italian of the purest variety undertook to show him and his brother officers. Just as they passed the corner of King and Merchant streets who should appear but the princess herself. Thus it became the duty of Joe Lucas to draw together royalty from very widely separated portions of the world. He made the introductions and the princess graciously assented to join the Italian officers. She showed them about the town, pointed out the most interesting curios in shops where they desired to make purchases, and finally took them to her own home where they were entertained to a variety of Hawaiian delicacies. The visitors were very much pleased with the attention shown them.

KINDERGARTENS WANT MENOY

SPECIAL COMMITTEE APPOINTED FOR THE PURPOSE OF ARRANGING AN ENTERTAINMENT.

A meeting of the Free Kindergarten Association was held this morning in the rooms of the Y. M. C. A. when there were twelve ladies present. Mrs. Elizabeth Waterhouse presiding.

The main subject discussed being the absolute necessity for raising funds for the carrying on of the work. It was thought that an entertainment might be the best way to draw attention to the association's needs and a special committee consisting of Mrs. L. McCandless, Miss Frances Lawrence and Miss Jennie Parke was appointed to see what could be done in this line. The committee will report on Tuesday.

Reference was made to the remarks passed at the recent meeting of the Associated Charities, when it was urged that there was need of a trained nurse to visit the city schools, and it was pointed out that ever since the establishment of the kindergarten, Mrs. U. Thompson had done the work of a trained nurse for them. The ladies present joined in a chorus of praise for the self-sacrificing devotion of Mrs. Thompson, who not only goes to the kindergarten and looks after the children there but also visits the homes of any who may be ill and attends to the families, if necessary.

BIG ALIMONY LONG OVERDUE

MRS. SILVA HAS A CLAIM OF ABOUT \$1500 AGAINST HER FORMER HUSBAND.

A citation was issued this morning by Judge Robinson for M. G. The petitioner is Mrs. Carolina G. Silva, who sets forth that she and

AH ON PERJURY CASE MAY DROP

JUDGE ROBINSON INTIMATES THAT INDICTMENT AGAINST HIM IS NOT VALID.

The indictment against Ah On, for perjury at the inquest over Chong Choy Fat, who was shot during the Waipahu riot of last April, was argued before Judge Robinson this morning. Ah On testified at the Waipahu inquest that a certain policeman on horseback shot Chong, and he was indicted for perjury. The denurer of the indictment, by S. F. Chillingworth and A. S. Humphreys, was mainly on the ground that the indictment was defective in failing to state what was the truth in the matter, after stating that Ah On's allegations were false. Judge Robinson intimated that he regarded this as a vital defect, but did not give any ruling. The case was set for next Saturday for final argument.

her children have no other means of support than the alimony which the court ordered her husband to pay.

The Silva divorce was granted on March 31, 1902, and Silva was ordered to pay permanent alimony of \$60 per month. The petitioner filed this morning asking for a contempt citation says that for about two years past he has failed to pay the money. E. A. Douthett filed the petition in behalf of Mrs. Silva.

men as witnesses for the prosecution, who testified to having bought liquor in Fishers' place. There was a good lot of the "spy" character about their evidence, and S. E. Chillingworth for the defense brought out on cross-examination that the prosecution depended upon spy evidence in very large part.

Chillingworth called Bradley in defence and it appeared from his testimony that the beer which had been sold as was testified in Fishers' place, belonged to Bradley, and this closed the defense.

After five minutes' deliberation the jury returned a verdict of not guilty. The jurors were Sylvester Crook, A. F. Cooke, Farm Corum, A. A. Montano, U. H. Jones, L. H. Dea, Frederick Turnbull, B. Saylor, M. Brasch and W. T. Raposo.

MURDERER DIES IN PRISON

KOSEKI, WHO KILLED A FELLOW COUNTRYMAN, PASSED AWAY THIS MORNING.

Koseki, a Japanese murderer awaiting trial in Oahu prison, died this morning. He had been ill for some time, and had been attended by Dr. Mori. The doctor on being called to attend the case some weeks ago, gave his opinion that Koseki would not live long, and the end came this morning.

The cause of death appears to be in doubt. A prisoner who was near to Koseki's cell stated to High Sheriff Henry that Koseki had swallowed some teeth fillings recently put in for him, and that this had caused trouble in his stomach. Dr. Mori diagnosed the case as one of stomach trouble of some sort, and thought that there was some sort of foreign growth in the stomach. An autopsy will settle the question. There is no suspicion of suicide, says the High Sheriff.

Koseki was under indictment for killing one Suemoto, on December 5 last, by cutting his throat with a big knife. The trouble occurred over the purchase of a woman.

CULLOM TO BE RE-ELECTED

ILLINOIS SENATOR WHO ONCE HEADED A COMMISSION TO HAWAII SAID TO HAVE A PRACTICAL CERTAINTY OF BEING RETURNED TO THE UPPER HOUSE OF CONGRESS.

CHICAGO, September 23.—"I think I ought to be re-elected to the Senate this time without opposition in the Republican party in Illinois," said Senator Shelby M. Cullom just after meeting his campaign managers from the northern counties of the state at the Auditorium Annex yesterday.

"There is no opposition in other states to Senators who have served for years in the Senate, as I have done," continued the Senator. "Take men like Frye, Hale, Aldrich, Platt of Connecticut, Hawley, Hoar, and Allison. For years no one thought of opposing those men. They were re-elected term after term.

"I do not mean to say that I am as big a man as those Senators," said the speaker, with becoming modesty, "but it is the fact that their services in the Senate were recognized by their party in their states, and they were re-elected, as I have said, time after time.

"It is the same way with the Democrats. No one in his party ever thinks of fighting Senator Morgan. Senator Cockrell was re-elected in Missouri till the state went Republican. Why should I be treated differently from those men? I think I will be elected, too," continued the Senator.

"I will leave the case with the Republicans of the state, and my own fortunes in the hands of my friends. I had said that I would not make any campaign. These few meetings I have had I do not consider a campaign. I had a meeting in my home town, and then my friends in other parts of the state—at East St. Louis, Danville, and Peoria, and then in this northern section of the state—insisted that I should meet them. I did so.

"I have neither time nor money to make a campaign. I am poor as a church mouse. I will stand on my record, and I think that will be enough."

The conversation drifted to other possible candidates. "I do not know who may be candidates," said the Senator.

It was suggested that friends of Lieutenant Governor Sherman are saying that he will be a candidate.

"I don't care who are candidates; I will beat them," said the Senator, and he straightened up and looked as if he might rather enjoy a combat.

The occasion of the Senator's visit to Chicago yesterday was a meeting of a number of his friends from the counties included in this northern federal judicial district, to organize the Cullom campaign in the northern part of the state, outside of Cook county.

The meetings at Springfield, East St. Louis, Danville, and Peoria covered all the other judicial districts. The meeting yesterday was for the purpose of receiving reports as to the progress of the Cullom movement in the northern counties. The counties represented were Lake, McHenry, Winnebago, Stephenson, Carroll, Jo Daviess, Ogle, Lee, Whiteside, La Salle, Kendall, Kane, De Kalb, Du Page, and Boone.

The feeling among the men present was, in language of one of them, that "Cullom has the state by the tail." In the reports from the northern counties there were a few dark spots. From Winnebago, Carroll, Jo Daviess, and Stephenson came word that the Yates-Deeney combination controls things, but there was added the encouraging remark that "Cullom sentiment is growing every day."

Senator Cullom's speech was along harmony lines. He told his friends that he did not want to cause factional trouble among the Republicans of the state; that he wanted to represent all the party, and not any one "crowd, state or federal."

Senator Hopkins made a speech for harmony. He said that as he understood it the men supporting Senator Cullom are for Cullom and not against any one. He mentioned no other candidates.

Senator Hopkins said that all the newspaper talk about the "state" and the "federal" crowds was, to say the least, injudicious.

Arrangements for circulating petitions for signatures asking Senator Cullom to be a candidate were discussed. The new primary law requires that each candidate for the United States shall file with the Secretary of State a petition signed by not less than 5,000 of the voters of his party. The Cullom men will make special efforts to secure as large a number of signatures as possible to those petitions for the Senator. They hope to have on the Cullom list the names of a majority of the Republicans of the state. On October 4 a man will be put to work in every election precinct getting signatures. No Cook county men were at the meeting yesterday. It was intended for men from the counties outside of Cook.

Senator Cullom will return to Springfield today, to remain till October 4, when he will go to Washington.

SAMOAN CHIEFS

GRATEFUL

WASHINGTON, September 26.—The State Department today made public a letter addressed to President Roosevelt by Tuimanna, Governor of Manua, thanking the President for his gifts of watches and medals sent to the principal chieftains of the Manuan group of the Samoan Islands. These gifts were presented on behalf of the President by Captain C. B. T. Moore on April 12. They were accompanied by a letter expressing the gratification of the Government and people of the United States for the action of the chieftains in voluntarily ceding the islands to the United States.

PAYMASTER AND MRS. HAGNER.

SAN FRANCISCO, September 24.—Paymaster and Mrs. L. T. Hagner with their small son will sail early in October for Honolulu, where the former has been ordered for duty at the naval station. Paymaster Hagner has been attached to the receiving ship at Mare Island for nearly a year and a half. Prior to his present assignment he was paymaster of the training ship Adams which cruised up and down the coast, so that he and Mrs. Hagner are well known in California, where they will be greatly missed.

BY AUTHORITY

At the meeting of the Board of Supervisors of the County of Oahu, Territory of Hawaii, held on the 3rd day of October, A. D., 1905, in their office, McIntyre Building, the following ORDINANCE was duly passed by the said Board.

ORDER NO. 3.

REGULATING THE SPRINKLING OF CLOTHES.

The People of the County of Oahu do Ordain as Follows:

Section 1. It shall be unlawful for any person or persons, ironing or performing any act, in the laundrying of clothing of another, or in the laundrying of clothing for hire, within the

County of Oahu, to spray any article so laundered with liquid sprayed or projected from the mouth of said person or persons, or to direct or permit any person in his employ to so spray such article so laundered.

Section 2. Any person violating any of the provisions of this ordinance shall be guilty of a misdemeanor, and upon conviction shall be fined not less than Five Dollars, nor more than Twenty-five Dollars and in case such fine is not satisfied by immediate payment thereof the person so fined shall be committed to prison for the nonpayment of the same and the time of such imprisonment shall be deemed to discharge the same at the rate of One Dollar per day.

Section 3. This Ordinance shall take effect from and after its passage and publication.

NO RAISES FOR SCHOOL TEACHERS

TEACHERS' COMMITTEE PASSES A RESOLUTION TO FORESTALL REQUESTS FOR INCREASES

The teachers' committee of the Board of Education yesterday adopted a resolution against increases of salary during the present hard times, as follows: "Whereas, The Department of Public Instruction finds itself in straightened financial circumstances as a result of insufficient appropriation and necessary increase of the teaching force therefore be it

Resolved that after this date no employe in the service of the department shall be granted any increase of salary."

A petition was received from Puako asking for the removal of Mrs. Wagner as teacher there on the ground of incompetency. Superintendent Davis reported that she was only temporarily at the school as a substitute. The matter was referred to the school agent for the district. The following recommendations were adopted:
 That Harlan Roberts be appointed assistant at Lahainaluna at a salary of \$83.3 per month.
 That Miss Mary Rodriguez be appointed assistant at Paia, at a salary of \$75.
 That the application of Mrs. C. K. Copeland assistant of Waialua school for an increase of salary should not be granted.
 That the application of Mrs. B. K. Hofgaard, principal of Kihui school, for an increase of salary should not be granted until the new school is built.
 That the salary of J. Vincente, principal of Kealahou school, be placed at \$65 per month.

That the petition to establish a school at Mokuiaia, Maui, be referred to Inspector Wells.

That the application through Richmond on Miss Potter, assistant at Hilo High School for an increase of salary should not be granted.

That the resignation of Mrs. Swain on account of having to live on a homestead, be accepted.

That Miss Josephine H. Barnard be appointed assistant at Laupahoehoe vice Mrs. L. Swain as a salary of \$85.

That the application of Miss Banham assistant at Makaweli, for an increase of salary should not be granted.

That Miss Eva Anderson having applied for a position, be assigned to the Ulaia school, vice Robert Plunkett, temporarily appointed.

That the application of Mrs. Mary A. Wood for a Life Certificate be granted, confirming action of the department of some years ago.

THE FRESH-AIR CAUSE.

There seems to be an increased zest with the beginning of each recurring summer season actuating the varied efforts for the promotion of outdoor life. The fresh-air fund, gathered from many benevolent sources, accomplishes in the aggregate a good that is beyond computation. If it accomplishes nothing more than to bring a brief pleasant change of scene into lives that greatly need some variation, the effort that is made would be amply justified. To the children of the crowded districts, shut in by the narrow boundaries of streets and alleys, a day on the water or in the woods is one of joyous expansion—mentally, morally and physically. And to overworked mothers such a day brings not simply rest, but refreshment and restoration.
 There is no tonic like happiness, and the bracing effect of a happy day, away from the routine cares, with a wide vista of blue sky above and of blue waters or green grass below, is more potent by far than any mixture that comes from the apothecary. It is not alone the clean air, though a whole day of breathing unpolluted ozone is of tremendous vitalizing value. For the older people the let up in the nervous strain, the sense of freedom even for a little while brings recuperative aid to the vital energies, and to the younger ones gladness alone is life-giving.—Baltimore American.

AN ORIGINAL IDEA.

The orator once was the man who clamored
 Rewards from the people who vote;
 The sound of his voice opened the portals of fame
 And his sayings the children would quote.
 But epigrams grew so abundant at last
 That a man tried a different way.
 He took his opinions and locked 'em up fast
 And said he had nothing to say.
 The throng, ever fickle, now knocks at his door.
 Photographers furtively peck through his transom. Impatient we ask o'er and o'er
 When the oracle's going to speak.
 'Tis strange that the simplest and easiest scheme
 Is often the one that will pay.
 We're astonished. For not until now did we dream
 That a man could have nothing to say.

TUMORS CONQUERED SERIOUS OPERATIONS AVOIDED

Unqualified Success of Lydia E. Pinkham's Vegetable Compound in the Case of Mrs. Fannie D. Fox.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Tumor.

The growth of a tumor is so sly that frequently its presence is not suspected until it is far advanced.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by profuse menstruation, accompanied by unusual pain, from the ovaries down the groin and thighs.
 If you have mysterious pains, if there are indications of inflammation or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound right away and begin its use.
 Mrs. Pinkham, of Lynn, Mass., will give you her advice free of all charge if you will write her about yourself. Your letters will be seen by women only.
 Dear Mrs. Pinkham:—
 I take the liberty to congratulate you on the success I have had with your wonderful medicine. Eighteen months ago my months stopped. Shortly after I felt so badly that I submitted to a thorough examination by a physician and was told that I had a tumor on the uterus and would have to undergo an operation.
 "Soon after I read one of your advertisements and decided to give Lydia E. Pinkham's Vegetable Compound a trial. After trying five bottles as directed the tumor is entirely gone. I have been examined by a physician and he says I have no signs of a tumor now. It has also brought my months around once more, and I am entirely well."—Fannie D. Fox, 7 Chestnut Street, Bradford, Pa.

IN THE CIRCUIT COURT OF THE First Circuit Territory of Hawaii, At Chambers—In Probate.

In the matter of the Guardianship of Vincent Pedro of Honolulu, Oahu, a Minor.

Order to Show Cause on Guardian's Application to Sell Real Estate.

On reading and filing the Petition of Charles F. Peterson of Honolulu, Oahu the Guardian of the property of the above named minor praying for an order of sale of certain real estate belonging to his said ward viz: All that piece or parcel of land situate at Moanaha, Honolulu, Oahu, described in Royal Patent No. 1, C. Award No. 1129 containing an area of 361-1000 acre and setting forth certain legal reasons why such real estate should be sold, to-wit: that the income of the estate of said minor is insufficient for his education, maintenance and support, and that it would be for the benefit of said minor that said real estate be sold and that the proceeds be invested and used from time to time for the benefit and maintenance of said minor.

It is hereby ordered that the heirs and next of kin of said ward and all persons interested in the said estate, appear before this Court on Monday, the 9th day of October A. D. 1905, at 10 o'clock a. m. at the Court Room of this Court in the Judiciary Building, in Honolulu, then and there to show cause why an order should not be granted for the sale of such estate.

And it is further ordered, that a notice of this order be published twice a week for two weeks, to-wit on September 27, 29, October 4 and 6, 1905 in the Hawaiian Star, newspaper published in Honolulu.

BASEBALL LEAGUE MAY INCORPORATE

CLUBS APPOINT A COMMITTEE TO CONFER WITH THE TRUSTEES—THE H. A. C.'S LEAU.

Incorporation is what the senior baseball league is looking for now. The grounds have been paid for, about \$10,000 having been sunk in this, and the clubs now feel that they are entitled to more than the thirty-five per cent of the receipts which they have been receiving.

At the last league meeting a committee consisting of Benson, Falk and Lemon was appointed to take the matter up with the trustees, those being D. P. R. Isenberg, C. E. Chillingworth, L. A. Thurston, H. M. Whitney and W. E. Allen.

There is, of course plenty of time ahead of the committee and meanwhile the members are considering suggestions from various sources as to different arrangements which might be made for the benefit of the game.

It has been suggested that next season the big league might play as usual on Saturdays and that the Winter League should take Sunday afternoons. It is argued with a good deal of force that even if a low admission were charged for the Sunday games, whatever might be taken in would be profit.

Another good suggestion would seem to be the appointing of a league manager whose special duty it would be to look after the publicity department. Many followers of the game have felt that the games were not sufficiently advertised and with money to spare, as there should be next year now that the grounds are paid for, more should be done in this line.

It has already been urged that the Winter League should finish its present series on the ball grounds on Sundays and an admission fee charged, but as there are only two or three more games to play it is not probable that the idea will be entertained.

Tomorrow evening the H. A. C.'s will celebrate their victories on the diamond with a big luau. That it will be the event of the season goes without saying for the Honolulu always do things well when they start out to do them. The affair will be strictly invitational.

SHIOZAWA CASE POSTPONED.

Nothing was done in the criminal libel suit brought against Editor C. Shiozawa of the Hawaii Shippo Shindo the District Court this afternoon. The case had been set, but as it was found that the Bertleman case would take all the rest of the day, prosecution and defence agreed to let the Shiozawa investigation stand over for a week.

DOLLAR MAY TAKE JAP PASSENGERS

STEAMER IS COMING FROM PUGET SOUND THIS MONTH AND MAY SEEK ORIENTAL PATRONAGE.

The S. S. Robert Dollar is coming here this month to bring passengers and other material for the San Francisco Bridge Company for use in the harbor improvement. When the vessel returns to the coast it is not unlikely that she will try to take Japanese to Puget Sound. She is an American vessel so can carry passengers between American ports.

The vessel is owned by the same company that sent the S. S. Stanley Dollar to Honolulu some months ago for the purpose of taking Japanese laborers to the mainland. When the Stanley Dollar was in Honolulu there was considerable trouble over her attempt to take Japanese to the coast, numerous Japanese instituting proceedings against the vessel for alleged misrepresentation. Judgement was recently secured by 38 plaintiffs. They had purchased their tickets under the impression, they claimed, that they were to go to Seattle or Tacoma, when as a matter of fact the vessel could not land them at either of those ports, but had to land them at Victoria.

Stanley Dollar, the president of the company, was in Honolulu during the stay of his vessel in port, and he said that he would send a steamer to Honolulu to carry Japanese to the mainland. Efforts may be made to get a return crowd of passengers by the Robert Dollar. She is not expected here before two weeks however.

LAST ACT IN NOTABLE CRIME

(Continued from page one).

son of State Senator Goucher, and "Fred Henderson" whose real name was Jack Fraser. On the last named, more anon.

It was agreed on Henderson's instance that there should be no killing under any circumstances, but Woods, a most desperate scoundrel, though seemingly agreeing, armed himself with a heavy revolver.

Arrived at the cemetery the five desperados found two men on guard with rifles and much against Woods' desire, the attempted robbery was abandoned for the night. On the way home the five men strung out at intervals in order to avoid giving suspicion if they passed a policeman. A lonely Japanese happened to pass Woods who immediately made an attempt to rob the Jap, being assisted by Goucher.

The Jap put up a good fight and somehow or other made enough noise to attract the attention of Policeman Eugene Robinson, who was in his beat a block away.

The policeman ran to the scene of the disturbance and Woods with drawn pistol, awaited his coming. As the policeman approached Woods fired him down and then approaching the prostrate man deliberately emptied the remaining five shots into his body as he lay on the ground. The men took to their heels but another policeman attracted by the firing took a shot at random and wounded Woods in the back. Henderson and the mulatto "Yellow" had taken no part in the actual murder being some distance behind. They were captured without much difficulty. "St. Louis Pat" made good his escape but was afterwards captured in South Ste Marie, Canada.

Woods despite his wound managed to get away but was caught up in one of the Puget Sound cities. "Kid" Goucher evaded arrest for a long time but was finally recognized in an eastern penitentiary where he was doing time for a subsequent burglary.

There were several trials but the sensation was sprung when Fraser, alias Henderson, turned States evidence. Without his evidence convictions could not have been obtained for the Japanese could do nothing in the way of identification. Robinson was dead and the other policeman who had wounded Woods had merely a glimpse of flying figures. Woods was tried, convicted and sentenced to death, was again tried and again sentenced to the extreme penalty which was carried out today, but his revellings and ghastly profanity when he cursed Judge, Jury and witness alike—more especially Henderson—will never be forgotten by the present writer.

The trial of Goucher was the scene of a pathetic incident for he was defended by his aged father who formerly was a senator and held an honored position at the bar. In vain his pleadings were heard and the sentence was the finding and 20 years in the penitentiary. The others got shorter terms and Henderson, the State's witness after serving a year or two, was pardoned on the understanding that he should leave the State for ever.

Henderson's career was about as sad as could be imagined. That he had been gently reared and well brought up was apparent from the first, but he steadily refused to tell who he was until one day he was recognized by a Canadian as Jack Fraser of Montreal. His family was of the best and he himself had been an officer in one of the best Canadian volunteer regiments while studying to enter the legal profession. He was also a noted athlete. The familiar wine and woman route had been in his way down the line.

When his identity was made known different of his family proceeded to California and through their appeals he was at last persuaded to atone, so far as it lay in his power for the part he had taken in the dastardly crime.

That Woods confided on the gallows is something of a surprise to those who knew the man and had watched his demeanor. He was as bad a man as

TEACHERS' MEETING. A lecture entitled "The Story of Photography from the Commencement to the Close of the Nineteenth Century," will be delivered by Professor Ludovico W. Hart, F.R.M.S., etc., on Monday evening, October 9, at 8 o'clock, in the hall of the Preparatory School of Oahu College, under the auspices of the Teachers' Association.

The lecture will be illustrated by means of the Optical Lantern and Photographic slides, and will demonstrate the wonderful power of photography as an auxiliary to public instruction. Mr. Griffiths, the president of Oahu College, has kindly lent the hall for the occasion, and the Rev. W. D. Westervelt will lend his lantern and his services for the delineation of the lecture. The president and educational committee of the Teachers' Association hope that a large proportion of the educators of the city and its environs, together with the parents of pupils, and the general public interested in education, will show their appreciation of the subject in hand, and the valuable services of the lecturer, Professor Hart, is the brother of Judge Hart of Honolulu. He was for many years lecturer on applied photography and photographic chemistry at the Working Men's College, Melbourne, and at the School of Mines, Ballarat.

This meeting was first called for Monday evening, October 18, but has been changed to Monday evening, October 9.

Rex.. Flintkote

can be laid without any expert labor. Full illustrated directions are given which can be followed by any one.

This puts Flintkote within reach of all. Its light weight is important, as in new buildings, lighter roof supports can be used, and on buildings more or less weakened by age Flintkote can be used with safety where the ordinary heavier roofs would be dangerous.

Leaks can be easily located and made tight with little trouble. Flintkote is odorless and will not taint rain water in any way and water from Flintkote roofs can be used for all domestic purposes.

Vermil will not attack it, and it is not affected by acids, alkalis or fumes of any kind.

Rex Flintkote will please you, try it.

COMMUNITY SILVER

Plated Ware That Wears

Community silver marks a distinct advance in the manufacture of plated ware. First, it possesses the art and finish of solid silver; second it represents the honest economy.

This cut, is an impression of the Fleur de Luca pattern. This splendid design is the result of several year's careful study to reproduce these effects.

Community Silver is guaranteed for 25 years ordinary family use. We would be delighted to show you this beautiful pattern.
