DYNAMITERS ARE REPORTED RIVAL POLITICAL CAMPS ARE ACTIVE

Times Suspects May Have Fled

Department of State Notified They Are On Way To Mexico

(Associated Press Cable.)
WASHINGTON, D. C., Oct. 20.—Secreary of State Knox was today informed by telegram that the three men suspected of having dynamited the Los Angeles Times building a few days ago and whose movements have been shadowed by secret service operatives and detective agencies ever since, are on board a steamer bound for Mexico, having left a California port recently. If the men reach Mexico, their apprehension and subsequent extradition will have to be taken up through the Mexican officials and the Department of State. The men under suspicion have been traced from one point to another until the secret service men are confident there can be no mistake.

SHIPMENT OF BROKEN-DOWN HORSES IS PALMED OFF ON UNSUSPECTING LOCAL FIRM

There was laughter on the docks at San Francisco when a shipment of sixty-six horses consigned to Lunal Ranch Company were loaded on the Matson freighter Hiloan last week and the remark was freely passed that they were not worth freight to Honolulu even if they had been given to the company at the coast port. Crow bait was the category that the greater number of the horses would be placed in by anyone not a horseman but to the real horseman it was a sorry looking bunch of equines which were loaded on board the steamer one dying on the wharf while the others were being placed on board. All the way to Honolulu the Hiloan had a smooth and fine trip but en route nine of the bags of bones gave up the ghost and were buried in the placid waters of the Pacific, their troubles over and going down for

THREE RECEIVE SUUN'S MEDALS

Chinese Prince Decorates Connell, McDuffie and L. Y. Aho.

Stephen Connell, the United States secret service man; Chief of Detectives McDuffie of Honolulu, and L. Y. Aho, a well-known Chinese capitalist, are the proudest men in the Territory today. They have been decorated by Prince Sun, who called at this port twice on his way to and from the United States.

They each now possess a valuable medal, bearing the Imperial Chinese dragon. The medals are made of gold and studded with precious stones, and were presented to them by the prince for their services, ten-

dered him individually, during his short stay at Honolulu. Connell and McDuffie were designated by their superiors to act as bodyguard to the prince while here and in the United States. Owing to their ever-watchful eyes, the prince escaped bodily harm or injury. Aho received his medal, it is said, because he entertained the royal guest at a Chinese banquet while here. After the banquet the prince expressed his satisfaction at what had been done for him by Aho.

CRIPPEN SAYS NOT WIFE'S BODY

(Associated Press Cable.)
LONDON, Oct. 20.—Dr. Crippen, testifying today in his own defense, states emphatically that the body discovered in the basement of the house he occupied before his flight with Miss Leneve is not the body of his wife, Belle Elmore.

ARIZONA'S POPULATION

WASHINGTON, D. C., Oct. 20.—The population of Arizona, as given by the census bureau, is 294,364.

STRAIGHT TICKET TALKS

BY J. P. COOKE.

The reasons for voting a straight Republican ticket this year are better than ever before. I consider this ticket the strongest that has ever been put up in this Territory. I intend to vote the Republican ticket from top to bottom, as I have always done in the past ten years. No one realizes better than I that it was the scratch voting that defeated some of our best men, such as John Lane, John Hughes and Norman Watkins, in the campaign of 1908.

CUBS BEATEN ON IMPROVEMENT ON THEIR OWN GROUNDS

(Associated Press Cable.)
CHICAGO, Oct. 20.—Once more the great Chicago Cubs went down to defeat before the aggressive Philadelphia Athletics, and this time the sting was more bitter, because the Cubs were licked on their own grounds. The score was 12 to 5. As on the previous days, the Athletics batted like fiends and ran bases like wild men.

The Cubs will now have to take four games straight to win the pennant, and betting is hot in favor of the Philadelphians.

DEMOCRATS LOSE A LEADER BY DEATH

(Associated Press Cable.)
ALBANY, N. Y., Oct. 20.—David Bennett Hill, former United States Senator from New York, and one of the leading Democratic politicians of the country, died today at his home in this city.

David Bennett Hill was Senator from New York from 1891 to 1897. He was born in 1842, and throughout his life was active in State and national politics. In 1906 he succeeded the nomination of W. J. Bryan for the Presidency. He was Governor of New York from 1885 to 1891, when he went to the Senate. He was a prominent candidate for the Democratic Presidential nomination in 1892. He had held many semi-public offices.

LINER LOUISIANA IS ASHORE AT KEY WEST

(Associated Press Cable.)
KEY WEST, Oct. 20.—As a result of the terrific gales that have swept this coast, the French liner Louisiana has gone ashore. No lives were lost.

HEIRS ARE SON AND DAUGHTER

Sarah Gilman's Will, Filed For Probate, Divides Estate.

By the will of the late Sarah Atherton Gilman recently filed in court with a petition for probate the entire estate is left to her two children, James A. Gilman and Carrie A. Gilman. The will was made June 15, 1903, and provides that the two children shall be executor and executrix without bond, and if either one should die before the mother then the other should carry out the terms of the will alone, the provision also being inserted that in case of death of either the part of the estate left to that one should go to the other.

To the daughter Mrs. Gilman left the legacy of \$10,000 which was left her by her brother J. B. Atherton or such amount as there should be at the time of her death.

In addition all household and personal effects were to go to the daughter at the mother's death.

To the son all the remainder of the real and personal property not given to the daughter was bequeathed including stocks and bonds held by the deceased.

The will was presented for probate on October 10 but no hearing of the petition has been held, nor have any appraisers been appointed for the estate.

Superintendent of Public Works Will Spend This Amount.

WHARVES ARE TO BE CONSTRUCTED

Also Home For Non-Leptous Children at Kalihi Is Planned—Bids to Be Advertised For Soon.

Public improvements in and around Honolulu to the value of approximately \$82,000 will be commenced within a few weeks, the bids for which will be advertised within the next fortnight by Superintendent of Public Works Campbell.

These improvements will include old wharves repaired, a new wharf built, new pipe lines and many other improvements of a nature which will do much to forward Honolulu in the eyes of the public.

One of the first matters which will be started is the repair and lengthening of the shed of the Hackfeld wharf, which is to be taken over by the Matson Navigation Company, the present wharf being too crowded to handle the increasing business of this company.

The whole wharf will be overhauled and the shed lengthened many feet, besides which tracks connecting with the Oahu Railroad will be laid the length of the wharf, so that transfers of freight may be made directly from ship to car and vice versa.

Next to navy dock number one there will be another wharf built, the specifications of which have

SAM KAHU GETS ONE YEAR MORE

Lad Who Broke Jail Will Have To Serve Extra Time For Offense.

This morning at the Police Court Sam Kahu, who escaped from the Queen's Hospital, where he had been sent from the County prison, appeared before Judge Andrade and was sentenced to one year extra jail for the offense. Sam was given a good talking to by the Judge, and the lad promised to be good in future.

Kahu, who originally was sent to prison for one year, has now got over three years to serve. Two years were added for breaking jail on two occasions, and an addition was made for another infraction of the rules. The lad will not be given any chance of getting away in future, and Jailer Asch will see to it that Sam is kept within the jail walls and not sent out to the parks to work.

Although Kahu promised Judge Andrade to refrain from breaking jail in future, he remarked to a police officer a short time before, that he would get away again and then shoot himself. The boy seems to be half-witted, and does not realize that he is making things worse for himself by his constant breaking out of jail.

MORE EPISCOPAL BISHOPS ARE NAMED

(Associated Press Cable.)
CINCINNATI, O., Oct. 20.—The triennial convention of the Protestant Episcopal church, which is in session here, has created the following Episcopal bishops: Francis Potts, Louis Sanford, J. W. Atwood, George A. Beecher, T. P. Thurston and E. W. Temple.

CABLEGRAM SAYS CUBAN SUGAR NOT HURT

That Cuban sugar has not been damaged by the recent tornado and floods, but that, on the contrary, the rain has done the growing crops good, is the unexpected statement contained in a cablegram received this morning by Alexander & Baldwin, Ltd., from New York. This report is so at variance with those previously received in Honolulu, that it upsets many of the local sugar investors' plans.

Newspaper dispatches for three days have carried the story of devastation throughout the Cuban provinces, and partly as a consequence local stocks have been advancing in the expectation that the Cuban crop would be badly injured. However, here is what the cablegram to Alexander & Baldwin said this morning:

"NEW YORK, Oct. 20.—Crop has been slightly damaged. Rains have been very beneficial. Raw market will follow European market up or down. Total, 7,700,000 long tons." The closing sentences mean that the raw sugar market will follow the course of European beet sugar, and that the total European beet sugar crop is as stated, 7,700,000 long tons.

MEDEIROS IS CHIEF OF STAFF

Appointed Deputy Collector in Place of Raven, Resigned.

L. R. Medeiros, who joined the local customs service some years ago in the capacity of clerk and was but recently promoted to the rank of an inspector, has been appointed deputy collector of customs and chief of staff of day and night inspectors.

He takes the position formerly held by C. H. Raven, who filed his resignation papers with Collector Stackeable last Monday.

Medeiros is well and favorably known among the shipping and commercial interests of the port. His elevation in the ranks of customs workers is said to be a result of faithful and conscientious service.

His large circle of friends were busy this morning in extending their congratulations.

John W. Short, who had been placed in temporary charge of the inspectors' office for the past three days, will turn over the duties of the office to the new appointee.

It is generally believed that the heads of a number of other employees connected with the customs service may find their way into the official waste basket before the investigation is concluded. Upon this matter, however, the collector remains absolutely non-committal.

"What your advertising needs is red blood—human interest—less regard for the faded livery of yesterday and more regard for the racing togs of today."

The Evening Bulletin is the liveliest newspaper in Honolulu, consequently the place for "human interest" advertising. Live copy in a live newspaper is invincible.

Up till noon today there were 602 automobiles registered by Clerk Asch at the police station.

President J. G. Phelps-Stokes of the Intercollegiate Socialist society, in his annual report, says that socialism is being studied and advocated by students in American colleges more widely than ever before.

Waipahu Rally On For Tonight

Republicans Plan One Of Campaign's Biggest Meetings In the Fifth

Fourth and Fifth District Republicans will unite in a big meeting to be held tonight at Waipahu, with every candidate on the county and legislative ticket present and campaign speeches of the hottest brand ready to tap and set flowing before the voters. The meeting is under Fifth District auspices, but the Republican managers expect to make it one of the largest of the campaign, and have primed every speaker with hot shot at the Democratic boss and his hired men.

Frank K. Archer is billed to act as chairman, and among the speakers scheduled are John Lane, candidate for mayor; R. W. Shingle, for treasurer; John Cathart, for attorney;

James Bicknell, for auditor; half a dozen or more of the candidates for the lower house and all of the Senatorial nominees, and in addition some of the wheel-horses of Republicans will be on hand.

The Fifth District promises to see a lot of hot fighting during the next two weeks. The Republicans are determined to win the Fifth by a good majority, and although the Democrats are making a desperate effort to line up every kind of an organization and every individual with the promise that Link McCandless is scattering broadcast, the Republicans are very strong in the Fifth now.

Tomorrow night the Fourth Districter, John Cathart, for attorney;

(Continued on Page 4)

MILLION WILL BE SPENT BY TOURISTS HERE IN COMING SEASON, SAYS H. P. WOOD

That tourists in Hawaii during the coming season will spend a million dollars is the estimate made to the Promotion Committee today by Secretary H. P. Wood. His report is one of the most optimistic ever made, and recent figures will back up his estimates.

Secretary Wood further declares that within twelve months the tourist business will be third among the industries of the Territory in point of returns, and within a few years he expects to see it second only to the great sugar industry.

The volume of travel expected is the result of the energetic publicity campaign carried on. Fifty thousand pieces of advertising matter will be sent out this month and next—enough to make a good-sized cargo for an island boat. Mr. Wood's report says:

"Our postage stamp account for this month and next will be unusually heavy, as we shall be sending out upwards of fifty thousand pieces of advertising matter within that pe-

riod in a special round-up for the coming winter travel.

"Every mail continues to bring encouraging reports from our correspondents. I think it is a safe estimate to place the returns to Hawaii for the coming winter's travel at upwards of one million of dollars. Today our crops might be placed in the following order: Sugar, pineapples, rice. Within another twelve months the tourist business, in point of returns, will certainly hold third place, and within a few years will take second place, even though our pineapple industry is largely increased, as it will be. The truth of such statements as Mr. Bancroft of the Southern Pacific Railroad made when he left for home—'Hawaii is the only place I have ever visited in which I was not disappointed'—is beginning to be generally realized. Hawaii never disappoints. Our beautiful healthful islands are the World's Home Land and must continue to attract an

and must continue to attract an

SAY THEY WERE NOT PRESENT

Soldiers Testify That They Were Not Where Robbery Occurred.

Somebody lies, is the expression that might well be applied in the case of Buncie and White charged with robbing Eugene Rhodes at Iwilei on the night of June 11, for also says they did it and they both deny that they were in that vicinity at the time the robbery happened.

For the second time the two soldiers are on trial for the robbery, in the first case the jury failing to agree on a verdict.

According to the story of the woman they came to her house at ten-thirty in the evening, one grabbed her by the throat the other hit her in one eye and stripped a bracelet from her arm valued at fifty dollars. The story told by the soldiers is

that they came to town from Fort Shafter to see a prizefight which was on that night. They had only a canteen check for six dollars in their possession for money and as they could not cash it they waited there until the proprietor came and it was nine o'clock and too late to see the fight when they finally got the money.

One point brought out in the testimony was the fact that Fitzpatrick's was the only place where canteen checks were taken, the men receiving four dollars and sixty-five cents for checks calling for six dollars at the canteen.

After leaving the cigar store the men bought four bottles of beer on King street and went to Asha Park to drink it. There they got into a quarrel about five cents and separated, but both returned to the post without going near Iwilei, according to their statements.

The whole time of the court was occupied during the morning session with the case and then it was continued until tomorrow morning at eight-thirty when the final witnesses will be examined.

Judge Humphreys is conducting the prosecution and Attorney Straus is looking after the defense having been appointed by the Court.

COAST-BOUND LINERS WILL CARRY BUT FEW PASSENGERS

LAUNCH HAWAII NOW IN ASIATIC WATERS A CREDIT TO HER HOME—SANTA RITA BRINGS OIL FOR ISLAND PORTS—KOREA SHOULD REACH QUARANTINE TOMORROW AFTERNOON.

There is no very great demand for transportation from Honolulu to the mainland these days and it is presumed that the few inquiries for passage by outgoing liners can be laid to what is now termed "the off season."

The Pacific Mail steamship Korea from Hongkong and Japan ports is arriving here on Friday and according to wireless information that vessel can well accommodate one hundred additional passengers.

The Matson Navigation steamer Hilonian is scheduled to sail for the California port on Saturday evening and while this vessel can safely carry over forty cabin passengers it is understood that the Hilonian will carry less than a dozen travelers to the mainland.

The Oceanic Steamship Sierra has become an exceedingly popular boat with the Honolulu traveling public but that vessel is predicted will sail for San Francisco on November 2nd carrying considerably less than one hundred passengers.

The American barkentine Irgard made the passage from Hilo to Honolulu in twenty three days according to a cable that has been received here announcing the arrival of the windjammer at the California port on last Tuesday.

A fourteen day passage between Mahukona and San Francisco is credited to the American barkentine S. G. Wilder. This vessel sailed from the Hawaii port on October 5th. Her arrival at the Golden Gate was reported late yesterday.

Oil consigned to the tanks of the Union Oil Company has arrived by the American tanker Santa Rita. This vessel is expected will sail for an island port tomorrow where the remainder of the shipment will be left.

Freight for several ports along Maui left last evening in the inter-island steamer Niihau. The vessel was dispatched at five o'clock and is expected to return to Honolulu by the first of the coming week.

The schooner Philippine is ready for sea, the cargo of lumber from Fort Bragg having been discharged. The vessel will probably sail for Puget Sound ports this afternoon or tomorrow morning.

A shipment of hard wood railway ties has left Hilo by the American schooner W. H. Marston. The vessel sailed from the Hawaii port yesterday.

The steel steam schooner Tallac, bound from Everett, Washington, to San Pedro, with a cargo of lumber, was reported as ashore off Point Reyes on Oct. 9th, having grounded during the night in a dense fog. Word was received at noon the following day that the steamer had been floated and, being undamaged, was continuing her voyage to San Pedro.

According to the report from the weather bureau at Point Reyes the Tallac struck two miles north of that place. The life-saving crew went to the assistance of the vessel, but their aid was evidently not required as the steamer got off at noon under her own steam and proceeded down the coast.

The United States revenue cutter McCulloch and the Red Stack tug Sea Fox went out to assist the steamer when it was reported that she had gone ashore.

The British tramp steamer Damara, outward bound from San Francisco for Great Britain with a full shipment of barley, which vessel grounded on the rocks within several hundred feet of Fort Point on Oct. 9th, was pronounced in a bad way by the latest mail advices from the coast.

It was on the turn of the tide toward ebb when the vessel struck, and efforts made to pull her off by tug power proved futile and had to give way to the process of lightering the cargo in hopes of getting the vessel aloft at the next high tide.

The Damara left Port Costa shortly after noon in charge of Pilot James Miller, one of the oldest and most experienced pilots in the harbor service. At 2 o'clock, with her prow pointed seaward she encountered the heavy fog bank that extended from Fort Point to Lime Point. Pilot Miller says that as the time the steamer was making but six knots an hour because of the fog.

Table with columns: ARRIVED, DEPARTED, PASSENGERS BOOKED, MAILS, TRANSPORT SERVICE.

POLICE OFFICER HAS TO FIGHT

Big Peter Hosea and Chris Holt Battle It Out—Pete Won.

Peter Hosea, the well-known police officer, who keeps his beat in perfect order, was mixed up in a free fight last night. It appears that Chris Holt and Hosea's brother became involved in an argument about politics and, eventually, the talk got so hot that a fight started up.

Peter stood for a few of the blows and then waded in and knocked Holt out. The latter then went to the police station and reported the matter of the "assault."

QUALIFICATIONS TO CONTEST

In view of the fact that there may possibly be some contested elections after the coming struggle on the eighth of next month, the following may be of interest to whom it may concern:

IN THE SUPREME COURT OF THE TERRITORY OF HAWAII.

Special Rule of Supreme Court in Cases of Contested Elections. Petitions by any candidate directly interested or by thirty voters of any election district, setting forth cause why the decision of any board of inspectors of elections should be reversed, corrected or changed, shall be verified or supported by the affidavit of some person or persons having personal knowledge of the facts claimed to be ground for reversing, correcting or changing the decision.

(Signed) J. A. THOMPSON, Clerk, Supreme Court. Dated October 19, 1910.

ASIANS MAY UNITE TO THROW OFF WHITE YOKE

People of Afghanistan, Persia and India Are Becoming More Friendly.

BOMBAY, October 8.—From secret sympathy, the Indians and the Persians are developing a definite cooperation, under the leadership of prominent Parsees and Persian notables. It is a movement that is full of international possibilities for the near future.

Even in London the Persian Minister, Mirza Mehdi Khan, and a well known Parsee, Nasarvanji M. Cooper, are openly supporting the movement, though in the most modest form of encouraging rich Indians to found schools and hospitals in Persia. Already there are many Indian traders in Persia and their relations with the Persians—who call them Zoroastrians—are quite cordial.

From now on Parsee merchants of Bombay will be encouraged to visit Persia regularly, under the auspices of the Persian Government, for Persian advisers are anxious to secure money for international development from nations in sympathy with Asian ideals, and lacking the power of the aggressive European nations. They see in Indian rupees an escape from Russian and British loans, overshadowed by Cossacks and khaki-clad troops.

Indian secessionists are watching developments in the hope of uniting Persia, Afghanistan and India in one big movement for the freeing of Western Asia from white domination.

Inter-island and O. R. & L. Shipping books for sale at the Bulletin office, 50c each.

World's record for diving, and was second in the contest for shot-putting.

Since leaving the Islands he has been in the East some time, taking a course in osteopathy, and had started in on a course in medicine, but the failure of his eyes caused a dropping of that study.

Of late Dan has been in Nevada, at one time holding the office of deputy sheriff and quarantine officer at Goldfield. Since the first of September he has been in the employ of the Wells Fargo Express Company, acting as special guard to large shipments of gold from the mines to San Francisco.

According to Dan's father, who called at the Bulletin office this morning, Dan is liable to remain in the Islands, although nothing can be said for sure.

All who are fond of water sports are glad to hear that Dan is on his way home and hope he will stay here, as he is a leader in all sports of that nature.

DAN RENEAR MAY REMAIN HERE

Dan Renear is coming home. That is almost as good news as information that a big party of tourists is expected to arrive and stay a year.

Mr. Renear, Dan's father, received a cable from the champion in aquatic sports to the effect that he would be along this way on the next Wilhelmina or Hilonian, and he will be welcomed, as Dan is well known and well liked throughout the Islands.

It will be remembered that it was nearly six years ago that Dan lowered the world's record for one hundred yards through the water at an exhibition given here on the waterfront. Later he tackled the world's champion swimmer, Daniels, for the honors, but was beaten by so small a margin that it did not detract from his record.

At the present time Dan holds the

The directors of the Waiwala Agricultural Company paid a visit to the plantation yesterday for the purpose of inspection.

Word has been received from S. M. Damon stating that he is at present in London. He expects to return to Hawaii in December.

MANY SPEAKERS; FEW TO LISTEN

Democrats Have Disappointing Audience at Fifth's Meeting.

Less than a hundred and fifty people, exclusive of passers-by, attended a widely advertised Democratic meeting held last night at Liliha and School streets. Including women, children and Orientals, the attendance was about 150. However, this did not keep the Democratic campaign speakers from spreading promises "thick and fast. A feature was the singing of Hawaiian women.

Mayor Fern, in addressing the small audience, asked them one and all, to vote for Fern again on the election day. He also spoke for the election of the Democratic candidates. He said that the Republican party had always worked for the benefit of a few people who control the moneyed interests in the Islands.

He emphasized the statement that if they wanted to have their country, flooded with the Russians and European immigrants, to vote for Republicans. But, if on the other hand, they opposed the importation of undesirable immigrants, then he said, vote for the Democrats.

Sheriff Jarrett and Deputy Rose each, made long speeches. They said that they have done their duties the best they knew how and again asked the voters to give them another trial in the office. They were "poloiled" by the audience.

David Kuphea, who is running for the House, W. W. Thayer, candidate for County Attorney, and a few other Democrats impressed upon the minds of their hearers that they stood ready to work for the general good of the community, if they were elected on the 8th day of November.

Leahie Petrie, the supervisory candidate, urged his audience, kanes, wahines, kekis and the old people, to help elect the Democratic ticket.

Four robbers blew open the safe of the W. H. Aitken & Co. bank at Bentley, Mich., last week and escaped with \$200 cash.

Have It Done the Regal Way

Of course you have your shoes repaired—you know you usually can get a good deal of additional service from them after the first sole is worn out. But how do you have it done? By the ordinary cobblers' method? If you do, your experience has undoubtedly shown you how unsatisfactory this method is. You most likely get inferior materials and clumsy workmanship. Besides this, the usual method of "lapping"—that is, piecing the sole midway in the shank—gives the shoe a decidedly unsightly look.

Then, again, the nails sometimes used by the cobbler cause no little discomfort to the foot. They are driven clear through to the inside of the shoe and are clinched on the inner sole.

So, when the cobbler hands you your shoes, they look like the photo below, don't they?

THE ORDINARY WAY OF HALF-SOLE REPAIRING. THE "REGAL WAY" OF REPAIRING SHOES.

Now, take the "Regal Way": First, the work is done by expert shoemakers, using just the same methods by which the first soles were attached at the Regal factories. The old, worn-out sole and heel are removed. A new sole of genuine OAK BARK TANNED leather is sewed on. Bear in mind that this sole is complete—it extends from toe to heel, and it is SEWED on, not nailed. A new heel, built of whole lifts of this same unaged stock, is attached. All edges are carefully beveled and finished, just as they are in the Regal factories.

When you get your shoes back they are just as comfortable and practical as any stylish and serviceable as when you first bought them. And it does not cost a lot, either—no more than any first-class cobbler would charge.

The next time you want your shoes repaired bring them to this store. Tell our salesman you want them repaired the "Regal Way." Then you'll get a job that looks just like the photograph at the top of this page.

BIG LOSS FROM NIGHT FIRE

Dr. Straub Is \$4,000 Out of Pocket Through Sudden Blaze.

At 10:56 last night a fire alarm was turned in from box 13 on Alakea street, and at 11:4, the old McGrew residence on the corner of Beretania and Richards streets was completely gutted. Dr. Straub, who was consulting physician of the Honolulu Institute of Physiotherapy, which was located in the building, sustained a loss of about \$4,000, and all his instruments were destroyed. The building was not insured, and it will be a total loss; it was a very old house and burnt like a box of matches once it had caught alight. The cause of the fire was undoubtedly a short circuited wire and, as the house was simply one mass of wires of all descriptions, there is no doubt in the mind of Fire Chief Thurston as to how the blaze started.

The fire started in the X-ray room and it was there that the flames did the most damage to the flooring. The room is gutted, as in fact the whole house is, but there are more holes in the floor there than in any other part of the building.

The rooms that were fitted out for different electrical treatments, have been absolutely cleared of all their contents. Remains of baths and cabinets are to be seen mixed up with burnt wood and ashes. The gymnastic appliances are also all destroyed, and there is nothing left that could possibly be of any service again.

The fire brigade got the alarm at 10:56 o'clock, and the steam and chemical engines were quickly on the spot. Chief Thurston saw at a glance that the place was doomed, and he at once directed his attention to preventing the blaze from spreading to the other buildings in the grounds.

The two story cottage that adjoins the burnt building, is only separated by a six feet passageway. The heat from the fire blistered the walls of the other building and, only for the efforts of the chemical engine crew, the place must have gone up. As it was the wall paper and curtains in one room were scorched and discolored.

When the alarm was turned in, the fire chief and assistant Deering were quickly on the spot. The Makiki brigade was called in to cover the town while the central men fought the flames. As soon as the Makiki fire ladders came along, Chief Thurston ordered them to stay by the fire and protect the other buildings.

Superintendent Brown, of the Hawaiian Hotel, was in his office when the alarm was turned into him by a man named Canfield. The latter had been walking past the McGrew building and saw smoke coming out of a window. Before Brown could get to the cottage the flames were shooting out through the roof, and the whole place was ablaze. The rapidity with which the fire destroyed the house is shown by the fact that the alarm was turned in at 10:56 and in eight minutes the place was gutted. A large clock that used to hang in the hallway, was found this morning among the charred beams; the timepiece had stopped at 11:4.

Dr. Straub resides in another cottage at the rear of the burnt building, and he knew nothing of the affair till he was called by Brown. The doctor found it impossible to get into the burning house and nothing was saved by him. He is partially insured as regards his instruments, but figures his loss at about \$4,000.

While the McGrew cottage was still burning, another alarm was turned in from the Railroad wharf. The Makiki engine was sent down there, but found out that it was an alarm for the fire that had just left. The man who turned in the alarm did not know that the whistle announcing fires had been abolished, and he consequently thought the fire had escaped the notice of the department.

In future the whistle will not be sounded when an alarm is turned in; the only whistle that will be given will be in case an electrician is needed to work on wires.

The "save" of the big cottage adjoining the McGrew one, is thought to be as good a piece of work as has been done in Honolulu. The fire ladders took all sorts of chances, and Lieutenant J. Campbell had his hand badly burnt when the flames rushed through a side door and enveloped him and his mates.

Dr. Straub has not decided upon what to do as regards re-opening his Institute, but he will make up his mind within a day or two, when he finds out exactly where he stands.

Inflamed Kidneys

Have you had kidney trouble (inflammation of the kidneys) over six months? If so, recognized authorities declare it incurable. U. S. deaths now nearly 90,000 annually. Call for free diet list and literature that may prolong or save your life.

LONE STAR TO HAWAII NEI

Texans Would Visit Here Some Two Hundred Strong.

Despite the fact that Texas is the largest State in the Union and a land wherein the unlimited possibilities, there are said to be some two hundred residents who have already been sufficiently interested in the outlying possessions of Uncle Sam to undertake a journey of thousands of leagues across the seas and spy out a land of promise for themselves.

In a letter received from Southern California comes the announcement that as one of the beneficial results following the recent excursion of business men and others, starting from Los Angeles and visiting Hawaii and the Philippines, at least two hundred bankers, lawyers, capitalists and stockmen will start from a central point within the borders of the Lone Star State and take passage at San Francisco the first of the year. The intention is to cover a round-trip tour of the countries within and bordering on the Pacific.

It is expected that the excursionists will be gathered from every quarter of the State, and a large percentage will undoubtedly be investors commanding a wide range of capital.

One of the Texans who will head the party is a solid business man of El Paso, heavily interested in the growth of that city and closely allied with the smelter business near it. His attention will in part be given to smelter possibilities in the Philippines, it is said.

Another is a woman who has wide business holdings in the northern part of the State. She was almost as enthusiastic as her fellow traveler, promising that she would bring friends with her to investigate the apparently glowing promise of material prosperity which the future holds out for the islands.

MILLION WILL BE SPENT

(Continued from Page 6)
ever-increasing number of tourist and homeseekers.

"Excursion From Boston.
"By the last mail we received a letter from Mr. H. W. Dunning, president of the H. W. Dunning Foreign Tours Co. of Boston, written from San Francisco, stating that he was in that city making arrangement for an excursion to Hawaii for next March and that he hoped to bring from 100 to 150 people from the East. Mr. Dunning was specially anxious to ascertain if his party could be accommodated at Kilauea. We will send a full line of information on things Hawaiian to Mr. Dunning by the Korea.

"The Librarian of the Los Angeles Public Library writes for more of our folders, saying that the demand for information concerning Hawaii is very great and that she will be pleased to carry a line of our folders in her office and distribute them where they will do us good.
Western Pacific Interested.

"Mr. E. L. Lomax, formerly connected with the Union Pacific Railway, now passenger traffic manager for the Western Pacific Railway Company, writes that he will be glad to cooperate with us in working for travel to Hawaii, stating in his letter that in his opinion the publicity we are securing at Atlantic City is going to prove of great benefit to us.

"In this connection our agent at Atlantic City, Mr. Frank J. Vierra writes:

"We are having numerous inquiries daily in regard to trips to Hawaii, and I am kept busy telling tourists how to get there."

"Through the courtesy of the Hawaiian Sugar Planters' Experiment Station management, we have been able to secure for parties in Noumea, New Caledonia, desired information in connection with the insect enemies of lantana, which is doing much damage there."

WILL BREAK GROUND ABOUT NEXT MONDAY

Ground-breaking for the new Y. M. C. A. building has been delayed for a week, and the prospects are that the contractors will not begin work before next Monday or Tuesday. The original intention was to have the ground-breaking exercises last Tuesday, but delays in writing the bond of the contracting company and in drawing up the contract, which delayed the bond, prevented the plan from being carried out.

It is only by labor that thought can be made healthy, and only by thought that labor can be made happy; and the two can not be separated with impunity.—Ruskin.

On the eighth of next month let no one grieve over-much for McCandless. He's quite used to it.

Boss McCandless' status with the honorable Democrats is very much like a burr under the saddle blanket of a broncho.

The deeper the investigators go into the Lorimer case the more we admire the decision of Teddy not to eat with him.

"In Old Madrid" at the present moment the conditions do not seem to harmonize with what was set forth in song and story.

Now watch the Progressives roll up a majority for the whole Republican ticket that will amount to an advisory vote for the next fifty years.

It would seem that the Monte Carlo at the foot of Fort street is responsible for the thinning out of the evening strollers on the city's streets.

The Republican prospects are the brightest ever at the present moment. The party is responding to the popular demand. It is appealing to the moral and progressive sense of the people.

ular demand. It is appealing to the moral and progressive sense of the people.

Don't fool yourself with the idea that Trent is not with McCandless in this campaign. Trent is the McCandless right bower, and always has been since McCandless became boss of the Democratic party in order to satisfy his great personal political ambitions.

WITHHOLDING LEGITIMATE NEWS.

Coincident with the recent shake-up in public offices, the Bulletin has been besieged by the usual number of unfortunate ones whose names have been associated with the real or alleged irregularities, to keep their names or the incident "out of the paper."

In one instance a high official sent a special messenger to the Bulletin office to state that the high official would consider it a personal favor if this paper refrained from stating why he had disciplined men under him.

This paper does not receive the requests or the special messengers in a spirit of resentment, but we do wish to publicly state, that when these officials go to any newspaper office with any such requests they are actually conspiring to cheat the public out of that to which the people have a right at all times—the facts.

Why should the Bulletin withhold from its readers the facts regarding the acts of public officers?

Why should the public officer who has been thoughtless or delinquent ask that the facts be not published?

What is a public officer anyway, that he should be honored with a public trust, and then when he has violated a regulation or done that which subjects him to discipline be especially shielded?

Where would that sort of practice among the newspapers, whose subscribers pay for the legitimate news of the day, eventually land the public service?

There is no place on earth where the newspapers are more lenient than those of Honolulu, in withholding names and facts concerning people who have got into trouble. It is a question how far this custom or kindness may be responsible for others joining the delinquents.

There is no place on earth where the newspapers are more ready to protect from publicity the unfortunate who have suffered some particular or great misfortune for which they are in no way responsible or that involves purely personal matters. This is as it should be and no one in such misfortune has ever come to the Bulletin and been refused a request to refrain from undue publicity of their difficulties.

But when public officers or private citizens, men or women, girls or boys conduct themselves in a manner that brings upon them official discipline or lands them in the courts, they have no claim whatever on the newspapers to refrain from publishing the facts. In nine cases out of ten more harm is done the persons themselves by withholding the facts.

And if the facts do harm them, it is almost certain that the case is such that the public should know what is going on.

TRENT AND McCANDLESS.

It should be fully understood by the voters of this city and county that a vote for Trent is a vote for McCandless.

All through the campaign thus far it has been apparent that McCandless has slanted himself in the name of the Democratic party to do the anti-missionary stunt while Trent is slanted to gather in the support from the missionary side of the house. They are working a fine saw game.

Trent has to do his work in secret. His is the evasive and the sidestepping stunt, while of course McCandless has to get out in the open and

KAUAI SURVEY IS COMPLETED

Topographers Will Go to Hawaii For Job of Four Years.

"It has taken more than a year to finish the topographic survey of Kauai," said Superintendent of Public Works Campbell this morning, "and it is the most important work done in the Territory."

"Ninety per cent. of the land of this territory is unknown except by what people have gathered from riding over it," he continued, "but the work of the survey party during these months has put us in possession of information about Kauai which is absolutely accurate and which will be of great benefit to us in many ways, especially the accurate measurement of the forest area of the island."

The work which has been done on Kauai was by cooperation of Federal and Territorial governments, and the party has consisted of two chiefs and seven assistant topographers, with assistants which have brought the total of the parties in the field up to between thirty and forty men constantly at work.

Up to June of this year the chiefs and assistants were furnished by the Federal government, together with the necessary instruments, the Territory paying all salaries and other expenses of the work, but since June the Federal government itself has paid the salaries of its own men.

Under the conservation act this work will be continued, and will take in every island, with the possible exception of Oahu, which the military authorities have surveyed and mapped thoroughly and whose data will be available for the government without expense of any kind.

As soon as some of the map-making is completed, the topographers will go to Hawaii and commence work on the Big Island, which it will take four or five years to finish completely. The mountain section will be left until the last, however, and as soon as the forest work is done the party will be split up to do the mountain work.

In this connection the party will probably be broken up and part of

the men will go to Maui to do the work there.

The work has been in charge of C. H. Birdseye and George R. Davis, as chief topographers, and W. H. Barringer, P. H. Maurice, J. D. Taylor, Sidney Birdseye, H. L. McDonald, A. J. Ogle and O. G. Taylor, as assistants.

In the work on Kauai it was found that Kauai was eighty feet lower than previous figures had given it, the highest point being 5170 feet instead of 5250, as was thought. The next highest point on the island was 5080 feet instead of 5240, as previously thought.

WAIPAHU RALLY ON FOR TONIGHT

(Continued from Page 1) trict will have an inning, a meeting being scheduled at Kinau and Luso streets, in the Punchbowl district.

The Republicans were rallying in the Fourth District last night. Many hundreds turned out to the meeting at Mollili, where James Boyd and James K. Marsberg were the masters of ceremony. Most of the candidates made brief talks, and some of them stopped for more extended attacks on Boss McCandless and his campaign of false promises.

The Democrats hold two meetings tonight, one at Punchbowl and the other at Kaili camp, in the Fourth and Fifth districts, respectively. The Bourbon forces have been divided into two squads, called Group 1 and Group 2. No. 1 consists of B. G. Rivenburgh, Jack Kalakala, Joela Kikakahi, W. H. McClellan, Lester Petrie, Sheriff Jarrett, Deputy Sheriff Ross, Richard Trent and W. W. Thayer. In Group 2 are W. S. Edings, Edward Hanapi, Mayor Fern, Robert Pahau, M. C. Pacheco, H. H. Plemmer, M. E. Silva, J. C. Anderson and Charles Baker. Candidates for Representatives spent in their own districts. The candidates at-large move around by groups.

Weekly Bulletin \$1 per year.

A new stunt every day at the Anchor Saloon, Nuuanu and King.

Six-chair shop; no long waits.
Silent Barber Shop, Hotel street.

W. R. Castle is expected back from the mainland in December.

Miss Louise Irwin, hairdresser and manicure, Phone 5919, Young Bldg.

Judge Lindsay started his lectures on commercial law at the Y. M. C. A. last night.

Major Winslow of the U. S. Engineer's office has gone to Kaula to look over government work.

If you want a good job done on an auto or carriage take it to Hawaiian Carriage Mfg. Co., 427 Queen St.

There were only nine cases on the Police Court calendar this morning and Judge Andrade did not sit long.

Dr. H. L. Dickey, a recent arrival in Honolulu from the East, has taken up his residence at the Courtland.

Pay cash and ask for green stamps. They're free. Call at the show rooms and see what you get free for stamps.

Fred H. McNamara has removed his store, The Curio Den, farther down town taking the store at 1119 Fort street just above Hotel street.

The series of round-ups at the Y. M. C. A., which are held annually, will start next Saturday night. The round-ups are in the nature of socials.

Dr. Dickey: Eye, Ear, Nose, Throat, 1150 Alakea street (opp. Royal Hawaiian Hotel). Hours 9-12:30 and 1:30-4:30. Sunday, 10-11. Evenings by appointment.

There are some exquisite picture frames in metal and wood at the Honolulu Photo Supply Co., Fort below Hotel, which will make your pictures very attractive.

The Regal Shoes come in quarter sizes insuring a perfect fit. All the Regals are built on custom models. See them at the Regal Shoe Store, King and Bethel streets.

A booby individual was up before Judge Andrade this morning and, after pleading guilty, was treated to a lecture and given a suspended sentence of thirteen months.

Iwabusa, a Japanese who was charged with having killed a savage dog which went into his house, was discharged from custody this morning, as the judge decided that the act was justified.

Machinery for the big turbine-driven dredger which the Hawaiian Dredging Company will put into use at Pearl Harbor has arrived from the Coast and is stowed away on several of the wharves.

Registrar Lemon reports as follows on deaths from contagious diseases in the district of Honolulu for the sixteen days ending October 16: Diphtheria 1, typhoid fever 2, tuberculosis 5; total 8.

Towels will be the feature of Saturday's special at Sachs. Half Bleached Damask Linen, regular price \$4.25, will be sold for \$3, while hemstitched with colored border are priced at \$3.50, reduced from \$4.75.

TRUSTEE APPOINTMENT ASKED BY HOLT

James L. Holt has asked the court to appoint Hawaiian Trust Company as trustee of the estate of Robert W. Holt, who died July 6, 1862, and whose estate has been handled by many since that time.

The bill traces the history of the estate through the hands of many trustees, some serving for several years and others for only months, the last being J. P. Colburn, who resigned the trusteeship September 30 of this year.

Holt claims that he is the sole heir and that Colburn took possession of the estate after his appointment had been reversed by the Supreme Court. This appointment was made November 19, 1907, and Colburn resigned on September 30 of this year.

SAYS KUBEY WILL GET SQUARE DEAL

Charges Against Assistant Postmaster to Be Thoroughly Sifted.

The fact that Joseph Kubej, assistant postmaster, was one of the outsiders in the crap game at the custom house that resulted in a shake-up in the customs force, forms the basis of charges that are now being investigated by Postmaster Pratt. Mr. Pratt said this morning:

"The matter is being thoroughly and carefully looked into, and if it is found that Kubej's participation in gambling games is common, of course action will have to be taken. However, Kubej is so far as my previous experience with him extends, a thoroughly capable and conscientious man, who has not violated my confidence in him. His work is good and he is faithful in the discharge of his duties."

SPECIAL CARRIER.

A special carrier is at the Bulletin office every evening after 5:30 p. m., to deliver the Bulletin to subscribers who fail to receive it from the regular carrier. Telephone 2256 and paper will be immediately delivered.

CASTORIA

for Infants and Children.
What is Castoria?

CASTORIA is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance (Narcotics stupefy). Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The mother's Friend.

The signature of *Dr. J. C. Fletcher* is on every wrapper of genuine Castoria. Physicians Recommend Castoria.

"My patients invariably praise the action of your Castoria." W. W. TUNNEY, M. D., Buffalo, N. Y.

"During my medical practice I recall of several cases where your Castoria was prescribed and used with good results." E. MORGAN, M. D., St. Louis, Mo.

"Your Castoria is certainly the greatest remedy for children I know of. I know of other proprietary preparations which is its equal." B. S. SCHWARTZ, M. D., Kansas City, Mo.

"I use your Castoria and advise its use in all families where there are children." J. W. DISBALLE, M. D., Chicago, Ill.

"Your Castoria is the best remedy in the world for children and that is why I use and recommend." ANNE V. SWETLAND, M. D., Omaha, Neb.

"I have used your Castoria as a purgative in the case of children for years past with most happy effect, and fully endorse it as a safe remedy." H. D. BESENER, M. D., Philadelphia, Pa.

Children Cry for Fletcher's Castoria.

Democratic Meetings Tonight

"Come and Hear the Truth"
Kalihi Camp, 7.30
Luzo and Punchbowl Streets

IMPROVEMENTS OF \$82,000

(Continued from Page 1)
not yet been completed, but it will be an up-to-date structure, with plenty of length to accommodate ships coming to the port, and of sufficient breadth to handle all traffic which comes to it.

One of the most important undertakings from a standpoint of general use and health is the construction of a children's home at Kalihi.

This home is designed for the non-leprous children of leprous parents and is something which has been needed for a long time, as at present there are no adequate accommodations for these children who are not afflicted with the disease of their fathers or mothers.

This home will be a home really, and one where the children can have all and more comforts than they could have in their own homes—not an asylum, but a home in the fullest sense of the word—and to that end everything will be done to make the building cheerful and convenient for its inmates.

Another improvement is the addition of a new boiler to Beretania pumping station and the installation of new water pipes on Alapai and Lunalihi streets.

Just a few days ago the government completed a new seawall for the Oceanic wharf at considerable expense, and has laid a new floor on that section of the wharf which gave way a few weeks ago on account of having too much freight piled upon it.

In regard to the wharf now occupied by the Matson company, there will be nothing especially done to it at present, but in the near future the ground near the street will be brought up to a level so that the whole section will be available for traffic instead of the two narrow lanes now used.

The government itself will probably lay the rails on Hackfeld wharf and the railroad company will bring its rails to the wharf to make connections.

The Superintendent of Public Works stated this morning that he expected to have all the specifications ready soon and the propositions would be advertised and tenders asked within the next two weeks.

Asked if work would begin before the first of the year, he stated that on some of the propositions he expected it would be started by the end of November.

CHINESE CONSUL GIVES DINNER

His Imperial Chinese Majesty's Consul, Liang Kwo Ying, last night entertained at dinner in honor of Stephen Connell, the United States secret service man, who was in charge of Prince Suun during his trip to the mainland.

Some sixteen guests sat down to dinner, which was served in the best Chinese fashion. Around the table were representatives of the law, business community and the press.

The consul was at his best when speaking on the subject of the future of China. Tai Chan Hee, the English secretary at the consulate, interpreted the consul's remarks and showed a good command of the English language. There were many toasts honored, and some brilliant speeches were made.

Mr. Connell was received with cheers when he responded to the toast that was drunk to his health. He said that he had enjoyed every moment of the trip with the Chinese prince, and that he found the staff officers who accompanied the prince to be most considerate gentlemen.

It was stated that the prince had decided to make Mr. Connell an offer to go to China and establish a secret service modeled on the American plan.

The party broke up at an early hour, as most of those present had to attend political meetings later in the evening.

Y. M. C. A. "ROUND-UP" FOR NEXT SATURDAY

Evening of Fun in Out-of-Door Stunts Is Promised Members.

The Y. M. C. A. will begin its annual "round-ups" next Saturday night, with an evening of fun whose details are now cloaked in mystery. Invitations have been sent out asking each member to bring a mysterious package, a good stunt, ten cents for car-fare and an ukulele or other musical instrument.

This is the third year of the "round-ups" and will be attended by more than 200 of the Y. M. C. A. members. The fun will be somewhere in the open air, and as the moon will be bright, a good time is promised. There will be a campfire, entertainment and plenty to eat.

BULLETIN ADS PAY

A "SLASH" SALE

is imperative. The store is full of goods and we just have to make room for Fall and Holiday Goods. To do so we "slash" all standard prices in a manner that must seem startling to our big-profit competitors.

"Slash" Prices in effect today and until after October 31. There is no line so standard in our stock that it has not been marked with the "slash" sale price.

There are SHOES, MEN'S HATS and LADIES' TRIMMED HATS, DRESS GOODS and SHIRT-WAISTS here in abundance, at prices that are MONEY-SAVERS for you. The bargains are too numerous, and the profits too small to pay for big advertisements, but our windows and counters tell the story. See them.

THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Noah, Ky. — "I was passing through the Change of Life and suffered from headaches, nervous prostration, and hemorrhages."

"Lydia E. Pinkham's Vegetable Compound made me well and strong, so that I can do all my housework, and attend to the stove and post-office, and feel much younger than I really am."

"Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all kinds of female troubles, and I feel that I can never praise it enough." — Mrs. LIZZIE HOLLAND, Noah, Ky.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

NEW BILL FOR THE ORPHEUM

Howard Players Will Present Famous Drama, "Witching Hour."

The Howard Company will present "The Witching Hour" at the New Orpheum this evening and every indication points to a crowded house. This is the famous play with which Augustus Thomas endowed John Mason and, now in its third year it promises to live as long, as if not longer than, any other American play yet written.

For plays may come and plays may go, and the average hit of the hour is as ephemeral as the latest style in hats, but "The Witching Hour" is the kind that sends you out into the night, not with damped nerves and sprained morals, but with tender memories as sweet and lasting as the memory of the fair girl that makes fragrant the life of old Judge Penitence "with the delicate odor of the mimosa."

"The mere anticipation of that seariveting second act is enough to send one to The Witching Hour repeatedly," is the way a San Francisco critic put it after seeing the wonderful play at the Savoy theatre two weeks ago.

"One waits for the thrilling revelation—and how tenderly, how subtly, how surely it comes. If you have seen the piece you cannot help casting a quick glance about the house to see the whole audience come up with a jerk; then you get yourself and it keeps coming back at you throbbing after throbbing in a quick crescendo and then fades away to a tender, sad satisfaction as the curtain falls on the old Judge kissing the handkerchief of a dead sweetheart of long ago, and you too, sense the delicate fragrance and tell that for you that it has also become a long lingering memory."

Attention is called to the fact that immediately upon the rise of the curtain Jack Brookfield (Mr. Howard) enters and the weaving of the plot of the story begins instantly. The curtain rises promptly at 8:15 o'clock.

CHINESE EXTENSION WORK IS PLANNED

Class in Bookkeeping May Be Organized at Y. M. C. A. at Night.

Extension work will be carried on by the Y. M. C. A. in the local Chinese association, according to present plans. On October 25 a conference is to be held at the Chinese Y. M. C. A. looking toward the establishment of a night school in book-keeping. The Y. M. C. A. now is carrying on extension work in the Japanese Association.

Every class in the night school is overflowing, except that in commercial law, which opened only last night, says Secretary Paul Super. The attendance is now more than 200, the largest in the history of the association.

Chalmers

MOTOR CARS

THE Chalmers "30" is the only medium priced car that was ever awarded the Glidden Trophy

Of all the Glidden Tours, that of 1910 was the longest, and by far the hardest. It lasted for sixteen running days and covered 2,851 miles. It started at Cincinnati and went "by way of Dallas, Texas," through thirteen States to Chicago.

Words and pictures cannot make plain the racking cobblestone roads of Kentucky—the stump-studded forest trails of the Tennessee mountains—the swamps of Arkansas—the deep, treacherous sands of Texas—the mud of Kansas—the bridgeless southern streams or the scorching heat that punished cars and men alike.

It is the opinion of experts who made this tour that no car in the world could have completed it with a perfect score. Yet, from Cincinnati to Louisville—to Nashville—to Sheffield, Ala.—to Memphis—to Little Rock—to Hot Springs—to Texarkana—to Dallas—to Lawton, Oklahoma—to Oklahoma City—to Wichita, Kansas—eleven consecutive days out of the sixteen, through the hardest part of the trip—and for five days after every other car on the tour had been penalized, not a single point could be assessed against the Chalmers "30"—the \$1500 car—\$1600 with magneto, Prest-O-Lite tank and gas lamps.

In all the history of motoring, there is no performance like this. The Glidden Trophy has never been won before by a car costing less than \$4000.

If you are thinking of buying a car, what better proof could you ask of reliable performance under all conditions than you have in the Glidden Tour record of the winning Chalmers "30"?

The Chalmers "30" has never been defeated in any important motoring event by any car of its price and power class. The Chalmers "Forty" won the Detroit Trophy in the 1909 Glidden Tour. Chalmers cars have won more events of all kinds in proportion to the number entered than other cars.

In addition to perfect mechanical performance, you get in the Chalmers all the beauty of line and finish that you can find in any car.

What more could you ask in any car at any price than you get in the medium-priced Chalmers?

We have never had so large a volume of business as we have now. There has never been so satisfying a demand for Chalmers cars as there has been since we announced our 1911 models. Yet this demand will not affect the Chalmers policy of building cars for quality, not quantity.

We suggest, therefore, that you place your order now, so as to be sure of getting the car that is your first choice. Chalmers cars are the first choice of those who look most carefully into the automobile question and know the most about automobile values.

1911 cars are now on exhibition. Deliveries are being made according to schedule.

Chalmers Motor Company Detroit, Mich.
Licensed under Selden Patent

ASSOCIATED GARAGE, DEALERS IN MOTOR CARS

HOME OF UNCLE REMUS WILL BE PRESERVED AS MEMORIAL OF AUTHOR WHO MADE BR'ER RABBIT FAMOUS.

ATLANTA, Ga., Sept. 27.—The Uncle Remus Memorial Association of Atlanta, of which Mrs. A. McD. Wilson is president and of which President Taft, former President Roosevelt, Andrew Carnegie and Henry Watterson are honorary vice presidents, is raising money to preserve the Atlanta home of the late Joel Chandler Harris as a memorial. Ever since the death of Uncle Remus on July 8, 1908, his home, known far and wide as Snap Bean farm, has been the Mecca of hundreds of pilgrims who know his tales. Colonel Roosevelt has accepted an invitation to speak at Atlanta on October 8 for the benefit of the association, and the money derived from his lecture will be added to the fund started by Andrew Carnegie with a check for \$5000. The house is now owned by the heirs of the dead author and is valued at more than \$25,000. Several wealthy persons offered to buy the place and give it to the association, but the people of Atlanta thought that as Uncle Remus was known and beloved by so many all

should be allowed to have a part in the purchase.

UNCLE REMUS.
And many a moon
Will wax and wane
Before we see
His like again.

The rabbit will hide
As he always hid,
And the fox will do
As he always did.

But who can tell us
What they say
Since Uncle Remus
Has passed away?

SEND T. HOPKINS, Prop. 27 West Jones Street New York

SPAIN MAY BE THE NEXT

Queen Victoria Lives in Constant Fear of Husband's Death.

LONDON, Oct. 7.—There can be no doubt of the fact that the throne of Spain is tottering, and, although King Alfonso has a certain degree of popularity with his people, revolution is in the air. The spirit of revolt will not down.

The queen mother, it is well understood, exerts a powerful influence over her son, and all against the idea of reform and progress. She is a woman of strong character and is thoroughly imbued with the traditions of old Spain.

There is, however, another influence which complicates the difficulties confronting King Alfonso. Queen Victoria, who was an English princess, would welcome any change that would permit her retirement from a kingdom where she lives in constant terror.

Queen Lives in Hourly Dread.

Like the unhappy czarina, Queen Victoria lives in hourly dread of the news that her husband has been assassinated, or her children slain. The great mass of the people has never relished the alliance with Great Britain, due to this royal marriage, and the queen knows it. She herself has never taken kindly to the rigorous etiquette of the Spanish court, and has at times given offense in this respect to some of the old school dons.

Ready to Abandon Royal Position.

In terror of death she would gladly abandon her royal position and seek safety and peace for her husband and children in England.

Queen Victoria realizes that even if King Alfonso acceded to the ultimate demands of the liberals he might be only temporarily warding off the final blow. She has come to the belief that the monarchy is doctored, and would gladly see her husband abdicate his throne in peaceful manner, but otherwise some awful tragedy may rob him of crown and scepter as well as life.

Queen Victoria has never recovered from the nervous shock she suffered on her wedding day, when she and King Alfonso narrowly escaped death from a bomb that exploded almost beneath the royal coach. That was a tragic welcome for a bride, and since that day she has never been able to blot out the horror of knowing that plots against the throne are in daily progress.

BORN.

CONGRER—In this city, October 19, 1910, to the wife of O. D. Conger, a son.

Mrs. Helene Annis, widow of William E. Annis, who was killed by Capt. Peter G. Hains, Jr., will oppose the pardon of the prisoner, whose application is now before Gov. Hughes.

THE SITUATION IN PORTUGAL

Peace and Prosperity Quickly Follow Change from Kingdom to Republic.

LISEON, October 7.—The establishment of a republic in Portugal is an accomplished fact.

The Republican flag flutters on almost every building and from every vehicle; the streets are thronged with promenaders, including a good sprinkling of tourists with guide books in hand; shops and offices have been reopened and business generally has been resumed.

King's Portrait Disappears.

The noticeable outward sign of the new regime are the presence everywhere of the green and red flag of the republic and the complete disappearance of King Manuel's portrait from public exhibition. These have given way to pictures of members of the new government and the photographic records of the revolution in the shape of groups of armed leaders and companies of insurgent troops, not in action, but posing for the camera.

The damage done to the city by the bombardment was surprisingly slight. The total number killed has not been ascertained, but it probably does not exceed 300.

Crowds Cheer New Flag.

A couple of hotels near the station bear traces of having been struck by shells and bullets.

The streets never were so busy as at present. Cheering for the republic, troops on horse and afoot pass and repass, all carrying the Republican flag, which the people massed on the pavements salute, respectfully doffing their hats and cheering.

President Braga.

The most interesting man in Portugal is the new President, Theophile Braga, who may be said without exaggeration to be the father, not only of this revolution, but of that in Brazil. Under his wise leadership, the Republican government is rapidly establishing itself on a firm basis. Perfect order has been established in the city, and the revolutionary forces appear to be in absolute control of the situation.

In the Provinces.

Nothing is given out as to the exact situation in the provinces, but it is considered possible that the Republican sentiment is almost, if not quite, as strong there as in Lisbon and Oporto.

Military Preparation.

While order has been restored and the city shows few signs of the outbreak which resulted in the downfall of the monarchy, an ominous air of military preparation is still evident and there have been rumors during the day that loyal regiments from outlying fortresses were marching on the city. However, with the guns of the fleet trained on the city and the strong armed forces within the city unshaken in their support of the new order of things, there is little real cause for alarm.

Braga Tours City.

President Braga made a tour of the city this afternoon in an automobile, accompanied by President Fonseca of Brazil. They received an enthusiastic reception along the entire route.

NEWSIES ARE ENTHUSIASTIC

Five Prizes to Be Awarded Excite Their Interest.

"Butch," the diminutive Bulletin newsboy, seems to have an irreproachable lead in the newsboys' prize contest, as he holds constantly to a lead of several hundred papers gained over his nearest competitor, John Hoomana, early in the competition. "Butch" has a total of 8649 papers to \$244 sold by Hoomana.

"Butch" says, "the bicycle is mine."

John asks, "what kind of a suit of clothes will I get?"

Still there are over ten days in which some strange surprises may be sprung by one of the hustlers. Workers for both of the boys are not inclined to take the present count as fully indicative of the final one.

"Butch is going to win," says his friends.

"John is going to win," others claim.

If they maintain their present standing both will get prizes, as will three others. There are five prizes and any of them are fine enough to repay the boys well for their effort and keep them interested until the close of the contest on November 31st.

A bicycle, suit of clothes, boxing gloves, football or a pair of shoes as reward for doing the usual day's work well, is sufficient to actuate lazy boys to energetic effort and enthusiastic interest, to say nothing of Bulletin newsboys who are always on the job.

HAWAIIAN VOTE LEADS EASILY

(Special Bulletin Correspondence.)

HILO, Oct. 18.—An interesting and instructive compilation showing the nationality of the voters in the First District, comprising Puna, Hilo and Hanalei, has been gotten up by one of the members of the Board of Registration. It shows that the Portuguese vote is but little larger than that of the other whites, while the Hawaiian vote is 1090, as against 688 of all the other nationalities combined.

The nationality of the vote by precincts is as follows:

	Haw.	Am.	Port.	Jap.	Ch.
1st Precinct					
Kalapana	70	1			
2nd Precinct

SOLDIER KING SHOWS FINE FORM OVER TEN MILES COURSE

MAINLAND RUNNER COVERS DISTANCE IN 59 MINUTES 58 SECONDS, AND HAS SORE FOOT TO CONTENT WITH—SPECTATORS ASTONISHED AT WORK OF LITTLE FELLOW.

Soldier King showed yesterday that he is a very fast ten-mile runner, and there is no doubt that he can do fifteen miles at a real good rate of speed also. The Coast runner went down to the Boys' Field yesterday afternoon and reeled off ten miles in two seconds less than an hour. The mainland champion was fresh when he finished, and to show how well he felt, he turned a hand spring when the ten miles were thrown behind.

The first five miles were covered in three seconds over half an hour, and the second five were tripped off eight seconds faster. The pace was solid right through, and although one mile was rather slow—6 minutes 15 seconds—the soldier carved some of the miles out at a 5 minute 41 second clip.

There were a number of runners and followers of the sport down at the field yesterday, and many a watch timed King over laps, miles and the full distance. The runner made a wonderful impression on all those present, and there were few who would have given Kaoo a chance against the springs little Marathon man from the Coast. King seems unable to tire, and up to fifteen miles he seems able to maintain a fine turn of speed.

King is as light as a feather on his feet, and should it rain on the day of the big race, he will skim over the mud where Kaoo will founder up to his ankles in slush. The old Waiatua horse is going up against a hard proposition this time, and he will have to run faster than ever he did to keep up with King.

Kaoo Working Out.
Kaoo is thought by most people to have a better chance in a full Marathon distance race, and those who know what the old Hawaiian can do, hope that the men will be matched over the 26 miles 385 yards.
Down at Waianae, Kaoo is training, and he will be in good condition on the day of the race. He needs very little work on the road, as he is always in fairly good trim. He is quickening up his stride a

little, as he has heard of how King beats it along the track. All Hawaii wants Kaoo to win, and although the wisd ones shake their heads and say that King will win by a big margin, there is no telling what Antonio can do when up against a really fast man.

King went down to Leliehua this morning, and while there he will arrange for some of the officers to act as officials at the race. The runner knows a lot of the cavalrymen, and he will feel at home down at Schofield barracks. This morning King dropped into the Bulletin office and announced that he felt very fit after his strenuous run of yesterday. The sore toe with which he is troubled, is a bit better today, and he says that it will be O. K. within a short time now.

"I don't feel the effects of the climate yet," remarked King this morning. "I was told that it would take me some time to get acclimated, and that I would never run as well here as I did on the Coast. I don't find it that way at all; the climate is all right, and the way I ran yesterday shows that I am in good condition."

Tomorrow there will be a meeting at W. T. Rawlins' office, and the runners, managers and others interested in the race will gather together and make arrangements for selecting officials to take care of the race.

On Saturday all the people who can get away from their work will travel out to Alexander Field, and there have a look at King competing against Bill Rice and other fast schoolboy athletes. It should prove an interesting afternoon's sport, and the lads will be able to gather some information from King as to the proper way of running.

Nigel Jackson is acting as King's trainer and rubber down; the Marathon Kid knows a lot about the game, and he is as energetic over the work as he is over anything else. King thinks a lot of Jackson, and is giving him hints about the latest up-to-date methods of picking out muscles and tuning them up to concert pitch.

DOTS AND DASHES.

This evening at the University Club the chess tourney will be continued and Judge Ballou will play J. W. White. The judge has won two games so far, and if he succeeds in checkmating White two more times, the tourney will be ended.

The Alea people have built a tennis court, and already some of the players are getting into good enough form to later on tackle the Ewa bunch. The Gibb boys are showing great improvement in their game, and they and the other experts will soon be playing in tiptop style.

Dan Renear, the well-known swimmer, will be returning to Honolulu soon, and he will be a great addition to the ranks of the Healanis. Renear may settle down in the Islands for good, and that would be a fine thing for aquatic sports.

In the Junior Grammar School Indoor Baseball League series, the Palamas beat the Beretania nine last night by a score of 29 to 22.

ANTONE KAOO

The old "Waiatua Horse" who, on many occasions, has shown himself to be a champion long distance runner. He will race Soldier King fifteen miles on October 30.

"SOLDIER" KING

The Army's best runner, who will try and take the Hawaiian championship away from Kaoo, King has completed against the world's best Marathon runners.

COLT BREAKS WORLD'S RECORD FOR BABIES

Justice Brooke, Two-Year-Old, Puts Up Great Figures.

LEXINGTON, Ky., Oct. 5.—Justice Brooke, a brown colt by Baron Expectation, owned by the Dromare Farm at St. Clair, Mich., won the two-year-old division of the Kentucky Futurity today in straight heats and broke the world's record for two-year-old stallions in the second mile in 2:09 1/2.

The two heats of Justice Brooke also beat the record for a two-year-old race by two-year-old trotter Native Belle had previously taken the record by her two heats in 2:13 3/4 and 2:07 3/4 last fall in the Futurity here. Her heats averaged 2:10 3/4, while Justice Brooke's two in 2:11 1/2 and 2:09 1/2 averaged 2:10 1/2, or a quarter second better. Mr. Stokes, which had been a strong favorite for the race, was withdrawn on account of sickness.

The 2:08 pace, postponed from yesterday, was won by Independence Boy, his time in the heat run today, which decided the event being 2:09.

The association announced the putting on of a 2:05 pace for an \$800 purse for Friday, October 7, in place of the 2:02 pace, declared off.

Annabelle Lee, owned by George H. Smith and raced last year by Geers, dropped dead from an intestinal hemorrhage near the turn into the stretch in the last heat of the 2:11 pace. Her driver, McCoy, was unhurt. Results:

2:08 pace, three heats Tuesday, purse \$1000, three in five—Independence Boy won, Harry Mc second, Lady Isle third. Best time, 2:04 1/2. 2:15 trot, purse \$1000, three in five—Peter Dorsey won, Major Wellington second, Oxford Boy Jr. third. Best time, 2:09 3/4.

The Kentucky Futurity for 2-year-olds, value \$5000, two in three—Justice Brooke won in straight heats. Time, 2:11 1/2, 2:09 1/2. Main Leaf second, Silent Brigade and Peter Boy third. 2:11 pace, purse \$1000, three in five—Princess Hal won, The Orator second, Mark Knight third. Best time 2:08 1/4.

Not content with having been beaten twice, the owner of Mary Winkelfield is going to once more run his mare against Lizzie Moore. At least, the mares will race, although it is said that two other men are putting up the money. The race will be over three furlongs, and will come off at Kapiolani Park on Saturday afternoon next.

FOUR TEAMS ARE MADE UP

Y. M. C. A. MEMBERS GET SPORT GOING

Seniors Also Will Play Game and Begin on October 24—Much Interest Taken in Sport.

Last night at the Y. M. C. A., an indoor baseball league was formed, and four teams were organized. All the players are members of the Y. M. C. A., and there are some fine athletes among them. The teams are known as the Reds, Whites, Blues and Blacks, and there is no doubt that they will make things exciting, at the different gymnasiums they play in, during the time the series is being played off.

The first game that the seniors play will be between the Palamas and the Y. M. C. A., and it will take place in the fine gym of the settlement. The players must be under eighteen years of age, and the schedule is as follows:

- Palama vs. Y. M. C. A., at Palama, October 24.
- Kalihi vs. Y. M. C. A., at Y. M. C. A., October 31.
- Palama vs. Kalihi, at Palama, November 7.
- Kalihi vs. Palama, at Kalihi, November 14.
- Palama vs. Y. M. C. A., at Y. M. C. A., November 21.
- Kalihi vs. Y. M. C. A., at Kalihi, November 28.

The Reds, Whites, Blues and Blacks have decided to play their first game on Friday, October 28, and there should be an interesting match seen. The game is a good one, and the boys play it for all it is worth. The rosters got worked up over the miniature ball games and show just as much warmth as if the players were out on the ordinary diamond.

The members of the different teams are as follows:
Reds—L. Franks, C. J. Cottrell, B. Lovall, O. P. Soares, T. R. L. McGuire, A. Silva, A. Auerbach, Wm. Silver, G. Mills, Lal Ten, Kamana.
Whites—Ed. Cannon, C. Lewis, C. Tinker, M. Ferreira, L. Rosa, W. Raseman, P. H. Nottage, J. Marques, I. F. Rosa, L. Isaac, L. Haehnel.
Blues—D. B. Silva, J. Decipio, J. Carey, V. Marcellino, K. McGuire, N. McGuire, G. Dwight, B. Nott, J. Honan, M. V. Decipio, H. Klemme.
Blacks—M. J. Garida, P. O'Sullivan, S. Bunn, A. May, S. Gunn, C. Gilliland, Fook On Yap, A. Bushnell, A. Rego, T. Guild, M. P. Correa.

There will be a meeting of the McKinley High School soccer team next Tuesday evening, and at it will be decided many important matters. The Highs are going in for soccer properly this year, and they consider that they have a strong lineup.

The Beretania tennis courts will be ready about Saturday, and the racket-wielders will once more get into the game.
