There was just time enough to drop the fender and the child was picked up without a scratch.

COOPER'S MANY OFFICES

Editor Evening Bulletin:—What a commentary it is upon the present administration of Territorial affairs that there is only one man in all the Territory capable of acting in an emergency. As an American citizen I have been edified by the vast capacity to hold office by Secretary-Treasurer-Superintendent-of-Public-Works-Cooper. A man with such transcendent ability ought to be placed in a glass case and exhibited to tourists as one of the rare exotic productions of Hawaii.

The imbecility of the entire administration was never better illustrated than in this latest placing of Cooper into three of the leading offices in the Territory, and this too in direct violation of Federal law. The Act of June 26, 1874 (18 Stat. L. 85) says of Secretaries of Territories and other specified officials:

"Hereafter it shall be unlawful to allow or pay to any of the persons designated in this act any additional compensation from any source whatever."

And then to make this act more explicit Congress provided in the Act of July 31, 1894. (28 Stat. L. 162):

"No person who holds an office the salary or annual compensation attached to which amounts to the sum of \$2500 shall be appointed to or hold any other office to which compensation is attached unless specially heretofore or hereafter specially authorized thereto by law."

Secretary Cooper has never been specially authorized by law to hold the office of Treasurer of this Territory, or Superintendent of Public Works, either as Acting Treasurer or otherwise. Furthermore, the section forbidding his appointment to any other office says that he shall not be so appointed to any office to which compensation is attached, regardless of whether he draws such compensation or not. Evidently the little matter of a Federal statute makes no difference to the present administration as it has been so accustomed to being a law unto itself that Federal statutes contain no provisions which Dole or Cooper are bound to respect. Every act of Cooper's as Acting Treasurer or Acting Superintendent of Public Works is illegal and void.

As one familiar with Federal conditions I desire to warn the Honorable Secretary that he is taking the most direct means possible of riding to an untimely fall not only for himself but for the entire Dole administration.

RETURN OF A BOER FAMILY TO THEIR WAR RUINED HOME-STEAD.

From faraway South Africa comes this snapshot to give a hint of the many pathetic scenes connected with the work of repatriating the Boers. Thousands of burghers who fought grimly and hopelessly until captured are now returning with their families to their old home sites. Instead of the comfortable dwellings which they left, many of them find only the blackened ruins that show "where war's red heel has trod."

KONA WILL SELL OUT

ACTION DECIDED ON AT A MEETING YESTERDAY

LITTLE DISCUSSION—ONLY ONE MAN OBJECTED—SCOTT WILL DISPOSE OF PROPERTY.

A meeting of the stockholders of the Kona Sugar Co. was held in the office of M. W. McChesney & Co., Queen street, yesterday afternoon, for the purpose of considering matters pertaining to the plantation. There were 2595 out of the 5000 shares present or represented at the meeting. There was but very little discussion on the matter in hand, that of winding up the affairs of the plantation and of selling everything at public auction. It was reported that it was the opinion of the directors that the course laid down in the resolution which follows later, was the only way of raising the money necessary. There was only one stockholder who objected to the winding up of the affairs of the company but when the resolution was finally put to vote, there was not a single vote registered against it. The only thing that now remains is for the committee named in the resolution to perform the duty assigned to it. Receiver Scott will dispose of the property.

The resolution is as follows:
Whereas, since the appointment of M. F. Scott, Esq., as Receiver of The Kona Sugar Company, Limited, and under his management and control of its affairs at the plantation of the company, the receipts from the sale of sugar have not equalled the expenditures, and its liabilities have increased by several thousand dollars, and the property of the company, including plant and ratoon cane, is rapidly deteriorating in value; and,
Whereas, lienors and creditors have instituted actions in the Circuit Court of the Third Circuit for the foreclosure of said liens and to recover judgments against the company; and,
Whereas, the manual laborers now in the employ of the company are restive and dissatisfied under the existing circumstances, and fail and refuse to properly and faithfully discharge their several duties and engagements to and with the company, and have repeatedly engaged in strikes, thereby causing great loss to the company and its creditors, and threaten to engage in other strikes entailing additional loss upon the company and its creditors; and,
Whereas, it is now settled beyond peradventure that the company cannot hope to save any part of its property without employing money in a large sum to enable it to do so, which sum, nor any part thereof sufficient for temporary use, cannot under present conditions be obtained; and,
Whereas, the further conduct of said plantation by a receiver, in view of the matters above recited, cannot by any reasonable probability confer any sort of benefit upon the company, but will inevitably result in the disintegration and waste of the company's property, thereby entailing a great, if not a total, loss upon the bondholders of the company and causing great injury to the community, by the tendency which such an end would have upon the market value of Hawaiian securities abroad; and,
Whereas, this company is under an impressive moral obligation to its bondholders and other creditors to concert and in every way co-operate with them to enable them, if possible, to avert the great loss now threatened them; therefore, be it

Resolved, by the stockholders of The Kona Sugar Company, Limited, in special meeting assembled, such meeting having been duly, regularly and legally called for this purpose, that J. M. McChesney, Clinton J. Hutchins and W. W. Hall, Esquires, be and they are hereby appointed a committee with full authority to invoke such legal proceedings in the name of this company, as they may be advised are necessary to secure the immediate sale at public vendue of all every property of the company whether real, personal or mixed and whatsoever situated, and be it further

Resolved, that the power and authority above conferred upon said Committee may be exercised by any two members thereof, or in the event of the absence from the city of Honolulu, or the death, or the inability from any cause, of any two members of said committee to act in the premises, then and in such event the power and authority conferred upon said committee may be done, performed and exercised by the remaining member as fully and effectually to all intents and purposes as if he had been appointed a committee sole, in the first instance.

SALVATION ARMY IN A FINAL MEETING

The final anniversary celebration of the Salvation Army was held in the Y. M. C. A. hall last night, the place being filled with officers and soldiers of the Army as well as a large number of outsiders. The meeting lasted from 5 to 10. Major Harris, divisional officer for the Hawaiian Islands, was at the head of affairs.

First of all, there was a big street meeting, after which the workers and their friends marched up into the hall with colors flying. There were songs and prayers and then two Honolulu lieutenants sang a duet and Mrs. Harris and Lieutenant Norton rendered a solo. Next came some testimonials and then Major Harris read his report of the work that had been accomplished during the past year in Honolulu, Hilo, Maui, Kohala and Waimea, as follows:

Conversions, 555; Honolulu 265, Wailuku 89, Hilo 82, Waimea 70, Kohala 45. Open-air meetings, 1373; Honolulu 468, Hilo 339, Wailuku 265, Kohala 185, Waimea 116.

In-door attendance, 64,850; Honolulu 28,917, Hilo 12,742, Wailuku, 7070, Kohala 4107, Waimea 4014.

Junior work—Attendance, 28,062; Hilo 9909, Wailuku 8404, Waimea, 5625, Kohala 3912, Honolulu 4014.

Visiting, 5917 hours; Kohala 1636, Hilo 1496, Honolulu 1275, Wailuku 875, Waimea 555.

Rescue work—Twenty-five attended at sewing class; eight children have been helped; two babies dedicated; 25 helped permanently; five soldiers have been made; 12 persons converted; 10 helped temporarily; one recruit has been made.

Advance—Captain McLeod has been appointed to open up a Circuit Corps on Oahu. He will make his headquarters in Pearl City, and from there he will work the different plantations. We are very anxious to open up a native corps, also a Chinese and Japanese corps in Honolulu, and we shall do so if possible in the near future. We feel there is a great need for it.

Major Harris stated that Capt. McLeod's place on Lanai would be taken by a young man recently converted. The Salvation Army, said the captain, was backed by generous people of the city. He then branched out into the life of the army officers here, stating that they were living here on the verge of a hand to mouth existence, sometimes not knowing just where their next meal was coming from. However, they did not wear long faces on that account. He stated that the other day he had to sell something to get \$3 for another island. He said he would sell the shoes off his feet to help the officers that they might not go hungry. This earnest appeal for funds brought almost \$20.

The voters of the Territory are notified to read the changes made in the election officials, the list of whom appears on another page of today's issue.

In the second district, seventh precinct, read F. C. Eaton in place of S. P. Eaton; sixth precinct, same district, read F. Bucholtz in place of R. F. Bucholtz. In fifth district, fifth precinct, read P. A. Swift, W. P. Johnson, B. Starr-Kapu. Sixth precinct, fifth district, W. G. Ashley as chairman. Seventh precinct, fifth district, C. H. Birbe, John Kaesea, Benj. Kauehalau. Eighth precinct, same district, W. W. Bristol, Asa Kaulla, E. P. Sullivan. In the Kauai districts the following changes have been made: Sixth district, sixth precinct, F. De Lacy in place of Kaiwaa and in the eighth precinct, John Nelson in place of W. Kinney.

These changes were made yesterday but received by the Bulletin too late for publication.

CARRIE IN OKLAHOMA.

Guthrie, O. T., Oct. 11.—Mrs. Carrie Nation, the Kansas temperance agitator, today administered a severe tongue lashing to Governor Ferguson, who was suddenly confronted by her while about to enter his office. She rebuked him for the existence of saloons in Oklahoma and prayed for the day that women may be in power to stop the liquor traffic.

The Governor tarried as briefly as possible, but a large crowd heard her remarks addressed to him. She entered every saloon in the city today and administered lectures to the owners.

IMPROVE LONDON PORT.

London, Oct. 11.—There seems at last to be some real prospect of London's out-of-date port being taken in hand by practical men of business, with the view of remedying its glaring deficiencies. Urged thereto by a requisition signed by the Rothschilds, J. P. Morgan & Co., the Atlantic Transport Company, the Barings and others of similar standing, the Lord Mayor has summoned a conference to take place at the Mansion House October 27, with the object of setting before the Government some practicable measure for the improvement of the port.

Among the proposals which are attracting attention is the abandonment of all the present dock and wharf system and conversion of six or seven miles of the river into a vast tidal dock furnishing ample room for all kinds of craft.

Salvation Army in a Final Meeting

The final anniversary celebration of the Salvation Army was held in the Y. M. C. A. hall last night, the place being filled with officers and soldiers of the Army as well as a large number of outsiders. The meeting lasted from 5 to 10. Major Harris, divisional officer for the Hawaiian Islands, was at the head of affairs.

First of all, there was a big street meeting, after which the workers and their friends marched up into the hall with colors flying. There were songs and prayers and then two Honolulu lieutenants sang a duet and Mrs. Harris and Lieutenant Norton rendered a solo. Next came some testimonials and then Major Harris read his report of the work that had been accomplished during the past year in Honolulu, Hilo, Maui, Kohala and Waimea, as follows:

Conversions, 555; Honolulu 265, Wailuku 89, Hilo 82, Waimea 70, Kohala 45. Open-air meetings, 1373; Honolulu 468, Hilo 339, Wailuku 265, Kohala 185, Waimea 116.

In-door attendance, 64,850; Honolulu 28,917, Hilo 12,742, Wailuku, 7070, Kohala 4107, Waimea 4014.

Junior work—Attendance, 28,062; Hilo 9909, Wailuku 8404, Waimea, 5625, Kohala 3912, Honolulu 4014.

Visiting, 5917 hours; Kohala 1636, Hilo 1496, Honolulu 1275, Wailuku 875, Waimea 555.

Rescue work—Twenty-five attended at sewing class; eight children have been helped; two babies dedicated; 25 helped permanently; five soldiers have been made; 12 persons converted; 10 helped temporarily; one recruit has been made.

Advance—Captain McLeod has been appointed to open up a Circuit Corps on Oahu. He will make his headquarters in Pearl City, and from there he will work the different plantations. We are very anxious to open up a native corps, also a Chinese and Japanese corps in Honolulu, and we shall do so if possible in the near future. We feel there is a great need for it.

Major Harris stated that Capt. McLeod's place on Lanai would be taken by a young man recently converted. The Salvation Army, said the captain, was backed by generous people of the city. He then branched out into the life of the army officers here, stating that they were living here on the verge of a hand to mouth existence, sometimes not knowing just where their next meal was coming from. However, they did not wear long faces on that account. He stated that the other day he had to sell something to get \$3 for another island. He said he would sell the shoes off his feet to help the officers that they might not go hungry. This earnest appeal for funds brought almost \$20.

A Veritable Paradise

If artistic homes, every one different, beautiful growing palms and ferns, pretty streets and avenues soft cool breezes, superb view of Diamond Head, artesian water, and above all, the healthiest place in Honolulu, defines the word Paradise, then that's what Pawa Tract is. Watch for the sign as you go out on the King St. Electric cars.

FRIDAY, OCTOBER 24, 1902.

When Wilcox learns that Prince Cupid stole a march on him in making the trip to Hilo, he will realize that he has several points in the game of politics yet to learn.

The Crown Prince of Siam is attracting so little attention from the papers of the Mainland, that many are inclined to believe that the Prince left his advertising agent at home.

Business men in planning island trips should bear in mind that election day is one week from next Tuesday and nothing should be allowed to prevent their being present at the polls and voting.

Reports of the complete destruction wrought by insects imported to prey upon lantana are very gratifying provided the new importation will go out of existence when it has finished with the lantana.

Now Queensland wants to withdraw from the Australian Federation on account of differences arising over the labor problem. The country that has no labor problem these days is very much behind the times.

Santos-Dumont has told Mayor Phelan that if a \$200,000 prize is put up, he believes he can make a flight in his airship from Paris to San Francisco. Santos-Dumont has thereby proved himself eligible to the Suicide Club.

Instructions to voters on how to mark their ballots should not be neglected by the Republican managers. The party cannot afford to lose a single ballot through thoughtless mistakes or doubt as to the straight party ticket.

Though the Anti-Saloon League may throw a fit at the mention of establishing an okolehao distillery, the industrial phases of the project are very promising. The number of illicit stills ferreted out by the authorities shows there is a good demand for the product.

The announcement that the United States Army will be reduced to the minimum of 50,000 men calls to mind the furore made by the anti-imperialists a few months since over the increase of the fighting force to meet national necessities. The country played the full limit while the men were needed, and the President has yet to reach out for the crown of the imperialist.

New York Democrats put a plank in their platform calling for the government control of coal mining. This it is said will kill David Bennett Hill, but Hill may have a few political breaths left when the union-labor vote is heard from. The trend of sentiment toward vigorous measures in dealing with trusts is each day becoming more positive. The people mean business and if no other way offers to check the power of financial combinations they will eventually adopt the Hill program.

A COMPLICATED SITUATION.

The formal application that has been made by a local citizen to the President for appointment to the position of Secretary of the Territory will doubtless bring to a focus and final determination by proper Federal authorities the much discussed question of the regularity of recent official proceedings at the Capitol.

The Bulletin is satisfied that Secretary Cooper has no personal desire to make of himself the pooh-bah of the Territory though he at the present time is a very close approach to the "whole thing" in the administration of two of the most important Territorial departments. Cooper jumped into the breach temporarily when the whole official list was as near chaos as it could possibly be. The Governor called on Secretary Cooper as a right hand man to serve in an emergency, but as this emergency period has steadily lengthened, days, weeks and almost months, the general public very naturally begins to wonder and thoughtfully discuss whether our Organic Act allows the Territorial Governor to run all the departments through his personal agent and that agent, an appointee of and paid by the Federal Government.

It has been stated on good authority that some months ago when Secretary Cooper served temporarily as Treasurer the Federal Government offered no objection, and it is also stated on equally good authority that the withdrawal of J. J. Dunne from assistant counsel before the Fire Claims Commission was due to an intimation from Washington that the Assistant United States District Attorney could not properly hold a Federal and Territorial position at the same time. We thus have precedents bearing on both sides of the question.

An added complication, however, is the Governor's action in formally suspending one official, and assuming an attitude toward Superintendent Boyd which amounts to suspension. If the Governor can suspend Boyd without the consent of the Territorial Senate, there seems to be nothing to prevent, judged from his apparent course of reasoning, his removing Boyd or any other department head from office, despite the wording of the Organic Act that removals from office shall be made by and with the advice and consent of the Territorial Senate. This interpretation of the Governor's authority places a most arbitrary power at his command, more arbitrary indeed than that possessed by any other American Territorial Governor, and little short of military rule under martial law. The Governor becomes a king immediately following the adjournment of the Legislature. If for any reason he did not approve officials sanctioned by the Legislature he could suspend an appointee "pending investigation" for any cause, make the suspension indefinite, place in office a man not sanctioned by the Senate and thus defeat the spirit and intent of the Organic Act.

The situation is complex and is particularly unpleasant on account of the use that is made of it by political opponents to stir up prejudice. Honest men differ in the construction to be placed upon the Organic Act and the majority will be satisfied with the ruling which may be made by the Federal authorities or of the local courts in the Austin case. Public sentiment, however, is framing in such a way that it will be a political error for the Governor to further delay in the appointment of a permanent successor to Treasurer Wright. There is no doubt about the office of Treasurer being vacant and every day the Governor delays making a permanent appointment furnishes so much more material which is being worked by the opponents of the Republican party.

SENATORIAL HANDCAR.

Duluth, Minn., Oct. 14.—United States Senator Knute Nelson helped pump a handcar five miles this morning on the Duluth, Mesaba and Northern road in order not to miss connection at Wolf Junction with a train to Duluth. He delivered a political address at Hibbing last night and this morning started for Two Harbors, where he was scheduled to speak tonight. A freight wreck brought his passenger train to a standstill, and for fear he would not be able to keep the engagement, Senator Nelson borrowed a handcar from a section crew and he and another man in their shirt sleeves pumped the vehicle to this city at top speed. Senator Nelson got to Two Harbors all right, and said the exercise gave him new energy for his speech.

Mrs. Mary A. Kidder, 82 years old and one of the oldest authors in New England, continues to write poetry. She is the mother of Edward E. Kidder, who wrote "Sky Farm" and other plays.

STREET WORK IS SLOW

LACK OF FUNDS MAKES CUT ALL ALONG LINE

NUUANU RETAINING WALL NEARLY AT STANDSTILL—MACADAMIZING HERE AND THERE.

There is very little being done on the public works in the city of Honolulu just now on account of the shortage of funds to carry on the work. Liliha street is being graded and macadamized along on the upper part. Vineyard street is being repaired. Hardly anything is being done with the Nuuanu street retaining wall which is being put up preparatory to installing the new bridge. There are only three or four men employed cutting stone. This is one of the most important of the new jobs that the Public Works Department has started since the present bridge is somewhat shaky and a new one is very badly needed.

Some work is being done on road construction beyond Wai'alae and a number of men are also working at Wai'alae.

Work on the Diamond Head drainage pipes is still going on.

Wilder avenue is being widened and grading is going on along Prospect street.

On Fort street, mauka of Hotel, a gang of men is at work putting down macadam. The tracks of the Tramways Co. have been raised to meet the new level.

Work on the Waikiki culvert, the contract for which was awarded to J. W. Springston the other day, was begun today. Material for construction is being hauled to the place.

Road work has been cut down almost half during the last few weeks and many men have been thrown out of work.

Lord Francis Hope In Love Again

London, Oct. 11.—Father Black, notorious as the protector against the remarriage of divorced persons in the church, who has created many scenes when such marriages were being solemnized, is now keeping a careful watch on Lord Francis Hope, whose divorce from May Yohe was recently made final, and who has fallen in love with his cousin, Beatrice Bricketts, a pretty girl 18 years of age, who returns his affection and is anxious to be married in the Church of England.

Lord Francis Hope's brother, the Duke of Newcastle, is at present abroad, but the remarriage of Lord Francis in the church will place him in an awkward position, for the reason that the Duke has taken a prominent lead against just such ceremonies and against a church remarriage of men and women whose divorced wives or husbands are still living. Father Black has already protested to one clergyman at Hove, a suburb of Brighton, where he heard the marriage would be solemnized. He has also written a strong protest to the Church Times.

A writer in a scientific journal in speaking of the growing use of perfume says that some of them have real value medicinally, but many are exciting to the nerves, if not poisonous. The perfume of violets is helpful in diseases of some kinds, but the essence must be from the flowers themselves and not a chemical imitation. Nine-tenths of the essence now sold is an imitation. Lavender is very soothing to the nerves and the lavender scented sheets of our grandmothers were excellent promoters of sleep. Jasmine is another scent that has a distinct medical value, but it must be used alone, and not in compound, for in the latter its effect is positively injurious, inducing nerve-exhaustion and profound depression.

Brave Fireman Met His Death Calmly

Truckee, Ariz., Oct. 12.—The fatal head-on collision between two freight trains which occurred last night at Lakeview, eight miles west of here, has cost two lives. Engineer Joe Don was killed instantly and Fireman Kline died this afternoon from the injuries he received. Engineer Don on 206 failed to take the siding at Lakeview and ran into 217, which was standing on the track. The train was moving slowly, but the momentum of the long line of freight cars when the two engines came together jammed the water tank through the cab of Don's engine and pinned him and his unfortunate fireman between the tank and boiler head.

At the sudden stop of the train the conductor went forward from the caboose, and when he reached the engine Don was dead. Kline was held fast, but was alive and conscious, with his leg crushed between the tank and boiler. His fellow trainmen could not help him and he was held in the place till the wrecking crew reached Lakeview from here and released the suffering man from the awful hold.

In his terrible predicament he conversed with those about him and realizing his end was near he told where he was insured and gave his mother's address. The flesh was almost all torn from one leg and Dr. Bryant, who was called from here, amputated the injured member and did all that could be done for the poor fellow, but he was beyond human aid.

Don sustained internal injuries besides having his leg crushed. It is supposed that Engineer Don mistook the number of tunnels he had gone through thinking it was only five when it was six, and did not know he had reached the meeting place. Don left a wife in Sacramento.

TO THE ELECTORS OF THE ISLAND OF OAHU

GENTLEMEN:—

I am an INDEPENDENT candidate for election as Senator for this island, and I respectfully solicit your votes and influence.

Being pledged to no party, and under obligation to no cliques or factions,—I will, if elected, endeavor to promote honest government, by honest officials.

I favor municipal government, but amply safeguarded against reckless, extravagant or dishonest administration.

It is my belief that the Government of this Territory should reflect less of politics, and more of business principles, than in the past and present. In the payment of fire claims, and the settlement of the Public Land question (in so far as our Legislature may contribute to such settlement), there is little room for politics.

The enactment of laws to provide for municipal government (to which all the political parties stand committed), should command the attention of legislators of experience, a fair proportion of whom should possess legal education,—and at least some of whom should have lived and practiced their profession under the practical operation of municipal charters.

If you believe me to possess these qualifications, I shall hope to receive your votes and support.

"Equal Rights to All; Special Privileges to None."

GOOD BOWLING RECORD.

Santa Barbara, Oct. 10. — W. W. Thompson, Fred Worden and Fred Strong, champion bowlers from Chicago, known as the "Big Three," bowled against a local team tonight. A large number of enthusiasts of this city and outside points were present. In the third game Thompson made six strikes and four spares in succession. He made the highest score, 236, also the highest average, 210.

In the first game the Big Three made 580 against 484 for the local team; second game, Big Three, 541; local, 481; third, Big Three, 632; local, 481; making the total score, Big Three 1753, locals 1448.

Exhibition games followed between Worden and Strong and Holman and Post, resulting in a victory for the former.

DESTROYER RUN DOWN.

London, Oct. 16.—The North German
Lloyd steamer Kronprinz Wilhelm,
which on Wednesday sank the steamer
Robert Ingham, with the resultant loss
of two lives, narrowly missed sending
the British torpedo boat destroyer
Wizard to the bottom of the sea today.
The Kronprinz Wilhelm, running at
an estimated speed of sixteen knots,
overhauled the Wizard, and the latter,
in trying to avoid the liner, came into
contact with her.

In attempting to clear the steamer
the Wizard listed and large quantities
of water poured through her ports. Her
officers and crew, numbering between
fifty and sixty men, were for a minute
or two in the gravest peril, but the de-
stroyer righted.

It was found that her bows were badly
twisted and buckled and that she
had sustained other injuries.

H. A. GUDGER, UNITED STATES CONSUL GENERAL AT PANAMA

Several times during the last few weeks the trouble on the Isthmus has
seemed so threatening as to demand the return to Panama of United States
Consul General Gudger, who has been taking a leave of absence in order that
he might participate in the state campaign in North Carolina, his home state.
Affairs at Panama have been in the hands of his son, who is vice consul there.

Hoochee-Coochee

New York, Oct. 13.—The woman's
exhibition being given in Madison
Square Garden under the auspices of
the Professional Woman's League has
resulted in a split in that organization.
William A. Brady, formerly manager
of Prize-fighter Corbett and later di-
rector of various theatrical ventures,
is the director general of this exhibi-
tion.

Editor Kelley Shoots

Butte, Mont., Oct. 12.—Editor J. W.
Kelly of the Inter-Mountain tonight
shot Dr. A. H. Cayley, a prominent
resident of Butte. Cayley, it is believed,
will die. It is alleged the shooting
followed trouble over a woman. Offi-
cers are searching for Kelly, and it is
believed that he will be apprehended
before many hours have passed.

Bunko Game

The fact that there is too much hoo-
chee-coochee and similar forms of en-
tertainment provided at the exhibition
has offended certain members of the
league, who, headed by Mrs. A. M.
Palmer, a very prominent member and
honorary president, are in open revolt.
Mrs. Palmer resigned from the organiza-
tion today and left the meeting of
the league, taking with her a number
of supporters. Among those with
Mrs. Palmer in revolt are Mrs. Frank
Leslie, Blanche Bates, Mrs. Truly
Shattuck Douglas, Marie Wainwright,
Mrs. de Wolf Hopper, Mrs. Margar-
ita Arline Hamm and Ada Lewis.

In the course of her address at the
meeting Mrs. Palmer called attention
to the travesty presented by the exhibi-
tion as a display of woman's indus-
tries, and added: "Where does the ad-
vance of women appear in the exploits
of hoochee-coochee dancers, sword
spinners, female bands, female acrobats
and feminine fakers from Coney
Island? The whole affair is tawdry,
catch-penny and cheap. It is not a
woman's exposition. It is a bunko
game on a large scale."

Dr. Cayley is one of the best known
physicians in the city and is married.
Kelly is single.

Dowie Says Zion

Needs More Money

Chicago, Oct. 11.—Acknowledging his
inability to pay his bills, John Alexan-
der Dowie, the "reincarnation of Elijah,
the prophet," has issued a letter to his
disciples pleading for money "in sums
of \$5 and upward."

In the same letter he asserts his as-
sets are \$23,736.52, yet today when W.
M. Hoyt & Co. made a demand upon
Dowie's agent for \$31, a bill long over-
due, the agent protested he did not
have the money, but would try and get
it together by tomorrow.

In his begging letter Dowie begins
by telling about Zion's flourishing con-
dition. Then he declares that people
who are trying to collect bills from him
at this time are "the enemies of God."

Extracts from the letter follow:
"Unexpected difficulties have made
it impossible to get together sufficient
sums to meet the current obligations of
Zion. Therefore I send forth this ap-
peal asking every member to immedi-
ately take action upon it, so that I
may be able to discharge immediately
all open accounts without further delay
and so maintain the good name which
Zion has borne for its prompt settle-
ments.

"We shall receive sums of \$5 and up-
ward for periods of three, six and nine
months, as may be most convenient.
These notes will bear interest at 6 per
cent per annum, interest payable quar-
terly if desirable, or payable with the
principal when the note matures. Do
your duty and do it quickly."

Kruger Was Honored

By Boer Generals

Utrecht, Holland, Oct. 16.—The Boer
generals arrived here today to greet
Kruger on the occasion of his seventy-
seventh birthday. The whole party
attended a service in a church, where
Kruger, assisted by his attendants, en-
tered the pulpit, and in a brief speech
expressed his great appreciation of the
generals' services and begged the pub-
lic to assist in relieving the distress
among the Boers.

Kruger said the generals had only
ceased hostilities in order to prevent
extinction of their race, and that their
assumption of the role of beggars
showed their desire to save their peo-
ple. Turning to the generals, Kruger
said:
"Continue your labors with all hu-
mility and perform your duty as sup-
pliants."

As Kruger descended from the pul-
pit the congregation arose and sang
the hymn, "May the Blessing of the
Lord Rest Upon You." Pastor Jonker
said that, although the Boer national
hymn could not be heard at present,
God one day would permit the Boers to
sing "We Are a Free People."

KAUAI SHIPPING.

The steamer Ke Au Hou arrived from Kauai ports this morning at 2 o'clock with 3 deck passengers, 302 bags paddy, 771 bags rice and 50 packages sundries.

Purser Deverill reports the following sugar left at Kauai ports ready for shipment: K. S. M., 1500 bags; W., 200; Mak., 2250, and G. & R., 4450, making a total of 8400 bags.

The steamer W. G. Hall was at Koloa. The bark W. B. Flint was at Makaweli discharging. The Hawaii was at Makaweli discharging. She expects to sail today. The Lahaina was at Elelee still discharging coal. Fine weather prevails all over Kauai. Smooth seas and light northeast winds on outward trip. Same on inward trip.

The steamer Kauai arrived from Kauai ports at 4:40 o'clock this morning. Purser McNamara reports a very smooth trip. The Kauai brought 12 pieces machinery for Alexander & Baldwin.

King Edward Entertains The American Generals

London, Oct. 11.—The American generals now visiting England are undergoing somewhat similar experiences of English hospitality to that of the Colonial Premiers during the coronation time. From now until October 18, when they will sail for home, Generals Corbin and Young will not have a meal they can call their own.

Beginning with the King, whose action in inviting them to luncheon at Buckingham Palace next Monday, the first week-day he will be in London, has caused much favorable comment, they have received invitations from numerous societies and individuals.

Lieut. McKinley, who as aide de camp, had most of the arranging of details to supervise, said that he believed even Cortelyou, President Roosevelt's successor, had scarcely a more difficult task.

Both General Corbin and General Young express their keen appreciation of the many attentions shown them. Earl Roberts has been untiring in affording them attentions and the American generals are looking forward to their visit to him at Woolwich and General French at Aldershot, next week, with great pleasure.

Only one note of disappointment is heard, and that comes from the staff who are not included in the invitation to Buckingham Palace. While the Emperor William always asked the staff to attend functions with the generals, General Wood will arrive here Sunday, in time to meet the King. Ambassador Choate is expected to accompany the Americans to Buckingham Palace. Mrs. Corbin has been confined to the house with a cold.

DUKE WEDS PLOW GIRL.

St. Paul, Oct. 13.—Arthur Fortescue, nephew of the Duke of Portland, has renounced the faith of his fathers and taken for a bride a plow girl who is a member of the community of "Milk Drinkers" composed of Doukhobors, immigrants from Russia to Canada. The scion of English nobility left St. Paul some time ago, ostensibly for home, but it is now learned he went to Northwestern Assiniboia. While there he became impressed with the simple life of the peasants who have given up the vanities of this world. He also fell in love with Olga Varinoff, whom he first saw with other women working at the plow, and his marriage followed after he had given up the Church of England. Mr. Fortescue returned today to St. Paul, but he had little to say of his romance. He is an Oxford man and said to be well known in English rowing circles. He refused to discuss the probable attitude of his noble kin toward him, but indicated plainly that his love for the simple peasant girl outweighed any regard for the traditions of the family.

Death and Disaster In Japan Typhoons

Victoria, B. C., Oct. 15.—Full particulars of the disastrous typhoons and tidal waves which devastated Northern Japan at the close of September, causing great loss of life and property, both at sea and on shore, have been received by the steamer Glenogle, which arrived this morning.

Several thousand people lost their lives, the breakwater off Yokohama was swept away, liners were driven ashore, the Japanese battleship Shikishima stranded at Yosukuska, temples, public buildings, houses, etc., were destroyed and their occupants drowned. It was along the Japanese coast from Koduz to Odawara bay that the greatest loss of life occurred. Huge tidal waves swept away villages, over 600 lives being lost in the village Koyawata alone. At Kohachimara it is estimated that a similar number lost their lives.

From other points the tale of death is as heavy, for the typhoons seem to have spread disaster all over the northern part of Japan, and the seismic waves, which swept in and deluged the coast, particularly Odawara, caused greater loss of life than any storm since that awful disaster of the tidal waves of 1893. Several coasting steamers and a number of junks were totally wrecked at various points.

The large battleship Shikishima Kara, which was moored near the Akozaki fort, dragged her anchors and went ashore, but no lives were lost, and the warship was floated three days later. At Yokohama, the typhoon caused great damage to shipping. The German mail steamer Prussen and the

steam freighter Pembrokeshire stranded.

The steamer Aoi Maru was wrecked outside the demolished breakwater and her crew was only saved at great risk of life by gallant seamen. The Aoi Maru had in tow four sailing vessels which she was endeavoring to save. Her master and chief engineer were washed overboard and drowned, but the remainder of the crew managed to reach the breakwater. The steamers Inabal Maru and Khalif, which had collided and were battering each other, were saved after much difficulty.

It was not at the big port, but at Odawara that death rode with such destruction on the storm. Shortly before noon on the 28th an immense tidal wave swept away the whole village of Koyata, or Koyawata. Two hundred houses were destroyed without the slightest warning and of the population in the two villages of about 1000 people, 600 were drowned. A survivor writing from the stricken coast, gives some awful word pictures of the ghastly sights seen after the waves subsided.

LANTANA IN DANGER

The insects that came from Mexico recently and were sent to the Department of Agriculture and Forestry yesterday are all of the kind calculated to kill off the lantana in the Islands. Included in the dried branches and other material sent are the many different kinds of insects just waiting for a little fostering care to be brought forth in all their mischievousness. There are insects that attack the roots and others that bore in the stalks of the lantana for all the world as the cane borer does with the sugar cane, sending out masses of literally chewed up fibre and leaving nothing but very thin walls in their onward course. There are others whose happiness is found in sapping the life out of the flowers.

With all this formidable array of insects there is great hope that the lantana will soon disappear from the flora of the Hawaiian Islands and become a thing of the past. Entomologist R. C. L. Perkins has succeeded in bringing out of the dried lantana stalks and leaves a large number of different varieties of insects of varying sizes. Some of them have already been freed and other lots will soon be turned loose on the unsuspecting lantana to ravage and pillage and lay waste.

POSTED ASHFORD BILLS

Strong in the faith of his righteousness, a native man named Iala sallied forth this morning with a basket full of red, green and yellow placards on which was announced in beautiful fat type that Ashford was the man for whom the voters should cast their ballots in the coming election.

Iala proceeded down King street and every place that suited his fancy was decorated with a gaudy placard. But disaster lurked in the wake of the unsuspecting prophet of Ashford. Mounted Patrolman Duvauchelle kept an eye on the faithful man and when the individual finally put a poster on an electric light post at the corner of Punchbowl and King streets, he was gathered in by the guardian of the law, for on the post stood written in bold black letters: "Post No Bills."

Iala protested in vain that he knew not English. The patrol wagon was called and Iala put behind the bars.

CLARK DENIES IT.

Charles Clark, who has charge of the detention camp at Kalihi, denies in toto what he terms the scurrilous article in this morning's paper with reference to the South Sea Islanders at the camp and the night reporter who went digging around in dark corners hunting for "news." He states that there was a luau Saturday night but that it was given by people of the camp who had clubbed together. Included in the number were a few South Sea Islanders and not a single one of these or, for that matter, any of the others, were drunk. He states further that the luau of Saturday night was the first one given in months by the people of the camp. Mr. Clark says that the article in this morning's paper was just one of those very common instances of the distortion of facts by the night reporter who, upon finding himself persona non grata at the luau, took occasion to malign and falsify.

Montague Cooke, son of C. M. Cooke, president of the Bank of Hawaii, who recently returned from Paris and London, has taken up the work of conchologist of the Bishop Museum and is now at work in Nuuanu valley. He is to be given a pass into all the places controlled by the government in order that he may succeed in getting all the different varieties of shells possible. Mr. Cooke graduated at Yale as a B. Ph., and then studied abroad for his chosen vocation.

There were in the neighborhood of 175 voters present at the meeting of the Republicans at the Walkiki end of the Tramways line last night and the speeches of S. F. Chillingworth, L. L. McCandless, Frank Andrade, Jonah Kumalae and B. H. Kelekolu were listened to with great interest.

STATE CAPITOL MUDDLE

Tacoma, Wash., Oct. 15.—Though Washington has spent over \$500,000 toward securing a new State Capitol since the last Legislature met, two years ago, it will be impossible for the Legislature which meets in January to use the new Senate house. By legislative authority Governor Rogers purchased the Thurston county courthouse at Olympia, and the State Capitol Commission let the contract for building two wings, in which the halls of the House and Senate are contained. The contractors have been slow in getting the building finished owing to delays in securing stone, structural steel and other materials.

The present situation means that the Legislature must meet again in a frame shack which has served as a legislative hall since the territorial days. This building originally cost \$1200, and has received several additions, which give it anything but a slightly appearance. It is generally known as the Olympia's "Cow's Head." In expectation that the new Capitol would be finished this building has been partly dismantled and allowed to decay. Now a new foundation must be put under it and the roof made rain proof before it can be used.

At its best it is unsanitary, inaccessible and lacking in every convenience. The State officers are greatly displeased that they must hurriedly put the old building into shape for use.

Fort Meade, S. D., Oct. 19.—Buffalo Bill is sick and may be forced to cancel the remainder of his American tour, as well as the European trip planned for his Wild West show for next year.

Colonel Cody is at present at Las Vegas, N. M., and has written Colonel Hayes, under whom he did his first scouting, telling of his illness and postponing his annual hunt for big game in the Big Horn mountains. In his letters Colonel Cody says he will probably be compelled to leave his show immediately without waiting to finish the season.

Wesleyan University, Middletown, Conn., has received a gift of \$50,000 to equip an astronomical observatory.
