## Hilo Business Men to Commissioner Eustis.

### The Population, Wealth and Resources of Hilo and the Island of Hawaii Are Set Forth in a Letter to the Rep- resentative of the United States Treasurer—Why We Need a Big Federal Building.

HILO, Hawaii, Dec. 13, 1902.  
Hon. W. H. Eustis, Special Com-  
missioner U. S. Government,  
City.

SIR:—The citizens of Hilo are  
gratified and much pleased to greet  
a Commissioner of our Government  
on such a mission as you represent,  
and take pleasure in submitting to  
you the following facts for your  
earnest consideration:

#### POPULATION.

In 1896 the population served by  
the Post Office at Hilo was esti-  
mated at 6876; in 1900, as per Cen-  
sus report, 13,000; at the present  
time it is estimated 14,000. In 1920  
(with the early completion of a canal  
across the Isthmus, the protec-  
tion of our harbor by a proper  
break-water, and the erection of  
suitable wharves) we think a con-  
servative estimate of our population  
will be 50,000.

#### FEDERAL BUILDINGS.

There are none in this town or  
on this Island, and an urgent neces-  
sity exists for a large one for many  
reasons. We will mention a few  
of the most vital ones: Hilo is the  
principal town and port of the Is-  
land of Hawaii, the largest Island  
of the Territory, it having an area  
of 4,210 square miles and contain-  
ing about 2,500,000 acres. It is  
here the Assessor, Collector and  
Sheriff of the Island have their  
headquarters.

We have an electric light, power,  
cold storage and ice plant not ex-  
celled on the Mainland with a capi-  
tal stock of \$300,000. Excellent  
telephone communication; not only  
in our community, but completely  
encircling the Island. A complete  
system of water works, good bank-  
ing facilities, large commercial  
houses, in fact everything to indi-  
cate a vigorous, progressive and  
stable community.

The money order business at our  
post office in 1901 was 8,570 orders  
issued, amounting to \$288,116.13;  
2,420 orders paid, amounting to  
\$45,114.65. For the first eleven  
months of 1902, 9,862 orders issued,  
amounting to \$292,511.15; 2,648  
orders paid, amounting to \$48,-  
523.40, showing an increase for the  
past eleven months over the previ-  
ous year of 1,520 orders handled,  
amounting to \$7,804.07.

The present wooden shack used  
for our post office is most inade-  
quate and unsafe. Regular mails  
between here and Honolulu are  
handled only once a week. Our  
Postmaster considers the place so  
unsafe that the night preceding  
the outgoing regular mail, when he  
has the greatest amount of money  
on hand, feels it necessary to keep  
a man on the premises all night.

The town is growing in popula-  
tion and importance and will, un-  
questionably, maintain its present  
leading position.

Our collector of the port has no  
place to transact his business except  
at his private office. Our Federal  
Judge is allowed by the courtesy of  
the Circuit Judge to hold his court  
in the Circuit Court Room, there  
being no other place available. The  
Internal Revenue Officers transact  
their business in their bed-rooms  
at the hotels. The Surveyor of the  
port has his office in a small shed  
room. The United States Commis-

Honolulu or any of the inter-island  
traffic.

#### SUGAR PRODUCTION.

For the year ending September  
1897 this Island produced 126,736  
tons; in 1901, 134,618 tons, in 1902  
131,295 tons. Total produced by  
the group in 1897, 251,126 tons;  
in 1901, 360,038 tons and in 1902,  
365,611 tons. The shortage for  
this Island for this year is ex-  
plained by the Hamakua District,  
or northern end of this Island, suf-  
fering from a drought which cut  
their crop short 35,000 tons under  
the previous year.

The tonnage in the vicinity of  
Hilo and shipped from the same  
port in 1902 was increased by over  
20,000 tons over the previous year's  
production.

#### DOCKS.

Our magnificent bay being with-  
out docking facilities, all heavy  
draft vessels entering this port are  
required to anchor and handle every  
ton of freight, either loaded or dis-  
charged, by means of "lighters" or  
"scows" between ship and shore.  
Our lumber is thrown into the  
water and floated ashore.

The Government being unable  
to erect docks some of our long-  
suffering and enterprising citizens  
have banded themselves together  
in a joint stock company, capital-  
ized at \$100,000, and have con-  
tracted for the erection of a double  
pier wharf 100 feet wide by 800  
feet long. They have all the ma-  
terial on the ground for the erection  
of this wharf and it is to be com-  
pleted by the first day of April next.

#### BREAK-WATER.

It seems hardly necessary to call  
your attention to our need for a  
break-water, it is so apparent. We  
have a large and most excellent  
harbor, as you can readily see, with  
the exception that it needs protec-  
tion. For the past ten days we  
have had three vessels in our har-  
bor loaded with lumber from the  
Northwest coast of the United  
States unable to discharge a foot of  
lumber on account of the swell.  
We are frequently handicapped in  
this way and for long periods.

#### LIGHT HOUSES.

There is urgent necessity, for the  
safety of navigation, to establish  
light houses at various points on  
this Island with revolving lights,  
having a range of from ten to twenty  
miles. At present there is not such  
a light on the Island coast, in fact  
we only have six lights on our  
coast, they are all "fixed," two  
small colored and four white, all  
cheap affairs, all of short range. In  
addition to the points which are  
half way protected by present lights,  
on account of the rapidly increas-  
ing importance of and shipping from  
this point, we need others, particu-  
larly one at a point called Lelewi.

#### COINAGE.

Hawaiian silver should be re-  
minted into United States coin, to  
establish the absolute parity of  
gold and silver money in Hawaii.  
It is discriminated against at the  
banks now for two reasons, viz:  
It is actually worth only its bullion  
value. In obedience to "Gresham's  
Law," gold constantly flows from  
the Islands; the cost of re-importa-  
tion enhances its value in relation  
to the silver coin which remains at  
home. It is only the hope and faith  
of the people that the United States  
will recoin Hawaiian silver into  
standard United States money that  
prevents its falling to a level of  
value so low that business here  
would be obstructed, as it is in the  
Philippines by a circulation of dol-  
lars of vastly different values.

Such Hawaiian silver as may be  
recovered or deposited in the United  
States Treasury we think should be  
replaced, not by United States sil-  
ver coin, but by silver certificates.  
If the Treasury regulations permit,

it should be replaced by the various  
kinds of United States currency,  
including silver certificates, gold  
certificates and treasury notes.  
These various kinds of money of  
absolute guaranteed equality with  
gold, would establish absolute parity  
in Hawaii's circulating medium.  
The normal supply of gold for the  
needs of Hawaii would find itself  
and would not vary much from year  
to year. Slight shipments of gold  
coin between the Islands and Main-  
land would be necessary. The  
paper currency would be shipped at  
less cost resulting in a saving to  
the commerce of Hawaii both in ex-  
change and express charges.

The presence of various kinds of  
United States paper money would  
not confuse; it would impress the  
people with the stability of values  
under United States laws.

#### HILO'S POSITION.

After being here we are confi-  
dent you will not make the mistake  
of comparing our requirements  
with localities on the Mainland of  
similar size. We do more business  
than any town there many times  
our population, being the distribut-  
ing point for many plantations,  
whose employees alone equal in  
number a good sized village.

With the above data we have  
endeavored to show you how busi-  
ness is increasing here, and feel  
that in the future we may reason-  
ably expect it to continue, at least,  
in as great a ratio.

In making the appropriation for  
a federal building we trust that you  
will not consider such an appropria-  
tion as would ordinarily be made  
for a community of our size on the  
Mainland sufficient.

Inasmuch as Legislation, prop-  
osed to be enacted at our coming  
session, will bring about county  
forms of administration, in which  
case Hilo is destined to be the county  
seat, we think the sum of one hundred  
and fifty thousand (\$150,000) dol-  
lars at least, is needed to erect such  
a building as would meet our re-  
quirements.

It should be large enough to ac-  
commodate, not only the Post office  
and Custom House, but the U. S.  
Appraiser's office, Surveyor of the  
Port, U. S. Marine Hospital and  
Quarantine Service, Immigration  
Bureau, Revenue Cutter and Secret  
Service, U. S. Army and Navy Re-  
cruiting office, U. S. Internal Reve-  
nue office, quarters for U. S.  
Court, U. S. Marshall, U. S. At-  
torney, U. S. Commissioner and U.  
S. Land office.

We are particularly pleased to  
have you come here to investigate.  
Heretofore those sent ordinarily  
stopped in Honolulu and reported  
on conditions here from hearsay,  
photographs and newspaper arti-  
cles. So much of this has been done  
in the past that people on the Main-  
land have come to consider Hono-  
lulu as the Hawaiian Islands, to  
the detriment of the rest of the  
group.

Should you desire further infor-  
mation we will be pleased to furnish  
you with the same.

All of which we respectfully sub-  
mit for your consideration.

#### Atherton Recovered.

Honolulu, Dec. 13.—J. B. Ath-  
erton is much improved in health,  
but his physician has advised that  
he refrain from all work for at least  
a year. For that reason Mr. Ath-  
erton will resign from all the offices  
he holds in various private and  
public institutions, corporations,  
etc. Including the benevolent and  
religious enterprises with which  
Mr. Atherton is connected there is  
a total of thirty-nine of which he is  
an officer.

People of Hawaii who want to  
have a good day of it New Years  
should come to Hilo and attend  
the races.

### PRESIDENT'S MESSAGE.

#### Favors Payment of Hawaiian Fire Claims.

I commend to the favorable consideration of the Congress the Hawaiian Fire Claims, which were the subject of careful investigation during the last session.

Washington, Dec. 2.—President Roosevelt sent his message to Congress today. His first topic deals with the necessity of legislation for the control of Trusts. He says:

No more important subject can come before the Congress than this of the regulation of interstate business. This country cannot afford to sit supine on the plea that under our peculiar system of government we are helpless in the presence of the new conditions, and unable to grapple with them or to cut out whatever of evil has arisen in connection with them. The power of the Congress to regulate interstate commerce is an absolute and unqualified grant, and without limitations other than those prescribed by the Constitution.

The Congress has constitutional authority to make all laws necessary and proper for executing this power, and I am satisfied that this power has not been exhausted by any legislation now on the statute books. It is evident, therefore, that evils restrictive of commercial freedom, and entailing restraint upon national commerce fall within the regulative power of the Congress, and that a wise and reasonable law would be a necessary and proper exercise of Congressional authority, to the end that such evils should be eradicated.

In dealing with the tariff the message says:

One proposition advocated has been the reduction of the tariff as a means of reaching the evils of the trusts which fall within the category I have described. Not merely would this be wholly ineffective, but the diversion of our efforts in such a direction would mean the abandonment of all intelligent attempt to do away with these evils. Many of the largest corporations, many of those which would certainly be included in any proper scheme of regulation, would not be affected in the slightest degree by a change in the tariff, save as such change interferes with the general prosperity of the country. The only relation of the tariff to big corporations as a whole is that the tariff makes manufactures profitable, and the tariff remedy proposed would be in effect simply to make manufactures unprofitable. To remove the tariff as a punitive measure directed against trusts would inevitably result in ruin to the weaker competitors who are struggling against them. Our aim should be not by unwise tariff changes to give foreign products the advantage over domestic products, but by proper regulation to give domestic competition a fair chance; and this end cannot be reached by any tariff changes which would affect unfavorably all domestic competitors, good and bad alike. The question of regulation of the trusts stands apart from the question of tariff revision.

Stability of economic policy must always be the prime economic need of this country. This stability should not be fossilization. The country has acquiesced in the wisdom of the protective tariff principle. It is exceedingly undesirable that this system should be destroyed, or that there should be violent and radical changes therein. Our past experience shows that great prosperity in this country has always come under a protective tariff, and that the country cannot prosper under fitful tariff changes at short intervals.

#### CUBAN RECIPROCITY.

I hope soon to submit to the Senate a reciprocity treaty with Cuba. On May 20th last the United States kept its promise to the island by formally vacating Cuban soil and turning Cuba over to those whom her own people had chosen as the first officials of the new republic.

Cuba lies at our doors, and whatever affects her for good or for ill affects us also. So much have our people felt this that in the Platt

amendment we definitely took the ground that Cuba must hereafter have closer political relations with us than with any other power. Thus in a sense Cuba has become a part of our international political system. This makes it necessary that in return she should be given some of the benefits of becoming part of our economic system. It is, from our own standpoint, a short-sighted and mischievous policy to fail to recognize this need.

The President favors financial legislation, discusses the relation of capital and labor dwelling upon the rights of the individual, comes out strong for the Panama canal route, gives a history of Pacific cable negotiations, urges naval increase, commends a commission to study the public land questions, asks for legislation for Alaska.

#### Dewey Assumes Command.

Washington, Dec. 1.—Admiral Dewey resumed active sea duty today for the first time since his return to the United States from his ever memorable cruise in Philippine waters. His four-starred pennant was hoisted on the President's yacht Mayflower at the Washington Navy Yard about 9 o'clock and, accompanied by the members of his staff, the Admiral sailed away to assume direct command of the large fleet engaged in the maneuvers in the Carribean sea. His staff includes Rear Admiral Taylor, chief of the Bureau of Navigation, chief of staff; Captains Swift and Pillsbury, assistant chiefs of staff; Commander Sargent, aid.

The departure of the party was devoid of display and the customary salute to the Admiral was omitted at his request. The Mayflower will set her course direct for Culebra Island, off Porto Rico, and is due there next Sunday.

**TWO CRUISERS AT LA GUAYRA.**

Ships of the Kaiser in Position to Collect Claims of Germans.

Caracas (Venezuela), Dec. 2.—The German cruisers Vineta and Falke have arrived at La Guayra from Curacao.

Berlin Dec. 2.—The published statement that Germany's claims against Venezuela amount to \$15,000,000 is, the correspondent of the Associated Press is officially informed, incorrect. While the German Government is not yet ready to publish the details of its demands, persons who have seen the papers say the total is about \$2,000,000. President Castro represents to Germany that Venezuela has little credit abroad; that the country is just emerging from a civil war during which planting and industry were partially ruined, and that, therefore, no matter how much Venezuela may desire to satisfy immediately the claims against her, it is obviously impossible. Hence, an agreement on the subject must provide for deferred payments. The seizure of the custom-houses, thereby depriving the Government of an important means to administer the country, would add to the internal distress and disorder.

While President Castro's proposals are not disclosed, there is reason to believe that they include the emission of bonds at a moderately high rate of interest with some sort of a guarantee that if the interest or the installments of the principal are defaulted certain Venezuelan custom-houses may be taken over by Germany.

Nothing is known here of the plans of Isaac N. Seligman of New York for floating a Venezuelan loan. He has not approached this Government in the matter.

There is no disposition here to proceed with harsh measures toward Venezuela if milder ones will suffice to exact satisfaction, but the German Government is fully committed to the intention to obtain ample satisfaction. The claimants are constantly urging the Government to press the collection of the amounts due them, not only because of the sums involved, but, it is represented, in view of the fact that the long delay has rendered the position of Germans in Venezuela more and more vexatious. Therefore, it is claimed, the Government must strike, and strike hard, in order to properly assert the rights of Germans.

**OFFICIAL FORECAST.**

**Program of National Senate at Coming Session.**

Washington, Dec. 1.—No tariff legislation, no extra session, cautious legislation on trusts, and the passage of a Cuban reciprocity bill or treaty, is the program of the Senate leaders, according to Senator Perkins, who is a member of the steering committee and who has consulted many colleagues on the Senatorial program.

"If a suitable bill can be framed for the regulation of the trust," said Perkins tonight, "I am convinced that a majority in the Senate will favor it. But there is strong opposition to tariff legislation, either now or at an extra session. Unless there is greater demand than is now apparent, the whole tariff question will go over until next December, at the earliest."

"Regarding Cuban reciprocity, I must say that the prospects favor the passage of a bill granting a 20 per cent reduction on Cuban products or a ratification of the treaty carrying out the same ends. While Senator Elkins and one or two others declare they are insurgents as ever, I fail to find the strong front that was presented last session, and with the pressure of the Administration so long exerted it is plain to me that something must give way. If too much is asked the opposition may develop, but if the President is content with a 20 per cent reduction he probably will get it."

**CANNON'S ELECTION SURE.**

Dalzell Draws Out of the Race for the Speaker's Gavel.

Washington, Dec. 2.—Representative Dalzell of Pennsylvania has withdrawn from the contest for the Speakership of the next House in favor of Representative Cannon of Illinois, who has been endorsed for that office by the Pennsylvania delegation in the House. This practically assures Mr. Cannon's unanimous election for Speaker in the Republican caucus.

Dalzell's announcement and the subsequent action of the delegates took place at a dinner given by Senator Penrose tonight at the new Willard Hotel, at which were present Senator Quay and the members-elect from Pennsylvania in the House.

At a meeting of the New York delegation in the House today it was unanimously decided to support Representative Cannon for Speaker.

**TO PREVENT CROUP,** begin in time. The first symptom is hoarseness; this is soon followed by a peculiar rough cough, which is easily recognized and will never be forgotten by one who has heard it. The time to act is when the child first becomes hoarse. If Chamberlain's Cough Remedy is freely given, all tendency to croup will soon disappear. Even after the croupy cough has developed, it will prevent the attack. There is no danger in giving this remedy as it contains nothing injurious. It always cures and cures quickly. GROWTH OF HILO.

The growth of wealth in Hilo and surrounding Territory during the past five years has been by leaps and bounds. The average yearly increase in assessed valuation of real estate and personal property, speaks for itself. The Hilo-Kohala Railroad and the breakwater are on the way. When these two great improvements materialize, the business activity of Hilo will be revolutionized. The people of Hilo by pulling together and pulling hard can bring these things to pass. It is a program in which no Hilo man can afford to lay down.

ANY Hilo man who knows a Congressman can help the Federal Building proposition along by writing him on the subject. Send the letters along and let them urge your Congressional or Senatorial friends to keep an eye out for Hilo. The article on the first page of this week's TRIBUNE, if sent along with such letters, will convey volumes of information. Forward letters by the first mail and send reminders throughout the session, until Hilo secures her due.

THE Hilo people want the Territorial band New Years day. Two visits during the biennial period are justly due the second city of the Islands. The people in the outer Districts will be in Hilo on New Years day and to send the musicians over at any other time will be a disappointment to country and town alike.

W. H. EUSTIS, Commissioner to inquire into a site for the Federal Building for Hilo, made many friends while in Hilo. His energy, insight and business like methods, stamped him as a man who does things. The people of Hilo welcome such men, whatever their mission in the Islands may be.

THE reports by the latest mails from the Coast indicate that 4 cent sugar is in sight. Leading sugar men in the States predict a steady market next season at a higher figure.

THE Hilo Merchants by their window decorations, are convincing the public that Santa Claus season may be made merry without snow and frost.

GOVERNOR DOLE is on Hawaii and the versatile H. E. Cooper has his hand on the executive throttle as Acting Governor.

This Germ is in Hilo.

Washington, Dec. 5.—In a paper read before the Sanitary Conference of the American Republics, Dr. Stiles, zoologist of the Agricultural Department announces that he has discovered the germ of laziness.

The announcement has given rise to much discussion among scientific men. Dr. Stiles says that his deductions were drawn from a study of a large number of cases, extending over a considerable period of time. He has by these methods been able to determine what it is that causes laziness in mild or aggravated form to take possession of the soul of men and cause them to shun all forms of mental or physical exertion.

L. E. JOHNSON, chief of the Board of Governors of the Emergency Hospital says of Dr. Stiles' announcement, "There is, in my mind, no doubt as to the accuracy of his deductions."

Hawaii's Appropriations.

Washington, Dec. 3.—The Secretary of the Treasurer transmitted to Congress today estimates of the appropriations desired by Hawaii for the fiscal year 1904. They include items for lighthouses at Makapua, Kahului, Puna, Kailua, Kawaihae, Mahukona and Kakaekalau, aggregating \$750,000; \$250,000 for dredging Honolulu harbor; \$50,000 for a breakwater at Hilo; \$300,000 for a Federal building at Hilo; \$150,000 for a public building site at Honolulu; \$150,000 for light-house tender, and \$250,000 for a revenue cutter.

AN IMPORTANT DECISION.

[Pittsburg Dispatch.]

The Supreme Court of Indiana has decided that the process of "sweating" prisoners is illegal, and has awarded Arthur Steele, the plaintiff in a suit against the Sheriff of Howard county, \$400 damages for false imprisonment. Steel was suspected of larceny and was placed in the "sweatbox," although not under arrest. The court held that an officer cannot legally hold a person in custody for a longer period than is reasonably necessary to obtain a proper warrant. This is exactly the same decision recently rendered in the Allegheny county courts. Passing to the "sweating" ordeal the Indiana court, all the judges concurring, declared that any mistreatment of a person detained is sufficient cause for personal damages, and that the \$400 awarded was moderate in view of the facts. A few more such judgements would have a salutary effect in abating this practice, which, of late years, has become notorious.

Senators Against Chinese.

Washington, Dec. 3.—The report that the sub-committee of the Senate Committee on Pacific Islands and Porto Rico would recommend the admission of Chinese laborers into Hawaii appears to have been erroneous, according to one of the Senators composing the committee that visited Hawaii last fall. He said that the committee was opposed to the admission of Chinese into the islands even in restricted numbers and for short periods.

"The people of Hawaii, and especially the sugar planters, were anxious to get into the American Union," he said. "They came in with their eyes open, with the Chinese exclusion act on the statute books. Now let them take their medicine like every other part of the United States. If they want cheap labor they must find it among the people already in. We don't propose to admit cheap Asiatic labor into one part of the country to compete with white labor in other parts."

THOUGHTS UPON

CHRISTMAS DAY.

The birth of Christ, that Divine inhabitant of two worlds, coming from the realms of eternity to the realms of time, returning whence he came, triumphing over death and robbing the grave of its victory, furnishes the greatest consolation to the doubtful, trembling or affrighted soul when it shrinks back upon itself and "startles at destruction."

Christ in his Divinity came and went, He passed from one world to the other; both ways the route He then proclaimed remains to us today, linking time and eternity together and affording to the human soul its only assurance of what eternity holds in store for us.

In view of that promise, therefore, we listen without wonder or doubt to His own grand conclusions in after life of the whole matter, to His own lofty anthem and promise of life eternal.

"I am the Resurrection and the Life, he that believeth in Me, although he were dead, yet shall he live, and whomsoever liveth and believeth in Me shall never die."

This birthday which brought joy and love and peace to mankind, this birthday that came amid the strains of solace and mercy, which pulled back the black curtains of uncertainty that the children of men might look upon the bright morning of eternal life, that joyous birthday will soon be with us once more; and may the sublime and simple birth and life of that lowly Nazarene ever inspire us to purer lives and nobler purposes and may a bright and joyous Christmas be the lot of everyone whose eyes fall upon these lines is the wish of  
A. HEATHEN.

IT WILL NOT DO to fool with a bad cold. No one can tell what the end will be. Pneumonia, catarrh, chronic bronchitis and consumption invariably result from a neglected cold. As a medicine for the cure of colds, cough and influenza, nothing can compare with Chamberlain's Cough Remedy. It always cures and cures quickly. The Hilo Drug Store sells it.

LYMAN-NEUMANN.

Pretty Wedding at the Richardson Home Last Monday. Henry J. Lyman and Miss Grace Neumann were united in marriage at noon last Monday, at the Richardson home, in this city, Rev. Mr. Hill officiating. The ceremony was performed in the presence of a few of the relatives and friends of the parties. The bride was attended by Misses Elvira Richardson and Sarah Lyman. The best man was Eugene Lyman, a brother of the groom. The Richardson home on Church street was beautifully decorated for the occasion. The presents sent by friends were numerous and valuable. After the ceremony, a delightful luncheon was served, and at 3:37 p. m. the bridal party left by train for the Volcano House. They will reside at Kapoho, Puna. Writ of Habeas Corpus. A writ of habeas corpus was granted Tuesday afternoon by Judge Little in behalf of Kama, a native who is under arrest charged with forgery. The writ was made returnable at 10 o'clock, December 29. The offense which caused the arrest of Kama for forgery consists in his alleged signing of names to a petition circulated in Puna asking for certain changes in school matters. The hearing on the writ will be to determine whether the signing of another man's name to a petition constitutes the crime of forgery. A Legal Tangle. A legal tangle of interest to lawyers is on in the District Court, in connection with the case of the Territory vs. Wong Tim, charged with gross cheat. C. M. LeBlond is assisting Sheriff Andrews in the prosecution and Carl S. Smith is for the defense. Mr. Smith is cited by Judge Hapai to appear next Tuesday and show cause why he should not be committed for contempt. This phase of the case grew out of Mr. Smith's refusal to produce certain papers, which the court ordered him to produce. K. of P. Election. At the meeting of the K. of P. lodge Tuesday night the following officers were elected, the installation to be in January: A. M. Wilson, C. C.; D. Lycourgs, V. C.; J. Kelley, P.; J. Bohlenberg, K. of R.; and S. E. Fuhr, M. of W.; Herman Ludloff, M. of F.; L. E. Ray, M. of E.; Wm. Ebeling, M. of A.; W. McNichol, I. G.; M. F. McDonald, O. G. Shooting at Olan. Keala Kalea, a native living at 12 miles was shot in the knee last Sunday, the 32 calibre ball just grazing the bone. There is some mystery about the shooting. The natives claim it was accidental. The disappearance of a native who was living in the same house indicates that a crime may have been committed. The police are investigating the case. 1903 Diaries. Diaries for 1903, German Calendars, Spanish, Portuguese, Chinese and Hawaiian books—Wall Nichols Co., Ltd. On account of his ill health, Judge Little will hear no more cases at Chambers until Monday, December 29. At that time he will clean up all matters waiting to be heard. Mr. Mann, the well known driver of one of the Volcano Stables busses, received word this week of the serious illness of his daughter at San Francisco. He left by the Enterprise. Sultana figs, Persian dates, Italian chestnuts, raisins, walnuts, almonds, filberts and frozen oysters at the California Fruit Market. These delicacies are necessary to make your Christmas cheer all that it should be. A new shipment just arrived at Lockington's, including furniture, pictures and all kinds of holiday goods. Lockington's undertaking department is better equipped than ever. He has the only hearse on the Island. Landlord Waldron of the Volcano House was in the city Monday. He reports that the pit of Halemauau is still mildly active, fire being visible in the bottom nearly every night. He calls it slumbering activity. The Enterprise sailed yesterday at noon for San Francisco. Besides a large general cargo she carries 8,397 bags of sugar from Olan, 16,074 bags from the Hilo Sugar Co.; 700 bunches of bananas and 122 sacks of coffee. The Elite Laundry is now well equipped to do all kinds of work and is an institution that is filling a great void. By the next Enterprise a mangle will arrive. After this is installed Hilo will have a model steam laundry in every detail. There will be a concert at Spreckels' Hall Tuesday evening, December 23, in which the program will be made up of the best local musical talent. It is planned to have six violins, four pianos and banjos, guitars, etc. After the music there will be a vaudeville performance. Artistic pieces of statuary representing Venus de Milo, Minerva, Apollo, St. Joseph, Diana, Slave Girl, Blessed Virgin, head and busts of McKinley, Mozart, Beethoven, numerous novelties including brackets, plaques, vases, match and pipe racks, etc. See these rare goods at Moses and Raymond, Bridge street. Three priests of the Catholic Mission of this district took out their first papers for American citizenship this week at the instance of their veteran priest and superior, the Rev. Father Celestin of Kau. Fathers Ulrich, Otto and Adrian are the three who are changing their political allegiance. The Christmas exercises at the Chinese Mission and Kindergarten, under the direction of Miss Walsh, will be unusually interesting this year. There will be tableaux, a fairy garden and a Christmas tree. Miss Elvira Richardson will assist in the exercises. The exercises will be held in the Chinese Church, beginning at 7 o'clock sharp Monday evening. The Salvation Army will have a special service in their hall on New Year's Eve. Beginning with a program of songs and drills by the children and a Christmas tree it will conclude with a watch night service. Any donation sent to assist us in making this season enjoyable for the children will be thankfully received by the officers in charge.—ENSIGN GRACE BURGESS.

WORK OF EUSTIS.

Hilo People Are Practically Unanimous on Site. W. H. Eustis left Hilo Monday afternoon for the Volcano, accompanied by A. B. Loebenstein. He took a glimpse at Madam Pele's realm Tuesday and went on catching the Mauna Loa for Honolulu. Mr. Eustis left Hilo with the Federal building business in ship shape. The last words he said were "now if Hilo does not get from Congress what she deserves it will not be my fault." After conferring with the business men of Hilo individually, Mr. Eustis found little or no opposition to his recommending the site mentioned in last week's TRIBUNE. The tract lies between Waiannue street and the Wailuku river and is bounded above and below, by Pitman and Bridge streets respectively. The site is not only commanding and central, but it is large enough to permit ornamentation by drive ways, walks, lawns and tropical gardens. The site already belongs to the government. There are leases running from two to twelve years. Mr. Eustis was successful in securing reasonable terms from the lessees, for the termination of their holdings, providing the United States wants to proceed with the improvements. Monday afternoon a meeting of citizens was held in the office of the First Bank of Hilo to adopt a letter or petition to be presented to Mr. Eustis. Messrs P. Peck and J. W. Mason had been appointed a committee to draw up a paper setting forth facts and statistics regarding Hilo. The admirable paper drawn up by them was adopted by the meeting as an expression of opinion of Hilo business men, and was signed by all the leading firms in the city. The paper will form a part of the report of Mr. Eustis and is published in full on page one of this issue. PUNA EXCURSION. Superintendent Lambert Honors Commissioner Eustis and Others. Through the courtesy of W. H. Lambert, Superintendent of the Hilo Railroad, an excursion over the lines to Puna and Mountain View, was given last Sunday in honor of W. H. Eustis. Invitations were extended to Hilo business men. The party was a representative one and nothing was omitted by Mr. Lambert to make the day pleasurable to all. The train left the Waialae depot at 9:30 a. m. and returned at 4 o'clock in the afternoon. At Puna, carriages and horses were provided for the members of the party and all the points of interest in the locality were visited. Under the direction of Mrs. Lambert luncheon had been prepared for all, each person being presented with an individual basket. Mr. Eustis spoke enthusiastically of the pleasures of the day and every one who went on the excursion enjoyed the trip. Outgoing Kinou List. Mrs. H. J. James, Miss James, G. H. Jackson, formerly bookkeeper for the Hawaii Mill Co., resigned his position the first of the month and will devote his whole time to the insurance business. He has bought out the insurance business of I. E. Ray, and A. E. Sutton & Co. Mr. Ray in turn has bought the real estate and commission business of the latter firm. Mr. Ray will at once erect an office building on the lot on Waiannue street adjoining Holmes' store, and move his business offices as soon as the building is finished. Mr. Jackson will also have offices in the new Ray building. Kilauca Lodge Officers. The officers elected by Kilauca Lodge No. 330, F. and A. M., last Saturday night are as follows: Geo. H. Williams, Worshipful Master; F. A. Medcal, Senior Warden; J. U. Smith, Junior Warden; E. N. Holmes, Treasurer; T. C. Ridgway, Secretary. The installation will probably be on the evening of St. John's Day, Saturday, December 27. BORN COLTON—Monday, December 15, to Mrs. Edward Colton, at Waialae, a daughter. The child was buried Monday afternoon. Card of Thanks. Mr. and Mrs. Edward Colton express their sincere thanks for assistance and sympathy extended during Mrs. Colton's recent illness.

## Weak Nerves

Are you ever nervous? Do you lie awake nights, suffer from despondency, and often feel discouraged? It's a terrible life to lead. Don't suffer in this way any more. Get strong and well.

Follow the advice of Mrs. Thomas Fritchard, of Adelaide, South Australia. She sends us her photograph and says:

"I had a terrible illness which left my nerves all unstrung. I had severe headaches, indigestion, sleeplessness, and my nerves were just as weak as they could be. I then tried Ayer's Sarsaparilla and I began to improve at once. My appetite returned, my digestion improved, and my nerves became strong and steady."

## AYER'S Sarsaparilla

There are many imitations "Sarsaparillas." Be sure you get Ayer's.

## LOADING CRANE CARS.

Successful Machine in Use on Waiakea Plantation.

The report of the committee on machinery, at the recent Planters meeting at Honolulu was published in the Planters Monthly, from which the following extract is taken:

In the matter of loading cars in the field by machinery, several tests have been made on Maui, but the hoisting machinery used there, was found to be too cumbersome and heavy, for easy transportation throughout the fields on portable track, and was therefore given up. The gross weight of this apparatus was about 20,000 pounds, however I am indebted to Mr. C. C. Kennedy of the Waiakea Mill Co. for the following information and figures in connection with the loading of cane in the field by mechanical means. The hoisting arrangement complete weighs but 4,000 pounds, is set upon an ordinary flat car, can work in any direction, and by its low weight is thereby made convenient in handling about the fields on portable tracks. The engine in connection with this crane, is worked by gasoline, thereby insuring lightness, saving in transportation of coal and water, and with little risk of fire. Actual results at Waiakea with the use of this loading apparatus show, that four men can take from sleds and load upon cars 200 tons of cane in eight hours, at a cost of \$4.00 for labor, and from 75c. to \$1.00 for the gasoline consumed doing this amount of work, hence we have, 200 tons of cane loaded for say \$5 or 2 1/2 cts. per ton. At this plantation sleds are used for getting cane to within reach of the hoist. A sling is placed on the sled, the cane loaded upon it. When the sled is run alongside the loading machine, it is a simple matter to hook it to the sling, raise it to the desired position, above the car, pull a small cord releasing the cane from the sling, and out drops the 1,500 pounds of cane. This method works without a hitch. For comparative purposes to this cost must be added the cost of loading and hauling the sleds to the hoisting apparatus, which according to Mr. Kennedy is 1/2 cents per ton: therefore we now have 2 1/2 cts. plus 12 cts. = 14 1/2 cts. the total cost per ton of packing and loading. It would be well for those interested to visit Waiakea and see this labor saving device at work.

## NO LOAN FOR VENEZUELA.

Cabinet Approves the State Department's Course.

Washington, Dec. 2.—Foreign affairs were discussed briefly at the Cabinet meeting today. Secretary Hay has had encouraging reports from Havana, where Minister Squiers and General Bliss are working in harmony with a special commission designated by President Palma to draw a satisfactory reciprocity treaty. Venezuelan conditions also were touched upon, especially with reference to the plans of some New York financiers to relieve Venezuela's embarrassment by floating a loan. The Government would be glad to see this done if it could be accomplished without involving the United States in any liability for the repayment of any debt or place the Government under the obligation to coerce Venezuela. It has already been made perfectly clear to the promoters of this plan that the State Department would not bind itself by any promises in this matter, and this attitude of the department was thoroughly approved by the members of the Cabinet.

## NO TARIFF COMMISSION.

Allison of Iowa Shows Why It Would Be Useless

Washington.—Senator Allison of Iowa, who is chairman of the Senate Appropriations Committee and the second member of the Finance Committee, opposes the proposition for a tariff commission. Instead, he favors the appointment of a joint committee by the two houses of Congress to sit during the recess of Congress next summer and recommend any changes in the tariff that their investigations may justify.

Senator Allison says he can see no reason for the creation of a non-partisan tariff commission. The present tariff was formulated by a Republican Congress and is opposed by the Democrats. As Congress is Republican in both branches, that party, he thinks, should make any changes in the tariff which may be found necessary, and not put it in the hands of a non-partisan body. The mere fact of referring the question to a non-partisan board would not take the tariff out of politics, for the attitude of either party toward it would not thereby be changed.

Senator Allison referred to the failure of the former, tariff commission whose recommendations were not heeded by Congress, and said he favored rather the appointment of a statutory committee composed of three members of the Senate Finance Committee and three from the House Ways and Means Committee, the members to be named by the resolution, creating the joint committee. This body to sit all summer, if it were necessary, to hear all the suggestions that would be offered, and their reports would be presented to the two houses when Congress assembled in December, 1903.

No tariff legislation, in his opinion will be enacted at the coming session, the time being too short for intelligent work on such a complex subject. No change would be made even in the tariff on anthracite coal, for the reason that it would lead to other propositions for revision and would open the tariff question to endless debate, which would shut out the appropriation bills.

### Strike Commission Confronted by Mountains of Work.

Scranton, Pa., Dec. 3.—After an adjournment of ten days, during which time the representatives of the railroads and miners were kept busy at work preparing evidence for submission to the Anthracite Coal Strike Commission, the hearings of the miners' side of the controversy was resumed in the State Superior courtroom at 10 o'clock this morning. The usual large crowd was in attendance and in addition there were several new faces among the array of attorneys. The most prominent among these was Samuel Dickson of Philadelphia, representing the Lehigh Coal and Navigation Company, a large independent company, whose collieries are all located in the Panther Creek Valley. Among the spectators were about twenty Italians and Poles who will be called upon to tell the conditions prevailing in the middle, or Hazleton region.

In opening the days proceedings, Chairman Gray made an explanation of the attitude of the Commission regarding the efforts for an outside settlement. He said there had been a misunderstanding in some quarters. The idea had gone out that the whole matter would be dismissed if an agreement was reached. This, he said, was incorrect. He read a statement made by the sub-committee in which it was stated that the committee would not abrogate its duties and that it would stand responsible for any agreement it approved or award it made. The chairman also added that the Commission wished to say that parties to the controversy may not withdraw without the consent of the other parties before the Commission.

"We would be glad to have everybody represented and have the whole field covered," said he. Mr. Dickson announced that in addition to representing the Lehigh Coal and Navigation Company, he appeared for the individual concerns in the anthracite region. On the outside agreement proposition Chairman Gray announced that the Commission still "entertained the hope that efforts to agree would continue and the Commission would gladly lend its good offices to that end."

Judge Gray said that unless some common sense agreement was reached, as to the presentation of figures expectation of life of most of the members of the Commission would be insufficient to reach an end to the controversy. President Mitchell was called to the stand and in answer to questions by his counsel said the 20 per cent increase in wages would increase the labor cost less than ten cents a ton. Taking President Baer's statement as a basis he said the increase would be about 17 cents a ton.

## Fine Sports.

The polo team from Hawaii will go to Honolulu next year in force to claim the championship on June 23. It is stated that Samuel Parker and W. A. Carter have promised \$500 a piece towards the improvement of the team, the amount to be expended in ponies, equipage or what not, any thing as long as Oahu is conquered. The Oahu men are rejoicing over this exhibition of sport and intend to make as hard a fight for the cup as they can. The total sale of ponies for the Kauai team, including the riding horse purchased by H. P. Baldwin, amounted to \$900. D. P. R. Isenberg bought one of the string for his wife's use.—Star.

## MINISTER BELIEVED.

### Senor Concha Has Persistently Opposed Canal Treaty

Washington, Dec. 1.—Senor Concha has been relieved as Minister for Colombia by orders from Bogota, and it is believed that Dr. Thomas Herran, the present secretary of legation here, will be accredited as Minister to succeed Senor Concha in the course of a few days. Meanwhile Dr. Herran has been clothed by his Government with full authority to prosecute the negotiations looking to a canal treaty with considerably enlarged powers.

Minister Concha, having stood fast against strong representations from his own Government favoring a treaty, the latter decided to place the further negotiations in the hands of Dr. Herran. It is of course assumed from this change that the chances of the treaty have been bettered.

It is believed that the question of sovereignty, which has thus far held up the negotiation of a treaty, is in a fair way to be settled between Colombia's new representative and Secretary Hay. The appointment of Dr. Herran as Minister will be awaited with interest in Washington. There is no doubt that the State Department will give its cordial assent to the succession of Dr. Herran as Minister.

Dr. Herran called at the State Department today and acquainted Acting Secretary Hill with the facts in the case. The department's statement in the matter is that Minister Concha leaves for New York for the sake of his health and for private reasons; that Dr. Herran is charge d'affaires ad interim, and that he has been empowered by the Minister to conduct further negotiations of the canal treaty. This statement does not change the expectation here that in the end Dr. Herran is to be made Minister.

## What is a Cough?

A spasmodic effort to expel the mucus from the bronchial tubes. A cold causes a more abundant secretion of mucus, and when the lungs and bronchial tubes are inflamed, they are extremely sensitive to the irritation. Unless care is taken, the cold may result in pneumonia, which is swift and deadly. It is a cold is a lingering one, the more leisurely but equally fatal consumption may set it. Do not neglect a cold of cough. Take Chamberlain's Cough Remedy. It always cures and cures quickly. The Hilo Drug Store sells it.

**CHRISTMAS ANNOUNCEMENT**

The favorable news in regard to Sugar, the corresponding rise in all Sugar Stocks, and the general results of the late election, warrant the assumption that this year's Christmas trade will be fully up to the average. For this we have prepared in a more than unusually thorough manner.

In Japanese Ware we have a few of the far famed Satsuma Vases, every piece a work of art; each figure, tiny though it may be, standing out clear and distinct.

Cloisonne Ware with delicate silver thread imbedded in the metal, forming wonderful designs, possible only to a people for whom time has little value. "Imari" bowls and plates, "Kutani," "Awata" and "Kochi" vases, bowls and platters, each make with its own peculiarities, and each with a beauty of its own. Egg shell Japanese ware in Tea Sets, Coffee Sets, Single Cups and Saucers, and a few Bowls, all nearly transparent and in designs quaint and beautifully worked out.

Then too we have the famous Japanese Drawn Work and Embroidery on Grass Linen, an assortment which our agents in Japan have been working up for several months past. Among them are Doyleys, Napkins, Squares, in various sizes. Table Cloths, Table Scarfs, flouncings, etc. and a small but choice lot of Gauze Table Cloths, all perfect in design and finish.

We must not forget the Panels, Silk Embroidered Covers, Photo Screens, Cabinets, etc., all of which are worthy of special mention.

In the "Pina" or Pineapple Fibre Cloth we have a number of beautiful shades. A dress length of this would be a very welcome present to friends abroad, as it is seldom found in American stores.

We have not forgotten the American and European markets, however. From them we have procured a few specialties direct from acknowledged headquarters. In fans, for instance, we have perhaps the best line ever brought into the country. Prices from \$1.00 to \$25 each. Real Shell Combs, Barrettes and Pins, Aigrettes Spangled Butterflies, etc., direct from the makers. No middleman's profit. Some cushion covers in beautiful designs, and pillows for them. Ladies' Silk Umbrellas with pearl and silver mounted handles and many other novelties that cannot be mentioned for lack of space.

Our regular line of Dry Goods, too, is unusually complete, and our stock of trimmings will compare favorably with any in the country. We have silks in Peau de Soie, Crape de Chien, and Taffetas in black and colors, and a few single lengths of Flowered Taffetas and Foulards. Leghorn Hats we trim to order, and have an excellent line of flowers and feathers to select from.

For the gentlemen we have Neckties, in every shape and color, Collars in all the new cuts, Negligee shirts of the well known Monarch brand (which is a sufficient guarantee of fit and style). Initial Silk Handkerchiefs, Pajama Suits, including a few silk ones from Japan.

We are headquarters for Stetson and Panama Hats, and we are making a specialty of a Felt hat in all styles and colors at \$3.00 each. We have a line of suitings that will compare favorably with any Honolulu establishment, and these in single suit lengths. In fact, in this department as in others, our aim has been to make it as complete as possible.

Our Grocery Department as ever is full of carefully selected goods. We carry the celebrated Curtice Blue Label line, Heinz's well known products, C. & B. Jams and Pickles, Spices, etc. and in Meats, Soups and Fish we have the best products of the best factories.

White Label Olives speak for themselves in size and quality and the Olive Oils, and the various condiments are put up in so attractive a manner as to create an appetite if none previously existed. Cranberries, Plum Puddings, and all other good things for the Christmas dinner can here be found and we guarantee their freshness and excellence.

Whitman's Chocolates and confections make a fitting finish.

We have only space to mention a few of the headings, hundreds of other articles of equal importance are in stock and it is always a pleasure to show goods and quote prices.

We have just received the sole agency for Horner's Butter, so well and favorably known in this district. This we are selling at 80 cents a roll, full size, about as cheap as cooking butter.

Our motto in our Grocery Department has always been: "Not how Cheap but how Good."

**RUSH ANTI-TRUST BILL.**

House Committee Begins Operations  
—Senator Cullom's Measure.

Washington, Dec. 2.—The Judiciary Committee of the House held its first meeting today and took prompt action in the direction of getting an anti-trust measure before Congress at the earliest possible moment. Jenkins of Wisconsin, who has become acting chairman, owing to the retirement of Judge Ray, referred all measures dealing with trusts to the sub-committee of which Littlefield of Maine is chairman, and that sub-committee will go to work at once. It is the hope of Littlefield that a bill can be reported out of the full committee before the adjournment for the Christmas holidays. The committee today unanimously voted to request the speaker to appoint Jenkins chairman of the committee.

Washington, Dec. 2.—Senator Cullom today introduced a bill to amend the Sherman anti-trust law. It prohibits interstate commerce in articles produced by trusts, the penalty for violations being a fine of from \$500 to \$5,000.

The bill authorizes the Attorney-General or any District Attorney to make application to Federal Judges for the summoning of persons before them to answer questions as to material violations of the anti-trust law in advance of the trial of a case and requires the Judges to issue orders for the appearance of such persons upon this application. In such cases witnesses are to be protected against prosecution on account of their revelations, but they are to be deprived of the right to refuse to answer because of self-incrimination.

Annual reports are required to be made by all persons, firms and corporations engaged in interstate commerce. They are to be filled with the Interstate Commerce Commission, and they are to be subject to the scrutiny of the Attorney-General, but not of the general public. The Attorney-General is authorized to appoint fifteen special agents to seek out violations of the law.

**TOO TEMPERATE FOR BRITONS.**

Roosevelt's Conservatism Surprises  
London Admirers.

London, Dec. 3.—Some of the London newspapers regard President Roosevelt's message as a disappointment, inasmuch as, according to their views, "he adopts a cautious and conservative policy rather than a revolutionary one in dealing with the trust question and the tariff." On the whole, however, while carefully examining the message in detail, there is no disposition on the part of the press to strongly criticize it.

The general impression is that President Roosevelt has been influenced by the warning echoes of the last elections, and that he seeks to attract rather than attempt to compel the support of Congress.

A leading paper says: "The message is more remarkable for the lofty idealism of its language than for any boldness in its specific recommendations."

The President's enunciation of the foreign policy of the United States and his advocacy of a strong Navy meet with warm appreciation, and the message generally is welcomed as a tranquilizing one by providing that no organic change of policy is intended.

**Julia E. Whalen Overhauled.**

The schooner Julia E. Whalen of Marcus Island Guano Co. fame has been found to be an excellent sea boat and good carrier. Captain Harris intends to withdraw from present active service for a brief period to permit necessary overhauling. The Levi Woodbury will replace her.—Independent.
