Shamrock's Trial Spin.

New York, July 5.—A despatch to the Herald from London, says: There is to be a trial of speed between the Shamrock and the Britannia.

Wednesday morning Sir Thomas Lipton and Mr Fife landed at Southampton from a short cruise on Sir Thomas' steam yacht Erin, and it was decided that the Shamrock is not to sail for America without some trial with another yacht.

The Daily Mail is authoritatively informed that the spin will take place between the Shamrock and Britannia at the end of this week or at the beginning of the next. The contest will take place off the Needles.

To give an idea of the new boat's spars it may be stated that the girth of the mainmast at the cross-tree is upward of sixty inches, while the spinnaker boom from the deck reaches above that point. A steel boom and a steel gaff have been shipped. The immense area of the mainsail may be gathered from the fact that the canvas from which it is made weighs nearly twenty-one hundredweight.

Artesian Wells Lower.

C. J. Lyons, of the Weather Bureau, reports: The artesian well at Panohau is gauged on the first of every month. On the 1st of July the water level stood at 35.1 feet above sea level. This is probably the general level for the east Honolulu district, and is 0.8 feet lower than it was on the 1st of March. It will diminish again as soon as the rice patches are watered for the fall crop.

Superintendent John Cassidy of the Mutual Telephone Company has returned from a business trip to the States. He will recommend the installation of a new switch board that will greatly improve Honolulu's telephone system.

THE "MORNING STAR" HERE

Unexpected Arrival of the Missionary Packet This Morning.

People on Board—Trip from Ruk Took 56 Days—Ill Health of Mrs. Logan Cause of the Visit.

The very unexpected arrival of the missionary steamer "Morning Star" was a great surprise to many here interested in her and her work in Micronesia.

It is only a short time since she left this port to be gone at least a year and her arrival this morning was the cause of much speculation.

It was found upon inquiry that her visit this time was due to the continued ill-health of Mrs. Logan whose life at one time was despaired of. The lady is now much better however, but she will continue on to the States for treatment.

The ship comes from Ruk and made an extremely slow passage of 56 days.

Among those on board are Captain G. I. Foster and wife and little daughter Marion and Kileon. Captain Foster was here early in 1896 in command of the missionary schooner Robt W. Logan which was lost in the South Seas soon after her arrival there. Capt. Foster is a lay missionary and he and his family are returning to their home in the States.

Kileon a native teacher who has been educated to teach his countrymen is here on his first visit. He it is who was written of by Miss Crosby some time since in her interesting pamphlet on the mission work in the South Seas.

Captain Garland reports a fine voyage of 15 days from Honolulu. The return passage, however, is the slowest on record.

It has not yet been decided how long the packet will remain here or what her destination will be.

SMOKE FROM THE VOLCANO.

A local in the morning paper today stated that the smoke around Mount Tantalus was due to bush fires. C. J. Lyons, of the Weather Bureau, informed the BULLETIN this morning that this was a mistake; that the smoke was from Mokuaweoweo.

Mr Lyons said that at an early hour this morning a most brilliant glow was visible in the direction of Hawaii, and that today smoke clouds hang over this island, the smoke coming from the active crater of Mokuaweoweo.

The sky glow this morning was noticed by many whose homes are situated on the highlands.

Passengers on the steamer Lehua yesterday report seeing a lurid glare in the sky when they were at Lahaina on Tuesday night.

The Waialeale, which arrived early this morning from Kauai also reports a big sky glow in the direction of the volcano. Mr. Lyons is of the opinion that the smoke hanging over this island at the present time is likely to be dispelled if the present light southerly wind prevails.

It was rumored this morning that Captain Spilner of the Mounted Patrol had tendered his resignation to the department. This was a surprise to the Marshal when a BULLETIN man spoke to him on the matter. "This is the first I have heard of the matter," said the Marshal. "I am certain that it is false. Captain Spilner was here only a few moments ago to send his watch on duty. If he had resigned I would certainly have heard of it."

Capt. John M. Gowan, U. S. N., is a passenger in the Rio on his way to Manila to command the Monterey.

ALGER ISSUES THE ORDER

Enlistment of Volunteers Will be Irrespective of States.

Headquarters in Military Districts—Unmarried Only Considered With Favor—War Veterans Wanted.

Washington, July 6.—The order for the enlistment of ten new regiments of infantry was issued today by the Secretary of War. It is as follows:

War Department, Washington, July 5, 1899.—By the direction of the President, the following general rules are prescribed for recruiting from the country at large, United States Volunteers as provided for by the act of Congress approved March 2, 1899, published in General Orders No. 36, of 1899, headquarters of the army, Adjutant General's office, and organizing the same into regiments:

The strength of regiments, officers and enlisted men will be as provided for by Sections 4 and 12 of the act of Congress approved March 2, 1899.

The regiments to be recruited in the United States will be designated Twenty-Sixth, Twenty-Seventh, Twenty-Eighth, Twenty-Ninth, Thirtieth, Thirty-First, Thirty-Second, Thirty-Third, Thirty-Fourth and Thirty-Fifth regiments of the United States Volunteers.

Of commissioned officers to be appointed for each of these regiments the field and staff officers, including medical officers and captains of companies, will be assembled at regimental rendezvous as herein after designated for the purpose of theoretical and practical instruction in organization, military administration, drill regulations, discipline, hygiene, camp sanitation, etc. Daily instruction in the nomenclature, care and assembly of parts of the rifle and target practice will be a special feature of instruction of both officers and men.

Applicants for commissions, except officers of the regular army, will be required to pass a satisfactory examination as to age, moral, mental and physical to command troops and must have had service during the Spanish-American war. The recruiting service of the regular army will be charged with recruiting from the country at large, men for service in these volunteer regiments whose enlistments will be made for the period ending June 30, 1901, unless sooner discharged and without restrictions as to citizenship or educational qualifications, but in all other respects, under the same rules and regulations as are prescribed for recruiting the regular service. Except in special cases only, unmarried will be enlisted for these regiments.

In view of the probable severe service of these regiments and the climatic conditions to which they may be subjected, the physical qualification of both officers and enlisted men is of the first importance. Only those fully qualified will be appointed or enlisted. The lieutenants and two of the medical officers of each regiment will, as far as practicable, be assigned to duty as assistants to recruiting officers of the regular army.

Upon arrival of recruits at the regimental rendezvous, the commanding officers of regiments will assign them to companies, and the appointment and reduction of regimental and battalion, non-commissioned staff and company non-commissioned officers and other enlisted grades will be governed by the law army regulations. Each regiment so organized will for the purposes of discipline and supply, be subject to the orders of

EXECUTIVE COUNCIL.

The first business of the executive council this morning was the passing upon claims of certain persons to land at Ewa.

The council refused to recognize the claims and it was decided upon recommendation of Land Agent Brown to put an upset price on the land and sell it to the highest bidder.

On application Dr. C. B. Wood is given additional land adjoining his lot on Punchbowl slopes in exchange for the land taken from the front of his lot in widening Beretania street. He to pay \$95 cash in consideration.

Attorney-General Cooper resigned as Minister of Finance and interim Minister Damon having returned yesterday. Mr. Brown's application for leave of absence of two months was granted. The bids for supplying a can buoy were not opened in Interior Department this morning as superintendent Rowell was absent.

LOST AN ARM AND FOOT

Brakeman Wetzell on Waialua Freight Probably Fatally Injured.

Accident at Halawa This Morning—Aid Promptly Rendered—Operation Performed at Hospital.

A very serious accident occurred this morning at Halawa. Brakeman Wetzell, who was on the Waialua freight which left here at 7:10, was run over, and had his left arm and leg badly crushed.

As soon as the news reached the superintendent's office a message was sent to Dr. C. B. Cooper, who responded immediately, and fifteen minutes afterwards a special train with medical aid was speeding to the aid of the injured man. One hour after the accident the unfortunate man was on the operating table at the Queen's Hospital, where a consultation between Drs. Cooper and Humphris was held.

It was decided that in order to save the man's life it would be necessary to amputate both the left arm and left foot. This was done. The accident occurred while the man was going from one car to another. He missed his footing, and fell between the cars. There is no one to blame, as it was an impossibility to have stopped the train.

The chances of Wetzell recovering are rather dubious. Several bruises and two or three scalp wounds were also received.

Superintendent Smith deserves credit for the immediate assistance rendered the unfortunate brakeman. Fifteen minutes after the accident was reported a train was despatched with the doctor.

CAPT. SATTERLEE FUNERAL.

The funeral of the late Captain Charles B. Satterlee, Battery K, 6th Artillery, was held from St. Andrew's cathedral this morning, and the body taken to the steamship Australia with full military honors. The services at the church conducted by Bishop Willis were attended by members of the Sixth Artillery stationed at the barracks and many local friends of the captain. The floral tributes were numerous and appropriate in design.

At the close of the service the casket covered with the American flag which the officer had followed so nobly was borne to the hearse by eight non-commissioned officers of Battery K. The honorary pall bearers were Major S. M. Mills, Surgeon Major Wood, Major Geo. Ruhlen, First Lieutenant John K. Cree, First Lieutenant D. W. Ketchum and Second Lieutenant J. F. Howell. The Hawaiian band led the procession and a detachment from the Sixth Artillery with friends in carriages marched to the Oceanic wharf where the casket was placed on a bier to await shipment by the steamer this afternoon.

EXECUTIVE COUNCIL.

The first business of the executive council this morning was the passing upon claims of certain persons to land at Ewa.

The council refused to recognize the claims and it was decided upon recommendation of Land Agent Brown to put an upset price on the land and sell it to the highest bidder.

On application Dr. C. B. Wood is given additional land adjoining his lot on Punchbowl slopes in exchange for the land taken from the front of his lot in widening Beretania street. He to pay \$95 cash in consideration.

Attorney-General Cooper resigned as Minister of Finance and interim Minister Damon having returned yesterday. Mr. Brown's application for leave of absence of two months was granted.

The bids for supplying a can buoy were not opened in Interior Department this morning as superintendent Rowell was absent.

WANT HORSES IN GUAM

Glowing Account Given of Opportunities in the Island.

People are Fifty Years Behind the Times—Climate Compared With Honolulu—No Mills But Gin Mills.

F. J. Cross has received a letter from D. Bell, who after a short stay in Honolulu set out for the Island of Guam. Mr. Bell, under date of April 26, has the following to say of the conditions in the island:

"My wife and I arrived here after a four weeks' run (country winds). Guam is a lovely island, 32 miles by 5 to 8 miles; fertile, roughly 50 per cent better than Oahu; green all the year round; little hotter than Honolulu; rainy season, summer and autumn; dry season, winter and spring; just enough rain not to necessitate irrigation. No earthquakes nor severe gales of wind. Coffee, sugar cane, rice, tobacco, and coconuts grow to perfection. There is not a rice mill or corn mill in the whole island, and the people (poor) live entirely on these foods; and, further, there is not a saw mill or any other kind of mill except those where they make "budy" from the coconut (gin), which one could hardly dignify with the name of distillery.

The island is exactly fifty years behind the times, and now is exactly the time for anyone anticipating such a move to come here. There is a sore head here who through Honolulu press is going to warn people to keep away from here till after the Governor comes. He is merely doing this because if other white men keep away, it will improve his chances of getting a good government position.

English is spoken somewhat and the native language is easy to learn. They are good traders, but have not much idea of quality and value. On the other hand, if they want a thing, they will give their last cent to get it.

"There are six small stores here, doing well, but supplies of every kind are wanted.

"What I want to tell you is about horses. When the Spaniards left, they took all their horses and there is now less than 100 ponies here and not an American horse among them. Horses will sell from \$50 gold up. A good load of horses from Honolulu will be a very paying venture. A lot of Hawaiian ponies and a few American horses could be brought down. You could charter a schooner for little or nothing and bring back a return cargo of coffee, rice or copra. Saddles and bridles also will find a market. There will be no expense what ever after arrival and no custom charges of any kind. I'll guarantee to dispose of them.

"It is much too soon for electricity, but it will come.

"I have written to Capt. Harry Swinton, who is going to bring down some goods for me. I am here to stay."

A PURE GRAPE CREAM OF TARTAR POWDER

DR. PRICE'S CREAM BAKING POWDER

Highest Honors, World's Fair Gold Medal, Midwinter Fair

Avoid Baking Powders containing Alum. They are injurious to health.

SUGAR IN JAMAICA

New York, July 3. — A. H. Miles is one of the party of four Jamaicans who are staying at the Fifth Avenue hotel. They are an official business from the Colonial Government at Kingston, and have just returned from Washington. Dispatches from Washington state that the delegation was sent to confer with the authorities there with a view to obtaining a reduction in the tariff on sugar. Washington dispatches furnish additional information to the effect that they have been ordered to Canada to carry on negotiations with the Government at Ottawa. Mr. Miles says the sugar raising industry in Jamaica is almost at a standstill.

"In the latter part of the last century," he said, "Jamaica turned out 150,000 hogsheads of sugar annually. That was when we had cattle, mills, and the old ringer process, putting the hogsheads in tiers, and let the molasses drain out. Now we have steam machinery and centrifugal machines for drying the sugar—not quite up to date, to be sure, but infinitely superior to the old method—and yet we turn out only 25,000 hogshead of sugar annually.

"The United States is, of course, our principal market and the tariff is so high that the small plantations will not pay. Cuban planters manage to make it pay because they carry on business on a larger scale. We cannot dispose of our sugar in England because the English consumers are supplied at less than cost with the continental beet sugar on which France and Germany give a big bounty. The United States will be supplied with the same kind of sugar some day but it will be a long time yet.

"The principal industry in Jamaica now is fruit growing. Bananas are being grown there in large quantities and citrus fruits which are indigenous to the country are being carefully cultivated. Since the seventies the fruit trade has been increasing rapidly. We now have five steamers plying between Jamaica and Philadelphia, Boston and Baltimore for the sole accommodation of this branch of commerce."

"Never Burn a Candle at Both Ends"
If you do your light will soon be gone, and you will be in the dark. Don't think you can go on drawing vitality from the blood for nerves, stomach, brain, and muscle without doing something to replace it. Hood's Sarsaparilla gives nerve, mental and digestive strength by enriching and vitalizing the blood. Thus it helps the people who are overworked and tired.
Hood's Pills are non-irritating, mild, effective.

Dan Brothers to Retire.

Rochester, N. Y., June 6.—Big Dan Brothers, the famous baseball player, has resigned from the Rochester Eastern League team and retired from the game. He says: "I can't hit them square on the nose as I did once." Brothers is Mayor of Wappingers Falls, where he runs a hotel.

Experience is the only thorough teacher. In photographing particularly, you will find that conditions in Hawaii are not the same as elsewhere. We have an experienced man to handle kodak developing and printing.

KING BROS.,
110 Hotel street.

EVENING BULLETIN.

Published Every Day, except Sunday, at 200 King street, Honolulu, H. I., by the BULLETIN PUBLISHING COMPANY. F. R. FARRINGTON, Editor. DANIEL LOGAN, City Editor.

FRIDAY, JULY 14, 1899.

Governor Pingree's next erratic move (it is fair to be his coming out on a platform that the government derives its just powers from the Governor.

Dewey writes to von Diadriehs, "I rejoice that our differences have been of newspaper manufacturer." Yet Dewey doesn't deny that he had interesting differences with von Diadriehs.

Philippine Peace Commissioner Schurman has at last begun to talk sense. He now admits that first paragraph in the articles of peace must be the crushing of Aguinaldo resistance, and this must be accomplished by force of arms.

Notwithstanding the czar took the initiative in calling the Peace Conference, the American members are about the only ones who have accomplished anything. Yankee diplomacy is a new school that the Europeans will do well to give proper attention.

The Central Union church is keeping up with the spirit of the times and preparing to expand. With its constantly increasing home mission work among the various nationalities of the islands, the absolute necessity of increasing the working force under the immediate control of the pastor.

A more common sense head than Teddy Roosevelt's might be turned by the frequent calls of "our next President" from the people. One of the best assurances of McKinley's renomination and re-election is the steadfast loyalty to his of men like Roosevelt whose highest aspiration is the country's welfare, not personal advancement.

Women's clubs and labor organizations of Nebraska secured a law demanding that women shall not be required to work more than ten hours a day and employers shall provide seats for women employees. The result is that many firms have given notice that they will employ no women and fully twenty-five percent of the working women have been thrown out of employment. It is simply an evidence of the depth of moral degradation to which the rush for the almighty dollar will reduce some business men.

The highest efficiency possible in the key note of the government call for troops occasioned by the necessity of an increased army. The enlisted men will be put to a more severe test than even the regulars, and the requirement that all the officers shall have served in the Spanish-American war puts a quiver on the politicians who would seek to satisfy the aspirations of friends entirely ignorant of the demands of military service. The new regiment sent to the Philippines will be made up of hardened and experienced men fully prepared for the hardships of tropical campaigning. For once it can be said that politics and the army have been successfully divorced.

GERMANY FORGING AHEAD.

American Consul Moraghan at Chemnitz, Germany, gives in a recent report to the State Department, a concise review of the financial and industrial power of Germany throughout the world. German capital and the German people are active in every part of the globe. Not only are they a nation of manufacturers and export-

ers, but the Germans in the inland towns, as well as the great seaports, are investing millions of dollars in foreign enterprises. Nor do they confine their influence to Germany's outlying possessions.

In S. negambin, on the Gold Coast, the Slave Coast, in Zanzibar and Mozambique, in Australia, Samoa, the Marshall Islands, Tahiti, Sumatra, and South and Central America there are powerful commercial organizations aiding the Empire. From Vladivostok to Singapore, on the mainland of Asia, and in many of the world's most productive islands, the influence of German money and thrift is felt. In Central America and the West Indies, millions of German money are in the plantations; so too in the plantations along the Gold Coast. In Guatemala, Honduras, Mexico, the Dominican Republic, Cuba, Puerto Rico, Trinidad, Venezuela, Brazil, etc., German capital plays a very important part in helping to develop the agricultural and in some cases the manufacturing and commercial interests. A consequence of this development is seen in the numerous banking institutions whose fields of operation show that German commerce is working more and more in foreign parts. These banks look after and aid foreign investment as well as the Empire's other commercial relations. They help the millions of Germans in all parts of the world to carry on trade relations, not only with the Fatherland, but with other countries.

Thus Germany is becoming linked with chains of gold to every accessible country on the face of the globe. Within the United States it is estimated that \$180,000,000 of Germany capital is invested in manufacturing enterprises. As further evidence of the extent of foreign investments two hundred different kinds of foreign bonds are on the Berlin, Hamburg and Frankfurt exchanges. Germany's advance in industrial and financial expansion has been as rapid as any country in the world, and the question arises whether this leading position can be held. Her capacity to keep pace with other nations in the industrial race depends on German ability to push herself forward on the sea. It is with this truism of mercantile progress in mind that the German leaders are bringing influence to bear for the increase of the German fighting and merchant marine.

ALGER ISSUES THE ORDER.

Continued from Page 3.

the commanding general of the department in which the rendezvous is located and the regimental commander will report by telegraph to the Adjutant General on his arrival at the rendezvous.

The regiments of infantry, United States Volunteers will be organized as follows:

Twenty-sixth at Plattsburg barracks, New York; Twenty-seventh at Camp Meade, Pa.; Twenty-eighth at Camp Meade, Pa.; Twenty-ninth at Fort McPherson, Ga.; Thirtieth at Fort Sheridan, Ill.; Thirty-first at Fort Thomas, Ky.; Thirty-second at Fort Leavenworth, Kans.; Thirty-third at Fort Sam Houston, Texas; Thirty-fourth at Fort Logan, Colo. and Thirty-fifth at Vancouver Barracks, Wash.

R. A. ALGER, Secretary of War. The regiments will be enlisted according to the provisions of March 2, 1899, and will consist of 50 officers and 1309 enlisted men each.

Among the districts for recruiting designated regiments are the following:

Twenty-Ninth Regiment, Fort McPherson, Ga.; South Carolina, Georgia, Florida, Alabama, Mississippi, and Louisiana. Thirtieth Regiment—Fort Sheridan, Illinois; Illinois, Michigan, and Wisconsin. Thirty-First Regiment, Fort Thomas, Ky.; Ohio, Indiana, Kentucky, and Tennessee. Thirty-Second Regiment, Fort Leavenworth, Kansas; Iowa, Nebraska, Kansas, Missouri, Arkansas, Oklahoma, and Indian

Territory. Thirty-Third Regiment, Fort Sam Houston, Texas; State of Texas. Thirty-Fourth Regiment, Fort Logan, Colorado; Colorado, Wyoming, Utah, Minnesota, North Dakota, South Dakota, Montana, Arizona, and New Mexico. Thirty-Fifth Regiment, Vancouver Barracks, Wash.; California, Nevada, Oregon, Washington, and Idaho and Alaska.

CHOICE TID-BITS.

Little Girl (to visitor)—"My pa's a good man. He'll go to Heaven, won't he?" Visitor—"Oh yes, indeed; and are you going to heaven, too?" Little Girl—"Oh no, I'm going with mama."

The P. C. & M. Co. have just received a nice variety of 22 calibre Rifles, Parlor Rifles, and 30-30 Winchester Repeating Rifles, together with a fresh line of Ammunition.

Mary had a little hen, 'Twas feminine and queer, It laid like smoke when eggs were cheap, And stopped when eggs were dear.

Sometimes your wheel squeals, rattles, runs heavy or the tires may leak; your bicycle is sick! See the Doctor at once,—the P. C. & M. Co. When you leave your wheel with them, and they promise it to-day, you'll get it just when it's promised! And the repairing won't be neglected! If they can't do it justice in the time you ask, they'll tell you, and deliver it to you promptly when finished. They are not bicycle doctors to cut prices, neither are they at it for fun. But this is why it is to your advantage to leave your wheel at their factory. They will repair your wheel when they promise, and repair it honestly—do, perhaps, a little better job than you get elsewhere for the same price. All repairs done by the P. C. & M. Co. on Fort Street are guaranteed.

Angri Waldo—"If you wuz actually obliged to work, Bill, wot would you sooner be?"

Beer Billings (thoughtfully)—"Well, I think in a case like dat I'd sooner be a barrel uv cider."

Save fifty per cent and have your nickel-plating done by the P. C. & M. Co.

THERE ARE NONE SO BLIND AS THOSE WHO WILL NOT SEE.

There are some people who cannot be convinced that white is white and black is black, because they are determined to have their own way about it. Very good. Such people go through life missing the great truths and the greatest happiness as well as comfort.

There are others again who are convinced. It is to the men of this class that we like to talk about the merits of our clothing. They are better than nine-tenths of the made-to-measure clothes turned out in this city and the equal of the other tenth.

Alfred Benjamin & Co.'s clothes cost about half the price of made-to-order clothes, and have every desirable attribute of the very best made-to-measure garments, besides embodying many unmatchable features strictly their own. That is why we say investigate the merits of the clothes bearing this label before going to a tailor. You risk nothing and stand to win a lot.

EXTRA SESSION NOT LIKELY

Washington, July 6. — General Henderson, of Iowa, prospective Speaker of the House of Representatives, had a conference with the President today but at the conclusion of his call, stated that no general questions had been discussed.

"I have simply been looking after matters pertaining to my own district," he said.

When asked as to the prospects of an extra session of Congress he said: "For myself, I have never thought that Congress would be called together in advance of the regular time, for I have never thought that there was any occasion for an extra session."

Regarding the prospect of financial legislation, General Henderson said that was being taken care of at Narragansett Pier. "Moreover," he added, "there is no financial bill. No bill has ever been formulated as the result of our caucus committee work at Atlantic City. Much was published that was not correct. The whole subject is therefore in embryonic shape and there is nothing to say in connection with it."

Col. Mills of the 6th Artillery left by the American Maru yesterday for San Francisco.

MURPHY'S GREAT RIDE.

One Mile in 65 Seconds—The Fastest Time Ever Made by Man or Beast—His Mount Was a Tribune Blue Streak, Regular Model 450, Geared to 112.

NEW YORK SUN, June 22: A man on a bicycle rode a mile yesterday faster than any living creature that moves on the ground (horse, greyhound or ostrich) ever before traveled the same distance by self-propulsion. The man was Charles M. Murphy, and he rode the mile in sixty-five seconds. It was done as honestly, cleanly and in as sportsmanlike a manner as any bicycle ever was ridden. His sole advantage was a locomotive with one car attached, which set the pace and enabled him to ride in a partial vacuum. No straps or two ropes or harness was employed. He rode naturally, simply keeping close to the car by rapid pedaling, stout heartedness, and strength of mind and body. It was a wonderful performance and a spectacle of thrilling interest.

D. E. WHITMAN,
Tribune Agent.
Telephone 746.

LOCAL AND GENERAL.

The Australia leaves at 4 p.m. Mail closes at 3.

The bark Albert will clear for the Sound today or tomorrow.

The Metropolitan Meat Co. have just added wire gauze netting to their store front.

Miss A. I. Miller, missionary to Japan and now on her way to the States for a visit is at the Queen hotel.

One of the marines left behind when the Solace sailed for Manila, was taken in charge today by the police for drunkenness.

Special Agent Sewall has leased the Robert Lewers residence at Waikiki and will be established in his new home in a few days.

Only one cabin passenger went from this port on the Rio de Janeiro for Yokohama today. In the steerage there were 14 Japanese and 31 Chinese from Honolulu.

Miss Calla Harrison of Topeka, Kansas, who returns to the Hawaiian Islands to do mission work among the Japanese, and her mother, Mrs. Stones, are at the Queen hotel.

A tourist who has a slight heart trouble suffered from fainting spells yesterday on account of the heat. On recovering he took note of the thermometer to note the terrifically high figure and found it registered only 79 degrees.

B. H. Phillips and wife leave in the Australia today for their home in Fredonia, N. Y. Mr. Phillips will resume his law practice in Buffalo. Mr. and Mrs. Phillips have made many friends in Honolulu who hope that they will experience the regulation desire to "come back to Hawaii."

Every prudent man takes out a life insurance policy. In the event of his receiving a sudden call, his wife and family are either wholly or partially provided for. The Germania Life Insurance Company of New York is the best institution of its kind in the matter of financial stability and scientific management combined with low premiums. See ad on page 4.

RECEIVER IN DOWSETT ESTATE.

In the suit of S. M. Damon et als against J. M. Dowsett, administrator of the estate of J. I. Dowsett, deceased, Judge Perry has appointed George J. Campbell receiver of all the lands tenements cattle livestock, chattels, property, etc., named in a mortgage from J. I. Dowsett, deceased, to Bishop & Co. Receiver is put under a bond of \$1000 for the faithful discharge of his duties. The case grows out of the failure of the estate to acknowledge the claim the plaintiff's hold against it. The claim is based on a mortgage of \$50,000 executed in 1886. The property involved being "Rose Ranch" in the districts of Kula and Honouliuli, Maui.

Ann Maria Staugenwald has been appointed executrix of the last will and testament of Hugo Staugenwald, deceased. The estate real and personal is valued at about \$20,000.

The Transition Period.

The Supreme Court of Hawaii decides, in a case brought to test the Hawaiian law for the penal enforcement of contracts, that the constitution of the United States does not apply to Hawaii "during the present transition period." The transition period should have been ended during the last session of Congress, and there is no excuse for it lasting beyond an early date in the next session.—Ta'ooma Ledger.

Royal Here and Everywhere

You are worn out, tired, can't put the energy you desire into your duties. Well, then, you must try something that will overcome this feeling and restore you to perfect health.

Pleasant

From childhood we are taught to respect the curative features of herbs. Our grandfathers used them, and were, as a rule, versed in the art of preparing remedies from various plants.

AS

We have a preparation that is of the old-fashioned type—purely vegetable, made of herbs with wine. For a general tonic to produce vigor and strength, you cannot find a better one.

Wine.

For malarial disorders, loss of appetite, that tired feeling, loss of energy, it is a true panacea.

*Royal Bitters is the wine,
They gave me at my birth,
From Royal no one need refrain,
Its use will surely bring mirth.*

Put up in pint bottles at 50 cents. Only of

Hollister Drug Co.

Pacific Heights Notice.

PACIFIC HEIGHTS.

Situated on the magnificent hillside between Nuuanu and Pauoa Valleys, and commanding a superb marine and scenic view stretching from Diamond Head over Punchbowl to the Waianae range of mountains.

A broad, winding Boulevard giving access to the property is now in course of construction, and choice lots of sufficient area for magnificent homesteads will soon be available.

On the Nuuanu side of the hill is a Pali protecting it from the high winds and heavy showers of Nuuanu Valley, ensuring a salubrious climate.

The elevation of the property is from 150 to 750 feet above sea level.

Applications will be numbered and filed, and choice will be allotted according to the number of the applications. Only \$1,000 for a lot 100 x 200 feet. Terms easy.

NATIONAL G. A. R. ENCAMPMENT.
Philadelphia, July 1.—The program of the Thirty-third national grand encampment of the Grand Army of the Republic has been officially announced as follows:
Monday, September 4.—Reception of visiting posts and delegations at railroad stations; parade of naval veterans.
Tuesday, September 5.—Parade of the Grand Army of the Republic, reception at the Academy of Music to the National Encampment, G. A. R.; Woman's Relief Corps; Ladies of the G. A. R., Daughters of Veterans and other national societies.

The President of the United States and the members of the Cabinet, the Governors of Pennsylvania, the Mayor of Philadelphia and other distinguished officials, comrades and guests are expected to be present. The business sessions of the various national organizations and corps, division, regimental and other organizations (about 200 of these alone) will be held Wednesday and Thursday.

Wednesday evening—Reception by the Women's Relief Corps, Ladies of the G. A. R. and Daughters of Veterans. The "Dog watch" of the naval veterans will be held at the Academy of Music on Wednesday evening and the camp fire of the National Association of Union prisoners of the war at the Academy of Music on Thursday evening.

On Friday there will be a naval review on the Delaware river. Arrangements have also been completed by the committee on camp fires and reunions for the various regimental, corps, and other reunions.

IOLANI SCHOOL CLOSING.

The closing exercises of Iolani school were held yesterday afternoon. In the school room this program was successfully carried out:

- Song—"The Hardy Norseman".....

- Tell—H. Hart.
- Gesler—T. Andrews.
- Sarnem—D. White.
- Tell's Son—P. Frendo.
- Attendant—R. Nowlein.
- Recitation—"The Kite"..... Ten Small Boys.
- Recitation—"Tubal Cain"..... C. Mackay
- Jno C. Andersen.
- Recitation—"Boadicea"..... Cowper
- H. Hart.
- Song—"Let the Hills Resound"..... B. Richards

QUEEN VICTORIA'S ENDURANCE.

London, July 1.—The paramount thought among the crowds which thronged the enclosures at the review of troops at Aldershot Monday, judging from the frequent references to the subject, was one of admiration for the wonderful powers of endurance displayed by Queen Victoria, enabling her to bear the fatigue of such an afternoon necessarily inflicting on anybody of such an advanced age. The heat was intense the glare of the sun was blinding, the dust was thick and the troops occupied two hours in passing the saluting point. Yet, in spite of the fact that Her Majesty had traveled by train from Windsor castle, and had been driven from Farnborough to Liffons Plain, she appeared to enjoy the scene from first to last. Though many younger strong persons left the ground quite exhausted.

KAIMUKI.

This tract of most desirable Suburban property now being opened up with residence sites, lies about three miles from this city, in a northeasterly direction.

It has an elevation of over 200 feet above sea level, commanding a magnificent view of the Ocean, Koko Head, Manoa and Palolo Valleys, with the City of Honolulu, Ewa and Oahu Plantations, and Pearl Lochs, at its feet. It is entirely removed from all planting of rice or taro, thereby obviating the possibilities of ague and fever. Twelve broad streets give access to the property, and are crossed by six avenues. Seven of these Boulevards are now opened up, the balance in course of construction.

From its position it is entirely removed from the high winds and heavy showers of Manoa and Nuuanu Valleys, guaranteeing from its soft ocean breezes a salubrious climate.

A pumping plant, in the course of installation, settles the question of water, which will be furnished to purchasers of this property at Government rates; this flow of water being assured from two 12-inch wells which under measurement show nearly 4,000,000 gallons in twenty-four hours.

These lots contain an area of 15,000 square feet each, and are of two sizes—100 x 150 and 75 x 200.

TERMS: \$450 per lot, \$50 additional for corners, spot cash. \$550 per lot, \$50 additional for corners—\$20 cash, and \$10 monthly installments per lot, no interest.

MAP OF PROPERTY on view at our office; and for further particulars apply to

CLEARED TODAY.

Am schr A J West, Ogilvie, for Gray's Harbor in ballast.

WAS AFRAID TO TELL.

In the Police Court this morning Henry Neubaur was sentenced to one year's imprisonment at hard labor for malicious injury. It seems that one day about the end of last month Neubaur with his chum, Frank Cassidy, borrowed a sail boat from Mr. Dowell and started to sail outside the harbor on a fishing expedition. Cassidy made no pretence of being a sailor and the responsibility of handling the boat fell on Neubaur who said that he understood the managing of her. Neubaur showed conclusively that he knew nothing whatever of yachting. About the time the lighthouse was passed, when the wind proved pretty strong, he allowed the boom to swing around unawares knocking young Cassidy overboard. Cassidy was rescued by a fishing boat. He had a very narrow escape for his life, not knowing how to swim.

Neubaur attempted to bring the boat about so as to run her into port, but that he was unable to do. He dropped the small anchor overboard, although, as he testified himself, he knew it could not reach bottom. Neubaur then sang out to a couple of Japanese fishermen who were in the vicinity to come and take him ashore. This the fishermen did. Neubaur says that he endeavored to make the Japanese understand that they would be paid if they took the sail boat in but they evidently could not understand him.

Neubaur got safely ashore and kept out of the way of Mr. Dowell the owner of the boat, nor did he take pains to notify anyone of the loss of the boat, that steps might be taken towards its recovery.

Mr. Dowell at last met Neubaur on the street and sought an explanation. Later he had the young man arrested.

Neubaur, on the stand, gave as his reason for not reporting the loss to Mr. Dowell or the police, that he was "scared." Frank Cassidy was held for investigation. Both of the young men are recent arrivals in the Islands, having deserted from vessels putting in at this port.

Iolani Prize Winners.

The prize winners at Iolani School for excellence in school work during the year are: Fifth and Sixth—English subjects, J. O. C. Andersen, Henry Hart, J. D. Aimoku. Religious knowledge, T. Andrews. Mathematics, Philip Wong and Kim Fook. History and geography, Lo Chong. In the Fourth—English subjects, Luther Evans. In the Third—English subjects, Ed. Mabaulu. In the Second—General subjects, Fo Sue.

BEST IN THE WORLD.

WALL, NICHOLS CO., Ltd,
Agents for the Hawaiian Islands.

ANOTHER TRANSPORT HERE

One of the largest freighters that has ever put in at this port lies alongside the government dock at the Waikiki end of the Pacific Mail wharf.

The U. S. Transport Wye field was sighted early yesterday afternoon and a few hours later saw her unloading the living portion of her freight.

The one hundred and forty horses intended for the Fourth United States Cavalry at Manila are to enjoy a week's recuperation in the U. S. Government paddocks at Iwilei.

Over half of them were unloaded last evening and the balance were taken off the transport this morning. All are in splendid condition and are noble looking animals, exciting the admiration of the many who gathered to watch their transfer from the steamer to the dock.

None of the horses were lost on the trip down from San Francisco and there are no accidents to record.

The animals are in charge of Lieut. Savin, U. S. A., and Dr. Plummer, V. S. Twenty-three men of the Fourth Cavalry looked after them in transit.

The Wye field was built two years ago at Port Glasgow, her first trip was from London to Wei-hai-wei with stores for the Asiatic squadron off that port. Thence she sailed to British Columbia, and for the past six months has been coasting along the Pacific coast. Her officers are: Captain, Cartmer, first officer, Crone; second officer, Duncan; third officer, Moore; purser, Cartmer; chief engineer, Rhubarb; second engineer, Turner; third engineer, Johnson; fourth engineer, Lewis.

The Wye field has a capacity of 5500 tons of freight.

Her dimensions are as follows: Length, 347 feet; beam, 40 1/2 feet, and 22 feet mean draught.

The stores aboard the transport for the troops in the Philippines measure 7000 tons. She only about thirty-three men in her crew, a rather small number for the size of the vessel.

Dr. Plummer was on the ship Tacoma on her first trip to Manila with a cargo of mules. The veterinary is well known in this city, and his friends are making the most of his short stay here.

The Wye field will load 300 tons of coal here, she will proceed to Manila in about a week.

Captain Cartmer has his wife and daughter aboard with him; this is the first time he has visited Honolulu.
