Truk Dist.

Land Titles Investigating Commission.

The investigation of land titles is nearing completion. Outside of Truk Atoll there is generally common agreement as to whom own what so that the Commission has yet to consider them. At Truk maps are being prepared as information is collected. To speed the process, particularly on Dublon, Fefan, Udot, Uman, and Tol, the chiefs have been instructed to do the spade work preliminary to the preparation of maps.
