JUDGE SILLIMAN RESIGNS

LEAVES BENCH TO RESUME LAW BUSINESS.

Not Enough Money in Office for Him—George D. Gear is Being Endorsed for the Vacancy.

Reuben D. Silliman today resigned from the office of second judge of the First Circuit Court. His resignation is sent to Governor Dole and will be transmitted by him to the government at Washington. It will probably be two months before it is heard from. In the meanwhile Judge Silliman will hold over, but will not consent to serve longer than the opening of the next term early in November.

The resignation of Judge Silliman was not a great surprise to his friends. It appears that he did not desire the appointment in the first place and only accepted his commission to tide over the term then pending. His reasons for resigning, and for not caring for the place, is purely one of salary, he feeling that he can make so much more in private practice of law that he is not justified in continuing as a judge.

The friends of George D. Gear are urging him for the place. A report that that gentleman had been recommended for the place by both Judges Humphreys and Silliman was confirmed by both of the latter. The recommendation goes forward with the resignation.

Judge Silliman has twice sat on the Circuit bench. His last commission was from President McKinley and came at the time of annexation.

SPENCER AND SPILLNER

THE TWO MEN WHO FOUGHT AT LAYSAN.

Spillner will be a Witness Against the Old Captain—The Case Coming up Tomorrow.

Ex-police captain Spillner will be a witness against Captain Spencer of Laysan Island. The trial is to come up tomorrow in the police court. Spillner is the man who stood by Captain Spencer when the shooting was done, and he will, it is expected, corroborate the stories of the Japanese that they made no attack upon the whites.

This morning High Sheriff Brown interviewed several more of the Japanese through an interpreter. They stuck to the tales of the ones who were questioned before. A number of them will be put on the witness stand.

Spillner is declared to have fired two shots at the same time as captain Spencer fired six. This is a point which the defendant is prepared to use for all it is worth if necessary. It is claimed that the fact that Spillner fired two shots it to have been his opinion that firing was necessary. It is also claimed that the fact that more than one man fired makes it impossible for the prosecution to prove whose revolver really killed the Japanese. The Japs, however, will testify as to that.

The defense will probably forego legal objection in the district court. Several questions as to jurisdiction and procedure have been brought up, but attorney Chillingworth stated this morning that it had been decided to let the taking of testimony go on.

Captain Spencer is still in jail. The old man has, however, been given comfortable quarters in Oahu prison, and is allowed to live as comfortable as is possible under the circumstances. Spencer takes his predicament very coolly. He is a man of 70 years, but is still hearty and strong.

The captain says this is his first jail experience in his 70 years of excitement and adventure, as well as his first instance of being forced to use and carry a pistol. "I've been at sea and all over the world for more than 50 years," he said to captain Willer, on the day before the trouble at Laysan, "but this is the first time I had to carry a pistol constantly with me."

Spillner has raised a howl among captain Spencer's friends, by the stand he has taken against the man with whom he is alleged to have fought at Laysan, and the lawyers for the defendants will go after him hard.

CHIEF GETS CONVENTION

MATTER DECIDED AT MEETING YESTERDAY.

Executive Committee Declares Party Interests Demand Going to Hawaii—Traveling Arrangements.

The Executive committee of the Republican central committee met yesterday to hold the coming Territorial convention in Hilo. When the final vote was taken it was unanimous, even Enoch Johnson, who, in the Fifth district convention the day before voted against going to Hilo, said "aye."

Chairman George W. Smith was not present at the meeting.

With the committee were several members of the central committee. They were called in because they had important letters from Hilo and other information bearing on the question under consideration. It was, in the minds of the committee, clearly shown that the island of Hawaii must be the battle ground of the campaign. Even Hilo is divided and uncertain, and the remainder of the island is in a worse fix.

A resolution was then offered and passed, laying aside all questions of personal convenience and expense, and declaring that the convention should go to the second city.

Wilder's Steamship Company submitted a proposal to take the delegation on the Kinau for one fare both ways. This was accepted. It was arranged to have the Kinau leave here at noon Monday, September 17, with the Oahu and Kauai delegations, picking up the Maui and north Hawaii delegations en route and arriving at Hilo Wednesday afternoon, the 19th. The convention is to open on the 20th and will probably hold two days. The Kinau will get back here on Saturday, the 22d.

Arrangements have practically been closed for the band to go on on the trip. Prof. Berger and the band men are quite pleased over the prospect. Other details are being arranged today.

The information received by the Kinau was that the Hilo subscription had been raised from \$1,000 to \$1,500. It was strongly urged by leaders in Hilo that the exigencies of the moment made it all-wise and important to hold the convention there this year.

Another meeting of the committee was held at noon today at which further details of the trip were perfected. It was announced that the band contingent would consist of thirty pieces, the Republican Glee Club, consisting of W. J. Coelho, Lovette Rockwell and two others, will also be in the party. It is understood that the expenses of the band will be borne by the delegations.

The torches used in the recent ratification rally here will be taken to Hilo. A marching club will be organized by Captain Sam Johnson and Hilo will have a torch-light procession the first night of the delegation are there. Undoubtedly a large number of people will go from here to join the contingent.

One thousand McKinley badges will be taken up for distribution. A local badge will also probably be adopted.

JUDGE WILCOX DECLINES.

Judge W. L. Wilcox will decline to have his name go before the Republican Territorial convention as a candidate for Congress.

"I will write a letter to our delegation," stated the Judge this morning, "forbidding it to use my name. When the matter was first broached to me I declined to stand and thought that was sufficient. I appreciate the efforts of my friends, but I would not accept the office if it were sealed and handed over to me."

AMERICA AND RUSSIA WILL SAVE CHINESE EMPIRE.

Practically Agreed to Withdraw Troops and Recognize Earl Li as Peace Envoy—Germany Obdurate.

CHICAGO, August 29.—The Tribune's Washington correspondent says: Russia and the United States will frustrate the plans of the powers determined to make war upon China, and the negotiations now pending will in all probability preserve the integrity of the Chinese empire. Russia has sent a joint note to all the nations interested in China, urging them to withdraw their troops from Peking and asking that Li Hung Chang be accepted as the representative of China to conduct peace negotiations.

The United States has accepted the proposition, but the acceptance is coupled with some of the conditions laid down in the President's note to the Chinese Emperor—namely, that the Imperial Government restore order in Peking and guarantee the protection of treaty and international rights.

RUSSIA READY TO GO.

CHICAGO, August 30.—A special to the Tribune from Washington says: Russia has withdrawn its Minister from Peking and instructed him to go to Tientsin and remain there until further orders. Within a few days the Russian troops will be withdrawn, and they, too, will make their headquarters at Tientsin. Notice to this effect has been given the United States and the other powers, and identical action upon their part has been urged. The United States will pursue the same course as that adopted by Russia, and it is hoped the other nations interested in the Chinese problem will do the same thing.

Russia's idea in taking this action is to induce the powers to remove their forces from Peking so as to reassure the Emperor and induce the Imperial Government to return to the capital, assume control, administer the government and restore order in his dominions.

WANT LI RECOGNIZED.

WASHINGTON, August 29.—Uncle Sam has decided to take a hand in the Chinese game, and gives the powers notice that this country deems it advisable that Li Hung Chang be accepted as China's peace plenipotentiary. In accordance with this view the following telegram has been sent to the governments of the United States in Berlin, Paris, Vienna, London, Rome, Tokio and St. Petersburg: "In interests of peace and effective presentation of just demands of all powers against China, it is imperative that the Chinese plenipotentiary should be able to communicate both with his own government and its military commandants, whose action will be necessary to any suspension of hostilities as required in telegram to you of the 22d. Russia, therefore, is without power or advice. Li Hung Chang is prima facie authorized by Imperial decree to negotiate and is the only representative of responsible authority in China so far as we are advised. Four powers instructed by their representatives in China in spirit of Russian note."

WILLIAM OBDURATE.

LONDON, September 1, 4:20 A. M.—In the absence of other news from China, the papers are filled with discussions of the Russo-American proposals.

In Germany especially these proposals are so diametrically opposed to Emperor William's policy that they have produced something like consternation. It is recognized on all sides that Germany's decision on the pivot of the matter. Emperor William intends by dispatching Count von Waldersee to dispatch the Count von Waldersee to dispatch the master hand in the Chinese settlement. Russia has taken the wind out of that officer's sails, and is now posing as the friend and protector of China.

China specialists show that the Russo-American proposals have caused extreme annoyance there. It is said that Austria-Hungary will follow in Germany's steps, but it is recognized both in Berlin and Vienna that the withdrawal of Russia and the United States from Peking would leave the other powers little option but to follow.

FIVE POWERS ARE WILLING.

WASHINGTON, August 30.—Five powers have agreed to Russia's proposition to withdraw troops from Peking and two have announced opposition to its adoption. Four powers have finally declared that Li Hung Chang is acceptable to them as peace envoy for China.

The powers which object to the Russian proposition are Germany and Italy. Those favoring it are the United States, Great Britain, France, Japan and Russia.

The powers which question Li Hung Chang's credentials and the ability of the Imperial Government to enforce its adoption are Germany and Italy, while France would like to know more about the credentials before the negotiations begin. The Governments to which Li Hung Chang is acceptable are the United States, Russia, Great Britain and Japan. Confidence is expressed that France will not be obstinate in the matter, but will join the quartet.

THE LUTHERAN CHURCH

CONTRACT FOR NEW BUILDING LET YESTERDAY.

Will Cost Nearly \$10,000 Without Any Furnishings—May Purchase the New Organ in Germany.

Final arrangements for the erection of the new German Lutheran church were completed yesterday at the Y. M. C. A. at a meeting of the members of the new congregation. Bids for the erection of the edifice were opened. It was found that J. H. Craig had made the lowest bid with \$9,250 so he was awarded the contract. The church is to be built of wood and with a stone foundation. The contract for the stone work was let to J. H. Walker for \$240. The lighting contract was let to the Hawaiian Electric Company for \$195.

The church will have a seating capacity of 500. All of the pulpit furniture has been presented by the home church in Germany. The question of an organ occasioned some discussion. Wray Taylor submitted a bid of \$2,000 to supply an organ similar to that in the Central Union church. Professor Berger thought it would be unwise to award the bids for this part of the church furnishings. The best organs were made in Germany and he and other speakers thought it would be better to send there for bids before making any award now. This suggestion met with approval and J. F. Hackfeld who will leave shortly for Germany was empowered to ascertain the price of organs in Germany and to purchase one there if the cost was reasonable.

The name of the new organization is to be the German Lutheran Evangelical Church of Honolulu. It will be a sister church to the German Lutheran church at Lihue, Kauai. Under the old regime the new church was granted a charter and by the old law the board of directors consisted of six people. Under the laws of the Territory the board of directors has to consist of seven. The name of H. A. Isenberg was therefore added to the list. The church is to be erected on the lot on Beretania street near Punchbowl. Arrangements for the laying of the corner stone and other initial ceremonies have not been completed.

FOR DEFENDING DEWEY

THOMAS HAMBROOK IN POLICE COURT.

A War Veteran Who Couldn't Stand Hearing the Admiral Roasted—Case Thrown out of Court.

For defending the name of Admiral Dewey with too much vigor on a public street, Thomas Hambrook was arrested on Saturday night. He was held by officer Birmingham, who thought that Hambrook was obstructing the sidewalk on King street. The case was promptly thrown out of court this morning by Judge Wilcox.

Officer Birmingham said that when he saw Hambrook the latter was rushing wildly to and fro, shouting that he was looking for a man that had roasted Dewey. "He seemed to be very excited," said the officer, "and I thought he was looking for a chance to fight Dewey."

Birmingham told Hambrook to "drop it," and the angry patriot subsided for a time.

A little while later the officer came back and found Hambrook at it again. He was standing on the curbstone, loudly extolling the virtues of the hero of Manila bay, and declaring the unworth of the man who seemed to have been lost in the shuffle, who had said "something against Dewey."

When he got to the police station Hambrook is credited with having threatened to tear Birmingham's limb from limb. This morning he brought out in court the fact that Birmingham is not an American citizen, and he made a little address to the court on the subject, after having been dismissed.

"I'm an old veteran of the war," said Hambrook, "and to be marched through the streets to jail by a foreigner is something I won't stand. I'll begin proceedings for false imprisonment at once."

Hambrook is a post office employe. He bears the marks of wounds he received in the service of his country, and he declared himself ready to go to any one who insulted Dewey. After the insult to Dewey came the arrest by a foreigner, and Hambrook's cup of irritation was full to overflowing.

THE BIG DITCH COMPLETED

SPRECKELVILLE CELEBRATES THE ACHIEVEMENT.

PAIA, Maui, Sep. 8.—The "Lowrie Irrigating Canal," Spreckelville's new ditch is now completed, and the water was turned on the entire length for the first time Thursday. This stupendous undertaking, which has involved miles of tunneling, and many hundreds of feet of enormous pipe, has taken over a year to bring to completion, and the company and authorities are now congratulating themselves that it is done. And well may they do so, as it means several thousand acres added to the cultivatable area of the plantation. The old ditch will still be used, but mostly merely to carry the surplus from the new ditch. The new ditch runs above the highest of the company's lands, thus enabling them to make use of every acre of their large estate. To celebrate the completion of the ditch, Manager Lowrie gave a big luncheon yesterday in the Hall at Spreckelville, for the benefit of the employes of the plantation. It was attended by crowds, and everyone ate to their hearts' content.

Carl Jensen who had the contract for building the new ditch, has done his work in a most thorough and efficient manner, and deserves much credit for the same. Mr. Jensen's right hand man was James Jaeger of Honolulu, who also comes in for a good share of the credit.

SHAFTER'S OLD REGIMENT

IS GOING TO FIGHT "PACIFIED" FILIPINOS.

The war in the Philippines does not appear to be very nearly "over" in the opinion of the war department, judging by the appearance of the transport Logan, which lies at the Pacific Mail wharf, crowded with soldiers and freighted with war material of all sorts. There are nearly two thousand souls on board the vessel, a large majority of them going to Manila to fight Uncle Sam's subjects who have been reported "pacified."

The Logan, with the famous First Infantry on board, arrived from San Francisco early Sunday morning. The First Infantry is General Shafter's old regiment. For years the men were stationed at Angel Island, San Francisco, when their commander was only Colonel Shafter.

At the beginning of the Spanish war the men were among the first to start for the front, the farewell given them at San Francisco and Oakland left 2 one of the most enthusiastic demonstrations of the war.

The First Infantry was at the battle of Santolme (invited) acted as escort to General Shafter after his promotion to command the whole expedition to capture Santiago. Since then the men have been at Havana and in other parts of Cuba, and they have only just left that island to make the trip across the continent and over the Pacific to a harder scene of war in the Philippines.

There are 1200 army men on board the Logan, with artillery and ammunition and general stores. The warlike expedition is the biggest the government has sent to the Philippines for many months and carries its own lesson as to how nearly the war is "over" and the situation "well in hand." The men of the First are expecting harder work in the Philippines than they had in Cuba, though it may not be so dangerous in the matter of fighting.

Colonel Harbach is in command of the First Infantry now. On board are 82 officers, doctors and nurses, including several army officers' wives who are going to Manila. Of the 1700 men on board about 500 are Second Infantry men.

The Logan is at the Pacific Mail wharf, taking 550 tons of coal. She will leave on Wednesday morning.

THREE PARTIES MEET.

Republicans, Democrats and Independents in Mass Meeting.

WAILUKU, September 8.—A grand mass meeting of Democrats, Republicans and Independents will be held at the skating rink tonight for the purpose of a friendly discussion of men and measures.

Colonel W. H. Cornwell and Prince David came to Maui by the Maui Loa and will look into the political situation for a few days.

F. H. Heyselden, of Lahaina, came round on the Claudine to Wailuku on Thursday morning, and is supposed to be feeling the political pulses of the free and independent American citizens of central Maui.

Politics is beginning to bubble in Lahaina and Mayor Matt McCann is agitating the idea of uniting all the parties with the view of selecting the best men for office. Some say that Matt thinks that the best men are all Republicans.—Maui News.

NATURALIZATION ON MAUI.

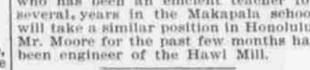

WAILUKU, September 8.—The following are those who have been naturalized in the Circuit Court at Wailuku so far: Dr. John Weddick C. Christofferson, C. L. Hansen, H. A. Brack, H. Bothe, A. J. Rodriguez, J. H. Thomas P. Peyrowski, Hans Amundson, A. de Rego. Several more have made application, whose cases have not yet been reached.

ONE OF THE BEST.

The Provident Savings' army of policyholders do not need any commendations to make them satisfied with their selections of a life insurance company; but those who contemplate taking out a life policy would do well to investigate the plans of this most excellent company before insuring. Arrived, September 4, Sch. Lurline, Shaube, 13 days from San Francisco general merchandise. September 6, Sch. Eva, Rasmussen, from Eureka with lumber.
Departed, September 6, Bangalore, Blanchard, for Philadelphia with sugar.
To sail September 8 or 9, sp. Yosemite in ballast, for the Sound.

FOREIGN MANIFESTS.

KAHULUI, September 8.—The collector of the port, at Eureka, California, has not yet learned that Hawaii has been annexed. He made out foreign manifests for the Emma Claudine and the Eva. The Emma Claudine was fined \$100 for sailing under a manifest. The Eva will share the same fate.

THE SULTAN.

The sultan is deeply affected over the news from China. Perhaps the Chinese massacres are lacking in artistic finish, as judged by Turkish standards.

A WONDERFUL CURE OF DIARRHOEA.

A Prominent Virginia Editor Had Almost Given Up, but Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

READ HIS EDITORIAL.

(From the Times, Hillsdale, Va.)
I suffered with diarrhoea for a long time and I thought I was past being cured. I had spent much time and money and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow sufferers that I am a hale and hearty man today and feel as well as I ever did in my life.—O. Alsen Portland Cement

WE HAVE JUST RECEIVED a large shipment of this celebrated Cement, which is the STONGEST AND MOST SERVICEABLE CEMENT MADE, and will permit the admixture of a larger amount of sand or gravel, with less loss of strength, than any other brand; it is therefore the most economical. ALSEN has no equal in color, fineness and sand carrying capacity. It weighs less per bushel, measuring about 10 per cent more cement to a barrel than other brands, which very materially reduces its cost as compared with other cements; it is therefore an economical cement to use, and specially adapted for fine concrete work.

The following tests, made in actual work by Col. D. C. Houston, Corps of Engineers, U. S. A., at the seawall around Governor's Island, New York Harbor, has never been equaled by any other cement. It is as follows: Tensile strength per square inch—One day, 324 pounds; seven days, 600 pounds; thirty days, 813 pounds.

For sidewalks it gives the best color and the most durable wearing surface. A few of the large contracts in which Alsen Cement was used: Cable R. R., Baltimore, 35,000 barrels; Quebec Harbor Improvement, 20,000 barrels; Northern Pacific R. R. bridges, 20,000 barrels.

WILCOX IS TURNED DOWN HAWAIIANS ON MAUI DISCREDIT HIM.

At a Meeting of Independents at Wailuku the Self Nominated Delegate to Congress is Repudiated.

Bob Wilcox, whose coming to Maui has long been heralded, materialized at the skating rink in Wailuku last Tuesday night and addressed a large audience of Hawaiians. His speech which lasted over an hour and a half, was largely devoted to a history of what he did not accomplish in Washington, interlarded with abuse of the missionaries, carpetbaggers and haoles generally.

In conclusion he announced himself a candidate for delegate to congress, and advised the natives to draw a strict anti-haole line and elect none but Hawaiians to the legislature. After he sat down, the audience called on "The Chief" and then the "fugan." Mr. Clark began by announcing that the Hawaiians of Maui believed themselves quite capable of marking out a course for themselves without Mr. Wilcox for a mentor. He said that whenever the Hawaiians had followed the lead of Wilcox, they had been led into trouble, and that for one, he should no longer recognize his leadership. He strongly advised the Hawaiians to choose either the Democratic or Republican party.

"What could be the consequence in Congress," he asked; "if we should elect Wilcox or any other independent? The result would be that when he takes his seat, a Democrat will come along and ask him who he is. When he says he is an Independent from Hawaii, the Democrat will go away. Then a Republican will come along and ask him who he is. He will give a like answer, and the Republican will leave him alone, and the first thing he knows, all parties will leave him alone."

Mr. Clark advised the Hawaiians to cease trying to ride between two horses—one foot on one animal and the other foot on the other equine. It was better to ride on one horse and that horse was the Democratic one. Cleveland and Blount were good men and he advised the Independents to fuse with the Democratic party. Clark was greeted with much applause.

Mr. Clark then asked Mr. Wilcox what had become of the other two Hawaiians who had begun the campaign with him. The question was rather embarrassing, but Wilcox tried to explain it by saying that they represented the Aloha Aloha or some other old thing, but that he himself was the independent Hawaiian party manifest in the flesh. Then John T. Aluli, the well known Wailuku merchant was called on for a speech. He began by saying that the two great political parties were the two horns of the bull, and that Wilcox, instead of being one of the horns, was simply the tail of the biped—Maui News.

POLO ON MAUI. Three Cornered Tournament Arranged for last Saturday.

PAIA, Maui, September 8.—The Makawao Polo club played a very close and exciting game of polo on its field at Sunny side last Saturday afternoon. The grass on the field has been cut short, and the field well cleaned, so that the sport can be better played. This afternoon a tournament will be played, with the three teams lined up as follows unless changes are necessary later: D. C. Lindsay, S. E. Kalama and F. E. Alexander; F. F. Baldwin, Fred Baldwin and Henry Damon; W. D. Baldwin, H. A. Baldwin and W. O. Alken. Play begins at four o'clock, and a good contest is anticipated.

CONCERT TONIGHT. The band will give the usual concert at Emma square this evening. During the intermission the band of the Second Infantry, from the transport Logan, will play several selections. Following will be the program:

PART I. March—"California Admission Day" Freedman Overture—"Festival" Conterno Intermezzo—"Cavalleria Rusticana" Songs: (a) "Kapilina," "Waihanueue," Miss I. Kellias. (b) "Aloha no Wau," "Moani ke Ala," Mrs. N. Alapai. Selections to be played by the United States Second Infantry Band. Bandmaster Wedener: March—"The Healanis" (new) Berger Chorus—"Tannhauser" Wagner Waltz—"Wedding of the Winds" Hall March—"American Melodies" Berger "Star Spangled Banner."

GEORGE HONS' VICTORY. WAILUKU, September 8.—Quite an interesting political scrimmage occurred at the Republican primaries at Wailuku on Saturday afternoon. For some reason, Kala and Kalekai concluded that they would doubt George Hons as delegate to the District Convention. Consequently they rallied every one who would consent to sign the Republican rolls, and voted him. Having, as they supposed, snowed Hons under pretty plenty, they went to dinner. Some of Hons' Hawaiian friends, learning what was on foot, rallied to his rescue, and when the polls were closed and the votes counted at 9 p. m., he was found to have been elected by a handsome majority.

TERRITORIAL POLITICS.

The Star in its news columns today presents the status of Republican activity throughout the territory. Politics are beginning to shape themselves, and for the first time it is possible to get some idea of "form," to use a race track expression. The people of the different parts of the territory are beginning to express themselves politically, either by their action, or their failure to act, and in making political forecasts, and planning campaigns, the latter is sometimes just as important as the former.

We now know in what parts of the territory the Republicans are active, and in what parts they are not. People are beginning to express themselves in public meetings, and with definiteness, while hitherto, the only gauge of political feeling has been individual expression of opinion, and this usually either in a guarded manner that did not irrevocably commit the person expressing the opinion, or in cocksure, bombastic certainty that really means nothing.

We now know that the Republicans are organized and more or less active in every precinct on Oahu. That they are organized in every district on Hawaii, except Kau. That Maui is organized, and Molokai and Lanai; and that Kauai is not.

All things considered, this is very encouraging as far as it goes. It is not the whole thing however. The mere fact of an organization, of the holding of primaries, the election of delegates, and the meeting of district conventions, may be elusive. It may appear to mean more than it does. Two or three men in any precinct, acting either on party enthusiasm, or from personal ambition can without any trouble get material enough together to hold a very respectable primary and go through all the forms of electing delegates. And yet the mass of the community they represent, may be either inert on the subject of party politics, or actually on the other side. The precinct of Waimanalo on this island is an example in point. Everything was ready for the primary. There were men, Republicans in principle, ready to be delegates and carry out the party organization. But they were not citizens. They will be before election, but they were not at the time of the primary. The Hawaiians were entitled to vote, but no genuine proselyting had been done among them. They did not feel themselves Republicans, and the primary went by default. This is an extreme case. But it proves that a show of organization is not all that is needed.

There must be a vigorous campaign of education. The voters, individually and collectively, in every precinct and hamlet must be reached. Campaign speakers must go among them. Campaign literature must be distributed. They must be shown the reasons why they should choose the Republican party. No campaign of positive action was ever won by inaction. The next legislature is all important to Hawaii. It is all important to the Republican party. Nothing in this campaign can be neglected.

Party organization is an important thing. It gives the territorial committee agencies to work through. It gives them agencies through which to learn what is needed in particular districts. It is highly important, and it is highly valuable. But it has its limitations, and one of the limitations of party organization is that alone it cannot win victories.

The news columns of The Star present other information that ought to be well considered by the territorial committee. On Maui it would seem that the independent movement is gradually disintegrating. It has no motive of cohesiveness, expect an appeal to race prejudice, and it is being made clearer and clearer that such an appeal meets little responsiveness when made to the Hawaiians. But while the independent movement on Maui seems to be disintegrating, its elements are not all tending to the Republican party. Unless good work is done a large proportion of those who at one time were inclined to affiliate with the independent movement, will go to the Democracy. Abuse and bluster will not carry them to the Republican party in any large numbers. There must be an appeal to intelligence and common sense. It is not enough to ridicule John Wise because he confesses that within the limits of a short speech he cannot explain fully the doctrine of 16 to 1. The Republicans must be able to show the fallacy of 16 to 1. And so with other issues. As mere assertions, the Republican position on these issues, is in logic, no more convincing than the Democratic position on the same issues. The Republican must be able to give reasons as well as assertions.

The inactivity of Kau and Kauai is somewhat disquieting. The reasons for it should be thoroughly looked into, and the proper remedy applied.

In short the campaign should be divested of all scheming and conniving for personal aggrandizement, and a

sober, earnest, thorough campaign, well planned, vigilant, comprehensive, should be inaugurated. Otherwise there is no knowing what may be the result of the election, and more than that, without such a soberly planned campaign, every thoughtful man interested solely in securing good representatives, will feel justified in paying little attention to party nominees, but in using his individual judgment and effort to secure the election of the best men, independent of party label. In other words, the Republican party must make the success of its ticket identical with the success of the best men, in order to gain victory or deserve it.

It seems to be Hilo Jack and the game.

The resignation of Judge Silliman is to be regretted. He has shown qualities of reserve and steadiness that commended him to the community.

The rowing races Saturday were a great success. There was the most healthy rivalry in a most excellent sport. The crowds present show that this community has a most wholesome interest in sports. It is something too, that this event, in which there is more general and active interest, than in any other, is a strictly amateur event. It is sport for sports sake.

Perhaps there was not such general regret among the soldiers on the Logan at arriving in Honolulu on a "dry" Sunday, as some people have assumed. A well intentioned citizen, meeting a group of soldiers on the street, expressed regret to them that everything was closed up, that they could not even get a drink of beer. "Oh, I rather like a quiet Sunday," replied one of the soldiers, "We are waiting for church time, we are going to church."

The Regatta Day Committee are to be congratulated on the effort made to make the regatta day events amateur as far as possible. It is to be hoped that before many more regatta days all the events will be amateur. Perhaps it is not possible to make them so now. But there can be made to come a time when a medal or trophy won on Honolulu Regatta Day in our harbor, will be more valuable and more highly prized, than any money prize that could be put up.

The situation in China seems now to be clearing up. Apparently there is a better feeling among the allies. If present indications are to be trusted there will be no partition of the Empire. A strong government is to be instituted at Peking. Guarantees for the protection of foreigners are to be secured. China and the Chinese people are to be put forward on their way to work out their own destiny and their own part in the world's progress. If this program shall be carried out it will be at least one instance of war for a principle in which the principle was not forgotten in victory and the lust for territory.

The Republican Territorial Convention is to go to Hilo. That has been decided. Whether the committee decided wisely, opinions may and do differ. If holding the convention in Hilo shall result in an increased vote for the ticket from that district the only argument for holding it there, will have been justified. Men may be excused however from believing that any great stampeding process can be accomplished by such a move. It is too early in the campaign. It is much more likely that the convention itself may be stampeded into nominations that it otherwise would not make, than that any great number of votes will be stampeded for the party next November. This stampeding process is a dangerous one. It is a great deal more important that the convention shall make irrefragable nominations, nominations that will appeal to the good judgement of voters all over the territory, than that a few votes should be secured by hurrah and red fire in some particular locality. It will count more when the returns are tallied. Let us hope that no mistake has been made. Hilo is to be congratulated on securing the convention. She has worked for it, and gone down into her pockets for it.

Ideas of proper dress to meet the demands of decency seem after all to be largely a matter of environment and custom. Nor is Honolulu the only place where the question comes before the authorities. The Kobe Chronicle says: "About a year ago a wooden-headed policeman at Osaka ordered a little European girl, riding in a jinrikisha with her mother, to return home and clothe herself properly, his ideas of decency being shocked by seeing the little girl wearing a sleeveless dress in the hot weather! As the result of the protest that was made in this case, it will be remembered that the policeman was dismissed from the force, and the Chief of Police apologised to the father for the indignity put upon his child. "Almost an exactly similar incident has now occurred at Shioya. About five o'clock on Wednesday afternoon, a little foreign boy, under seven years of age, who had gone down to the Beach House Hotel with his father and mother went in to bathe with other children. Somewhat superfluously, if the age be taken into consideration, he wore bathing drawers. Yet he had not been in the water long before a solemn policeman came down and ordered the child to return to the hotel, as he was not sufficiently clad. A few minutes later a number of coolies towing a junk came along, stark naked as they were born. The policeman had gone, but the incident is a common one at Shioya, and the police never think of interfering or expostulating with the coolies."

HAWAII'S BOATING DAY

EVENTS IN HONOLULU HARBOR NEXT SATURDAY.

Second Contests Between Healanis and Myrtles—Other Features—Program by Rowing Association.

The committee on cash for Regatta Day, which is next Saturday, report having collected \$1,450 for prizes. This is more than was ever gotten together before, and, everything else favorable, should ensure the success of the program. The races will begin at 9 a. m. in the harbor and will continue until very nearly nightfall. Receptions will be held at boat houses during the day. The six-oared sliding seat barge races will be the leading events of the day. These will be between crews of the Myrtle and Healanis boat clubs. In view of the close racing of last Saturday it is expected that there will be lots of snap in the events. There is a six oared sliding seat barge race for old-timers that will be of interest if it is brought off. The crews will be men of years ago, and they must go in without training. Last year this event fell through on account of the failure of several men to show up. Better luck is expected this time.

The Rowing Association met yesterday and adopted a program for Regatta Day. It is subject to change but probably will not be altered very much.

1. Whaleboat race.—First prize, \$30; second \$10.
2. Six-oared Sliding-seat Barge.—First prize, \$50 trophy; second, \$25 trophy.
3. Tug of war or oared shore boats; not less than two boats on a side.—Prize \$20.
4. Six-oared Sliding-seat Barge Race.—"Old Timers."—Prize Glory.
5. First-class Yacht Race.—First prize, \$50 trophy; second, \$25 trophy.
6. Second-class Yacht Race.—First prize, \$40 trophy; second, \$25 trophy.
7. Third-class Yacht Race.—First prize, \$30 trophy; second \$20 trophy.
8. Fourth-class Yacht Race.—First prize, \$20 trophy; second, \$10 trophy.
9. Six-oared Gig Race; Stationary Seats.—Prize \$30.
10. Swimming Race; 100 Yards Straightaway.—Prize \$15.
11. Six-paddle Canoe Race.—First prize, \$20; second, \$10.
12. Six-oared Sliding-seat Barge.—Prize, \$25 trophy.
13. Tug-of-war between steamer service boats in actual use.—Prize \$25.
14. Two-oared Shore-boat.—First prize, \$15; second, \$10.
15. Diving Contest for Distance.—Prize, \$15.
16. Steamer Boat Race.—First prize, \$30; second, \$15.
17. Sailing Canoe Race.—First prize, \$20; second, \$10.
18. Half-mile, more or less, Swimming Contest.—Prize, \$15.
19. Four-oared Merchant Ships' Boats.—First prize, \$20; second, \$10.

Races are open to all and no entry fees. Swimming and diving races entries open until the start of races. All rowing races are to be governed by the racing rules of the Hawaiian Rowing Association. Each entry shall include the name of the boat, or if it have none, the name of the owner who enters it in the race. More yachting prizes will be distributed than at any other regatta. The yachts will be arranged so that all yachts now in the harbor can compete. The committee wishes the yachtsmen to get together and make their selection of a judge to act with the two appointed by the committee. They also wish them to fix upon the classes of boats to compete. The Regatta Committee believe that four classes should be allowed to participate.

IRON WORKS NEARLY DONE.

Engine and Boilers were Tested Last Saturday.

Work is progressing rapidly on the plant of the Honolulu Iron Works and the system will soon be in operation. Last Saturday, 400 horse power compound condensing engine and boiler plant were tested and worked satisfactorily. The machine and moulding shops are nearly done and work in them will soon be started. As soon as the plant will have been completed a public reception will probably be held on the opening day. C. Hedeman the president of the company is still in the east on business connected with the works.

THE DEADLY PINE.

"It is a notorious fact," says the National Druggist, "that the pineapple is considered the least healthy of all the edible fruits of the tropics by those who know anything about the matter. The juice of the green and growing plant is accredited in Java, the Philippines, and throughout the East generally with being a blood poison of a most deadly nature. It is said to be the substance with which the Malays poison their knives and daggers, and is also accredited with being the finger nail poison formerly used among aboriginal Japanese women almost universally. These women formerly for some thirty odd years ago, and possibly do yet, cultivated a nail, sometimes more, on each hand, to a long, sharp point, and the least scratch from one of these was certain death."

A PROBABLE REASON.

Physicians in South Africa, says a press report, now have another theory for explaining away the charges made by both Briton and Boer that the other is using explosive bullets. The extensive laceration often found in bullet wounds is now said to be due to the fact which the bullet drives before it as it enters the wound. "The existence of this phenomenon can be easily proven. If a round bullet be dropped into a glass of water from the height of a few feet it will be seen that when the bullet touches the bottom a large bubble will become detached and rise to the surface. In this case the bubble will usually be from ten to twenty times the size of the bullet. Now, a Mauser bullet traveling at a high speed is said to carry before it a bubble of compressed air of large dimensions. Experiments made by a surgeon who fired a pistol ball into a glass of water showed the bubble to be one hundred times the size of the ball. From the appearance of the wounds and from these experiments it is concluded that the mass of air driven by a Mauser bullet explodes in the body of the wounded man with sufficient force to cause extensive laceration. This destructive bubble is well known to surgeons under the name of projectile air."

DISCUSS THE BLUE LAWS

EXECUTIVE CONSIDERS SUNDAY REGULATIONS.

Action of Police Yesterday in Stopping Business Brings Up the Matter—Rules to be Modified.

The heads of the departments this morning discussed with Governor Dole the old "blue laws" of Hawaii, which were put into force yesterday, to the inconvenience and exasperation of many people. It was the unanimous opinion of the body that the sale of soda water and other necessities on Sunday should not be restricted. Attention was called to a clause of the "blue laws" which provides that in their enforcement the "public comfort" should be considered. Off hand this was considered authority for meeting the requirements of the moment, but the Government was not sufficiently clear on the matter to reach a positive expression. The Attorney-General was requested to file an opinion in regard thereto.

The "blue laws" were enforced yesterday because there has been some timidity on the part of the strict enforcement of all laws; and, second, because the legislature will soon meet and it was desired to show the law makers just how these particular regulations work under the changed conditions. During yesterday there was an immense amount of kicking. This came largely from people wanting soda water, fruits, cigars and the like. None were to be had anywhere. All of the day the city was dead as a graveyard. What made it worse was the presence of 1700 soldiers in town with no where to go, nothing to do and hardly even a drink of cold water in sight. During the one hour in the morning that the drug stores kept open their fountains were surrounded by dozens and hundreds of soldiers clamoring for soda water. Complaints filled the town, but nothing could be done. At evening the drug stores reopened. They were ordered by the police to close but refused, saying that they would test the matter in the courts. Hobron set this "ball in motion" by telephoning the other drug stores. We have our Sunday hours and plenty of "ball money" was the effect of the answer from Benson, Smith & Company. Manager Ludwigen, of Hart & Company's, refused to close. Lycurgus, proprietor of the Grill, also told the police that he would fight the law. The Chinese restaurants did not have so much grit and closed. In the face of this state of things, and in view of the city being full of soldiers, High Sheriff Brown, late in the evening, gave orders that the restaurants should be allowed to keep open this Sunday but that next Sunday they should close. The subject reached the Executive during the day. It was the one topic engaging attention this morning. Nothing else was considered. Though no action was taken it is safe to say that before next Sunday comes around there will be as much modification of yesterday's rule as is possible under the law.

POISONOUS GAS.

Danger From the Illuminant in American Cities.

The change in the composition of illuminating gas during recent years, it is believed by the Hospital, should create anxiety in regard to its influence on public health because of the considerable amount of carbonic oxide which is now so often mixed with it. "Gas, as it is called," says this paper, "has always been more or less poisonous, but only by virtue of one constituent, namely, carbonic oxide, which in old days, when gas was the unadulterated product of the distillation of coal, was present only in small proportions, say about 7 per cent. Nowadays, however, gas companies do not hesitate in an emergency, to mix very large quantities of this poisonous compound with their coal gas, and to send it out to their customers without a word of warning, while some companies habitually send out a compound containing over 50 per cent of carbonic oxide. So far we have not much proof of many deaths having been caused by this compound in England, but in America, where they have a longer experience in its use, the danger has been shown to be very considerable. In a paper on the subject, read by Dr. Haldane before the Society of Medical Officers of Health, he puts the matter in a somewhat striking form when he says that "the total death rate from poisoning of every kind in this country, whether by gases, liquids, or solids, and whether accidental or suicidal, is only about half the average death rate from water-gas poisoning alone in Boston, New York, San Francisco and Washington." We do not think, however, that the evil consequences arising from the inhalation of water-gas ought to be measured exclusively by deaths; even in non-fatal doses carbonic oxide is definitely deleterious to health, and not improbably, considering the leaky condition of many gas pipes, is an active cause of many mysterious maladies which are only relieved by change of air."

PAGO PAGO.

Commandant Tilley Proclaims Laws for American Tutuila.

In accordance with the powers conferred on him, Commandant Tilley has issued proclamations concerning new laws to be enforced at Tutuila. The commandant is the maker of the laws. Native customs, as far as not conflicting with United States laws, are to be preserved. The islands are divided into three districts—two in Tutuila and one in Manua, with a native governor in each district. Governors are to hold office at the pleasure of the commandant. Under the governors are district judges and village magistrates, who are to hold office for a year. The commandant holds all appointments and to his high court there is an appeal from the district and village judges. Duties remain the same as under the Berlin treaty as far as specific duties go, with the exception that the export tax on copra is abolished. Ad valorem duties are raised to ten per cent. Importation of arms and ammunition is prohibited. Pago Pago is made the port of entry; alienations of land by natives is forbidden, but lands can be leased for forty years with the consent of the commandant. Mr. E. W. Gurr, solicitor formerly of Apia, who appeared for Malletta at the late kingship trial, has been appointed secretary of native affairs, and will reside at Pago Pago. This appointment is exceedingly popular with Tutuilans, who, to a man, were on Malletta's side.

Never HAIR
Look Old

There is no need
of it. You can
look at thirty as if
you are sixteen.
Then why look as
if you are sixty?
Thick and glossy hair belongs to
youth. Thin and faded hair to old age.

It Never Fails to Restore the
Natural Color to the Hair

It gives to the hair that soft, glossy
appearance so natural to early life. For
men, this means the look of strength
and power. For women, it is the one
ornament of youthful beauty.

Remember that pimples, rashes, and like
disfigurements of the face may be thoroughly
removed by taking a course of treatment with
Ayer's Sarsaparilla. It will make the skin
smooth and the blood rich.

DISTRICT CONVENTIONS

PRIMARIES HELD ON HAWAII
AND MAUI.

First District Convention at Hilo and
Laupahoehoe—Second at Kailua—And
Third at Waialua—Delegates elected.

HILO, September 8.—The District
Convention of the First Representative
District was held in Fireman's Hall
September 6. There was a good deal
of misunderstanding and dissatisfac-
tion betrayed at the convention. The
delegates supposed from the call that
a part of the business of the convention
was to nominate candidates for the
legislature. Some of them came 100
miles believing this. At the conven-
tion however it was announced that
this was a mistake; another conven-
tion was to be held for that
purpose. This created considerable
suspicion and ill feeling especially
among the Hawaiian delegates, and
it is feared the party will lose many
votes among the Hawaiians, if matters
are not conducted with fewer mistakes
and misunderstandings in the future.

A Central Committee for the District
was chosen by ballot, consisting of
Messrs. James Gibb, J. T. Moir, F. B.
McStocker, W. G. Walker, E. W.
Estep.

The following delegates were present
in person or by proxy:

First Precinct, C. G. Campbell, H. J.
Lyman, Kamau.
Second Precinct, T. E. Ridgway, E.
E. Richards, N. C. Wilfong, C. S. Smith,
F. S. Lyman, J. Gibb, A. C. Steele, W.
W. Smith, W. A. Purdy, Milton Hice,
W. Yamatta, P. Peck, R. T. Guard, J.
Vieira, O. Omsted, R. T. Forrest, J.
Fitzgerald, J. H. McDonough, E. D.
Baldwin.

Third Precinct, J. T. Moir, W. A. Ray,
Cook.

Fifth Precinct, W. G. Walker, Joseph
Mattoon, Charles Swain.

Sixth Precinct, A. Horner, A. Lyd-
gate, C. R. Blacow.

Seventh Precinct, M. V. Holmes, E.
W. Estep, J. Moanau.

Eighth Precinct, J. G. Jones, Charles
Williams, S. L. Kaiti.

The following were chosen as dele-
gates to the Territorial Convention: C.
R. Blacow, James Gibb, W. G. Walker,
Judge Kamau, M. V. Holmes, William
Horner, W. H. Smith, A. B. Loeb-
stein, John G. Jones, J. U. Smith, Carl
Smith, Charles Williams of Honolulu,
a Parker delegate was elected in the
convention to go to the Territorial
Convention but when the list was pre-
sented his name was scratched. He
may make a contest in the Territorial
Convention.

AT KAILUA.
KAILUA, September 6.—The District
Convention of the Second Representa-
tive District comprising Kau, Kona
and Kohala, was to have been held
here today. But owing to the non-ar-
rival of some of the delegates it was
postponed until tomorrow.

Kau will not be represented in the
convention. The Republicans of that
District failed to have any primaries
or elect delegates.

ON MAUI.
PAIA, Maui, September 7.—The pri-
maries of the Republican party electing
delegates to the District Committee
have been very spirited, and in every
precinct great interest has been taken
in them. The Hawaiians of Maui have
turned out a good majority to the Re-
publicans, and as Rev. S. E. Kepipi put
it, have decided to place themselves at
the head instead of trailing along at
the tail of the ox. Every precinct of
the Third District has now elected
their delegates to the district committee.
The result, as far as known is as fol-
lows:

1st, Kalaupapa, (names unknown) 3
elected; proxies to D. H. Kahaullelo.
2nd, Pukoo, D. H. Kahaullelo, J. H.
Mahoe, Joe Kahinu.
3rd, Lahaina, D. Kahaullelo, Captain
Ahlborn, Matt McCann.
4th, Honokahau, R. C. Searle, D. Ka-
paku.
5th, Waialua, A. N. Kepolka, George
Hons, S. E. Kallekai.
6th, Kahului, W. J. Lowrie, T. M.
Church, Whitford.
7th, Honouliuli, S. E. Kellinot, S. W.
K. Apua, G. K. Kuniuku.
8th, Makawao, Charles Copp, Sr., A.
F. Tavares, S. E. Kalama.
9th, Hamakua, John Kalino, H.
P. Baldwin, S. E. Kepipi, C. H. Dickey,
John Kaitana, W. E. K. Maki, D. C.
Lindsay, J. P. Kapihe, W. O. Aiken.
10th, Kipahulu, J. K. Hanuna, J. K.
Nakila, W. P. Haia.
11th, Hana, M. H. Reuter, J. E. Josepa
J. H. S. Kaleo.
12th, Keama, E. M. Hanuna, Henry
Reuter, D. W. Naphan.

The District Committee, composed of
the above delegates, will meet in Wa-
luku on Monday afternoon next, to
elect the delegates to the Territorial
Convention, it being impossible to get
them together by today.

KOHALA REPUBLICANS.
KOHALA, September 7.—A meeting
of the Republican club of this District
was held at the court house last Fri-
day evening. Between twenty and
thirty members were present. Dr.
Bond, the temporary president was in
the chair. Three judges of election were
nominated and elected, E. C. Bond, S.
K. Kaunamano and Iola Kamani.

Permanent officers were nomi-
nated, being the same in all cases as the
temporary officers.

Ten nominees from which nine should
be elected for the district convention to
be held in Kailua September 6, were
named. They were C. K. Stillman, S.
Kekuea, E. A. Fraser, D. S. Fraser,
hookoo, H. P. King, W. C. Puaohoa,
H. L. Holstein, G. P. Tulloch, Sam
Hook and David Hukal. As a result
of the election on Saturday, Hukal was
the unsuccessful candidate. Other
elections were the same as the nomi-
nations. Three delegates, E. A. Fraser,
H. P. King and G. P. Tulloch being
unable to go to Kailua on account of
business duties were represented by the
other delegates who went on the
Maui Wednesday.

MAKAWAO LITERARY.
Informal Reception to Mr. and Mrs. W.
E. Beckwith.

PAIA, Maui, September 8.—The Sep-
tember meeting of the Makawao Liter-
ary society was held last evening at
the residence of Rev. E. G. Beckwith,
Sunnyside, the affair being also an in-
formal reception to Mr. and Mrs. W.
E. Beckwith. The program of the evening
was as follows:

Piano duet, Mrs. W. O. Aiken and
Mrs. H. A. Baldwin; vocal trio, Mrs.
Nicoll, Mrs. H. A. Baldwin and Miss
Annie Forbes; "Story from the South,"
Miss Emogene Hart; vocal solo, Mrs.
Walter Lowrie; comedy in one act,
"Why we never married"; vocal solo,
Mrs. F. F. Baldwin; vocal trio, Messrs.
Nicoll, C. W. Baldwin and Lindsay.
The comedy in one act was seven
young men and seven young ladies
seated in a half circle who one after
another got up and told in rhyme the
reason why they never married, creat-
ing considerable laughter thereby.

Especially as four of the young men
and one of the young ladies were mar-
ried folks.

Mrs. Walter Lowrie and Mrs. Frank
Baldwin were obliged to respond to an
address and the other numbers on the
program were most liberally applauded.
Many were the congratulations and
best wishes showered upon the young
married couple of the evening. The af-
fair was altogether most successful and
delightful.

NO CHANGE IN ROUTE.
Work has been commenced on a new
depot at Pala, on the same spot as the
old one. This means that it will be
some years at least before the route of
the railroad will be changed to touch
Pala and Hamakuaoko mills.

PEARL HARBOR RACES

HEALANIS WIN SENIOR EVENT IN FINE STYLE.

One of Most Exciting Finishes in History of Hawaiian Rowing—Cheered by Big Crowd.

In the closest, the most desperate and the gamiest race probably ever held in the history of Honolulu boat clubs, the Healanis senior crew captured the classic rowing event of the islands from the Myrtles crew last Saturday at Pearl Harbor. It was a magnificent race with nothing but honor and credit for the victors and the vanquished alike. Both showed they had endurance and courage to the core. They pulled hard in the face of a choppy course for over a mile and when their captains called for the final spurt both crews responded with full reserve strength, only the Healanis had about a quarter of a boat's length the better of the spurring.

The crowd which went to Pearl Harbor Saturday was about the largest in the history of racing at that place. The members of the various crews went down on an early train in the afternoon but the majority of the people arrived at 4 o'clock. In addition to those who came on by rail and drove in carriages nearly every yacht in the harbor was anchored by the finish of the mile and a half course. Gay with colors, bright with halyards of flags the sailing craft helped to give to the scene a distinctively nautical air. There was not much betting either the senior or the junior events. What money there was wagered was placed on the junior event. This was the race which the Healanis were expected to win while the Myrtles were conceded to have a double mortgage upon the senior event. The result was that what money was bet went on the junior race. When the Healanis witnessed the dismal procession in this event the most acute chill of congelation encircled their feet and no one wanted to risk looking any more money. Those who did bet tried to hedge but with dismal results.

The junior race was practically a farce the Healanis being clearly outclassed, outrowed and outgamed. Unmistakable defeat was theirs from the start but when they did get away the Myrtles took the lead. At the quarter they were two and a half lengths ahead, and at the half they had increased this to four lengths, and at the mile they were eight lengths to the good. At the finish the Myrtles were clearly leading down the course in anticipation of seeing a hurricane finish ending by the closest margin. When the Myrtles were seen to be lengths in the lead with the Healanis clearly distressed, the enthusiasm died, even in the throats of the Myrtle sympathizers. For everybody wanted to see a well contested race won. When the Myrtles did cross the line nobody bothered much about figuring out the number of boat lengths by which they had won. It was a question of time and when it was found that 23.5 seconds separated the Myrtles and the Healanis in the finishing time of the two crews people were not very much surprised. The time for the race was 11:14.

The surprised occurred in the senior race, the event of the year. In addition to the Healanis and Myrtles the Lelianis club had a crew entered but they did not figure at any part of the race. The crews went in a shower of rain to the start. They got off together without delay and the Myrtles and Healanis began the struggle for the championship. The Myrtles had the inside and the Healanis the outside course, the Lelianis in the middle. At the quarter the Healanis were a part of a boat's length ahead but at the mile the Myrtle crew had caught up and they were nose and nose passing the signal boat. Both flags flashed simultaneously and then the crowd realized that a brilliant, desperate struggle was in progress. At the Myrtles boat house the wearers of the red forged ahead slightly but the Healanis were full of reserve force and men Jarrett called for the spurt that they were to make. On they came through the water with increasing speed. But Judd had a crew with him who were game too and as the boats, in full view of the wildly cheering crowd, passed the Healanis quarters, the captain of the Reds called for the spurt. On they came slowly gaining at every second. It looked as if they would snatch victory from the opposing crew but Jarrett urged his men again. They kept their lead and crossed the line by a quarter of a length in the lead in 10:14, nearly record time. The crews which took part in the race were:

Healanis, Senior—Bow, G. Boisse; No. 2, James Lloyd; No. 3, Dan Genser; stroke, Paul Jarrett; coxswain, Charles Reynolds.

Myrtles, Senior—Bow, W. H. Souer; No. 2, R. Lishman; No. 3, George Genser; stroke, A. F. Judd; and coxswain, W. Alvarez.

Lelianis, Senior—Bow, H. D. M. Cobb; No. 2, C. Peck; No. 3, P. T. Phillips; stroke, S. E. P. Taylor; coxswain, H. Wagner.

Myrtles, Junior—Bow, George Fuller; No. 2, Arthur Giles; No. 3, Sam Johnson; stroke, Allan Judd; coxswain, W. Alvarez.

Healanis, Junior—Bow, Merle Johnson; No. 2, Pat Gleason; No. 3, Allan Walcott; stroke, W. Williams; coxswain, Charles Reynolds.

A large number of people were left at the Peninsula Saturday afternoon by the regular excursion train. On account of the delay in starting the races it was so late at the finish that the train had to pull right out to make her schedule, leaving the road full of tired, dusty, hungry Honolulu folk anxious to get into town. A special was sent out to bring the belated crowd in. It carried four cars and got back to town shortly after 8 o'clock.

The railroad service was up to the usual excellent standard, although, on account of the immensity of the crowd, second class coaches had to be pressed into service on all of the trains.

G. A. E. Miller, the candy man, had a refreshment stand near the boat houses and served excellent light refreshments all afternoon. The project of having a party on the Col. C. J. McCarthy sent down a keg of beer for the band.

The Ironquois' launch with Captain Pond in command, took out the judges. Captain Pond had his officers and Rev. V. H. Kitchin as special guests. Representatives of the Advertiser, Bulletin and Star were guests of the Rowing Association and were treated handsomely.

GOING TO NEW YORK. WAILUKU, September 8.—C. B. Wells, manager of the Wailuku Sugar Company, leaves for the Coast via Honolulu on Monday. He will visit southern California, and may possibly bring up in New York city somewhere about election day.

A GOOD THING. There's one good thing when they feel dry. That business men cannot pass by. For far and wide it's fame you hear. They stop to drink of "Rainier" beer, On draught or in bottle at Criterion.
