THE PANAMA FARCE.

Those who have familiarized themselves with all the obtainable facts concerning the Panama canal are not at all surprised at the conditions that obtain in the canal zone. From the moment the men interested in the welfare of the trans-continental railroads succeeded in switching to the Panama route no well informed man has entertained the idea that the canal would be constructed within any reasonable time. To obtain a canal was not the purpose of the men responsible for the abandonment of the Nicaragua route and the selection of the Panama route after the latter had been discredited by the best engineers and by the lamentable failure of DeLesseps. On the contrary, there is plenty of evidence to convince the careful observer that a canal connecting the Atlantic and Pacific oceans was just what they did not want.

One peculiar feature of the canal work certainly has been noted by the general public—the appointment of civil engineers who hold high positions with the railroads most interested in delaying the work, to be chief engineers of the canal. The more one thinks of this the more significant it becomes. Another peculiar feature is that none of the consulting engineers of any considerable reputation advocated the Panama route, while all declared the Nicaragua route feasible. But just as it seemed that something definite would be accomplished and the canal built across Nicaragua, up jump men who have always opposed the isthmian canal and suddenly become wonderfully interested proponents of the Panama route.

Climatic conditions, geographical conditions, political conditions and red tape conditions combine against the Panama canal, the first two of which would not apply to the Nicaragua route, and the last two of which would not interfere long if a determined stand were taken by public officials who were not under the influence of the trans-continental railroads. The men who secured the selection of the Panama route at the last moment worked their scheme well. They hindered the completion of a canal while appearing to be great advocates of a canal, and they pulled from the fire the trans-continental railroad chestnuts with the hands of the public—hands long used to digging deep down into their owners' pockets to bring up exorbitant freight charges levied by the trans-continental railroads.—The Commencer.

EXPLANATION THAT IS NOT.

The published explanation by Chief Clerk C M White, of the Public Works Department, appears peculiar and funny, because it does not explain nor wipe away anything. In other words, we wonder whether he is a party, before or after the fact of having being pinned by the K Pe a few evenings ago. He can't write away what is recorded and found, even if he wore the pia abroad.

He appears, from his published statement, to be biased, and immediately flies off the handle in defense of that garbage system of blanket pay rolls which he, for more than twelve months past, had virtually sanctioned to be carried on as a memento of past efforts to aid the grafting business. The honesty of Capt Sam Johnson is not for a moment doubted, but it does seem peculiar that he and others should wish to retain it, so that they might still have the business of handling all the money for all the men.

And further still, both the Acting Governor and the Territorial Treas-

urer have come to the rescue, but all combined will not be able to down what has been discovered as the weak point in the Territorial system. But Mr White says that he knows about the system, but cannot suggest the remedy.

The Treasurer's Position.

Mr Trent is not a supervisor, a grand jury nor a county attorney. He did his whole duty when he brought 83 specific cases of seeming irregularity before the Board of Supervisors and left that body to investigate them. The attempt to involve Mr Trent in suspicion because he did not delay his exposure until he could interview all the employees of the garbage bureau, is scavenger politics of the obscpest type—Advertiser.

That's what we think. Everybody knows how difficult it is in Honolulu to get at facts. Treasurer Trent went as far as he possibly could and left the rest to the supervisors, as was entirely proper and wise.

Whose Were The Funds?

Kellett has again been arrested, this time for embezzlement. He is being prosecuted, and may be prosecuted, by County Attorney Doubtitt. The wonder is—has he embezzled any County or Territorial funds? Has any of the heirs of the estate of which he was the trustee laid any complaint against him? Is it not a persecution on the part of those who wish to make an example of Hawaiians to throw one down without giving the trustee a hearing to explain his accounts? We find that instead of examining him on the master's report, they rushed him into chokey and are now pushing him after he is down with the evident purpose of rubbing it in.

Employ Men, Not Boys.

Employment of boys as clerks at men's pay is a mistake and should be abolished, particularly when they are below age and have no vote. It makes them feel too important on themselves or their shapes. Every one of them should be weeded out and let men, who may have families, be employed in their stead. Both the garbage and road departments have them and the supervisors should look them up and throw them out, and put them to do chores where they might learn the value of money before earning more than they are worth or entitled to.

TOPICS OF THE DAY.

A man's nest may possibly turn out to be a hornet's nest when they get through investigating and probing garbage and road macadam.

Governor Jack asks "What is the matter with Breckons anyhow?" Really we don't know; but judging by the past he is probably doing some cheap politics.

It is to be hoped that the County

supervisors will live up to the motto given them by the Bulletin to "let no guilty man escape." We fear that they will not act on "the square."

Treasurer Trent is quoted as saying that he has "nothing further to say. The matter is now in the hands of the supervisors, where it belongs." That is correct. The treasurer has done his duty and it is up to the supervisors to do the rest.

In regard to the garbage department matter, we called for a square deal. The head men, and sponsors for the head men, of the department have asked for an investigation. Let them have it. Throw on the light by all means and let the public know all the facts.

It is being said today that the statement, by way of explanation, that garbage and road employees are paid, including Sundays and holidays, is all buncombe. We do not believe that such is the system, unless we are decidedly mistaken in our information.

Supervisor Moore is investigating the garbage pay rolls, which would be the work of his life if he should succeed in unearthing some putrid rottenness. It is now up to him, together with his colleagues on the committee, to make a showing. Go at 'em, now, and show 'em up, if you can.

We, of this Territory, have another criminologist who is either a puddle, pond or lake. If he is of the latter category, he surely will be nothing more than what his name appears to be. He ought to be an ocean instead of a lake. Only such are fit as such, who might be what their job is, and should have been there themselves instead of looking up others whom they might destroy.

Acting Governor Atkinson is undoubtedly correct that "the men on these pay-rolls had to sign the receipts for their money before it was paid to them," or before the Territorial Auditor would issue a blanket warrant for the same. But that was not what the County attempted the other day. An unsigned pay-roll was presented and was sought to be cashed, but was promptly blocked. This puts an entirely different phase upon the issue: Nothing has as yet been said about the pay rolls not being unsigned and here comes a squeal. It will not down, Jack.

Bloodless Girls

Doctors have given the Greek name Anemia, meaning "bloodlessness" to a disease which is much more prevalent among young women than is generally believed. In its early stages the disease is not marked by any decided symptoms and often makes considerable advance before its presence is noticed. An unusual feeling of fatigue after slight exercise, breathless and pallor are the first noticeable signs. In anemia the blood becomes thin, the heart flabby, the skin pale and waxy. If the disease become chronic (persistent anemia) it often results fatally. The one successful method of treating this disease is to build up the blood. The best blood builder in the world is

Dr. Williams' Pink Pills for Pale People

This remedy has cured more cases of anemia than all others combined. Miss Cordelia Moore, of Malone, N. Y., until recently, has been a life-long invalid from palpitation of the heart and weakness of the blood. In speaking of this experience she said: "I was in a terrible condition. I could not eat. My face was ghastly white, and my hands were almost transparent. I was so weak it was utterly impossible for me to go up stairs. I met a friend who spoke of Dr. Williams' Pink Pills for Pale People, and advised me to try them. Before the first box was used I began to regain my appetite and felt better generally. I bought six more boxes and took them. I grew strong rapidly and gained in flesh. I became better in every way. I never felt better in my life than now, and consider myself cured. I cannot say too much regarding Dr. Williams' Pink Pills for Pale People."—From the Gazette, Malone, N. Y.

No discovery of modern times has proved such a blessing to mankind as Dr. Williams' Pink Pills for Pale People. Acting directly on the blood and nerves, invigorating the body, regulating the functions, they restore the strength and health in the exhausted patient when every effort of the physician proves unavailing.

These pills are sold in boxes at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams Medicine Co., Schenectady, N. Y.

LOCAL AND GENERAL NEWS.

The INDEPENDENT 50 cents per month.

The Kinu took away today quite a big lot of passengers for windward.

Mrs C R Buckland and children left in the Kinu for a visit to Hawaii.

The Hawaiian band will play itself off on the Mongolia this afternoon.

Harry Juen is having the Junction saloon, in Palama, repainted in and out. It will have a red front.

Chief Justice Frear will be at his office on Monday next, he being due to arrive tomorrow from the Coast.

In the absence of Sam Johnson, C M White, of the Public Works department, is acting as road supervisor.

The Misses Myra Helstube and Lily Nottley left in the Kinu today for a fortnight's summering at Wailuku.

Olinda M Collins has been granted a divorce from her husband, Charles R Collins, on the ground of cruelty.

The Mikahala will arrive tomorrow morning from Kauai. Thursday morning the Maui will come in from Maui ports.

Mail will be due from the Coast by the Coptic tomorrow morning. The vessel may get in during this afternoon or evening.

Supervisor Moore, who is the supervisor entrusted with the investigation of the garbage department is proceeding with his work.

Job Batehlor, formerly the weights-and-measures man, has been appointed Circuit court clerk to succeed P D Kellett, Jr. resigned.

The transport Sherman will be due to arrive Saturday morning from San Francisco. She is carrying about 1000 men for the Philippines.

Superintendent McVeigh, of the Molokai settlement, stood his trip well and is resting easy at his home in this city. It is thought that he will be out in about two weeks.

Mr Crabtree, who has been filling the pulpit of the Christian church during the Summer, will deliver his farewell address tonight. He leaves tomorrow for the Coast.

The Hawaiian band leaves in the Mongolia tonight for the exposition at Portland. The men are not sure when they will get back but it will probably be in about two months.

The dredger Governor has struck hard-cores at the new Alakea street slip and next week blasting will have to begin. Being under water, this will be by far the hardest part of the work.

The Alameda will sail at 10 o'clock tomorrow morning for San Francisco. On her present trip the Alameda has almost a new set of men. The old men have either left the ship or been transferred.

Miss Winnifred Husted, daughter of the directory man, who has frequently visited and is well known in Honolulu, was recently married in California. Cards announcing the fact have been received here.

P D Kellett was rearrested yesterday afternoon on two more counts for embezzlement, both of which were also in the Barata estate matter. He was released later on bonds of \$250, with Abraham Fernandez as surety.

In the baseball game between the teams of the Judd and Staugenwald buildings yesterday afternoon, the former won in the seventh inning by a score of 10 to 8. The game ceased in the seventh as the ice-cream was ready.

The office of THE INDEPENDENT is in the brick building next to the Hawaiian hotel grounds on Berehanis street, Waikiki of Alakea. First floor.

LOCAL AND GENERAL NEWS.

The foundation of the new archives building is being laid. It is at the Likelik-Hotel streets corner of the Palsee grounds next to the P G army kitchen.

The Salvation Army will have a "high jinks" at headquarters tonight in honor of Joe Carroll, one of the members, who leaves tomorrow for the Coast.

L F Straus, whose rig was run down by a car two nights ago, will sue the Rapid Transit Co for heavy damages. He is improving slowly in the Queen's hospital.

The Honolulu bowling alley, at the Aloha saloon, corner Queen and Richards streets, will be opened tonight. Everything new and first class. Fine local for spectators. *

Sam K Kamakia was today acquitted by District Magistrate Whitney on the charge of gross chest in collecting rents belonging to his wife without due authority.

W W Harris has filed his final accounts as administrator of the estate of the late F J Wilhelm, showing a balance of \$6222.22 and asking for a credit of \$3003.63, paid out since he was appointed. This leaves a balance in hand of \$3218.69.

It is reported that a cablegram has been sent by friends to Capt Sam Johnson urging that he return at once to defend himself in the garbage department muddle here. If he accepts this advice he will stop his Seagirt trip at San Francisco.

County Auditor James Bicknell has received a cablegram from Sava to the effect that the old suit of his family for a half interest in Fauping and Washington Islands had been decided in favor of the Bicknells. This is the case of E B McClenahan went to Fiji on some weeks ago, and it seems that he won it in short order.

Another Seeming Irregularity.

It was learned today that there appears to be another irregularity in connection with both the garbage and road departments pay-rolls. An employee of the garbage department got his warrant the other day under the name of Hoolubi and had the same cashed by Treasurer Trent.

A day or two afterwards he called for another warrant under the road department, but it was under another name, Ahoy, he being a part-Chinese. By this name another warrant had been made out by Auditor Bicknell, and just as Assistant Mabelous was to hand it over to him, he recognized him as having already been there a few days before. On drawing attention, the warrant was held in abeyance and, later given him, after the treasurer's attention had been drawn.

Clerk Hopkins also recognized him, and payment was refused by the treasurer on the warrant to Ahoy. Upon making satisfactory explanation, it having been shown that the respective time-keepers knew him one as Hoolubi and another as Ahoy, the warrant was changed to only one name, Hoolubi, and finally cashed. And there the matter ended as far as the County is concerned, but it shows a seeming irregularity in having a man do work under both branches under different names. A laborer should only be known by one name and by no other.
