THE COLORADO ALSO ANSWERS

A COMPLIMENT.
EDITOR STAR:—There are many very handsome men among the sailors of these men-of-war now in port—refined and beautiful faces.—ANNE M. PRESCOTT in Star Thursday.

EDITOR STAR:—I wish to object to the claim made in last night's paper that Miss Anna M. Prescott had Maryland sailors in mind when she commented upon how good-looking the sailors are. I do not see any special points about the Maryland boys that entitle them to take the credit. In fact I am willing to bet that she wrote her communication after seeing a crowd of Colorado boys.
COLORADO SAILOR.

RAILROAD TO THE VOLCANO

THE CONTRACT FOR ROAD FROM GLENWOOD UP HAS BEEN APPROVED.

HILO, Sept. 5.—The contract for the construction of the roadbed for the new railroad, to be built for the Hawaiian Mahogany Lumber Company, from Glenwood to thirty-one miles, was approved in Honolulu last week and sent here for the signature of Contractor Ishizu, which was attached on Wednesday when work was actually begun. There will be eleven miles of roadbed, to be finished within six months, at a cost of \$1,000 a mile, as stated in the Herald of August 15. The road will be standard gauge and used for hauling the company's lumber from the Koa forest to Glenwood where connection will be made with the Hilo Railroad Company. George Munday is now in Honolulu negotiating with the company for a lumbering contract.

HOLLOWAY RESIGNED

C. S. Holloway several days ago tendered a resignation to Governor Frear which the Chief Executive this morning refused to accept. The resignation was not, however, as Superintendent of Public Works, which some of Holloway's opponents have been predicting was about to be handed in, but only as President and Executive officer of the Territorial Board of Agriculture and Forestry, which he filled tentatively during the absence from the Territory of the regular president, W. M. Giffard. It seems, however, that Mr. Giffard is not yet ready to assume the place although he has returned, and after an interview with the Governor, Superintendent Holloway consented to remain at his post on the board for the time being.

THE VISITING ODD FELLOWS.

At Odd Fellow's Hall, next Wednesday evening, at 8 o'clock, a reception and dance will be tendered to visiting members of the Order, of whom there are about one hundred on board the fleet now in the harbor. Admiral Dayton will allow shore leave on that night to all members of the fraternity. The affair will be in the hands of Harmony and Excelsior Lodges, assisted by the Bebekahs.

ONE NEVER KNOWS

ALARM INCREASES IN FRISCO

(Associated Press Cable to The Star.)
SAN FRANCISCO, Sept. 6.—Dr. Wyman, Surgeon General Wyman of the U. S. Marine Hospital Service has assigned Dr. Blue to direct the plague campaign in San Francisco.

The Board of Health advises the burning of the old city hospital.

BIG FINE IS PAID

(Associated Press Cable to The Star.)
AUSTIN, Texas, Sept. 6.—The International Harvester Company has paid a fine of \$24,000 for violation of the anti-trust laws.

The suit against the Harvester Trust was begun on August 25, the government demanding penalties in the sum of \$1,100,000 for violations of the trust laws. The International Harvester Co. of America which does business under a charter granted by the State of Wisconsin, was the defendant, and seven other American companies, with which the defendant was alleged to have combined unlawfully, were named. The suit was brought by the attorney general of the States of Texas.

SAILED FOR CANADA.
(Associated Press Cable to The Star.)
LONDON, Sept. 6.—Lord Chancellor Loreburn has sailed for Canada.

ELEVEN KILLED.
(Associated Press Cable to The Star.)
NORRIS, Iowa, Sept. 6.—Eleven persons were killed in a railroad collision here.

RALEIGH ARRIVES.
SAN FRANCISCO, Cal., Sept. 6.—The cruiser Raleigh has arrived from Honolulu.

TRAIN WRECKED

A freight train was derailed three miles the Honolulu side of Waianae this morning and several oil cars and flat cars were smashed badly and traffic was blocked for a while. A temporary track was hastily constructed so that the passenger trains could pass. No one was killed or injured.

CHRISTIAN CHURCH.
A. C. McKeever, pastor, 9:45 a. m. Bible School; 11 a. m. sermon, "Degree in Glory"; 6:30 p. m. Young People's L. C. E., subject, "Omnipresence"; 7:30 p. m. sermon "That Which is Above All." All are invited to these services.

NEW GOODS AT SACHS.
New Goods direct from the east, are arriving on every steamer for the Sachs store. New Muslin Underwear, Gloves, Parasols, Millinery, Waists, Skirts and coats have just been received and are now on display.

The first application for naturalization appears was this morning filed in the United States Court by William George Chalmers, a contractor by trade and a native of Ottawa, Canada.

(Associated Press Cable to The Star.)
PARIS, Sept. 7.—The Moorish tribes have asked General Drude to suspend hostilities for the purpose of negotiating for peace.

\$345,000 STOLEN

CHICAGO, Sept. 7.—A receiver has been appointed for the Belding Hall Manufacturing Company. President Hall of the company is charged with appropriating \$345,000.

CAVALRY FOR MANILA

(Associated Press Cable to The Star.)
SAN FRANCISCO, Sept. 7.—The transport Thomas sailed today for Honolulu and the Philippines, taking the nine troops of the Sixth Cavalry for the Philippines. She also carries a detachment of field artillery.

CHICAGO TRAGEDY

(Associated Press Cable to The Star.)
CHICAGO, Sept. 7.—Fred Fish, a retired broker, has murdered his wife and committed suicide.

BURTON IS TO RUN

(Associated Press Cable to The Star.)
CLEVELAND, Ohio, Sept. 7.—Congressman Burton has been nominated for Mayor by acclamation, by the Republican city convention, and will run against Tom Johnson.

EXPLORERS ARE SAFE

(Associated Press Cable to The Star.)
LONDON, Sept. 7.—Captain Mikkelson of the steamer Duchess of New Bedford, the Arctic explorer which was reported lost, is safe, with the companions who were reported missing. The steamer is wrecked.

COAL FOR THE NAVY

The British S. S. Strathgarry, according to cable advices received this morning, sailed on September 5 from Norfolk, Virginia, with a full load of coal for the United States Naval Station at Honolulu.

TRANSPORT DANCE AT SEASIDE HOTEL

In honor of Colonel Gardner and the officers and ladies of the Sixteenth Infantry, Admiral Dayton and the officers of the cruiser fleet will be more than welcome. This will be a combination of the Army and Navy and will be unquestionably one of the jolliest dances ever given in Honolulu. The Band of the Sixteenth will play in honor of the fleet. Only friends of the Seaside and of the Army and Navy will be permitted on the floor. Come to the Seaside and welcome the defenders of the flag.

BEST IN QUALITY.
We have received another large shipment of Japan rice. This rice as can be attested to by almost every plantation laborer is the best imported to Honolulu. K. Yamamoto wholesale Merchant. Hotel street.

ARE YOU ROASTING?
The man at our fountain can cool you off and appease your appetite too. Alexander Young Cafe.

Conan Doyle To Marry

Sir Arthur Conan Doyle, the famous creator of "Sherlock Holmes," is to marry Miss Jean Leche, of Crowborough, England, the ceremony being set for September next. When Dr. Doyle was six years of age he wrote his first book and illustrated it himself. It was never published but his mother has it yet and it is this volume of which he is more proud than of all the works he has since created.

NAVY OFFICERS EXPECT FORTS

THE GREAT IMPORTANCE OF THIS ISLAND TO THE AMERICAN NAVY—A BELIEF THAT THE AMERICAN GOVERNMENT IS SOON TO BECOME VERY ACTIVE IN THE IMPROVEMENT OF PEARL HARBOR—THE FLEET PLANS.

"This island is the most important point to the Navy in all the Pacific ocean," said Lieutenant Tompkins, aid to Admiral Dayton, commanding the Pacific fleet, aboard the flagship West Virginia, "but it must be fortified and supplied before it becomes the actual base of operations. Fortifications will soon be realized and, in the meanwhile, Honolulu will be a coaling station for the Navy, this port will be used as a coaling station for the big Atlantic and Pacific fleets during the evolutions of next year.

"It is possible that certain men-of-war will be detailed to make their base, pending fortification, that this point may be prepared in case of emergency, though the administration will of course not admit that there is any likelihood of an emergency. It is more probable, however, in the event of this island being protected by ships of the Navy pending the establishments of a Naval base at Pearl Harbor, that monitors would be placed here. They are the best coast defenders and can carry very heavy long-range guns.

"In regard to Pearl Harbor, Admiral Very, commandant of this station, is in charge, and he makes the recommendations for improvements. Admiral Dayton might be consulted, but Admiral Very has the matter in his hands and he is the man looked to for suggestions. That is in his department.

"When we get to the Coast the vessels of this squadron (the Big Four, West Virginia, Pennsylvania, Maryland and Colorado now in port) will probably be overhauled. The Colorado has to have some new guns and there are some things needed by the ships that may mean docking.

"We of course do not know what we are to do between arriving on the Coast and joining the Atlantic fleet, but the probabilities are that some of the time will be given to overhauling."

STEAMER SERVICE

REPORT OF A BIG PLAN BY SPRECKELS AND THE UNION STEAMSHIP COMPANY TO ADD GREATLY TO THE PACIFIC TRANSPORTATION BUSINESS—MAIL SERVICE THAT WOULD GREATLY BENEFIT HONOLULU.

Reports from San Francisco tell of the probability of some big steamship line being carried out in which Honolulu is deeply concerned. If the plans being discussed are put in effect, Honolulu will soon have the best steamship service she ever had, instead of struggling along as now, with the poorest for a couple of decades.

The Spreckels plan for resumption of steamship service between San Francisco and Sydney, with Honolulu as a calling place, provides, it is said, for a combination service of the Union Steamship Company vessels and the Spreckels steamships, to maintain the twenty knot service which the Australian Government wants for mail. The vessels will get a subsidy from the Australian Governments and also, it is expected, from the American, for shipping men expect that a ship subsidy act will pass during the next December session of Congress.

According to reports received from San Francisco, the Sierra, Sonoma and Ventura will be used and three or four others of the Union line. These are British steamers, which according to the Australian press are being prepared for the run here.

According to publications in the Australian press, the Union company's steamers are very fast vessels, and the

FREAR TO PALOLO SHERMAN DANCE AT MOANA TONIGHT

Governor Frear will spend some time this afternoon in exploring the wilds of Palolo Valley in company with Road Supervisor Sam Johnson. This is the trip which the Governor had planned to make last Saturday when the trip to Kaula to look after the Kapaia land matter intervened. The residents and homestead settlers of the valley are very anxious that the Governor shall see the bad condition of the roads which they are compelled to use, in hopes that he will be able to see some way in which the condition of things can be improved.

In honor of the officers and ladies of the U. S. T. Sherman, now in port, a dance will be given at the Moana Hotel tonight. The famous Ellis orchestra will furnish the delightfully romantic Hawaiian music for the occasion.

Officers of the "Big 4" fleet, local army and navy officers and ladies and the townspeople are cordially invited. Be at the Moana tonight.

REGIMENTAL BAND AT SEASIDE

The famous band of the Sixteenth Infantry will play at the Seaside this evening in honor of Admiral Dayton and the officers of the fleet.

TIDES, SUN AND MOON

New moon Sept. 7th, at 10:30 a. m.

Table with columns for date, high tide, low tide, sun rises, sun sets, moon rises, moon sets.

Times of the tide are taken from the U. S. Coast and Geodetic Survey tables. The tides at Kahului and Hilo occur about one hour earlier than at Honolulu. Hawaiian standard time is 10 hours 30 minutes slower than Greenwich time, being that of the meridian of 157 degrees 30 minutes. The time whistle blows at 1:30 p. m., which is the same as Greenwich, 0 hours, 0 minutes. The Sun and Moon are for local time for the whole group.

U. S. DEPARTMENT OF AGRICULTURE-WEATHER BUREAU.

The following data, covering a period of 32 years, have been compiled from the Weather Bureau records at Honolulu, T. H. They are issued to show the conditions that have prevailed, during the month in question, for the above period of years, but must not be construed as a forecast of the weather conditions for the coming month.

TEMPERATURE, (1890-1906). Mean or normal temperature, 78 deg. The warmest month was that of 1891, with an average of 80 deg. The coldest month was that of 1905, with an average of 77 deg. The highest temperature was 88 deg., on 9 and 16, 1890; 29, 181; 14, 1892; 10, 1896; 12, 1900. The lowest temperature was 65 deg., on 15, 1890. PRECIPITATION (1877-1894, 1904-05). Average for the month, 1.27 inches. Average number of days with .01 of an inch or more, 14. The greatest monthly precipitation was 2.95 inches in 1888. The least monthly precipitation was 0.36 inches in 1883. The greatest amount of precipitation recorded in any 21 consecutive hours was 1.27 inches on the 8th, 1888. RELATIVE HUMIDITY. Average: 9 a. m., 65 pct.; 8 a. m., 68 pct.; average, 9 p. m., 72 pct. (1904-06); 8 p. m., 72 pct., (1904-06). CLOUDS AND DWEATHER (1890-06). Average number of clear days, 14; partly cloudy days, 14; cloudy days, 2. WIND. The prevailing winds are from the NE. (1875-1894, 1904-06). The average hourly velocity of the wind is 7.9 miles (1904-06). The highest velocity of the wind was 28 miles from the NE. on the 18th, 1905 (1904-06). Station: Honolulu, T. H. Date of issue: August 31, 1907. * 9 o'clock averages from records of Territorial Meteorologist, 8 o'clock averages from Weather Bureau records. WM. B. STOCKMAN. Section Director, Weather Bureau.

INSANITY WILL BE THAW'S SOLE PLEA

MARTIN W. LITTLETON PROMISES NO SENSATIONALISM NOR APPEAL TO UNWRITTEN LAW.

NEW YORK, August 28.—A plea of temporary insanity, from which he has fully recovered, and as far as possible utter absence of the sensationalism of the last trial will be the method pursued by Martin W. Littleton at the next trial of Harry K. Thaw for the murder of Stanford White. That has been fully decided on by Mr. Littleton, who is to have complete charge of the defense of the Pittsburgh millionaire. Littleton will not have the trouble with Thaw that the other attorneys have had. Long confinement is having its effect on his client and the headstrong man is more amenable to reason than formerly. Littleton is bending every effort to secure a speedy trial, but with little likelihood of success, as it will be well along toward the last of the year before the District Attorney will be ready to proceed. Littleton brands as absurd the report that Thaw is on the verge of a complete breakdown. Mr. Littleton declined to discuss how he would conduct the case. It is certain that there will be no appeal to the "unwritten law" and the general defense will be the temporary insanity plea. It is hinted that several new witnesses have been secured who will tell of White's alleged boasts of his influence with Thaw's wife.

JAILOR REMOVED. LIHUE, Kauai, September 6, 4:34 p. m.—Jailor Enoch Lovell, charged with causing the death of a Japanese prisoner in his custody, waived examination before the District Magistrate today, and was committed to await the action of the grand jury. High Sheriff Henry has appointed a new jailor to succeed him.

HILO BREAKWATER.

HILO, Hawaii, September 6, 5:03 p. m.—Captain Otwell, United States Army Engineer officer in charge of War Department work in Hawaii, expects to advertise for bids for the construction of the Hilo breakwater within two months. Work is to begin in February. Captain Otwell has found suitable rock for the work. He has also examined the harbor and approaches for appropriate and suitable sites for range lights as they should be when the breakwater is constructed. He is now in Puna. Williamson, J. S. Molony and wife, Miss Berger, Miss Yoshi Naito, Miss Dr. M. Burnham, C. C. Von Hamm, Master A. Young, Mrs. Rosenberg, Miss L. Roth, S. Rosenberg, C. A. Bacheider and wife, W. G. J. Lambert, Paul de la Vergne, Gen. Calvin De Witte and wife, Calvin De Witte, Jr., H. H. Burrell and wife, J. F. Morgan, Jr., Capt. John Barneson, H. Barneson, J. Alexander, W. S. Berdan, A. L. Hudson and wife, Miss B. King, F. W. Wichman, Jr., S. Dowsett, Kingsbury Sanborn and wife, D. A. Bittner, Miss Gladys Dodge, Goo Koon, W. D. Goodale, H. E. Pickett, Shikawa, K. S. Gjerdrum, D. Dowsett, W. E. Brown and wife, Miss M. Carlson, G. Merrick, Mrs. A. Ropp, A. J. Campbell and wife, Y. Crosson, Mrs. A. E. Galt, Mrs. Barneson, Miss Muriel Barneson. *Per S. S. Indiana, Graham, for Vancouver, September 5: H. M. Whitney, Jr., W. R. Waters, G. E. Sahila, Mrs. J. Bachelor, J. H. Bachelor, Miss M. Schmidt, Mrs. W. C. Wilder, Mrs. P. J. Hoyt and child.

BOOKED.

Per S. S. Hilonian, Sept. 10, for San Francisco: Miss C. Giles, Miss M. Catton, E. Patterson, Mrs. O. C. Swain, Dr. N. B. Emerson, Mr. and Mrs. C. M. Symonds and daughter, J. R. R. Morgan, W. Dayton, Mrs. L. Hansann and 2 children, F. Thompson, Mr. Deas, Mrs. R. Waldron, Mrs. Jamieson, Marshal Grainger, Miss E. G. Baker, O. R. Wilson, J. M. Alexander, C. V. Gray, Mrs. Margaret Wong, Chinese Minister and wife, Mrs. Sleeper, J. F. Farmer, A. Souter, Julian Monsarrat, Capt. Hackett, G. P. Merrick, Mrs. Anderson and child, Ida Belle Lamb, Mrs. N. G. Smith, Mrs. A. Rapp, Miss G. Ferguson.

A SHILLING SAVED REPRESENTS TEN EARNED.

The average man does not save to exceed ten per cent. of his earnings. He must spend nine shillings in living expenses for every one saved. Sometimes a few pence properly invested, like buying seeds for his garden, will save several times the amount later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but little and a bottle of it in the house often saves a large doctor's bill. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

OF INTEREST TO Women and Others

POET AND KING. OUT of a desolate night, Into the pride of the court Flooded with color and light, A wandering singer was brought.

And there, at the foot of the throne— A weary and pitiful thing That begged for a crust or a bone— He sang at the nod of the king.

The king and his courtiers are gone; Clean gone out of mind is their fame; The fields where their glory was won Are only a date and a name.

The singer, alone of the throng, Lives on through the death of the years— For men still remember his song And sing it, with love and with tears.

—Scribner's Magazine. If you want to see the best-gowned women in America and the costliest of modern wardrobes come to Newport and be convinced, writes an Eastern correspondent.

Everything runs on a lavish and luxurious scale, with prices in accordance, for it has passed into history that Newport is the most expensive city in the world, far outrivalling New York.

Those of us who have lived there know that most New Yorkers, especially if they are wealthy, part with their money at a reckless pace, remarkable, indeed, even to affluent foreigners.

As the apotheosis of extravagance at Newport take, for example, the many brilliant fetes and entertainments given by hosts of international reputation, lasting but a few fleeting hours and costing from \$5,000 to \$12,000. A single detail, the illumination, will cost from \$3,000 to \$5,000. So it is so easy to see where the money goes.

While the season is in full swing several of these sumptuous affairs will be given in a single week.

Could Roman feasts surpass this royal hospitality? Of course, when bidden to such magnificent entertainments every woman naturally wishes, in simple justice, to do her part by appearing in a toilet worn for the first time and the best her wardrobe affords. For this reason the dates of these very elegant functions are set weeks, possibly months, in advance, so that the sartorial masterpieces may be withheld to blossom forth in all their ravishing beauty.

I inquired of my hostess, who knows Newport, old and new, like the jewels in her casket, to give me an estimate of the cost of the year-round wardrobes worn by Newport's society elect—that is, among those who were classed as millionaires.

"From \$30,000 to \$50,000, I should say," was her quick response, without even taking time to think it over. I gasped.

"Why, one could build a lovely country home for that amount," I suggested.

"And so you could, my dear, a very comfortable one," she added, smiling indulgently.

"How much do women spend on gowns alone for the Newport season?"

"From \$8,000 to \$10,000, and from fifteen to twenty gowns should be sufficient, unless the season is unusually long and gay."

I could not receive so much startling information without getting a little more, and so I append the following list, detailed according to the ultramodish woman's expenditures upon her elegant, even regal, apparel vanities.

This summing up is taken according to the wealthy society women of New York, but doubtless it will tally in many respects with women of other large cities of similar caste:

Gowns for balls and opera, \$8,000; dinner, bridge and reception gowns, \$6,000; furs, including wraps, hats, neckpieces and muffs, also those for automobiling, \$6,000; opera cloaks, separate coats and evening wraps, \$2,500; gowns for afternoon teas, luncheons, theater, \$2,000; frocks for informal home wear, street costumes, shirt waists, bodices, \$2,000; negligees and house gowns, \$1,000; lingerie, including evening undershirts, \$1,000; hats, veils, jeweled ornaments, \$1,500; foot-gear for house wear, street, ballroom, carriage, \$1,000; togs for sports, \$800; accessories, faces, scarfs, gloves, fans, neckwear, handkerchiefs, French jewelry, \$3,000. Add to this the inevitable dry-cleaning bills for so many perishable elegancies and you will see that the grand dame knows whereof she speaks.

This does not include the wares and living expenses of a maid, an expensive luxury anywhere, but more especially at Newport. Yet, if it wasn't for this deft-fingered creature women could not get into half of their gowns or build their intricate coiffures.

The silhouette of the ultra-modish woman leaves a peculiar kind of impression, yet when one sees so many, all affecting the same fashion and

WORLD'S NEWS BY CABLE

SAN FRANCISCO, September 7.—Judge Lawlor of the Superior Court has overruled the demurrers filed in the Parkside bribery cases. All the defendants then pleaded not guilty before Judge Dunne and the interrupted trial proceeded.

The trial of the officials of the United Railroads will begin on September 12.

SAN FRANCISCO, August 28.—The Parkside bribery cases were taken up in Judge Dunne's court yesterday. Eugene E. Schmitz, charged with accepting a bribe, was present, accompanied by Attorney Drew. By consent of both parties argument on the demurrer to the indictment of the ex-mayor was postponed until September 4.

In the cases of G. H. Umben, J. E. Green and W. I. Brobeck, charged with offering bribes, the seemingly personal difficulties with regard to the amended minutes covering the impanelment of the grand jury again cropped up. The defendants had previously moved that the indictments be set aside on the ground of the alleged invalidity of the actions of the inquisitorial body. W. Hoff Cook, assistant district attorney, yesterday had Judge Dunne vacate the motion submitting the demurrer, and then offered to introduce in evidence the corrected minutes relative to the discharge of the Brennan grand jury and to the impanelment of the present grand jury.

Attorneys for the defendants objected to the admission of this evidence, and after some argument Judge Dunne took the matter under advisement, stating that he would not decide it until the Supreme Court had ruled on the application for a writ of prohibition now before it. The cases were thereupon put over until September 5.

STOLYPIN DECORATED. ST. PETERSBURG, September 7.—The Czar has granted permission for Count Stolypin, the Prime Minister of Russia to accept and wear the decoration bestowed upon him by the Emperor of Japan.

REOPEN DOCKYARDS. ANTWERP, September 7.—Work has been resumed in the dockyards with four thousand strikebreakers.

ANTWERP, August 27.—The shippers have again refused to arbitrate their difference with the striking dockers, preferring to see the port ruined to yielding. Their federation has voted \$250,000 with which to resist the demands of the men and to import foreign laborers.

The English trades unions have telegraphed to the strikers that they will prevent the enlistment of British workmen for Antwerp. The strikers here are calm but their wives threaten the foreign dockers and the civic guard and troops are ready for trouble. The socialist leaders assert that an international federation of employers is fighting the international federation of workmen.

beautifying and cleansing skin, teeth and hair; a household remedy, for many of the minor ills that flesh is heir to and as a household article, familiar for taking out many kinds of spots and stains, it has few equals and no superiors.

For toning the system and purifying the blood (unless, for some special reason, the acid is directly forbidden) the lemon is more effective than any other of the natural foods. For a sluggish liver, which makes one as miserable physically and mentally as one can be and keep control of themselves, lemons furnish the most beneficial of acids. The juice of a lemon squeezed into a glass of water should be drunk as often as possible, especially when rising in the morning. Malaria, which is one of the results of a torpid liver, can often be routed by the Italian cure that is now used in the Roman malarial districts.

Scrub thoroughly the skin of a large juicy lemon, then slice thin, rind and all, and put into a saucapan, porcelain or enamel. Pour over it three cupsful cold water and cook until reduced into one cupful. Strain through a coarse bag of cotton or linen so that the pulp and rind may exude with the juice. Cool and drink, meantime fasting. This should be kept up for several days continuously.

Rubbing slices of lemon on the back of the neck and temples will cure some kinds of headache, and the juice of a lemon squeezed into a small cup of strong black coffee (no sugar) will often cure or prevent bilious headache.

"AT a tea," said a Washington woman, "the late Julia Magruder told us a story about a little girl whom she once took out to luncheon.

"At the luncheon's end Miss Magruder handed her waiter \$20 bill, and the man brought back on a plate a great mound of greenbacks and silver.

"The little girl looked at the huge mound of change longingly.

"If you please, Miss Magruder," she said, "I'll have a plate of that, too."

GREETING SECRETARY TAFT. PORTLAND, September 7.—Secretary of War Taft, who is on his way to the Philippines, arrived here yesterday. He was given a great reception by the citizens. Fine Job Printing, Star Office.

Century Cameras

For the first time in Honolulu you have the opportunity to buy the famous Century Camera.

Century Cameras embody more improvements than any other plate camera. There are no exceptions. One of its principal features is the revolving back, which enables the photographer to decide instantly just how he wishes to make the picture, as the reflected image can be viewed on the ground glass, either vertical or horizontal, without detaching the back or moving the camera.

There are many other improvements equally as desirable. To see a "Century" is to want one. We will be pleased to explain to you every detail.

San Francisco Quarantines

San Francisco is now in the throes of a quarantine, which promises to cause a great deal of trouble and expense, and Seattle and other coast cities are having a lot of stir about rats and plague germs. Yet there is no showing that the disease is spreading to any serious extent in San Francisco. There is no sign that the doctors there cannot control and confine it just as the health authorities here have done for years. The final result will be a lesson which Washington will learn, and it will bring about a reform in quarantine rules. San Francisco will probably drag along for years more, with odd cases of plague, and when she finds that the disease does not spread and is not dangerous, she will make a protest against quarantine inconveniences and expenses which will be heard at the national capitol.
Local physicians are quoted as having said, in possible reply to The Star's remarks about the quarantines, that it is not for Honolulu to presume that it can teach the high officials of the federal government what the rules of quarantine ought to be. The fact is, however, that this exactly what local health officials are especially fitted to discuss authoritatively, and with reference to plague our doctors as a rule know far more than those of the Mainland, most of whom never saw a case. A few years ago a federal quarantine officer started to shut San Francisco in, because of a plague case or two, and there was a storm of public objection which overrode even the federal quarantine service. The officer was transferred to another post and the plague was ignored. Within the past few weeks there have been a few more cases than usual, and quarantine precautions, very properly, are being increased. But it is safe to predict that San Francisco will not stand any long-continued shutting in because of a disease which it is fair to say is mildly endemic there, but is not a cause of widespread sickness or a large death roll.

Exceeds The Deadnought

The great nations have adopted a policy of very careful secrecy in building war vessels. Not long ago Great Britain launched two supposed cruisers and the world found out that they were battleships. Japan has ship yards working day and night, and the most profound secrecy is maintained as to just what they are doing. Lloyd's Weekly of London announces the launching of a bigger vessel than the Deadnought, which was ready for launching before anyone, except perhaps spies, knew anything about it: "Great secrecy is being observed as to the ship's design, and the improvements that have been made in her case upon the Deadnought. The war-ship is to be 460 feet long and 82 feet wide. Her displacement is 18,600 tons, 4,700 more than the Deadnought.
"Turbine engines of 23,000 horse-power will give her a speed of twenty-one knots. She will carry ten twelve-inch guns in pairs, in five barbettes, and one improvement on the Deadnought will be the raising of the center barbettes of the middle line to give over the stern barrette, thus allowing a stern fire from eight guns.
"For defense against destroyers and other mosquito craft, twelve-pounders, as in the Deadnought, have been abandoned, and four-inch guns substituted. This comes of experience gathered by the naval constructors in the war between Russia and Japan.
"Sir Philip Watts, Director of Naval Construction, designed the Bellerophon."

The Big Fleet's Call Here

The cable from New York, giving the battleships' route homeward bound, or Atlantic bound, is the first definite statement received that the fleet will actually visit Hawaii in all its strength. Honolulu has been a good deal mentioned as a possible headquarters and calling place, but not before with any certain plan of calling. The mention has rather been by press correspondents who drew the conclusion, as a matter of course, that the fleet would visit here. Some have stated that the cruisers would make headquarters here.
The news that the fleet is to return by way of Honolulu and the Far East, makes it certain that we shall see a grand assemblage of war vessels. Sixteen great battleships in and outside of our harbor will constitute a spectacle of the most inspiring nature. No fleet anything like so large or strong has ever been in these waters. No fleet so large has ever undertaken such a trip as this one is to make. It is the biggest naval demonstration in history. The coaling and provisioning of the vessels on such a trip constitute a task of warlike proportions and make Russia's achievement with the unlucky Rojstvensky fleet insignificant.
Honolulu will have to make a lot of preparation for such a fleet. Sixteen battleships will want an enormous quantity of fresh supplies of all sorts. They will want thousands of tons of coal and may want some repairs. Upon a satisfactory management of the matter of supplying all these needs here depends to some extent our chance of having more frequent visits from war vessels. If it is found that we can look after them well, so much the better will our chances be of having them call oftener, and of course we all like to see as much of them as possible.

Law To Stop Flirting

New things in legislation are constantly cropping up in our glorious country. A very interesting and amusing volume might be made of the freak laws and ordinances passed in various sections of the land. Among them, the following, just made law by the signature of the mayor of a South Dakota town, would have a prominent place: "Be it ordained by the city council of the City of Highmore, Hyde county, South Dakota: It shall be unlawful for persons to assemble on the steps of any church, or other

Tales Worth Telling

ALL WITH HAM.

John Sharp Williams, at the end of his recent debate with Gov. Vardaman "There is a decent and noble pride," said Mr. Williams, "and there is a pride that is mean and ludicrous. An aged citizen of Yazoo tells of an old woman whose pride was of the latter sort.
"This old woman lived in Yorkshire. There was a funeral one day in the next village. She did not attend it, but a neighbor of hers was there. That night she called on the neighbor and said:
"Well, Nancy, I hear you wor at t' funeral."
"Yes, I wor," Nancy replied.
"What kind of a funeral wor it?"
"Nancy sniffed.
"Why, it wor a verry mean affair, she said 'There wor nobbut a few biscuit an' sich."
"Ah," said the other old woman, "them's the sort of ways I don't hold to. I've lost five, but, thank 'evins, I've buried 'em all with 'am.'"

A GOOD TRAIT.

Admiral Dewey praised at a dinner in Richfield Springs a certain successful business man.
"Part of his success," said Admiral Dewey "comes from his neat way of getting people to do what he wants them to."
"They say that when, as a young fellow of twenty-two, he first opened a little trimming store, he showed this trait—this nice governing managing trait—very strongly.
"Thus, if you went in his tiny emporium and asked him if he would change a quarter or a half-dollar for you, he would reply, with a courteous smile:
"Certainly, madam; and how will you have it? Buttons, ribbons, lace or insertion?"

A PARDONABLE FAULT.

Dr. Edward Evert Hale, discussing a rather funny attack that had been made on certain recent statements, smiled and said:
"But who or what is blameless? It is like the case of the Scottish hen.
"An old Scottish woman wished to sell a hen to a neighbor.
"But tell me," the neighbor said, "is she a' thegither a guid bird? Has she got nae fauts, nae fauts at all?"
"Aweel, Margot!" the other old woman admitted, "she has got one faut. She will lay on the Lord's day."

AN AWKWARD DODGE.

Milton D. Purdy of the Department of Justice said in Washington of a rumor brought to him for confirmation by a reporter:
"This rumor springs from ignorance, crass ignorance of the law. I am surprised that you should have credited it.
"The originator of that rumor is as plainly ignorant of the law as a certain schoolboy was of French.
"This boy's father said to him one night at dinner:
"Well, how are you getting on with your French, my son?"
"Very well, thank you, sir," the lad replied.
"The father beamed with pleasure.
"Ask politely in French for some peas," he said.
"There was an awkward pause. Then
"But father," said the boy, "I don't want any peas."

HIS NAME.

"Mother," said a college student who had brought his chum home for the holidays, "permit me to present my friend, Mr. Specknoodle."
His mother, who was a little hard of hearing, placed her hand to her ear.
"I'm sorry, George, but I didn't quite catch your friend's name. You'll have to speak a little louder, I'm afraid."
"I say, mother," shouted George, "I want to present my friend, Mr. Specknoodle."
"I'm sorry, George, but Mr. Specknoodle?"
"What was the name?"
"Mr. Specknoodle!" George fairly yelled.
The old lady shook her head sadly.
"I'm sorry, George, but I'm afraid it's no use. It sounds just like Specknoodle to me."—Everybody's Magazine.

public building, in the doorways or halls of any store, or place not their own, for the purpose of visiting, eating candy, peanuts or the like; or in a street, alley or vacant lot, or other obscure place, particularly male and female persons, for the purpose of flirtation, in the evening time.
"It shall be unlawful for parents, guardians, or other persons having minors under their care and control, to knowingly permit any violation of this ordinance by such minors.
"It shall be the duty of the chief of police to cause the arrest of all violators of the aforesaid provisions, and for the first offense (in case of minors) to at once return them to their respective parents or guardians, and report where found, in company with whom, and all the facts and circumstances. And in case of subsequent violation by said minors (or in the first place if such minors be of age) to make complaint before the police court, and, upon conviction, such person or persons shall be punished as provided by general ordinance."

Half-sick People

SHERWIN-WILLIAMS STRICTLY PURE LINSEED OIL

We are now able to offer the trade the same high quality linseed oil as is used in the Sherwin-Williams Paints and Varnishes. The ordinary linseed oil of commerce was not good enough for their products. Before they made it in their own mills, they took the oil and by special processes removed impurities and aged it. Now, starting with the best Northwestern flaxseed, cleaning it carefully and employing processes which give Best Quality Oil, not the most per bushel, nor in the shortest time, they make a product which is very much superior to oil that can be secured in any other way. It is pure, brilliant and well aged.
With increased facilities a limited quantity is offered the trade. The largest part is used in S-W. Paints and Varnishes. Ask us about SHERWIN-WILLIAMS STRICTLY PURE RAW LINSEED OIL, SHERWIN-WILLIAMS STRICTLY PURE KETTLE BOILED LINSEED OIL.

BY AUTHORITY

NOTICE OF SALE OF GENERAL LEASES OF AGRICULTURAL AND PASTORAL LAND IN KAU, HAWAII.

At 12 o'clock noon, Monday, September 30, 1907, at the front entrance of the Judiciary Building, Honolulu, there will be sold at public auction under provisions of Part V, Land Act 1895, (Section 278-285 inclusive, Revised Laws of Hawaii) General Leases of the following described lands:

(1) 344.0 acres more or less of the land of Wailau, Kau, Hawaii, to be used for pastoral purposes. Term of lease, twenty-one years from September 30, 1907. Upset rental, \$70.00 per annum, payable semi-annually in advance.

(2) 72,850.0 acres, more or less, of the land of Kapapala, Kau, Hawaii, to be used for pastoral purposes. Term of lease, twenty-one years from July 1, 1908. Upset rental, \$3500.00 per annum, payable semi-annually in advance.

All of the above lease will contain provisions regarding fencing of boundaries and protection of abutting forest reserves.

The government reserves the right to resume possession at any time of such portion or portions of the above described lands as may be required for public purposes or for settlement purposes, under Sections 4 and 7, Land Act 1895.

(3) 635.0 acres, more or less, of agricultural land, together with 108.5 acres, more or less, of the pastoral land of Kapapala, Kau, Hawaii. Term of lease, five years from July 1, 1908. Upset rental \$1950.00 per annum, payable semi-annually in advance.

(4) 575.0 acres, more or less, agricultural land, together with 328.0 acres more or less, of the pastoral land of Mokoia, Kau, Hawaii. Term of lease, five years from June 4, 1908. Upset rental, \$2050.00 per annum, payable semi-annually in advance.

The latter two leases will contain provisions regarding fencing of boundaries and protection of abutting forest reserves, and will also reserve to the government, the right to resume possession at any time of such portion or portions as may be required for public purposes or for settlement purposes, under Sections 4 and 7, Land Act 1895.

For plans and full particulars regarding reservation, fencing, etc., apply at the office of the undersigned at the Judiciary Building, Honolulu.

JAS. W. PRATT,
Commissioner of Public Lands,
Honolulu, August 9, 1907.

Ms—Aug 10, 17, 24, 31, Sep. 7, 14, 21, 28.

Miss-fortune occasionally comes to a man on his wedding day, but he doesn't seem to mind it a bit.

HAWAII SHAKE-UP THURSDAY CHILDREN CAN VISIT WARSHIPS

HILO AND OTHER PARTS OF THE BIG ISLAND WERE GIVEN HEAVY JAR.

With a whirl, as of the wind rushing through a forest, and a rumbling roar as of a great wave approaching, Hilo on the evening of Thursday last was stirred to the sense of one of the most noticeable quivers of the earth it has felt in many years. About eight minutes before seven o'clock the first shock of earthquake was felt and for several minutes thereafter a succession of violent tremors was felt by all the people of the town. Hamakua also felt the quakes, but they did not come as so much of a surprise to Hamakua folks, for they have been experiencing shakes every now and then for weeks past. But that of Thursday night was the heaviest of them all.

At Demosthenes' cafe, Hilo, Clifford Charlock, of Honolulu, and several others were dining at the time of the earthquake. Charlock returned to Honolulu in the S. S. Kinaiu this morning.

"We did not know what it was at first," he said, telling the story to a representative of The Star, "and it came with a sound like the approach of a great wave, preceded by a whirring noise. I wondered if it could be an earthquake and in a moment realized it could be nothing else, for the building trembled violently. First a quick shake and then sustained and violent vibrations for several seconds; then a just perceptible pause and another quick quiver or two, followed by more sustained vibrations for several seconds. I don't know how long; and so it kept up for several minutes, perhaps three or four minutes altogether, perhaps longer."

Purser George C. Beckley of the S. S. Kinaiu states that the vessel was lying at her wharf in Hilo at the time of the earthquake. "The wharf trembled as if it was going to pieces," said Beckley this morning "and the Kinaiu vibrated as if her engines were racing and she jumped around for a moment. We knew what it was, all right, but it was one of the heaviest shocks I've ever felt."

"Naturally people on Hawaii are now looking to the volcano to do something. Pele is moving in her bed when the earth shakes as it did Thursday night and she must be rousing for a fire dance on the hill-top."

"You don't get shakes on Oahu that we do on Hawaii," said a Kinaiu passenger to the reporter, "and if you had a quiver in Honolulu like that we felt on Thursday night in Hilo you'd feel like getting out of town; you see we get used to them and we know Pele is a good old girl and will keep us out of trouble."

The shock felt in Hilo was also felt on Oahu, but slightly. Many people noticed it in this city. Four people at one table in Scotty's cafe about 7 o'clock last Thursday night were interrupted in their conversation by a very decided swaying motion of the foundations. A lady and three gentlemen were at the table. "Are you shaking the table?" asked the lady of one of the men. "I am not," was the answer, "it feels like a heavily-loaded drag passing." "It is an earthquake," said another, decidedly "and it must be heavy on Hawaii."

There were many questions put in Honolulu Thursday night, one asking another if he had felt the quake, but little attention was given the matter and little interest excited. The baby shakes in Oahu are but the echoes of greater tremors elsewhere and the volcano is the safety valve of the islands, very decided quakes generally giving promise of some glorious exhibition at the volcano.

People arriving from the Big Island in the Kinaiu this morning are full of the story of the earthquake and many declare that they wish now they had remained on Hawaii to witness what they are pleased to expect in the way of a free show by the Goddess of Fire on her exalted altar.

Fine Job Printing, Star Office.

ADMIRAL DAYTON GRANTS PERMISSION FOR A TREAT FOR PUBLIC SCHOOL PUPILS.

Through the courtesy of Admiral Dayton of the Pacific fleet of the United States, and in direct charge at the present time of the squadron of four big cruisers now in Honolulu harbor, the children of the public schools of the city are to be permitted to make a minute inspection of the great fighting machines some day next week.

Superintendent W. H. Babbitt, of the Board of Education called on the Admiral this morning, and as the result of his visit was advised that the children will be welcomed and notification of the time and hour for the event will be made early next week.

The courtesy of the Admiral is much appreciated by Superintendent Babbitt and all the members of the board, as the visit to the cruisers will in itself be almost a liberal education to the children.

The Board has made a number of appointments today to fill a few remaining vacancies in the list of teachers for some of the schools. These appointments, however, are only tentative and may be changed later.

In the Central Grammar school: Miss Loomis has been advanced to the 7th Grade to take the place of Miss Galt, who goes to Punene, as principal.

Miss Jane Winney and Miss Ellen Bicknell, 6th Grade.

Miss Eleanor B. Wirt, will however substitute for Miss Bicknell during the fall term.

Mrs. H. E. Bergstrom, 5th Grade.
Mrs. J. R. Bergstrom and Miss Anna Deah, 4th Grade. Mrs. Gregory will substitute for Mrs. Bergstrom during the fall term.

Miss Alice Green, 3rd Grade.
Mrs. F. W. Carter, 2nd Grade.
Miss Gladys Ricard, 1st Grade.
Mrs. S. S. Green, receiving grade.

CURRIER'S CAPTAIN NOT TO BLAME

LOSS OF THE SHIP IN ALASKA WAS IN A VERY DANGEROUS PLACE.

SEATTLE, August 26.—Capt. H. De Guelder, of the bark Guy C. Goss, was in company with the ship John Currier when that vessel left Nushagak shortly before she was lost in Alaska last week. Captain De Guelder states that the wreck was one liable to happen to any master during this time of the year in far Northern waters, and thinks Capt. Murchison exempt from any blame.

"The point where the Currier went ashore," said Capt. De Guelder yesterday, "is a low, projecting stretch of land, and almost invariably hidden by fog at this time of the year. The vegetation is scraggy and low and there is nothing to distinguish the place from open water at night or in thick weather."

"The navigation of this piece of water is intricate work, especially when the weather conditions such as we met on our trip south prevail. Capt. Murchison is an experienced master and an expert navigator. I have no doubt that he went ashore in a fog, probably without a chance to make a reckoning for a long time. I navigated the Goss for days by deadreckoning at this time. The Currier left Nushagak a day ahead of us on the trip north, and we were in company with her for a time on the trip south from Nushagak, both vessels leaving at the same time."

Officers of the Goss state that the spot where the Currier went ashore is a bad place for a wreck. Bold water and steep bluffs will play havoc with any helpless vessel at that place, they say.

The revenue cutter Manning has

CAUGHT BY THE GRIP-- RELEASED BY PE-RU-NA.

La Grippe Is Epidemic Catarrh.

THE disease now known as 'grip' used to be called 'influenza.' It very closely resembles a cold, but is more tenacious in its hold upon the system and produces more profound disturbances.

Grip is in reality epidemic catarrh. When it once begins it spreads over the country very rapidly. People do not catch the grip from each other, but each one catches it from the atmosphere.

"Most Effective Medicine Ever Tried for La Grippe."

Robt. L. Madison, A. M., Principal of Cullowhee High School, Painter, N. C., is chairman of the Jackson County Board of Education.

He is a writer of occasional verse and has contributed to a number of leading papers and magazines,—religious, educational and secular.

In speaking of Peru-na, Mr. Madison says: "I am hardly ever without Peru-na in my home. It is the most effective medicine that I have ever tried for la grippe."

"It also cured my wife of nasal catarrh. Her condition at one time was such that she could not at night breathe through her nostrils. "In consequence, an inflamed condition of the throat was brought about, getting worse and worse and yielding to no remedy until Peru-na was tried."

Healthy Mucous Membranes. Those who are fortunate enough to have perfectly healthy mucous membranes ordinarily do not catch the grip.

The mucous membranes lining the nose, throat and lungs, when in a normal state, are an effective barrier against the invasion of grip.

But, if there happens to be the slightest catarrhal derangement of the mucous membranes, then the victim becomes an easier prey to the grip.

This in part explains why some people get the grip, while others do not. The rational thing to do is to keep the system free from catarrh. In attempting to do this most people have found Peru-na to be invaluable.

Systemic Catarrh, the Result of La Grippe. Pe-ru-na Receives Credit for Present Good Health.

Mrs. Jennie W. Gilmore, Box 44, White Oak, Ind. Ter., formerly Housekeeper for Indiana Reform School for Boys, writes: "Six years ago I had la grippe, which was followed by systemic catarrh."

"The only thing I used was Peru-na and Manalin, and I have been in better health the last three years than for years before."

"I give Peru-na all the credit for my good health."

Ask your druggist for a copy of our booklet "The Ibs of Life," giving instructions covering the most effective use of Peru-na. Peru-na is for sale by all chemists and druggists. The following wholesale druggists will supply the retail trade in Honolulu, Hawaii: Benson, Smith & Co., Honolulu Drug Co. and Hobron Drug Co.

NEW ADVERTISEMENTS

HOLIDAY NOTICE.
All Territorial Offices will be closed on Saturday, September 21st, Regatta Day, which is a legal holiday.

E. A. MOTT-SMITH,
Secretary of Hawaii.

The Executive Building, Honolulu, September 6, 1907.

Notice.
The business office of the Union Express Company on Monday, September 9, and thereafter, will be located at Pacific Transfer Company, King street, near Fort; Telephone 58. The new company will be known as the Union-Pacific Transfer Company, Limited; A. D. Scroggy, manager.

Honolulu, Sept. 7, 1907.

IN THE DISTRICT COURT OF THE UNITED STATES FOR THE TERRITORY OF HAWAII.

In the Matter of Hee Leong, Bankrupt. In Bankruptcy, No. 151.

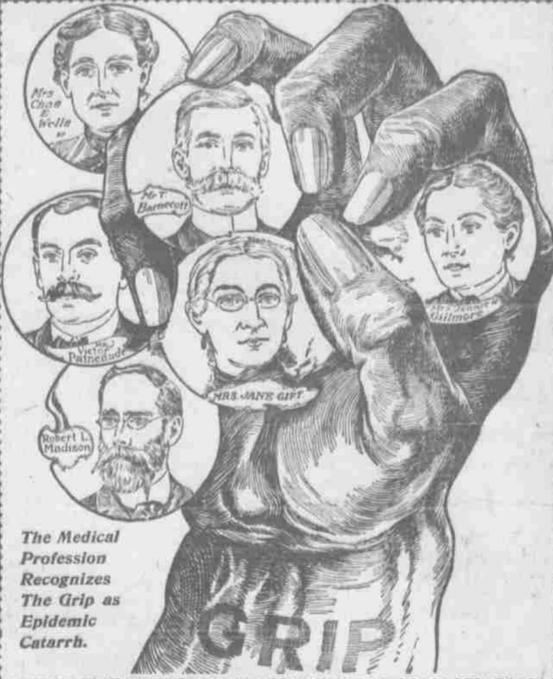

To the creditors of Hee Leong of Honolulu County of Oahu, and Territory aforesaid, a bankrupt. Notice is hereby given that on the 3rd day of September, A. D. 1907, the said Hee Leong was duly adjudicated a bankrupt; and that the first meeting of his creditors will be held at my office, 204 Judd building, Honolulu, on the 18th day of September, A. D. 1907, at 4 o'clock p. m., at which time the said creditors may attend, prove their claims, examine the bankrupt, appoint a trustee and transact such other business as may properly come before said meeting.

ALFRED T. BROCK,
Referee in Bankruptcy,
Honolulu, September 7, 1907.

NOTICE OF STOCKHOLDERS MEETING.
Notice is hereby given that pursuant to the request of stockholders representing twenty shares and more of the capital stock of the company hereinafter mentioned a special meeting of the stockholders of Hustace-Peck Company, Limited, will be held at No. 847 Kaahumanu Street, Honolulu, Territory of Hawaii, on Wednesday, the 11th day of September, 1907, at 1 p. m. of said day, for the purpose of confirming the actions of the Board of Directors, in disposing of the Expressage business, known as the

Hawaiian Lodge No. 21, F. & A. M.

There will be a special meeting of Hawaiian Lodge, No. 21 F. & A. M., at its hall, Masonic Temple, corner of Hotel and Alaieka streets THIS (SATURDAY) EVENING, September 7, 1907, at 7:30 o'clock. WORK IN THIRD DEGREE. Members of Pacific Lodge, Oceanic Lodge, and all visiting brethren, are fraternally invited to attend. By order of the W. M. K. R. G. WALLACE, Secretary.

The Medical Profession Recognizes The Grip as Epidemic Catarrh.

During an epidemic of grip Peru-na should be used. The doses recommended on the bottle are sufficient.

After the grip has once been acquired, Dr. Hartman recommends the use of Peru-na in teaspoonful doses every hour during the acute stage, after which the directions on the bottle should be followed.

Experience has shown that the people who use Peru-na as a remedy for grip generally recover sooner and are less liable to the distressing and long-continued after-effects of the grip.

When Peru-na has not been used during the course of the grip and the patient finds himself suffering from the after-effects of this disease, a course of Peru-na should be resorted to.

Suffered Twelve Years From After-Effects of La Grippe.

Mr. Victor Patneandé, 328 Madison St., Topeka, Kan., member of Knights and Ladies of Security, writes: "Twelve years ago I had a severe attack of la grippe and I never really recovered my health and strength—but grew weaker every year, until I was unable to work."

"Two years ago I began using Peru-na and it built up my strength so that in a couple of months I was able to go to work again."

"This winter I had another attack of la grippe, but Peru-na soon drove it out of my system. My wife and I consider Peru-na a household remedy."

Pneumonia Followed La Grippe.

Mr. T. Barnefoot, West Ayler, Ontario, Can., writes: "Last winter I was ill with pneumonia after having la grippe. I took Peru-na for two months, when I became quite well, and I can say that any one can be cured by it in a reasonable time at little expense."

Pe-ru-na—A Tonic After La Grippe.

Mrs. Chas. E. Wells, Sr., Delaware, Ohio, writes: "After a severe attack of la grippe, I took Peru-na and found it a very good tonic."

Mrs. Jane Giff, Athens, Ohio, writes: "Six years ago I had la grippe very bad. I read a testimonial of a woman who had been cured of grip by Peru-na. My husband bought me a bottle of Peru-na. I was soon able to do my work. I continued using it until I was cured."

Union Express of said Hustace-Peck Company, Ltd., to a new company to be known as the Union-Pacific Transfer Company, Limited.

SPORTS

BASEBALL GAMES WITH THE VISITORS

FOUR INTERESTING CONTESTS ON THE PROGRAM FOR THIS AFTERNOON AND TOMORROW.

Every baseball fan is looking forward to the games today and tomorrow between the local and the fleet teams.

The games this afternoon are the U. S. S. Maryland and the Saints and the U. S. S. Colorado and the Picked team. Tomorrow the Picked team will play the U. S. S. West Virginia and the Saints and the U. S. S. Pennsylvania.

Reuter and Jones will be the battery for the Picked team today, and Williams and Soares for the Saints. Tomorrow Bushnell and Soares will be the battery for the Saints, and Reuter or Hampton and Jones will act for the Picked team. The sailors of the fleet will be out in large numbers, and a large local crowd will no doubt be out to the four games.

PERFECT BABIES.

NEW YORK, August 28.—Dr. Asher Gluck, who has just come from Chicago to do the presswork for his new religion which concerns itself with the improvement and renovation of the human body, started today upon a campaign of education in Willett street.

One of the tenets of the creed of Dr. Gluck—called by himself and twenty-nine faithful followers of his banner, "the chief architect of the new religion," is that children should be as perfect as possible. Dr. Gluck explained today that it is in bringing perfect children into the world that his religion merits the most glowing encomiums. Harken to the doctor: "I will wager any sum from \$10,000 to \$30,000," he says, "that healthy men and women who live perfect lives according to my direction, may have perfect children that can talk at birth, have adult brains and stature at the age of five years and be geniuses in any line that the parents shall predetermine. I'll even promise that the child will never die."

they left the Seaside to serenade the popular commander. Among those present were Mr. and Mrs. Frederick J. Church, Mrs. Emmet May, Miss Roth, Paymaster and Mrs. Brooke, Miss Harvey, Miss Falkenberg, Captain Quimby and the ward room officers of the Cincinnati.

Every room and every cottage at the Seaside is filled up and many people are on the waiting list.

A boy was given Tuesday evening at the Seaside in honor of Admiral Dayton and officers of the Big Four. The band of the West Virginia played during the intermissions. This naval band is an excellent one, and afforded great pleasure.

Owing to the request of several officers of the fleet the Polo masquerade ball at the Seaside will be postponed until the 18th, the night before the fleet sails. This will be welcome news for many townfolks whose costumes have not been completed.

The officers of the "Big Four" have made the Seaside headquarters, taking every vacant room and cottage in the place. Among those who are living at the "Army and Navy" hotel are Major and Mrs. Meyers, Captain and Mrs. Price, Lieutenant and Mrs. Jackson and Lieutenant and Mrs. Gelm.

Sunday was exceedingly gay at the Seaside and in the evening several of the jacksies from the Cincinnati sang the quintette club accompanying.

Princess Kawannakoa sailed on the Korea with her sisters Muriel and Beatrice Campbell. The girls are to remain away for some years to attend a fashionable school in the East.

Mrs. William G. Irwin, Miss Helene Irwin and Miss Margaret Hyde-Smith, who have been spending the summer at their Hawaiian home, returned to the coast yesterday.

Mr. and Mrs. Francis M. Hatch and children left on the Korea for Washington, D. C.

Among the many people sailing for the coast by the Korea were the Swansys, the Galts, A. Lewis Jr. and wife, Mr. and Mrs. A. J. Campbell, and the Willard Browns.

Miss Georgie Spelker a well known society girl of San Francisco arrived on the Sierra last week. Miss Spelker visited the islands a few years ago when she came here to be a bridesmaid for Miss Rice of Kauai who married one of the Scotts of San Francisco.

Mrs. and Mrs. Fred W. Carter returned by the Hiltonian from a stay of over a year in California.

SOCIAL EVENTS OF THE WEEK

Will Become A Roman Duchess

Miss Mary Elsie Moore, daughter of Charles Arthur Moore, president of the American Protective Tariff League, whose home is in New York, is to marry the Duke Marino Torlonia, of Rome.

Among the passengers who arrived by the Korea was Mrs. Myers, wife of Major John T. Myers, the marine officer of the cruiser squadron now in this harbor.

Miss Lucas, who with Miss Blair, will have charge of the Dodge's school this year, returned by the Sierra last Saturday from a vacation spent in the Santa Cruz mountains.

Mrs. L. Dee with her two daughters, Mamie and Norah, departed on the Sierra for the Coast, where she will join her husband, who is engaged with one of the large hotels of San Francisco.

A very pretty wedding was that of Miss Alice Egerton Shipman and the Rev. William Edward Potwine, which occurred at 8 o'clock Thursday evening in St. Andrew's Cathedral. The ceremony was performed by the Rt. Rev. Henry Bond Restarick.

The cathedral had been simply decorated for the event, and was well filled with friends of the two young people who extended to them the heartiest well wishes and congratulations.

During the services Mr. R. Rudland Bode, organist of the cathedral, played softly on the great pipe organ, and the service opened and closed with music by the vested choir.

The wedding ceremony was according to the impressive service of the Protestant Episcopal Church. The groom was attended by the Rev. Albert L. Hall, of the Island School, as best man, while the bride's maid was Miss Pearlie Willis.

The bride wore a beautiful crepe de chine gown over white silk, and wore a bridal veil.

The bridesmaid was dressed in pale green over white silk.

After the ceremony the young couple were tendered a reception at the home of Bishop and Mrs. Restarick on Emma Square, which was very largely attended.

A large number of valuable presents attested to the esteem in which both of the young folks are held. After the reception the bridal couple were driven to the Tantalus summer home of T. Clive Davies where they will spend their honeymoon.

Society always feels the stimulus of renewed activity when one of Uncle Sam's warships is at anchor in port. With four here as at present, and for a two week's stay, the effect is very noticeable. A hundred or more handsome and polished officers of the Navy are no small acquisition, and although there have not been any very large affairs given thus far, they have added greatly to the pleasure of a number of small dinners and dances.

A special concert will be given at the Seaside Sunday afternoon and evening in honor of Admiral Dayton and the officers of the fleet.

Miss Carrie Hart, a well known young lady of Long Beach is organizing a party of ladies and gentlemen for a trip to the Hawaiian Islands, to sail some time in October. The voyage will be made under Miss Hart's personal supervision.—Salt Lake Tribune.

Mrs. S. C. Allen, who has been visiting on Hawaii, returned by the Mauna Loa yesterday.

Mr. and Mrs. Willard E. Brown left yesterday for the Coast. The trip is purely one of pleasure and recreation. They will be gone for about six weeks.

Among the school teachers who returned by the Hiltonian were Mrs. S. E. Greene, Miss Margaret Loomis, H. M. Wells, Miss Mildred Yoder, Miss May Paty.

Last Saturday Mr. and Mrs. F. J. Lowrey gave a week-end party at their country place in Nuuanu valley. It was a farewell for their son Sherwood who returned to Boston on the Korea.

Miss Nellie Alexander celebrated her birthday last Sunday at Manoa and gave a large picnic. The beauties of the Boyd place are famed and the natural pool makes it one of the most attractive summer places.

Mr. and Mrs. W. T. Rawlins will shortly return from the coast and will take cottage at Seaside.

Miss Beatrice Castle and Miss Linda Schaefer gave a canoeing party on Wednesday and entertained the younger set.

The last dance of the summer for the college boys and girls was given by Herbert Dowsett on Wednesday evening. It was attended by all the younger crowd and a prettier dance hasn't been given in a long time.

Rev. E. B. Turner has accepted the call to the Paia church, and left with his wife for his new post of duty this week.

Several of the officers now in port have found many old friends, and in consequence are doing a little entertaining.

Dancing is the order now at the Seaside almost every evening. Some one plays the piano and the floor is promptly filled with dancers.

The Longworths were lunched at the Naval Station just before their departure yesterday.

The Longworths dined en famille with the James Wilders on Thursday evening; there were also present Major J. T. Myers, Lieut. J. C. Fremont, Capt. J. F. Carter and A. L. C. Atkinson.

Miss Edna Gunn, who returned by the "Korea" yesterday, will enter the Boston Normal School of Gymnastics, taking a two year's course.

Mr. Harold Giffard is doing nicely after his operation and will soon be out.

Mrs. George R. Carter gave a charming luncheon on Tuesday at Kai-koo, beyond Diamond Head.

Mr. and Mrs. Edwin Paris are at the Manoa place of the Boyds.

Mr. and Mrs. Arthur Brown are at the American Sugar Co. on Moikoi.

Mrs. Alice Brown, who returned last week on the Sierra, tells of a delightful trip through Canada with Mrs. Wood.

Mrs. and Mrs. Tenney are enjoying the delights of a Stevens-Duryea.

A dance Thursday night at the Seaside was very largely attended. It lasted until 2:30 a. m. Nicholas Longworth led the quintette club the latter part of the evening.

Sunday evening Captain Jack Quimby gave a dinner on the U. S. S. Cincinnati that was exceptionally jolly, the Kaai Quintette club coming down after

SPORT NOTES.

Another baseball league has been started that is to be known as the "Valleyside" league and their future games will be played at Panoa park on Nuuanu street. The new league consists of the following teams, the first games to be played tomorrow: Kallihis, Buffalo Bills, Laimis, Lellehua Jrs., and the Auwaolilmas. The first game will start tomorrow afternoon at 1:45 between the Laimis and the Kallihis and the second game between the Buffalo Bills and the Lellehuas. Olmos one of the Diamond Head players is president of the new league.

The baseball teams of the Advertiser and the Post Office will play tomorrow morning at Kapiolani Park at ten thirty. The Advertiser team will be composed of the following players: L. Soares, captain; Al. Williams, M. Correa, H. Chillingworth, R. Chillingworth, D. Markham, J. Kupau, John Nanes, Che Bui, Paul Pereira, Manuel Rodriguez, Bill Williams and James Williams. The chances are in favor of the Advertiser team, as a number of the team are league players.

THE ATTACK ON THE LIQUOR LAW

TEST CASE ARGUMENT COMPLETED YESTERDAY AFTERNOON IN THE SUPREME COURT.

The test case of the constitutionality of the new liquor law under the title of the Territory vs. Jacintho Miguel, which was argued in the Supreme Court yesterday, was completed and submitted about 2:30 o'clock yesterday afternoon, and the Court adjourned until Monday morning.

The attack on the constitutionality of the act under which the License Commission had refused to issue Miguel, a Kakaako saloonkeeper a license, was made by T. M. Harrison. C. Peters defended the act in a strong argument and opinion differs as to what the decision of the court will be. The decision will be watched for with a good deal of interest and anxiety, as in the event of the law's being declared invalid, the whole license system put into force in the Territory since the first of July last, will collapse, and it would probably be necessary to call a special session of the Legislature to straighten out the tangle that would result.

HILO WHARF ITEM IS TURNED DOWN

GOVERNOR FREAR CUTS \$20,000 OUT OF PROPOSED LOAN—CAMPBELL STARTS.

Hilo will not get its new wharf for which the last Legislature authorized the issuing of Territorial bonds to the amount of \$20,000. Also the amount for the improvement of the waterworks at Kamuela, Hawaii, was cut down one third, making it \$1,000 instead of \$1,500.

These cuts were not entirely unexpected by those who have been watching the preparations for the bond issue, though some expected that there would be even more than this omitted. Governor Frear, however, declined to make known his intentions in the matter until everything had been fixed up yesterday afternoon, and Treasurer Campbell fairly on his mission. This silence on the part of Governor was probably good policy on his part for certain interests concerned in the Hilo harbor improvement would have been apt to have set up a lively protest had it been known before hand that this item was to be omitted.

For the most part, however, the loan will be negotiated exactly as was intended by the Legislature. The \$308,500 has been cut down to \$238,000, which provides undiminished for all the important projects contemplated. Of the amount to be realized, \$132,000 is set aside for the Nuuanu Dam work while \$110,000 will provide for various new school buildings in various parts of the Territory. This in each instance is the amount appropriated by the Legislature, as is also the \$45,000 to be raised for building a two-story shed over the new government wharf in Honolulu harbor. The other \$1,000 of the amount is for the Kamuela water works.

Governor Frear gives as his reason for not issuing bonds for the Hilo wharf, that the Federal harbor improvements which are to be commenced there soon may have the effect of making the wharf not desirable or wrongly located. The \$500 was cut off at Kamuela water works amount for the reason that it was believed that \$1,000 would be sufficient for the purpose. Besides as the bonds are to be issued in denominations of \$1,000 each it would be necessary to eliminate the odd \$500 somewhere.

Point San Pedro is on San Francisco bay, about six miles east of San Rafael, and is the largest shrimp fishing camp on the coast.

It was certainly a good messenger who brought the news to your house that Ayer's Sarsaparilla makes the blood "rich and red." This means so much to those who are thin, pale, feeble, weak, and nervous. After Ayer's Sarsaparilla has cured you, carry the glad message to a friend or neighbor.

AYER'S Sarsaparilla

is of the greatest use in such cases. Its purifying, strengthening, and up-building properties will be of inestimable value to you.

There are many imitations Sarsaparillas. Be sure you get "AYER'S."

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

LINOLEUM Lasts Longer

than painted or varnished floors and is far more satisfactory. Paint or varnish soon shows marks, where linoleum does not. Linoleum comes in beautiful fresh-painted or inlaid patterns and is easy to keep clean. Our linoleum is very thick and will wear for years. We have a large new stock now on hand and in vite inspection.

LAST FAREWELLS TO LONGWORTHS

A LIVELY SCENE AS THE KOREA LEFT THE WHARF AND STREAMED THROUGH THE HARBOR YESTERDAY AFTERNOON—THE "PRINCESS" AND THE CONGRESSMAN TOOK PLACES IN THE CONNING TOWER TO WAVE FINAL GOODBYES.

The scene at the departure of the Korea yesterday was one of the prettiest that has been here in many a day. Long before the hour of sailing the people began to arrive, and all lined up on the Ewa end of the dock to witness the arrival of Princess Alice and her faithful band of admirers. One would imagine that a Princess of Royal blood was expected instead of simply a President's daughter. In fact some of the good-byes were very much like the kind that are said to royalty. Some of the people bowed low and kissed her hand, while the majority of them simply said goodbye.

Several times the "all aboard" order had been given before they started to climb the gangway, which was at a rather sharp angle. The last good-byes were said and they started to go

aboard. Goodbye "Jack," goodbye "Harry," goodbye "Polly" and the others of the court were all mentioned. The dust of Honolulu had been shaken off and they boarded the ship and up to the upper deck on the starboard side just below the bridge.
The "Princess" covered with leis, stood and threw them down on the sad and unhappy court. Just before the order to lower the gangway had been given Nick and the charming Princess mounted the holy of holies, the navigating bridge, and stood there until the ship had started astern. Then they mounted the ladder leading to the conning compass stand and there took a position where they could see the crowd and be seen. The minute that the ship gained sternway the blue peter came down, and the Stars and Stripes was broken from the fore peak, an honor that is only supposed to be given when there is royalty or some high

which is the new order of Society proclaimed by the Longworths in addition to the famous "200" were late in reaching the ship. Alice was heard to remark many times that she was "delighted" with Honolulu and the Seaside, and several persons are talking of buying the Longworth cottage at the Seaside and forming a club to be known as the "X" Club in honor of the Longworths and leaving everything the same as they found it when the first farewells were said over the sparkling punch.
"We are coming back again some day, and hope you will all be here," was the last remark made by "Princess" Alice and her loving spouse. Several of the ladies of the court wore their hair yesterday the way Alice had worn it at night during her visit here, and it is bound to become "the thing" now to wear their hair "a la Alice."

BIG FLEET NECESSARY.
NEW YORK, August 27.—Congressman Roberts of Massachusetts, who with other members of the naval committee, is investigating the needs of the Brooklyn Navy yard, said the trip of the battleships via the Straits of Magellan is for tactical reasons alone. He said: "We all believe the Suez route is the easier and cheaper, but going by hard route will determine some of our needs in the Pacific, particularly in the matter of coaling stations and mainland."
Representative Foss, chairman of the committee, said the committee will probably ask Congress to authorize four more battleships, and added: "We may as well make up our minds now it is necessary to maintain a large fleet in the Pacific. Our interests are too great on that coast to do otherwise."

CONFESSED HIGHWAYMEN FREED.
MARYSVILLE, August 27.—William Harris, alias Blakeley, a negro, wanted in Arizona for highway robbery, and who confessed guilt after being arrested near Oroville, is free. Chief of Police Maben having received a telegram this afternoon saying Blakeley was no longer wanted, despite his confession. This morning habeas corpus proceedings were begun on his behalf by Attorney M. T. Brittan.
NEW YELLOW FEVER CASES.
WASHINGTON, August 27.—Yellow fever has not been stamped out in Cuba. Chief Surgeon Taylor of the army, in charge of the yellow fever fight at Cienfuegos, reported to the War Department today that five new cases had developed. The cases have broken out among citizens among the American troops. All the soldiers who were stricken are reported as convalescent.

TOWN TALK

By THE MAN ABOUT TOWN.

Governor Frear has a task on his hands when he crosses swords with "Col." Spaulding, of Keala. The "Colonel" is after government land and wants it cheap, as a matter of course; the governor wants to protect the people and there is where the battle commences. For many years Spaulding has had a snip; he has had control of valuable cane lands at a ridiculously low rental; the leases have expired or are about to expire and the "Colonel" snip is at an end and I hope Governor Frear will make him pay a good round figure for any land he may buy or lease. Under Carter's administration Spaulding, or men closely connected with him, made the statement that if the government did not provide acceptable leases for the Keala lands the plantation would be abandoned, the mill dismantled and sent to the Philippines. Of course, the statement was a bluff. No man was found who expressed regret at Spaulding's departure, on the other hand, I am told that when Carter and Spaulding met at the club, the governor shook hands with the Kanae "Colonel" and wished him a pleasant voyage. Spaulding and his mill are still with us.

Sheriff Rice of Kaula by his mysterious message to the High Sheriff telling the latter to come on the next steamer, reminds me of his last hurried telegram of the kind. Rice appears to be somewhat excitable as well as mysterious. In the former case a wireless announced a double murder on Kaula and Chester Doyle was hastily dispatched to the scene. Brown was sheriff then, and he awaited details with considerable interest. Doyle didn't find the double murder to have been much of a success. After landing he learned some new facts, and Brown got a wireless from him: "Murdered man not dead yet, other one recovering."

E. A. Mott-Smith, the new Secretary of the Territory, probably knows as much about the intricacies of the new liquor license act as any one in the islands, for the reason that he played no small part in drafting that much abused instrument, being at the time of its passage attorney for the Liquor Dealers' Association. He drafted one bill and helped to draft others, parts of which finally became incorporated in the one which was passed and became a law.
One draft of a section for the proposed law which he presented did not go through as returned from the stenographer, and in deference to the feelings of this same stenographer, who is employed in one of the offices of Capitol, the reason has up to this time been suppressed.
At the instance of Senator W. O. Smith, Mr. Mott-Smith turned to the stenographer and dictated his idea of the clause relating to the qualifications of the members of the Board of Liquor License Commissioners. It went something like this: "No person shall be a member who is or becomes engaged in any business for the sale or manufacture of intoxicating liquor, or who is or becomes a member, or identified with any temperance, anti-saloon organization, league, association, or propaganda."

When the transcripts were returned by the stenographer the clause read: "No person shall be a member who is or becomes engaged in any business for the sale or manufacture of intoxicating liquor, or who is or becomes a member, or identified with any temperance, anti-saloon organization, league, association, or with PAPA GANDALL."
"Papa" Gandall happened to be one of the venerable members of the upper house in the Legislature from Kaula, and he stood treat on the strength of the joke on himself.
Disguised as a tea-eddie I butted into a purple-tea party 't'other eve and found that the personnel of the pouring séance was made up exclusively of ladies not in Alice Longworth's "200."
In the midst of chocolate-eclairs and fudge a copy of The Star was propped against the hot-water tank and feminine heads were closed about it. They were reading the "list."
"There are 240 in the line-up," said Mrs. Nymphkins, wiping the crumbs of buttered-toast from as pretty a pair of gossipers as ever smiled at an enemy.
"Yes," hissed Miss Molly Coddie, "240 sounds like an afternoon train to Pearl City or a horse-race."
They devoured the list.
"Just imagine putting Jim Slickerson in the bunch," said little Miss Dignittie, "why he's just awful—he knows all the girls that we don't know. And here's Mr. Soanso whose wife just divorced him, and Mr. Whatshisname who drinks like an aquarium and—and—"
"Oh, let's forget it," cried Mrs. Phil Osofy, "it makes me think of a plate of assorted picnic sandwiches, some are the real cheese and others are the potted variety; some are the genuine ham and others are the deviled kind; some are imported sardines and another lot is smelt; its like anything else, there's generally a lump in the pol. There are as many good fish in the sea as Alice e'er caught in her net and she's no sister of Ike Walton, either."
"Oh, bother Alice's two-hundred," declared Miss Gibeon, "the squadron's in port."
Just then the Chinese boy handed the hostess a card. It bore the following legend: "Mr. and Mrs. Alice Roosevelt Longworth."
"Not at home," said she.

I have just been told by a friend of some remarkable experiments being undertaken in Kona. It seems that they are growing leed papayas,—at least so my informant says. He says that they have a Burbank up there who is a genius. "By injecting ammonia and other chemicals," he said "into the highly porous fibers of the Papaya trees and using a patent circulation-stimulator, he was able to cause a gathering of cracked ice in the centers of growing papayas. This is a great advantage, as the fruit is only good when cooled, and by use of this man's patent, fruit can be had cold and at the same time perfectly fresh, at a moment's notice. He is now at work on a plan to cause cube sugar to grow on Lahaina cane. But this is by no means the limit of his endeavors. You are acquainted with the breadfruit tree of course? Well, perhaps it sounds incredible, but in Kona these trees are producing the most delicious pineapple cake."
My friend went on to tell about irrigating with syrup of pineapple to breed a cakefruit tree, but I left him and bought a copy of Dr. Long's book, about the woodcock that set its own broken leg.

When the coast tusslers reach Honolulu they will teach the local players many things they ought to know. The Honolulu boys will find that the visitors will have uniforms from caps to shoes and that they will wear the uniforms; they will not go to their positions, some with wrong font shirts and others with disreputable-looking hats, a practice that some of the local players are guilty of. In justice to the people who pay to see ball games, the trustees of the grounds

Miss Helen Givvin, formerly stenog-
rapher in the office of Judd, Mott-
Smith, and Hemenway, has been ap-
pointed stenographer in the Chief
Clerk's office at the Executive Depart-
ment. She takes the place of John D.
Almoku, who has taken a position with
the Bishop Insurance Company.

By special request the Princess De-
ries will repeat her exhibition of an-
cient Hawaiian historical scenes on
Tuesday evening, September 10, at 8
o'clock p. m. Owing to the presence
of the fleet in port the exhibition will
also be repeated on Wednesday and
Thursday evenings, 11th and 12th, at
the same hour. Reserved seats, \$1;
75c. and 50c.

During the absence of Treasurer A.
J. Campbell on the coast, the duties of
the Treasurer's office will be performed
by the Registrar of Public Accounts,
Henry C. Hapal, who has been dele-
gated by Mr. Campbell to the place.
Provision for this was made by the
last legislature in the passage of Act
No. 103, which was designed to cover
just such an emergency.

Judge Lindsay yesterday entered a
nolle prosequi to the indictment against
Paulua Danson Kellett Jr., charged with
embezzling \$2344 from the estate of
Kan Yen, a minor, for whom he was
guardian. The nolle prosequi was
entered at request of County Attorney
J. W. Catheart, for the reason that the
amount of the defalcation has been
made good by the bondsmen of Kellett.
Kellett served a term for embezzlement
from the Barete estate.

SHIPPING INTELLIGENCE

ARRIVING.
Saturday, September 7.
U. S. A. transport Sherman, Bru-
guerre, from Manila, at channel wharf
at 12:30 p. m.

\$2500
will buy a fine home.
Easy terms.

TRENTTRUSTCO

**SHERMAN WAS
IN A TYPHOON**

Bucking a typhoon for nearly a
week the United States Army trans-
port Sherman, from Manila, was delay-
ed over two days in making Honolulu.
She was sighted off Barber's point at
10:50 o'clock this morning and at
12:20 o'clock this afternoon she was
alongside the channel wharf, high out
of the water, looking in no shape to
withstand the blow through which
she went, for her towering hull must
have been a great temptation to the
tidy little typhoon that smashed in
weather doors on deck, whipped great
seas over her port quarter and carried
away loose deck gear like so much
sawdust off a terrier's back.
But she stood it and stood it well
and not a life was lost, nor a limb
broken. She was handled as Uncle
Sam's troopships are generally handled,
right up to the handle. It cost the
army a little something extra for coal
and it also cost considerable anxiety
to her passengers some of whom were
rendered unusually sick by the strenu-
ous gyrations of the big transport. In

their crowded quarters the soldiers of
the Sixteenth Infantry did not find it
very comfortable in the steady blow,
but they did not complain.
There are aboard the Sherman 23
stragglers from the Big Four squad-
ron, picked up in Manila and brought
here to join the West Virginia, Penn-
sylvania, Maryland and Colorado.
The Sherman sails for San Francisco
at 5 p. m. tomorrow and in the mean-
while her troops are ashore.
The Sherman carried a record list.
She has 101 in her first cabin, officers
and their families, and 59 in her sec-
ond cabin; in the steerage there are,
all told, 1,123, including 599 enlisted
men of the Sixteenth Infantry and 164
enlisted men of Company A. and B.
of the first battalion of Engineers.
Colonel C. Gardner is in command of
the troops.
William C. Kent, private of Co. F,
of the Sixteenth, who was being trans-
ferred because of insanity, committed
suicide by jumping through an open
port in the hospital department at 4:30
a. m. of August 20.

**MARINE NEWS TO
GO BY WIRELESS**

HYDROGRAPHIC OFFICE ARRANGE
TO SCATTER BROADCAST INFOR-
MATION.

SAN FRANCISCO, August 21.—The
navy department has officially recog-
nized the adoption of wireless tele-
graphy in the merchant marine and
hereafter the hydrographic office here
will furnish daily to all wireless sta-
tions on the Pacific seaboard the latest
information relating to the presence
of dangerous obstructions to naviga-
tion. This information will be trans-
mitted to vessels at sea.

The messages will be sent broadcast
to every lighthouse and every vessel
within range that is provided with
wireless. The information will be sup-
plied to any vessel sending in a wire-
less request and these messages will
take precedence over ordinary business.
There are at present stations at Ta-
toosh, North Head, Table Bluff, Faral-
ton Islands, Point Augusto and Point
Loma. A station at Sitka will be es-
tablished soon. The steamer Presi-
dent is now the only merchantman on
this coast that is equipped with wire-
less, but in a few months a large fleet
will be similarly equipped.

**BIG DAY FOR
GOLF TO-MORROW**

THE BIGGEST LOCAL TOURNA-
MENT IS TO START AT TEN
O'CLOCK.

Everything is ready for what prom-
ises to be one of the greatest plays in
the history of golf in these islands.
Tomorrow morning at 10 o'clock the
first team in the Championship tourna-
ment will start out for the 36 holes
that will count so much to every one.
Only sixteen can qualify. The course
is in the best of condition and some
good scores ought to be made. The
tournament is open for every player in
the Hawaiian Islands, whether mem-
bers of the Country Club or not. Ev-
ery player should be on the grounds
not later than 9:30 so the drawings
can be made before hand, so that the
first pair can start promptly at 10.

JAP TEAM COMING

News has just been received from
Japan that the Kasada University base
ball team are coming to the United
States in April of this coming year,
and will stop off here for one steamer,
and while here will play a series of
games with the different teams here
in the islands. This team is one of
the teams that the Saints will play
when they make their trip to Japan.
Word is expected any day now from
Japan and it is very probable that the
team will leave on the Hongkong Maru
about the 19th of this month.

CENTRAL UNION CHURCH.

Rev. Charles R. Hyde, L.L.B., will
preach both morning and evening, 11
a. m. subject, "The Enforced Cross."
Mrs. Mackall will sing a solo: "Lead
Kindly Light," by Sheppard. 7:30 p.
m. subject: "The Influence of True
Religion Upon the Nation." Mrs. Mac-
kall will sing a solo, "I Will Lift Up
Mine Eyes," by Frey. 6:30 p. m.,
Christian Endeavor meeting. Subject:
"God's Omnipotence." Leader, Miss
May Paty. 9:45 a. m., Bible school.
A cordial invitation is extended to
the public to attend these services.

**STAY FOR
REGATTA**

A GOOD CHANCE THAT BIG CRUI-
SERS WILL REMAIN UNTIL SEP-
TEMBER 31.

A committee of the Hawaiian Row-
ing Association will call on Admiral
Dayton on Monday to see if the cruisers
will be able to stay over for Regatta
Day, September 21. If the Admiral
will give the desired permission Mon-
day the crews of the fleet will no doubt
enter in all the races and the day
will go down in history as one of the
biggest that have ever been known in
the like of the sport here.
The committee will arrange a collec-
tion of races that will take in the best
part of the day, and it will be a
treat for the local people to see a
lot of sailors in both races, as there is
an amount of rivalry here among the fleet
that is very intense. The fastest row-
ing crew in the fleet is from the West
Virginia.

A number of officers of the fleet have
taken a good deal of interest in the
arrangements and it is their impres-
sion that the Admiral will give the per-
mission desired. Rowing is one of the
things that is taught in the navy in
all its branches and nearly every ship
can boast of a good crew. At the early
part of the Jamestown Exhibition this
year there were a series of races from
the different men of war present that
were very exciting, the Yankee boys
winning nearly all the races in the
different class.

One race that ought to be a very
closely contested one if the cruisers are
here, will be the captain's gig race
from the four ships. Each ship has a
very fast crew and can get through the
water at a 36 stroke very easily. A
race between the pilot boat crew and a
navy crew, is another one that ought
to be very fast. The chances for the
fleet being present are very good, and
a good deal of interest is being shown
by the members of the two boat clubs
about the chances of being so many
good races on the coming Regatta Day.

**PINKHAM WON'T
DEAL WITH WALLACH**

INTIMATES THAT THE "DOCTOR"
MAY GET INTO TROUBLE
THROUGH HIS "CURES."

President Pinkham was this morning
asked if he proposed to pay any atten-
tion to the challenge set forth in The
Referee this morning by J. Lor Wall-
lach, in which he offers to forfeit \$500
if he failed to cure any case of leprosy
which might be designated by the
Board of Health, within a period of
from four to six months.

"Of course I shall take no notice
whatever of the article," replied Presi-
dent Pinkham. "Wallach is no doctor,
he hasn't a license to practice medi-
cine, has he?"

"Then you don't propose to deal
with any except regularly accredited
practitioners in the matter of treating
leprosy?"
"I certainly don't," was the reply,
"and there are some people who had
better be careful how they are trying
to practice without a license, for they
will certainly get into trouble."

As soon as a man is satisfied with
himself the neighbors begin to feel
sorry for his wife.

James F. Morgan,
AUCTIONEER AND
BROKER.

847-857 Kaahumanu St. Tel. Main 73.

**BASEBALL AT
AALA TO-MORROW**

CHINESE PLAY THE JAPANESE
AND KAALAS PLAY THE PALAMA
ATHLETICS.

The baseball games for tomorrow
afternoon at ala Park will be Chinese
A. C. vs. Japanese A. C. and the Kaala
A. C. vs. the Palama Athletics.
The first game will commence at 1:30
p. m. and the second game will begin
at 3:30 p. m. In the first game, the
Japs will do their best to beat the Chi-
nese ball tossers this time. Manager
Yasumori promises to have a fast team
in the field and a close game is assured.
The second game between the Kaalas
and the Palamas will be a treat for the
fans. Both of these teams have done
good work and a good game is assured.
The Kalas will have W. Espinda, the
Maut pitcher in the box and he will
give the Palamas a hard struggle.

CRUISER MINSTRELS.

The Opera House is nearly sold out
for the performance tonight that is
being given by the crew of the West
Virginia, and it is very possible that
another performance will be given
again some day next week, the pro-
ceeds to go towards the Yacht fund.
The sailors are anxious to help such a
good cause as yachting along, and
have offered their services to help out
by giving their minstrel show which is
considered to be very good by every
one who saw it out in Manila. One or
two of the skits are very good, and
would no doubt be a success on the
vaudeville circuit in the States. The
day will be announced next week, and
it is hoped that every one will take ad-
vantage of the opportunity to swell
the fund.

The Attorney General's department
has submitted to the Supreme Court
the question of jurisdiction in the six
or eight fisheries cases from Kaala
which by stipulation were transferred
from the Fifth Circuit Court to the
First Circuit Court. The question
was raised as to whether the trans-
ferring of the cases from one court to
another of like jurisdiction would be
permissible, and the matter will now
be left to the Higher Court.

VICKERS SHOE REPAIR SHOP

Union Street Above Hotel Street.

Some people know how many beans
make five, others never will learn.

And it is those who will not that we
would teach. We want them to learn
that we are in the market with the best
meat there is to be had, that we are
on the spot in supplying our customers
with the best and that vegetables a
fish will be furnished when requested.

PURE ICE CREAM

We use rich cream and milk, fresh Island eggs from a small
farm near Honolulu, and pure flavors in making our ice cream. No
corn starch or other substitute. Our big scientific freezer turns it
out smooth and delicious.

We sell in small or large quantities and make fancy moulds for
parties and banquets. Family trade especially solicited. Phone 311.
