FRIDAY July 29th. THE PLANTERS' MONTHLY.

'The Planters' Monthly' for July has been laid on our table, and as usual is full of valuable information...

Low prices of sugar still prevail, and remain low with discouraging persistency; so that the hopes we once entertained...

In addition to the low price of sugar, we must not forget another—the undoubted decrease of yield consequent on the gradually impaired fertility of the soil...

By all means the largest item of plantation expense is that of unskilled labor. Not only is it the largest, but it exceeds all others put together...

It is very well to economize in the hundred and one other things that, with labor, constitute plantation expenses...

A curious result of the electric light has been observed in several of the public buildings in Washington...

THE P. C. A. CONTEMPT CASE.

Opinion of the Court—Respondent to Pay Costs. At the Supreme Court in Banco yesterday His Honor Chief Justice Judd delivered the following opinion...

At the instance of L. Aholo, Minister of Interior, respondent in a suit then pending in the Supreme Court...

In the Supreme Court yesterday a petition was filed for an injunction by W. O. Smith, L. A. Thurston, W. A. Kinney...

Supreme Court—July Term.

BEFORE PRESTON, J. WEDNESDAY, July 27th. S. M. Kaaukaui vs. Dr. James Wright...

ST. LOUIS COLLEGE. The examinations at St. Louis College were concluded yesterday morning...

are reprehensible. We quote the following from Odgers on Libel and Slander, sec. 44: "The administration of the law, the verdicts of the juries, the conduct of suitors and their witnesses are all matters of lawful comment..."

It cannot be said that this publication was an attempt to influence the mind of the Justice who was to hear the case. He must have read the petition before granting the interlocutory order...

But the publication of the bill was not accompanied with comments, and the respondent says he did not intend any disrespect or contempt of the Court...

The records of our Court are open to the eyes of the public who seek for information therefrom respecting their own concerns. They are not open to the public to the extent that everything on file may be published without leave of the Court.

BEFORE PRESTON, J. WEDNESDAY, July 27th. S. M. Kaaukaui vs. Dr. James Wright, et al. W. C. Achi for plaintiff, Smith & Kinney for defendant...

BEFORE PRESTON, J. WEDNESDAY, July 27th. The following cases were argued and submitted: Michiels, appellant, vs. Hartford Insurance Company...

BEFORE PRESTON, J. THURSDAY, July 28th. Matson vs. Aiona, appellant. Exceptions from May term. Hilo. Submitted on briefs...

BEFORE PRESTON, J. THURSDAY, July 28th. Ah Choy, charged with selling pork without a license, was reprimanded and discharged.

**ECLIPSE**

**CHAMPAGNE!**

**EXTRA DRY.**

WE ARE NOW PLACING ON THE market the ECLIPSE CUVES of 1879 and 1880, which for dryness and bouquet are unsurpassed, and are pleased to inform you that our efforts in producing a Champagne competing with the best Foreign Wines, have been appreciated, dispelling, in a great measure, the prejudice against pure native wines. The ECLIPSE will not only be found in every city in the Union, but has also found a market in the Republic of Mexico and on the Continent of Europe, where it is much appreciated by connoisseurs for its purity, lightness of alcoholic strength and exquisite bouquet and flavor.

WE GUARANTEE OUR

**SPARKLING WINES**

As absolutely pure, and they are par excellence the SPARKLING JUICE OF THE GRAPE. They are produced precisely as the high-grade French Champagnes, by fermentation in the bottle, REQUIRING TWO YEARS' CURE AND RACKING TO PERFECT, but differing from their foreign competitors in being neither strengthened with spirit nor flavored in any manner. We claim, and can substantiate our claim, that our Champagnes are the purest Sparkling Wines in the world, and quote from the report to a comparative analysis made by the U. S. Department of Agriculture: "Of 200 samples of wines analyzed, nothing has been found on this continent equal to the ECLIPSE. Containing only the normal percentage of alcoholic strength in dry wines 10 1/2 per cent., and only 6.51 of Saccharine, and no fictitious flavorings." As a stimulant the ECLIPSE bears the highest recommendation of the leading faculty of the United States, and wherever exhibited for competition with any other Champagnes, either foreign or native, its merits are attested by the highest awards.

We caution you against the impositions of parties East and on the Coast, who are foisting on the market a "gas" or charged wine, under the name of California Champagne. Remember, none are genuine except those bearing our name and brand, on both cork and label, and which are sold with the guarantee of absolute purity.

HONOLULU, May 7, 1887.

HAMILTON JOHNSON, Honolulu:

Dear Sir—I have made a chemical examination of the sample of Harexethy "Eclipse" Champagne taken by me from your store, and find that this wine contains no adulteration whatever, the acid present being the natural acid of the grape, while the "bouquet" and gas present are such as would result from the natural fermentation of the wine. Yours very truly,

GEO. W. SMITH,  
 of Benson, Smith & Co., Druggist.
