Postal Savings Bank Notice.

By authority of Section 11 of "An Act to Amend and Consolidate the Laws relating to the Hawaiian Postal Savings Bank," approved on the 7th day of September, 1892, and on that day taking effect, notice is hereby given that the rate of interest on Savings Bank deposits is fixed as follows:

On amounts under and up to Five Hundred Dollars (\$500), in Gold Coin of the United States of America, in any one account, already on deposit in the Hawaiian Postal Savings Bank on September 20, 1892, interest will be payable from October 1, 1892, forward until further notice, at the rate of 6 per cent. per annum, in Gold Coin of the United States of America.

On amounts over Five Hundred Dollars (\$500) and not exceeding Two Thousand Five Hundred Dollars (\$2,500) in Gold Coin of the United States of America, in any one account, on deposit in the Hawaiian Postal Savings Bank on September 20, 1892, interest will be payable from October 1, 1892, forward until further notice, at the rate of 5 per cent. per annum, in Gold Coin of the United States of America.

On deposits placed in the Savings Bank after September 20, 1892, interest will be paid until further notice, at the rate of 6 per cent. per annum on accounts not exceeding Five Hundred Dollars (\$500). No interest will be paid on accounts exceeding Five Hundred Dollars (\$500), in single accounts, deposited after September 20, 1892.

E. C. MACFARLANE,
Minister of Finance.

Postal Savings Bank Notice.

By Section 17 of "An Act to Amend and Consolidate the Laws relating to the Hawaiian Postal Savings Bank," approved on the 7th day of September, 1892, and on that day taking effect, the Minister of Finance is authorized to issue Coupon Bonds of the Hawaiian Government, to be styled the "Postal Savings Bank Loan," to be issued only to depositors in the Hawaiian Postal Savings Bank who may apply for the same.

The "Postal Savings Bank Loan" bonds are redeemable in not less than five nor more than twenty years, at the option of the Minister of Finance, and bear interest at the rate of 6 per cent. per annum, to be paid semi-annually, interest and principal payable in Gold Coin of the United States of America or its equivalent.

Any depositor with an aggregate amount to his credit in the Savings Bank, of not less than Two Hundred Dollars (\$200) in Gold Coin of the United States of America, which shall have been on deposit at least three months, is entitled, on application, to an issue of "Postal Savings Bank Loan" bonds in exchange therefor, in sums of One Hundred Dollars (\$100) or multiples thereof.

Applications will be received at the Postal Savings Bank for "Postal Savings Bank Loan" bonds from date until September 30, 1892, inclusive.

E. C. MACFARLANE,
Minister of Finance.

NOTICE TO MARINERS.

During the process of Deepening the Channel at the entrance to Honolulu harbor the Dredger will be in operation night and day.

At night there will be a Danger Signal placed on the forward derrick of Dredger, about 30 feet above sea level, which can be seen by all vessels approaching the harbor. The signal consists of 3 Red lights and a White light—as in the diagram—the red lights being about 3 feet apart, with the white light in the center.

All steamers crossing the Bar will stop at a safe distance from the Dredger and give one blast of their whistle, which will be answered by a single blast from the Dredger, to be followed by three blasts from the Dredger when the passage is clear and they can proceed.

The Tug will be on hand when not otherwise engaged to assist sailing craft in passing the Dredger when necessary.

THE DAILY BULLETIN.

Pledged to neither Sect nor Party,
But Established for the Benefit of All.

MONDAY, SEPT. 26, 1892.

It has been ascertained that the report of No. 2 opium committee cost \$148 for printing, \$78 for translating and \$14 for proof-reading—an aggregate of \$240. Most of this amount went into Mr. Bush the chairman's household and printing office. Hence the great zeal and wondrous virtue of that remarkable patriot!

The main issue to be decided by the coming election is whether the present Ministry has the support of the Noble voters of the Island of Oahu. In other words, whether the Noble voters of the Island of Oahu have a desire to prolong the present period of financial distress and political unrest, by producing another Cabinet crisis. Voters should not allow themselves to be led astray by the wailing of any side issue before their eyes. Vote straight.

It has been suggested that all persons exempt by law from paying personal taxes—namely, soldiers, firemen, school teachers, ministers of religion, and persons over a certain age—will have to procure tax receipts showing that they are so exempt in order to avoid having their votes challenged. This was done previously in 1886, and there is no change in the wording of the present law. It behooves every man who desires to vote and who is exempt from the payment of personal taxes to find out if this is so or not.

The New York Herald of a late date has in its Washington telegrams a reference to Johnston Island. Mention is made of the investigation of some years ago which resulted in finding that the Hawaiian Government had no claim to the island. Then it is added, "The guano beds on Johnston Island having been exhausted and the American firm having left that territory the State Department officials say the United States has no further interest in the island and has no right to interfere with Great Britain if she finds the island of any use to her."

The Legislature did what seems an unwise act in sidetracking the bill to enable the Oahu Railway & Land Company to raise money abroad on the security of its property. What difference would it make to the country if a foreign corporation did gain control of the railway and its appurtenances? Nobody complains at foreign capital being invested in the tramways or in new plantations. If the company can raise money abroad it will be so much added to the resources of the country. The bill should be shunted on the orders again and made law before the departure of the next mail.

AMERICAN OPINION.

The American press has commented variously on the amendments to the Hawaiian tariff law. The following from the Bloomington, Illinois, Bulletin evinces a poor opinion of the United States tariff: "The parliament of Hawaii has just passed a tariff bill, but it is noticeable that the tax is chiefly placed on articles used by rich people. The semi-barbarians of the Pacific can give us ideas in popular government."

The Philadelphia Telegraph says: "This tariff on articles, most of which are admitted from the United States under the reciprocity treaty, will hurt San Francisco trade, as Hawaii stood third last year on the list of foreign countries in exports from San Francisco. The new tariff is levied directly at the United States, as Chinese clothing and Chinese general merchandise were stricken out before the bill became a law."

PEARL HARBOR.

The Washington despatches to the New York Herald contain the following reference to Pearl Harbor:

The statement of the Minister of Foreign Affairs of Hawaii that his government has never suggested a transfer of any portion of Pearl Harbor to any foreign Power is read here with some surprise. Technically the statement may be true, but it is a matter of public record that Hawaii has offered the United States the exclusive right to Pearl Harbor to be used as a coaling station and a base of supplies for United States ships in the Pacific with the understanding that this government dredges an entrance to the harbor.

It is estimated that \$250,000 will be required for this purpose. This amount has been placed at the disposal of the President, through an item in the Sundry Civil bill, and although it is indefinite in its nature, simply authorizing the President to use that amount for procuring a coaling station, it is generally understood that it will be used in dredging Pearl Harbor, and that important negotiations are now pending which will give the United States exclusive jurisdiction over that harbor.

The indefiniteness of the appropriation is a fly in the ointment. The size of the item is far from adequate, when it is considered that the land has to be bought, as well as the entrance dredged. And the dredging of the entrance is only a fly speck to the whole amount that will have to be expended before the harbor will become a coaling station.

Scandinavian Social.

A very pleasant social and dance took place on Thursday evening of last week, the 22nd inst., at Mr. and Mrs. A. F. Linder's residence at Hanapepe, Kauai.

The affair was gotten up in honor of Mr. and Mrs. C. B. Olsen, Miss Laurie Nickelsen of Spreckelsville, and Miss Frankie Nickelsen, lately of England.

The program opened with a solo, by Mrs. C. Borchgrevink; several others followed until dancing was proposed by the hostess, which was kept up until 10 o'clock, when refreshments were served, consisting of coffee, sandwiches, ice cream, etc. Dancing was then resumed and kept up with spirit until midnight, when the guests dispersed, with a profusion of thanks to the host and hostess for a most enjoyable evening's amusement.

Following is a list of those present: Mr. and Mrs. A. F. Linder, Mr. and Mrs. C. B. Olsen, Mr. and Mrs. H. P. Morrison, Mr. and Mrs. C. B. Holgaard, Mr. and Mrs. H. Perry, Mr. and Mrs. J. A. Palmer, Mrs. H. Bailey, Mrs. C. Borchgrevink, Miss May Bailey, Miss K. Mahlum, Mr. J. Nickelsen, Mr. J. Scott, Mr. J. Simpson, Mr. L. Zumwalt, Mr. O. Mahet, Mr. C. D. Pringle, Mr. P. Keppler, Mr. J. R. Meyers, Master R. Olsen, and the Misses F. and L. Nickelsen.

The ice cream and cake were furnished by Hart & Co., Elite Ice Cream Parlors, Honolulu.

Needn't Pay Property Taxes.

The Supreme Court has returned an answer, signed by Chief Justice Judd and Associate Justice Dole, on the question submitted regarding taxes of voters.

The Court finds an implication in the question that the payment of personal taxes is necessary to qualify an elector for the special election. With regard to property taxes, the Court finds that as the collection of such taxes cannot be enforced before the 15th day of December, their payment cannot be regarded as a condition precedent to the voting privilege at the special election.

A HUGE FAKE.

The Lottery Scheme an Evident Charter-mongering Swindle.

What President Conrad Has to Say About the Big Lottery's Coming to Hawaii.

The following despatch appeared in the New York Times of August 27th, and has been reprinted in the San Francisco Examiner. It affords confirmation of the belief held by many here on other evidence, that the lottery scheme lately introduced in the Hawaiian Legislature is a fraud and a swindle apart from all question of the right or wrong of legalizing a lottery.

It is simply a scheme to get a charter from the Hawaiian Legislature, in the hope that it would be eagerly bought by the Louisiana Lottery Company or some other syndicate of gamblers in the United States. This fraudulent scheme was suggested by the news current for a year or so back that the Louisiana Lottery, being outlawed at home, was looking for a location in Mexico or some other neighboring country.

We do not say that all of those residents of Honolulu who have identified themselves with this swindle have done so with their eyes open. On the contrary, there is reason to believe that at least some of them have been made dupes of by outsiders. One cause for harboring such a kindly belief of the gentlemen in question is that when interrogated they are seemingly totally ignorant of both the standing and the resources of their foreign associates. Now that they find themselves and their associates repudiated by the President of the Louisiana Lottery himself, who denounces their great scheme as a "fake sensation pure and simple," they will doubtless make haste to rescue their names and reputations from disgrace by publicly declaring they are done with the dirty business. Following is the telegraphed interview with President Conrad:

New Orleans, Aug. 26.—President Paul Conrad of the Louisiana Lottery Company was interviewed to-day about the despatch regarding the company's attempt to purchase a location in the Sandwich Islands. He said: "It is a 'fake' sensation pure and simple, or a malicious concoction, designed, perhaps, to prejudice the company in the minds of the people of the United States by creating the impression that our business is to be removed from the legal restrictions and accountability it is now under by virtue of the laws of Louisiana. Were the Louisiana State Lottery Company to become a Hawaiian instead of a Louisiana concern, of course it would be practically an impossibility to enforce claims against it; whereas, being a duly chartered corporation of this State, it is amenable to the laws. Obligations can be enforced through the courts against it the same as against any lawful and responsible company."

"But what are the company's plans for the future? Might not their negotiations be carried on without your knowledge?"

"Surely. Such vast sums as are talked of are not carried in one's vest pocket nor expended by one member of a concern without consulting his associates. The owners of the Louisiana Lottery are now scattered over the globe seeking peace or pleasure, according to their condition or taste. Mr. Morris, with friends, has been for weeks cruising about on his yacht, and I doubt if any one has communicated with him on business of any description. Certainly he is not giving himself any concern about lottery business, and I repeat there is simply nothing in this alleged San Francisco story except idle gossip so far as I know, and I think I know all the facts. The Louisiana Lottery Company will live out to its allotted time as fixed by its vested rights, say a couple of years longer, doing its business here as it always has and abiding by the popular decision in the recent contest."

Something New in Ranges.

The PACIFIC HARDWARE CO., (Ld.), have just received an invoice of the M. & D. WROUGHT STEEL RANGES which are superior to anything of the kind yet invented. They have been adopted by the United States Navy and are in use on the Charleston, San Francisco and Boston and other new vessels. Also on several of the new vessels lately built for the trade between San Francisco and this port.

An examination of these Ranges will at once show their many advantages over all competitors.

Boswell, Jr., 2:19—The Record Made by Harry Agnew's Horse.

The following letter explains itself:

FRIEND FOCKE:
It is with pleasure that I inform you that on Sept. 1, in the 5th heat of the 2:25 class at Potaluma, Boswell Jr. got a record of 2:19. And another colt out of Maude, my favorite mare, called "To Order," a 2-year old, won his first race on Aug. 23 at Independence, Iowa, getting a record of 2:20. It had rained heavily the night before and the track was a "sea of mud," so the reports say. Four of the colts that started got the flag. As Boswell Jr. is the only Hawaiian bred horse that got a mark inside of 2:30, I would like a memo of same inserted in your papers, as several have his produce on the Islands. Ever yours,
HARRY J. AGNEW.

"August Flower"

For two years I suffered terribly with stomach trouble, and was for all that time under treatment by a physician. He finally, after trying everything, said stomach was about worn out, and that I would have to cease eating solid food for a time at least. I was so weak that I could not work. Finally on the recommendation of a friend who had used your preparations with beneficial results, I procured a bottle of August Flower, and commenced using it. It seemed to do me good at once. I gained in strength and flesh rapidly; my appetite became good, and I suffered no bad effects from what I ate. I feel now like a new man, and consider that August Flower has entirely cured me of Dyspepsia in its worst form. JAMES E. DEBERRICK, Saugerties, New York.

W. B. Utsey, St. George's, S. C., writes: I have used your August Flower for Dyspepsia and find it an excellent remedy.

"Another Compromise by the Lottery!"

UPON OUR SUGGESTION THE Lottery people having dropped the policy clause have met our further views and have decided to offer Firewood instead of Cash as prizes, and upon inquiring around and getting prices quoted by several dealers they settled on two as the only ones whose rates were sufficiently cheap for business, calling upon the one of those whose prices were quoted lowest, they had about concluded arrangements when they discovered that his wood was worthless as it was worn-eaten and had dry-rot, so dropping their negotiation they called upon the other, HUSTACE & CO., and after apologizing for not coming there first, they inspected their Wood and found it in first-class condition—sound and good—and more than doubly worth the difference asked, without further argument they closed the bargain and thus the objection to the Lottery is now removed and every one will be supplied with Sound Firewood dirt cheap.

An alarm of fire was sounded last evening for a blaze at Punahou. It turned out to be on the side of the mountains and the engines, which were not going toward the fire, were ordered back by Chief Engineer Asch, as he did not wish to hurt the horses by making them go up the slope. It was a pretty sight to see the two engines, with No. 2 leading slightly, going along King street to the fire.

A meeting of the Board of Health in consultation with the local doctors, as to what measures should be adopted in regard to the prevention of the introduction of cholera into this kingdom, is being held this afternoon in the Chamber of Commerce room. The fire engine line drill on Maunakea street Saturday afternoon was successful in showing the long distance water can be thrown from the harbor by a combination of the machines. No. 1's powerful engine sent water to King street, discharging into No. 4 and 5 engines, which discharged three fair streams at No. 5's house. With one branch each, jets were thrown high enough to wet the flags on the tall pole of No. 5 house. Engine No. 2 had a drill by itself, drawing from the creek at Smith's bridge. Chief Engineer Asch conducted the operations.

THE LEGISLATURE.

NINETY-SEVENTH DAY.

MONDAY, SEPT. 26, 1892.

Morning Session.

Assembly convened for prayer at 10 o'clock. President Walker in the chair. Minutes of the previous meeting were then read and approved.

The following petitions were presented and referred:

By Rep. Smith from school children at Kilauea, Kauai, that one W. Muller be removed from his position as teacher at that place. To Committee on Education.

By the same member from residents of Koolanua, Oahu, that the Lottery Bill do not pass. Tabled for bill.

The following reports from standing committees were presented:

By Rep. Smith from the Judiciary Committee: 1. On Bill 97, "to better define and declare the practice in trials by jury." The committee recommended that the bill pass with amendments proposed by the report tabled for bill. 2. On Bill 164, "to define the order of challenging jurors in civil and criminal cases." The committee say that the provisions of this bill are identical with a section of Bill 97 which the committee recommended to pass. They therefore recommend that the Bill 164 be tabled. Report adopted.

On Sections 62, 63, 64 and 65 of Bill relating to internal taxes, the same member presented a report from the same committee in which they recommend that certain amended sections which they present be adopted in place of the original ones. Rep. Ashford of the Committee concurs if the Bill should pass but did not consider the Bill necessary at this time. Report tabled for consideration of Bill.

From the same Committee, a report was returned on the Bill "to authorize railroad corporations to mortgage their property and franchise to secure their bonds." The Committee present a substitute bill which they present but without any recommendation. Report tabled for Bill.

Rep. Kanealii, from the Committee on Miscellaneous Petitions, presented a report on the following subjects:

1. That the law to mitigate be repealed. Tabled for Bill. 2. That the merr-go-round be prohibited. Tabled for Bill. 3. That no Hawaiian women be allowed to marry foreigners. Tabled. 4. For an English school at Naalehu. To Committee on Education.

To the Minister of the Interior draft and supply blanks for labor contracts. Tabled for Bill on subject. 6. That the Government supply stores at Punahou and Honolulu. To Committee on Public Lands. 7. That a new treaty of Reciprocity be entered into with the United States. To table. 8. That planters and mercantile firms be prohibited from importing goods from countries without treaty with Hawaii. To table. 9. That no foreigners be appointed to any Government office. To table. 10. That only Hawaiians be appointed to offices under the Government. To table. 11. That heads of Government Departments be prohibited from holding two offices. To table. 12. That the people elect all Government officials. To table. 13. That Hawaiian women be prohibited to marry foreigners. To table. 14. That Hawaiian schools be established on various islands. Indefinite postponement. 15. That children be allowed to attend schools until they become married. To table. 16. That Hawaiians be prohibited to sell their lands to foreigners. To table. 17. That no mortgages be declared legal unless both parties be Hawaiians. Indefinite postponement. 18. That Hawaiians be prohibited from selling their lands to foreigners. To table. 19. That the Government sell lands only to Hawaiians. To table. 20. That the Government appropriate money to buy in lands now mortgaged and belonging to native Hawaiians. To table. 21. That the Government no longer pay a salary to the physician at Kilauea, Molokai, but instead pay him \$15 for each case cured by him at that place. To Sanitary Committee. 22. That all lepers reported as cured at the leper settlement be allowed to go to their homes. To Sanitary Committee. 23. That a new Constitution be granted. To table for bill. 24. That Hawaiian women be prohibited from marrying with foreigners. To table. 25. That a bridge be erected at Kula, Maui. To Committee on Public Lands. 27. That the taxes of people having children attending school be remitted. To table. 28. That native kahunas be permitted to practice medicine. Tabled for Bill.

On motion the report was adopted.

Rep. Smith, from the Sanitary Committee, presented a report relative to the resolution instructing them to hold conference with medical gentlemen and with reference to measures to be taken to prevent the introduction of cholera. The Committee say that they had a meeting on the 24th inst. The medical gentlemen present unanimously advocated the proposition that all ports of entry of the Kingdom should be closed and no vessels from foreign ports be permitted to enter any port of the Kingdom other than Honolulu, so long as cholera exists in the United States; that all vessels arriving at other ports should be required to come to Honolulu and submit to the regulations of the Board of Health before being allowed to discharge passengers or freight. Also that the strictest measures be adopted and enforced at the port of Honolulu in regard to quarantine and disinfecting passengers and cargo. They further recommended that an advisory board of five physicians be appointed to assist the Board in formulating measures to prevent the introduction of cholera.

The Committee say that on conference with the Attorney-General he agreed to draft and would present a Bill on the subject. The Committee recommend that the advisory committee be formed at once. Report adopted.

Under suspension of the rules Minister Neumann gave notice of and read for the first time a bill "to prevent the infection of cholera in the Hawaiian Islands." Read a second time, passed to engrossment and ordered to be read (under suspension of the rules) a third time this afternoon.

Noble Baldwin, under suspension of the rules, presented a petition from the mercantile and business houses of the city of Honolulu containing about 300 signatures and praying that the Lottery Bill do not pass. Tabled for consideration with bill.

Rep. Kanealii, from the committee appointed to investigate the Wilson-Ashford matter as presented in a resolution offered by Noble Thurston, reported that from the statements made and evidence taken there was no infringement of Article 51 of the Constitution, and that there was no assault. They considered that Mr. Wilson was not guilty of the charges made and they therefore recommended that the resolution be laid on the table.

Rep. Ashford moved that the report be adopted. He had not brought the charges in his personal capacity but as a member of the Assembly. He was much surprised, however, at the finding of the committee, as it practically recommended any bully or thug outside of the House to intimidate or threaten any member and to do so with impunity.

Rep. R. W. Wilcox did not support the motion to adopt. He did not consider that a person should go around like an infuriated beast simply because he was criticised in the House. Members were not supposed to go around with revolvers in their pockets ready to kill on provocation. He wondered how long the Cabinet were going to retain the present Marshal in office.

Rep. Bush felt called upon to give expression to his opinion. He felt that each member of the House should protect the other. It was the duty of the House to express an opinion condemning the action of the Marshal. He would raise his hand in protest against the report being approved.

Noble Williams desired the member to read the sworn affidavits of Rep. Ashford and of Marshal Wilson before continuing his speech. Rep. Ashford says under oath that he was not "afraid of personal violence."

Rep. Bush continuing said that he thought the adoption of the report would be derogatory to the dignity of the House.

Rep. Ashford reading the affidavit of Marshal Wilson said that he was not aware of this having been made at the time that he moved the adoption of the report; he would now withdraw his motion. Marshal Wilson showed that he had called him (Ashford) a liar, had threatened "to wipe the street up with him," and in short had endeavored to intimidate him. If the case rested simply on the statements of Marshal Wilson a conviction was sure to follow. He moved the report be tabled till to-morrow, then to be considered with other matter relating to the Marshal. He would say that now it looked as though he would have either to thrash the Marshal or the Marshal thrash him before either of them were much older. On reflection, however, he would change that statement and say that the report can only be regarded as a white-washing of the Marshal and he (the Marshal) would feel that he could go further and therefore it looked very much as though Ashford was in for a thrashing.

The motion of Rep. Ashford was adopted and the report was made the Order of the Day, with other matters, for to-morrow.

Rep. Smith from the Rice Committee presented a report in which the committee, after considering various bills and reports for and against the repeal of the existing duty on imported rice, say that they feel that it would not be wise to remove the duty either wholly or partially until the conditions change, and they recommend that all of the bills and reports referred to them be laid upon the table.

After some little discussion and several motions the report was tabled for consideration with bills on the subject.

At 12:11 the House took recess until 1:30 p. m.

Still Missing.

The steamer Claudine left Hanalei at 10 o'clock Friday night, and the message from Hilo was to the effect that nothing had been heard or seen of the missing boat containing the captain, wife, child and twelve sailors (formerly reported five) of the American ship Wm. Campbell which foundered at sea. The mate's boat's crew which landed at Puna were all doing well, with the exception of a boy who was not expected to live. On Thursday last the steamer Kinau left Hilo for a two days' cruise in search of the missing boat, expecting to return on Saturday.

The Nihaui Rumor.

If there is anything in the rumor that England has purchased, or is trying to purchase, one of the Hawaiian Islands, the matter should be looked into by the United States Government. The acquisition of one of those islands by England would give that country a great advantage, and it would be in conflict with the settled policy of our government, which insists upon the entire neutrality of the Hawaiian Kingdom as against the claims of any European power.—Denver Republican.

Persons troubled with chronic diarrhoea should try Chamberlain's Colic, Cholera and Diarrhoea Remedy. Many cases have been cured by it after all else had failed and skilled physicians were powerless. For sale by all dealers. Benson, Smith & Co., Agents for the Hawaiian Islands.

VITA OIL

AGATE WARE that won't blister is one of our specialties. You know what it is to have a Saucepan with the enamel worn off.

These nightly rains are helping matters considerably—the reservoirs have filled up a bit and you can get a bath often—if you are lucky. Likewise you may irrigate your lawn, but not without a Hose. You know where to get the best.

POCKET CUTLERY—the handsomest you ever saw—Blades of the Purest Steel and Handles of Pearl especially selected for this trade. No every day affairs; every one of them good enough to loan your most particular friend. Cheap enough to give to that some friend.

A PANACEA FOR Sprains, Bruises, Cuts, Burns, Lame Joints and Cold on the Lungs.

A Remedy Endorsed by the Medical Profession

Mr. J. L. Goodman, of Amator, Cal., says: "I have had repeated opportunity of observing and testing the relieving and healing quality of VITA OIL when applied to painful, sore and inflamed parts, also in lame joints, sprains and bruises. I am confident that to the extent its sale, active and powerful healing merits are tried, it will be considered the indispensable family remedy."

For the asking you will receive a 450 Testimonial Letter. Read one and do your own thinking.

Mishaps to Whalers.

Chapter of Accidents Among the Fleet Up North.

Record of the Fleet's Catch to Latest Date.
(Special Correspondence of the BULLETIN.)

ON BOARD BRIG PERCY EDWARD OF SAN FRANCISCO, 1892.—The whaling season of 1892 has opened with an unusual number of mishaps. Some are more serious than others, but they have all caused a great amount of work. Among the most serious might be mentioned the brig Alexander, Capt. Shorey, which was lost on St. Paul's Island in Behring Sea. The bark Northern Light, Capt. Simmons, with the now famous Jno. R. Griffith of the Pixley train robbery (P. C. Advertiser) on board, ran on an unknown rock near Middleton Island. She was got off, but leaked so badly that the captain made an attempt to beach her, so as he could get at the leak. But at last accounts he had been unsuccessful, and the Northern Light is making 22 inches of water an hour. She will not go home, however, but will finish the season in Behring Sea.

The schooner Alton, Capt. Newth, was nipped in the ice and jammed so hard that her decks came up. They had to throw her try-works overboard. She drifted about with the ice for twenty-one days. During her imprisonment in the ice she traveled about 700 miles, passing through the Behring Sea straits and returning three times. She went as far north as Cape Serdze where the ice started back and again carried her through the Straits as far south as King's Island, where she was released to the great relief of her captain and crew.

The bark California, Capt. Slocum, was nipped at the same time, the ice crushing eight oak timbers and breaking his ground tier of casks. She has been sufficiently repaired to finish the season.

The schooner Bonaza, Capt. Huntley, ran into a cake of ice containing about four acres, just north of St. Lawrence Island, splitting her stem from the water line to the keelson. She was leaking badly at last accounts, but has gone to Unalaska to repair damages. Capt. Huntley was the master of the bark John P. West that was burned off Honolulu. The Bonaza was owned at one time by Capt. Black of Honolulu.

The ship America, tender to the whaling fleet, loaded with 3000 tons of coal, had twenty feet of cutwater knocked off by a cake of ice. She was towed to port by the steamer Newport.

Last but not least is our vessel, the brig Percy Edward, Captain McKenna, stove and hauled roughly by Mr. Ice, south of Plover Bay. On June 27th we came up to the ice and started to work through it under easy sail, which we succeeded in doing for a distance of ten miles, when the ice became thicker and closer together. At 3 p.m. we came to a standstill with the ship's nose pressing against a cake of ice. At 3:30 p.m. the cake split in two, letting us through into a small water hole which allowed the vessel to gather considerable headway, but a large cake of ice promptly brought us up "all standing." It would have been laughable under other circumstances to see a man take a number of involuntary, jerky steps in the direction of the bow. But it was no laughing matter, as we found about six feet of our cutwater had been knocked off, and a plank stove in. We turned round and worked out into clear water again, which we succeeded in doing at 1:30 a.m. of the 28th. We then made for Port Clarence, where we beached the vessel, and at the time of writing we are all repaired and as good as new. We will sail in about a week for the North.

Appended is a list of the spring catch of whalers for 1892 in the Arctic and Behring Sea:
Schooner Rosario, 2 bowhead whales; schooner Alton, 2 do.; brig F. A. Barstow, 1 do.; bark Helen Mar, 1 do.; steamer Beluga, 2 do.; steamer Belvidere, 1 do.; bark Andrew Hicks, 2 right whales; bark Josephine, 4 do.; bark Northern Light, 1 do.; bark James Allen, 1 right and 1 sperm whale; steamer Jessie Freeman, 1 right whale; bark Bounding Billow, 2 do.; bark Wanderer, 1 do.; bark Sea Ranger, 1 do. The rest of the ships are clean to date.

A Good Thing to Keep at Hand.

From the Troy (Kansas) Chief.

Some years ago we were very much subject to severe spells of cholera morbus; and now when we feel any of the symptoms that usually precede that ailment, such as sickness at the stomach, diarrhoea, etc., we become scared. We have found Chamberlain's Colic, Cholera and Diarrhoea Remedy the very thing to straighten one out in such cases, and always keep it about. We are not writing this for a pay testimonial, but to let our readers know what is a good thing to keep handy in the house. For sale by all dealers.
