The Message at a Glance

Philippines—No independence promised. Protectorate cannot be considered. Future of the islands in the hands of Congress.
 Cuba—Our pledge must be kept. Free Cuba must be a reality.
 Trusts—Are obnoxious to the common law and the public welfare.
 Merchant Marine—Should be developed and strengthened.
 Currency—Uphold the gold standard. Protect the gold reserve. Provide the Secretary of the Treasury with more power.
 Navy—Make liberal appropriations for its maintenance and improvement.
 Nicaragua Canal—A necessity, and there should be early action.
 Pacific Cable—Take measures that will lead to its establishment.
 Samoa—Satisfactory arrangement concluded with Germany and Britain.
 Hawaii—Government should be fully defined and provided for.
 Alaska—Growth of Territory makes new laws necessary.
 Porto Rico—Time ripe for temporary form of Government.
 Alaskan Boundary—Negotiations in progress for a settlement.
 Transvaal War—Neutrality maintained. We have remained faithful to precept of avoiding entangling alliances.

President McKinley's message to the Fifty-sixth Congress is one of the longest and ablest documents in many years. The following important excerpts are made:

Some embarrassment in administration has occurred by reason of the peculiar status which the Hawaiian Islands at present occupy under the joint resolution of annexation approved July 7, 1898.

While by that resolution the republic of Hawaii as an independent nation was extinguished, its separate sovereignty destroyed and its property and possessions vested in the United States, yet a complete establishment for its government under our system was not effected.

While the municipal laws of the islands are not enacted for the fulfillment of the treaties and not inconsistent with the joint resolution or contrary to the constitution of the United States or of any of its treaties remain in force, yet these laws relate only to the social and international affairs of the islands and do not touch any subjects of importance which are of a broader national character.

For example, the Hawaiian republic was divested of all title to the public lands in the islands, and is not only unable to dispose of lands to settlers desiring to take up homestead sites, but is without power to give complete title in cases where lands have been entered upon on lease or other conditions which carry with them the right to the purchaser, lessee, or settler to have a full title granted to him upon compliance with the conditions prescribed by law or by his particular agreement of entry. Questions of doubt and difficulty have also arisen with reference to the collection of tonnage tax on vessels coming from Hawaiian ports; with reference to the status of Chinese in the islands, their entrance and exit therefrom; as to patents and copyrights; as to the register of vessels under the navigation laws; as to the necessity of holding elections in accordance with the provisions of the Hawaiian statutes for the choice of various officers and as to several other matters of detail touching the interests both of the islands and of the Federal Government.

By the resolution of annexation the President was directed to appoint five commissioners to recommend to Congress such legislation concerning the islands as they should deem necessary or proper. The commissioners were duly appointed and after a careful investigation and study of the system of laws and government prevailing there, they prepared a bill to provide a government under the title of "The Territory of Hawaii." The report of the Commission, with the bill which they prepared, was transmitted by me to Congress on December 6, 1898, but the bill still awaits final action.

The people of these islands are entitled to the benefits and privileges of our legislation, but in the absence of any act of Congress providing for Federal courts in the islands, and for a procedure by which appeals, writs of error and other judicial proceedings necessary for the enforcement of civil rights may be prosecuted, they are powerless to secure their enforcement by the judgment of the courts of the United States.

It is manifestly important, therefore, that an act shall be passed as speedily as possible erecting these islands into a judicial district, providing for the appointment of a judge and other proper officers and methods of procedure in appellate proceedings, and that the government of this newly acquired territory under the Federal constitution shall be fully defined and provided for.

THE PACIFIC CABLE.
 The Japanese Government has shown a lively interest in the proposition of the Pacific cable to add to its projected cable lines to Hawaii, Guam and the Philippines a branch connection with the coast of Japan. It would be a gratifying consummation were the utility of the contemplated scheme enhanced by bringing Japan and the United States into direct telegraphic relation.

Without repeating the observations of my special message of February 10, 1899, concerning the necessity of a ca-

ble to Manila, I respectfully invite attention to it.

I recommend that in case Congress should not take measures to bring about this result by direct action of the Government, the Postmaster General be authorized to invite competitive bids for the establishment of a cable; the company making the best responsible bid to be awarded the contract, the successful company to give ample bonds to insure the completion of the work within a reasonable time.

ALASKA.
 A necessity for immediate legislative action exists in the Territory of Alaska.

I see no reason why a more complete form of territorial organization should not be provided. Following the precedent established in the year 1805, when a temporary government was provided for the recently acquired territory, then known under the name of Louisiana, it seems to me that it would be advantageous to confer greater executive power upon the Governor and to establish, as was done in the case of the Territory of Louisiana, a legislative council, having power to adopt ordinances which shall extend to all the rightful subjects of local legislation, such ordinances not to take effect until reported to and approved by Congress, if in session, and if that body is not in session, then by the President.

PORTO RICO.
 I recommend that legislation to the same end be had with reference to the government of Porto Rico. The time is ripe for the adoption of a temporary form of government for this island; and many suggestions made with reference to Alaska are applicable also to Porto Rico.

For present purposes I recommend that Congress pass a law for the organization of a temporary government, which shall provide for the appointment by the President, subject to confirmation by the Senate, of a Governor and such other officers as the general administration of the island may require and that for legislative purposes on subjects of a local nature not partaking of a Federal character a legislative council, composed partly of Porto Ricans and partly of citizens of the United States, shall be nominated and appointed by the President, subject to confirmation by the Senate, their acts to be subject to the approval of Congress or the President prior to going into effect.

FOR GOLD STANDARD.
 I again urge that national banks be authorized to organize with a capital of \$25,000.

I urgently recommend that to support the existing gold standard and to maintain "the parity in value of the coins of the two metals (gold and silver) and the equal power of every dollar at all times in the market and in the payment of debts," the Secretary of the Treasury be given additional power and charged with the duty to sell United States bonds and to employ such other effective means as may be necessary to these ends.

THE PHILIPPINES.
 After detailing the history of how the Philippines came into American hands, the outbreak of the rebellion, and the organization of civil government, the President says:

I communicate these facts to Congress for its information and action. Everything indicates that with the speedy suppression of the Tagalo rebellion, life in the archipelago will soon assume its ordinary course under the protection of our sovereignty, and the people of those favored islands will enjoy a prosperity and a freedom which they have never before known. Already hundreds of schools are open and filled with children. Religious freedom is sacredly assured and enjoyed. The courts are dispensing justice. Business is beginning to circulate in its accustomed channels.

Manila, whose inhabitants were fleeing to the country a few months ago, is now a populous and thriving mart of commerce. The earnest and unremitting endeavors of the commission-

NO MORE CASES REPORTED

2 p. m.—No new cases. No suspicious cases. The menagerie members are doing well.

Third Day Opening.

"No new cases; no suspicious cases; no expectation of further showing of plague unless there should be an isolated or 'scattered' case or two. It looks as though we might get through the visitation with three cases only. The unhealthiest part of town is getting a thorough cleaning up and it will cease to be a breeding ground after sewage is placed. Hereafter Japanese and Chinese food imported will be looked after more carefully."

All this was given out at the Board of Health at 11 o'clock this forenoon. Judge Cooper was still in charge. He will remain on duty, excluding or passing over to others all other business till the danger season or period has elapsed. He said that the organization for cleansing Chinatown and for guarding, disinfecting, etc., seemed perfect and was certainly most effective, as everyone was working hard and willingly and the people in the tabu district were co-operating.

Only a few people, and most of these on business strictly, called at the office of the Board. There are fewer requests for passes. The scare is subsiding.

A material thing done today was the opening of a highway from beyond Nuuanu stream into town by way of the extension of Queen street. This is in addition to the avenue afforded by the School street connection between Liliha and Fort.

Island Steamers.

Steamer regulations, as defined by the Board of Health are as follows: No steamers will be allowed to leave the port of Honolulu for any other port in the islands except the island of Oahu without undergoing a quarantine of seven days, to begin from the time the ship, crew and passengers have been inspected, and the ship anchored in such places as may be directed by the Harbor Master.

No Chinese or Japanese freight of any kind will be allowed shipment.

No Chinese or Japanese passengers are to be taken and all other passengers must obtain a permit from the Board of Health before embarking.

Vessels that have not yet arrived at the port of Honolulu will be considered free ships if they do not enter the harbor, their freight being discharged from lighters. Such ships will be allowed to take from this port lumber, machinery, building materials, rice of domestic growth, flour, feed for animals, and coal, provided the same is taken to the ship in lighters and put on board under inspection by an agent of the Board of Health.

Inspectors and Helpers.

The quarantined district is Chinatown is bounded by Nuuanu stream, Nuuanu street, Kukui street and the extension of Queen street. Here uniformed and armed members of the First Regiment are on guard and here the inspectors and their assistants are at work. The population of the district must remain at home for a week nearly, and longer if there are more cases. Col. Jones yesterday escorted President Dole and Ministers Cooper and Mott-Smith over the territory and the Executive and Cabinet members were impressed and pleased with the work in progress. In all the streets were bonfires into which were being thrown all sorts of trash, debris, garbage. Thus it was that a mountain of stuff found in the alleys and on the premises and in the houses was disposed of most effectually. The smoke had a decidedly offensive odor, but the volunteers under the Board of Health stuck to their posts regardless.

The Hawaiian, Chinese and Japanese in the various tenements, stores and quarters responded readily to the instructions of the men with the badges and were of the greatest aid in carrying on the cleansing. Such well known citizens as Geo. R. Carter, Maj. Potter, Arch Gillilan and a score or more of equal rank were directing the use of lime and other disinfecting material. The raid of the sanitary people afforded the district residents, for one thing, exceptional opportunity to dispose of a lot of stuff that otherwise they would in time have been forced to spend money in getting away. Some of the foul smelling stuff sold in Chinese and Japanese stores was tossed into the flames and lots of matting and bed clothing followed wardrobe fragments. This afternoon the first cleansing is pretty well over. Each inspector is making a census of his district and has roll call each day.

Transport Sherman.

The Sherman left San Francisco Dec. 6, arriving off harbor yesterday at 5 p. m. She had 22 officers, 620 enlisted men, 20 civilians and commissary stores on board. She brought 43 bags of mail for Honolulu and 18 recruits for the 16th Artillery. The Third Battalion of the 49th was on board under the command of Major Kirkan.

The commissary stores were taken on a tug by Colonel Ruhlman and at 11 o'clock last night the Sherman departed for Manila.

Hawaii's Bill Introduced

Washington, Dec. 6.—At the opening of today's session of the Senate the annual report of the Secretary of the Treasury, the Attorney General, the Comptroller of the Currency, and reports of other officials were presented. Mr. Aldrich, Chairman of the finance committee, had the distinction of introducing the first bill at the present session. It was what is known as the Senate finance measure and is to "affirm the existing standard of value of all forms of money, to refund the public debt, and for other purposes." It was referred to the Committee on Finance.

The next bill introduced was by Senator Cullom of Illinois, to provide a form of government for Hawaii.

Gen. Hartwell advises President Dole and associates that the bill for the erection of the Territory of Hawaii was presented in the House by Representative Hitt on the 5th inst. Mr. Dole was given the information from the Bulletin office that the bill had appeared in the Senate from the desk of Senator Cullom.

THE REALTY MARKET

A canvass of the real estate dealers and agents of town shows the market in a very steady condition with a very good demand for desirable residence property at reasonable rates in town or in the suburbs.

The recent opening up of several suburban residence tracts has met with a ready response from home seekers who have bought briskly in all localities. The near advent of the Rapid Transit is making people feel that, although they are quite a distance from the centers of the city they with rapid communication can have homes at a reasonable figure, where it would be impossible to desirably locate in town at anything but a very high price.

The demand for houses furnished and unfurnished is not near so great as at this time last month.

Contractors and builders all have their hands full and orders for plumbing and electric lighting are way behind on account of the great demand. The business portion of town is spreading and warehouse property is almost impossible to find except in the direction of Kakaako and Kewalo. Building permits have been granted as follows: D. L. Akwai, three-story addition, Achi Lane, mauka of Berea.

Arthur Harrison, two-story mill, Kawaiahae street.

J. S. Bailey, two-story school building, King street, Waikeiki of Oahu L. & B. Co.

T. N. Hayden, stable at Long Branch.

T. N. Hayden, two-story stable rear of G. Schumann's store, Fort street.

ARCHBISHOP CHAPPELLE.

Mgr. Chappelle, the Archbishop of New Orleans, and the Apostolic Delegate to Cuba, Porto Rico and the Philippine Islands, was a passenger on the Sherman en route to Manila. He was accompanied by Chaplain W. D. McKinnon, formerly of the First California Volunteers.

Personal conversation could not be held with Mgr. Chappelle, as he stood on the upper deck of the Sherman, but an officer stated that he had experienced regret when told of the presence of the plague in Honolulu and also his disappointment at not stopping here, as anticipated.

The Monsignor goes to the islands as the Pope's personal representative, and is charged with the responsibility of arranging and settling church affairs. Previous to the war there existed a union of church and state in the Spanish colonies, but this relation terminated with the war, and the Archbishop will reconstruct church matters along the lines of the government relations that have come into being within the year.

The Big Church.

The annual meetings were held last evening of Central Union church and congregation. The elections held resulted as follows: Deacons, A. F. Judd and P. C. Jones; deaconesses, Mrs. A. Brown, Miss Helen S. Judd; Members of Standing Committee, F. J. Lowrey, W. F. Frear, Rev. S. E. Bishop, A. B. Wood; Clerk, W. W. Hall; Treasurer, W. O. Atwater; trustees, B. F. Dillingham, J. B. Atherton, Jas. A. Hoppe.

Sabbath School Superintendent, H. C. Brown; Assistant, Florence R. Yarrow; Secretary, Ernest Clark; Treasurer, Wm. J. Forbes; Librarians, Geo. Fuller, Edwin O. Hall; Sunday school department superintendents and assistants, Mrs. R. W. Anderson, Miss Ella B. Snow, Mrs. A. J. Derby, Miss Charlotte Hall, Miss Nettleton.

It is the desire of the church society to at once, if possible, provide several hundred additional pews. This is to be done by enlarging the church gallery. The church has lately increased its running expenses \$3,000 a year.

To Absorb Street Railway.

Cleveland, Ohio, Dec. 6.—A syndicate headed by Tom L. and Albert Johnson, the street car magnates, will build a street railroad in Honolulu and on Oahu island on which the capital of the Hawaiian Islands is situated. Electric lines will not only be built within the city limits, but suburban lines will be constructed leading to the different points of interest in and near the city. The railroad will be built to the volcano for the convenience of tourists. The syndicate has absorbed the present horse car lines in Honolulu.

Ferryboats will also be operated by the new company between the various islands of the group. The company, it is said, will have a monopoly of street car lines in Honolulu.

GENERAL JOUBERT IS ILL

Pretoria, Saturday, Dec. 2.—(Via Lourenco Marques, Monday, Dec. 4.—General Joubert is indisposed and has arrived at Volmar, across the Transvaal border, for medical treatment.

A dispatch from the head laager, where General Schalkberger is in supreme command during the absence of General Joubert, announces that a council of war was held December 2, with reference to assaulting Ladysmith. The State Attorney has arrived at the camp to advise the Boer commanders. Everything is quiet at Ladysmith.

Dispatches from the west report that there was a heavy artillery fire during the afternoon of December 2.

All is quiet at Kimberley.

Comfortable houses have been erected at Waterfall, a few miles from Pretoria, for the rank and file of the British prisoners. Count Deville le Blois, a Colonel in the French army, has joined the Transvaal forces as an authorized military attaché.

Rome, Dec. 5.—Leo XIII follows the vicissitudes of the Transvaal war with the keenest interest, and every morning before attending to the usual affairs of State with the Cardinal Secretary insists on hearing the latest war news, which Mgr. Merry del Val translates from the English papers. Leo XIII has not relinquished the idea of intervening, even at the eleventh hour—if not to save the Boers, at least to mitigate the disastrous effects which the present war may ultimately have for them.

Bill for Pacific Cable.

Washington, Dec. 5.—Representative Corlies of Michigan has introduced a bill for a Pacific cable to be built by the Government to Hawaii, the Philippines, Japan and China, at a limit of cost of \$8,000,000, of which \$700,000 is to be immediately available. The route and general control is placed under a Pacific cable commission, including the Postmaster General and the Chief Signal Officer of the army.

YOUNG AFTER AGUINALDO

Manila, Dec. 6.—General Young, with thirteen companies of infantry and nine troops of cavalry, not heard from since 29th ultimo. He was then about twenty miles south of Vigan and most of troops marching to his support, but then had with him three troops cavalry, battalion 33d Infantry sent by boat to Vigan to reinforce navy there. Lieutenant Colonel Parker, 55th, reports from Vigan 5th inst. that he has not heard from Young for a week.

"Insurgents, 800 strong, made attack on his force, consisting of B Company and 153 sick and footsore men of the 33d Infantry, at 4 o'clock on the morning of the 4th, entering the city in darkness. Severe street fighting ensued, and continued for four hours. Enemy driven out, leaving behind forty dead, thirty-two prisoners, including many officers, and eighty-four rifles. Now on outskirts, intrenching. Parker says he can hold out in definitely; plenty rations and ammunition. His loss, eight enlisted men killed, three wounded. One hundred and sixty men now being transported from San Fabian to his relief. Young must be in vicinity with large force."

Colonel Parker praised the bravery of the sick American soldiers. Every man who was able to stand handled a rifle during the attack.

Right of Dower.

In the case of John Buckley and J. J. Sullivan vs M. D. Monsarrat, the question submitted to the Supreme Court by the parties was, has a former wife of defendant from whom he was divorced, forfeited her dower right in property belonging to him, and sold by him, subsequently to the divorce and her remarriage?

The question is answered in the affirmative by the Court.

The Orpheum Closed.

The Orpheum management have decided to close the house temporarily, during the present crisis. Unless some unforeseen aggravation of the present situation takes place the Orpheum will re-open its doors on Saturday evening. The box office will be at the service of patrons on the morning of that day.

SALICYLIC ACID.

Salicylic acid is an organic acid. It has powerful antiseptic qualities, prevents the souring of beer, also the development of bacteria contained in fluids. Applied externally it will remove corns and warts. TAKEN INWARDLY salicylic acid rapidly lowers the bodily temperature, reduces the pulse rate, blood pressure, and rapidity of respiration; some people being peculiarly susceptible to its action.

The Board of Health has condemned all beers containing salicylic acid. Among those proved to be free from this adulterant was the OLYMPIA BEER, sold by Larry Dee of the Hoffman Saloon.

GOV. LEARY AS A RULER
 A special to the New York Tribune from Washington, says: Governor Leary of Guam is having novel experiences for an American in an altogether unique community. One of his recent reports gives a terse resume of affairs in the Captain's dominion. It shows that the Islanders are inordinately lazy having acquired the habit of raising only such crops as will keep their bodies and souls together, and that they cannot be easily induced to value money or exercise their earning power. The most interesting part of the report relates to reforms begun, of which the Governor says: "Having disposed of the priests' reign, rapid progress was made and no further resistance will be encountered."
 The first of these is calculated to compel each adult native to contribute to the support of the Government by engaging in food production. The order directs all who have no trade to plant cereals, vegetables, etc. under more or less severe penalties. It is stipulated that each citizen shall have at least twelve hens, one sow and continue in possession of them indefinitely. They must bring eggs, chickens and vegetables to sell to the Governor's house and barracks at stated intervals and they must pay their taxes.
 The other order demands that concubinage, which was general all over the island, shall stop immediately. In this order Governor Leary moralizes as follows: "The existing custom of raising families of illegitimate children is repulsive to ideas of decency, antagonistic to moral advancement, incompatible with the generally recognized customs of civilized society, a violation of the accepted principles of Christianity, and a most degrading injustice to the innocent offspring who is not responsible for the condition of his unfortunate existence."
 The Governor, in conclusion, commanded immediate wedlock for the whole population, and made the license and civil ceremony free until November 30. As a result the officers in charge of the licenses and marriages were worked half to death until nearly everybody on the island was legally married. There was a rush to obey the order, and in fact the people have shown a disposition to be obedient to any suggestion from their Governor.

Cuba Wants Independence.
 Havana, Nov. 26.—Five thousand people attended the meeting of the delegates of the Cuban League and National party today. It was expected that the questions of the civil governorship and the appointment of a new Bishop of Havana would be discussed. As it turned out, these matters were only lightly touched upon.
 Senor Borges, who was one of the principal speakers, said: "The Americans have helped the Cubans in their time of need, but it is yet to be shown that they are as generous as at first seemed. There have been Cubans who died in the hope of securing independence, and there are Cubans who are ready to imitate their example."
 Senor Gonzalez said: "Cubans must not break the law by appealing to arms to settle this question of civil government. By such a course they would merely gratify those who wish to show the world that Cubans cannot respect law."
 Senor Zayas said: "We Cubans watch over independence like parents do over a sick child. It is natural that we should not forget our many sleepless nights. There is naught for us to do but to finish our work to secure independence."
 From every part of the island communications are received by the local papers protesting against a civil Governor General.

Washington, Nov. 28.—In an official mail report to the Surgeon General, Hospital Service, Dr. Havelburg, the representative at Rio de Janeiro of the service, states that the bubonic plague probably was introduced into Santos by means of the ship Rei de Portugal, which sailed from Oporto, Portugal, where the plague was then prevailing, on the 31st of July. The suggestion is made that the disease was conveyed by the rats on board the ship. In confirmation of this supposition, he says, it was noticeable there was an unusual mortality among the rats, two or three weeks after the arrival of the vessel. Dr. Havelburg adds that the authorities are paying a big premium for rat scalps.

THURSDAY, DECEMBER 14, 1899.

Just to show that he is on deck the unspeakable Turk has slaughtered a few Armenians.

Query—Is Tom Johnson acquiring street railway property in Hawaii in order to propogate his single tax theories?

"A golden apple of discord" is one of the President's references to the Philippines not likely to be soon forgotten.

Brigham H. Roberts was the great drawing card to the people who view the opening of Congress on the same plane as the circus.

As evidence of its independence over Presidential remarks against mob law, Kentucky records the burning of a negro at the stake.

If keeping work constantly before the public is an assurance of success, Governor Leary of Guam will come off with leading honors.

Senator Lodge's suggestion that the Insular Possessions Committee devote its exclusive attention to Porto Rico, Cuba and the Philippines, suggests that Hawaii will be where it wants to be—by itself.

If Delegate Hartwell has not dropped Hawaii to take up with the Pacific cable, he will be prompt to secure the introduction of a bill guaranteeing the titles to land in instances where the local mistakes in enforcing the Newlands Resolution has caused notable hardship.

With the Hawaiian bill second on the calendar in the Senate and close to the head of the list in the House, Hawaii has the advantage of having gained one positive step towards prompt recognition and speedy action from Congress.

The Bulletin today gives its readers a short review of the real estate market in Honolulu. This department will be continued in order to place before the readers of the Bulletin the principal facts in real estate and financial circles.

Ex-Congressman Towne is authorized by the statement that prominent men in New York are now talking of doing away with the Republic. That such a foolish remark should be made with a serious face shows to what desperate straits the silver Republicans are brought to keep themselves before the public.

THE PRESIDENT'S MESSAGE.

Whatever derogatory criticisms may be passed upon President McKinley's message will be prompted by party bias or a narrow disgruntled sentiment, resulting from the feeling that the opinions important to the minds of a few individuals should be given more importance in their relation to national affairs.

The message is well written, straightforward in sentiment and complete in its treatment of the important questions now in the hands of the representatives of the American people. The President is not and has never been profligate in his assertions of what Congress should do, yet in no instance does he retreat from the responsibilities of the chief executive office. He seeks to work in unison with the people and leaves to Congress the ultimate decision of detail which should be left to the legislative branch of the Government.

In his reference to Hawaii, President McKinley's remarks should not only be satisfactory to the people here, but highly gratifying. He has recognized the anomalous conditions that exist and called attention to difficulties in detail. After reciting these facts, attention is called to the Territorial Bill, and the necessity of prompt if not immediate action by Congress to furnish relief which shall put an end to the conflicts of the legal situation.

What more could be expected of the President in his capacity as an executive officer we have yet to learn. Had the reference to Hawaii been written by those local citizens honestly interested in the general welfare of our people, it could not have been more to the point or brought facts more forcibly to the attention of the legislators who alone have the authority to change the laws under which the Islands are now governed.

THE MESSAGE AT A GLANCE.

(Continued from page 1.)

and the admiral and major general commanding the Department of the Pacific to assure the people of the beneficial intentions of this Government have had their legitimate effect in convincing the great mass of them that peace and safety and prosperity and stable government can only be found in a loyal acceptance of the authority of the United States.

The future government of the Philippines rests with the Congress of the United States.

Few graver responsibilities have ever been confided to us. If we accept them in a spirit worthy of our race and our traditions, a great opportunity comes with them. The islands lie under the shelter of our flag. They are ours by every title of law and equity. They cannot be abandoned. If we desert them, we leave them at once to anarchy and finally to barbarism. We fling them, a golden apple of discord, among the rival powers, no one of which could permit another to seize them unquestioned. Their rich plains and valleys would be the scene of endless strife and bloodshed. The advent of Dewey's fleet in Manila Bay, instead of being, as we hope, the dawn of a new day of freedom and progress, will have been the beginning of an era of misery and violence worse than any which has darkened their unhappy past. The suggestion has been made that we could renounce our authority over the islands, and giving them independence, could retain a protectorate over them. This proposition will not be found, I am sure, worthy of your serious attention. Such an arrangement would involve at the outset a cruel breach of faith. It would place the peaceable and loyal majority, who ask nothing better than to accept our authority, at the mercy of armed insurgents. It would make us responsible for the acts of insurgent leaders and give us no power to control them. It would charge us with the task of protecting them against each other and defending them against any foreign power, with which they chose to quarrel. In short, it would take from the Congress of the United States the power of declaring war and vest that tremendous prerogative in the Tagalo leader of the hour.

It does not seem desirable that I should recommend at this time a specific and final form of government for these islands. When peace shall be restored it will be the duty of Congress to construct a plan of government which shall establish and maintain freedom, order and peace in the Philippines. The insurrection is still existing and when it terminates further information will be required as to the actual condition of affairs before inaugurating a permanent scheme of civil government. The report of the commission, now in preparation, will contain information and suggestions which will be of value to Congress, and which I will transmit as soon as it is completed. As long as the insurrection continues the military arm must necessarily be supreme. But there is no reason why steps should not be taken from time to time to inaugurate governments essentially popular in their form as fast as our territory is held or controlled by our troops.

Mr. LeMunyon Replies.

Editor Evening Bulletin:—In reply to Mr. Frank Davey's letter which appeared in the Advertiser this morning, I will say that it is true that we have the best of health officers in Honolulu, men of rare medical talent and ability and that they have done all in their power to stamp out the fatal disease. As to the photographing of infested districts and letting the globe trotters know that we have photographed them, I can only add that these same photographs will work more harm than they would if they were not made or reproduced by the newspapers which rather magnify than diminish the reports of such a misfortune as ours of the day. It is true that I am in the photo supply business, and hope that I am not as short sighted as Mr. Davey would give me credit for. I exceedingly regret that this affair should have become personal, and truly believe that it will do more harm than good in the end, but I contend that we should suppress all things which will be liable to do harm to our greatest of all countries (The Hawaiian Islands), Honolulu the Beautiful.

Very truly,
C. E. LE MUNYON,
Of the Le Munyon Photo Supply Co.

FROM THE TRANSVAAL.
Dispatches from the Transvaal war continue to tell the story of Gen. Methuen's terrible losses at Modder river. The Boers held their position against the British and, although the Boers retreated at nightfall, the damage wrought upon the British column was terrible. Methuen's strategy is severely criticised.

ROBERTS OF UTAH.
One of the first matters before the House of Representatives was the seating of Congressman Roberts of Utah. He was refused a seat till the charges of polygamy against him have been investigated.

In the Circuit Court, First Circuit, of the Hawaiian Islands.
In the matter of the Estate of Genevieve Dowsett, Marion C. Dowsett, Madeline C. K. Dowsett, and Annie H. K. Dowsett, Minors:

On reading and filing the petition of J. M. Monsarrat and David Dayton, guardians, praying for an order of sale of certain real estate belonging to said minors, situate on the Island of Oahu and on the Island of Maui, and setting forth certain legal reasons why such real estate should be sold.

IT IS HEREBY ORDERED, that the next of kin of the said wards and all other persons interested in the said estate, appear before this Court on WEDNESDAY, the THIRD DAY OF JANUARY, A. D. 1900, at 10 o'clock a. m., at the Court Room of this Court, in Honolulu, then and there to show cause why an order should not be granted for the sale of such estate.

PACIFIC HEIGHTS.

Residence Lots on Pacific Heights

ARE NOW OFFERED FOR SALE.

No residence property having similar advantages and attractions, as for healthfulness of location, having an elevation of from 170 to 800 feet, and affording the grandest marine and scenic views; as also its proximity to the business part of the city, being less than a mile from the Progress Block,—has ever before been presented to the people of Honolulu.

One of the main features of this property, and procured at great expense, is the abundant supply of pure spring water, pronounced by Dr. C. B. Wood as being the purest and best drinking water obtainable in the Island, which is now being conducted into storage reservoirs upon the property by an independent pipe line, and will be supplied to residents at Government rates.

OUR GUARANTEE: We guarantee to all purchasers of lots on Pacific Heights, that we will, within six months, provide rapid transportation to the highest lots on the property, connecting the same with the Honolulu Rapid Transit Co.'s line on Pauoa Road, at the beginning of Kaulani Drive.

TERMS: ⅓ cash, ⅓ in one year, ⅓ in two years; interest 6 per cent. per annum on deferred payments.

Our carriage will convey parties desiring to inspect the property to and from the same.

For maps and full particulars call at our office, Rooms 7 and 8 Progress Block.

Congress Begins Its Important Duties

New York, Dec. 4.—A special to the Sun from Washington says:

With surprising smoothness and apparently with party unity and general good fellowship the reopening of the Fifty-sixth Congress was perfected today, and as soon as the way shall have been blazed by the reading of the President's message tomorrow both houses will be ready to do business. There was only one slight hitch in the day's proceedings and this did not amount to a halt. It was a preliminary skirmish that indicated possible trouble over the determination of the Republicans to keep Representative Roberts of Utah out of his seat. The Democrats as a party are expected to insist that he be tried before being convicted, but both sides, were willing today to skate over the thin ice and by unanimous consent the case went over until tomorrow.

Former Democratic Leader Bailey became a little restless on his own account and gave symptoms of a desire to lead a revolt against the re-election of the Reed rules, but the party under the new leader, Richardson of Tennessee, failed to come to his support, and after a little tilt Bailey was howled over and the Reed rules were adopted by the votes of the Republican side of the House.

In the Senate the most conspicuous man was Senator William Pitt Frye of Maine, who, as president pro tem of the Senate, will be acting Vice President of the United States until the end of McKinley's administration, and in the House David Bremner Henderson of Iowa, successor of the long line of able men who have occupied the Speaker's chair, was the center of attraction. While Frye was presiding in the lower chamber today and Henderson was receiving applause which came to him so generously from both sides of the vast chamber in which nearly 400 members now hold seats, there stood in another room of the Capitol building the familiar form of the physical and intellectual Hercules who has for so many years dominated the proceedings of the House and so fully occupied the public eye. Aloof from all the turmoil of the House and unaffected by the solemnity of the Senate, that body which has so often felt the lash of his satirical tongue, was Thomas B. Reed, quietly preparing a legal motion which he submitted later in the day to the Supreme Court of the United States. Reed did not go into either Senate or House, and it must have seemed strange to him to be in the Capitol on the opening day of Congress and not be an actor in the stirring scenes. It was his first experience of the kind for many years.

Acted in Self-Defense.

Springfield, Mo., Nov. 26.—G. L. Grogan, late of Co. L, 20th Kansas, is in the city visiting his parents. Concerning the alleged killing of a supplianting unnamed Filipino by Colonel Metcalf, he says he is surprised at the statement made by Callahan, who was his Lieutenant. Grogan says Callahan and all were five companies back from where Metcalf was at the time of the killing and could know nothing of the matter from their own personal knowledge.

Grogan says he and five other privates were detailed to bury the dead Filipinos after the battle of Calocan, on February 10th. While he and a private from Company I were at work together they came upon the body of a Filipino with a knife in his hand, who seemed to have fallen while fighting. His companions looked at the body and said it was the one Metcalf had shot. He said the fellow had been taken prisoner and was unruly. Metcalf stopped to talk with him and tried to get him to go along. The Filipino sprang at him with his bowie and would have plunged it into his body had Metcalf not shot him instantly.

SIMPLICITY OF SCIENCE.

Science is always simple. It's only quackery that juggles with jargon. Medical treatment of the past dealt with "simples," the pure vegetable remedies provided by nature. Sagwa is compounded of simples. It is purely vegetable. It is scientific, because it is based on the known curative properties of the herbs, roots, barks and gums which it contains. It is the most efficient blood purifier and blood builder known. Ninety per cent of diseases are curable by the prompt and proper use of Sagwa. It expels from the blood all corrupting and corroding elements and builds up a new body with new blood. There is no substitute for Kiekapoo Indian Sagwa. Hobron Drug Co. agents for the Kiekapoo Indian Remedies.

THE LAST CAR.

The last cars of the King street line going to Walkiki and Palama pass the Anchor Saloon. The cleverest mixologists in the city are there always to put you up anything you may desire. Drop in and take a drop before you take the car. The celebrated Seattle beer is to be had here on draught. A full line of liquors, including the famous Jesse Moore Whiskey, etc., always on hand. Received per Warrimoo, Rainier Beck Beer on draught. The Anchor Saloon is here to please its patrons.

Ride a Cleveland; they lead all others.

The use of the Singer in millions of homes shows the unprecedented success of these ideal sewing machines. It is convincing proof that the Singer excels in all kinds of family sewing and art needle work. All our sewing machines are of the best construction, beautifully decorated, and are mounted on selected woods in finely finished cabinets of artistic designs. B. Berenssen, agent, 16 1/2 Bethel street.

BASEBALL TRACT Bounded by Keeaumoku, Kinau, PiliKol and Lunaillo streets; only one block from the Beretania street car line. Accepts Convict Life.

Yong Lock, a Maui Chinese, has entered upon the service of a life sentence at Oahu prison and takes to his new condition like a philosopher. Yong Lock murdered Lee See, an aged fellow countryman and upon making confession to the court at Lahaina recently, saved his neck. Lee See was a hermit farmer in the hills of Kula. Yong Lock went to the place to steal chickens, was surprised and used his knife in brutal fashion. Old Lee See had wounds on the breast and right forearm. Yong Lock went into hiding, but was hunted out by Sheriff Baldwin.

HE MISTAKES THE EFFECT FOR THE CAUSE.

That is what the person does who tries to cure rheumatism or any other disease by relieving the symptoms. Hood's Sarsaparilla attacks the cause of these diseases. It neutralizes the acid in the blood and thus permanently cures rheumatism. It tones and strengthens the stomach, restores its natural digesting fluids and permanently cures dyspepsia. Hood's Pills cure constipation. Price 25 cents.

Mails Have Been Heavy.

ELECTROZONE!

The wonderful antiseptic and disinfectant.

Bubonic, or the Black Plague, is contracted through the blood from cuts or abrasions of the skin, or is taken through the respiratory organs by inhaling.

This preventative, Electrozone, can be applied externally, or can be used as a mouth wash, thus absolutely preventing the formation of the deadly bacilli. For regular disinfectants, which are always necessary, we have **CHLOROZONE, PURIFINE, CHLORIDES, and the commonly-known CHLORIDE OF LIME.**

We Are Still Moving

We have torn one warehouse down and are clearing the goods out of another as fast as we can.

Our moving sale last week on Bicycle Lamps was a great success, we have cleaned out all the stock of lamps that we put aside for special sale. We are now going to offer a limited number of Bicycles at lower prices than ever offered before so that we will not have to move them to our new quarters.

- Columbia Chainless Bicycles.....\$75.00
- Columbia Chain Bicycles..... 55.00
- Hartford Chain Bicycles..... 40.00
- Vedette Chain Bicycles..... 30.00

This offer only applies to our present stock which we do not wish to have to move, when they are gone prices will go back to the same as in the past. This is your chance to get a valuable Christmas present, one that will be appreciated.

If you are looking for JUVENILE WHEELS for the little folks just bear in mind that we have a good stock and can suit you.
