Eviction of Squatters.

JACKSONVILLE, Fla., Dec. 26.—The Spanish squatters on the island of Larosts, government reservation, near the mouth of Charlotte harbor, must leave there at once, under orders from the Treasury Department. The revenue cutter Hamilton, acting under orders, visited the island last week and Lieutenant F. S. Van Baskerick landed and delivered the ultimatum to the squatters. There were about forty, including men, women and children. They were found on the beach, ostensibly fishing. Over a year ago the cutter McLean visited the island and captured a number of smugglers. They found that the island was made a rendezvous for smuggling liquors into the Florida mainland, the fishing business being only a ruse. The island contains several hundred acres. Most of the people there are Spanish. If the squatters refuse to go within thirty days or so troops from Key West will be sent to send them away.

Sampson's Kick.

WASHINGTON, December 20.—The objection of Admiral W. T. Sampson to that portion of Admiral Dewey's report of the Schley court of inquiry in which he says Admiral Schley was in command at the battle of Santiago and entitled to the credit of the victory was filed with Secretary Long today.

Sampson claims that the President and Navy Department had already decided that he was in command, and Schley second in command, and that this question was not referred to the court for consideration. He alleges that Schley's own statement fixes Sampson as commander.

Secretary Long today formally terminated the Sampson-Schley controversy so far as the Navy Department is concerned by approving the majority opinion of the court and dissolving that tribunal. The entire case is now closed.

The First Local Mint.

One of the institutions here which has the special attention of tourists as well as the local people is the Mint, which is established on Nuuanu street, opposite Queen Emma Hall. It is interesting to enter the large main working room, where general manager McDonough and his corps of assistants are at work. The cool and large laisi is a proper resting place and the vaults, where the "bars" to be minted and beer are kept present a very tasty spectacle. The Mint is open from 5:30 a. m. to 11:30 p. m. and during those hours the work never ceases. Visitors after looking over the place will find first class refreshments and the purest of liquors.

Germany and Venezuela.

NEW YORK, Dec. 25.—According to the Port of Spain (Trinidad) correspondent of the Herald, Germany intends to act vigorously against President Castro's government in Venezuela for the latter's failure to pay the interest on the debt owing the German bankers during the last three years. A naval demonstration, it is alleged, would have taken place by this time had it not been that the German cruiser Vineta needed repairs, and had to go to the United States for an overhauling.

Heavy Loss at Tafelkop.

LONDON, Dec. 24—The list of casualties in an engagement fought by Colonel Damman's force at Tafelkop, Orange River Colony, on December 20th, when the Boers, who were dressed as British yeomen, defended a kopje against Colonel Damman's advance guard is heavier than was first reported by Lord Kitchener. It now appears the British lost three officers and twenty-nine killed and had five officers and thirty-five men wounded.

An army order issued tonight announces that no volunteers will be accepted in the future who are only able to devote to training purposes the time required for elementary barrack square drill. The Commander-in-Chief points out in this connection that modern warfare has so changed conditions that in order that they shall be effective it is now imperative that the volunteers attend the annual instruction camps and field maneuvers. It is generally believed that this order will wipe out a large majority of the present volunteers.

The War Office has decided to withdraw twenty batteries of artillery from South Africa at once. This action is taken on the ground that under the present conditions of guerrilla warfare the guns are of little use, and are rather a hindrance of mobility and decisive action.

Healani Boat Club.

Yesterday afternoon Honolulu's youth and beauty were gathered in strong force at the Healani boat house where the club gave its New Year's reception lasting from 1 p. m. till 6 p. m. In the lower rooms

of the house all the boats had been hoisted up under the ceiling and the various traps which generally occupy the room had been taken away to give space for numerous small tables upon which cold lunch was served.

A. L. Wyman, the chef of the Pacific Club, had the spread in his charge and acquitted himself with his usual excellence. Plenty of cold roast pig, turkey, duck, sandwiches, lemonade, punch and other things too numerous to mention were placed before the guests.

Upstairs the hall and the lanai were prettily decorated with flags and ribbons in the club colors of blue and white. After the luncheon dancing was indulged in the music being furnished by the Lei Poni Moi Quintette. The dancing lasted all the afternoon.

The whole affair was in charge of the house committee consisting of D. Lloyd Conkling, Frank Woodbridge and Dougherty.

A Small Blaze.

What was thought by the Fire Department to have been a false alarm early Tuesday evening, was in fact very close to a dangerous fire. It occurred in the residence of Major Wood of the Salvation Army, in the McCully tract, when the major was absent down town at a meeting, and but for the timely aid of neighbors, Mrs. Wood, an invalid might have had difficulty in escaping the blaze.

Mrs. Wood was left by her husband propped up among the pillows on her couch to enjoy the pleasure of their son over a New Year's tree, which was highly decorated. Soon after the major left, a breeze carried the flames from a candle to the decorations, and in a moment there was fire all through the room. Mrs. Wood managed to get out on the verandah, and her screams for aid brought Mrs. Curtis from next door, and roused Mrs. J. C. Evans. They assisted the invalid to a place of safety, and while one roused the neighborhood the other called the Fire Department.

It was a rally of women, and they work with a will. They started a bucket brigade, and Mrs. Evans, on a ladder, soon broke through the roof where the blaze was working, and use a garden hose with effect.

It was only a short time until the fire was under control, a half hour perhaps, though there was much damage done to the furniture. The Department got as far as King street and the Waikiki road, and then seeing nothing, departed, and believed that it was a false alarm. The quick and clear-headed work of the women alone prevented a fire which would have swept the row and perhaps caused loss of life.

The Trade in Warships.

New York, Dec. 26—According to the London correspondent of the Tribune this has been a good ship building year in Great Britain, but there has been a noteworthy diminution in the number of warships built for foreign powers. The vessels included in this year's return are principally for Japan and at the present moment, there are practically no large ships building for foreign navies. The falling off in orders is attributed to political considerations.

When you want a hack ring up 191. On that stand you will get a reliable and good driver, a fine hack and no overcharging.

Admiral Dewey and Schley.

WASHINGTON, Dec. 24.—The resolution of Representative Wheeler of Kentucky asking Congress to adopt the report of Admiral Dewey as the judgment of the court of inquiry, will have the unexpected result of causing a demand for the vindication of Admiral Dewey, as well as for the vindication of Rear Admiral Schley. It was not foreseen when the Wheeler resolution was framed that Admiral Dewey would have been practically rebuked by the Navy Department. It is believed that the verdict of the court of inquiry was the subject of a long conference between Secretary Long and President Roosevelt, and at this conference it was agreed that Secretary Long should make the approval in the language in which it was given to the press.

The language of the approval was given to the press. The language of the approval was ingeniously worded so as to convey a rebuke to Admiral Dewey. The social feature of the unfortunate affair is now alarming Washington.

Russia Finds a Friend.
